The GoldenEye was kept locked away by the Russian Defense ministry at a supposedly abandoned radar station at Severnaya, in the middle of northern Russia. Deep beneath the control center however, was the GoldenEye's heavily guarded terminal room. Despite being home to the world's most high-tech weapon, the facility itself was rather crude and obsolete. Due to the secretive nature of the weapons program, the staff at the Severnaya station was minimal; among these employees were Boris Grishenko and Natalya Simonova. The facility and most of it's staff ultimately met their end when General Ourumov and Xenia Onatopp infiltrated the base and stole the keys, detonating the first of the satellites over the complex.

A second station was secretly constructed within the heart of the Cuban jungle, it's existence remained hidden even from the entire body of the Russian Defense Council. The location of the duplicate facility was unbeknown to even the Severnaya staff; the only individuals who knew of it's whereabouts were General Ourumov and his Janus associates. The Cuban Station was far more elaborate than Severnaya, possessing a massive antenna dish that dwarfed it's Siberian counterpart. Inside the facility, there was a state-of-the-art terminal room. Adorning the wall of the control room was an enormous video screen that displayed a coordinate world map, as well as other specs of the GoldenEye's designated target.

In order to avoid detection from spy satellites or the naked eye, the antenna dish was capable of being flooded, effectively disguising itself as a mere lake. Trevelyan also managed to keep the compound heavily guarded with a veritable army of his Janus operatives, constantly having them around the perimeter, concentrated within the terminal room, and even having two helicopter gunships patrol the sky above. Along with Trevelyan's forces, the base itself also had it's own built in defense systems, including hidden missile turrets that were capable of swatting down enemy aircraft. The Cuban facility wound up being destroyed as well, this time by Bond himself as he was able to destroy both the central control terminal and sabotage the radar antenna.

---

When he was done we were shocked.

Me: Oh man. That is bad.

Raf: Me and my team dealt with something like this before.

Vector: You have?

Raf: Remember when we told you about MECH and its leader, Silas?

Vapor: Of course we do.

Raf: Well, one time, Silas stole Project Damocles for the Decepticons on our Earth.

X Ray: Project Damocles?

Raf: It was an initiative to create a network of satellites in orbit around Earth, which would be able to target any location on the planet with lasers.

Ironclad: How did you guys stop it?

Raf: I hacked into it and used its own maneuvering thrusters to push it out of orbit, resulting in it burning up upon reentry.

Me: That is very interesting.

Nico: It sure is.

M: Very coincidental. But was it an accident?

James Bond: No. The Helicopter. If you wanted to steal the

GoldenEye it was the perfect getaway vehicle. Setting off the blast was the ideal way to wipe out any trace of the crime.

M: The Janus Group?

Nico: That's a very strong possibilty.

James Bond: It may have been involved with the helicopter. I know the Russian failsafe systems. You don't just walk in and ask for the keys to the bomb. You need the access codes.

Me: Russia has been very well known of keeping the security of its weapons very tight.

Laney: Wait look here.

Laney zoomed in on an infrared camera on a computer and saw a person walking away from the destroyed dish.

James Bond: There had to be an insider. And at least one person probably knows who it is.

Nico: Laney, Lana, Eli go get that person and bring her here.

Laney: Right!

Lana and Laney used Instant Transmission and went to Severnaya, Russia.

Quick Man: Can I go with them too with my speed?

Nico: Granted.

ZOOM!

He went to Severnaya too.

In Severnaya, Lana, Laney and Eli arrived at the dish and Quick Man arrived too.

Quick Man: My god! What the hell happened here?

Eli: I can't believe that GoldenEye did all this.

Laney: Talk about thorough destruction.

Lana: Look there!

They saw the person and it was Natalya Simonova.

Laney: Natalya!

They went over.

Natalya Simonova: (Russian Accent) Laney, Lana, Eli, Quick Man? What are you all doing here?

Laney: We came to help you out. We'll explain once we get you to MI6.

Then they heard huskies whimpering and then they went over and Lana saw a Husky team and got them to go with her.

Later they all teleported back.

Quick Man: Easy guys.

Me: Natalya.

Nico: Oh man.

Scorpion: What happened?

Lana: We found her walking away from the destroyed dish and also we found this team of huskies too.

Me: Cute fellas.

Erica: Oh hey guys.

She pet the huskies.

Nico: Lets get her warmed up.

We did so.

We got her some hot cocoa and a blanket and then she told us that

Orromov and Xenia killed everyone at the dish but her because she hid in a cabinet and they testfired GoldenEye and destroyed the entire dish.

The huskies were all okay and Maria, Lana, Lily and Kate Lloyd were looking out for them.

Octopunch: Damn it! We couldn't save those people from getting killed!

Nico: There was nothing we could've done. They were just that fast.

Me: Yep.

Nico: But the real question is what does Janus want with GoldenEye?

Erica: Boy that's a really good question.

Qin: It can't be good whatever it is.

Vulture: I'll fly in the air and find out where Janus is hiding.

Nico: Okay but first we got to find out where they are hiding.

Me: I can do that.

I pulled out my laptop and then used Natalya's computer skills she showed me offscreen to help out and it traced where Janus was stationed and it traced them to Cuba.

Me: They're in Cuba. And I have a very strong feeling I know where it is.

Eli: I have that same feeling too.

Nico: Yep.

M: Everyone. I want you all to go find GoldenEye. Find what they plan to do with it and stop it.

Nico: You don't have to ask us twice M. We'll gladly do it. Lets go.

James Bond: You all don't seem too upset about all those people killed.

Gantu: Believe me. We ARE upset. But like Nico said a few times before, we can let this loss haunt us forever or we can learn from it.

Nico: That's right. I taught you all that. But we're wasting time. Lets get to Cuba.

We were off to Cuba and we had the huskies all beamed to the estate for safety.

* * *

We arrived at Cuba.

Beetle: Here we are in Cuba.

Nico: Yep. And the dish is right around here.

We hid in the jungle and then we saw an antenna come out and the water drained.

Nico: No wonder we couldn't see it.

Eli: It's one of those hidden lake antennas.

Lusamine: This seems too easy.

Nico: Yeah. TOO easy. Okay here's our plan. James, you go down and let yourself get captured just like what happened when we faced Elliot Carver. We'll listen in on J.D.'s computer and then after we listen we'll come up with a plan.

James Bond: Okay. Entrance will be with this.

He pulled out a pen?

Me: A pen?

James Bond: It's a class 4 Grenade.

Me: Mmm. Clever.

Drakkon: That won't be our only entrance.

Me: Nope.

James Bond then got captured and was standing in the room with ALEC TREVELYAN!

We watched on my laptop.

Me: I didn't know Alec was back!

Lincoln: Not good and I dealt with him before.

Nico: Whoa.

Lincoln: And I think I know what he's going to do, Commander. Years ago, I'd helped James Bond get rid of Alec Trevelyan when he tried to use the Goldeneye program to destroy the world's economy, as revenge for the deaths of his parents.

Me: I remember that all too well, big guy. It was during one of the babysitting adventures and it was before you joined us Nico.

Lincoln: That's right, J.D. But, I should tell everyone who hadn't joined the team about him.

Lincoln told everyone who hadn't joined the team about Alec Trevelyan, and they weren't going to like him one bit.

Alec Trevelyan

Alec Trevelyan, formerly known as 006 and now known as Janus, is the main antagonist of the 1995 live action film GoldenEye. He was an ex-MI6 agent turned cyber-terrorist and was formerly James Bond's best friend, which made him unique amongst Bond's adversaries.

He was portrayed by Sean Bean, who also played Sean Miller in Patriot Games, Patrick Koster in Don't Say a Word, Dr. Merrick in The Island, John Ryder in The Hitcher, and Ian Howe in National

Treasure.

## Biography

### Staging His Death

In 1986, Trevelyan betrayed the British Secret Service during a mission with James Bond. The two friends and agents infiltrated an Arkhangelsk chemical weapons facility, with the orders to blow it up. The two agents managed to sneak into the main chamber of the facility, facing exceptionally small resistance. James was concerned but Alec claimed that half of everything was mere luck. Unfortunately for Bond, Alec triggered an alarm just moments later. With Russian soldiers advancing onto them, Alec provided cover while Bond set the explosives, with Alec telling Bond to set the timer to six minutes. After setting the charges, Bond did not hear anything from his colleague and peeked out of his cover, seeing that Alec had been captured by the Russian General Ourumov, who threatened to shoot Alec should Bond not surrender.

However, Alec urged Bond to finish the job and blow them all to hell, knowing fully well that Bond would not leave his friend behind. After resetting the charges to three minutes instead of six, Bond left his cover, but Ourumov seemingly shot Alec nonetheless. The Russian soldiers opened fire at Bond, who swiftly took cover behind a gas tank. Unable to shoot at Bond due to the risk of hitting the gas tanks, the soldiers were forced to watch Bond leave the room, still dragging the gas canister with him. Bond eventually managed to escape the facility as it exploded, believing Trevelyan to be dead.

In truth, Alec had only staged his death together with Ourumov, intending to simply walk out of the facility after Bond's planned death. However, due to Bond resetting the charges, Trevelyan had much less time to leave than he expected and was caught in the explosion, burning the right side of his face.

After his "demise", Trevelyan formed a criminal organization and took on the alias Janus, named after the two-faced Roman god. In 1995, he sent his henchmen Xenia Onatopp and Ourumov to steal a Tiger helicopter and then a powerful satellite weapon called GoldenEye from a Russian military bunker facility with the help of computer programmer Boris Grishenko. They then destroy the facility so as not to leave any clues of the crime, unaware that another computer programmer Natalya Simonova had survived. Bond is then sent to investigate Janus' criminal organization.

## Revealing himself to Bond

o find Janus, Bond meets crime boss Valentin Zukovsky in Russia. Although not knowing Janus' identity, Valentin reveals to Bond that Janus' is a Lienz Cossack. Through his criminal ties, Zukovsky manages to reach out to Janus and tells him to meet Bond at the Grand Hotel Europe in St. Petersburg. Janus sends Onatopp to dispose of Bond, but Bond manages to overpower her and forces her to bring him to Janus.

Onatopp drives Bond out of the city, into an open field where all kinds of statues are stored. Spotting the Tiger helicopter amidst the statues, Bond journeys towards it. While Bond walks through the ruins he is approached by Janus, who reveals himself to be Alec Trevelyan. Not believing his eyes, Bond lowers his weapon. Trevelyan sarcastically asks whether Bond would like to make his typical witty comeback, but Bond is too shocked. Calling Bond "Her Majesty's loyal terrier", Alec reveals that he had enough of risking his life, toppling dictators only to return home and find that everything he risked his life for had changed. Bond claims that this was the job they were chosen for, but Alec disgustedly remarks that he knew Bond would say something like that. He then tells Bond to drop his gun, stating that he is insulted because Bond really thought that Alec had not expected Bond's every move.

Shocked, Bond lowers his gun. He tells Alec that he trusted him and asks how the MI6 screening missed that Alec's parents were Lienz Cossacks. Alec reveals that MI6 knew of his identity, explaining that while his parents survived the British betrayal and Stalin's execution squads, Alec's father couldn't let himself or his wife live with the shame of letting their people die, which lead him to commit murder-suicide. MI6 then took in Alec, expecting the six-year-old boy would not remember his parent's deaths. Alec also blames Bond for his disfigured face, as Bond reset the timers. Bond claims that he did so to save Alec, but Alec responds that he didn't want Bond to save him but to die for him. He casually mentions that he initially wanted to ask for Bond to join him, but deep down he knew that Bond would be loyal to his country and not to his friend. Furious and disappointed, Bond then tries to shoot Alec, but is shot with a sleeping dart by one of Alec's hidden henchmen.

Together with Natalya, Bond is then strapped inside the Tiger helicopter. Alec sets the helicopter to shoot its missiles at itself, but Bond is able to eject both of them out of the helicopter before it explodes.

## Bond's Escape

Bond and Natalya are soon taken into custody by Russian soldiers. However, while Ourumov manages to flee with Natalya, Bond escapes and enters a tank, driving it through St. Petersburg in pursuit of Ourumov. Ourumov eventually manages to enter Alec's converted missile train, which drives off almost immediately. Inside, Alec thanks Ourumov for the "gift", as Natalya is now in his custody and unable to reveal his plans. However, he reveals his anger about Bond's escape. He then approaches Natalya, telling her that he and Bond shared everything. He attempts to forcefully kiss her, but Natalya breaks free and slaps him. They are then interrupted when Bond drives his tank on the rails, intending to derail the train. Alec orders a henchmen to keep the train at full speed, to ram Bond's tank. However, Bond uses the tank to shoot at the train, killing the driver as well as blasting the front cabin. The driver-less train crashes into the tank and derails, knocking everyone inside off their feet.

After a short moment of dizziness, Alec realizes what's going on. He crouches towards his gun, but Bond steps on it, forcing him backward. Although he is unarmed, Alec is not impressed, stating that Bond has no way to escape and that Alec has the only bargaining chip, Natalya. He orders Ourumov to bring her to them and the general enters the cabin with Natalya at gunpoint.

Bond tries to drive a spike between Alec and Ourumov by revealing that Alec is a Lienz Cossack. Ourumov is startled and Bond uses this to swiftly turn around and shoot him in the head. However, this gives Alec and Onatopp the second they need to flee from the train wreckage and lock all doors. Alec and Onatopp then escape in a helicopter. While they fly off, Alec uses a walkie to contact Bond and tell him that he rigged the train with explosives. After gleefully telling Bond that he set the timer to the same six minutes Bond gave him, he cuts the connection, leaving Bond and Natalya behind.

After hacking the computer inside the train and finding the location of Alec's base, Natalya and Bond manage to leave the train before it explodes. They set out to Cuba to stop Alec's plot.

### Base attacked

At the base, Alec tells Boris to heave the base out of the lake in order to start the operation. Grishenko claims that the satellite would be in range in 6 minutes so it is too early to prepare the dish and he is not ready, but Alec angrily orders him to do it anyway. After the base has emerged, Alec hands Boris the GoldenEye, threateningly telling Boris that it better be working. While Boris makes the final preparations, Alec is handed a tablet by one of his henchmen and watches footage of Bond and Natalya sneaking onto the base. He sends his men to deal with Bond and orders Boris to have the GoldenEye satellite target London.

With the base at high alert, Bond is forced to shoot many of Alec's men while advancing to the main control room. Providing a distraction to allow Natalya to flee in order to hack into the system, Bond gives himself up after activating a hidden explosive charge near a gasoline tank. Bond is brought before Trevelyan, who examines Bond's belongings. Remembering Q's tricks, he takes Bond's watch, examines it and deactivates the explosive charge Bond had planted. Being kept a prisoner at the base's main chamber, Bond watches the nearby computer screens and realizes that Alec intends to hack into the Bank of England to transfer all the money electronically, moments before setting off the GoldenEye and thus erasing every trace of the transaction. Alec reveals that his plan extend to far greater than that, since GoldenEye will also erase the bank's financial records, thus destroying Britain's economy and throwing the world's financial markets into chaos, all to satisfy his revenge for his family's demise.

Eventually, Natalya is also captured and brought before Alec. Boris is delighted to see Natalya, but she furiously headbutts him, attacking him until she is restrained by guards. At that point Bond spots Boris' habit of spinning a pen when he is nervous. Alec then sends Boris back to his computer to check whether Natalya has done any harm hacking before she was captured. Big-mouthed, Boris brags that Natalya does not have his skills and would be unable to hack into the GoldenEye, but is proven wrong when an alarm goes off, stating that GoldenEye is about to reenter earth's atmosphere which would cause the satellite burn up upon re-entry. Boris tries to hack back into the system while furiously clicking the pen. Unbeknownst to Boris, Bond had exchanged Boris' pen with his own explosive one and thus Boris accidentally arms the pen. Bond senses an opportunity and knocks down Boris, who drops the pen near the gasoline canister, causing it to blow up. Fueled by the gasoline and the explosive charge Bond set earlier, the explosion destroys almost the entire control room.

Alec dispatches a guard to kill Boris if he fails to decrypt Natalya's code, and then sets off to hunt down Bond, who has decided to sabotage the antenna hanging over the base. Their duel starts with a convoluted shootout, but eventually both men's rifles are empty. Bond pursues Trevelyan across the area above the antenna, when Trevelyan ambushes him and attacks in the confined space. A brutal fist fight erupts between them, and they both seem evenly matched. Trevelyan narrowly wins. Breathlessly, he holds Bond at gunpoint, rasping to him that "he was always better". Before he can shoot, however, Bond kicks open a trap door underneath him and drops down onto the antenna. Running out of bullets, Alec follows him and both men continue to fight, eventually leading to Alec hanging over the edge of the antenna with 007 grabbing his foot. Smugly, Trevelyan replies his catchphrase "For England, James?" but James responds "No, for me," before letting go of his former friend, knowing he was too dangerous to be left alive. Trevelyan fell screaming onto the dish a long way below, surviving but mortally wounded. Paralyzed from the fall, Trevelyan can do nothing to save himself as the antenna explodes and collapses onto him, crushing him to death.

---

When Lincoln was finished, those who hadn't joined the team were horrified and enraged by Alec Trevelyan's actions.

Nico: That bastard! I can't believe that he would do something like this. Major, you did an awesome job in helping Bond sabotage Goldeneye and kill Alec Trevelyan 4 years ago. That bastard's a traitor to the world.

Me: And now, after 4 long years, Alec Trevelyan's come back from the dead, and he is now seeking revenge.

Lincoln: This time, Alec Trevelyan's not getting away with his crimes. He's looking at a one-way trip straight to prison when we get through with him. And I'll leave my mark on him: to let The Devil know who sent him there later on.

Me: Lets listen to confirm it.

Alec Trevelyan: James. What an unpleasant surprise.

Bond: Alec?

Trevelyan: Back from the dead. No longer just an anonymous star on the Memorial Wall at MI6. What's the matter, James? No glib remark? No pithy comeback?

Bond: [stunned] Why?

Trevelyan: Hilarious question. Particularly from you. Did you ever ask why? Why we toppled all those dictators, undermined all those regimes only to come home - "Well done, good job, but sorry, old boy, everything you risked your life and limb for has changed."

Bond: It was the job we were chosen for.

Trevelyan: [scoffs] Of course you would say that. James Bond, Her Majesty's loyal terrier, defender of the so-called faith. [Bond draws his gun] Oh, please, James, put it away. It's insulting to think I haven't anticipated your every move.

Bond: [slowly lowers weapon] Yes. I trusted you, Alec.

Trevelyan: Trust. What a quaint idea.

Bond: How did the MI6 screening miss that your parents were Lienz Cossacks?

Trevelyan: Once again, your faith is misplaced. They knew. We're both orphans, James. But where your parents had the luxury of dying in a climbing accident, mine survived the British betrayal and Stalin's execution squads. But my father couldn't let himself or my mother live with the shame of it. MI6 figured I was too young to remember. And in one of life's little ironies, the son went to work for the government whose betrayal caused the father to kill himself and his wife.

Bond: Hence "Janus", the two-faced Roman god come to life.

Trevelyan: [gestures to his scars] It wasn't God who gave me this face. It was you, setting the timers for three minutes instead of six.

Bond: Am I supposed to feel sorry for you?

Trevelyan: No. You're supposed to die for me. By the way, I did think of asking you to join my little scheme, but somehow I knew that 007's loyalty was always to the mission, never to his friend.

[Bond observes Trevelyan activating the second GoldenEye satellite]

Bond: Interesting setup, Alec. You break into the Bank of England via computer and then transfer the money electronically just seconds before you set off the GoldenEye, which erases any record of the transactions. Ingenious.

Trevelyan: Thank you, James.

Bond: But it still boils down to petty theft. In the end, you're just a bank robber. Nothing more than a common thief. [Trevelyan glowers at him]

Trevelyan: You always did have a small mind, James. It's not just erasing bank records, it's everything on every computer in Greater London. Tax records, stock market, credit ratings, land registries, criminal records. In 16 minutes and 43, oh, 42 seconds, the United Kingdom will re-enter the Stone Age!

Bond: A worldwide financial meltdown. And all so mad little Alec can settle a score with the world, fifty years on.

Trevelyan: Oh please, James, spare me the Freud! I might as well ask if all the vodka martinis ever silence the screams of the men you've killed. Or if you find forgiveness in the arms of all those willing women for all the dead ones you failed to protect. England is about to learn the cost of betrayal, inflation adjusted for 1945.

We were shocked by what he was gonna do! He was gonna use the GoldenEye to destroy the entire Global Economy!

Arixam: Motherfucker! We have to stop that satellite!

Nico: And we will.

Me: Leave that to me.

I then got to hacking into the mainframe computer and then I typed in a code and encrypted it.

Me: All right.

Speed Demon: I'll use my speed to get rid of any guards.

Nico: Okay but just wait.

We were watching.

Boris: (Russian Accent) Retro-Rockets firing!

The satellite had rockets firing. Boris looked at it and tried to solve the problem.

Alec Trevelyan: What the hell's happening!?

Boris: We have reentry in 12 minutes.

The Satellite was gonna reenter the atmosphere in a bit.

Natalya: It'll burn up somewhere over the Atlantic.

Boris: Deal with it! (Slams pen) She changed the access codes!

What he doesn't know is that WE are the ones that did that.

Nico: Boy he sure is stupid.

Eli: He sure is.

Alex Trevelyan: Then she can fix it.

He had a gun pointed to James face.

Natalya: Go ahead. Shoot him. He means nothing to me.

Boris: I can do it! I can break her codes.

Alec Trevelyan: Then get on with it!

He was working but the codes were very well encrypted.

We smirked knowing that Boris will never get through our technology.

Me: He can try all he wants. He will never break our code.

Nico: He totally underestimated our technological prowess.

Then he pointed the gun at Natalya.

Alec Trevelyan: TELL HIM! NOW!

CLICK CLICK CLICK!

Boris: GIVE ME THE CODES NATALYA! GIVE THEM TO ME!

James knocked the grenade pen out of his hand and then it went into a pool of fuel and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It exploded in massive fiery explosions all over!

Nico: SHOWTIME EVERYONE!

We went for the dish as it was being blasted all over.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBBBBBBOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOMMMMM!

Then….

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the ceiling and the spirits of the elemental beasts swirled around it as a phoenix cry was heard and then the spirits converged and we came in!

Nico: Game is over Alec!

Alec Trevelyan: Team Loud Phoenix Storm!

He saw Lincoln Loud.

Lincoln Loud: Long time no see Alec.

Alec Trevelyan: You have grown the last time we saw each other Lincoln.

Lincoln: You haven't changed a bit.

Alec: (smugly) First, President Whitmore. And now, all those people that GoldenEye killed. Innocents around you tend to die, don't they?

Nelson Muntz: You don't get to say President Whitmore's name, dumbass!

Nico: I'm impressed you know about that you moron.

Nico punched Alec in the face and knocked him down.

Nico: Eli, Speed Demon, get the GoldenEye program!

Eli: Right!

Eli and Speed Demon went for the GoldenEye console and deactivated it and then put the disk and keys in its case.

Eli: Got it!

Speed Demon: Awesome!

Eli: Speed Demon look out!

Guards came and Speed Demon ran fast and Eli blasted them with Force Lightning and blew them back.

Xaldin: For the record, WE were the ones who changed the access codes.

Alec Trevelyan: WHAT!? YOU RUINED EVERYTHING!

Me: And we show no remorse for it!

Nico: Now you die!

Nico punched Alec in the face and sent him crashing into the wall. But then Alec decided to go after James Bond and he grabbed an AK-47 and went after James Bond.

Nico: He's going after James Bond!

Me: I'll go after him myself. I want to help James out.

Nico: Go get him colonel.

Me: With pleasure. Eli you come with me.

Eli: You got it bro.

We went and took the elevator James and Natalya took.

Hydrax, Titanium Titan, Zs'Skayr, Unicorn, Hank Scorpio, Top, Vulkanus, Thundermon, Chillyfish, and Marluxia then appeared.

Nico: Hydrax, Titanium Titan, Zs'Skayr, Unicorn, Hank Scorpio, Top, Vulkanus, Thundermon, Chillyfish, and Marluxia.

Zs'Skayr: Looks like the fun has started.

Hydrax: Is James okay?

May: Don't worry. He's fine.

Titanium Titan: (Spanish Accent) Where's J.D?

William: He and James went after Alec to destroy the transmitter.

Zs'Skayr: Well, good luck to them both.

Unicorn: (to Maria) We heard you fought some Rare Hunters earlier.

Maria: We sure did and believe it or not they were on Pandora.

Unicorn: Whoa!

Hank Scorpio: Since J.D.'s not here at the moment, you'll have to tell us all about it.

Maria: Gladly.

Maria told them everything and it was awesome.

Hydrax: Whoa! That is amazing!

Cycloptor then appeared.

Nico: Cycloptor. Back for round 2.

Cycloptor: Yep.

Nico: Awesome.

Cycloptor: (to Erica) You want to join in on my battle? I personally don't mind fighting another martial artist.

Erica: I've always wanted to try this out with you.

Nico: It's gonna be awesome.

Everyone got the battles underway.

Zs'Skayr: (to Iron Boy) It's interesting that GoldenEye was made by Russia. They really made a powerful satellite.

Edd: I agree with you there and it's really intriguing that Russia made powerful electromagnetic pulse satellites.

Starlight Glimmer: Boy it's very amazing and it's incredible how it was able to cause so much damage to that entire area in Severnaya.

Hex: Yeah it was completely destroyed.

Lightning Lisa: And it destroyed 3 MIG planes too.

Casper: That was really something.

Danny Phantom: No kidding.

Zs'Skayr: Indeed. Lets do it!

They fired waves of energy, bones, stars, magic and lightning and smashed him down.

Unicorn was next.

Unicorn: (to Sheila) It's awesome how you guys sabotaged everything by changing the access codes. Alec's not gonna be using GoldenEye to destroy anything for quite a while!

Sheila: You got that right. And he is gonna be in a lot of trouble when we bring him down.

Rainbow Dash: But it sure was awesome and clever too.

Scootaloo: He brought all this on himself.

Whirlwind: You got that right.

Air Lincoln: And J.D., Eli and James are gonna weaken him long enough for us to smash him all over.

Iron Man: Yeah you got that right.

Unicorn: No kidding. Lets do it!

They fired waves of rainbows, lightning, wind and energy and smashed him down.

Sheila: OH YEAH!

Rainbow Dash: That was AWESOME!

Lincoln: (Blasts a henchman with lightning) I hear you Hank! And yes I agree with you.

Sophie Casterwill: (British Accent) It's more like something Mr. Burns would end up doing.

Sunset Shimmer: That is very similar even though he lacks the technological capabilities.

Sunburn: Alec completely underestimated our technological prowess when we sabotaged his mission with GoldenEye.

Fire Lori: He literally had no idea we were there.

Homer Simpson: Yeah no kidding.

Hank Scorpio: You got that right. Lets do it!

They fired waves of fire and energy and smashed him down.

Ant Man: That is 100% true and it is her favorite monster.

Thundermon: (to Sage) Alec's not gonna be getting one piece of money when this is all over. Ironically, he'll be GIVING up money when we kick his a**!

Sage: You said it Thundermon. J.D. hacked into his accounts and stole all his money for the entirety of the Janus Group and all that.

Applejack: He sure did and that money is gonna go to the Russian Government and the European Union to pay for the damages.

Apple Bloom: Smart thinking there. After all the damage that was caused with GoldenEye it is gonna be come in handy.

Gi: I agree with you there. Jail is much more appropriate for someone like Alec. Especially after trying to steal all the money in the Bank of England.

Princess Luna: Yes I agree and Alec can join Carver in the Neptune Prison.

Moondust: That's right.

Blackout: What Alec is doing is absolutely wrong.

Shadow Lucy: That's right and he needs to pay for it.

Layla Williams: That shows how big Lana's heart is for animals and Natalya is also a friend. But yeah it sure is amazing how Russia came up with GoldenEye. Russia always did come up with amazing technological breakthroughs in the fields of weapons.

Princess Celestia: They sure did. I think it's really something.

Spotlight: Whether is was playing with fire or doing technology and all that.

Light Lily nodded.

Sora: That is really something huh?

Lightspeed Rescue Rangers, Megaforce Rangers, Nico, Erica, Ice Luan, Lana, Lola, Laney, Lucy, Lily and Lisa VS Cycloptor

---

Cycloptor was next for round 2.

Nico: Lets get it on!

Nico teleported and opened Cycloptor's safe and in it was a pair of swords and they were called The Defenders of Middleton, they're large swords with the symbols of Middleton etched on the 6'5" massive, wide, double-edged blades, large orange angel wings for the crossguards, large blue gems for the hilts, and large faceted orange sphere pommels with surrounding gems.

Once in hand, they'll get a massive power and energy increase, large angel wings, and sleeveless trenchcoats with a Kim Possible theme to them.

Nico: Awesome.

Nico teleported back with the swords and Erica then went over to Cycloptor.

Erica: This is gonna be so awesome.

Cycloptor: Have at thee.

Erica: Here I come.

Erica went at Cycloptor and she punched and kicked him all over and smashed him all over the place with powerful punches and kicks all over the place.

Carter: Whoa! She is one gifted martial artist.

Nico: Oh yeah.

Erica: HYAH!

KROW!

Cycloptor was knocked down.

Cycloptor: Wow! You are a strong one.

Erica: So I have been told.

Cycloptor: Try facing these too.

He called a bunch of Batlings! Then Erica punched and kicked and smashed the Batlings all over the place with incredible force and power and smashed them down.

Nico: AWESOME!

Dana: So cool!

Kelsey Winslow: She is awesome!

Troy Burrows: No kidding!

Erica beat the last of the Batlings.

Erica: That was great! Now watch this. (Cups Hands to Side) KAAAAAAAAA MEEEEEEEEE HAAAAAAAAA MEEEEEEEEE HAAAAAAAAAAAAAAAAAA!

She fired a Red Kamehameha Wave and it hit Cycloptor and exploded with incredible power!

KRABBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was so AWESOME!

Erica: Yeah it was!

Nico: Cycloptor you have failed this world again.

Troy Burrow: Erica that was a Super Mega Win.

Erica: Yeah it was! That was so awesome!

Ice Luan: Yeah you did awesome Erica!

Nico: All that training really paid off.

Everyone regrouped.

Troy: Now to help J.D. and James!

Nico: Right!

Megaforce Rangers: LEGENDARY RANGER MODE! RACE FORCE!

The Megaforce Rangers turned into the Japanese Version of the Turbo Rangers!

Nico: Lola, Lana, keep an eye on Boris and Xenia. Make sure that they don't go anywhere or try anything funny.

Lana: Yes sir!

Lola: You got it commander!

They went to go help us out.

On the antenna, me and Eli put bombs all over the antenna and we armed them for 4 minutes.

Eli: Set and ready!

Me: Good!

Alec kicked at me and I ducked and punched him in the face.

Me: Lets get to the ground and finish our fight there.

James Bond: Lets go.

Alec got up.

Me: SOLAR FLARE!

I released a massive flash of light as bright as the sun and we went to the ground.

Alec then saw that we were gone and then he saw us on the ground and then he growled and went at us and we all came and were facing him.

Lincoln: You should've never returned from the dead to seek revenge on us, Alec Trevelyan, and now, you're about to pay the price for your crimes.

Alec Trevelyan: We'll see about that, Loud. You ruined my plans five years ago, and now, I will make you pay for this!

Alec Trevelyan tried to shoot, but Lincoln fired a blast of magnetic energy and got Trevelyan's gun out of his hand and crushed it with his bare hands. Then, with a couple of swings from his massive Sword of Taranis, Lincoln marked Trevelyan on his forehead with the Star of Satan and the kanji, "Eternally Damned and Traitor to The World", as he screamed in excruciating pain.

永遠に堕落し、世界への裏切り者

Alec Trevelyan: I DESPISE ALL OF YOU MORE THAN LIFE ITSELF!

Our auras flared up, and we got an intense power boost from Trevelyan's hatred.

Nico: Nice going, stupid. For someone who's supposed to be an intelligent criminal mastermind, you sure are a moron.

Me: Because you totally underestimated our technological skills.

?: You will pay for what you did to Black Viper and the Red Falcon!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Sheena Etranzi: Oh no, I was hoping I'd never hear that voice again. You can come out now, Colonel Bahamut.

A figure came out, and it was none other than Colonel Bahamut, the former war-hero turned into a notorious terrorist when he tried to overthrow the government.

Sheena Etranzi: I should've known you'd show up here, Bahamut, and I will never forgive you for what you've done in trying to overthrow the government.

Bill Rizer: Same here.

Brad Fang: What you've done can never be forgiven nor forgotten

Lincoln: Whoa, it seems you and the entire Contra Corps have quite a history with him, Sheena. What can you tell us about him?

Sheena Etranzi: Trust me, Linky, you won't like him one bit.

Brad Fang: She's right, you better brace yourselves, guys.

Sheena Etranzi proceeded to tell us about Colonel Bahamut, and we weren't going to like him one bit.

---

Colonel Bahamut

Colonel Bahamut (バハムート大佐 Bahamūto Taisa?) was an infamous veteran war hero known to have staged a failed coup d'état against the world government in 2639. He would later attempt to make use of the alien cell's DNA in order to start a new uprising.

History

Colonel Bahamut was among those who fought against Red Falcon's (and presumably Black Viper's) forces during the Alien Wars, where he was recognized as a war hero. Following the end of the conflict, however, he attempted to overthrow the government, although he was stopped. Two years later, he sent the expert hacker Noiman Cascade to mastermind a robot outbreak. Shortly afterward, the Hard Corps were sent out to stop the outbreak. Bahamut allied with Dr. Geo Mandrake so that the former could steal a cell containing the Mother Alien's DNA from a government research facility and examine it. To distract the Hard Corps, Bahamut hired the mercenary Deadeye Joe to do the job. Ultimately, Bahamut's nefarious plan was stopped.

## Additional background

Hard Corps: Uprising features a young soldier as the main character who shares the same name as the villainous colonel. Due to the game's events taking place in the year 2613 (twenty-eight years prior to the events of Contra: Hard Corps), it is still uncertain if these two individuals are the same, with the former representing the colonel in his youth. If this is the case, Bahamut's background is vastly expanded: In the year 2613, long before humanity even became aware of the existence of aliens, most of the world was in a conflict started by the Commonwealth Empire. Under the leadership of the tyrannical emperor Tiberius, the Commonwealth was successfully expanding its territory by conquering neighboring countries. Bahamut, a citizen of the Imperial Capital, was an elite soldier of the empire's Death Squad, along with his friend Leviathan. However, no longer tolerating the crimes committed against humanity, Bahamut defected and joined the nearly-defeated Resistance. He was first looked upon with distrust and contempt by his new comrades due to his previous allegiance, but Bahamut soon gained their approval and gave them hope with his super-human skills in guerrilla warfare, which helped the Resistance secure victory in several battles. Soon afterward, Bahamut assembled a four-man assault team consisting of himself and three other individuals with super-human abilities: Krystal, Harley and Sayuri. Together, they infiltrated the Commonwealth and caused devastating losses to the Empire from the inside, allowing the Resistance to move in and attack the Capital. Along the way, Bahamut rescued Dr. Geo Mandrake, who at the time was a researcher forced to work inside the Capital laboratory; his life was in danger when the Empire found out he was leaking valuable information to Bahamut.

During his missions, Bahamut and his new comrades would clash against Leviathan on several occasions, the latter who wanted to kill his former friend for his betrayal. Eventually, Bahamut reached his target, the Emperor Tiberius, and killed him in an extensive battle. This turned the tide of the war in the Resistance's favor, allowing them to vanquish the Commonwealth. Bahamut seemingly went into hiding following the end of the conflict.

These events would expand Bahamut's history as a war hero prior to the Alien Wars, and two decades before Bill Rizer and Lance Bean would gain their legendary hero status. In fact, his superior combat abilities and expert use over weaponry, his battles against the Empire's numerous soldiers, militarized machines and bio-weapons parallel Bill and Lance's future accomplishments; this effectively makes Bahamut the first "Contra" soldier in history, despite that term not being used to describe such super soldiers until twenty years later. His close teammates, Krystal, Harley and Sayuri, along with his former friend Leviathan, also possess the skills befitting of "Contra" soldiers.

---

When Sheena Etranzi was finished, we were disgusted by Colonel Bahamut's actions.

Me: I can't believe this, this guy was once a former war hero. Now, I know I'm supposed to respect a war hero, but when that war hero turns into a wanted terrorist, that crosses the line.

Nico: You said it, Colonel. This guy is a monster who needs to be put down.

Levi Loud: And that's exactly what I'm going to do to him. I've had it with this monster to last an eternity.

Suddenly, we felt something snap inside of Levi Loud's mind, as his eyes turned light green, and he was surrounded by a light green energy aura with lightning, gears, and dragons, and as he walked towards Colonel Bahamut, he left light green energy, lightning, gears, and dragons with every step.

Levi Loud: Colonel Bahamut, trying to overthrow the government was treasonous enough. But, to make use of the alien cell DNA of Black Viper in order to do just that, that is an unforgivable act from a monster like you. Though I may not resort to human emotions, (Getting angry) but to Hell with that! I will make sure that you die here and now, YOU WORTHLESS, MISERABLE, COLD-HEARTED, SON OF A BITCH BASTARD TYRANT FROM HELL!

We gasped in pure shock at Levi's rant, including his brothers and Linka.

Lynn Jr.: (Laughs) Alright, Levi, you tell him!

Lisa Loud: Sweet Einstein! I've never heard that sort of language coming from my genderbent twin like that before.

Nico: Same here, Lisa. Oh, this is going to get ugly. HIT THE DECK!

Then, Levi Loud screamed like a madman, as he was surrounded by a massive vortex of light green energy with lightning crashing down from the heavens and gears surrounding it. There was a dragon made of gears and technology, along with a green dragon flying around the vortex, and inside of the vortex is a dark pink phoenix. Then, as the vortex faded, Levi Loud emerged, but he was changed forever.

Levi Loud grew to 7'0" in height, just like Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Lars, Leif, Lexx, and Lynn Jr., he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he now has light green eyes and a light green energy aura with gears, lightning, and dragons surrounding him, his long brown hair that reached the bottom of his neck was tied in a ponytail, and he has light green highlights in the bangs, he no longer wears his glasses and can see clearly and his lisp was fixed, he has a dragon holding the Thunder Kanji in its claws emblazoned on his forehead, he has on dragon earrings with the Thunder Kanji in its claws and a necklace with the dragon with the Thunder Kanji in its claws for the pendant across his permanently bare chest. Levi Loud has massive brown angel wings with light green tips on the large feathers and gears falling from the feathers for his new body.

Lexx Loud has on his new large cuff Bracelets of the Champions of The Universe with pink gems on his wrists. Leif Loud also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, and Lynn Jr., but his version of He Man 2002's loincloth is light green, he has on long light green trenchcoat flaps with gears and lightning bolts on the coattails held up by his new Belt of Elemental Bravery with large light green gem for the belt buckle on his waist and his Eater of Sins revolver holstered on his right hip, he has large light green weighted bands on his large biceps and thighs, large pink pants with flames on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large light green orbs orbiting around his legs. The massive, wide, double-edged blade of his own Sword of The Tech Angels grew to 6'5" in length and the long black handle grew a little longer.

There's a dragon with gears and a light green kanji tattooed on Levi Loud's wider and more muscular back, and the light green kanji below the dragon said, "Levi Loud, Awesome and Talented Intelligent Genius of The Genderbent Loud Family, Fifth Youngest Brother of Linka Loud, Master of Technology, Lightning, and Dragons, Slayer of Evil, Golden-Hearted Lover of His Brothers and Only Sister, Genderbent Twin of Lisa Loud, Awesome Member of Team Loud Fairywind and Team Loud Phoenix Storm" Levi Loud has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL THUNDERSTORM TECH DRAGON ANGEL OF ELECTRIC JUSTICE!

We were amazed by Levi Loud's Super Angel 750,000,000,000 transformation, but when Colonel Bahamut saw it, he fell into a rage.

Nico: Whoa, Levi has transformed.

Lisa Loud: Affirmative, Nico. And because of it, Levi's now become a man, and he's not going to show any mercy to this monster.

Levi Loud: (Divine Echoing Cosmic Voice of Technology and Justice) Affirmative, Lisa. And now, it's time for you to die, Bahamut.

Levi Loud went after Colonel Bahamut, and he fired powerful blasts of light green energy, lightning, gears, and dragons made of pure lightning, which hits Colonel Bahamut, and exploded with incredible power. Then, with his massive Sword of The Tech Angels, Levi Loud slashed Colonel Bahamut's arms clean off, and he screamed in excruciating pain.

Levi Loud then grabbed Colonel Bahamut and tossed him into the air with his brute superhuman strength.

Levi Loud: (Divine Echoing Cosmic Voice of Technology and Justice) And now, this is the end for you and your ambitions of world domination, Bahamut. DIVINE TECH ELECTROSTORM KAMEHAMEHA!

Levi Loud fired a massive light green Kamehameha energy wave with gears and lightning surrounding it, and as it hits Colonel Bahamut, it exploded with incredible power.

Colonel Bahamut: DAMN YOU, TEAM LOUD PHOENIX STORM!

The resulting explosion killed him, and it obliterated his body completely, and his evil spirit was Super Hakaied forever. Everyone cheered wildly for what Levi Loud did, as he holstered his massive sword on his wider and muscular back and powered down, but his new clothes, weapons, jewelry, massive angel wings, and eight large light green orbs orbiting around his legs were permanent.

Nico: Whoa, Levi, what you did to that monster, that was awesome! Nice one!

Levi Loud: Thank you, Commander.

Then, Linka went up to Levi and she hugged him, and he leaned down and wrapped his massive and muscular arms around her and hugged her back.

Linka: Levi, I'm so proud of what you've done, and you've also become a man.

Levi Loud: Thank you, eldest sister. And for what I did in creating that blasted protocol, I'm so sorry for contributing to your sorrow.

Linka's other brothers came up to her, and Linka made clones of herself, and the boys also hugged her clones in their massive and powerful muscular arms, and picked her up.

Lynn Jr.: He's right, we're so sorry, Linka.

Linka #1: (Rubs his hair) It's okay, Lynn. It's okay.

Jaime: She already forgave them long ago, and their bonds have been repaired for good.

Me: That's right, and now, tomorrow, the last Loud Brother to transform is Leon Loud.

Lily Loud: That's right, and this is going to be good.

Leon Loud: You said it, Lily.

We then turned our sights to Alec.

Nico: Now it's time to pulverize you until there is nothing left!

We went at Alec and pulverized the living shit out of him.

POW! BAM BIFF SMASH CRACK KATOW BLAM KROW CRASH!

Numerous henchmen then came.

Adagio Dazzle: We got this. Lets get them girls.

Aria Blaze: With pleasure.

The Dazzlings used their song and caused the guards and henchmen to fight and kill each other at an incredible level and then we got stronger by absorbing all the negative energy from it.

Arrthoa blasted the henchman all over the place.

Sonata Dusk, Bombshell, Mallow and Perceptor used the Earth and Equestria Cyber Planet Keys and the enhanced Sonata's powers, Bombshell's Mortar Head Cannon, Mallow's powers and Perceptor's Light Cannon 100-fold.

Lincoln and his harem: JAMES BOND WEAPON FINAL SMASH: BULLETS OF JUSTICE!

They fired their elemental Beretta 418s at Alec Trevelyan which bullets explode on contact.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked down.

Then, Lincoln grabbed Trevelyan and hoisted him up with his superhuman strength.

Lincoln: You really make me sick, Trevelyan. You tried to destroy the world's economy as revenge for your parents' deaths, your family was damned the day they sided with the Nazis decades ago, and they paid the price for their crimes, and now, you will join them in Oblivion.

We soon found out what Lincoln was going to do to Alec Trevelyan, he's going to use The Penance Stare on him.

Lincoln: Look into my eyes, your soul is stained by the blood of the innocent. Feel their pain!

Alec Trevelyan screamed in terror, as Lincoln used the Penance Stare on him, and he saw Trevelyan's crimes, Treason, Conspiracy, Terrorism, Cyberterrorism, Murder, and Sexual Assault. When Lincoln's attack was done, he dropped Alec Trevelyan to the floor, and he was foaming at the mouth.

Lincoln: Guys, I saw Trevelyan's crimes, and here's what he's done.

Lincoln told us of Trevelyan's crimes, including Treason, Conspiracy, Terrorism, Cyberterrorism, Murder, and Sexual Assault, and we were enraged and horrified.

Nico: Oh, that guy is dead when the United Nations get their hands on him. He's looking at the death penalty when they get through with him.

Lincoln: And that's exactly what he's getting.

We tied him up and we had Boris, Ouromov and Xenia tied up too and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire antenna exploded in a massive fiery explosion and it was destroyed.

Me: Whoa!

Nico: Awesome! That's it for that antenna.

James Bond: Wonderful job, everyone.

Top: Thanks, James.

Me: This was awesome.

Nico: It sure was.

Vulkanus: Alec's taken down and he won't use GoldenEye to terrorize the world again.

Thundermon: Of course he won't.

Me: Because he, Ouromov, Boris and Xenia are all going to prison for a long, long time.

Chillyfish: Now, what do we do with GoldenEye?

Marluxia: I think we can all agree that it's dangerous in the wrong hands.

Nico: I agree with you there Marluxia. We can use GoldenEye for our own benefits. Maybe we can use it to destroy the hidden laboratories of Team Rocket Scientists.

Me: Not a bad idea. Now lets get these 4 over to the world leaders.

We did so and we brought all four of them to The UN for trial. After the evidence was presented, Alec Trevelyan was convicted and found guilty of Treason, Conspiracy, Terrorism, Cyberterrorism, Murder, and Sexual Assault. He was then sentenced to death via firing squad. Alec Trevelyan, still bound in a rainbow energy straitjacket, was chained to a post, and he was thrashing like mad.

Nico: Time to say goodbye for good, Alec Trevelyan. Your cold-blooded revenge against the world ends here and now, but there's only one person who's going to deliver the final farewell. Lincoln, if you would?

Lincoln: My pleasure, Commander.

Lincoln walked up to the chained Alec Trevelyan.

Alec Trevelyan: For the world, Loud?

Lincoln: Yes, and this is also for betraying Bond and MI6. May you and your accursed family suffer the torments of Oblivion forever.

Lincoln fired a massive rainbow energy blast, which hits Alec Trevelyan, and exploded with incredible power, killing him, and not only did it Super Hakai him, it also Super Hakaied his parents, who were in Hell for their crimes in siding with the Nazis.

Lincoln: Alec Trevelyan, you have failed this world!

Nico: That's telling him, Linc. Great job today everyone. Great job.

James Bond: Thanks guys. (To the viewers) This was an amazing adventure. Hope you all found this to be action packed.

Nico: It was action packed.

We went back home and then we enjoyed the rest of the day and went to sleep. Xenia Onatopp, Ouromov and Bori were sentenced to the Neptune Cryo-Prison for all eternity.

THE END

---

Another awesome adventure with James Bond done.

GoldenEye is one of my favorite movies in James Bond and Pierce Brosnan, Sean Bean and Isabella Scorupco did an awesome great job in that one and I also love the song by Tina Turner for the movie called Goldeneye. The first part was for Pandora from Avatar as you saw so we went to see what the world of Pandora was like. The next part was for the awesome movie Ender's Game and that was an awesome movie! I thought it was a really action packed movie based on the book. Never read the book but the movie was cool. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Braedencarnes22, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the Guest Reviewer. Thanks guys. Awesome job today. Next rescue for me is gonna on the capsized ship Poseidon from the 2006 movie Poseidon and me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Ariel and Bonnie the Dragonair Gene-Slammer are going to rescue all the people trapped on the ship as well as an Elemental Mistress Doriado and an ElDoradimon Gene-Slammer named Laurie McFinnigan from Ireland. Ariel is going to transform in that one so I'll need the Transformation Sequence for that one. The next rescue for Lincoln is gonna be in the world of the 2002 video game for THE THING! Over the ocean, me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Ariel and Bonnie the Dragonair Gene-Slammer were flying over the water.

Bonnie Terez: Where are we this time?

Me: We're over the ocean again and for a good reason. We got a report of a ship capsizing because of a rogue wave.

Nelanie: (Laos Accent) I think I know what it is. The ship Poseidon.

Me: You mean from The Poseidon Adventure?

Nelanie: The very same.

She told us all about the ship Poseidon.

---

The RMS Poseidon, a luxury ocean liner, is making a transatlantic crossing. Former New York City Mayor and firefighter Robert Ramsey is traveling with his daughter Jennifer and her boyfriend Christian Sanders to New York, soon to be engaged. Also on board is former Navy submariner-turned-professional gambler Dylan Johns, architect Richard Nelson, widowed Maggie James and her son Conor, stowaway Elena Morales, waiter Marco Valentin, and Captain Michael Bradford.

As the passengers are enjoying a New Year's Eve party, officers on the bridge see a huge rogue wave bearing down on the ship. To survive the wave, they try to steer the ship to starboard to take the wave bow-first, but she does not turn fast enough. The wave swamps and capsizes the ship, killing the bridge officers along with many passengers and crew. In the ballroom, a badly injured Captain Bradford attempts to restore order and assures the surviving passengers that help is on the way, and tries to persuade them to stay put. Unconvinced, Dylan leads Conor, Maggie, Robert, Richard, and Valentin as they make their way towards the bow, where he believes that they will have the best chance of escaping from the capsized liner.

As they head up, they have to cross an elevator shaft, into which Valentin falls to his death before being crushed by the falling elevator. They reunite with Jennifer, Christian, Elena, and gambler Lucky Larry, who had all been in the nightclub section of the ship, and who are the only survivors out of all of the occupants in the nightclub. The group crosses a makeshift bridge across the lobby, where Lucky Larry gets crushed by an engine. The pressure from the water finally cracks the ballroom windows, drowning the occupants, including Captain Bradford. With the water rising rapidly, the group escapes through an air duct and some ballast tanks, although Elena hits her head underwater and drowns as a result.

With the ship slowly sinking, the survivors soon find themselves in a crew lounge where they find the bow section is flooded, until an explosion of the engine room lifts it out of the water. The group enters the bow thruster room and are horrified to find the thrusters still running. With their path blocked by the propellers, and knowing that the control room is submerged in water, Robert swims away to turn off the engine. He finds the "shut off" switch to be broken, but presses the reverse button instead, before drowning.

With the propellers now spinning in the other direction, Dylan throws a nitrogen tank into it, causing an explosion that destroys the propeller, and leaving an opening for them to escape through. The group jumps out the thruster and swims to a nearby inflatable raft, and as they are getting into the raft, the ship starts to sink. As they are paddling away, the waves push the raft farther away from the sinking liner. Poseidon flips back over, and across the water, the survivors look on as she sinks stern-first deep into the ocean. After the survivors fire a flare, two helicopters and several ships arrive to rescue them, having tracked the location of the Poseidon's GPS beacon.

---

When she was done we were shocked!

Me: Whoa! The New Year's Day party from Hell. That was terrible.

Eli: No kidding and I think I see the ship there.

We saw the bottom of the RMS Poseidon sticking out of the water. She was capsized.

Bonnie Terez: That's it all right.

Bonnie concentrated and groaned as she lost her arms.

Me: Looks like we have a lot of people to rescue.

Bonnie Terez turned into DRAGONAIR!

Ariel: This is gonna be a good rescue.

Eli: There it is!

We saw the Poseidon hull sticking up out of the water like a sore thumb.

We went into the ship.

Maria: May I have your attention, please?

Man: Are you here to save us?

Me: Yes we are. We're going to help you all get back to shore. But first we must tell you that this whold ship is gonna be turned back right side up as we do so. So there will be a lot of tumbling and everything.

Woman: Okay.

We went back outside and then I used my powers to put the ship back right side up and it was intense.

We drained all the water from the ship as it was filling up and then we got the ship to the dock. People were coming out.

Maria: Okay, everyone! Single file line!

Everyone was being unloaded off the ship and most of them were put on stretchers and gurneys and they were being loaded into ambulances and everything. Most of them had bad scrapes, bruises and broken bones while others were not that badly hurt.

Me: Boy that was a little too easy.

Eli: Yeah it sure was. I thought for sure there would be a villain to face.

?: You are gonna get one!

We turned and we saw JEFFERY FECALMAN, BRENDA QUAGMIRE'S ABUSIVE EX-BOYFRIEND!

---

**Jeffery "Jeff" Fecalman** is a major antagonist of the TV animated series *Family Guy* . He initially appeared made a cameo appearance in the episode "Jerome is The New Black", before later reappearing as the main antagonist in the episode "Screams of Silence: The Story of Brenda Q".

In the latter episode, Jeff was the abusive boyfriend of Brenda Quagmire to the point where he and her brother Quagmireresented each other as a result of Jeff's heinous actions towards Brenda.

He was voiced by Ralph Garman.

Jeff was Brenda's physically and verbally abusive boyfriend who assaulted her regularly. He also absolutely loathed Quagmire for trying to reconcile with his sister and calm her, even though he's her brother. He also kept the neighbors of Quahog awake with his quarrels with Brenda who stays with him for unknown reasons, most likely out of fear.

While eating at a restaurant with Brenda, Lois discovers that Jeff gave her a black eye and Brenda just makes excuses about his treatment of her. He then reveals that he got Brenda pregnant and will now marry her, to keep her in line. While drinking beer and playing cards, Quagmire proposes a plan to kill Jeff, because he knew that he wasn't going to change.

Joe Swanson, as a cop, refused to do so telling the former that he can arrest him just for saying that, but after Quagmire tells him that Jeff wasn't going to change his ways and they witnesses him beat Brenda over changing a channel on Quagmire's TV and calling her a bitch, Joe agrees to help kill him. They formed a plan by taking him "hunting". At one point, while watching TV, Jeff slapped Brenda across the couch just because he didn't find a joke funny. Eventually, in the woods, Jeff figured out their plan by himself, and holds Quagmire hostage. Joe tells Jeff to put the gun down and says that they will forget the entire thing. Interestingly enough, Jeff puts it down.

Quagmire, not wanting to see his sister getting abused again and refusing to forgive Jeff for everything he put her through, refuses to forget the entire thing. Jeff angrily knocks both Peter and Joe unconscious by hitting them with the butt of his shotgun. Jeff brings Quagmire deeper into the woods so Jeff can shoot him but Quagmire suggests that they fight instead. Jeff agrees because he knows that he will easily beat Glenn and so he violently attacks him and strangles him. Just as it looks like Jeff has finally killed Quagmire, he takes a shovel to bury Quagmire so that no one will find out what he did.

Suddenly, he is illuminated by the headlights of Peter's car, with Quagmire at the wheel. When Jeff is shocked because Glenn is still alive, Glenn shouts that he chokes himself everyday (thanks to him being long-since adapted to strangling himself for erotic purposes). Horrified, Jeff attempts to escape, but fails and he is smashed against tree by Quagmire driving Peter's car, killing him. Quagmire, Peter, and Joe later forge a goodbye letter from Jeff to Brenda which explains that he is leaving her. Whatever impact this had on Brenda's mental state is unknown; but at the very least, Jeff was no longer able to harm her.

Maria: Sup, Jeff?

Jeff: Sup, guys. You guys needed a villain so I volunteered. I heard about what happened to Quagmire.

Eli: Yeah that son of a bitch had it coming!

Missy: He raped over a thousand woman.

Me: Not only that but he is also the 1st ever to be executed for something other than murder in over 60 years.

Jeff: Geez! I bet Brenda was devastated about her own brother.

Me: She was.

Maria: This is the part where one of us transforms, you see the transformation, and you get pissed off.

Jeff: Yep.

Suddenly, Ariel's eyes turned neon aqua blue and she was surrounded by an aqua energy blue aura with mermaids and ocean waves surrounding her. Then, Ariel was surrounded by a massive vortex of aqua blue energy with ocean waves surrounding it, there were mermaids swimming around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Ariel emerged, but she was changed forever.

Ariel grew to 6'0" in height, she had the body of a goddess, the bangs of her long red hair have aqua blue highlights, she has neon aqua blue eyes and an aqua energy blue aura with mermaids and ocean waves surrounding her, she has a mermaid singing with ocean waves surrounding her and holding the Water Kanji in her hands emblazoned on her forehead, she has on mermaid earrings that are holding the Water Kanji in her hands and a necklace with a mermaid holding the Water Kanji in her hands for the pendant, she has large red angel wings with aqua blue tips on the large red feathers and they had water dripping from them, she has on a sleeveless white blouse with a purple phoenix on it, sea green blouse with ocean waves on it, sea green high heels, and a red sleeveless trenchcoat with sea waves on the coattails, sea animals on it, and on the back is a mermaid. Her Crab Claw Keyblade had changed as a result, and it became known as The Defender of Atlantica, it's a Keyblade with a 6'5", massive, wide, double-edged aqua blue blade with ocean waves reflecting on it, large aqua blue angel wings for the guard, large blue gem for the hilt, longer blue handle with fish scales, large aqua blue gem surrounded by a large aqua blue faceted sphere pommel, three oysters for the keychain links, and a mermaid for the keychain token.

Ariel has on her new Bracelets of The Champions of the Universe with aqua blue gems on her wrists, Belt of Elemental Bravery with large aqua blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's an aqua blue kanji below the mermaid that said, "Ariel, Daughter of King Triton and Queen Athena, Loving Sister of Aquata, Andrina, Arista, Attina, Adella and Alana, Loving Wife of Prince Eric and Mother of Melody, Defender of Atlantica and Earth, Master of The Seas, and Loving Sister of Eli Winston Bullock."

アリエル、トリトン王とアテナ女王の娘、アクアタ、アンドリーナ、アリスタ、アティーナ、アデラとアラナの愛する姉妹、エリック王子とメロディーの母の愛する妻、アトランティカと地球の擁護者、海のマスター、そしての愛する姉妹エリウィンストンブロック

Ariel has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL MAELSTROM MERMAID ANGEL OF ATLANTICA JUSTICE AND LOVE!

We were amazed by Ariel's Super Angel 750,000,000,000 transformation, including Eli.

Me: WHOA! Ariel you look awesome!

Eli: Wow! Way to go sis! How do you feel?

Ariel: (Divine Echoing Voice of Watery Justice and Hope) **I feel amazing Eli and this power is going to make sure this monster pays for it.**

Nelanie: Go get him Ariel!

Ariel went at Jeff and pulverized him all over the place.

Maria: And this is the part where we get backup..

?: You got that right.

Out came Elemental Mistress Doriado and we then saw an ElDoradimon!

Me: Elemental Mistress Doriado!

Eli: And an ElDoradimon!

Doriado: Glad to see you all here.

ElDoradimon: (In a girls voice) (Irish Accent) Pleasure to meet you all laddies. I'm Laurie McFinnigan and it's a pleasure.

Me: Whoa! An ElDoradimon Gene-Slammer. Wow it's a pleasure to meet you.

We pulverized Jeff all over and knocked him out and sent him back to prison and then I put on my blind man glasses and then Eli and Syrus covered their eyes and I snapped my fingers and Bonnie and Laurie were reverting back.

Bonnie: (regains her arms) Did you rescue anyone from this ship?

Laurie: (Regains her hair) We couldn't get to anyone as it was upside down.

They both reverted back and they were naked and then Maria gave them new clothes and they put them on.

Laurie: These clothes are amazing.

Maria: Yep they sure are.

Laurie: (holds her head in pain) At least no people are around me while I transform!

Simone: Reign in the power with the strength of your will Laurie.

Miranda: Concentrate and you can use ElDoradimon's power.

She concentrated and then was enveloped in a rainbow aura and that showed she was fully engrafted.

We later went back to the estate and told everyone everything that went down.

---

After rescuing everyone onboard the Poseidon, Lincoln, Me, Nico, Eli, Nicole, Kate Lloyd, Luan, Laney, Lisa, Lily, and Georgina Montgomery were heading to the world of the 2002 video game adaptation of The Thing, and not only is Lincoln going to rescue the fifteen girls there, but we're also going to deal with Colonel Whitley, who's infected himself with The Thing, and he's going to infect everyone on Earth. Plus, Kate Lloyd is also going to transform, and incinerate the demons that have haunted her ever since the Thule Norwegian Research Station incident. We were dressed in warm parkas for this one.

Lincoln: Whoa, we're in the world of the 2002 video game adaptation of The Thing, and I think I know what we're going to do here, not only am I going to rescue the fifteen girls there, but we're also going to deal with Colonel Whitley, who's infected himself with The Thing, and he's planning to infect everyone on Earth.

Me: That's right, big guy. Whitley needs to be destroyed for good.

---

**Whitley** is the main antagonist in the 2002 videogame *The Thing* . He is a U.S. Military Colonel who served as Blake's superior. He assigned Blake and two teams to investigate Outpost 31 in order to find out what happened in there. Unknown to anyone, Whitley has been working with a bio-engineering company called Gen Inc to weaponize the titular antagonist for military purposes. As the story progresses, Whitley's true sinister intentions involving the Thing come to light, becoming along with the alien organism a major threat for the rest of the entire world.

He was voiced by William B. Davis.

## Past

Whitley collaborated with the bio-engineering company Gen Inc to research on an extraterrestrial being known as the Thing that was discovered in Antarctica. He also secretly established a hidden research facility in order to improve on the development of the Cloud virus. During the time when he and Gen Inc securing most, if not all of surviving Things, he presumably captured MacReady, as MacReady himself later seen hijacked a helicopter that led his meeting with Blake, the protagonist of the game.

## Assigning Blake Until Revealing His True Colors.

He first appeared when assigned Blake and his team to investigate the U.S. Outpost 31 and ordered it to be destroyed. Whitley then ordered Blake and Bravo Team to return to base once they succeed. However Blake insisted on assisting Alpha Team after losing contact with them at the Norwegian Outpost, which got him unintentionally involved in Whitley's plot. After Blake rescued Faraday, Whitley confronted Blake and revealed that he was behind everything. Blake tried to fight back, but Whitley sedated him, and later confined him.

## Scheming His Plans

Whitley later offered himself to serve as a test subject for the B4 strain of the Cloud virus, however Faraday insisted that Whitley was not suitable as a test subject. Whitley then personally killed Faraday and took off. He then plans to get the Things out of Antarctica via cargo planes, but his plan was foiled by Blake (that turned out immune with The Things' absorption power). Whitley then set his Military Outpost to self-destruct, but Blake manage to survive and chased him through the snowfield and fighting off Whitley's Black ops.

## Final Battle, Mutation, and Eventual Death

As the last ditch to defeat Blake and finish what he already started, Whitley injects himself with the B4 strain of the Cloud Virus and briefly confronts Blake at the Test Field. Blake shot a couple of nearby barrels but Whitley is hardly affected by the explosion. He later tells Blake that an evacuation team is on its way to rescue him and he intends to infect the whole world with the Thing.

The Thing gene within B4 Strain of The Cloud Virus ultimately mutates him into a massive creature called Cloud B4 Carrier, and Blake realizes that with his new form, he will not get any advantages with his weapons. While Whitley did lost his humanity, it was his plan all along: with himself already became the Thing, he would infect the already coming rescue team and covert them into an army of Things that would take over the whole planet. Fortunately for Blake, he met MacReady, whom caught hijacking a helicopter. Nevertheless, Blake managed to convince MacReady(albeit yet to asked his name due to emergency situation), and both of them fight the tall monster. After finally shots his weakpoints (in form of long tentacles that popped out on certain parts of its body), Whitley eventually destroyed for good, and his plans eventually vain.

---

Nico: Whitley tried to turn The Thing into a biological weapon when he infected himself with it, that idiot's playing with fire.

Laney: And now, he's going to get burned.

Me: Big time. He doesn't have any idea the danger The Thing poses to all life on Earth.

Eli: That's right. Plus, Kate Lloyd is going to transform when she encounters Whitley. This is going to be good.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fifteen girls, but they, along with Captain J.F. Blake, have been cornered by Colonel Whitley, and he's going to kill them.

Lincoln: Guys, I found the fifteen girls, but they, along with Captain

J.F. Blake, have been cornered by Colonel Whitley, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a powerful blast of fire, which hits Colonel Whitley.

Lincoln: It's over, Whitley. You're not leaving here alive.

Me: He's right, you're going to die here and now!

Colonel Whitley: You fools, once I escape, I will begin global infection across the world, every last human in this world will die, and I will be the dominant ruler of this world!

Me: You don't have any idea what you're about to do Whitley! You don't even know the kind of danger The Thing poses to the entire planet! It will destroy everything and kill everyone! It'll be the end of the world as we know it! We've seen just how dangerous the Thing can be and it's a nightmare that I wouldn't wish on even my worst enemies!

Suddenly, something within Kate Lloyd's mind had snapped as memories of her friends getting killed by The Thing at The Thule Norwegian Station in Antarctica came back to her, and her eyes turn neon red with rage and hate as she glared at Colonel Whitley, she was surrounded by a neon red energy aura with red hot flames and phoenixes, and the heat coming off of her was incredible, and as she'd approached Colonel Whitley, she left red hot red energy, red hot flames, and phoenixes with every step.

Kate Lloyd: Do you even know how long I've had nightmares of what you've done? You murdered all of my friends and caused nothing but dissention and carnage by disguising yourself as one of them, and you left me with nothing more than deep mental and emotional scars that can never be healed. I will make you pay for what you've done, you ugly son of a bitch!

Then, Kate Lloyd screamed like a madman and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out as she was surrounded by a massive vortex of red hot red energy with red hot flames surrounding it, there was a phoenix made of red hot flames, and inside of the vortex is an orange phoenix. Then, as the vortex faded, Kate Lloyd emerged, but she was changed forever.

Kate Lloyd grew to 6'0" in height, she had the body of a goddess, the bangs of her long dark brown hair has red highlights on them, she has neon red eyes and a neon red energy aura with red hot flames and phoenixes surrounding her, she has large dark brown angel wings with red tips on the large dark brown feathers and flames falling from the tips, she has a dragon and a phoenix coming out of a volcano and in their claws is the Fire Kanji emblazoned on her forehead, she has on phoenix earrings with the Fire Kanji in its claws and a necklace with a dragon holding the Fire Kanji in its claws for the pendant, she has on a white sleeveless blouse with a red hot phoenix on it, black pants with flames on the legs, black leather ankle-high combat boots, and a black sleeveless trenchcoat with red hot flames on the coattails and dragons, and on the back is a phoenix. Kate Lloyd has a new large sword in her hand called The Destroyer of The Thing, it's a large sword with the symbol of The Thule Norwegian Research Station etched on the 6'5" massive, wide, double-edged red blade, large red angel wings for the crossguard, large fire gem for the hilt, longer black handle, and large faceted red sphere with surrounding fire gems.

Kate Lloyd has on her new Bracelets of The Champions of the Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a red kanji below the phoenix that said, "Kate Lloyd, Lone Survivor of The Thule Norwegian Research Station Incident, Destroyer of The Thing, Master of Fire, Dragons, and Phoenixes, and Slayer of Evil."

ケイト・ロイド、トゥーレノルウェー研究所事件の孤独な生存者、物の破壊者、火、ドラゴン、フェニックスのマスター、そして悪の殺し屋

Kate Lloyd has transformed into SUPER ANGEL 750,000,000,000 DRAGON FIRESTORM PHOENIX ANGEL OF FIERY JUSTICE!

We were amazed by Kate Lloyd's Super Angel 750,000,000,000 transformation, and this also enraged Colonel Whitley.

Me: Whoa, Kate's transformed.

Nico: You said it, bro, and her transformation's enraged Colonel Whitley, and if he gets even more enraged, he's going to change into his real form.

Kate Lloyd: (Divine Echoing Draconic Voice of Fiery Justice) **That's right, Nico.**

We also transformed and unholstered our massive swords from our backs, and we were ready to fight Colonel Whitley. Suddenly, Colonel Whitley's rage reached its peak, as he roared and he transformed into his real ugly form.

Me: WHAT THE FUCKING HELL!?

Eli: Horrifying!

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Ugly. Let's incinerate him for good.**

We went after him, and we fired powerful blasts of fire at Colonel Whitley, and Kate Lloyd fired very powerful blasts of red hot red energy, red hot flames, and dragons and phoenixes made of red hot fire, and they exploded with incredible power, burning him badly, as he let out another roar of pure rage.

Everyone: **Yeah, FUCK YOU TOO!**

We fired powerful red hot red energy balls at Colonel Whitley, and as they hit, they exploded with such incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew him to pieces, killing him, and Super Hakaing his spirit, along with The Thing. We cheered as we holstered our massive swords on our backs and powered down, but Kate Lloyd's new clothes, weapons, jewelry, and angel wings were permanent.

Me: That's it for him. The Thing is gone.

Kate Lloyd: But we never have to see it again. I've now finally free of my demons. (Hugs me) Thank you all for helping me.

Me: (Returns hug) It was our pleasure Kate.

We got the fifteen girls and Blake out of there, and back to the Estate to warm up. Then, Lincoln and Nicole went up to the fifteen girls there, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Haruka Morishima, Tsukasa Ayatsuji, Ai Nanasaki, Kaoru Tanamachi, Sae Nakata, Rihoko Sakurai, and Miya Tachibana from Amagami, Hikari Tsuneki, Kyouko Touno, Miu Hiyama, Ruise Sanjou, Makoto Kamizaki, and Tooru Miyamae from Seiren, Ermes Costello and Trish Una from Jojo's Bizarre Adventure.

Nicole: From Amagami, Seiren, and Jojo's Bizarre Adventure, awesome.

Lincoln: Are you girls okay?

Haruka Morishima: Yeah, we're okay, thanks to you.

Then, when Haruka Morishima and the fourteen other girls saw who it was that saved them from Colonel Whitley, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

Haruka Morishima: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Haruka Morishima: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We showed everyone what happened when we were in Antarctica, and they saw Kate Lloyd transform and she really laid the beatdown on Whitley, and we stopped him from infecting every last human on Earth with The Thing, and causing a global extinction of mankind, and ended his delusional dreams of turning The Thing into a biological weapon, and Kate Lloyd put the demons who've haunted her to rest for good.

---

They also have on scuba gear, since they're also going to dive in when they get to Hydrocity Zone.

Lincoln: Alright, girls, shall we?

Hilary Tachibana: We're ready, Linky.

Lincoln took the girls by their arms, and they left the Estate, and head for Hydrocity Zone. When they got to Hydrocity Zone, it was a beautiful underwater ancient temple system on the Floating Island with large, purple colored pillars supporting the Zone, and the entire temple was also made of light brown, aqua green and gray stone bricks, some of which appear polished.

Hilary Tachibana: Wow, so this is the Hydrocity Zone?

Lincoln: That's right, Hilary. Sonic's told me about this place, and we have to dive deep into the water to see it for ourselves. Good thing we brought our scuba gear. Shall we?

Lincoln and the girls put on their scuba gear, and dived right in. They swam up and saw the beautiful underwater ancient temple system, and it was amazing. Lincoln also took pictures of the temple, so he can show us later. Then, they continued their exploration of the place, and along the way, they'd also taken care of any remnants of Eggman's robots. Then, they had lunch after coming up to the surface, courtesy of Lynn Sr. Then, after some rest and relaxation, Lincoln and the girls came back home.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to Hydrocity Zone, and we also saw the underwater temple.

Nico: I'd heard about it from Sonic and Knuckles. Did you get some pictures of it?

Lincoln: Yep.

Lincoln took out the pictures of the ancient underwater temple system, and it was really beautiful.

Nico: Wow, it's beautiful.

Then, Luna, Laney, Luan, Lisa, and Lily came in the room.

Nico: Hey, Luna, Laney, Luan, Lisa, Lily, what brings you here?

Luna: Nico, we want to apologize for criticizing your leadership tactics.

Laney: Yeah, we had to wait for Lincoln to come back from his date, so we can do it together.

Lincoln: Laney's right. Nico, we're so sorry for criticizing your leadership tactics. We had a talk this morning, and we decided to apologize for criticizing your leadership tactics. You and J.D. did see for yourselves that I reigned in my emotions, and the rest of my siblings did the same thing, and we're not going to turn out like Alec Trevelyan.

Luna: Lincoln's right, dude. The way we were criticizing your leadership tactics, it reminded us of Lori, Lynn, and Lola when they still had their Dark Sides inside them, and they were harsh when it came to criticizing others. And we had to stop it, otherwise, it was going to get out of hand.

Lily Loud: And that's what we don't want.

This brought a smile to Nico's face, and he also had something to say.

Nico: You guys had a lot to think about when planning your apologies. And I also want to apologize as well. Heh, I saw that my leadership tactics were indeed harsh, so I'll tone it down on the harshness of my leadership tactics, but I'll still continue to lead on the even days? Sound good.

Lincoln: (Smiles) You bet… , bro.

Nico, Lincoln, Luna, Luan, Lisa, Laney, and Lily came together for a group hug, and then, we joined in as well, as soon as we came in.

Lincoln: Guys, you heard what we were…?

Lori: (Smiles) Yep. When we heard it, that was literally the most mature thing ever and what made it even more special was that it came from your heart, Linky.

Lynn: (Smiles) Lori's right, you really are growing up even more, Lincoln. But, you've been the more mature one in the family.

Leni: (Smiles) Same with Luna, Luan, Laney, Lisa, and Lily.

Me: (Smiles) Lincoln, as always, you never cease to amaze us. You continue to do more amazing things for others.

Lincoln: Thanks, J.D.

All of us hugged, and we remained that way. So, we had a change: Nico was going to tone down on the harshness of his leadership tactics, but he's still going to lead on the even days. Then, Lincoln and Lori had to get ready for work at Lynn's Table.

Later on an airplane, Kate McCallister and her family were heading over to Berlin, Germany for a great vacation. She was thinking about something.

Peter McCallister: What is it honey?

Kate McCallister: I have this feeling that we forgot something.

Peter McCallister: What could it be?

Kate then realized that she forgot 2 people!

Kate McCallister: KEVIN AND MEG!

We were petting our huskies and watching TV when the phone rang.

Wood Man: Oh I'll get it. (Answers) Hello? Team Loud Phoenix Storm World Tree Estate, this is Wood Man how can I help you?

PHONE GARBLE.

Wood Man: Hey, Kate. What's up?

Kate McCallister: I'm afraid we forgot Kevin and Megan again.

Wood Man: Oh man you guys got to stop doing that.

Kate McCallister: I know.

Wood Man: I know Megan is a big girl but she can look after Kevin.

Me: Let me talk to them.

Wood Man: Sure thing.

Me: Kate J.D.

Kate McCallister: We forgot Kevin and Megan again.

Me: Oh man. Just hang tight we'll bring them to you all. Where are you all going on your vacation?

Kate McCallister: We're heading over to Germany.

Me: Ah. Well hold on we'll be right over. You'll see what we mean soon. Hang on.

I hung up.

Me: Lets go guys!

We went to the garage and we got on board an awesome new supersonic airplane just for this kind of emergency.

Me: Team Loud Phoenix Storm Carrier, Take off!

We were off.

Master Fung: Kevin, are you and Megan okay?

Kevin: We'll be fine. Because we have you guys to help us.

Megan: Yeah.

I was piloting the plane and I saw the plane Kevin's family was on.

Me: There it is. (Into a radio) Team Loud Phoenix Storm Carrier to Flight Number 1621. This is J.D. Knudson, requesting permission to dock with your flight. Over.

Captain: Flight 1621 to Team Loud Phoenix Storm Carrier. How do you plan to dock with the plane? Over.

Me: We have a special docking tube that can hook up to the plane via the door. Over.

Captain: That is interesting. Over.

Me: It is. Is this the flight for a McCallister Family? Over?

Captain: Let me check. Stand by.

The pilot checked and then came back a couple of seconds later.

Captain: The McCallister family is on board. Over.

Me: Excellent. Just wanted to be sure. We have their youngest son Kevin and eldest daughter Megan with us. Over.

Captain: Proceed with docking. Over.

Me: Affirmative. Over.

I pressed a couple of buttons and then the docking tube extended and it hard locked with the plane door.

Nico: Hardlocked and ready!

Me: Okay.

Undermine: You two stay close to us.

Kevin: Okay.

Megan: Thanks guys.

Nico: Anytime.

They went out through the tube and the view over the ocean was amazing.

Nico: Wow! The view is amazing from up here.

They got to the door and it opened and they went in.

Flight Attendant: Wow! That is an amazing plane you all have.

Nico: Thank you. Permission to bring Kevin and Megan here aboard.

Flight Attendant: Granted.

Kevin and Megan went on board and Kate and the McCallister family hugged them.

Peter McCallister: Thank goodness you all made it.

Nico: J.D. did a very genius thing.

Buzz: He sure did. Thanks Nico.

Nico: Anytime Buzz.

Wreck Gar: You two have fun in Germany!

Kevin: We will. Thanks again guys.

Nico: Anytime. Bye guys. Have fun.

They left and the door closed and they got back and the docking tube went back in.

Me: Team Loud Phoenix Storm Carrier to Flight 1621, Megan and Kevin are on board safely. Over.

Captain: Flight 1621 here. Roger that. Thank you for bringing them on board. Saved us a lot of trouble of having to go back. Over.

Me: You're welcome. It's the least we can do. Megan and Kevin were looking forward to this vacation. Tell them to have fun from us. Over.

Captain: Copy that. Thank you again J.D. Over and out.

Me: You're welcome Captain. J.D. Knudson over and out.

We turned back and went back home to the estate.

---

Later we were watching TV.

Carly Atlas: J.D., it's your turn to lead us today.

Me: I know Carly thank you. But man that was one amazing transport. We've never done something like that before.

Nico: Yeah. First time's for everything.

Rainbow Dash: That was really awesome.

Lightning Dust: It sure was.

Our stomachs all then growled.

Me: Man that flying in that plane really worked up an appetite. Lets go to Lynn's Table and get some grub.

Nico: Good idea.

Hydrax, Titanium Titan, Zs'Skayr, Unicorn, Hank Scorpio, Top, Vulkanus, Thundermon, Chillyfish, and Marluxia Then appeared.

Hydrax: Mind if me, Titanium Titan, Zs'Skayr, Unicorn, Hank Scorpio, Top, Vulkanus, Thundermon, Chillyfish, and Marluxia come with?

Me: Not at all. The more the merrier.

Unicorn: Heard you guys had to use a supersonic carrier to get Kevin and Megan to their plane. That is genius.

Me: Yep. It was cool. And all that flying made us hungry.

Eli: Yeah I'm starving.

Hank Scorpio: Boy I can tell.

Me: We're going to Lynn's Table.

We were off.

Carly Atlas: That plane is really cool and you flew it really well J.D.

Me: Thanks Carly. All those Flight Simulator lessons I learned really paid off and that was before the team started out.

Eli: That was cool.

Konan: It sure was amazing. Very smart thinking with that carrier.

Me: Yeah. Made that entire aircraft just in case.

Chillyfish: I have a feeling a Twisted Princess is about to strike.

Me: I have that same feeling myself.

Eli: I hope it's not Twisted Ariel again.

Ariel: Don't worry bro. We dealt with her for good.

Little did we know that it was not Ariel as a figure was watching us and it had evil glowing aqua blue eyes that showed pure bloodlust.

We went into the restaurant.

Patrick: Good morning Lynn's Table Crew!

Pharaoh Man: Greetings, people of Lynn's table!

Lynn Sr.: Hey guys! Welcome back! You hungry?

Me: Starving Mr. Lynn.

Lynn Sr.: Your usuals coming right up!

We would always get a bunch of Ulti-Meatum's for our grub.

At the register getting a huge order of food was someone that everyone in Gotham Royal York absolutely despises with a vengeance and he makes even Comic Book Guy look like a saint in comparison. He was a land version of Bubble Bass as we call him and his name is Lewis Travolta. You may think he's a really nice guy but he is FAR FROM ANYTHING BUT NICE! The guy is one of the biggest and ugliest jerks we have EVER seen and he is the owner of a comic book store in the middle of town and he EATS EVERYTHING IN SIGHT!

Lori Loud: One large Cheddar Fries. Extra cheese. [drops it on tray] Four orders of Dill Biscuits. [drops it on tray]

Lewis Travolta: Me thinks thou forgot my gravy, thou the fish clam-brained flap dragon.

Lincoln: [growls] I hate this guy.

We saw him.

Me: (GROWLS) Man this guy always gets on my nerves!

Nico: Who is that guy?

Me: That's Lewis Travolta and he is the land version of Bubble Bass. He is one of the biggest uncivilized douchebags we've ever seen. The guy is a total asshole.

Lori Loud: Oh, and finally, one deep fried donut. [drops it on tray] That comes to a total of-

Lewis Travolta: Whatever the measure, squadron, put it on my account.

Lynn Sr.: [peaks in from tray] Oh no, you don't. No more food for you until you pay your tab.

He showed an immensely huge bill!

Me: How much is his bill Mr. Lynn?

Lynn Sr.: He owes me $62,392.75.

We gasped!

Unicorn: Good thing we have that kind of money.

Me: Yep. (To Lewis) I would pay my tab if I were you ya fuckwad jackass!

Lewis Travolta: P-p-p-ay t-t-t-t-tab? [reaches into his pocket and grabs a coin] I'll flip you for it.

Lynn Sr.: [grabs coin] I'll take that.

Lewis Travolta: [pulls game from pants] How about a game of Three Deadly Challenges?

Lincoln: NO THANK YOU!

Lynn Sr.: Oh, back! [slaps game out of Lewis Travolta's hands]

Lewis Travolta: [runs out of building]

Lori Loud: [laughs] I bet we'll never see that fucking asshole again.

Me: One can only hope Lori.

Lewis Travolta: [through drive thru speaker] Fifty Ulti-meatums, please. Extra pickles. Put it on my tab.

Me: He's over at the drive thru window!

Lynn Sr.: [yelling] Lewis Travolta! You…

Lewis Travolta: [chanting] Hey, naughty naughty! You look pretty funny! You won't get my money! [starts rubbing butt on drive thru window] Nah nah nah nah nah!

[Con man in his car honks horn, causing Lewis to run away]

Me: (GROWLING FEROCIOUSLY)

Lynn Sr. then had his head turn red like blood and then his head turned into a steam horn and he was INFURIATED! He tooted really loudly.

TTTTTTTTOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Marah: How long has that jerk been bothering you?

Lynn Sr.: He has been bothering me since the restaurant first opened!

Me: Well I saw him all over town and he drives people insane! The guy owns a comic book shop and he is a totally unprincipaled and undisciplined fucker. He eats noisily, chews with his mouth open, makes people pay for comic books they don't want even when they didn't touch them, ruins peoples collectables and even spits in peoples faces. And that's just for starters. The guy farts in peoples faces, sticks his tongue out at everyone he doesn't like which is everyone, he is a total shitassed freak!

Hank Scorpio: I bet Comic Book Guy would be disgusted by him.

Me: I have that same feeling too.

Comic Book Guy: As a matter of fact I am completely disgusted by him!

Comic Book Guy was at the restaurant getting some lunch too.

Me: Hey Jeff.

Comic Book Guy: Greetings to you all. Just here for my favorite meal. Also yes you are right Hank. That guy is the Worst. Comic Book Enthusiast. EVER!

Xion: We need to do something about him. He's bad for business.

Me: You got that right Xion. This guy is like Bubble Bass in EVERY single aspect.

Nico: You're not kidding there. Makes me want to throw a car onto him.

Me: I know. We're going to have to make him pay his bill whether he likes it or not.

Vulkanus: Let's make a rule saying that anyone who sees Lewis Travolta must throw apples at him.

Me: Good rule Vulkanus. Hmm. Hey! I have an idea.

I went over to Lynn Sr.

I whispered in his ear and told him an awesome way to humiliate Lewis Travolta and it was to put him in medieval stocks and throw rotten fruit, vegetables and eggs and even fire bowling balls, anchors and more at him for kids to vent on him. And we'll make this like how we humiliated Peter Griffin and Lois back in the days.

Lynn Sr.: That's not a bad idea guys. But first you got to make him pay his bill.

Me: Okay. This will be a funny punishment for him.

Brawl: First, we have to find the jerk first.

Me: Yep. But first I have something to show you all.

I pulled out a bunch of video tapes.

Me: These tapes are from the humiliations we did on Peter Griffin and Lois back in the days.

Nico: Oh I remember these.

Twilight Sparkle: What were those like?

Me: You'll laugh your heads off at these.

I played the tapes and they were from chapters 376, 382, 396, 410, 435, 475, 504 and 514,

When we saw them everyone was laughing their heads off!

Lynn Sr.: (LAUGHS) Good times!

Nico: Those were so funny!

Top: Those were good times for you guys, huh?

Me: Yep they sure were.

Nico: I wasn't with you guys when you started these but man those were funny.

Rainbow Dash: They were so awesome!

Lightning Dust: Boy they sure were. Those gags you all did were absolutely hilarious.

Meg: They sure were funny. I think this is an excellent idea for some well deserved payback on Lewis Travolta.

Eli: Boy you got that right.

Erica: I would love to participate in one of those.

Missy: Me too. And there were fewer than us now back then. It would be cool to see all of us now do it.

Nico: Not a bad idea.

Me: I agree.

Magnet Man: Too bad you guys had to discontinue those humiliations to get the Soul stone.

Gamora: To get the Soul Stone, you had to give up something you love. And you guys really loved those humiliations.

Me: Yep but we ran out of ideas. And those humiliations were really awesome and funny. I think it's time we do those again. But instead of just Peter Griffin and Lois, we up the ante by adding Icky Vicky, Billy McLean, Flip, Trina, Mandy, Bubble Bass, Lewis Travolta, and all the people we despise.

Nico: Wow!

Hydrax: First, we really do have to hunt Lewis down.

Me: Agreed. Lewis will be a test run when we get him.

Hydrax: You got that right. And J.D.?

She went over and kissed me on the lips and I kissed her back and it was awesome.

Me: You know you are always a great kisser Hydrax.

Hydrax: Thank you.

Me: Now lets go get him.

Tyzonn: Where exactly does he live?

Me: Follow me guys. The hunt is on.

We went to Lewis's house.

Lynn Sr.: Go get him guys!

We were walking through the city and we were on the warpath to get Lewis. But the same figure that was watching us earlier was looking at us.

Eli sensed it.

Ariel: What is it Eli?

Eli: I sense an evil force watching us. It's so full of bloodlust. Also I'm sensing Atlantean energy coming from it.

Nico: Atlantean Energy?

Allie Knudson: Oh no! It's Twisted Kida!

Me: Uh oh.

Iron Boy heard something move behind him. His response? He started blasting the area behind him.

Iron Boy: (shoots repulsors) Blam! Blam! Blam! Blam!

Iron Boy then saw that it was just rats.

Iron Boy: (chuckles sheepishly) Just some rats.

Zs'Skayr: (tries not to laugh Were you really saying "Blam"?

Iron Boy: Was I?

Me: Uh yeah.

Iron Boy: Oops.

Missy: What can you tell us about Twisted Kida, Allie?

Allie Knudson: Well her story is not a good one.

She told us everything.

---

As the Atlantis Discovery Team were saying their goodbyes and loading up their ship to return to the surface, Kida passed out while talking to Audrey. Milo and Dr. Sweet, as well as the rest of the crew, rush to her aid. They take her to the throne room and lay her down. Dr. Sweet proceeds to examine her but is unable to determine what could of caused her to lose consciousness. Suddenly, Kida's eyes open and glow an eerie blue light. Everyone stepped back as she rose to her feet. Her skin began to crack and peel and the eerie blue light began to radiate from the cracks. Milo ran to her but was knocked back by the energy surging from her body. He quickly retrieves the Shepherd's Journal and flips through it frantically trying to find what could possibly be happening to Kida. Milo froze in horror as he found a passage that contained the answer. The answer he wished wasn't true. Kida had been exposed to the power of the crystal for too long. The crystal was draining her of her life. And according to the journal, the crystal will continue to drain the host until there's nothing left, unless another life is sacrificed in its stead. The crew thought they contained the threat but it only subsided, taking over Kida from the inside. The crystal needed more life force and was drastically draining Kida of hers. She dropped to the ground and began coughing up blood. A couple Atlantian guards rushed to her side to assist her. As they helped her up, she threw one of the guards into the water. The other guard tried to restrain her, but she was too powerful. She turned and bit the guard and proceeded to devour his body. As she ate, the remnants of the guard's body withered and turned to dust. Kida looked at Milo and his team as they stared on in horror. She slowly picked herself up. Her eyes met Milo's and they began to glow more intensely. Milo and his team began to inch backwards as he tried to reason with her and calm her down. Kida let out a chilling growl as blood continued to drip from her mouth. They took another step back, but then Kida attacked.

We gasped in shock!

Nico: WHOA! Yeah I remember that!

Gwen (Total Drama): Yeah that was intense!

Laney: Me, Olga, Gwen, Venom, and Rhino went and faced her and it was intense.

Olga Orromov: Yeah it sure was brutal.

Rhino: We tried reasoning with her. But would she listen?

Finn (Jackie Chan): Of course she didn't!

Gwen: She was completely feral.

Laney: It was a scary sight.

Twilight Sparkle: How did that fight go down?

Laney: It was terrifying.

FLASHBACK - Chapter 713

The Simulator activated and they saw the entirety of Atlantis burning in fire. They gasped in horror.

Laney: Oh my gosh.

Venom: Atlantis is a lot darker then the last time we were here.

Gwen: What happened here?

Venom: We got a very bad feeling about this.

Rhino: I got that feeling too man.

Olga: This is not good. I feel a very powerful energy signal coming from the castle.

Laney: Me too. Lets go.

They went into the castle and they saw no one anywhere.

Olga: Where is everybody?

Laney: I don't know but this isn't good.

She found the Shepherd's Journal on the floor and found a page on it with a very ominous piece of information on it. But then a figure came out and they saw that it was Kida and she had a feral appearance and her eyes were glowing light blue and her skin was cracking and she was dripping blood out of her mouth.

Venom: Kida!

Gwen: Oh man! What's happening to her?

Laney: It's the power of the Crystal of Atlantis! It's destroying her from the inside and it made her completely insane with bloodlust!

Olga: How can that happen to her?

Laney: It says so in the Shepherd's Journal. But we have to stop her! Come on!

Olga: JELLYFISH STING!

They went at her and Laney punched her in the face and kicked her in the stomach. Olga fired a powerful blast of lightning at her from jellyfish tentacles coming out of her arms and electrocuted her.

Rhino: Sorry about this, Kida. (punches Kida) William told me that you've lost control of the crystal before. But attacking innocent people crosses a line!

Venom and Rhino punched her all over the place and Gwen fired numerous blasts of fire from her hands and burned her. Gwen then used Havanian magic and removed the Crystals influence from her.

She was knocked out and they saw all the citizens of Atlantis safe and sound.

They exited the simulator and they cheered wildly.

Allie: That was well done guys!

Laney: Thanks Allie. It was awesome!

Olga: It sure was. It's awesome being part Jellyfish. I have a deadly sting.

Lily: They don't call Jellyfish the Bees of the Ocean for nothing.

Kida: That is definitely not something that happens to me.

Allie: No thank goodness. Who wants to go next?

Luan: I'll go.

Allie: Okay.

Luan, Courtney, Shego and William went into the Simulator.

Allie: Here we go guys.

---

FLASHBACK ENDS

---

When she was done we were shocked!

Me: Whoa! I heard all about that. That was crazy.

Nico: Boy it sure was. The blood dripping from her mouth was awful.

Titanium Titan: (Spanish Accent) We should have Lewis taken care of before we go after Twisted Kida.

Me: Agreed.

We arrived at his house.

Me: Here we are.

I kicked down the door!

Me: FBI REACH FOR THE SKY!

Lewis saw us!

Alucard: Hey, fatso. Bad news? You still need to pay your tab.

Lewis Travolta: Like I'll do such a thing.

May: You're acting like we're giving you a choice.

Me: We can do this the easy way or the hard way. So what is it gonna be?

Lewis Travolta: How about…. RUN AWAY!

The Lemmings blocked his path and punched him in the face and knocked him down with a black eye.

Lemmings: (In unison) You aren't going anyway fatty.

Lazlo: Yeah!

Me: All right bub. You have $63,000.00 to pay to Mr. Lynn. Either you pay it off or we'll make you pay it.

Thundermon: So, what's it gonna be?

Lewis Travolta: I'll never pay you!

Me: All right then.

We tied him up and gagged him and took him back to the restaurant.

Me: We'll have to torture you.

Mandy: (sees something in front of us) Oh, fuck me.

It was TWISTED KIDA!

Me: Uh oh. Entrance time guys.

We went at Twisted Kida as she was causing people to run.

Water swirled all over and then it turned pitch black and formed into the great fish of the dark ocean and then they swirled around and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and then we came out!

Kida: I can't believe I would become like this because of the Great Crystal!

Eli: No kidding sis! This is horrible!

Me: Man Allie you really had it rough when you all faced the Twisted Princesses.

Allie Knudson: No kidding.

Marluxia: (to Twisted Kida) Kida, you don't want to do this.

Twisted Kida roared ferociously with insane bloodlust!

Allie Knudson: Her mind is totally feral Marluxia. The power of the Great Crystal completely destroyed her mind to the point of zero conscious reason.

Marluxia: Oh man.

Then General Schwarz, Toyman, Artie Ziff, King Hiss, Mammoth, Dr. Light, Harpymon, Leap Frog, Count Nocturn and Kerbero Gangan appeared.

Me: General Schwarz, Toyman, Artie Ziff, King Hiss, Mammoth, Dr. Light, Harpymon, Leap Frog, Count Nocturn and Kerbero Gangan.

General Schwarz: Good thing you got Lewis out of the way.

William: I know, right?

Toyman: Is there anyway to save Twisted Kida?

Maria: I'm afraid there isn't.

Artie Ziff: I just hope you can make her death quick.

Twisted Kida roared at Artie and then he screamed!

He jumped into my arms in fright!

Artie Ziff: SHE'S GONNA EAT ME! GET HER AWAY! GET HER AWAY! GET HER AWAY!

Me: (Groans) You're giving me a hernia Artie!

King Hiss: (to me) We heard you went on the ship Poseidon.

Me: Boy we sure did. Ever watch the move The Poseidon Adventure?

Toyman: I have and that was a cool movie.

Mammoth: I hope that wasn't a disaster.

Me: A rogue wave capsized it and the ship was upside down and we had to put the ship right side up. Many people were all badly injured but they are gonna be okay. Some people died though.

Mammoth: Oh man.

?: Boy that was intense.

A figure came out and it was ARMS DEALER BANJAN from episode 36 of the Japanese Version of Time Force!

---

**Arms Dealer Banjan** is a Pond loach/Chinese Martial Artist-themed mutant and is the main antagonist in episode 36 of the 2000 TV series *Mirai Sentai Timeranger* .

He was voiced by Hisanori Nemoto, who previously voiced Fudasoujou in *Gingaman*, and Raima in *GoGoFive* .

## History

Banjan made his first appearance at the warehouse with a couple of Zenitts as he was about to make a deal with one of the gang leaders. To which he presents them a bomb that comes with a tracker. However unknown to the group their was one more person who was with them in the said warehouse. So whoever was in the warehouse has tossed flare to make a smokescreen as he grabbed the two cases from the villains and escapes. So with that said Banjan sends the two Zenitt Droids to go with the gang leader while Banjan and the rest takes another route.

A while later he appeared in the building of an apartment where his base of operation is located in the basement and he asked one of the droids to make a duplicate bomb in order track down the original bomb. A while later he appeared at the docks where the thief is waiting for the arrival of Ayase and Domon, so he smacks the thief towards the railing gotten back the bomb tracker that he stole. However the Timeranger showed up as they sneaked attack Banjan causing him to bump into the thief as he fell into the ocean. With that said he used his own ability and open fired on the two Timerangers.

A while later he was still at the docks battling the two Timerangers until he received a call from one of his minions informing him that they got the money and the bomb is with the Ayase and Domon. With that said he was about to remotely set bomb off until he get's another call this time from the city guardian (who along with Domon and Ayase managed to follow the droid back to his hideout) as he was informed that one the bomb to a safe location so its useless to set it off and the other is that they manage to take over Banjan's hideout which turns out to be a trick along when they planted a bug in the briefcase. So with that said he destroyed the remote control and continues battling the Timerangers.

Well its good thing that he made a second bomb which he use to blow his hideout along with everyone who were in it. Thankfully Sion managed to built the jamming signal to defuse the bomb, so that bomb is useless now. A while later he managed to enlarged himself off screen which leaves the team to bring out ShadowAlpha to battle him. After that he was then recaptured by this finisher called Blizzard Slash.

---

Eli: Whoa! Arms Dealer Banjan! I remember you! You were gonna make a deal with gang leaders to give bomb to them.

Banjan: That's right Eli. Good memory on you like J.D.

Eli: Thanks.

Arms Dealer Banjan: It's a real shame I wasn't adapted in America.

Me: I know! What a ripoff.

Eric Meyers: I know, right? I personally wouldn't have minded defusing bombs.

Me: Yeah no kidding. Also you look more like a monster that the LupinRangers would face.

Arms Dealer Banjan: (Laughs) Yeah I do look like that don't I?

Me: Yep. Lets get the battles underway.

We did so.

Ink Rose, Princess Luna, Moondust, Dark Skylanders, ToQgers, Konan and Carly Atlas VS General Schwarz - Kate Lloyd Transforming

---

General Schwarz was first.

General Schwarz: (to Ink Rose) I heard Kate Lloyd transformed today. You guys must be very proud of her.

Ink Rose: We sure are and she finally put her demons with The

Thing to rest for good.

Princess Luna: Thank goodness she did. It's horrible she went through all that back then.

Moondust: Yeah she told us everything that happened with The Thing and that was REALLY awful.

Blackout: It sure was. But at long last we made sure The Thing was silenced forever.

Right Suzuki: You got that right.

Akira: No kidding and Antarctica was its place to die.

Konan: We've had enough of the Thing to last us an eternity.

Carly Atlas: No kidding. That was horrifying.

General Schwarz: I can tell. I heard about The Thing and that must've been a horrifying ordeal for Kate.

Ink Rose: Yeah it sure was. But at least she never has to see that abomination again.

General Schwarz: Indeed. Lets do it!

ToQgers: TOQ CHANGE!

NOW TRANSFORMING! PLEASE STAND BEHIND THE WHITE LINE!

In a rainbow flash of light they transformed!

TOQ ICH! TOQ NI! TOQ SAN! TOQ YON! TOQ GO! TOQ ROKU! TOQ NANA!

---

Carter Grayson: That's what J.D. says. The guy makes everyones lives miserable.

Princess Celestia: He has no love for anyone other than himself.

Spotlight: You got that right. And the guy also lives with his mother. How stupid is this guy?

Superman: Probably very stupid.

Toyman: Boy I wouldn't like this guy either. Lets do it!

They fired waves of light and energy and smashed him down.

Carter Grayson: YEAH!

Princess Celestia: That was so awesome!

---

Artie Ziff was next.

Artie Ziff: (to Leon) It's good that you got Kevin and Megan to their jet. The last thing we want is a repeat of what happened in the past.

Leon: You got that right and that IS the last thing we would want.

Pinkie Pie: But that was so cool how we were able to get Kevin and Megan get to the plane.

Featherweight: It sure was cool. J.D. invented an amazing plane.

Sprocket: He sure did. Very genius and well made out.

Homer: That sure was. It took us 45 minutes to catch up to the plane and we hooked a docking tube with the plane.

Bart: That was really cool.

Lisa Simpson: Boy it sure was.

Artie Ziff: Very clever and very well created. What brought this idea up if I might ask?

Leon: Kevin and Megan's family like to travel a lot and because they are all in such a huge rush they have a tendency to forget Kevin. So we helped them by bringing both Kevin and

Megan to them by using an amazing carrier plane with a docking bridge that hooks up to any jet. Like a ship docking port.

Artie Ziff: Very genius! Lets do it!

They fired waves of water, energy, gears, metal and lightning and smashed him down.

Leon: YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Leni: Boy it totes was. But thank goodness most of those people are all okay.

Rarity: No kidding there darling.

Sweetie Belle: How big was that wave?

Rarity: It was 150 feet.

King Hiss: 150 feet!? That's a Tsunami!

Sweetie Belle: And it capsized that whole ship!? Wow!

Gill Grunt: No kidding! It's amazing how it had that strength to do that.

Anko: Yeah no kidding. But thank goodness some of those people are okay.

Miia: The Poseidon Adventure was a huge movie from back in the 1970's as I recall.

Sea: Yeah it sure was. It was back in 1972.

Karai: (Japanese Accent) That is amazing.

King Hiss: And how many people were on the Poseidon?

Leni: I think about 150 people.

---

Dr. Light was next.

Dr. Light: (to Kairi) Lewis has over $62,000.00 in debt at Lynn's Table. But he's paying up one way or another!

Kairi: And we WILL get that money from him one way or another. Not only that but all the citizens of Gotham Royal York have had it with him.

Twilight Sparkle: Instead of forming an angry mob and running him out of town we're going to resurrect the humiliations everyone did in the past like with Peter Griffin and Lois.

Dr. Light: I heard bits and pieces of those and I heard they were hilariously funny!

Spyro: You would have loved them. They were EXTREMELY funny!

Luan: Yeah we all got a good kick out of them.

Fluttershy: Yeah it was really scary.

Harpymon: That's terrible! But thank goodness you all stopped him.

Tornado Bolt: That was a really good thing we did.

Stealth Elf: And Kate finally conquered her demons.

Rika: It's good we did or who knows what would have happened.

Renamon: That would not have been a good thing.

Harpymon: No it sure wouldn't have been a good thing. Lets do it!

Orion: LEGENDARY RANGER MODE! OPERATION OVERDRIVE!

He turned into the Mercury Ranger and they fired waves of energy, leaves, flowers, grass and fruit and smashed Harpymon down.

Orion: That's a Super Mega Win.

Fluttershy: That was fun.

Whirlwind: Boy he sure did.

Leap Frog: Besides Peter Griffin and Lois, if you guys brought them back, who would you add to be humiliated?

Marceline: You should have seen them! They were so hilarious and I don't think I've ever laughed that hard in my entire life.

---

Kerbero Gangan was next.

Kerbero Gangan: (to Gaz) Can you remind me what the humiliations were for? Because Chillyfish and the others only told me bits and pieces of it.

Gaz: I don't really know myself because I just joined the team.

Sunburn: I can fill that in for you. It was because of the abuse of Meg. When we found out that Peter and Lois and their son Chris were abusing Meg we got them arrested. Chris was sentenced to being being spanked till he was dead and Peter and Lois to sentenced to 50 years of Public Humiliation and when we were about to blow up Quahog we moved them here to have all of us participate in the humilation.

Kerbero Gangan: Oh I get it! That makes a lot of sense. But man those must've been really funny and awesome.

Sunset Shimmer: Boy they sure were from what we saw.

Pip-Squeak: (British Accent) Yeah we saw videos of them and they were so funny!

Kerbero Gangan: Come and get it.

They fired waves of energy and fire and smashed him down and Kairi opened the safe and in it was a ring with a red jewel and it had the Fire Skylanders Element Symbol.

Kairi Yano: Cool ring.

Kerbero Gangan: It's called the Ring of The Fire Skylanders. Thought it would be cool for Sunset.

Sunset Shimmer: Awesome!

Nico: FIRE!

They fired waves of elements and energy and the blasts all hit Banjan and he exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was reduced to the size of an action figure and Nico picked him up.

Nico: Banjan you have failed this world.

Troy Burrows: Rangers that's a Super Mega Win.

?: I'll have my revenge on you all for throwing me in prison, Bean Scouts!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Patsy Smiles: Oh no, I was hoping never to hear that voice again. You can come out now, Ms. Mucus.

A figure came out, and it was none other than our old enemy, Ms. Mucus, the former scoutmaster assistant of Acorn Flats, before we had her sent to prison after we killed Lumpus years ago.

Me: Oh great, as if dealing with Lumpus wasn't bad enough, now we have to deal with Ms. Mucus again.

Twilight Sparkle: Who's Ms. Mucus?

Lincoln: She's the former scoutmaster assistant of Acorn Flats, and she hated the Bean Scouts with a passion and a vengeance, and that hatred has caused her sanity to deteriorate, and she has nothing but a black heart of hatred and insanity towards Lazlo and the Bean Scouts. After we got rid of Lumpus years ago, we had Ms. Mucus fired from her job, and threw her in The Saturn Insane Asylum.

When Lincoln told those who hadn't joined the team about Ms. Mucus, they were disgusted by her.

---

**Ms. Rubella Mucus** is a recurring antagonist from the Cartoon Network series *Camp Lazlo* .

She was voiced by Jill Talley, who also voices Gretchen and Karen Plankton from the *SpongeBob SquarePants* series.

Biography

Ms. Mucus is a warthog who serves as the scoutmaster's assistant and mascot of Acorn Flats. As the opposite of Scoutmaster Jane Doe, Ms. Mucus is rarely seen happy. She bears a hatred of Bean Scouts, finding them bitter, dim, and crude (the same description has been said by Edward Platypus). She is usually seen spying on the camps from her watch tower, with a regular gag involving her throwing watermelons at Lumpus, Slinkman, or any Bean Scout who tries to enter Acorn Flats. She has once planned to have the Camp Kidney shut down by bringing the Bean Scouts to a carnival, leading them to be too tired or sick to pass an upcoming fitness exam. However Lazlo, Raj, and Clam (the only Bean Scouts who didn't get sick) inadvertently made everyone pass the fitness exam and saved Camp Kidney. She also confiscates toys and collects them in her trailer. She may be the reason of the rivalry between the Squirrel Scouts and Bean Scouts, an example could be when she once told them that boys are from Mars. She has been seen playing an organ in the Bean Scout theatre at the wedding of Scoutmaster Lumpus and Jane Doe, which is ironic considering her hatred of Bean Scouts.

Her character may be based off of a prison guard or soldier, as she is typically seen guarding Acorn Flats and is noted to have a tough-person attitude. She may also be based off of the stereotypical Redneck woman, being large, angry, and talking with a Southern accent.

---

Me: She was born on the wrong side of the bed in a garbage dump.

Patsy Smiles: I don't know what Ms. Doe was thinking of when she hired you, Ms. Mucus.

Leon Loud: And I've had it up to hear with her to last an eternity.

Suddenly, we felt something snap inside of Leon Loud's mind, as his eyes turned aqua blue, and he was surrounded by an aqua blue and lavender energy aura with ocean waves and sea animals, and as he approached Ms. Mucus, he left aqua blue and lavender energy, ocean waves, and sea animals with every step.

Leon Loud: Patsy was right, I don't know what Ms. Doe was thinking of when she hired you, Ms. Mucus. You're nothing but a MISERABLE, BITTER, SPITEFUL, BLACK-HEARTED, SADISTIC, EVIL, SELFISH, HATE-FILLED, INCONSIDERATE EXCUSE FOR A SCOUTMASTER ASSISTANT BITCH!

Our jaws hits the floor when we heard his rant, especially Linka and the rest of Leon's brothers.

Lily Loud: (Gasps) Did my genderbent twin just…?

Nico: (Smiles) Yep. He's snapped, and he's going to rip her tusks off her snout.

Then, Leon Loud screamed like a madman and then…

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

A massive explosion blasted out as he was surrounded by a massive vortex of aqua blue energy with ocean waves surrounding the vortex, there were sea animals swimming around the blue vortex, and inside it was a lavender phoenix. Then, as the vortex faded, Leon Loud emerged, but he was changed forever.

Leon Loud grew to 7'0" in height, just like Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Lars, Leif, Lexx, Levi, and Lynn Jr., he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he now has aqua blue eyes and an aqua blue energy aura with ocean waves and sea animals surrounding him, his long blond hair that reached the bottom of his neck was tied in a ponytail, and he has lavender highlights in the bangs, he has a sea dragon holding the Water Kanji in its claws emblazoned on his forehead, he has on dragon earrings with the Water Kanji in its claws and a necklace with the dragon with the Water Kanji in its claws for the pendant across his permanently bare chest. Leon Loud has massive blond angel wings with aqua blue tips on the large feathers and water dripping from the feathers for his new body.

Leon Loud has on his new large cuff Bracelets of the Champions of The Universe with aqua blue gems on his wrists. Leon Loud also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi and Lynn Jr., but his version of He Man 2002's loincloth is lavender, he has on long aqua blue trenchcoat flaps with ocean waves and sea animals on the coattails held up by his new Belt of Elemental Bravery with large aqua blue gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large lavender weighted bands on his large biceps and thighs, large aqua blue pants with ocean waves on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large lavender orbs orbiting around his legs. The massive, wide, double-edged blade of his own Sword of The Neptune Crusaders grew to 6'5" in length and the long black handle grew a little longer.

There was a sea dragon with ocean waves and mermaids and an aqua blue kanji tattooed on Leon Loud's wider and more muscular back, and the aqua blue kanji below the sea dragon, ocean waves, and mermaids said, "Leon Loud, Awesome and Talented Photographer of The Genderbent Loud Family, Sixth Youngest Brother of Linka Loud, Master of Water and Sea Creatures, Emissary of Coventina, Slayer of Evil, Golden-Hearted Lover of His Brothers and Only Sister, Genderbent Twin of Lily Loud, Awesome Member of Team Loud Fairywind and Team Loud Phoenix Storm."

レオン・ラウド、ジェンダーベント・ラウド・ファミリーの素晴らしく才能のある写真家、リンカ・ラウドの6番目の末弟、水と海の生き物のマスター、コヴェンティーナの使者、悪の殺し屋、彼の兄弟の黄金の恋人、そして唯一の姉妹、リリーのジェンダーベント・ツインチームラウドフェアリーウィンドとチームラウドフェニックスストームのラウドで素晴らしいメンバー

Leon Loud has transformed into SUPER ANGEL 750,000,000,000 MAELSTROM SEA DRAGON MERMAID ANGEL OF AQUATIC

JUSTICE!

We were impressed by Leon Loud's Super Angel 750,000,000,000 transformation, but when Ms. Mucus saw it, her eyes turned red with pure hatred and rage.

Me: Whoa, Leon has transformed.

Nico: You said it, dude. Leon's become both a man and an Angel of The Seas.

Lily Loud: Wow, Leon, you look awesome and ripped. How do you feel?

Leon Loud: (Divine Echoing Cosmic Voice of The Oceans and Justice) **I feel incredible, Lily, and now, if you'll excuse me, I'm going to rip Ms. Mucus to shreds for what she's done.**

Leon Loud went after Ms. Mucus, and he had fired powerful blasts of aqua blue and lavender energy, glowing water, and he summoned the creatures of the seas to attack, and when they hit Ms. Mucus, they exploded with incredible power. When Ms. Mucus got up, she was seeing more red, as she then charged, but with his massive Sword of The Neptune Crusaders, Leon Loud slashed off Ms. Mucus' tusks and arms, and she screamed in excruciating pain.

Then, Leon Loud grabbed Ms. Mucus and he tossed her into the air with his brute superhuman strength, and he prepared his final attack.

Leon Loud: **There's no place for you in this world or the next, Ms. Mucus, there's only one place where you rightfully belong, and it's in Oblivion. DIVINE SEA DRAGON MAELSTROM KAMEHAMEHA!**

Leon Loud fired a massive aqua blue Kamehameha energy wave with sea dragons, ocean waves, and sea animals surrounding it, and as it hits Ms. Mucus, it exploded with incredible power.

Ms. Mucus: I HATE YOU, BEAN SCOUTS AND TEAM LOUD PHOENIX STORM!

Our auras flared up from her last shout of hatred as we got stronger, and the resulting explosion had killed Ms. Mucus, and her evil spirit was locked into the Further forever. Everyone cheered wildly for what Leon Loud did, as he holstered his massive sword on his wider and muscular back and powered down, but his new clothes, weapons, jewelry, massive angel wings, and eight large lavender orbs orbiting around his legs were permanent.

Nico: Whoa, Leon, what you did to Ms. Mucus, that was so impressive.

Leon Loud: Thanks, Nico.

Then, Linka went up to Leon, and she hugged him, and he leaned down and wrapped his massive and muscular arms around her and hugged her back.

Linka: Leon, I'm so proud of what you've done, and you've also become a man.

Leon Loud: Aw, thanks, Linka.

Lily Loud: Oh, and when we get the chance, Leon, we'll have to meet the genderbent twins of The Casagrandes. If you're like me, you also have feelings for Carlitos' genderbent twin.

Leon Loud: Yeah, you're right, Lily.

Suddenly, the massive Swords of The Neptune Crusaders holstered on Lily and Leon Loud's backs had changed and evolved. The 6'5" massive, wide, double-edged blades became aqua blue with reflecting ocean waves and a lavender Celtic Triquetra etched on them with large aqua blue angel wings for the crossguards, large aqua blue gems for the hilts, longer blue handles with blue fish scales, and large faceted aqua blue sphere pommels with surrounding light blue gems. They're now known as The Swords of Coventina.

This stunned and amazed us, along with the Masters of Evil.

Lincoln: Whoa, Lily, Leon, your Swords of The Neptune Crusaders have changed. They're now known as The Swords of Coventina.

This might be because of the fact you got your powers from Coventina.

Me: You're right, big guy. That's incredible.

Nico: That is so awesome. I can't wait to see what your new swords are capable of.

Hank Scorpio: Plus, we heard the apologies that you, Luan, Luna, Laney, Lisa, and Lily made to Nico, Lincoln, that was so beautiful. Plus, we forgot you and your sisters had reigned in your emotions long ago. Now, everyone in The Masters of Evil had heard it.

Lincoln: Thanks, Hank.

Hank Scorpio: Plus, when Artie saw what you did to Ms. Mucus, he was cheering wildly, and he saw you transform, Leon. That was so awesome.

Leon Loud: Tell him thanks when you see him, Hank.

Lincoln: But, he and Linka were right, not only did you transform, but you've now become a man, Leon.

Leon Loud: Thanks, Lincoln.

Leon and Lincoln high-fived, and water, elemental forces, and lightning came out from their hands.

Dr. Light: May the other version of Kida rest in peace.

Kida: She didn't deserve this fate.

Harpymon: Of course she didn't.

Leap Frog: But all we could do was end her suffering.

Count Nocturn: On the bright side, Lewis can pay his tab.

Kerbero Gangan: (laughs) Yeah! The hard way!

Me: Lets go.

We went back to the restaurant and put Lewis in medieval stocks and then…

SPLAT SPLAT SMASH SPLAT SPLAT!

We were pelting him with fruit, vegetables and rotten eggs and more. We even fired berries from a slingshot.

It was really popular! People from all over the city were coming to destroy him by smashing him all over with fruit and eggs and more.

SPLAT! SMASH! BLAM!

The money from the people all over the city was pouring in and we already collected more than enough to pay off Lewis's debt.

Lewis Travolta: My debt is now paid off! Can you let me go now!?

Me: Sorry but you brought all this on yourself. You have been sentenced to 75 years of public humiliation.

Nico: Does this mean what I think it does?

Me: Yep. The humiliations are back in business.

Everyone cheered!

Kida: (To the viewers) This was a fun adventure. Hope you all loved this one.

Me: I know I did Kida.

We enjoyed the rest of the day and went to sleep.

Another awesome and funny SpongeBob episode done.

The SpongeBob episode Bubble Bass's Tab was one funny episode and it showed how true Bubble Bass is as one of the biggest jerks in all of animation. He is now officially worse than Comic Book Guy from The Simpsons. The episode aired on April 9th, 2021 and it was awesome and funny! The first part was for the awesome 2006 movie Poseidon and that was a remake of the movie The Poseidon Adventure from 1972 and that was awesome. The second part was for the 2002 video game The Thing and that one scared me really bad. But now we can officially say that The Thing is gone. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts and the Guest Reviewer all gave me the ideas for this. Thanks guys. This was awesome! Next rescue for me is gonna be on Starfire's home planet of Tamaran and we're going to face Challus Mercer who is back from the dead. Now we have a score to settle with him and he will be coming after us with intense fury for killing and imprisoning all of the Unitologists and the entire Anti-Unitology Conglomerate is going to have a huge score to settle with him. Isaac Clarke, Nicole Brennan, Kendra Daniels, Ellie Langford, Suzie & Alicia Berrick, Gabe Weller, Lexine Weller, Isabel Cho, Nolan Stross and his wife Alexis and their infant son and Victor Bartlett are all gonna transform in this one. And we're also going to save Jennifer Barrows from him. She will be brought back to life and insane. So I'll need the transformation sequences for all of the Anti-Unitology Conglomerate. Also, me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Starfire and Joan Bolton are gonna go this time and we're going to meet a Botwoon Gene-Slammer named Penelope Morriarty and a Harpie Queen. And the next rescue for Lincoln is gonna be in the world of Starship Troopers 3: Marauder and we're going to kill the God Bug. Also Sunset Shimmer is gonna have a bunch of really nasty words to say to Lumpus from Camp Lazlo after he is loose from prison again. So get ready as she GIVES THAT BIG FAT UGLY MOOSE THE WORST REPRIMANDING EVER WITH A BUNCH OF WORDS SO HORRIBLE THAT IT WILL MAKE HIM SOIL HIS PANTS 10-FOLD! The next chapter is gonna be wicked as we go on a shopping spree for Lynn Sr. to pick up some ingredients that he needs for his restaurant when he starts running low on them for the food he makes. It's for the SpongeBob episode Shopping List. But it's not have those unusual ingredients that SpongeBob went after. It's gonna have the ingredients for all the food at the restaurant and we're gonna go all over the world to get them.

See you all tomorrow.

# GLOBAL SHOPPING TRIP

THIS IS A PARODY OF THE SPONGEBOB EPISODE SHOPPING LIST

On the planet Tamaran, 25 Light-Years away from Earth, me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Starfire, Joan Bolton and the Anti-Unitology Conglomerate were there to rescue another girl as well as take down another bad guy.

Joan: Here we are back in Tamaran.

Starfire: Oh it is glorious to be home.

Missy: Wow! So this is your home planet Starfire?

Starfire: It sure is.

Erica: This is amazing. I've always wondered what Tamaran was like.

Ellie Singh: Boy it sure looks like an amazing planet.

Joan Bolton: Yep.

Joan concentrated and groaned as her teeth sank into her gums.

Me: I have a feeling something big is gonna happen here. Last time we saw Tamaran was when Blackfire came and we destroyed a demon in her.

Joan turned into her STREET SHARK FORM!

Eli: Yeah! But this is gonna be awesome to see.

Syrus: It sure will be cool.

Maria: Think we should visit Galfore?

Starfire: That would be an excellent idea.

We went into the castle and it was as beautiful as some of us remember.

Maria: Wow. The castle is as beautiful as it was before.

Me: It sure is. And the view of the moons and planets is just as memorable.

Simone: Boy this is amazing. I think it's so cool that we go to so many amazing planets.

Miranda: It sure is amazing.

Nelanie: (Laos Accent) It sure is something.

We went into the Throne Room and we saw Starfire's k'norfka or Adoptive Father, Galfore.

Galfore: Welcome back J.D. Knudson and it's good to see you again.

Me: Greetings to you Galfore. It's good to see you again as well.

Eli: It's an honor to meet you.

Galfore: You must be Eli.

Eli: That's right.

Maria: A lot has happened since we last saw you. New heroes. New villains. And even old enemies becoming frenemies.

Galfore: I heard about the battle with Thanos. That was a very harrowing battle for you all.

Me: It was. But we destroyed that mad titan for good.

Galfore: Glad you all did. I'm afraid I have some strange news. I believe a man you all know named Challus Mercer is here on

Tameran.

We gasped in shock and then I growled in rage.

Me: He just won't stay dead!

Isaac: Yeah he is making me mad.

Alicia Berrick: Same here!

Galfore: I take it you have a really bad history with him?

Me: You could say that Galfore. He is dangerous as all get out.

I went over everything that happened during the events of chapter 784 as well as everything with Mercer.

---

Doctor Challus Mercer was a scientist aboard the USG Ishimura and a devout Unitologist to the point of zealotry. Mercer became fanatically obsessed with the Necromorphs after the Ishimura was compromised and the infection spread. Mercer believed that the Necromorph infection was the next stage of the human race and their ability to reanimate necrotic flesh was life after death. He is the secondary antagonist of Dead Space.

Challus Mercer was one of the numerous Unitologists aboard the USG Ishimura, presumably introduced in the massive turnover caused by the Church of Unitology to grant Captain Matthius a majority of devouts composing the crew. Even before the Necromorph infection began, Mercer was already showing signs of insanity, making fellow doctor Terrence Kyne distrust him. Before succumbing to the dementia himself, Mercer ironically was one of the medical officers to study the colonists suffering from it, like Brant Harris. He even advised Kyne to bring more subjects to the ship in order to find out what was happening.

While this was never stated, it's quite possible that Challus Mercer was a high-ranking member of the Church of Unitology before joining the USG Ishimura. Often, Marker relics are found near Mercer; the first is the small Black Marker in his office and the second is the slightly larger variant of this ornament on a table near the place of his death on the Crew Deck. Furthermore, there is a recording of him making a speech to fellow Unitologists in Chapter 10, and asking them to don't abandon their faith despite the current outcomes of the extraction mission.

## The Second Aegis VII Incident

When the Necromorph outbreak hit the colony, Mercer saw first the Hive Mind and the Necromorph transformation through recordings. He was convinced that they were the divine beings supposedly prophesied by Michael Altman. Mercer even was the one who named Hive Mind, making it one of the few named Necromorphs in-game.

When the infection reached the ship, he performed several medical experiments on the crew of the USG Ishimura, one of which resulted in the Hunter. Mercer's experiments were aimed at transmitting the infection to live subjects, which caused the Hunter's unique regenerative properties. Mercer also attacked and killed numerous crew members and patients as the ship fell into chaos, as evidenced by the decapitated heads found in his office in the Medical Deck. After performing his experiments, Mercer became one of the responsibles for the sabotage of the USG Ishimura. He had a plan to take some frozen necromorph specimens back to Earth, despite the heavily deteriorated condition of the ship by then.

Mercer is finally encountered in Chapter 5, trying to hinder Isaac's efforts to kill the Leviathan by locking doors. When Isaac reaches the Chemistry Lab in order to get the poison capsule, Mercer presents himself through a nearby window. He tries to convince Isaac that the Necromorphs are the salvation of mankind, the next step of evolution, then he releases the Hunter to attack Isaac, locking him inside the lab. He is later seen when Isaac is ambushed by Necromorphs at the Intensive Care Room, trying to convince him to just give up and let them kill him. He leaves shortly before they enter the room, locking the door once again. When Isaac finds the required DNA sample, Mercer decompresses the entire Medical Deck and locks Kendra out of the controls, in another attempt to kill Isaac. He is last seen at the Cryogenics Lab, telling Isaac his plan to make the infection reach Earth by bringing frozen Necromorphs there. He then leaves him to be killed by the Hunter, once more trapping him in the room with the creature.

While Isaac was busy killing the Leviathan, Mercer unfroze the Hunter. After this, he is reencountered in Chapter 10, murdering the crew member Jacob Temple. His monologue while killing Temple implies that he captured him with the help of an insane Elizabeth Cross. It is hinted through the scenery that Mercer went there, to the Crew Deck, to murder any remaining infidel survivors and to advocate the mass suicide among his fellow Unitologists. He may have been there since he unfroze the Hunter.

Death

After Isaac defeated the Hunter, Mercer allowed himself to be killed by an Infector, becoming a Necromorph himself -an Enhanced Slasher. Isaac Clarke encountered the changed Mercer and euthanized him.

---

When I was finished Galfore and all of Starfire's fellow people were shocked and horrified.

Galfore: That is horrible. You all went through something that would strike fear into the strongest of hearts.

Me: I know. It was awful.

Simone: Boy it sounds like it.

Maria: Tell your people to stay away from him. He's very unstable!

Me: And let us handle it.

Galfore: Right.

Me: Okay lets go find him.

Eli: We won't have to look far.

Eli fired a blast of Force Lightning at a Column and it blew a man out and it was CHALLUS MERCER!

Starfire: There's that monster!

Me: Mercer you are in a lot of trouble!

Mercer got up and he looked at us.

Maria: I swear to God, if you've killed anyone here…

Mercer: It's not these people I'm after here. It's you because you are heretics.

Me: No YOU are the true heretic because you're believing in a terrible force that would have ultimately destroyed the entire universe!

Eli: You still have no idea how dangerous the Necromorphs and Markers were!

Maria: Including all of the Church of Unitology!

Missy: That's right! They were completely insane and they are all either dead or locked up in the looney bin!

Maria: How do you even expect to kill us? You have no one left!

Mercer: Oh no?

Then a figure came out and it was JENNIFER BARROW! And she was in only her underwear!

Isabel Sho: Jennifer Barrow!

Suzie Berrick: Oh man!

Isaac Clarke: But she died.

I looked into her eyes and saw that she was flooded with Murderous Insanity!

Me: She has remnants of the psychic energy from the Markers even though they are all destroyed.

Jennifer came at us and Eli held her in place with The Force!

Me: Hang on Jennifer!

I fired a beam of light and it hit cured Jennifer.

Mercer: NO!

She fell and I caught her.

Maria: Okay. NOW, you're all alone.

Me: That makes you the only member of the Unitologists left!

Jennifer groaned and she opened her eyes and groaned from a massive headache.

Jennifer Barrow: What happened? I have got the worst ever headache. (Sees me) Who are you?

Me: My name is J.D. Knudson and I'm the leader of Team Loud Phoenix Storm. You went through a horrifying experience.

I told her everything about the Marker and how it made her insane because of the intense psychic energy and it made her kill herself and then she infected and killed everyone on the U.S.G. Ishimura and turned them all into Necromorphs.

When I was done Jennifer Barrows gasped and then she hugged me and cried hard and wailed into my chest.

Maria: If anyone else wants to help us, they can!

?: Gladly!

We saw a Botwoon and a Harpie Queen!

Eli: Whoa! Harpie Queen and a Botwoon!

Botwoon: (British Accent) That's right.

Missy: Whoa you're a Botwoon Gene-Slammer.

Botwoon: That's right and I am Penelope Moriarty.

Maria: Pleasure to meet you both.

Suddenly, we had felt something in the minds of Isaac Clarke, Nicole Brennan, Kendra Daniels, Ellie Langford, Suzie and Alicia Berrick, Gabe and Lexine Weller, Isabel Cho, Nolan and Alexis Stross and their infant son, and Victor Bartlett snap as the memories of the pain and suffering that Challus Mercer and the Unitologists have caused in the past have come back in full force.

Then, their eyes turned neon light blue, and they were surrounded in the thirteen different colored energy auras, Isaac Clarke: Blue, Nicole Brennan: Pink, Kendra Daniels: Red, Ellie Langford, Suzie and Alicia Berrick: Yellow and Purple, Gabe and Lexine Weller: Orange, Isabel Cho: Indigo, Nolan and Alexis Stross and their infant son: Green, and Victor Bartlett: Violet, they unholstered their massive Swords of The Anti-Unitology Conglomerate, and as they approached Mercer, they left blue, pink, red, yellow, purple, orange, indigo, green, and violet energy, along with the thirteen elemental forces with every step.

Then, they were surrounded by thirteen massive vortexes of blue, pink, red, yellow, purple, orange, indigo, green, and violet energy with ice surrounding the blue vortex, flower petals surrounding the pink vortex, flames surrounding the red and orange vortexes, leaves and rocks surrounding the green vortexes, suns surrounding the yellow vortex, shadows surrounding the purple, indigo, and violet vortexes, with the mythological animals associated with the elemental forces, and inside the vortexes were blue, pink, red, yellow, purple, orange, indigo, green, and violet phoenixes. Then, as the vortexes faded, Isaac Clarke, Nicole Brennan, Kendra Daniels, Ellie Langford, Suzie and Alicia Berrick, Gabe and Lexine Weller, Isabel Cho, Nolan and Alexis Stross and their infant son, and Victor Bartlett emerged, but they were changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:35 TO 2:14)

Isaac Clarke, Nicole Brennan, Kendra Daniels, Ellie Langford, Suzie and Alicia Berrick, Gabe and Lexine Weller, Isabel Cho, Nolan and Alexis Stross and their infant son, and Victor Bartlett have gotten a lot stronger, they each have the symbol of the Anti-Unitology Conglomerate emblazoned on their foreheads, phoenix earrings with the kanjis of the elemental forces in their claws and phoenixes with the kanjis of the elemental forces in their claws for the pendants. They have large black angel wings with blue, pink, red, yellow, purple, orange, indigo, green, and violet tips on the black feathers. They're dressed in white shirts with a blue phoenix for Isaac, pink phoenix for Nicole, red phoenix for Kendra Daniels, yellow for Suzie, purple for Alicia, orange for Gabe and Lexine Weller, indigo for Isabel Cho, green for Nolan and Alexis Stross and their infant son, and violet for Victor Bartlett, black pants, black leather ankle-high combat boots, silver sleeveless trenchcoats with the elemental forces of fire, ice, water, light, darkness, earth, and nature on the coattails and the symbol of the Anti-Unitology Conglomerate on the back.

Isaac Clarke, Nicole Brennan, Kendra Daniels, Ellie Langford, Suzie and Alicia Berrick, Gabe and Lexine Weller, Isabel Cho, Nolan and Alexis Stross and their infant son, and Victor Bartlett have on their new Bracelets of the Champions of the Universe with blue, pink, red, yellow, purple, orange, indigo, green, and violet gems on their wrists, Belts of Elemental Bravery with large blue, pink, red, yellow, purple, orange, indigo, green, and violet gems for the belt buckles on their waists, and Eater of Sins revolvers and Plasma Cutters holstered on their hips.

We were truly amazed by the Super Angel 750,000,000,000 transformations of The Anti-Unitology Conglomerate, but when Mercer saw it, he fell into an even more insane rage.

Me: WHOA!

Eli: WOW! They all transformed! Incredible!

Nelanie: Wow! How do you all feel?

Isaac Clarke: (Divine Echoing Arctic Voice of Hope) **Amazing. Now to give this dirtbag what is coming to him.**

They went at Mercer and smashed and pulverized and blasted him all over and then fired a wave of energy and obliterated him and super hakaied him. Leter I put on my blind man glasses and then Eli, Syrus and the males all over covered their eyes and I snapped my fingers and then Joan and Penelope were reverting back.

Joan: What special skills do you have? (loses her teeth)

Penelope Moriarty: I'm a wine maker. I squish grapes to make wine.

They both reverted back and Joan was topless and Penelope was naked and then Joan was given a new shirt and Penelope got new clothes.

Penelope Moriarty: Wow these clothes are amazing.

Simone: Yep. They sure are.

Jennifer was still crying into my chest and I was comforting her.

Penelope Moriarty: Oh poor girl.

Eli: Yeah.

Penelope Moriarty: (holds head in pain) No! Not again!

Simone: Reign in the power with the strength of your will. Concentrate.

Penelope did so and she glowed in an ocean blue aura and then she had the power reigned in and fully engrafted.

Penelope Moriarty: Wow! That was amazing!

Eli: Now we've seen the last of Mercer and the Unitologists. Lets get back to Earth.

We went back home and Ino is gonna help Jennifer Barrow.

After we finally got rid of Challus Mercer this time for good on Tamaran, Lincoln, Me, Nico, Eli, Nicole, Sunset Shimmer, and Gwen Tennyson were heading to the world of Starship Troopers 3: Marauder on the planet OM-1, and not only is Lincoln going to rescue the twelve girls there, but we're also going to kill the God Bug. Plus, we got word that Lumpus has gotten loose from prison again, but Sunset Shimmer is going to give that big fat ugly moose the worse reprimanding ever.

Lincoln: Wow, we're in the world of Starship Troopers 3: Marauder, and I think I know what we're going to do here, not only am I going to rescue the twelve girls there, but we're also going to kill the God Bug.

Me: That's right, big guy. Plus, we got word that Lumpus has gotten loose from prison again, and he's still out for revenge on us for tossing him in prison.

Nico: What?! That ugly moose is nothing but a glutton for punishment, even after the beatdown that Gloriosa Daisy gave him after Larry Loud dealt with Mozenrath.

Sunset Shimmer: Well, he's not getting away with it. I'm going to give him the worst reprimanding ever after we pummel him badly.

Eli: Oh, this should be really good.

**Behemecoatyl**, alternatively spelled **Behemecoytal**, is the main antagonist of the *Starship Troopers* series.

The supreme ruler of the Arachnids, Behemecoatyl is a colossal life form which is connected to the crust of planet OM-1, the planet may be the Arachnids place of origin.

During the First Bug War, Behemecoatyl allowed for a Brain Bug to be captured by the United Citizen Federation. This Brain Bug's job was to psychically contact any Psychic members of the United Citizen Federation and gain control of their minds. In this, it was successful in having Sky Marshal Omar Anoke's mind taken over, forcing him into worshiping Behemecoatyl as his God. In doing this, Behemecoatyl was able to force Anoke to disable the Electric Perimeter Fence of Roku San, allowing the Arachnids to overrun the colony. This also placed Omar Anoke's Starship, the *Geronimo* in jeopardy. As the ship return Earth in a route passing by OM-1, it was hit by plasma from the planet's surface whilst it was in Faster than Light travel. The severly damaged ship was forced to a stop over the planet where upon its personnel abandoned ship. Sky Marshal Anoke landed on the planet onboard an Escape pod where upon

Warrior Bugs herded the survivors towards Behemecoatyl. The God Bug picked off several of the survivors until only Omar Anoke and two other survivors remained. Behemecoatyl then impaled Anoke and devoured him, obtaining his knowledge of the United Citizen Federation's intelligence, bases, colonies, and Fleet movements.

Shortly upon devouring Anoke, Behemecoatyl came under attack from Marauders in what became the Battle of OM-1. After the battle, Behemecoatyl was destroyed by the planet-cracking Q Bomb along with the planet OM-1.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, but they've been cornered by the God Bug, and it's going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by the God Bug, and it's going to kill them. Come on, let's go.

We rushed on over, and we transformed and unholstered our massive swords from our backs, and we attacked The God Bug with unrelenting fury. Then, Lincoln sent his massive and long eleven blue wolf tails, and as they penetrate The God Bug, Lincoln began sucking out and absorbing all the memories that The God Bug has stolen from so many humans over the years, along with all its psychic powers. When Lincoln was done, The God Bug was now powerless and the memories it's stolen from so many humans were now in Lincoln's brain, and he got a massive intelligence boost and gained its psychic powers.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Whoa, what a rush. That butt-ugly bug has absorbed a lot of memories from a lot of humans over the years. But, now it's time to end it.**

We saw Lincoln lift his arms up into the air, and we saw what he was going to use: The Spirit Bomb.

Nico: Oh, no way, Lincoln's going to use The Spirit Bomb on that ugly bug?! Come on, let's give him a hand.

We joined in and gave our energy to The Spirit Bomb, and it became as massive and big as the Sun itself.

Lincoln: **Behemecoatyl the God Bug, what I hold above you is the energy of the humans that you devoured over the years, and now, you and every last bug will face the consequences for all the pain and suffering that you've caused!**

Me, Nico, Eli, Nicole, Sunset Shimmer, and Gwen Tennyson: **Lincoln! NOW!**

With a loud roar, Lincoln sent the Spirit Bomb at the powerless God Bug, and it hits The God Bug and it heads into space, and it eventually engulfed it, and obliterated it in a powerful explosion, and was Super Hakaied for good. Plus, not only was The God Bug obliterated and Super Hakaied, every last bug that was commanded by the God Bug died, and all of them were Super Hakaied for good.

We cheered wildly as we holstered our massive swords on our backs and powered down. We hugged Lincoln with pure joy at what he just did. But, we weren't out of the woods just yet, as we soon hear a familiar voice.

?: I WANT MY CAMP BACK!

Lincoln: I should've known. You just don't know when to quit, do you, Lumpus?

Me: He sure is a glutton for punishment.

Another figure came out, and it was none other than Lumpus, who had gotten loose from prison, and he was back for yet another round. We piled on, and we brutally pummeled Lumpus severely. Then, Lincoln tied him up in an inescapable rainbow energy straitjacket. Then, Sunset Shimmer went up to Lumpus, and she was going to give him the worst reprimanding of his miserable life.

Sunset Shimmer: No words can even describe just what kind of a person you really are, Lumpus. You are a SELFISH, INCONSIDERATE, EVIL, TWO-FACED, BACKSTABBING, SADISTIC, STUCK-UP, MEAN, UNCARING, MONSTROUS, UGLY, SON OF A BITCH MOOSE FROM THE DARKEST DEPTHS OF HELL! A TRUE SPAWN OF SATAN FROM THE DARKEST DEPTHS OF THE KALAMAZOO RIVER!

Our jaws hit the floor when Sunset Shimmer said those kinds of words at Lumpus, and Lumpus was so horrified, he soiled his pants 10-fold! Lincoln went up to Sunset Shimmer and he picked her up in his abnormally massive and powerful muscular arms, and they hugged and kissed.

Lincoln: Sunset, that was the best reprimanding that you gave to Lumpus. I taped the whole thing, so I can give it to Commander Hoo-Ha.

Sunset Shimmer: (Smiles) Thanks, Linky. Plus, it's about time that someone gave Lumpus a nasty reprimand for all the crap he's pulled.

Lumpus' shock gave way back to insane rage, but before he could start screaming in rage, Lincoln had him beamed right back to The Saturn Insane Asylum's Arkham Asylum wing, but this time, he was put in a separate cell in Maximum Solitary Confinement, and he was chained to the wall of his cell, and this time, he's never getting out again.

Then, Lincoln and Nicole went up to the twelve girls, and when Lincoln saw them, he immediately recognized them. The twelve girls were Kaguya Nanbu from Super Robot Wars, Mii Koryuji from Project X Zone, Aya Higuchi, Aty, Cassis Servolt, Natsumi Hashimoto, Amer, Toris, Lu Afrarn, Minis Mahn, Mei-Mei, and Keina from Summon Night.

Lincoln: Oh wow, it's Kaguya Nanbu, Mii Koryuji, Aya Higuchi, Aty, Cassis Servolt, Natsumi Hashimoto, Amer, Toris, Lu Afrarn, Minis Mahn, Mei-Mei, and Keina.

Nicole: From Super Robot Wars, Project X Zone, and Summon

Night, awesome.

Lincoln: Are you girls okay?

Kaguya Nanbu: Yes, we're okay, thanks to you.

Then, when Kaguya Nanbu and the other twelve girls saw who it was that saved them from The God Bug, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Kaguya Nanbu: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Kaguya Nanbu: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we showed everyone what Lincoln did in using The Spirit Bomb on The God Bug, and obliterated him from existence for good, and its death also killed every last bug there, as well. They rushed on over to Lincoln and hugged him in a massive group hug, then, all of the girls in Lincoln's harem gave him a massive group hug and gave him kisses all over his massive and muscular upper body and face.

Lori: Lincoln, that was literally awesome! You used the Spirit Bomb and killed the God Bug, and killed it!

Lisa Loud: And like the monarch of any hive, its death also killed every last bug there, as well. Most impressive, elder sibling.

Lincoln: Thanks, everyone. Plus, Sunset Shimmer also gave Lumpus the worst reprimanding ever.

We showed everyone Sunset Shimmer's reprimand of Lumpus, and they cheered for her. Then, we'd also shown Commander Hoo-Ha the nasty reprimand Sunset Shimmer gave Lumpus, and he was very impressed by what she did.

Commander Hoo-Ha: (Smiles) Why, that was the most impressive reprimand that you gave Lumpus, Sunset Shimmer.

Sunset Shimmer: Thank you, Commander Hoo-Ha.

This was another successful rescue, and not only did we destroy the God Bug for good, but we'd also pummeled Lumpus yet again, and Sunset Shimmer gave him the nastiest reprimanding ever, and it'll be the last time Lumpus breaks out of prison again to take revenge again.

* * *

After destroying the God Bug and reprimanding Lumpus, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Lincoln: Alright, ladies, shall we get going?

Haruka Koumi: Of course, Linky.

Lincoln and the girls left the Estate, and they head right for their destination: Seaside Hill. When they arrive at Seaside Hill, it was a beautiful costal region with checkered hills, large oceans of water that were inhabited by orcas, white sandy beaches, complete with beautiful palm trees and lush green grass covering the tops of its various trademark hills.

Haruka Koumi: Wow, so this is Seaside Hill. This is so beautiful.

Lincoln: That's right, Haruka. Sonic has been here many times before, but seeing it for the first time, it's so beautiful. Shall we?

Lincoln and the girls dived right into the large oceans of water, and as they swam, they also saw the orcas there, and Lincoln took pictures of them to show us later. Then, they also took pictures of the Seaside Hill itself, and on the beach, they had a picnic lunch that Lynn Sr. made for them. Then, as the sun was setting Lincoln made clones of himself, and they hugged and kissed the girls just as the sun was about to set. Then, they came back home to the Estate.

Me: Hey, Linc, how was your date?

Lincoln: It was awesome, J.D. We went to Seaside Hill in Sonic's world.

Nico: Seaside Hill? Oh man, that place is very beautiful. Please, tell me you got the pics of the orcas there when you dived in.

Lincoln got out the pictures, and Nico was right: Lincoln took pictures of the orcas that live under the water, and also, of Seaside Hill itself.

Lori: That place is so amazing. Looks like we found yet another place to go on vacation.

Bobby Santiago: You said it, babe.

Then, we got ready for work at Lynn's Table.

* * *

Later back at the estate, we were watching TV.

Clawful: Has anyone seen Poromon, Poliwag, Manaphy, and Horsea?

Nico: Not that I know.

Tentacool: Oh they are over at the wrestling arena watching a wrestling match.

Nico then gasped and then….

Nico: WWWWWWWWWHHHHHHHHHAAAAAAAAAAAAAAAAAAAAAAAAAAA

UH OH!

Later at the Gotham Royal York wrestling stadium, we found the 4 mascots.

Anakin: There you 4 are!

Lynn: I can't believe you went to a wresting match by yourselves!

Poromon: Lynn, we can explain!

Lynn: (grins) Without me!

Poromon: YAY!

Nico: Whoa! You guys are watching Hulk Hogan and Triple H!

Hulk Hogan: Hey guys! Welcome to the fight!

Nico: Awesome to see you again Hulk!

Me: And awesome to see you too Triple H.

Triple H: Same here and I can't thank you guys enough for helping me out.

Me: Aw it was nothing.

?: (Spanish Accent) Looks like the match has friends.

We saw Rosabelle Mendez A.K.A. Pantha!

Robin: Hey Pantha!

Pantha: Robin! Everyone! Wow!

Cybertron Crumplezone: Hi! You must be Pantha!

Pantha: That's right.

Me: Rosabelle Mendez A.K.A. Pantha. Pleasure to meet you. Starfire told us a lot about you.

Pantha: I had a feeling she would.

Me: We have good news for you. The Brotherhood of Evil are almost all dead. General Immortus is the only one still at large.

Pantha: Good riddance to those guys. But you all can take down Immortus.

Eli: And we will.

Ultra Magnus: Heard you're one of the most strongest Titans.

Pantha: (laughs) Of course I am! Not even Adonis and Atlas were able to defeat me!

Cyborg: Oh yeah!

Me: Lets not get ahead of ourselves. But that is an amazing achievement.

Pantha: Indeed.

Later we went back home.

---

At the estate we were getting ready for our next mission.

Ken Ichijouji: BTW, Nico, it's your turn to lead today.

Wormmon: Let's hope there IS a mission today.

Nico: There is. Mr. Lynn called us over to the restaurant for something important.

Me: I wonder what it is.

Nico: Mr. Lynn said he'll tell us when we all get there.

Then General Schwarz, Toyman, Artie Ziff, King Hiss, Mammoth, Dr. Light, Harpymon, Leap Frog, Kerbero Gangan, and Count Nocturn

King Hiss: Can me, General Schwarz, Toyman, Artie Ziff, Mammoth, Dr. Light, Harpymon, Leap Frog, Kerbero Gangan, and Count Nocturn go with you all?

Nico: You all sure can. Better get everyone together. Man I haven't done this in a while. (Pulls out bugle and plays Reville)

Everyone all gathered.

Nico: ATTEN-TION!

We stood in attention.

Nico: ALL RIGHT MAGGOTS LISTEN UP! Our mission is over at Lynn's Table. I'm not sure what he has planned for all of us but something tells me that it's gonna be really good. But before we leave, I have one rule and it's for all you new people. Everyone does their job and no one quits. You don't do that job, you will be sent back to the Estate for the remainder of the mission! DO YOU GET ME!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

Me: NICO'S ROUGHNECKS!

Everyone: (Spartan Grunt)

Nico: At ease! All right we leave in 15 minutes. Take that time to get what you need done. That'll be all. DISMISSED!

We were ready.

We were on our way to Lynn's Table.

We were walking to Lynn's Table.

Pantha: (to Mammoth) No hard feelings about before?

Mammoth: Nah! That mark you gave me healed after 10 minutes.

Pantha: Good.

Nico: Glad you guys patched things up.

Laney: That's right.

We arrived at the restaurant and Lynn Sr. takes the paper containing the secret formula and a bunch of items out of the bottle and looks at it. He writes down stuff on another piece of paper and puts the formula paper back in the bottle.]

Lynn Sr.: [gives Nico the paper] Alright, take this, Nico. And study it very carefully.

Nico: [looks at the paper] Right! Oh-ho! Ha. Mr. Lynn. [shows a drawing of Rita wearing a bikini and a whistle sound effect]

Me: Hubba Hubba.

Lynn Sr.: [gasps] Oops! Sorry I forgot about that picture! [turns paper around]

Nico: [studies the paper] Oh. Huh. A shopping list?

Lynn Sr.: We're running low on all the ingredients in the restaurant. I need you to go shopping. But some of these ingredients you can only get from different places all around the world.

Nico: A Global Grocery Shopping Excursion. I like it.

Chow: You running out of ingredients? That's a first.

Nico: Well with all the food we eat it's not gonna be the last time.

Chow: That's true.

Little did we know that from a restaurant across the street where the Pasta Bowl used to be called the Pig Trough, someone was hearing the conversation outside through a giant stethoscope. And that someone is a woman named Helga Florentine. You may think she is a nice woman but she is really so much like how Plankton was. She has the same goals as he did when Mr. Krabs and Plankton were mortal enemies and her goal is to steal all of Lynn Sr.'s recipes and force him out of business and take over the fast food world. She is listening through headphones attached to a monitor.

Lynn Sr.: But be careful not to lose the list. If anyone gets their hands on it, they'll know what goes into my food. You know where that leads. Total apocalypse!

[Helga's monitor shows an atomic explosion on the screen.]

Helga Florentine: More like "Death-pocalypse"! [cackles] I'll just follow those stupid buttfaces and get that list and the secret ingredients will be mine!

Toyman: Mr. Lynn, does your restaurant have any other enemies besides Ophelia Shroud?

Lynn Sr.: As a matter of fact yes and she just moved in. Her name is Helga Florentine and she is the owner and founder of the Pig Trough.

Me: That pork restaurant that no one has eaten at in over 50 years?

Eli: YUCK! I don't like their food at all.

Carol: It's worse than that restaurant I got sick from.

Nico: Yeah I don't like it's food either. I heard someone ate Helga's stuffed ham and it was so bad that it turned his stomach, brain and eyeballs inside out. He died right there on the spot!

Everyone gasped in shock!

Varie: Geez! The health department should have shut down that restaurant right then and there and throw her in jail.

Plankton: I think she uses chum in that restaurant.

Drillhorn: I don't think chum counts as pork.

Plankton: I meant that she probably stuffs her ham with chum.

Drillhorn: That probably makes more sense.

Nico: Yep that is crazy to use chum in any food.

Me: (Turns green around the gills) Oh please don't mention chum. I'll… (VOMITS)

Nico: WHOA! Sorry Colonel.

Me: (Groans) It's all right.

General Schwarz: How long has Helga been a thorn in your side?

Lynn Sr.: About 10 days now.

Nico: She just set up her restaurant right after we sent Ophelia Shroud to the padded cell.

General Schwarz: That makes sense.

Grier: (Russian Accent) We'll have to keep a close eye out for her.

Marie: (Russian accent) Agreed Comrade Grier.

Nico: All right lets head out everyone!

Lynn Sr.: Good luck guys!

Mr. Krabs: And Mr. Lynn don't make this a wild goose chase. I had to learn that the hard way.

Lynn Sr.: Really?

Lily: Mr. Krabs sent me, Sandy and SpongeBob on a wild goose chase while he went and got the real ingredients. We went and got Yeti Crab Hair, milk from a giant fangtooth fish and ghost dandruff from The Flying Dutchman. Sandy beat the crap out of Mr. Krabs for

that.

Sandy: It's true.

Nico: Yuck! I would not want to eat all that.

Eli: Me neither.

Nico: Lets head out everyone.

Ben: We can take the Rustbucket III.

Nico: Awesome idea.

We went to the Estate and we were in the Rustbucket III. We were flying to the first destination.

Harpymon: If any of the ingredients are far away, I can fly to them.

Nico: Well it turns out this whole list has ingredients that are really far away. We're going all over the planet to get them.

Eli: What's the first stop?

Nico: Japan. We're going to get Kobe Beef, Japanese Mushrooms, Sake, many different kinds of fish, and more.

Me: Ooh this is gonna be interesting.

Laxus: Where do we go first?

Nico: First stop is a Japanese Meat shop.

We went to the best meat shop in Japan and it was loaded with Kobe Beef. We bought A LOT of it. Next we went and got all kinds of mushrooms. We got Matsutaki, Porcini, Maitake, all kinds of good mushrooms. Then we went to Tokyo Fish Market and got uni, bonito, tuna, salmon, all kinds of great fish. Then we went and got some sake.

Me: Boy look at all this.

Eli: Lots of good food.

Nico: I know. Making me hungry. Next stop is India. We're gonna get a lot of different spices there.

Dr. Light: I hope none of these mushrooms contain drugs.

Me: Don't worry. These are mushrooms I'm very familiar with. They don't have any drugs.

Dr. Light: Good.

We arrived in Calcutta and went to a bazaar and we got bags FULL of different spices. We got bags full of ginger, cumin, coriander, turmeric, cinnamon, cayenne, ghost chili powder, garlic, and many more spices.

Lana: That's it for spices.

Nico: Yep. Now for teas. We're going to England.

Zhalia: No one touch the Ghost Chili pepper!

Nico: Relax Zhalia.

We arrived in England and got Darjeeling, English Breakfast, Chamomile, Herbal teas and more. Lots of teas.

Me: That's it for tea and they smell good.

Gabrielle: (British Accent) Just like what home has.

Vambre: (British Accent) Indeed Gabrielle.

Nico: Now we go to Italy.

Artie Ziff: (sees Poromon buying beer) I knew Poromon would buy that.

Poromon: Grazi.

He came back with 50 cases of beer.

Nico: Well beer was on the list. Good work Poromon.

Poromon: Thanks Nico.

We then got cheeses. We got Gruyere, Mozzarella, Goat Cheese and more. We also went into the local forest and dug around for black truffles. Surprisingly Bart Simpson dug them up thanks to his awesome nose. (Season 19 Episode 22)

RD Lana: Can we eat pizza before our next destination?

Our stomachs growled.

Nico: Good idea. I am getting hungry.

We went to a pizza shop and had really good pizza.

Kerbero Gangan: I wonder if we'll fight any Twisted Princesses today.

Nico: I have a feeling we just might.

Allie Knudson: We already faced Twisted Ariel and Twisted Kida.

Eli: Yeah they were tough.

Laney: They sure were.

We were flying to the next destination.

Slinkman: Alright. Where to next?

Nico: Belgium. We're going to get some chocolate.

Laney: OH BOY!

May: I wonder if Manaphy wants any chocolate.

King Hiss: She definitely would like some.

Me: Belgium makes really amazing chocolate.

We went and got all kinds of chocolate. We got white, dark, milk and more.

Nico: There. Now we go to South America. We're going to get some fruit.

Magmon: The mascots definitely like fruit!

Nico: Yep.

We were in Chile and we got all kinds of amazing fruits and more.

Nico: That's everything. Lets head on back.

Little did we know that a figure was watching us and it had eyes glowing white.

Eli sensed the figure watching us.

We finished the shopping and then we went back to Gotham Royal York.

---

We were walking back to the restaurant. Then a figure came out and it was HELGA FLORENTINE!

Count Nocturn: You must be Helga Florentine.

Helga Florentine: That's right. I am Helga Florentine, Owner and founder of The Pig Trough. Soon to be queen of the fast food world.

Eli: Sorry to disappoint you but that is never going to happen as long as we have anything to say about it.

Nico: Also your food tastes awful. I heard rumors flying around that someone ate your food and their stomach, eyes and brain turned inside out and died instantly.

Helga Florentine: Yes you heard right and my restaurant was never the same since then. But I heard all about Lynn Sr.'s restaurant and how he made so much great money and great food. After Ophelia Shroud was sent to prison and the Pasta Bowl was shut down I decided to take my chance and from there on I vowed that I would steal the secrets of Lynn Sr. and his restaurant and run him out of business!

Me: Whoa.

Nico: Just like with Plankton.

Anemone: You can't have the ingredients. But you CAN have these goldfish crackers.

Anenome threw a carton full of them to her and she caught them.

Helga Florentine: Oh no! How did you guys know these were my weakness?

Nico: No one can resist the cheesy goodness of Goldfish Crackers.

We then went to Lynn's Table and gave the ingredients to Lynn Sr.

Lynn Sr.: Thanks guys! Wow! Lots of stuff.

Nico: Yep.

Lana: Guys look what's going on outside!

We went over and we saw Helga Florentine in a brutal fight cloud with another Twisted Princess and it was TWISTED WENDY!

Allie Knudson: That's Twisted Wendy!

Nico: That was the first of the Twisted Princesses you guys faced from what I remember.

Allie Knudson: Yep.

Eli: What can you tell us about her?

Allie Knudson: It's not pretty.

She went over Twisted Wendy's history.

After Captain Hook captured Wendy, her brothers, and the Lost Boys he took them to his ship but not before leaving a present for Peter with a note from Wendy telling him not to open it until 6 o'clock. Unbeknownst to Peter, a bomb was inside the present set to go off at the designated time. Hook revealed his plan to Wendy and the boys, which Tinker Bell happened to overhear. She raced to his rescue. Hook waited eagerly for his watch to reach 6, all the while Wendy yelled at him and exclaiming that Peter will save them. Hook walked over to Wendy, raised his hook holding the watch to her face and said "I don't think so." He slowly caressed her cheek with his hook but Wendy spit in his face causing Hook to cut her. Hook reeled. "Just for that, you ALL die at 6… starting with the girl!" Hook turned his back to Wendy and looked down at his watch and a grin grew across his face as the minute hand finally reached 6. An explosion rang out from the shore and Hook jumped for joy. He turned around to Wendy and said in a calm voice "Throw her overboard." The pirates grabbed Wendy and bound her. They shoved her on to the plank while one of the pirates put a sword to her back and began to coax her off but then Hook yelled, "Wait!" He walked up to her and tied another rope around her, leaned in close and whispered in her ear "Hold your breath." Suddenly he kicked an anchor to the left of Wendy into the water. She looked down and realized that the rope connected to the anchor was also connected to her. John and Michael let out a scream of horror as their sister was dragged overboard into the dark water. Wendy plummeted down to the ocean floor. She struggled to free herself but it was all for not. She looked up and all she saw was the shadow of Hook's ship and then darkness. Back on the deck Hook turned to the boys, removed his cutlass and said "Now, your turn." As he approached the boys, a green blur knocked Hook down and went into the water after Wendy. "Noooooooooo!" Hook exclaimed as he stood up. He looked at the blank-eyed pirates surrounding him. "Don't sit there gawkin' at me, you fools! Fire on Pan!" The pirates scurried off and began to man cannons around the ship and aim them into the water. Peter flew as fast as he could to get to Wendy as cannonball fire filled the water. He found her floating on the ocean floor tied to the anchor. He took out his knife to try and cut her free but the ropes were too thick. He looked around frantically and had an idea. He placed his hand on the anchor, closed his eyes, and suddenly it started to glow. The anchor began to rise. Peter swam back to Wendy and put his hand on her cheek and kissed her gently on her lips. Wendy's eyes opened but the life they once held were gone. As the anchor went up, it pulled Wendy away from him and he was too weak to hold on and too weak to swim. He had no more happy thoughts left for himself. Peter looked up and then he too saw only darkness. Hook peered over the side of the ship and instructed the pirates to ceasefire. Suddenly, an anchor came shooting out of the water and crashed on the deck in front of Hook. He looked around it to see Wendy staring at him with her lifeless eyes. He drew his sword again as Wendy lifted the glowing anchor and charged….

When she was done we were shocked!

Me: Hook you are a heartless freak!

Nico: Yeah what a fiend! Thank goodness we killed him. Lets go!

We went at them.

The fight was brutal and then…

The spirits of the monsters of the elements appeared and they swirled around and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and then we came out.

Nico: Wendy Moira Angela Darling, back from the dead.

Leap Frog: (to Twisted Wendy) Wendy, please don't do something you're going to regret.

Twisted Wendy: Why? You left me to die.

Allie Knudson: That's not true Wendy. We live in an alternate universe. You could never know about us.

Allie Wilde: How did you guys face Twisted Wendy?

Allie Knudson: That was a terrible battle.

FLASHBACK - Chapter 713

The Simulator Activated and they saw the whole ship of Captain Hook completely destroyed and burning. They gasped. They saw that there were bodies all over the place. All totally butchered.

Sammy: What happened here?

Ron: This whole place looks like a Kraken destroyed it.

Lana: And that's not the only thing destroyed. Look.

Lana pointed and they saw all of Neverland completely on fire!

Killer Frost: The whole island is completely destroyed.

Poison Ivy: This is not how I thought my first visit to Neverland would be like.

Lana: What in the world could've caused this?

Sammy: I don't know but this is not good.

Stacy looked at the bodies.

Stacy: This was all done by someone who was after revenge. This was all done by someone motivated by revenge.

Ron: Who could've done this?

?: That was me.

They turned and they saw Wendy. But she was completely different. She had whole new different look and a whole new personality. Her blue dress was torn up and wet, she had a belt on and a rope with an anchor was tied around her neck and arm and she had Captain Hook's hook tied on her hip and she had Peter Pan's Dagger and she had pale skin and the life from her eyes was gone.

Lana: Wendy? What the heck happened to you?

Sammy: You aren't the same Wendy I knew from my childhood in Peter Pan.

Twisted Wendy: Don't you dare say that name!

Killer Frost: How did this happen to you?

Twisted Wendy: Hook killed me, my brothers and Peter Pan. So I got vengeance on him and all of his crew! I killed all of them without mercy!

Killer Frost: Looks like this Wendy is already gone. Who or what are you?!

Twisted Wendy: I am Wendy. But now I'm going to kill all who stand in my way!

Stacy: That monster!

Lana: Captain Hook has always been a ruthless pirate. But Wendy don't you even see that what you did was not right!?

Ron: That's right.

Poison Ivy: Two Wrongs don't make a right Wendy.

Sammy: Captain Hook might've deserved to have a horrible death, but now you've become just as bad as he is.

Lana: That's right. As much as it pains me to say this but we have no choice but to kill you and get justice for those that have died at your hands.

Sammy: That's right. Two wrongs don't make a right. And for that Justice has to be served.

Lana: Lets get her!

They powered up.

Twisted Wendy: Then you all will die!

Sammy: Lets dance!

Stacy: SHARK ATTACK!

They went at Twisted Wendy and Sammy punched her in the face and kicked her in the stomach and face and Stacy punched her in the face and Ron fired a powerful blast of high pressure water from his hands and blew part of her stomach open. Killer Frost fired a blast of ice and froze The Twisted Wendy in a block of ice.

Lana: Combo time!

Stacy: You got it.

Stacy fired a powerful blast of lightning and Poison Ivy threw powerful leaf blades.

Stacy and Poison Ivy: THUNDERLEAF SLASHBLIZZARD!

The lightning merged with the leaves and they slashed and electrocuted Twisted Wendy.

Sammy fired a powerful blast of Aura Lightning and Lana fired a powerful blast of snow and ice.

Sammy and Lana: AURA ICE THUNDERSNOW!

The Aura Lightning and Ice combined and turned into a powerful thundersnow blast and it hit Twisted Wendy and froze her.

Lana: Time to finish her for good! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her device and she got the three heads of Cryo Scourge.

Lana: Witness the Three Headed Dragon! ICEFIRE HELLSTORM!

Lana fired a powerful blast of blue fire and it hit the Twisted Wendy and blew her to pieces and spread them all over the place.

Twisted Wendy was dead.

Lana: I'm sorry Wendy.

Sammy: That was awesome though. But to quote Nico and I can't believe I'm about to say this. "Wendy Moira Angela Darling, you have failed this world."

They laughed and left the Simulator. They cheered wildly for them.

Allie: That was well done guys.

Lola: It sure was. I can't believe that Wendy became that evil. She was completely different from the Wendy we know.

Allie: I know.

Wendy: Thank goodness I would never become like that. That version of me was ruining my own image.

Lincoln: That is awful.

Lana: Yeah. But that is a parallel universe where the Princesses turned evil.

Nova: (panics) Guys, I think I know what those Twisted Princesses are. They're zombies!

Maria: How do you even know that?

Nova: Because I read about it in a comic depicting an alternate universe where all the superheroes turn into flesh eating zombies because of a virus, including me!

Nico: Well, even if the Twisted Princesses are infected zombies, our powers will make us immune to them.

Nova: That's what Marvel Zombies Thor and Wolverine thought right before they got bitten!

Allie: Sam no the Twisted Princesses are not zombies. They are the Disney Princesses turned evil because of hatred, vengeance and bloodlust. That's why I'm known as the Executioner of the Twisted Princesses. They are making a total mockery of the Disney Princesses we all know and love.

Rapunzel: I know.

Elsa: That is absolutely awful that these princesses are us and that we would look like that.

Anna: It sure is.

Allie: Yeah. Okay who wants to go next?

FLASHBACK ENDS

---

Sammy: That's right and I remember that!

Nova: That's where I mentioned the Marvel Zombies and I knew that one day we would face them in the future.

Nico: You sure did mention that. That was nuts.

Eli: Yeah. But I can't believe that this Wendy would be so evil.

Me: All because of Hook! I'm glad we killed that asshole.

Nico: Me too.

Then Stratos, Black Manta, Goro, Dodgeball Wizard, Count Spankulot, David Cain, White Lightning, Black Lance, MetalSeadramon, Puppetmon and the Mamemon Brothers appeared.

Nico: Stratos, Black Manta, Goro, Dodgeball Wizard, Count Spankulot, David Cain, White Lightning, Black Lance, MetalSeadramon, Puppetmon and the Mamemon Brothers.

Stratos: So that's Helga Florentine?

William: She sure is.

Black Manta: It's like Ophelia Shroud all over again.

Nico: You got that right.

Goro: That being said, it's obvious her restaurant is a dump.

Me: It sure is. Rumors have been confirmed that someone ate at her restaurant and they died instantly. Turned their stomach, eyeballs and brain inside out.

Goro: Yuck!

Puppetmon: (to me) We heard you went to Tamaran today.

Me: We sure did.

Missy: It was really cool seeing Starfire's home planet.

Erica: Boy it sure was.

Dodgeball Wizard: Did you take down anyone there?

Eli: We sure did and we took down Mercer.

Goro: That Unitologist creep again!? Doesn't he know how to take a hint?

Me: No he doesn't. But we also rescued Jennifer Barrows there. It's a ugly story.

I told them everything and they were shocked!

Stratos: Oh man! Poor Jennifer.

Black Manta: She blames herself for what happened on the Ishimura?

Hunter: (German Accent) Ja und it wasn't her fault to begin with.

Flute Org then appeared.

Nico: Flute Org. Back for round 2.

Flute Org: Yep. Awesome.

Nico: Cool.

Flute Org: (to Laney) How has my flute benefitted you since you got it?

Laney: It sure has. I love it. It's amazing.

Nico: The tune it makes is awesome.

We got the battles underway.

---

Baihumon, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Magma Gloom, Flash Magnus, Air Skylanders, Air Lincoln, Hercules, Lori, Loki, Ken Ichijouji & Stingmon, and Beelzemon VS Stratos the Tornado Titan - Glad we saw the last of Mercer

---

Stratos the Tornado Titan was first.

Stratos: (to Baihumon) I'm glad you guys saw the last of Mercer. That guy's a fucked up lunatic.

Baihumon: You are telling me. What he was doing on board the Ishimura and on Aegis VII was terrible and horrifying.

Rainbow Dash: You're not kidding there. But thank goodness we have now seen the last of him.

Scootaloo: And he was on Starfire's home planet too. That is amazing.

Pickle Barrel: It sure was amazing.

Barley Barrel: Tamaran is really amazing from what we heard.

Magma Gloom: You got that right and I heard it has all kinds of amazing features.

Flash Magnus: Yeah it was beautiful too.

Whirlwind: It sure was cool when we first went there.

Air Lincoln: Wow that is so awesome.

Hercules: Boy no kidding.

Lori: Tamaran is literally an amazing planet.

Loki: No kidding.

Stratos: Yeah. Lets do it!

They fired waves of wind, lightning and rainbows and energy and smashed him down.

Baihumon: A victory for the Sovereign of The West!

Rainbow Dash: That was AWESOME!

---

---

Black Manta was next.

Black Manta: (to Yusuke) Jennifer Barrow's gonna have a lot of therapy coming. But from what I heard, Ino can help her with that, right?

Yusuke Urameshi: Yep. Ino has done a magnificent job on people that have been scarred by events like that.

Rarity: Indeed she has and it's amazing that she can do such a great job.

Sweetie Belle: Boy you said it. Ino's clan really has done an amazing job at all sorts of things with the mind.

Kerfuffle: (Minnesota Accent) She sure has and her techniques are just amazing doncha know.

Mistmane: They sure are. Ino and her clan are very gifted.

Silverstream the Hippogriff, Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Wallflower, Pip-Squeak, Gusty the Great, Fire Skylanders, Fire Lori, Liu Kang, Sonnya Blade, Raiden, Drillhorn, and Guyhawk VS Goro - Sunset Shimmer gave Lumpus a big time reprimanding

---

Goro was next.

Goro: (to Silverstream) Sunset Shimmer gave Lumpus a big time reprimanding. And that's better than any death we can give him.

Silverstream: Boy that is a true fact. But you should have seen what she said to him. Check it out.

Silverstream showed the reprimanding on her phone.

---

Then, Sunset Shimmer went up to Lumpus, and she was going to give him the worst reprimanding of his miserable life.

Sunset Shimmer: No words can even describe just what kind of a person you really are, Lumpus. You are a SELFISH, INCONSIDERATE, EVIL, TWO-FACED, BACKSTABBING, SADISTIC, STUCK-UP, MEAN, UNCARING, MONSTROUS, UGLY, SON OF A BITCH MOOSE FROM THE DARKEST DEPTHS OF HELL! A TRUE SPAWN OF SATAN FROM THE DARKEST

DEPTHS OF THE KALAMAZOO RIVER!

Our jaws hit the floor when Sunset Shimmer said those kinds of words at Lumpus, and Lumpus was so horrified, he soiled his pants 10-fold! Lincoln went up to Sunset Shimmer and he picked her up in his abnormally massive and powerful muscular arms, and they hugged and kissed.

Lincoln: Sunset, that was the best reprimanding that you gave to Lumpus. I taped the whole thing, so I can give it to Commander Hoo-Ha.

Sunset Shimmer: (Smiles) Thanks, Linky. Plus, it's about time that someone gave Lumpus a nasty reprimand for all the crap he's pulled.

Lumpus' shock gave way back to insane rage, but before he could start screaming in rage, Lincoln had him beamed right back to The Saturn Insane Asylum's Arkham Asylum wing, but this time, he was put in a separate cell in Maximum Solitary Confinement, and he was chained to the wall of his cell, and this time, he's never getting out again.

---

When it was done they were amazed.

Pepperdance: (Cajun Accent) Ooowee! That was an awesome lay down of the law.

Cayenne: Yeah that bad moose had it coming.

Firecracker Burst: He sure did and Lumpus didn't give a flying crud about anyone but himself. He ruined so many lives.

Wallflower: He is a total heartless jerk!

Pip-Squeak: (British Accent) That is a total understatement.

Gusty the Great: He should have his antlers ripped off. He is a disgrace to all mooses everywhere.

Sunburn: You got that right.

Fire Lori: That is literally a fact.

Liu Kang: He sure is a bad moose.

Sonnya Blade: I completely agree with you there. If it were me I would have snapped his neck right there and then.

Raiden: That would have been satisfying.

Goro: It sure would have. Lets do it shall we?

Moondancer: And now that danger has been officially eliminated for good.

Lyra Heartstrings: Thank goodness for that. I'm glad we've cleansed the entire universe of the Necromorph Phage.

Big Mac: Eeyup.

Frozen Fright: Whatever it was, Helga should have gotten a wrongful death lawsuit.

Cocoa Axe: (Irish Accent) No kidding lads. But I don't think Helga is like what Plankton was when Lily told us that he tried to take over the world.

Steela Oresdotter: (Norwegian Accent) Ja. I think Helga has too much honor for that.

Autumn Blaze: Yeah but she is probably as funny as Plankton. At least she won't get stepped on all the time.

Tory Breyer: No but I was responsible for the monster that was unleashed. Had I known that Brandon was going to become like this I would have killed him long ago.

Eli: But Wendy you are not to blame for everything that happened with Peter. Hook has been hellbent on revenge on Peter ever since he cut off his hand and fed it to the crocodile.

Nico: But we have to make you see that.

Samus Aran: Oh no, I was hoping never to hear that voice again. You can come out now, Raven Beak.

A figure came out of the shadows, and it was none other than Raven Beak, the Chozo leader of the Mawkin tribe and one of Samus Aran's enemies.

Lincoln: Whoa.

Lincoln 2: That's right, Lincoln. You and the rest of the team already knew of the Chozo from Samus Aran, and I've heard of them long ago. They're an ancient, mysterious and highly advanced species of sage-like avian sapients that inhabited several planets in the cosmos, including Zebes, Elysia, SR388, Tallon IV, ZDR, and possibly other planets out there in the universe.

Lincoln: Yes, but from what I heard, Raven Beak is one of the Chozo who's an enemy of Samus Aran.

Nico: That's right. Samus, what can you tell us about him? It seems you have a bit of a history with him.

Samus Aran: Trust me, Commander. You won't like him one bit.

Samus Aran proceeded to tell us about Raven Beak, and like she said, we weren't going to like him one bit.

---

Raven Beak

Raven Beak (Ashkar Behek in the Chozo language) was the Chozo leader of the Mawkin tribe. He was first introduced in Chozo

Memories unlockable in Metroid: Samus Returns, and appears as the main antagonist of Metroid Dread.

## Biography

### Pre-series

Raven Beak is a high-ranking leader of the Mawkin tribe. When Samus Aran was adopted by the Chozo on Zebes, he alongside a Thoha Chozo (thought to be Gray Voice) voluntarily contributed his DNA to infuse into Samus. His special Mawkin heritage greatly enhanced Samus' fighting prowess and instincts.

### Metroid: Samus Returns

Raven Beak appears in the tenth and eleventh Chozo Memories in the game. The eleventh Memory only unlocks if all items have been acquired on the save file, at which point it will appear when the tenth Memory is selected.

The Chozo Memories depict Raven Beak's interactions with the Thoha Chozo on SR388. After the Metroids went out of control, the Thoha collaborated with Raven Beak's Mawkin tribe to help seal away the Metroids. The procedure was successful. However, Raven Beak still saw use in the Metroids and believed they symbolized a power great enough to bring order to the galaxy. Upon hearing the Thoha wanted to detonate SR388 along with every Metroid on it, Raven Beak ordered a massacre, sparing only Quiet Robe for their bioengineering skills and ability to control Metroids. Raven Beak's forces then retreated to ZDR with Quiet Robe, planning to return to SR388 for Metroid samples a later date.

### Metroid Dread

Upon returning to ZDR, Raven Beak learned that one of his soldiers had been infected by a dangerous X Parasite while on SR388. This pandemic forced Raven Beak to put his Metroid plot on hold as he fought to contain the X. Eventually every Chozo on ZDR except Raven Beak and Quiet Robe were assimilated by the X, forcing Raven Beak to quarantine them within Elun and rely on Robot Chozo Soldiers instead. By the time the X were contained, Raven

Beak learned that Samus Aran had already exterminated every Metroid on SR388. It seemed his Metroid army would never come to fruition.

However, Raven Beak developed an alternative method to achieve his goal. Realizing Samus possessed the last sample of Metroid DNA in the galaxy, he sought a way to steal it from her body. The answer came in the form of the Galactic Federation's E.M.M.I., which he lured to ZDR using footage of an X Parasite to prompt investigation. As shown in the Chozo Archives, he was responsible for the damaged state of E.M.M.I.-01P. He captured the seven units, working with Quiet Robe to reprogram them to hunt Samus and extract her Metroid DNA.

Samus Aran was hired by the Galactic Federation soon after to investigate the disappearance of the E.M.M.I. units. Raven Beak personally attacks her upon her arrival in Artaria. She gets a defiant Super Missile shot on his helmet, cracking the eye. Furious, Raven Beak grabs her by the neck and prepares to finish her off, proclaiming the Chozo words "Hadar Sen Olmen" ("Power is Everything"). However, Samus suddenly awakens her Metroid powers for the first time before going unconscious, which is exactly what Raven Beak wanted. He then retreats, sparing her on the ground.

Raven Beak is later depicted in hieroglyphs found by Samus in Ferenia, in which he is shown commanding his soldiers to kill the Thoha on SR388. Shortly after this discovery, Samus meets Quiet Robe, who disables the remaining E.M.M.I. and informs her of Raven Beak's past and plans before being killed by a Robot Chozo Soldier.

When the X Parasites are released from Elun, ADAM speculates it was Raven Beak's doing. The X Parasites spread chaos throughout ZDR, including reactivating the E.M.M.I. units via Quiet Robe's remains. Through the successive battles against the X and the remaining E.M.M.I., Samus finally unlocks her dormant Metroid powers. ADAM declares this "tremendous power is the last thing she required to confront Raven Beak" and detects the flying fortress Itorash. He directs Samus to confront Raven Beak there.

On Itorash, Raven Beak reveals his plans to Samus through the guise of ADAM. He explains that their encounter in Artaria must have awoken her Metroid side's aggression towards Mawkin, and she has since been evolving into a complete Metroid. Pleased with Samus and declaring that he was right to have spared her in their first meeting, Raven Beak commands Samus to kneel before him so they may "bring order to the galaxy", revealing he posed as ADAM during the entirety of her journey through ZDR. Samus defiantly destroys his ADAM projection, and Raven Beak is found sitting in his throne room. He refers to Samus as his "daughter," revealing that his DNA was among the Chozo DNA infused within her when she was first adopted. Raven Beak expresses his disappointment in her disobedience before he and Samus engage in a final showdown.

Raven Beak overwhelms Samus a second time despite her new powers, once again holding her by the neck. He gloats that even without her cooperation, he can clone her to create an army of Samus Aran, the most powerful Metroid in existence. Samus's anger activates the full potential of her Metroid powers, allowing her to destroy Raven Beak's helmet through the crack in his eye and begin draining his life energy. Wailing and writhing in pain, Raven Beak fails to break Samus's grip as her rampant power begins draining Itorash itself, causing the fortress to crash into Hanubia.

Raven Beak survives the crash, but greatly wounded and with his armor damaged. As he prepares to face Samus once more, he is suddenly infected by a purple X Parasite, violently transforming into Raven Beak X. Using her latent power, Samus unleashes the devastating Hyper Beam to completely eradicate both Raven Beak and the X Parasite possessing him, ensuring that Raven Beak will never come back. Samus is then able to escape the explosive destruction of ZDR, leaving Raven Beak and all his work utterly annihilated.

---

When Samus Aran was finished, we were horrified and enraged at Raven Beak's crimes.

Me: I can't believe what Raven Beak was trying to do.

Nico: Creating a Metroid army in order to bring "order to the galaxy". The Metroids are dangerous, and they pose a threat to every living being by feeding off of the life energy of other organisms. This guy's got to be destroyed.

Suddenly, we felt something snap inside Bobby Santiago's mind as his eyes turn emerald green and he was surrounded by a rainbow energy aura with crystals, he unholstered his massive Crystal Sword of Tlaltecuhtli from his back, and as he approached Raven Beak, he left rainbow energy, rainbow fire, crystals, and crystal clusters with every step.

Bobby Santiago: Raven Beak, I will never forgive you for what you've done. It was bad enough that you tried to create a Metroid army from Samus' DNA and conquer the galaxy, but to also exterminate the Thoha Chozo tribe along with other innocent people who get in your way, that is unforgivable, and for that, I will see to it that I destroy you and your ambitions once and for all!

Then, Bobby Santiago screamed like a madman, as he was suddenly surrounded by a massive vortex of rainbow energy with crystals of many shimmering colors surrounding the vortex, there's a crystal dragon flying around the vortex, and inside the vortex is an emerald green phoenix. Then, as the vortex faded, Bobby Santiago emerged, but he was changed forever.

Bobby Santiago grew to 7'0" in height, just like Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Lars, Leif, Lexx, Levi, Leon, and Lynn Jr., Bobby now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has beautiful emerald green eyes and a rainbow energy aura with crystals of many beautiful shimmering colors surrounding him, his black hair grew to reach the bottom of his neck and it was tied up in a ponytail and he has emerald green highlights in the bangs, he has a crystal phoenix and crystal dragon emblazoned on his forehead, he has on phoenix earrings with a red crystal cluster in its claws and a necklace with a dragon holding a green crystal cluster in its claws for the pendant across his permanently bare chest. Bobby Santiago has massive black angel wings with different colored tips on the large feathers in shimmering colors with crystals falling from the tips for his new body.

Bobby Santiago has on his new large cuff Bracelets of the Champions of The Universe with rainbow gems on his wrists. Bobby Santiago also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, and Lynn Jr., but his version of He Man 2002's loincloth is green, he has on long green trenchcoat flaps with crystals, a crystal dragon, and a crystal phoenix on the coattails held up by his new Belt of Elemental Bravery with large rainbow gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large green weighted bands on his large biceps and thighs, large blue jeans with crystal clusters on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large colored orbs orbiting around his legs. The massive, wide, double-edged emerald blade of his Crystal Sword of Tlaltecuhtli grew to 6'5" in length, the long black handle grew longer, the amethyst wings crossguard grew larger, and the large sapphire blue crystal sphere pommel has rainbow gems surrounding it.

Bobby Santiago has a soul patch under his chin, he has the image of him and Lori kissing tattooed on his massive and wide right pec, a crystal dragon and crystal phoenix and an emerald green kanji tattooed on Bobby Santiago's wider and more muscular back, and the emerald green kanji below the crystal dragon and crystal phoenix said, "Bobby Santiago, Hardworking and Loving Son of Maria and Arturo Santiago, Loving Older Brother of Ronnie Anne Santiago, Loving Husband of Lori Loud, Loving Father of Many Children, Master of Crystals and Fire, Defender of The Santiago-Casagrande Familia, Slayer of Evil, and Leader of The Crystal Brigade" Bobby Santiago has transformed into SUPER ANGEL 750,000,000,000 CRYSTAL DRAGON CLUSTERSTORM PHOENIX ANGEL OF MEXICAN JUSTICE!

We were amazed by Bobby Santiago's Super Angel 750,000,000,000 transformation, and when Lori saw it, she had an atomic red blush on her face and hearts in her eyes. But, when Raven Beak saw it, he fell into an even darker rage.

Me: Whoa, holy crap, it looks like Bobby's transformed.

Nico: You said it, Colonel. And judging from the atomic red blush on Lori's face and hearts in her eyes, she's really liking what happened to him.

Lori: Whoa, Boo-Boo Bear, you look literally even more awesome and seriously ripped. How do you feel?

Bobby Santiago: (Divine Echoing Cosmic Voice of Crystal Justice) I feel incredible, babe. And now, it's time for me to rip that overgrown buzzard's wings off and rip him to shreds.

Bobby Santiago went after Raven Beak, who fired a red laser blast at him, but he had dodged it, and Bobby fired powerful blasts of rainbow energy and rainbow fire, along with crystal swords, which hits Raven Beak, and they exploded with incredible power, and the crystal swords had slashed him badly. Then, Bobby grabbed Raven Beak, and he sucked out and absorbed all of Raven Beak's powers and abilities, and Bobby, along with the rest of us made them our own. Then, with his massive Crystal Sword of Tlaltecuhtli, Bobby Santiago slashed off Raven Beak's arms and wings as he screamed in excruciating pain, then Bobby tossed Raven Beak into the air with his brute superhuman strength.

Bobby Santiago: (Divine Echoing Cosmic Voice of Crystal Justice) Say your goodbyes, Raven Beak, because you're looking at a one-way ticket to Oblivion for good. CRYSTAL DRAGON KAMEHAMEHA!

Bobby Santiago fired a massive and powerful Kamehameha wave made of rainbow energy with shimmering crystals and a crystal dragon surrounding it, and as it hits Raven Beak, it exploded with incredible power.

Raven Beak: DAMN YOU, TEAM LOUD PHOENIX STORM!

The resulting explosion killed Raven Beak, and his spirit was Super Hakaied for good. We all cheered wildly for what Bobby Santiago did, as he holstered his massive Crystal Sword of Tlaltecuhtli on his wider and more muscular back and powered down, but his new clothes, weapons, jewelry, angel wings, and eight large colored orbs orbiting around his legs were permanent.

Lori went up to Bobby, and he wrapped his massive and muscular arms around her, and they shared a passionate kiss.

Lori: (Seductively and rubs her right hand on Bobby's massive and wide right pec) Bobby, you did an awesome job in getting rid of Raven Beak. Plus, I like what's happened to you.

Bobby Santiago: Thanks, babe.

Lori: Plus, you have the both of us kissing tattooed on your chest, that's so sweet.

The two of them shared another passionate kiss.

Ronnie Anne: (Smiles) I'm proud of you, Bobby.

Maria Santiago: We all are, Mija.

Wendy Darling: At least the Twisted me can rest in peace now.

David Cain: Of course she can.

Me: Thank goodness.

White Lightning: Like the other Twisted Princesses, she didn't deserve any of this.

Me: We sure did.

Black Lance: On the bright side, we sent Helga packing.

MetalSeadramon: Should we go after her?

Count Spankulot: No. Let's wait until she really becomes a threat.

Nico: Agreed. And she will be back. Like Plankton when he was after the Krabby Patty Secret Formula, she will always come back.

Plankton: That's true. And if Helga is in every way like me, we have to be ready for her.

Nico: Indeed.

Allie Knudsoon: Yep. But that's 3 Twisted Princesses destroyed and an unknown number to go.

Leap Frog: (To the viewers) That was an awesome shopping spree and it was so adventureous.

Me: It sure was.

Nico: Great job everyone. Great job.

We went back home to the estate and enjoyed the rest of the day.

THE END

Another awesome fanfiction done.

Shopping List from SpongeBob is one of the funniest episodes I've ever seen and it was so funny. Mr. KRabs coming up with those bogus ingredients was one of the funniest we've seen. Too bad he had the crap kicked out of him in the end. The episode aired on September 24th, 2018 and it was so awesome! The first part was for a visit to Starfire's home planet Tamaran and it had a Dead Space Downfall twist to it but without the Necromorphs and everything. The second part was for the movie Starship Troopers 3: Marauder and that was so awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this one. Thanks guys and thanks to the guest reviewer for the ideas. Thanks guys. Next up is a special chapter that is for a special project for Lincoln. It's News Report Project chapter that is going to chronicle the whole adventure. The first part for my rescue is gonna be on the National Geographic documentary world The Blue Moon from the show Extraterrestrial, The hypothetical planet. We're going to meet an MTG Lightning Dragon Gene-Slammer named Maria Verkhnenovokutlumbetyevo and she is from Russia and she will also have Celestia, Lightsworn Angel with her too. We're also going to battle Mekt Ranzz A.K.A. Lightning Lord. Me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Tara and

Stacy Bolton are gonna be in that one and Tara is gonna transform too so I'll need the transformation sequence for that one. Lincoln's rescue is going to be in Acme Looniversity and we're going to help the alumni battle Mr. Hitcher. And Twilight Sparkle is gonna have a few choice words for Edward's brothers, Cheesly, Apline, Fancypants and Phillip and she is gonna give them the worst reprimanding ever and show what happens when you mess with Edward and the Princess of Friendship! BRACE YOURSELF FOR ONE OF THE MOST EPIC PUNISHMENTS FROM THE PRINCESS OF FRIENDSHIP HERSELF! The next chapter is for a land version of the SpongeBob episode Mustard O Mine and like I said, this whole chapter is gonna be a News Anchor Chapter. Like how I did it with Rachel San Diego a while back. We're going to face another of the Twisted Princesses in it.

See you all tomorrow

(NEWS REPORT THEME PLAYS)

Announcer: This is Team Loud Phoenix Storm News, Capturing Todays Events with The Greatest Force in The Universe.

The camera turned to me sitting at a news desk at the estate.

Me: Good afternoon everyone. I'm James Dean Knudson, Leader of Team Loud Phoenix Storm and this is TLPS News. Welcome to an amazing set of events that have taken place over the course of today. We have an amazing set of stories for you all. First is this morning where we had our rescue for me. Our rescue took place 50 light-years from Earth on the Blue Moon. And that was a very interesting one.

---

Over on the Blue Moon, Me, Eli, Allie, Nene, Maria, Missy, Qin, Erica, Nora Venice, Lillian, Ellie, Marie, Simone, Miranda, Gina Pele, Syrus, Dark Magician Girl, Nelanie, Tara and Stacy Bolton were flying over the land and it was beautiful.

Stacy: Where are we right now?

Me: This is the planet called The Blue Moon. We're 50 light-years from Earth.

Allie Wilde: Wow! These trees go on forever!

Eli: Incredible! Wow!

Missy: And they are filled with water in pools.

Simone: This is amazing! I can't believe that these trees cover the entirety of the planet.

Me: The cool part is that they look like water from space. But what it really looks like is a huge forest that is an enormous network of trees and sky ponds.

Miranda: Wow! This is amazing!

THUNDERCLAP! THUNDERCLAP!

Gina Pele: Whoa look out there!

We saw a massive storm brewing and on the Blue Moon, storms are a nasty hazard.

Me: That's right guys. The Blue Moon is a very volatile world. Fires here are far more deadly because of the high oxygen levels. Oxygen here is like what Earth had during the Carboniferous Period over 350 million years ago. They are ignited by lightning.

Stacy Bolton: Right! I remember that. That was crazy.

Stacy concentrated and groaned as her skin turned pink.

Tara: It sure is a scary planet. But the creatures here are amazing.

Stacy turned into SHREDGIRL!

Marie: (Russian Accent) Yeah! But this is all amazing.

Maria: Guys, I don't think we're alone.

We saw lightning strike all over and we saw a figure come out and it was Mekt Ranzz A.K.A. LIGHTNING LORD!

---

Lightning Lord is Mekt Ranzz from the farming world of Winath. He is an enemy of the Legion of Super-Heroes and a founding member of the Legion of Super-Villains. Mekt is the older brother of two Legionnaires, both Lightning Lad and Light Lass.

Mekt Ranzz was born the first of three children on the planet Winath.

In Winathian society, it was common for parents to give birth to twins, but Mekt was born an only child - a fact that later made him an outcast in Winathian social circles. When he was still a young child, Mekt's parents gave birth to twins, Garth and Ayla. Years later, when all three were teenagers, they attended a party on an alien planet. Returning home, their shuttle craft malfunctioned and they crashed on the planet Korbal. They discovered that their ship had run out of power and that its engines needed to be recharged. Garth Ranzz lured a herd of Lightning Beasts towards the craft hoping to use their electrical discharges to power the ship. The animals' energy bursts struck the teens however and not the ship, imbuing all three of them with the ability to generate electricity. Mekt, Garth and Ayla used their powers to recharge the ship's engines and return home.

Following this incident, Mekt quickly withdrew from society and disappeared into the galactic underground. Garth had no idea what fate had befallen his brother, and began searching neighboring star systems in the hopes of finding him. It was on this search that Garth met Rokk Krinn and future wife Imra Ardeen shortly before the formation of the Legion of Super-Heroes.

Mekt however, still scornful for not having a twin, continued to develop a more antisocial personality and this resentment ultimately led him to a life of crime. When next he resurfaced, he had aligned himself with similarly-minded individuals known as the Cosmic King and Saturn Queen. Calling himself Lightning Lord (a pastiche of his brother's code name Lightning Lad), he helped to establish the Legion of Super-Villains.

Lightning Lord and his villainous Legionnaires clashed with the Legion of Super-Heroes many times over the years, the rivalry between his brother and he growing stronger with each conflict. When Ayla Ranzz came of age and began calling herself Lightning Lass, Mekt tried unsuccessfully on numerous occasions to persuade her into a criminal lifestyle. Mekt's mental instability not withstanding, he actually cared very deeply for his sister, and only tried to corrupt her so that he could be closer to her.

Me: Whoa! Mekt Ranzz A.K.A. Lightning Lord!

Lightning Lord: The famous J.D. Knudson, Leader of Team Loud Phoenix Storm. You are quite a formidable force to be reckoned with. It's an honor to meet you in person.

Me: Same here. You are from the 30th Century. It's amazing that you gave the Legion of Superheroes a really powerful time.

Lightning Lord: Indeed. News about you in the 30th Century is really impressive.

Me: I can tell.

Maria: Wait. Are you seriously the first villain from your century that we're facing right now?

Lightning Lord: That is correct my dear. In the future numerous superheroes from my time have all come together and formed into the Legion of Superheroes. But it's not just in my time it's also in this time too.

Me: I've ready about that in the comic books.

Lightning Lord: Indeed. It's also the same with the supervillains. We formed the Legion of Supervillains.

Me: Very impressive feats for times 900 years apart.

Lightning Lord fired a blast of lightning at Maria but she dodged it.

Maria: Hold on a minute! (puts on rubber gloves) There! Try zapping me now!

He did so and Maria blocked it with her hands!

Maria: You know rubber doesn't conduct electricity right?

Lightning Lord: Very impressive.

Me: Your lightning powers are really amazing. I also remember you have the power to absorb lightning. Lets see how that works.

I fired a massive blast of lightning at full power and it hit him and he was overloaded!

Eli: Whoa! Your lightning overpowered him bro!

Me: It sure did. I guess my powers have become so strong that it was too much.

Lightning Lord: Indeed. Your power is really impressive J.D.

Suddenly, Tara Markov's blue eyes turned neon blue, and she was surrounded by an orange and yellow energy aura with rocks and lava, and she left orange and yellow energy, rocks, and lava with every step. Then, Tara Markov was surrounded by a massive vortex of orange and yellow energy with rocks and lava surrounding it, there was a dragon made of molten magma flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Tara Markov emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Tara Markov grew to 6'0" in height, she has the body of a goddess, she has neon orange highlights in the bangs of her long yellow hair, she has a phoenix with a purple gem with the Mark of Scath in the gem emblazoned on her forehead, she has large blond angel wings with orange tips on the large blond feathers and lava dripping from them, she has on phoenix earrings with the Earth Kanji in its claws and a necklace with a phoenix holding the Earth Kanji in its claws for the pendant, she has on a sleeveless black blouse with an orange phoenix, blue skirt with lava on it, and brown leather ankle-high combat boots, and a long blue sleeveless trenchcoat with lava and rocks and on the back of the sleeveless trenchcoat is a phoenix. Tara Markov has on her new Bracelets of The Champions of The Universe with purple gems on her wrists, Belt of Elemental Bravery with large purple gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's an orange kanji below the phoenix that said, "Tara Markov A.K.A. Terra, Amazing Member of The Teen Titans, Loving Daughter of Queen Markov and Loving Sister of Geoforce and Gloria, Loving Wife of Garfield Logan A.K.A. Beast Boy, Loving Mother of Two Beautiful Daughters, Slayer of The Tyrannical King Markov and Slade Wilson, Slayer of Evil, and

Master of Earth, Fire, and Lava."

タラ・マルコフはテラ、ティーン・タイタンズの素晴らしいメンバー、マルコフ女王の愛する娘、ジオフォースとグロリアの愛する姉妹、ガーフィールド・ローガンA.K.A.の愛する妻としても知られています。ビーストボーイ、二人の美しい娘の愛情深い母親、暴君の王マルコフとスレイドウィルソンの殺し屋、悪の殺し屋、そして地球、火、溶岩のマスター

Tara Markov has transformed into SUPER ANGEL 750,000,000,000 GEOFORCE LAVASTORM PHOENIX ANGEL OF LOVE AND JUSTICE!

We were amazed by Tara's Super Angel 750,000,000,000 transformation.

Me: WHOA! Tara transformed!

Eli: Wow! Tara you look incredible!

Nelanie: (Laos Accent) Wow! How do you feel?

Tara: (Divine Echoing Cosmic Volcanic Voice of Fiery Justice) **I feel amazing Nelanie and this power is more than enough to stop Slade times infinity. I can't wait to show Garfield and my kids.**

Lightning Lord: Very impressive. You all clearly have come a long way in terms of power.

Tara: **So we have.**

Tara pulverized him all over the place with incredible power and then we tied him up.

Maria: Oh, we're not going to kill you. But we WILL pummel you senseless and throw in prison. That way, we can interrogate you to find out more about the Legion of Superheroes' time period.

Me: But you are a gifted man and have a sense of honor.

?: That's right!

Out came a Lightning Dragon from Magic The Gathering and on it was a Celestia, Lightsworn Angel!

Me: Whoa! Lightning Dragon and Celestia, Lightsworn Angel!

Celestia: That's right J.D.

Lightning Dragon: (Russian Accent) It's an honor to meet you. My name is Maria, Maria Verkhnenovokutlumbetyevo.

Me: Whoa! You're a Magic The Gathering Monster Gene-Slammer.

Maria Verkhnenovokutlumbetyevo: That's right.

Tara: That's incredible.

Eli: Wow! The first one we found among many.

Nelanie: That is amazing.

Maria: We're meeting a LOT of new lightning people today.

Me: Boy we sure are.

MAria Verkhnenovokutlumbetyevo: That is amazing.

Celestia: I heard you all have been meeting some of my fellow Duel Monsters.

Me: We sure have and it is really cool. Lets get you back to normal Sonia and then we can talk.

I put on my blind man glasses and Lightning Lord closed his eyes and Eli and Syrus covered their eyes and I snapped my fingers and Stacy and Maria were reverting back.

Stacy: (regains her skin color) I honestly have lightning powers too.

Maria Verkhnenovokutlumbetyevo: (Loses her wings and regains her two eyes) That's amazing.

They both were back to normal and Stacy was topless and Maria was in her birthday suit and Maria gave Stacy a new shirt and she gave Maria new clothes.

They put them on.

Maria Verkhnenovokutlumbetyevo: Wow these clothes are amazing.

Celestia: Boy they sure are.

Me: I think so too.

Simone: And in case you try to transform again Maria, reign the power in with the strength of your will. We did it and so can you.

Maria Verkhnenovokutlumbetyevo: (Holds head in pain) Okay.

She concentrated and then…

THUNDERCLAP!

A massive blast of lightning exploded out of her and then she had a red aura around her and that showed that she was engrafted.

Maria Verkhnenovokutlumbetyevo: Whoa! That was intense!

Me: It sure was. Lets get back to Earth and interrogate Lightning Lord here.

Lightning Lord: Just be glad it was me you were facing today instead of the Fatal Five.

Me: That is true. But if we do face them we will be ready for them.

We went back to Earth. We told everyone everything that happened and it was awesome.

---

Me: That was a really cool rescue. Our next rescue for Lincoln was over in Acme Looniversity and that is one that was full of crazy shenanigans as we took down the evil Mr. Hitcher, the homicidal maniac who just escaped last week from a maximum security prison as they were getting ready to execute him and we also had a surprise when we saw that Edward's 4 older brothers, Cheesly, Alpine, Fancypants and Phillip were with him and what happened next was incredible. We warn you though that this is gonna have some pretty graphic content as it will have Twilight Sparkle giving the Platypus Brothers one of the biggest reprimandings of all. Again you have been warned.

---

After our adventure and rescue in The Blue Moon, Lincoln, Me, Nico, Eli, Nicole, Raven, The Tiny Toons, The Looney Tunes, The Bean Scouts and Squirrel Scouts, and Twilight Sparkle are heading down to Acme Looniversity in Acme Acres, and not only is Lincoln to rescue the fourteen girls there, but we're also going to battle Mr. Hitcher, and we had also got word that Edward's brothers, Cheesly, Alpine, Fancypants, and Phillip are also there, and Twilight Sparkle's going to give them the worst reprimanding ever, and show them what happens when they mess with Edward and The Princess of Friendship.

Lincoln: Ah, we're here in Acme Looniversity in Acme Acres, and I think I know what we're going to do here, not only am I going to rescue the fourteen girls there, but we're also going to help Buster Bunny and his friends battle Mr. Hitcher.

Me: That's right, big guy. This guy is a dangerous serial killer, and Plucky and Hampton told us about him. Plus, police have been after him for a long time, he's killed a lot of people over the years, so he is looking at death big time.

Buster Bunny: Once we bring him straight to court. I called the surviving victims and brought them to Gotham Royal York, so they can testify in front of the court.

Plucky Duck: Me and Hampton were lucky to get out alive, otherwise, we'd be next.

Nico: Don't worry, Plucky, he won't be killing anyone ever again, because he's going to face death in a court of law. Plus, we also got word that Edward's four older brothers, Cheesly, Alpine, Fancypants, and Phillip are also there.

Edward Platypus: What?! They're also here in Acme Looniversity? Oh, they're going down hard.

Twilight Sparkle: And after we get through with killing Mr. Hitcher and pummeling Edward's four older brothers, I'm going to give them the worst reprimanding ever.

Eli: This should be good.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fourteen girls, but they've been cornered by Mr. Hitcher and Edward's four older brothers, Cheesly, Alpine, Fancypants, and Phillip, and Mr. Hitcher's going to kill them.

Lincoln: Guys, I found the fourteen girls, but they've been cornered by Mr. Hitcher and Edward's four older brothers, Cheesly, Alpine, Fancypants, and Phillip, and Mr. Hitcher's going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched Mr. Hitcher in the face, and Raven put up a dark energy field to keep Cheesly, Alpine, Fancypants, and Phillip from escaping. Then, we'd unholstered our massive swords from our backs, and Buster Bunny and his friends unholstered their massive Swords of The Next Generation of Looney Tunes, and The Looney Tunes unholstered their Swords of The Legendary Looney Tunes, and we charged after Mr. Hitcher, and we blasted him with neon colored energy blasts and elemental forces, and Raven forced Edward's four brothers to watch.

Then, Lincoln bound Mr. Hitcher using McWolf's Chains of Torment, and we then loaded him up into a station wagon and got him sent to jail. Then, we all piled on and brutally pummeled Cheesly, Alpine, Fancypants, and Phillip. Then, Twilight Sparkle proceeded to give those four bullies the reprimanding of a lifetime.

Twilight Sparkle: No words can even express just what kinds of monsters you were to Edward and to all of Prickly Pines, Cheesly, Alpine, Fancypants, and Phillip. You are a bunch of HEARTLESS, SELFISH, EVIL, SADISTIC, MONSTROUS, STUCK-UP, INCONSIDERATE BASTARDS FROM THE DARKEST DEPTHS OF HELL!

Cheesly, Alpine, Fancypants, and Phillip had lost their colors when they heard all of that from Twilight Sparkle, and our jaws literally hit the floor when Twilight Sparkle gave the four brothers the nastiest reprimanding ever, and Lincoln recorded the whole thing. Then, he went up to Twilight Sparkle, and he hugged her and kissed her.

Lincoln: Twilight, that was an awesome reprimanding.

Twilight Sparkle: (Smiles) Thanks, Lincoln. Plus, those four give brothers like you a bad name.

Lincoln: You said it. (To Cheesly, Alpine, Fancypants, and Phillip) Alright, you four, beat it!

Edward Platypus: You heard the man, now you and the others scram, Cheesly.

Buster Bunny: And don't let us catch you and your brothers here again.

Cheesly, Alpine, Fancypants, and Phillip ran for their lives, but they glared at us with hatred.

Cheesly: You haven't seen the last of us!

Unknown to them, Lincoln put four trackers on them, which'll warn us if they come back, and give us a warning.

Nico: Linc, did you put trackers on them?

Lincoln: Yeah, remember what happened with Rotwood, Brad Morton, Squidward, and Master Frown before they joined us? If those four show their faces again, the trackers will send a warning to the computer in the Estate and our Bracelets of The Champions of The Universe, and we pounce on them.

Nico: (Smiles) Nice one, dude.

Lincoln and Nico high-fived and the elemental forces came out from their hands.

Then, Lincoln and Nicole went up to the fourteen girls, and when Lincoln saw them, he immediately recognized them. The fourteen girls were Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka from Sgt. Frog.

Lincoln: Oh wow, it's Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka.

Nicole: From Sgt. Frog, awesome.

Lincoln: Are you girls okay?

Angol Mois: Yeah, we're okay, thanks to you.

Then, when Angol Mois and the thirteen girls saw who it was that saved them from Mr. Hitcher and Edward's four brothers, Cheesly, Alpine, Fancypants, and Phillip, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Princess Kaguya: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Angol Mois: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and

handsome.

We returned home to the Estate, and we told everyone what we did to Mr. Hitcher, an enemy of the Acme Looniversity Alumni, and Twilight Sparkle also gave Edward's four older brothers the worst reprimanding ever, and sent them running, but they'll be back. As for Mr. Hitcher, he was found guilty of the murders he's committed and he was sentenced to death, and he was chained to a post, and Lincoln fired a powerful rainbow energy blast which exploded and killed Mr. Hitcher, and Super Hakaied his spirit for good. We got rid of a minor enemy of the Acme Looniversity Alumni, but there's bound to be more coming in.

---

Me: WHOA MAN! That was awesome! Way to lay down the law on those 4 duck-billed freaks Twilight. Now Lincoln's date took place here at home and it is snowing outside. We go over to our meteorologist Nicole Knudson.

Nicole: Thanks dad and the weather for Lincoln's date was cold and snowy and it was perfect for a snow day outside. We were expecting 6 to 12 inches of snow that day and it really piled up fast. But the rest of the week is gonna be beautiful and cold. Back to you.

Me: Thank you and here is the footage from the date.

---

After getting rid of Mr. Hitcher and driving Edward's brothers away after the reprimanding, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Me: Hey, Linc, you and the girls heading out?

Lincoln: Yeah, we're going to go out, and have some fun in the snow. And we also bundled up, winter is fast approaching Michigan.

Me: And we also got some hot chocolate with marshmallows for you guys when you come back.

Lincoln: Keep them warm, J.D.

Lincoln and the girls went outside, and they saw the snow falling on the streets of Gotham Royal York, and it was a beautiful winter wonderland.

Ryuko Matoi (TLPS universe): Wow, it's so beautiful.

Yuna Kamihara: You said it, I've never seen snow before, since I've lived in the tropics.

Lincoln: When winter comes and snow starts to fall on Michigan, the state is then transformed into a beautiful winter wonderland, and where there's snow, there's always fun.

Lincoln and the girls had fun by sledding on the steep hills on his improved sled, Old Red, to seat him and the girls. Then, they also built a snow sculpture of a phoenix out in front of the Estate, which we took a picture of as soon as we saw it. Then, the rest of us joined Lincoln and the girls for a snowball fight, but Lincoln and the girls sprung an ambush on us, and they pelted us with snowballs.

Nico: (Laughs) Oh man, Linc and the girls got us.

Buster Bunny: How did he know where we were?! We were careful not to get spotted.

Trunks: I think I know how we got spotted, Buster, and it wasn't just Lincoln sensing all of our energy signals and catching us with his superhuman senses. Now, I don't want to name any names, but… , Plucky, what did you do?

We soon found out that Plucky had brought out a flag with his face on it.

Babs Bunny: Ugh, Plucky!

Plucky Duck: What?!

Me: That's the first rule of a military ambush, Plucky: Never give your position away to the enemy.

Lincoln: (Laughs) I should've guessed it: Plucky always wanted to be the center of attention, just like his mentor, Daffy.

Me: And I've seen more than enough of his cartoons to prove that.

Trunks: Oh, Plucky's going to be in the center, alright… , the center of a severe snowball pelting for giving our position away to Lincoln and the girls! Acme Looniversity Alumni, get out your snowballs!

We saw the Acme Looniversity alumni turn their snowballs on Plucky, as payback for exposing their position.

Me: UH OH!

Nico: Ooh, not good, Plucky's going to be one iced duck once those snowballs start flying.

Plucky Duck: (Meek Voice) Mother.

Daffy Duck: You shouldn't have done that, Plucky. Now, you've got to take your punishment for disobeying military rules like a man.

Trunks: Ready… Aim… FIRE!

Nico: HIT THE DECK!

Once the command was given, they fired their snowballs at Plucky, and when the snow cleared up, Plucky was covered head to toe in snowballs. Plucky walked up to Trunks, still dazed and freezing from the snowball barrage.

Plucky Duck: You're… you're… you're despicable! (Faints)

We grabbed Plucky, and we went back inside the Estate, and we got really warmed up and we had a hot cup of hot chocolate with marshmallows, and Plucky had gotten warmed up by a fireplace and he wound up getting unfrozen.

Lincoln: That was a lot of fun we had today.

Ryuko Matoi (TLPS universe): You said it, we went sledding on the hills on Big Red, made a snow sculpture of a phoenix, and then, we had an awesome snowball fight.

Nico: Which Lincoln and you girls won, no thanks to Plucky exposing our position with trying to be the center of attention.

The Acme Looniversity and the Looney Tunes laughed, and Plucky lowers his head in shame.

Buster Bunny: And of course, Trunks administered Plucky's punishment, the snowball pelting of the century.

We warmed up before we had to get to work at Lynn's Table.

Me: Woo! Plucky sure got one awesome pelting during that snowball fight.

Nicole: He sure did.

Me: In Ambassador news we now go to Arkayna and Zarya as they are about to embark on another awesome ambassador mission to the world of Blue Dragon and we're going to see them face another one of Nene's enemies before our big arrival there on January 7th.

---

Later Arkayna was getting ready to visit the world of Blue Dragon.

Arkayna: Hey, Zarya. Wanna go visit Shu with me?

Zarya: You bet I do Arkayna and it will be amazing to go meet them with you.

Nico: Have fun you two.

Me: Lincoln says hi to Zola by the way.

Arkayna: I'll be sure to tell her that. Thank you.

They went through the portal to the world of Blue Dragon.

They arrived and Arkayna and Zarya saw Shu and group.

Zarya: You must be Shu.

Shu: I sure am and you must be Zarya Moonwolf. Arkayna told us so much about you.

Zarya: It's awesome to meet you all.

Kluke: Wow your hair is beautiful.

Zarya: Thanks Kluke. I heard that you all have done so much here.

Zola: We sure have and it's amazing that J.D. has you as one of his future wives. We're proud of him and you.

Zarya: Thanks Zola and Lincoln says hello.

Zola: Tell him I said hello too.

Arkayna: So anything new happening?

Shu: We're about to drive off one of our enemies and that is General Logi.

Zarya: Must be one of Nene's top generals.

Zola: Actually he is an independent man.

Zola told them about him.

---

General Logi is an anime-exclusive character in the Blue Dragon universe. He initially portrays as a villain in the first season but later revealed to be a descendant of the Seven Soldiers of Light, and becomes more supportive to Shu's party in the second season.

General Logi is one of Gran Kingdom's elite generals and has known Zola for quite some time. He was the leader of her team when she joined the Gran Kingdom Army. It was during this time that he gained a scar on his left eye from her when she wasn't listening during one battle.

During General Logi's first encounter with Shu and the others, he easily defeated them with his artificial shadow named Valkyrie, leaving normally hot-headed Shu shaking in fear. Then Nene grants General Logi his own Independent Flying Squadron of artificial shadow wielders as his reward.

In his first encounter with Shu, his Valkyrie and Shu's Blue Dragon were equal in power. Blue Dragon managed to wound Valkyrie. When Zola appeared and told Shu to fall back, General Logi told his Independent Flying Squadron to retreat.

It is later revealed that he had Gran Kingdom's Secret Intelligence Agent Delphinium orchestrated the theft of the Extra Seven so that his scientists can research them. Upon learning this, Zola leads her group to where Logi's airship was last sighted. To prevent the Extra Seven from being reclaimed, he had Power Boosters made to enhance the powers of the Independent Flying Squadron's shadows. He assigned Gilliam, Todd, Bishop, and Cynthia to be the first defense while Lemaire, Andropov, and Schneider are to be the second defense. With Gilliam, Todd, Bishop, and Cynthia defeated and the other squadron members occupied, Logi challenges Shu to a rematch with Kluke while Bouquet infiltrated the airship. Logi overpowers them, tiring out Kluke and knocking Shu and Blue Dragon down, while they manage to cut off Valkyrie's left-wing. Shu manages to go into overload endangering the area around him and managing to wound General Logi. Andropov and Schneider managed to get General Logi out of there at the last minute and retreat.

In a status report when visiting Nene in his Galleon, General Logi mentions that he lost Lemaire and Cynthia in battle. Nene instructs General Logi to take a break while General Szabo advises Nene to have General Logi step down as leader of the Independent Flying Squadron.

General Logi's scientists discover a strange temple somewhere in the north and inform him. General Logi tells Andropov and Schneider to watch over things while he's away.

When it came to the battle against Nene's forces at Coreed, General Logi waited for the right moment to summon Arceus. After Nene's destruction, General Logi announced his group's secession from Gran Kingdom by having Schneider take over Castle Des la T*** and by having Andropov attack Gran Kingdom fleets.

Upon being informed by Delphinium that some of Gran Kingdom's soldiers are either fleeing or even deserting, Logi informs the rest of his troop they are officially leaving Gran Kingdom, leaving a displeased Delphinium. Later that night, General Logi is attacked by Delphinium who was displeased that General Logi is abandoning Gran Kingdom. When Andropov and Schneider arrive, Delphinium escapes while General Logi tells them not to go after her. The next day, he oversees Andropov and Schneider's training for what he has planned next.

General Logi then establishes Rosekstan (an offshoot of Gran Kingdom that serves as a Shadow Extremist nation) in a Gran Kingdom-occupied town and persuades the civilians and Gran Kingdom army remnants there at the time to join his cause. He fights Zola again which ends with Kluke being kidnapped. He ends up interrogating her about what Zola is up to.

In the next encounter, his true shadow is revealed and Zola was rescued by Kluke. It is later revealed that General Logi is one of the descendants of one of the Warriors of Light when Odin's statue emerges from the Sealed Grounds. When Zola goes rogue, he, Delphinium, and Deathroy help to fight her.

---

When she was done they were amazed. Another potential member of the Redemption Squad was coming.

Zarya: That's amazing.

Arkayna: Looks like we have another potential member of the Redemption Squad coming.

Kluke: Wait. Is this being filmed?

Zarya: It's all right. It's for a project J.D. and Lincoln are working on.

Kluke: Oh. That makes sense.

Arkayna: And I sense trouble coming.

Zarya and Arkayna put their cloaks up and then they fired energy blasts and they hit a cliff and blew a man named Salinas away into the distance.

Zola: That was Salinas.

Zarya: Must be a spy for the Gran Kingdom.

General Logi came out!

Logi: (shakes his head) Salinas, you idiot. (sees Arkayna and Zarya)

Who are you two? Shu and Blue Dragon's new girlfriends?

Zarya: I'm actually spoken for already.

Arkayna: And I'm actually Shu's sister figure thank you very much. But if you must know, I'm Arkayna Goodfey, Princess of Drake City and Leader of the Mysticons.

Zarya: And I'm Zarya Moonwolf, Arkayna's sister and Archer of The Mysticons.

Shu: That's right Logi.

Logi: If you two are helping Shu and Blue Dragon take me down, I'm not going down without a fight.

Arkayna: Actually we see you as a potential member of our Redemption Squad.

Logi: Wait a second.

He saw the symbol of Team Loud Phoenix Storm on her shirt.

Logi: Team Loud Phoenix Storm!? You guys are coming to kill Nene.

Arkayna: That's right. But not until January 7th. So hold out till then.

Logi: Okay.

Later they came back home.

Me: Guys have fun?

Zarya: Boy we sure did.

Arkayna: It sure was cool

Rainbow Dash: Maybe I should become an ambassador next.

Me: Good idea R.D.

Nico: That would be so cool to see.

Laney: It sure would.

---

Me: In restaurant news, Jared Knudson my son and Nico got into an awesome new eating contest where they eat the most hated vegetables in all of the world: BRUSSELS SPROUTS! Get ready because this is gonna be one crazy dare folks.

---

At Lynn's Table, Jared and Nico were engaged in a really dangerous dare.

Sandman: Oh God. What body killing dare are you two doing?!

Me: It's a Brussels Sprout Eating Contest.

Jared and Nico were eating bowl after bowl after bowl of Brussel Sprout Soup. They were guzzling down the green soup like no tomorrow. We were watching them eat and more.

May: GO NICO! GO GO GO GO!

Gaara: Wait. Don't vegetables usually give people the farts?

Me: They sure do.

Nico and Jared ate 50 bowls of soup and they were BOTH STUFFED!

Nico: Oh man! I can't eat anymore!

Jared: Me neither!

Laney: This contest is a tie!

Me: Whoa! That is awesome!

Rainbow Dash: Yeah no kidding! That was awesome!

Nico's stomach rumbled.

Nico: UH OH!

Skullcruncher: EVERYONE, TAKE COVER!

We ducked and covered!

Nico's Stomach growled and then…

FFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRR

Nico farted explosively and then we opened a window and it was funny and awesome.

Warpath: Well, I hope it was worth it, you two.

Jared: It was.

Nico: Yeah. Just be careful around me as it will be stinky for a while.

Me: You gave it your all guys. Good job.

Nico: Thanks.

Jared: Thanks dad.

---

Me: Hoowee! That was a stinky contest but it was funny. And now comes the moment you all have been waiting for. It's time for the main adventure and we're gonna go into a place that no one even would think was possible. We all are gonna go into a strange mine where sauces live and our mission is to get more mustard for the restaurant.

---

At the restaurant we were having lunch.

Commando Man: J.D., you know it's your turn to lead today, right?

Me: Yes I do.

A huge line was at the restaurant as we were eating. It turns out to be Mustard Day and Lincoln is giving away mustard to the customers.]

Lincoln: Mustard, mustard, step right up for your mustard! [flips the mustard container] Some mustard for you. Eh, eh, eh. [sprays mustard on a little boy's Ulti-Meatum]

[The mustard forms into a t-rex and it roars mustard in the boy's face.]

Boy: [his face is covered in mustard] Cool!

Lincoln: [flips the mustard container] A bit of the yellow for you. Doy. [sprays mustard on Frankie Billy's Ulti-Meatum]

[The mustard forms into a sailboat. It whistles and rings its foghorn before it melts onto the patty. Frankie Billy laughs and skips away. Nancy comes up and whispers something in Lincoln's ear.]

Lincoln: Oh, okay. [winks at Nancy] Eh. [hops and spins the mustard container before spraying the mustard into a handsome man] And a Mr. Mustard for you.

Nancy: [purrs as walks with her Mr. Mustard while licking him] Mmm, yummy.

Lincoln: Hyah! [attempts to give mustard to Frank, but the mustard container is all out and it cough out a small drop of mustard]

Customers: Aw.

Lincoln: Hang on, folks, I'll be right back with more mustard. [hops on the mustard container and drives on it like a car] Whoo! [drives to the kitchen and goes to the condiment cabinet] Let's see. Ketchup. [slides ketchup door to mayonnaise door] Mayonnaise. [rolls up mayonnaise door to mustard door] Oh, mustard. [opens doors mustard door to find Lynn Sr. in it]

Lynn Sr.: Did we run out of mustard son!?

Lincoln: Yeah we did dad as a matter of fact.

Lynn Sr.: We'll have to go down to the Mustard Mines to get some more.

Stratos, Black Manta, Goro, Puppetmon, Dodgeball Wizard, Count Spankulot, David Cain, White Lightning, Black Lance, and MetalSeadramon then appeared.

Stratos: Can me, Black Manta, Goro, Puppetmon, Dodgeball Wizard, Count Spankulot, David Cain, White Lightning, Black Lance, and MetalSeadramon go with you guys?

Me: Yes you can.

Goro: What's our mission next?

Lily: Looks like we're going into the Mustard Mines this time.

Lynn Sr.: Yep. And it's the place where I got the mustard for the restaurant.

Walter Haddock: [offscreen] I wouldn't do that if I was you. [creepily comes in and spits on the grill]

[SpongeBob wipes the grill clean.]

Walter Haddock: That old mustard mine is cursed.

SpongeBob: [hugs Mr. Krabs in fear] Cursed?

Lynn Sr.: What kind of curse?

Walter Haddock: It's, uh, er, one of those-The Mummy's Curse.

Nico: I'm not scared of a mummy.

Walter Haddock: [holds up a creepy picture of his mother] We've all got mummies. Eh? [giggles] Mm-hmm. I've been in that mine. No one that enters gets out alive. [makes a creepy smile as a shrieking noise is heard; a spider crawls into his mouth and thunder claps]

SpongeBob: You got out and you're alive.

Walter Haddock: Ah, but am I?

Patrick: Yeah, you're standing right there.

Walter Haddock: But am I? [walks away in a creepy fashion]

Mr. Krabs: Yeah, you're right-[notices that he's gone, but he sees his foot] Hmm.

Squidward: I see your foot.

Walter Haddock: [slides his foot back] No, you don't.

Me: Oh brother.

Lily: Lets go get that mustard guys.

RD Lori: Something about that guy literally seems… off.

Me: Yeah I feel it.

We went to the mine and it was a dark one.

SpongeBob: Whoa.

[We stop at a long, deep shaft.]

Squidward: I wonder how deep it is.

Me: Wow that shaft goes a long ways down.

Laney: Yeah no kidding.

SpongeBob: I'll check how deep it is. [picks up a pebble, goes over the edge and falls into the shaft] Wahhh! [appears next to Squidward and Patrick] Don't bother jumping. That shaft has no bottom. Let's take the escalator.

Me: Convenient

Squidward: [pushes SpongeBob and Patrick aside] All right, spread out! [goes on the escalator]

Me: Here we go. Single file.

[SpongeBob and Patrick follow and go on the escalator with Squidward. They see coal miners go up the escalator.]

SpongeBob: Coal miners.

Me: Dirty job.

Eli: Yep.

[They see sulfur miners go up the escalator. The awful smell from the sulfur makes SpongeBob, Patrick, and Squidward cover their noses.]

SpongeBob: Ew.

Me: (VOMITS ON NICO)

Nico: HEY!

Me: Sorry.

Patrick: Sulfur miners.

SpongeBob: Phew.

Me: I HATE THAT SMELL!

[They see a group of kids go up the escalator.]

SpongeBob: Unaccompanied minors. [drum sting]

We laughed!

Luan: That was funny!

Eddy: (Laughs)

[SpongeBob, Patrick, and Squidward walk off the escalator.]

Squidward: All right, let's get to work, chowderheads.

Moe: Hey! That's my line!

Touma Yoimachi: You know, I can always make mustard for Mr. Lynn.

Puppetmon: One of the benefits of having lots of heroes with us? When we run out of supplies, we can always get more from a city we've visited

Me: That's true.

SpongeBob: Hey, I found something yellow. [pulls the yellow rock out of the wall; he was happy at first, but turned sad] Never mind, it's just gold. [throws it away]

Patrick: All I'm getting is dumb old diamonds. [throws and kicks several diamonds]

Nico: Save those for Mr. Lynn guys. We can use those to expand the restaurant and make it bigger.

Me: Good idea.

Lily: I was just about to say the same thing.

Lily sealed all the gold and diamonds into a scroll.

Squidward: Oh, we'll never find that mustard vein. [pokes the wall with the pickaxe and the wall crumbles into a hole, leading him to the subway] Oh, what is this?

Me: A subway station!? In a mine?

Lily: Strange huh?

Anakin: Guys, can I talk to some of you in private?

May: Sure, Anakin.

Anakin: (Telepathically) Without Eli?

Gru: Eli, why don't you go wipe off J.D.'s vomit off of Nico?

Eli: Sure thing.

Eli went to help Nico.

Me: What is it Anakin?

Anakin: I think we have company Eli might know.

Anakin pointed to a long lock of hair that went really long.

Me: Uh oh. Rapunzel is that your hair?

Rapunzel: My hair is all braided up.

Allie Knudson: It's Twisted Rapunzel.

Allie Wilde: Uh oh. What can you tell us about her?

Allie Knudson: It's not pretty.

She told us all about Twisted Rapunzel.

---

When Rapunzel and Flynn return to the shore after seeing the lanterns, Flynn leaves to go give the crown back to the Stabbington Brothers so he can spend the rest of his life with Rapunzel. Unfortunately, Mother Gothel and the Stabbington Brothers had a different plan. They tie Flynn to a boat with the crown and set him out on the river in direction of the kingdom, knowing that the guards would have him executed upon finding him. The Brothers then approach Rapunzel and inform her that Flynn left with the crown and was only using her. Rapunzel sees Flynn sailing off with the crown and becomes incredibly heartbroken. While in her fragile emotional state, the Stabbington Brothers capture her and take her to Mother Gothel. Mother Gothel had convinced the twins to accompany them and in return promised them riches greater than that of Rapunzel's hair or a crown. Upon returning to the tower, Mother Gothel attempts to console Rapunzel. She asks Rapunzel to sing her hair incantation under the guise of making her feel better. As she sings, Mother Gothel informs her that what she did was for the best. And that Flynn the thief deserved his fate. This caused Rapunzel to realize that it was her mother who was behind Flynn's "sudden change of heart". Rapunzel became filled with rage and anger and suddenly, Mother Gothel began to scream. Rapunzel's hair began to suck the life from Mother Gothel's body. "You did it!" Rapunzel screamed. Mother Gothel pleaded with Rapunzel but she was too consumed by hatred for her "mother" who was responsible for disposing of her true love. Mother Gothel's body aged quickly and then turned to dust in the curls of Rapunzel's hair. The twins witnessed this and retrieved their weapons to kill Rapunzel, but it was too late. Her hair wrapped around one of them and drained the life from him. The other twin escaped the tower and ran for his life. Rapunzel pursued him in hopes of getting revenge. The remaining twin upon escaping, began to inform other thugs and ruffians of the girl with the long golden hair that can give and take life as a means of putting bodies between him and Rapunzel. However, Rapunzel could not be deterred from her revenge and the last Stabbington suffered the same fate as his brother. Anybody that got in her way suffered as she had suffered. She retained the scars of her conflicts as a reminder of her pain and as a warning to others. All who sought her hair would pay. Unbeknownst to Rapunzel, Flynn escaped his fate and returned to the tower only to find the remains of one of the Twins and Mother Gothel's cloak. ---

We gasped in shock.

Lola: I remember that. Me, Allie, Lindsay, Hak Foo, Rippersnapper, Inferno (BW), Lori Jimenez, Francis, Cybertron Sideways, and Lea faced her.

Lori Jimenez: Yeah no kidding.

Nick F.: You got that right.

David Cain: If Eli hears this, it's going to destroy him.

Eli: Hear what? That there's a Twisted Version of Rapunzel here?

We gasped.

Me: We weren't sure how you would take it bro.

Rapunzel: I would never turn out like that bro.

Eli: I know Rapunzel. But this Twisted Version of you is awful.

RD Lucy: Eli, if you need to let it all out, go ahead. We won't think any less of you.

Eli: I'll be all right guys. But thank you all for your support and concern.

Rapunzel: Thank goodness Eli.

Subway PA: Local train approaching station.

[Deep in the tunnel, a train emerges and stops in front of us. The train opens its doors, revealing Lily, SpongeBob and Patrick already on board.]

SpongeBob: Hurry up, guys, before the doors close!

Patrick: It's the last train of the night!

Me: Lets go!

I scanned my ToQger Universal Train Card and we went on board and we were off.

Subway PA: This is a local mining train making all stops between Coal and Limestone. Next stop, Condiments.

SpongeBob: Oh, that's our stop.

Me: Yep.

[The train stops at the condiments vein. The doors open and we got off]

Black Lance: Nice thinking using your ToQger Universal Train Card, J.D.

Me: Thanks. Never leave home without it. Always carry it with me in case of situations like this.

Squidward knocks on the wall and punctures a hole with his pickaxe. Mayonnaise comes out of the wall and sprays into Squidward's face.

Squidward: Hmm. [sticks out his tongue] Ah, la, hmm. [licks the mayo] Ah! I've struck mayo!

Lana: Cool!

[SpongeBob punctures a hole on a different wall and a drop of hot sauce flies onto his tongue. He tastes the dropping and his body flares up, burning himself to a crisp.]

SpongeBob: Hot sauce. [his body crumbles into ashes]

Me: Ooh! Let me have some!

I got a taste and my fire aura intensified incredibly.

Me: Ooh! And it's the kind I like. Armageddon Hot!

Blood was dripping from my tattoo down my arm.

[Patrick goes to puncture a wall with his pickaxe, but flips over and falls to the ground; his pickaxe punctures a hole on the wall and ketchup spews out.]

Patrick: I struck blood! [grabs some of the ketchup and tastes it] Oh, no, it's ketchup! [slurps some more]

Lynn: Nice!

SpongeBob: We're getting close. [punctures a hole on the ground and mustard comes out; he takes a sample of mustard] Oh. [licks the mustard] Mustard. Ahhh! I struck mustard!

Me: MUSTARD!

Squidward: Mustard?

Patrick: Mustard?

SpongeBob, Patrick, Squidward: [dancing around in circles while twisting SpongeBob's body] Look at all the mustard flow! Look at all the mustard flow! That golden yellow fatty acid treat!

RD Sam Sharp: You know we're not in Bikini Bottom, right?

SpongeBob: Yeah we know.

Lily: It's just that we did stuff like this when I went down into the Mustard Mines myself with SpongeBob and Patrick.

SpongeBob: I remember that.

Me: Boy talk about history repeating.

Mr. Krabs: Very coincidental too.

Me: Now the question is how are we gonna get the mustard up to the restaurant?

Patrick: Let's use my head. [pulls his tongue and his pointy head revs up like a power drill]

[SpongeBob and Squidward go to use Patrick's drilling head to drill a hole in the ground. When all of a sudden, they hear a m*** sound. Smoke fumes around the tunnels and a shadowy creature appears.]

EVERYONE, Me, Eli, SpongeBob, Patrick, Squidward: The mummy!

Me: OH NO!

[The smoke clears and the shadowy figure reveals himself to be none other than the crazy old prospector, Walter Haddock.]

Walter Haddock: Stop!

Me: Walter Haddock!?

[Walter Haddock leaps in front of SpongeBob, Patrick, and Squidward, pulls a cork out from his mouth and plugs up the hole in the ground.]

SpongeBob: [gasps] It's the Mummy's Curse guy!

Walter Haddock: There ain't no curse! I just tried to discourage you chuckleheads from mining this mustard!

Me: Why?

SpongeBob: Oh, I get it, 'cause the mummy wants the mustard. Mystery solved.

SpongeBob, Patrick, Squidward: Hurrah!

Walter Haddock: [twitches his eye] 'Tain't no mummy! This mustard is sitting on top of 20 million pounds of pressure! If you open her up, she's gonna blow sky high!

Me: A volcanic pocket of mustard!

Nicole: He's right! This mustard is in a volcanic pocket of mustard.

[Suddenly, the ground underneath begins the shake, due to the force of Patrick's fall. Cracks begins to form and Walter Haddock dodges the incoming stalagmites from the ground. The mustard from underground begins to build up pressure and is about to erupt.]

Me: SHE'S GONNA BLOW!

SpongeBob: No, no, no, no, no, no, no! [tries to hold down the pressure, but the mustard begins to fill up inside his body] Whoa… !

Walter Haddock: Adiós, muchachos!

[Walter Haddock laughs manically and bounces around until he calms down when he goes up the escalator.]

Lily: OH MAN!

[Pressure builds up as SpongeBob's body grows bigger and bigger from the upcoming mustard. Patrick tries his best by corking up the holes. The screen zooms out to reveal volcanic pocket of mustard underneath Lynn's Table.]

Me: Mr. Lynn, the Mustard is coming right up!

[SpongeBob can't hold the pressure much longer as his eyes fill up with mustard. The ground under Lynn's Table rumbles and erupts a massive geyser of mustard through the roof and All of us bounce up and down on top of the geyser.]

Me: YEAH! This is awesome!

SpongeBob: Wow! Yee-ha! Yeah!

Rainbow Dash: WOW! What a geyser of Mustard!

[The mustard fills up the Lynn's Table inside. The customers are now satisfied and go to swim around in the mustard as well as eat their burgers and fries with mustard.]

MetalSeadramon: This mustard is perfect for me to swim in!

Me: YEAH!

Ariel: So fun!

Nico: WOO!

Me: Lets get all this mustard ready.

Twilight Sparkle: Leave all that to us!

Twilight Sparkle and the princesses all used their magic and put all the mustard into containers, condiment jugs and more and we had over 500 billion tons of mustard.

Me: Looks like Lynn's Table is not gonna run out of mustard anytime soon.

Tyrone McGee: Despite what some people think, mustard's really good.

Clam: Yeah! ZING ZING!

Me: Yep. And it goes great with Clam's spicy barbecue mustard sauce too. Adds a good Zing.

Laney: It sure does. To tell you all the truth, I love mustard more than any other sauce.

Eli: That's all right. Everyone has their tastes.

Goro: I think Twisted Rapunzel's backed off for now.

?: That's what you think!

We turned and we saw TWISTED RAPUNZEL!

Me: Rapunzel!

Eli then transformed and went Super Angel 3!

Eli: Twisted Rapunzel you will not hurt anyone again!

Twisted Rapunzel: What's wrong, Eli? Don't you recognize your own sister?!

Rothar: This is why we didn't want Eli finding out!

Eli: You are not the sister that I know!

Rapunzel: You are nothing but an evil version of myself! You are a monster that was poisoned by the lies of Gothel!

Count Spankulot: (Transylvanian accent) You have been very bad for killing many people, Rapunzel!

Twisted Rapunzel: Oh, like you guys haven't killed people before! Hey, don't hate on me for giving my so called mother what she deserves.

Me: Gothel DID get what was coming to her! But we don't kill people out of sheer hatred and evil! We do it for justice and love! People that are irredeemable deserve only one fate and that is death!

King Stefan: Lads, it's no good. We can't reason with her or fight her right now.

Maria: Stefan's right. If we're gonna do our entrance, we'll need to get some distance from her.

May: Leave that to me! (Freezes Twisted Rapunzel with ice gun)

ZAAAAAAAPPPP! FRRREEEEEZZZZEE!

Me: Okay now we can do it.

We jumped back and then numerous ships with lots of pirates from all over the seven seas and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and we came out.

Me: Okay now we can face her. But we all fought bad guys with or without the entrance many times before.

White Lightning: Wait. I think there's another person in here.

William: (to frozen Twisted Rapunzel) Don't go anywhere. We'll be right back.

We went over and saw Walter Haddock.

Me: Walter Haddock!? What are you doing here?

Burner Man: And how did you know where to find us?

Nico: Yeah that's what I want to know.

Dodgeball Wizard: Wait. Were you after the mustard?

Walter Haddock: No I wasn't. I was trying to warn you that it was all on a volcanic pocket.

Nicole: He's right.

Wendy Koopa: Wait. Volcanic packet?

Nicole: Yeah I told you about it. There was a huge volcanic pocket of mustard right underneath Lynn's Table.

Nicole showed us the pocket and it was HUGE!

Me: WHOA! That is huge!

Eli: Wow! What a huge pocket of mustard.

Me: Yep. Now lets face Twiated Rapunzel!

We went to face her as she smashed out of the ice block.

Twisted Rapunzel tried to use her hair to strangle Lea but Black Manta cut some of it off with his optic blasts.

Black Manta: (smugly) I'm sorry. Did I cut your hair?

Me: In fact you look better without it!

SLASH!

I cut her hair and made her hair short and it turned brown.

Then, Lincoln bound Mr. Hitcher using McWolf's Chains of Torment, and we then loaded him up into a station wagon and got him sent to jail. Then, we all piled on and brutally pummeled Cheesly, Alpine, Fancypants, and Phillip. Then, Twilight Sparkle proceeded to give those four bullies the reprimanding of a lifetime.

Twilight Sparkle: No words can even express just what kinds of monsters you were to Edward and to all of Prickly Pines, Cheesly, Alpine, Fancypants, and Phillip. You are a bunch of HEARTLESS, SELFISH, EVIL, SADISTIC, MONSTROUS, STUCK-UP, INCONSIDERATE B*** FROM THE DARKEST DEPTHS OF HELL!

Nico: Linc, did you put trackers on them?

Lincoln: Yeah, remember what happened with Rotwood, Brad

Morton, Squidward, and Master Frown before they joined us? If those four show their faces again, the trackers will send a warning to the computer in the Estate and our Bracelets of The Champions of The Universe, and we pounce on them.

AAAHHAAAHHAHAH! WOOWOOWOWO!

They turned into the Zyuohgers!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, and the eight large purple orbs orbiting around Luke

Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Then, Blossom saw a familiar van coming this way, along with the people inside, it was none other than The Smith Family from Townsville.

Blossom: Guys, we got trouble: Harold Smith and his family are heading this way, and they want revenge on us.

We gasped in shock.

Lola Loud: What?! But, that's impossible, didn't we lock them up?

Lincoln: We did, Lola, but it looks like they broke out of prison. I got them.

Lincoln threw one hard punch, and the van exploded, leaving the seats and The Smith Family in their seatbelts.

Me: I should've known you'd one day return. But, how did you all break out of prison?

Maryanne Smith: Thanks to this.

We saw they had a Dark Orb with them, and it also restored Harold Smith's brain to full health.

Earth Chan: I've had it up to hear with them to last an eternity.

Suddenly, Earth Chan's purple eyes turned neon purple, and she was surrounded by a blue and green energy aura patterned after the Earth with lava, lightning, and the elemental forces of nature, and as she approached The Smith Family of Townsville, she left blue and green energy, lava, lightning, and the elemental forces of nature with every step.

Earth Chan: Harold, Maryanne, Bud, and Julie Smith, I will never forgive you for your petty attempts to destroy the Powerpuff Girls, all because of something stupid like a ruined dinner. This time, I'll make sure you never escape from prison again.

Then, Earth Chan was surrounded by a massive vortex of blue and green energy patterned after The Earth with lava, lightning, and the elemental forces of nature surrounding it, there were dragons and angels made of lava, lightning, and the elemental forces of nature flying around the vortex, and in the vortex was a glowing orange phoenix. Then, as the vortex faded, Earth Chan emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Earth Chan grew to 6'0" in height, she had the body of a goddess, she had green highlights in the bangs of her blue and green Earth-patterned hair, she has a phoenix with the elemental forces of nature surrounding it emblazoned on her forehead, she has on angel earrings with the Kanjis of the Elemental Forces in their hands and a necklace with a dragon with the Kanjis of the Elemental Forces in its claws for the pendant, she has on a sleeveless white blouse with a purple phoenix on it, purple blouse with reflecting stars on it, black stockings, black high heels, and a purple sleeveless trenchcoat with stars on it, lava, lightning, and the elemental forces on the coattails, and on the back of the sleeveless trenchcoat is the Earth. Earth Chan has large ocean blue angel wings with green in the pattern of the Earth.

Earth Chan has a new large sword in her hand called Angel of The Earth, it's a large sword with the Earth etched on the 6'5" massive, wide, double-edged ocean blue blade, large ocean blue angel wings with green tips on the feathers for the crossguard, an Earth-patterned gem for the hilt, longer black handle, and a large ocean blue faceted sphere pommel with surrounding green gems. Earth Chan has on her new Bracelets of The Champions of the Universe with Earth-patterned gems on her wrists, Belt of Elemental Bravery with large Earth-patterned gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's an ocean blue and green Earth-patterned kanji right below the Earth that said, "Earth Chan, Beautiful Personification of The Earth, Loving Future Wife of Lincoln Loud, Beautiful Angel of The Stars, Defender of Life and Slayer of Evil, and Master of The Elemental Forces of Nature."

Earth Chan has transformed into SUPER ANGEL 750,000,000,000 EARTH CELESTIAL PHOENIX DRAGON ANGEL OF JUSTICE AND LOVE!

We were amazed by Earth Chan's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face. But, when Harold Smith and his family saw it, they fell into a dark rage.

Me: Holy moly!

Nico: You said it, Earth has transformed, and she looks like a true Angel of The Earth, amazing.

Lincoln: Wow, Earth, you look beautiful. How do you feel?

Earth Chan: (Divine Echoing Cosmic Voice of The Earth and Love) **I feel incredible, Linky, and now, I'm going to teach these monsters a painful lesson. Would you like to join in?**

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back, and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined with Earth Chan.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get them.**

Blossom: Show them no mercy, guys.

Lincoln and Earth: **With pleasure, Blossom.**

Lincoln and Earth went after Harold Smith and his family, and they fired powerful blasts of rainbow energy, elemental forces, and blue and green energy, and the barrage of energy blasts hit the Smith Family, and they exploded with incredible power.

Bud Smith: I HATE YOU ALL SO MUCH!

But, Bud's hatred has caused Lincoln and Earth's energy auras to flare up, and they'd got a massive power boost from his hatred. Then, Lincoln snatched the Dark Orb, opened a portal to The Warp, and threw it in.

Lincoln: **Thanks for the power boost, stupid. But, now this is the end.**

Lincoln and Earth pummeled Harold Smith and his family, and they were all brutally beaten up. Then, Lincoln tied them up in an inescapable rainbow energy straitjacket. Then, Lincoln sprouted one of his eleven massive and long blue wolf tails with large suction cup proboscis, and as it latches onto Harold Smith's head, Lincoln began sucking out and draining Harold Smith's brain. Then, when Lincoln was done and he retracted his tail and it went right back into him, Harold Smith was once again reduced to being a brainless monkey. Then, Lincoln beamed them into separate cells in Solitary Confinement in The Uranus Prison, and they were chained to the walls of their separate cells, where they'll never escape.

We all cheered wildly for what Earth and Lincoln did, as they holstered their massive swords on their backs and powered down, but Earth's new body, clothes, weapons, angel wings, and jewelry were permanent. Then, Lincoln picked Earth up in his abnormally massive and powerful muscular arms, and as they locked eyes, they shared a passionate kiss, and right behind them, the elemental forces of nature took on the form of elemental angels and an angelic choir was heard right behind them.

We had smiles on our faces and tears in our eyes at the scene.

Me: Wow, that's so beautiful.

Nico: You said it, bro.

Lori: Literally amazing. (Takes photo of Lincoln and Earth kissing)

Air Lincoln: Lincoln and Earth are definitely an amazing couple, along with the many future wives in Lincoln's harem.

Fire Lori: You said it, little bro.

We then set our sights on Twisted Rapunzel.

Me: It's buttkicking time!

We went at her and punched and kicked and blasted and pulverized her all over.

POW BLAM BIFF SMASH CRASH KATOW THWACK ZOWIE SMACK WHAP WHOMP BLANG BOOM THOTH KATOW WHAM!

She was pulverized all over the place.

Twisted Rapunzel: You dare mock my suffering?!

Raven: You think you know suffering?!

Me: We're gonna give you the worst suffering of all!

I grabbed Nico and held him like a bazooka.

Me: Sorry about this Nico. But let loose your green fire farts.

Nico: You got it!

GUN CLICK!

FFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRR

Nico fired a massive blast of green fire from his butt and it hit Twisted Rapunzel and burned her hair all off.

Edzilla: ED SMASH BAD RAPUNZEL!

SMASH! SMASH SMASH SMASH!

Edzilla pulverized her all over with brutal fury.

GUN CLICK!

Nico fired another blast of green fire from his butt and burned Twisted Rapunzel some more.

Patrick: DA HA HA HA HA! THAT GUY GOT HIT IN THE FACE WITH A BUNCH OF COCONUTS!

Lily formed a safe and it dropped onto Twisted Rapunzel.

CLANG!

The safe opened and she was dizzy and came out wobbling.

Then a stealth plane came and then….

CRRRRAAAAAAAAAASSSSSSSSHHHHHHH!

A piano dropped onto her and crushed her and Twisted Rapunzel came out and had piano keys for her teeth.

Nico: (Pings a tuning fork) My favorite note: B Flat.

They fired a massive avalanche of condiments at Twisted Rapunzel and the blasts all hit her and smashed her all over.

Nico: J.D. I've only got one shot left!

Me: FIRE IT WITH ALL YOUR STRENGTH AND POWER!

Nico: (STRAINING) (STOMACH GROWLS)

KKKKRRRRAAAAAAAFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Nico fired a tremendously massive blast of green fire from his butt and the blast of fire incinerated and destroyed Twisted Rapunzel in an instant!

Nico: WHEW! That was amazing!

Me: It sure was!

Manta Bayarsh: Another Twisted Princess down.

Black Knight Ghost: You said it.

Me: Thank goodness.

Xigbar: Now, we just need to get all this mustard back to Lynn's table.

Pyros: Shouldn't be too hard.

Gramma Stuffum: (to the cameras) Remember, kids. Always eat healthy food. And don't turn out like Twisted Rapunzel.

The news report was done.

Me: Amen to that Gramma Stuffum. Hope you all liked this amazing and awesome news report. Till next time, I'm James Dean Knudson and this has been Team Loud Phoenix Storm News.

Lincoln: And Cut!

Nico: Great job guys!

We went and showed the news report to everyone at school and when it was done everyone cheered wildly!

Mrs. Johnson: Great job guys! That was well done! I give it an A++++!

Lincoln: AWESOME! Thanks Mrs. Johnson.

Lemon Zest: Boy this was an awesome adventure.

Nico: It sure was. This was an awesome news adventure.

Rachel S.D.: We haven't done that in a long time.

Me: No we sure haven't Rach. I hereby call this project of Broadcast Day a success.

White Lightning: I do too. (To the Viewers) This was an awesome news adventure and an awesome adventure for all of us. Hope you all liked it as much as we have.

Me: We all did. Lets go to Lynn's Table everyone. My treat.

Everyone: YEAH!

All of Lincoln's class cheered too. We went to Lynn's Table and then we had a great meal and then went back home and enjoyed the rest of the day before going to sleep.

THE END

Another awesome fanfiction done.

Mustard O' Mine is one of my favorite episodes of SpongeBob and it was one of the funniest episodes I've seen from Season 11. It aired on May 10th, 2018 and it was so awesome! The first part was for The Blue Moon and that was from the National Geographic documentary Extraterrestrial and the Blue Moon is a hypothetical planet. The 2nd part is for Tiny Toons and the Platypus Brothers from Camp Lazlo are a bonus. Mr. Hitcher is from Tiny Toons and he is from the Summer Vacation Movie. One Bad Dude. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658. Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this and so did the Guest Reviewer. Thanks guys. Great job today. You'll like the next rescue for me. We're gonna go to Walkerville

Elementary School and me, Eli, Maria, Lola Namiko, Simone, Miranda, Gina Pele, Allie Wilde, Nene, Nelanie, Syrus, Dark Magician Girl, Cayenne and Natalia the Darkrai Gene-Slammer are going to meet Ms. Valerie Frizzle and her class and experience an out of this world adventure as we go all over the Solar System. Cayenne of MLP is also going to transform in that one. This is gonna be a really educational adventure and we're going to see all the solar system and find Ms. Frizzle and prevent Arnold's looney cousin Janet from gathering anymore stuff for proof after the Asteroid Belt. Also we're going to meet a Deoxys Gene-Slammer named Tori Nikolaius and she will have a Sheegoth Gene-Slammer named Kita Flores from Canada and we're going to also meet Sonata the Melodius Diva. On Pluto we're going to face an Evil Version of Blackfire in that one. Lincoln's rescue is gonna take place on Donkey Kong Island and we're going to face Boss Dumb Drum. The next chapter for Thanksgiving Eve is gonna be for the SpongeBob episode Feral Friends and that is not only going to celebrate Sandy's birthday but we're also going to witness an extremely rare event that happens in Bikini Bottom once every 100 years. We're going to see Neptune's Moon and we're going to save SpongeBob and friends who were turned Feral because of it.

See you all tomorrow.

# Sandy's Birthday and Neptune's Moon

Over in the town of Walkerville, me, Eli, Maria, Lola Namiko, Simone, Miranda, Gina Pele, Allie Wilde, Nene, Nelanie, Syrus, Dark Magician Girl, Cayenne and Natalia the Darkrai Gene-Slammer were going to see what Simone's old school that she went to is gonna be like.

Natalia: (Russian Accent) Simone, who are these friends of yours and do they relate to this rescue?

Simone: You'll love them Natalia. We're going to my old elementary school that I went to back when I was younger before I was gene-slammed.

Me: I have a feeling this is gonna be cool.

Simone: Yep. We're going to Walkerville Elementary.

Maria: That is very familiar to me. Wait a second! You know Ms. Frizzle and her awesome field trips!?

Simone: I sure do and it was so awesome going on them. We learned so much by going directly to the source.

Me: I remember watching The Magic School Bus back when I was younger. It was so awesome.

Eli: This is gonna be so cool bro.

Lola Namiko: I'm looking forward to see this.

Miranda: Me too.

Nene: This is gonna be so awesome.

Natalia: It sure will be.

Natalia concentrated and groaned as her skin darkened.

Me: I heard that Ms. Frizzle and her class did it all. They went into space, into a volcano, explored the human body, molecular science, earth science, everything by going to the coolest places.

Simone: Yep. It was a blast!

Natalia turned into Darkhai!

We arrived at Walkerville Elementary.

Simone: Man it sure brings back memories.

We arrived at Ms. Frizzle's class and we saw the class hanging up a mobile of the solar system.

Me: Wow!

We went in.

Simone: Wow that is an amazing Mobile of the Solar System.

The kids saw us.

Phoebe: Wow!

Arnold: Amazing! Team Loud Phoenix Storm is here!

Me: Awesome to meet you guys.

Maria: I think you guys remember Simone.

Carlos: Wow we sure do. You have grown a lot.

Simone: Feels like time flew fast huh?

Janet: Well Simone you are looking lovely.

Simone: Same to you Janet. Arnold, you are looking awesome.

Arnold: Same here Simone. Wow. You have turned into a beautiful woman.

Simone: (Giggles) I sure have. But a lot of things have happened to me ever since I left.

Missy: Wow what are you all working on?

Arnold: It's going to be a model of the solar system. Neat, huh, Janet?

Janet: I hate to tell you, Cousin Arnold, but when my class built one, the sun was so huge, we had to hang it from the flagpole.

Me: Whoa!

Keesha: And you had all 9 planets?

Janet: That's right, Keesha. Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune, Pluto. My class already STUDIED the Solar System.

(As she talks, the skeleton in the background covers its ears.)

Me: Impressive.

Eli: We've actually BEEN to all of the planets ourselves.

Miranda: It's true. You would be amazed at what they are like.

Erica: You would flip at the sight of them

Ralphie: I bet your class didn't learn about the aliens that live on the planets.

Janet: For your information, Ralphie, Earth is the only planet that can support life, as far as we know.

Me: Actually there are MANY planets all over the universe that harbor all kinds of life. Many of them are all on planets that we went to.

Simone: It's true guys. I went to a bunch of amazing planets ever since I joined up with Team Loud Phoenix Storm.

Me: I bet you don't know about that.

Janet: No.

Dorothy Ann: If you already know so much, Janet, why did you come to visit our class?

Janet: Because Arnold told me all about your field trips, Dorothy Ann.

Simone: You would be amazed with some of them because when I was your age, I went on a lot of them and I have tons of experiences with this.

Maria: Have you guys seen any people that aren't villains?

Ralphie: Not that we know of.

Keesha: But if we do we'll keep our eyes out.

(Ms. Frizzle enters the classroom, wearing a mini solar system on her head.)

Ms. Frizzle: Oh, good morning, class.

Simone: Now there is a familiar face.

Ms. Frizzle: Why Simone Honou is that you?

Simone: Yep in the fiery flesh and wings.

Simone and Ms. Frizzle hugged for the first time in a while.

Ms. Frizzle: It's so great to see you again.

Simone: Same here. I wanted to show my team the school I went to where I learned.

Me: Ms. Frizzle it's such an honor to meet you.

Ms. Frizzle: Same to you J.D. Knudson and it's an honor to meet you all.

Maria: Awesome to meet you too.

Nelanie: (Laos Accent) I heard so much about all your amazing field trips.

Lola Namiko: And they are so awesome.

Ms. Frizzle: They sure are.

Simone: I can't wait for you all to see one of them. What do you say we go on a field trip for old times sake?

Ms. Frizzle: You read my mind Simone.

We went onto the bus.

Simone: You ready guys?

Me: We sure are! This is gonna be so cool!

Eli: YEAH!

Simone: Ready for takeoff Ms. Frizzle!

Ms. Frizzle: You got it! "T" minus 5 and counting. 4, 3, 2, 1… BLAST-OFF!

(After the bus transforms into a spaceship, it blasts off into outer space.)

Me: YEEHAW!

Janet: What's happening?

All but Janet: A FIELD TRIP!

Me: COOL!

(Janet sees Earth from her window.)

Janet: Into Outer Space? Highly unusual.

Me: Wow!

(Soon, the rocket engines shut off.)

Ms. Frizzle: Welcome to outer space, class, the only planetarium open 24 hours a day, 7 days a week!

Simone: Wow! Just like old times!

Ms. Frizzle: It sure is. I missed having you with us Simone.

Simone: I missed you too Ms. Frizzle.

Ms. Frizzle: And how are all my astronauts doing?

(The students laugh as they float around weightlessly)

Me: This is cool!

Eli: Wow!

Lola Namiko: This is awesome!

Dorothy Ann: We're weightless!

Arnold: We're in trouble!

Janet: No, Arnold, we're in orbit around the Earth!

Ralphie: Get comfortable. You guys are gonna be here for a while.

Maria: That's fine. Maybe we'll find the next girl we have to rescue in space.

Me: We got all the time in the world.

(Ms. Frizzle pulls down a TV screen which shows a map of the solar system.)

Ms. Frizzle: Hmm. Let's see, now. We are just about… there. Wonderful! Let the tour begin!

Me: We're going on an other awesome tour of the Solar System!

Eli: Awesome!

Nene: I've never been on a tour like that.

Ms. Frizzle: We're coming up to the sun.

(Cut to the sun.)

The Sun was massive and bright.

Tim: Look how HUGE it is!

Me: It's over 860,000 miles in diameter.

Ms. Frizzle: Class, are you all wearing you special heavy duty sun block 8,000 sun goggles?

Me: I sure am.

Simone: Same with me.

Me: You must never look at the sun directly because its ultraviolet radiation will burn your eyes and blind you.

Phoebe: Wow.

Keesha: I wonder how many Earths would fit in the sun.

Ms. Frizzle: Over a million.

Me: 1,300,000 Earths to be precise.

Ms. Frizzle: Hold on to your goggles! YEE-HAH!

Maria: I can't believe Horsea's missing out on this!

Me: I know. This is AWESOME!

Ms. Frizzle: So, class, we've traveled from Earth, around the sun, and now we are on our way to-

Janet: Mercury, the closest planet to the sun.

Simone: This is gonna be awesome.

(The bus approaches Mercury.)

Students: WOW! We're landing!

Ms. Frizzle: Of Course!

Arnold: Told you, Janet.

(The bus lands vertically before its tires land on the planet's surface. The kids and all of us exit the bus.)

Phoebe: We hardly weigh anything compared to my old planet Earth.

Me: We sure do.

Keesha: I wonder if that means there's less gravity pulling on us here.

Ms. Frizzle: Exactly, Keesha. Good thinking.

Simone: Pretty amazing huh?

Me: You would be amazed at what happens in space.

Phoebe: You guys don't have helmets on!

Me: It's all right Phoebe. We have the power to live and breathe in space. It's one of the most amazing traits we have.

Simone: Yep. It sure is. We can also live in any kind of environment no matter how dangerous it is.

Me: It's true.

Dorothy Ann: That is amazing.

(The students laugh as they bounce across the planet.)

Carlos: Bet I can jump higher than YOU, Dorothy Ann.

Dorothy Ann: You're on!

They jumped.

Me: YEAH!

Cayenne: That is awesome!

Nelanie: Yeah it is!

(They both jump a tremendous height. Janet joins in and brags.)

Janet: I won first place in my class jumping contest. Here's my blue ribbon to prove it. Wait till I tell my class I won the jumping contest on Mercury, too!

Carlos: But you know what they're gonna say?

Janet: What?

Carlos & Dorothy Ann: Prove It!

BURN!

(Janet then starts to think. We see Janet still thinking.)

Janet: How on Earth-I mean, how am I gonna prove I was on Mercury?

(Meanwhile, the class examines the huge holes on the surface.)

Ralphie: Man! The aliens on Mercury sure make big footprints.

Me: Those aren't footprints Ralphie they are craters.

Keesha: Nothing can live on Mercury, Ralphie. It's too hot and dry during the day.

Dorothy: And, according to my research, way below freezing at night.

Me: Mercury has a surface temperature of 800˚Fahrenheit on the day side and at night the temperature can drop to -290˚Fahrenheit.

Ms. Frizzle: And day OR night, there's no air, which makes it extremely difficult… [inhales] to breathe.

Me: That is true.

Simone: It sure is.

Me: But the coolest part about Mercury is that because of it's rotational speed, you get to see the sun rise and set twice in one day.

Eli: That is so awesome.

Allie Wilde: Boy it sure.

Nene: That is really awesome.

Ralphie: Well, something had to make tracks this big.

Janet: Something DID, Ralphie. A meteorite. (Picks up a small meteor piece.) Meteorites are pieces of stone or iron that fall from space.

Me: And Mercury is the most heavily cratered planet in the Solar System. Over the course of Mercury's 4.6 billion year history, Mercury has been brutally pulverized by meteors all over with full force. That's because Mercury has no atmosphere to break up the meteors before they crash.

Ms. Frizzle: That's right. Come along, class.

(The class, except for Janet and Arnold and us, follow the Friz.)

Carlos: If the ones that hit the planet are called meteorites, what do you call the ones that miss?

Wanda: What?

Carlos: MeteorWRONGS!

We heard his joke.

[students laughing]

Me: (LAUGHS) That was a good one!

Simone: Man I missed Carlos' jokes. That was a good one.

(Janet jumps into the crater with a shovel and starts to dig for meteors.)

Me: Whoa.

Janet: Wow!

(Arnold dodges the meteors coming out of the crater.)

Me: Whoa look out!

Arnold: Janet, what are you doing? Hey! WATCH IT!

Janet: EUREKA! My very own meteorite! When I show this to my class, it will prove I was on Mercury.

Arnold: Ohh, Janet.

Maria: Janet, you sure you should be gathering proof?

Janet: I am sure. I want to show my class where I've been.

Me: Well okay. But we better label what you got for identification.

Janet: Good idea.

(Cut to the bus leaving Mercury and heading for the next planet.)

Ms. Frizzle: RIDE 'EM COWBUS! WA-HOO!

Simone: YEEHAW!

Ms. Frizzle: We are now approaching-

Janet: Venus, the second planet from the sun.

Me: Ooh! This is gonna be awesome!

Janet: I CAN'T WAIT! I CAN'T WAIT! I CAN'T WAIT!

Maria: Just make sure to keep your helmet on. You haven't developed powers like us so you can't breathe in space yet.

Me: That's right. Keep those helmets on when on any of the planets.

We were flying through the clouds of Venus as we were landing.

Wanda: Cool! Venus has clouds, just like Earth.

Me: It sure does.

Dorothy Ann: Wow! What a view!

Arnold: Uh, I think I'll go… sit down now.

(The bus lands on Venus' surface.)

Ms. Frizzle: Come along, class.

Me: Here we are.

Carlos: Hey! UNH! I feel like I weigh the same here as I do on Earth.

Janet: That's because Venus is about the same size as Earth AND has about the same gravity. Come on, Arnold.

(She takes Arnold by the hand.)

Me: Pretty cool place huh?

Carlos: Check out those weird clouds.

The clouds of Venus were yellow and scary.

Wanda: Oh, good! A little rain will cool the place down!

Ms. Frizzle: Except that's not rain water in those clouds, Wanda. It's sulfuric acid.

Ralphie: Sulfuric acid?

Ms. Frizzle: Mm-hmm. It's a deadly poison. Oh, we're perfectly safe as long as we keep our spacesuits on.

Me: Yep. Venus also has a surface temperature of 900˚Fahrenheit. The reason for that is because the thick clouds trap the Sun's radiation and prevents it from escaping which causes the surface to get scorching hot.

The students gulp.

Maria: I know. Scary huh?

Me: Also Venus has an atmosphere that is composed of 98% Carbon Dioxide and that's why it has a very dense atmosphere.

Eli: Yep.

[Meanwhile, Janet and Arnold are loading the bus with Venusian rocks.]

Arnold: I like rocks, but this is ridiculous. Unh! Do you have to have ALL of these?

Janet: Absolutely. If this doesn't prove I was on Venus, nothing will.

(Cut to the bus passing Earth.)

Ms. Frizzle: We're now passing through the orbit of the third planet, which is Earth.

Me: Earth is so amazing.

Phoebe: Look. It's so beautiful. And there's air we can breathe.

Keesha: And it's not too hot or not to cold.

Me: Yep. See that ginormous tree right there on Michigan?

Everyone saw our estate tree.

Eli: That's our home right there.

Wanda: Wow! That is cool.

Simone: It sure is.

(The map shows the bus is approaching Mars.)

Janet: And coming up is Mars… the fourth planet, right, Ms. Frizzle?

Ms. Frizzle: Very good, Janet. Ooh, you certainly do know your planets.

Janet: I got straight As on all my reports.

All: We know! We know! Enough already!

Me: You guys are gonna be in for a shock when you see what happened to Mars.

Maria: J'onn's home was originally Mars.

Me: Yep but that is not I was gonna talk about.

Arnold: Is that Mars?

We saw Mars now fully Terraformed.

Me: Yep that's it.

Janet: That's Mars!? But it looks so much like Earth now.

Simone: But it was a red planet before.

Me: Yeah that was our first reaction as well when we saw it like this. Mars is now fully terraformed.

Phoebe: Terraformed?

Me: That means it was made like Earth and that kind of technology is not gonna be introduced for 150 to 500 years.

Qin: It's true guys. When we were here the first time for a race it was a red planet. Now it's like Earth.

We landed and we saw Mars.

Arnold: Whoa! Is this Mars?

Me: Yep.

Carlos: But it looks so much like Earth now.

Keesha: Wow!

Maria: Isn't Mars amazing?

Wanda: Wow it sure is.

Nelanee: This is amazing! I didn't know Mars became like this.

Me: Believe me I was shocked myself when we all saw it. I saw this only in documentaries but I didn't think it would happen for real.

Maria: It's true. We all were shocked ourselves to see Mars like this. It's so awesome.

Ralphie: But how did Mars become like Earth?

Me: We don't have any idea ourselves Ralphie. One day we were racing on Mars and going for a huge amount of money and then later on about a year later Mars became like Earth.

Cayenne: Very strange.

Maria: Now, where is the next girl we have to rescue?

Me: So far we haven't found her yet.

(Cut to the bus as it flies into a sea of asteroids.)

Janet: Mars ice and dust. Enough to prove we were on Mars. No need to thank me.

Arnold: I don't think there's much chance of that, Janet.

Me: Are you sure we need all that stuff Janet?

Eli: Yeah.

Ralphie: Look! A flying potato!

All: Huh?

Janet: That's no potato. It's an asteroid, Ralphie. A hunk of space rock smaller than a moon, but bigger than a meteorite.

Ms. Frizzle: It's part of the asteroid belt, a ring of asteroids which divides our Solar System into the inner and outer planets.

Me: They are the remnants of the planetary debris from 4.6 Billion years ago that failed to stick together to form a planet during the Solar System's formation.

Simone: It's true.

Eli: Wow! There's so many asteroids.

Me: You all should see how big the asteroid was that crashed into Dallas.

(Janet pulls a cord which makes the bus stop.)

Boys: WHOA!

Girls: WHOA!

Me: WHOA! That was big.

Dorothy Ann: What happened?

Janet: An asteroid! HA HA! I've got to have one! Please. It will only take me a second.

Me: You are crazy!

Arnold: WATCH OUT!

Me: INCOMING!

(An asteroid hits the bus' roof.)

CRASH!

Ralphie: What was that?

Phoebe: What happened?

Dorothy Ann: What's going on?

Me: Looks like an asteroid hit us.

Ms. Frizzle: Don't worry, class. Just an unexpected orbital interruption. Let's just see where we are, shall we?

Phoebe: [gasps] The map! It's gone!

[The students gasp as the map malfunctions and turns off.]

Me: OH NO!

Ralphie: We're lost in space!

Students: WE'RE LOST IN SPACE!

Maria: Don't panic. We've been in tight spots before!

Me: That's right! We have been through stuff like this many times before. We just have to go outside and fix the map.

Simone: Right.

Ms. Frizzle: J.D. Janet, Simone, you come with me.

We went outside to make repairs.

Ms. Frizzle: As I always say, there's nothing a good space mechanic can't fix. Wrench.

Janet: Wrench.

(As the tools float out of the toolbox, Janet spots an asteroid.)

Simone: Wow! Just like the first time we were here.

Ms. Frizzle: Pliers.

Janet: (gasp) An asteroid. I mean, pliers.

Ms. Frizzle: Screwdriver.

Me: (hands her the screwdriver) Screwdriver.

(Janet tries to catch the asteroid with a lasso.)

Janet: An asteroid. Perfect proof!

Tim: Ms. Frizzle, we've got half of the map now.

Me: We're almost there.

Ms. Frizzle: Good. One more adjustment.

Simone: What is Janet doing?

(Janet pulls the asteroid back towards the bus. Ms. Frizzle and Liz watch as it heads toward them.

Me: Ms. Frizzle look out!

(Liz jumps onto Ms. Frizzle's jetpack and presses a button which turns on the jets, making her fly away from the bus.)

Ms. Frizzle: Oops!

Simone: WHOA!

Ralphie and Keesha: Ms. Frizzle? Ms. Frizzle!

Ms. Frizzle: Keep your claw on that button, Liz. Up, up, and away!

Me: Whoa there they go.

(We went back in the bus.)

Janet: Um, heh heh. Bad news.

Me: I take it you saw.

Phoebe: Janet, we're not only lost in space…

Ralphie: We're lost in space without a teacher!

Wanda: What are we going to do? What are we going to do? What are we going to do?

Me: Now guys lets not panic! We'll find her.

Ms. Frizzle: [on radio] Ms. Frizzle to class. Ms. Frizzle to class. Come in.

Me: We read you loud and clear Ms. Frizzle.

Ms. Frizzle: No reason to panic. I'd never leave you. I'm right here. I'll give you a hint. I'm headed for one of the outer planets.

(The students look at the half-finished map.)

Carlos: But that's the half of the map that we don't have.

Me: Yeah that part is still out.

Ms. Frizzle: Ha ha! Good. You can fill it in as you go along. You've got a navigator who knows the neighborhood.

Ralphie: We do?

Ms. Frizzle: Of course-Janet and J.D..

[Janet chuckles nervously.]

Me: Don't worry guys. I know the Solar System like the back of my hand. We'll find Ms. Frizzle. Arnold you restrain Janet to make sure she doesn't try anymore crazy stuff.

Arnold: Right!

I got into the driver seat and we were off. THE SEARCH FOR MS. FRIZZLE AND LIZ WAS ON!

[Cut to Jupiter as the bus approaches it.]

Keesha: I wonder if Ms. Frizzle's down there.

Tim: Wow! Which planet is that?

Janet: One of the gas giants.

Me: It's the biggest one.

Keesha: What is that red blotch?

Janet: It's a storm thousands of miles wide. And the only planet with a big red spot is Jupiter.

Dorothy Ann: Jupiter, the fifth planet.

Me: Jupiter is the biggest planet in the Solar System. 86,881 miles in diameter.

Maria: Yep and the Great Red Spot on Jupiter is over 21,000 miles wide and is as big as 3 Earths.

Eli: Wow!

Ms. Frizzle: Ms. Frizzle to bus. Ms. Frizzle to bus. Over.

Me: We read you Ms. Frizzle.

Ms. Frizzle: Jupiter is the largest planet. But don't worry, Carlos, because I'm not on it.

Me: You wouldn't be anyway because Jupiter doesn't have a solid surface and the gravitational pressure would destroy you in an instant.

Ms. Frizzle: That's right J.D.

Me: I hope we are getting red hot.

Ms. Frizzle: Did you say "red hot"? You're not even warm yet. The outer planet I'm on is very cold and dark. The colder you get, the warmer you'll be to finding me.

Me: Wow!

Ralphie: Oh, great. NOW it's a riddle. Off we go again.

(The bus approaches Saturn.)

Dorothy Ann: Hey, look! Another planet!

Phoebe: It's beautiful!

Keesha: But where are we?

Janet: It's got to be Saturn. There's no other gas giant with such beautiful rings.

Me: Yep that's Saturn. One of my favorites.

Dorothy Ann: Saturn, the sixth planet.

Me: And those rings are always beautiful.

Keesha: Well, it must be cold down there because Saturn is pretty far away from the sun.

Me: It is pretty far away. At over a billion miles away from the sun.

Tim: But Ms. Frizzle said cold and dark.

Ms. Frizzle: Ms. Frizzle to bus. Ms. Frizzle to bus. Over?

Simone: We read you.

Ms. Frizzle: Liz and I can't wait to show you all the stars we can see out here. Oh, it's so beautiful.

Ralphie: Come back! What about a hint?

Wanda: She just GAVE us a hint, Ralphie.

Ralphie: She did?

Me: Yeah she sure did.

Wanda: YEAH! She can see the stars, which means she can't be on Saturn. She could never see the stars through all those storms and clouds. (The bus leaves Saturn and heads off to the next planet, known as Uranus.) Planet Number 7 coming up.

Me: Wow!

Janet: That must be Uranus. You can tell by its tilted faint-gray rings and its blue-green gases.

Eli: Wow!

Me: The strange part about Uranus is that it's tilted. The reason for that is because we think a meteor crashed into it and it tilted the planet and moved it to a 95˚ Angle.

Carlos: Wow.

Janet: See, cuz? Uranus doesn't do a thing for me. So you can get off me, okay?

Arnold: Sorry, Janet. But I have to stay on top of the situation.

(The bus flies through Uranus.)

Tim: The Friz couldn't see the stars through those clouds, either.

Phoebe: No way she's on Uranus.

Me: She wouldn't be anyway. Uranus has an atmosphere that can flash-freeze you in a split second. With a temperature of -350˚Fahrenheit.

Carlos: That is cold!

Me: Lets go guys.

Wanda: To the next planet!

Janet: WAIT! I need proof!

(Janet tries to get Arnold out of her way.)

Arnold: AND WE NEED MS. FRIZZLE! STEP ON IT, J.D.! HEY, WATCH IT!

(The bus approaches the eighth planet, known as…)

Janet: Neptune! Please! We got to stop at Neptune! It's my favorite planet!

Dorothy Ann: The eighth planet-Neptune.

Me: Wow!

Tim: Looks like another planet surrounded by gases.

Phoebe: And it's blue.

Janet: Blue! My favorite color!

Dorothy Ann: Forget it, Janet. Ms. Frizzle couldn't see the stars from down there.

Me: Neptune is also known for having some of the fastest winds in the Solar System at over 1,500 miles per hour.

Keesha: Wow! That is fast.

Me: Yep. The Voyager 2 Satellite showed us how fast they were going when it showed us pictures of it back in 1989.

Eli: Wow.

(The bus leaves Neptune.)

Wanda: NOW where do we go?

Dorothy Ann: She's not on Jupiter, Saturn, Uranus, or Neptune.

Janet: That means there's only one planet left.

Tim: Which one?

Janet: I'll tell you after Arnold gets off of me! (Janet finally manages to get Arnold out of her way.) Right. Listen carefully. Ms. Frizzle is on the farthest planet from the sun- Pluto.

Me: All the way out here?! Whoa!

Wanda: To Pluto!

Me: And it's amazing that we now know what Pluto looks like after all this time.

Simone: I know. The New Horizons Satellite really showed us an amazing view of Pluto.

(Fade to the surface of Pluto as the bus flies above it with its headlights on.)

Dorothy Ann: Pluto is cold and dark, all right.

Carlos: And clear! They've got to be here.

Me: And at 3.9 billion miles away from the sun.

(The bus lands on the surface. Soon, they find the Friz and Liz looking at the stars through a telescope.)

Ralphie: Look!

Phoebe: There they are!

Maria: There they are! I just hope the people we're rescuing are there too!

(After the bus stops, the kids get out.)

All: YAY!

Ms. Frizzle: Good work, class! We knew you'd find us, right, Liz?

Simone: This was so fun! Just like old times.

Keesha: Sure can see the stars from here. I wonder where the sun is.

Ms. Frizzle: See that tiny star?

Keesha: Uh-huh.

Ms. Frizzle: Well that's it.

We saw the sun from far away.

Wanda: That's the sun?

Ms. Frizzle: Mm-hmm.

Tim: No wonder Pluto's so cold and dark. Look how far away the sun is.

Me: 3.9 Billion miles away. It sure is amazing from this far away.

Maria: So, who's with you?

?: That would be us.

We saw Sonata the Melodius Diva and she had a Deoyx and a Sheegoth!

Me: Whoa! Sonata the Melodius Diva.

Eli: And a Deoxys and a Sheegoth.

Deoxys: That's right. I'm Tori Nikolaius.

Sheegoth: And I'm Kita Flores.

Me: Whoa! A Deoxys Gene-Slammer and a Sheegoth Gene-Slammer.

Phoebe: Wow!

Simone: That's amazing.

Me: Lets get you guys back on the bus and get you changed back where no one can see you.

?: You are not going anywhere!

We saw EVIL BLACKFIRE!

Me: The evil that was inside Blackfire!

Cayenne: I've had it with this monster.

Simone: This is my favorite part of our rescues guys. Watch.

Suddenly, Cayenne's purple eyes turned neon purple, and she was surrounded by a red hot red energy aura with hot peppers and red fire surrounding her and the heat coming off of her was intense, and as she approached Evil Blackfire, she left red hot red energy, hot peppers, and red fire with every step. Then, Cayenne was surrounded by a massive vortex of red hot red energy with hot peppers and red fire surrounding it, there was a unicorn running around the vortex, and inside the vortex is a light purple phoenix. Then, as the vortex faded, Cayenne emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Cayenne grew to 6'0" in height, she had the body of a goddess, her dark purple hair then grew and reached the bottom of her neck, she has neon purple eyes and a red hot red energy aura with chili peppers and red fire surrounding her, she has a unicorn with four chili peppers on top of its horn emblazoned on her forehead, she has on unicorn earrings with the Fire Kanji in its hooves and a necklace with a unicorn holding the Fire Kanji in its hooves for the necklace, she has on a sleeveless black blouse with a neon red phoenix, a purple skirt with chili peppers on it, dark purple high heels with chili peppers on them, she has large light purple angel wings with neon red tips on the large light purple feathers, and a sleeveless dark purple trenchcoat with red flames on the coattails and chili peppers, and on the back is a unicorn and chili peppers. Cayenne has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's a red kanji below the unicorn and chili peppers that said, "Cayenne, Citizen of Canterlot and Hot Sauce and Spice Maker of Equestria, Lover of Nuclear Hot Peppers and Spicy and Creole Food, Master of Nuclear Red Hot Fire and Chili Peppers, and Spicy Member of The Knights of The Friendship Table."

カイエン、カンタロットとホットソースの市民とエクエストリアのスパイスメーカー、核のホットペッパーとスパイシーでクレオールの食べ物の恋人、核の赤唐辛子とチリペッパーのマスター、そして友情のテーブルの騎士団のスパイシーなメンバー

Cayenne has transformed into SUPER ANGEL 750,000,000,000 SPICY UNICORN CAJUN ANGEL OF NUCLEAR HOT AND SPICY JUSTICE!

We were amazed by Cayenne's Super Angel 750,000,000,000 transformation, but when Evil Blackfire saw it, she fell into an insane rage.

We were all amazed!

Eli: Wow! Cayenne transformed!

Me: Awesome!

Carlos: Wow! Cayenne is beautiful now!

Simone: No kidding. Wow! Cayenne how do you feel?

Cayenne: (Divine Echoing Voice of Fire and Nuclear Spice) I feel amazing Simone. This power is gonna be awesome.

Cayenne went at Evil Blackfire and pulverized her mercilessly.

Maria: You know what? We don't have time for this. (walks up to Dark Blackfire and snaps her neck)

CRUNCH!

She was dead and Super Hakaied.

Me: We would have just put her in the Pluto Prison.

Maria: Oops.

Me: Lets go. Sorry you guys had to see that.

Phoebe: It's all right.

Eli: Lets head home.

Simone: This was so fun.

We got on the buss and went back to Earth.

I put on my blind man glasses and the boys covered their eyes and I snapped my fingers and Natalia, Tori, and Kita were reverting back.

Natalia: (regains her skin color) Haven't been a Darkrai for that long since I first got Gene Slammed.

Tori: Boy that is something.

Kita: (Loses her crystals on her back) Yeah it sure was eh.

They were back to normal and were naked and then Maria gave them new clothes and they put them on.

Sonata: Wow that was amazing. But Janet sure got a lot of stuff from the planets.

Me: She sure did and even brought an asteroid as big as a car back too.

Eli: That was nuts.

Simone: It sure was. But it was just like old times.

Miranda: You went on an amazing field trip Simone.

Me: And it was such an honor to go with you all. It was so much fun!

Tim: Glad you had fun.

Tori: (holds head in pain) Phoebe, can I give you some advice before we transform back?

Phoebe: What is it?

Kita: (holds head in pain) You should stick with this class. They're like your family.

Simone: Don't worry guys. We got this. Tori, Kita, reign in the power with the strength of your will. We did it and so can you two. Concentrate.

Tori and Kita concentrated and then they had auras of rainbow energy and ice flare up and they were fully engrafted with the power.

Tori: Wow! That was amazing!

Kita: It sure was eh.

Carlos: That was cool!

Eli: Yeah it happened to many of us.

Me: It sure did. But Ms. Frizzle this was so awesome to go on a field trip with all of you. Simone has had a lot of amazing times with all of you.

Ms. Frizzle: It sure was amazing to have you all with us.

Dorothy Ann: It sure was amazing.

Me: I am honored.

Simone: Just like old times.

We went back to the Estate and we told everyone everything and they were all amazed.

---

After Super Hakaing the evil version of Blackfire, Lincoln, Me, Nico, Eli, Nicole, Lily Loud, Donkey Kong and his family, and Wonder Woman were heading to Donkey Kong Island, and not only is Lincoln going to rescue the eleven girls there, but we're going to face Boss Dumb Drum and take him down for good.

Lincoln: Ah, we're back on Donkey Kong Island, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're going to face Boss Dumb Drum and take him down for good.

Me: That's right, big guy.

Donkey Kong: Boss Dumb Drum has caused us a lot of trouble, along with King K. Rool, but now we're finally going to deal with him for good.

Lily Loud: Nicole and I played Donkey Kong Country, and this guy is not to be taken lightly.

Nico: That's right. But, this is going to be good to deal with another of Donkey Kong's enemies.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by Boss Dumb Drum, and he's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Boss Dumb Drum, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a blast of rainbow energy, and that caused Boss Dumb Drum to back off.

Boss Dumb Drum: So, the famous Team Loud Phoenix Storm has arrived.

Lincoln: That's right, you walking oil drum, and we're here to take you down once and for all.

Nicole: That's right, Dumb Drum. Prepare yourself, you're about to face the combined might of Team Loud Phoenix Storm and the Kong Family.

We unholstered our massive swords from our backs, and we attacked Boss Dumb Drum with powerful blasts of neon colored and rainbow energy, plants, and fruits, and with one powerful slash from a one handed swing from Lincoln's massive Sword of Taranis, Lincoln cuts down Boss Dumb Drum, and he'd exploded in a purple vortex, and he was Super Hakaied for good. We cheered wildly as we holstered our massive swords on our backs.

Then, Lincoln and Nicole went up to the eleven girls, and when Lincoln saw them, he immediately recognized them. The eleven girls were Ichika Takatsuki, Remon Yamano, Mio Kitahara, Kanna

Tanigawa, Kaori Kinoshita, and Chiharu Arisawa from Waiting in The Summer, Koishi Herikawa, Miina Miyafuji, Ichigo Morino, Kaede Misumi, and Tsubaki Oribe from Please Teacher!

Lincoln: Oh wow, it's Ichika Takatsuki, Remon Yamano, Mio Kitahara, Kanna Tanigawa, Kaori Kinoshita, Chiharu Arisawa, Koishi Herikawa, Miina Miyafuji, Ichigo Morino, Kaede Misumi, and Tsubaki Oribe.

Nicole: From Waiting in The Summer and Please Teacher!, awesome.

Lincoln: Are you girls okay?

Ichika Takatsuki: Yeah, we're okay, thanks to you.

Then, when Ichika Takatsuki and the ten other girls saw who it was that saved them from Boss Dumb Drum, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck,

large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ichika Takatsuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ichika Takatsuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we got rid of another enemy of Donkey Kong, but there was bound to be more of them coming along the way.

---

After getting rid of Boss Dumb Drum on Donkey Kong Island for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Natsumi Hinata, Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka were heading out to meet Natsumi Hinata's family including her brother Fuyuki Hinata, his two girlfriends Momoka Nishizawa and Alisa Southerncross, her mother Aki Hinata, and The Keroro Platoon: Keroro, Tamama, Giroro, Kururu, Dororo and Shin Keroro. We were also coming along as well.

Plus, we found out that when Lincoln rescued Natsumi Hinata the other day, and when he rescued Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka from Mr. Hitcher, Cheesly, Alpine, Fancypants, and Phillip, their world has merged with ours.

Lincoln: This is going to be so awesome meeting your family and the Keroro Platoon, Natsumi.

Natsumi Hinata: You're going to love meeting them, Linky. Plus, it was so nice of you to invite the rest of the team as well.

Lincoln: That's right, Natsumi. You see, whenever I rescue a potential future wife for my harem, their world merges with ours, and we head out to meet our future in-laws.

Me: That's right, big guy.

Angol Mois: It'll be good to see Fuyuki and Aki again, along with the Keroro Platoon.

Lincoln, the girls, and the rest of us headed for the household of the Hinata family and the Keroro Platoon, which is in Japan. When we arrived at their home, it was a beautiful home.

Natsumi Hinata: Ah, here we are.

Lincoln: Alright, here goes.

Lincoln knocks on the door, and when the door opens, we were greeted by Natsumi's mother, Aki Hinata, her younger brother, Fuyuki Hinata, his two girlfriends, Momoka Nishizawa and Alisa Southerncross, and The Keroro Platoon: Keroro, Tamama, Giroro, Kururu, Dororo and Shin Keroro.

Lincoln: Hello, is this the Hinata residence?

Aki Hinata: Yes, this is. (Suddenly recognized the 16-year-old, 7'0" tall, handsome, and extremely muscular teen) Wait a second, you're Lincoln Loud of Team Loud Phoenix Storm.

Fuyuki Hinata: Wait, if Lincoln's here, then, that means the rest of Team Loud Phoenix Storm is also here, as well.

Lincoln: (Smiles) Yes, I am, Mrs. Hinata, and you're right, Fuyuki, I also brought the rest of the team here. Plus, I think you might recognize a couple of people.

Lincoln stood to the side, and as soon as they saw Natsumi Hinata, Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka, their eyes went wide in surprise.

Aki Hinata: Natsumi, is that you?

Natsumi Hinata: That's right, it's me, Mom and Fuyuki.

Aki and Fuyuki came and hugged Natsumi. We came into the house, and we were also introduced to the Keroro Platoon, and that got Lana excited, since they're a race of semi-anthropomorphic frogs. In the living room, Natsumi Hinata told Aki, Fuyuki, Momoka Nishizawa and Alisa Southerncross that she, Angol Mois, Koyuki Azumaya, Aiyase Kaede, Dasonu Marie, Jessica Harpie, Rie Imogo, Melody Honey, Kiko Katoyama, Rana, Princess Kaguya, Poyan, Poyon, and Magical Girl Monaka were rescued by Lincoln, and they're now his future wives, and that caused them to cheer for them.

Fuyuki Hinata: I'm so proud of you, Natsumi. And we already know that Lincoln will always take good care of you and the others.

Lincoln: That's right. So, I heard that Keroro helps out with the household chores, right?

Aki Hinata: That's right, Lincoln. But, there's also the problem of trying to clean up underneath the couch.

Keroro: That's always been the biggest major headache in the history of household chores.

Lincoln: Don't worry, I got this.

Lincoln got up, and he easily picked up the couch with his superhuman strength, especially with some of us on it, and that amazed the Hinata Family and the Keroro Platoon.

Fuyuki Hinata: Whoa!

Aki Hinata: Those abnormally massive and powerful upper and lower body muscles are definitely not just for show. Thanks, Lincoln.

Lincoln: No problem.

Aki Hinata proceeded to clean underneath the couch, and when she was done, Lincoln gently put the couch down.

Aki Hinata: Oh, and if it's not too much to ask, but…

Lincoln: Let me guess, you're planning on moving to Gotham Royal York, so you can be close to your daughter and her friends, right?

This surprised the entire Hinata family and the Keroro Platoon.

Aki Hinata: Uh, yes, how did you know about that?

Lincoln: Whenever we meet friends or family members of my future wives, they wind up coming with us to Gotham Royal York, and don't worry, I made some clones and they've already packed your stuff.

They saw that their stuff was already packed.

Fuyuki Hinata: Wow, you were definitely one step ahead. Alright, Lincoln, we're ready.

Lincoln: (Smiles) Now, that's what I like to hear.

We returned home to Gotham Royal York, and we got Natsumi's family settled into the Estate, and they and the Keroro Platoon are now new members of the team.

---

Later we were back at the estate and Missy, Erica and Ellie were in front of the TV.

Huntress: What you girls are about to see might make you angry.

Missy: What is it Helen?

Me: It's not pretty.

We showed adventures where we faced the TTG Titans and how we called them an absolute disgrace to all superheroes everywhere and more. When it was done their jaws dropped onto the floor.

Nico: Well girls what do you think of that?

Missy: What… THE FUCK DID WE JUST WATCH?!

SpongeBob: You just watched what happens when you mix South Park with the Teen Titans!

Me: That's… a good way to describe it SpongeBob.

Lily: It sure is.

Nico: Nice comparison.

Me: Yep. TTG Slade here knows these Titans from experience.

TTG Slade: Had I known that my Titans really were morons, I probably wouldn't have gone easy on them when I fought them!

Octopunch: Well, if what you put them through was you going easy, I'd probably want to see what's you going hard on them.

Me: I feel the same way. What the TTG Titans have done in your universe that you came from makes them absolute laughingstocks.

TTG Slade: I agree.

Tara: Hard to imagine that I was also that evil in that universe too.

Blackfire: Same with me. I was worse than what I was before in that universe.

Kid Flash: And I was making TTG Robin look like a fool even though he deserved it.

Beast Boy: And I don't think I can even talk in any of my animal forms.

Cyborg: And I don't say booyah all the time.

Raven: But that version of my father is really funny too.

Seaspray: (to the Titans) Why don't you guys tell us how these morons made you look like fools? Silkie can explain too.

Robin: Well my counterpart was an absolute control freak that didn't let his team have any fun at all and only went by the rules.

Starfire: My counterpart always said "The" all the time after every word mostly.

Beast Boy: I was a stupid dummie that slacked off.

Cyborg: I liked music.

Me: That I can accept because your counterpart likes The Night Begins To Shine. I love that song and because it also reminds me of the 2017 Total Solar Eclipse.

Cyborg: True and that I accept myself. But I don't always say Booyah all the time and I'm not a slacker.

Starfire: I forgot to mention that I do love Robin but Robin in the TTG universe is forcing himself on me.

Raven: And I am not that big of a downer. Even though I look like it I still have feelings.

Tara: And I am not an evil monster like my TTG self.

Me: Yeah it was a comical version of the Teen Titans.

Disk Wars Deadpool: Now that we've officially talked about the hopefully to be cancelled by Cartoon Network Titans, I think it's Nico's turn to lead today.

Nico: Yes Wade it is my turn to lead today and we are timing it perfectly because today is not only the day before Thanksgiving but it's also Sandy's Birthday.

Lily: Oh wow!

SpongeBob: That's right and it's gonna be awesome to celebrate her birthday!

Nico: It sure is.

Stonedozer, Whirlin, Iceage, Magma, Ice Demon, Manta Bayarsh, Black Knight Ghost, Xigbar, Pyros, and Gramma Stuffum Then appeared.

Whirlin: Can me, Stonedozer, Iceage, Magma, Ice Demon, Manta Bayarsh, Black Knight Ghost, Xigbar, Pyros, and Gramma Stuffum go with you guys too?

Nico: You all sure can. This is gonna be awesome.

Iceage: (pats Missy on the back) You saw the TTG Titans, didn't you?

Missy: I sure did and I am infuriated with them.

Me: Believe me Missy. We all are.

Tara: Yeah they make me mad myself.

Nico: No kidding. Lets get moving everyone!

We were off to Bikini Bottom.

---

We arrived and we were in Jellyfish Fields and we were celebrating Sandy's Birthday.

Everyone: Squirrelly birthday, dear Sandy, squirrelly birthday to you [cheering] Hooray!

Mascots: HAPPY BIRTHDAY SANDY!

Squidward: Happy Birthday, Sandy!

Sandy: Y'all are the best aquatic critter friends and friends a lone star from out of town could ever have.

Me: Aw anytime Sandy.

Nico: We wouldn't miss your birthday for anything.

Patrick: Cake time! [pounds on the table]

Sandy: Wah!

[Sandy's birthday cake flies into Patrick's mouth. Patrick swallows the cake whole and licks the icing off his face.]

Me: Remind me to ask how he did that.

Nico: Noted.

Eli: But that was cool.

SpongeBob: [gives Sandy another cake] Don't worry. I always carry a spare.

[Patrick goes to pound the table again.]

Sandy: Oh, no you don't! [lifts the cake in the air] Hoo-hah! Karate slice! Hi-yah! [karate chops the cake into pieces for her friends]

SpongeBob: Enjoy the cake, everybody. I made it special just for Sandy. [eats the cake] Mm.

Me: (Eats the cake) Mmm! Delicious!

Squidward: I'm allergic to nuts. Are there any nuts in that?

SpongeBob: Nope, no nuts.

Squidward: Oh, okay. [eats the cake]

SpongeBob: Oh, unless you count "wall nuts."

Squidward: What? [his face swells up]

SpongeBob: I'm pretty sure walnuts are a fruit though, huh?

Nico: No they are a nut.

Laney: I got this Squidward.

Laney gave him an allergy shot for Walnut Allergies and he was back to normal.

Squidward: Thanks Laney.

[Pearl, Mr. Krabs and Mrs. Puff eat their slices of the cake. Mr. Krabs goes to give Mrs. Puff a piece of his cake.]

Mrs. Puff: Mmm!

Me: Awesome cake though.

Eli: It sure is.

Varie: Delicious. Even though I'm not a big fan on nuts.

[All of a sudden, the ground shakes.]

Mrs. Puff: Whoa-oh-oh-oh-oh! [Mr. Krabs accidentally pokes Mrs. Puff in the eye with his fork]

Me: Whoops!

[Larry does some weight-lifting while eating some cake.]

Larry: [feels the ground shaking] Huh? Whoa! [falls over]

Me: Whoa! What is going on?

Sandy: [feels the ground shaking] Whoa! [falls over and gets up] Tex Ritter! You don't see that everyday. [she runs over to a volcano, but as she gets closer, a spooky, green-glowing moon comes out from the top] Huh?

Me: Whoa what is that!?

Eli: Is that an Underwater Moon?

Nokama: Wow! I've never seen one like that.

Everyone: Ooh! Pretty!

Larry: Last time I saw a moon that big, it was in a locker room. [chuckles]

SpongeBob: Since when is the moon so green?

Patrick: [chuckles and munches on some cake] Everyone knows the moon is made of cheese, SpongeBob. [swallows some cake] It's just been up there so long, it's getting moldy. [his pupils turn green] Oh, but I'd still eat it. [eats some more cake]

Varie: I've got a really bad feeling about this.

Manta Bayarsh: Squilliam, stay close to us!

Squilliam: (shrugs) Okay. Why?

Me: Something is very strange about that moon.

Sandy: That ain't the moon, guys. The real moon comes out at night, remember? Something's fishy going on here.

Nico: Yeah whatever that moon is, it's emitting a weird energy.

Dad: [laughs as he plays ball with his family] Attagirl, S***!

Daughter: I got it, Dad!

Billy: Look out, Mom!

Mable-Monica: Hey, kids, check out that cool, glowing rock in the sky.

[The green moon flies over the family. However, something unexpected happened. When the green moon's light touches them, their bodies glow green and one by one, they transform into realistic fish. Then they eat the ball.]

Sandy: You don't see that everyday. Did you see that, SpongeBob?

SpongeBob: Yeah I sure did!

Me: WHOA! That moon's light turned those people into realistic fish!

Nico: How weird is that!?

Leozack: Everyone, stay away from that moon!

Me: It turns sea creatures into realistic fish!

[All of Sandy's friends are completely brainwashed by the green moon's light. The green moon flies over Frankie Billy, who is flying a kite.]

Frankie Billy: Huh?

[The green moon transforms Frankie Billy into a realistic trout. Then he eats his kite. Sandy gasps and rubs her eyes in shock.]

SpongeBob and Patrick: [both chanting] Green cheese! Green cheese! Green cheese!

Me: Patrick, SpongeBob, the moon being made of cheese is just a myth.

[The green moon flies over SpongeBob and Patrick and they both transform into realistic sea creatures. SpongeBob is transformed into a realistic sea sponge while Patrick is transformed into a realistic starfish.]

Nico: WHOA!

Laney: Wow! That is amazing!

Sandy: SpongeBob? Patrick? [SpongeBob and Patrick crawl around, eating little bugs in the grass; Sandy gasps and runs towards her friends] Everyone listen to me! Get away from the light! The light is bad! Run for the shade!

[But it was too late. Sandy's friends completely immobilized by the green moon and they won't move an inch.]

Mrs. Puff: So romantic. [shoves Mr. Krabs in the shoulder]

Mr. Krabs: Oh-ho!

Mrs. Puff: Eugene-ikins, give me some sugar.

Mr. Krabs: I'm always a sucker for a good smooch.

[But before they kiss, the green moon flies over them and it transforms them into realistic sea creatures. Mr. Krabs is transformed into a realistic crab while Mrs. Puff is transformed into a realistic puffer fish. Mr. Krabs pinches Mrs. Puff in the lips with his claw. Mrs. Puff puffs up and sends Mr. Krabs flying to a coral reef. Mr. Krabs crawls underneath the coral reef to hide.]

Pearl: [talking to one of her friends on the phone] Yeah, walk outside and check out this awesome moon. [takes a picture with her phone]

[The green moon flies over Pearl and it transforms her into a realistic sperm whale.]

Phone: Hello? Hello, Pearl?

[Pearl swallows her phone. Larry is looking at the green moon while doing some weight-lifting. The green moon flies over Larry and it transforms him into a realistic lobster. It looks as though if Sandy is the only sole survivor of the green moon's effect. The green moon slowly turns its light towards Sandy.]

Sandy: No! Not me! [screams as the light passes over her, but to her surprise, the green moon doesn't seem to effect her at all] Huh? I guess it only effects sea creatures, but I still don't get why that green moon is turning everyone into wild swimming fish?

Nico: Nightingale!

Nightingale: Right!

She formed a dome of darkness and we we were hiding under it and Squidward, Squilliam and Plankton were with us.

Me: That is one strange moon.

Plankton: Good thing I was late coming here!

Black Knight Ghost: Why were you late?

Plankton: I was hiding under a rock.

Lana: But what is that moon?

Fluttershy: It sure turned SpongeBob and friends into amazing creatures.

Varie: Lets see here.

Varie pulled out a book on Nautical Legends and Myths and she came across one very unusual legend.

Varie: Here it is! Neptune's Moon.

Nico: Neptune's Moon? That's unusual.

Varie read it to us.

Every 100 years, Neptune's moon appears out of a volcano. Any sea creatures who are under the presence of the moon will transform into real sea creatures for 2 hours. After that, the moon goes into another volcano and stays there for another 100 years. Once the moon goes into another volcano, the sea creatures revert to their normal forms, but unfortunately for them, the effects of the moon also caused their clothing to dissolve into nothingness and when they revert, they end up being naked.

---

When she was done we were shocked!

Me: Whoa! So this kind of moon comes around once every 100 years.

Luna: And it turns fish into their primal realistic forms for 2 hours? That is weird dudes.

Kerchak: We can't leave them out here. They'll be vulnerable to the villains still out there besides the Twisted Princesses.

Edward: Like my brothers!

Balto: And Steele!

Nico: We can take them to the Tree Dome.

Sandy: Good idea. Lets round em up!

We went out of the dome and saw them wandering.

Whirlin: Great! They're starting to wander around!

Sandy: Lets go!

We got to rounding them up and Sandy used a net to grab SpongeBob, Larry, Patrick, Mr. Krabs and Mrs. Puff and we then teleported and went into the tree dome.

Me: Okay we'll be safe here.

Nico: Yep. Thank goodness Neptune's Moon didn't get Squidward and Squilliam. Giant Octopuses have the ability to pierce through solid bedrock with their beaks.

Squidward: Wow! That is powerful.

Eli: It sure is.

Plankton: God, the old me would've taken this opportunity to kill Spongebob and the others. But today, I get to be the hero.

Mokuba: Don't forget us.

Me: But I think SpongeBob and friends look really cool this way. It's like being part of a nature documentary.

Fluttershy: It sure does feel like it.

Nico: Lets get some narration for this.

Sandy called the French Narrator.

Frenchy: [about Larry] (French Accent) Ah, the lobster. The cockroach of the sea. Skittering across the ocean floor, the lobster sheds its skin once a week… [Larry molts his shell and eats it] And then eats it.

Sandy: Now that's what I call recycling, huh, Frenchy?

Me: That's really cool.

Frenchy: [about Mr. Krabs, who is eating garbage] Ah, notice the scavenger crab eating garbage [about Mrs. Puff] unaware he is being stalked by his natural predator, the puffer fish.

[Mrs. Puff stalks Mr. Krabs and eats him.]

Sandy: Oh, no, you don't.

[Mr. Krabs pinches Mrs. Puff's mouth with his claw.]

Mrs. Puff: Ow! [she and Mr. Krabs fight, but they are scooped out by Sandy]

Sandy: I knew I was gonna have to separate you two. [pulls Mr. Krabs out of Mrs. Puff's mouth] You're welcome, Mr. Krabs. [giggles, but gets pinched by Mr. Krabs again] Ow! [Mr. Krabs pinches her really hard] Yeowch! [throws Mr. Krabs and Mrs. Puff back in the aquarium; Mrs. Puff stalks Mr. Krabs again]

Me: That's right. In real life, Pufferfish and Crabs are natural enemies.

Nico: But Mr. Krabs and Mrs. Puff are exceptions.

Eli: That is cool.

Frenchy: [about Patrick as he ejects his stomach from his body to eat kelp] Ah, observe how the hungry sea star ejects his own stomach from his body in order to eat his meal.

Iceage: Wow so that's how Starfish eat.

Nico: At least it's not like what happened in the Bikini Bottom Horror Comic.

Allie Wilde: Thank goodness for that.

Frenchy: [about SpongeBob as he filter feeds bacteria] where the primitive sea sponge filters nutrients and oxygen from bacteria particles.

[Bacteria scream as they are being filtered in SpongeBob's body. SpongeBob laughs as Sandy takes a picture.]

Sandy: SpongeBob is never gonna believe this.

Me: Sponges are filter feeders.

Heidi: Not only that but they are also one of the first ever lifeforms ever to be born on Earth. They have been on the Earth for over 600 million years. Ever since life on Earth was still in its infancy.

Laney: That is amazing.

Xigbar: (eye widens) What's Patrick doing?!

Syd Chang: He eats with his stomach. It's part of the natural eating cycle of a real starfish.

Xigbar: Oh.

Me: It may sound gross but it's cool.

Blackfire: By the way, Maria, nice job killing my evil self.

Maria: Thanks Blackfire.

Eli: Wait guys. I sense a disturbance in the Force.

Allie Knudson: I have a feeling it's one of the Twisted Princesses.

Eli: Yes it is.

Stonedozer: Which one is it this time?

Eli: Twisted Cinderella.

We gasped.

Allie Knudson: Oh man. You will not like this one.

Allie Wilde: What do you know about her?

Allie Knudson: It's not pretty.

She told us all about Twisted Cinderella.

---

To keep the prince's search party from finding her, Lady Tremaine kills Cinderella up in the tower, instead of locking the door. Cinderella's spirit is so distraught, that she never met the prince as her real self, she remains a ghost, her business in the world of the living unfinished. The birds and mice in the tower, having keen animal senses and noticing Cinderella's presence was not altogether gone, use their sewing skills to create her likeness again (or as close as they can get). They also tried their best to replicate her fairy godmother-given dress from the last evening she was alive. She thankfully possesses the scarecrow-esque body and sets off to claim the dream she deserved. Only now she's scary as heck.

---

When she was done we were shocked and absolutely horrified!

Me: (GROWLS) Lady Tremaine you heartless fiend!

Nico: First she kills her father and now she finishes her off for good.

Illia: As if we don't have enough problems already!

Emerald Sustrai: Yeah no kidding.

Nico: How much time do we have before Neptune's Moon goes away?

Sandy looked at a watch and it showed that we had 1 hour and 30 minutes left.

Sandy: An hour and a half.

Gramma Stuffum: Let me feed our altered friends while waiting.

Nico: Okay. As long as it's fish food.

She pulled out a can of fish food and fed them and they liked it.

Nico: Great.

Molly Hale: We'll each have to take shifts patrolling the Tree Dome.

May: I'll go first.

Nico: Okay.

May got to watching the Tree Dome and I was meditating.

Me: OOOOOOOOOOOMMM….

Eli was meditating too and so was Arrietty.

Arrietty: Oooooommmmmm….

Lincoln and Linka were doing pushups.

Long Haul: We need to keep Spongebob and the others safe!

Naruto: I'll make some shadow clones to watch over them.

Nico: Good idea Naruto.

Naruto formed some clones.

Nico: Lets go.

We went outside.

Twisted Cinderella was looking for victim. Then suddenly…

KRABBBOOOOOOOOMMM! KRABBBBBOOOOOOOOMMM! KRABBBBBBOOOOOOOOOMMMM! KRABBBBOOOOOOMMMM! KRABBBBBOOOOOOOMMMM! KRABBBBOOOOOOOOMMMM! KRABBBBBBBBOOOOOOOOOMMMM! KRABBBBBOOOOOOOOOMMMMM! KRABBBBBOOOOOOOOOMMMM! KRABBBBBBBBBBOOOOOOOOOOOOOOMMMMMM!

10 Volcanoes appeared out of the sea floor and they exploded with the 10 elements of the Skylanders and then they converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then we came out.

Nico: Twisted Cinderella. Looks like you are gonna wish you were never born.

Pyros: Cinderella, this isn't you! What would the Prince think?!

Lola: Yeah! What would Prince Charming think if he saw you like this!?

Twisted Cinderella: I would want him to see me like this no matter what!

Nico: You don't have to go that far Cinderella. It was because of your wicked stepmother that this happened to you. She killed your father!

Twisted Cinderella gasped in shock and sadness!

Twisted Cinderella: You're lying!

Cut Man: Really? You know what your stepmother is like.

Nico: Do we even look like we're lying? Ask your living self.

Cinderella came.

Twisted Cinderella: You're me!

Cinderella: That's right I am you. But still living. Nico is telling the truth. Lady Tremaine that wicked witch murdered our own father in cold blood and she worked us like slaves and she even had Drisella and Anastasia tear up the nice dress that we had made for us.

Anastasia felt so guilty for doing that.

Cinderella: It was also because of her that she tried to destroy everything we held dear to us.

Nico: It's true. I'm sorry.

Twisted Cinderella: (to Anastasia) In that case, she's going to suffer first!

Magma: (stops her) Take another step and I melt your brain!

Cinderella: Me and my big mouth.

Nico: Stop! (To Twisted Cinderella) Anastasia is completely overcome with guilt because of everything she did to you. But it was because of your living self that she was redeemed. She helped her see the kind of monsters that Drisella and Lady Tremaine were.

Laney: That's right. If anyone deserves to suffer for everything they did to you it's Lady Tremaine and Drisella.

Aqua: We should have never banished them to another planet.

Kairi: Yeah no kidding. We should have just killed them like the rest of those monsters.

Samon Shakekisutanchin, Ryugu Tamatebacco, Pterodactyl Ghost, Lythos, Solomon Grundy, The Springfield Bullies, Dr. Viktor, Madame Masque, INSTIGATOR and Moonstone then appeared.

Nico: Samon Shakekisutanchin, Ryugu Tamatebacco, Pterodactyl Ghost, Lythos, Solomon Grundy, The Springfield Bullies, Dr. Viktor, Madame Masque, INSTIGATOR and Moonstone.

Samon Shakekisutanchin: Are Spongebob and the others ok?

William: Don't worry. They're in the Tree Dome.

Ryugu Tamatebacco: Oh, thank goodness!

Me: Yeah it was because of a rare and once every century event called Neptune's moon that they turned into realistic fish.

Pterodactyl Ghost: But we'll need some clothes for them when this is over.

Nico: Good thinking.

Lythos: (to me) We heard you met Mrs. Frizzle this morning.

Me: We sure did and she is really awesome.

Grundy: Was teacher lady fun?

Simone: You bet she sure is. She is my teacher from my past before I got slammed and joined the team. You should see her field trips. We went into space and toured the solar system.

Lythos: That is amazing!

Tutenhawken then appeared.

Nico: Tutenhawken. Back for Round 2?

Tutenhawken: You bet I am.

Nico: Awesome!

Tutenhawken: I hope you guys don't mind facing me again.

William: Not at all. It's Zeltrax we really had a problem with.

Nico: But if he comes back we'll be ready for him.

Tommy Oliver: That's right. He will pay for his crimes.

Laney: Yeah he sure will.

Nico: Lets get the battles started.

We did so.

Samon Shakekisutanchin: They are called the Swords of The Power Pack. For you and your siblings.

Lightspeed: COOL!

She teleported back and Lightspeed got rainbow angel wings andthe rest got Angel Wings of their signature colors. They fired waves of energy and smashed him down.

Zero-G: Take that!

Rarity: Rapture darling that was grand!

LupinRangers: With that we bid you one big Adieu.

Ryugu Tamatebacco: It's called the Ring of Empathy.

Starlight Glimmer: That's cool!

Wallflower: I liked the ones where they went into space. Those were awesome.

Firecracker Burst: Those were cool. Especially where we saw the different kinds of stars out there. Shame Dorothy Ann didn't get to go because she was sick.

Pip-Squeak: (British Accent) Poor girl. But it was amazing that her friends got her a star for her birthday.

Gusty: A real star. That is so cool. And they made it from a Red Supergiant that went Nova and then put it back together and made a brand new star from it. So amazing.

Kearney: That was a really cool one.

Sunburn: Amazing how billions of years of renewal can make new stars.

Fire Lori: That is literally something.

Bart: Yeah it sure is.

Martin Prince: Boy it sure is something.

Nelson Muntz: I think it's so awesome.

Milhouse: Yeah no kidding.

Jimbo: That is really cool though! Lets do it!

They fired waves of fire and energy and smashed them down.

Sam S.L.: ROCK ON!

Sunset Shimmer: That was awesome!

Will Vandom, Twilight Sparkle, Luster Dawn, Sunny Starscout, Princess Cadance, Lorelai, Flurry Heart, Star Swirl the Bearded,

# Magic Skylanders, Crystal Laney, Ben, Gwen, Max, Emerald Sustrai and Illia VS Dr. Viktor - Awesome how Donkey Kong faced awesome bosses

---

Dr. Viktor was next.

Dr. Viktor: (to Will) It's amazing how Donkey Kong faced awesome bosses. Including K Rool.

Will Vandom: Boy it sure is. And they all got their butts kicked to the curb.

Twilight Sparkle: Lots of amazing bosses they faced.

Luster Dawn: They sure are cool. I like all the bosses that he faced.

Sunny Starscout: But it's all because that he wants to steal all the bananas that Donkey Kong has.

Princess Cadance: That is sick. All this over some bananas.

Lorelai: Practically EVERYONE wants to get their hands on all of Donkey Kong's bananas.

Flurry Heart: And look where that got K Rool. He is in prison.

Star Swirl: You got that right.

Spyro: At least he is not dead like a bunch of Super Smash Bros. Roster villains.

Crystal Laney: That's true.

Ben: It is cool that we faced them.

Gwen T.: It sure is.

Max: Amazing.

Dr. Viktor: It sure is. Lets do it!

They fired waves of lightning and magic and energy and smashed him down.

Will Vandom: YEAH!

Twilight Sparkle: That was amazing!

Timmy Turner, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Twilight Sparkle, Light Skylanders, Light Lily, Superman, Sabrina (Pokemon) and Molly Hale VS Giulietta Nefaria A.K.A. Madame Masque - Teen Titans Go Titans being disgraces

---

Madame Masque is next.

Madame Masque: (to Timmy) The Teen Titans Go Titans are fucking disgraces. In my opinion, they're their own worst enemies!

Timmy Turner: DARN TOOTIN THEY ARE! They brought all their idiotic shenanigans all on themselves.

Princess Celestia: I agree with you there Timmy. What they were doing makes them absolute disgraces to all superheroes.

Minuette: I agree too. And it's good they are gone for good.

Twinkleshine: I think they were super hakaied weren't they?

Lemon Hearts: Yeah they sure were. I'm glad they are gone.

Moondancer: They brought all that on themselves.

Lyra Heartstrings: Thank goodness. I never liked those incompetant Morons.

Twilight Sparkle: I heard that many people all over the world hate them and perfer the original Teen Titans over them.

Spotlight: Yeah that is crazy but true. But Cyborg said that he liked the song that TTG Cyborg likes because J.D. did sing that song during the 2017 Solar Eclipse.

Madam Masque: That's true I heard about that. That was awesome.

Spotlight: It sure was.

Light Lily agreed.

Superman: Yeah it was cool.

Madame Masque: Boy you said it. Lets do it!

They fired waves of light and magic and smashed her down!

Timmy Turner: COOL!

Princess Celestia: That was so awesome!

Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Somnambula, Tech Skylanders, Steel Lynn, Robin, Starfire, Raven, Cyborg, Beast Boy, Hook and Long Haul VS INSTIGATOR - Hope the Teen Titans Go Titans get their butts smashed to pulp more

---

INSTIGATOR was next.

INSTIGATOR: (to Pinkie Pie) I hope the Teen Titans Go Titans get their butts smashed to pulp more. And I can even help with that!

Pinkie Pie: I DO TOO! They were the biggest bunch of party poopers ever.

Maud Pie: (Monotonously) Even though I like rocks, I would think that the Teen Titans Go Titans are a bunch of worthless pieces of dirt not even fit to be a diamond.

Marble Pie: Yeah they are a bunch of dirt clods. (To the Titans) No offense guys.

Robin: None taken but yeah you're right.

Featherweight: What those TTG Clods did to you all is awful.

Starfire: I actually thought my TTG Self was amazing. She and I would have been really amazing friends if she weren't so incompetent.

Somnambula: (Egyptian Accent) That would have been really nice.

Raven: I would have given the TTG version of Robin the worst wedgie he had ever had.

INSTIGATOR: Now you're talking! Also what did you think of the villains in that show?

Sprocket: Some of them were REALLY funny. TTG Trigon, TTG Brother Blood and TTG Madame Rouge were awesome and great.

Steel Lynn: Yeah we would definitely get along great with them. They would make great members of the Masters of Evil.

Beast Boy: Yeah they sure would.

Cyborg: Boy that would be amazing to see.

INSTIGATOR: Was there any funny episodes J.D. liked?

Pinkie Pie: He liked the one where the TTG Titans ate all those peppers and hot sauce.

They laughed.

INSTIGATOR: You know how much he likes Nuclear Hot food.

Robin: That's true. But that episode was funny. I liked that one too.

INSTIGATOR: I'll have to see it myself. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Pinkie Pie: BEST USUAL BATTLE EVER!

Moonstone was next.

Moonstone: (to Kopaka) Simone is one lucky girl to know Ms. Frizzle and her class. I hope they get to go with us on missions.

Kopaka: Now that would be just as epic as some of their field trips they went on.

Fluttershy: I thought it was really amazing to see. Especially when Linky showed us his Magic School Bus books that he read all the time in his past.

Tree Hugger: That is really far out dudes.

Tornado Bolt: I thought so too.

Moonstone: I heard they toured the entire Solar System.

Tornado Bolt: Boy they sure did and they said it was awesome to see Mars fully Terraformed.

Moonstone: Right! I heard about Mars being Terraformed like that and that you guys got to fight all those people that were possessed by ghosts of Martians.

Mage Meadowbrook: That was a scary mission last year.

Stealth Elf: It sure was.

Plant Lola: But it must've been really cool to see Mars like Earth.

Captain America: It sure was something. When we went to Mars the First time, it was a red barren wasteland and now it's like Earth.

Moonstone: What a change. Lets do it!

They fired waves of ice, leaves, flowers and grass ad smashed her down.

Kopaka: OH YEAH!

Fluttershy: That was fun.

---

Eli went to go get SpongeBob.

Sandy: Oh! Two hours is up? Thank goodness.

Frenchy: And so we bid a fond adieu to Neptune's Moon as it descends back into the Earth from whence it came. We will see it again in 100 years. [Neptune's Moon slowly descends downwards and enters another volcano; foghorn blows] Goal!

[Mr. Krabs and Mrs. Puff fight each other again. However, now that Neptune's Moon is gone, they both revert themselves back into their regular forms. But unfortunately, the effects of Neptune's Moon also caused their respective clothing to dissolve into nothingness, thus leaving them naked]

Mr. Krabs and Mrs. Puff: Oops. [Krabs and Mrs. Puff cover themselves in embarrassment and run off laughing.]

[Larry reverts back to his regular form as well. But he is also naked. He picks up a flower and uses it as a loincloth. Then he walks away. Pearl reverts back. However, she is also naked as well.]

Pearl: [screams and runs away as she is naked] No!

[SpongeBob and Patrick revert back to the regular forms, but they're also naked as well.]

Sandy: Aah!

SpongeBob: Um, guys, how come everyone is out here and everyone's naked?

Sandy: Well, SpongeBob, let's just say this has been the most interesting birthday I ever had.

Eli: And you're just in time too.

William: Spongebob, we'll explain everything later. Right now, put some clothes on! You're needed!

Maria gave them all clothes.

SpongeBob: Thanks Maria.

Kelvedran then blasted and smashed Twisted Cinderella all over.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was dead!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Then, we saw a figure come out of the shadows. When Sly Cooper saw it, he couldn't believe his eyes: it was his dad Connor Cooper.

Sly Cooper: Dad?

Brittney: Your father, but how?

Suddenly, Sly Cooper saw purple blotches on his father, and that brought a sense of dread to us: Sly Cooper's father was brought back by The Aparoids, and he was turned into a mindless zombie.

Sly Cooper: (Gasps) Oh man, The Aparoids brought my parents back, and they've been turned into mindless zombies.

Nico: Oh man, that's not good.

Me: The Aparoids have really stepped in shit this time!

Sly Cooper transformed into his Super Angel 10,000,000,000 form, and he unholstered his Ancestral Cane of The Cooper Clan from his back. Suddenly, we'd felt something snap inside of Sly Cooper's mind, as he was surrounded by a blue energy aura with fire, lightning, and darkness, and as he'd approached his Aparoid-infected parents, he left neon blue energy, fire, lightning, and darkness with every step.

Sly Cooper: You Aparoids are starting to make me sick. You may have helped us out in bringing back those who've tragically died, and we freed them from your influence. (Suddenly Getting Angry) But, to bring back my parents and turn them into your mindless slaves to kill us… , YOU JUST CROSSED THE FUCKING LINE THIS TIME, YOU PARASTIC BASTARDS FROM HELL!

We gasped in shock when Sly Cooper's rage was let loose.

Nico: Holy crap.

Me: That's right, Commander, Sly Cooper's rage has now been let loose, and he's not going to show the Aparoids any mercy.

Then, Sly Cooper screamed like a madman.

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted out from around him as he was surrounded by a massive vortex of blue energy with flames, bolts of lightning, and dark shadows surrounding it, there's a racoon running around the vortex, and inside the vortex is a gold phoenix. Then, as the vortex faded, Sly Cooper emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sly Cooper grew to 6'11" in height, he had abnormally massive and powerful upper and lower body muscles, the insignia of The Cooper Clan emblazoned on his forehead now has a flame, a single bolt of lightning, and a crescent moon surrounding it, he has on raccoon earrings with the Fire, Thunder, and Dark Kanjis in a triangle formation in its paws and a necklace with a raccoon holding the Fire, Thunder, and Dark Kanjis arranged in a triangle formation in its paws for the pendant, his clothes have grown longer for his new body, and his gray angel wings grew larger for his new body and they have black tips on the large gray feathers with flames, lightning bolts, and shadows falling from the black tips, his natural mask was still shown, his blue shirt has a gold phoenix on it, his large blue hat and yellow neckerchief has a phoenix on it, he has neon brown eyes and he has a blue energy aura with fire, lightning, and darkness surrounding him. Sly Cooper has on his brand-new Bracelets of The Champions of The Universe with blue gems on his wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on his waist, and Eater of Sins revolver holstered on his left hip, his Ancestral Cane of The Cooper Clan grew to 6'5" in length, the gold curved cane head grew a little bigger and the gold pommel with the blue gem grew a little bigger. Sly Cooper has transformed into SUPER ANGEL 750,000,000,000 SAPPHIRE FIRESTORM THIEVIUS RACCONUS ANGEL OF DARK ELECTRIC JUSTICE!

We were amazed by Sly Cooper's Super Angel 750,000,000,000 transformation, and this enraged the Aparoid-possessed father of Sly Cooper.

Me: Whoa. Sly's now ascended.

Nico: That's right, Colonel. Sly Cooper has ascended into Super Angel 750,000,000,000, and he's going to free his parents from those damn Aparoids.

Sly Cooper: (Divine Echoing Cosmic Voice of Darkness and Justice) That's right, Commander. Dad, hold on, I'm coming to free you.

Sly Cooper went after his Aparoid-possessed father, and he blasted him with powerful blasts of sapphire blue energy, fire, darkness, and lightning from his left hand and Ancestral Cane of The Cooper Clan, and they hit him and explode with incredible power. But, he got back up.

Sly Cooper: **Dad, I couldn't save you from The Fiendish Five who were used by Clockwerk when I was a kid, but I'm not letting history repeat itself, this time, I'm going to save you. APAROID PURIFICATION MEGABLAST!**

Sly Cooper fired a blast of holy light from the large curved gold cane head of his Ancestral Cane of The Cooper Clan, and it hits Connor Cooper, and it destroyed the Aparoids and freed him. Then, Sly Cooper grabbed him and brought him to us, as Varie healed him up. Sly Cooper powered down, but his new body, clothes, weapons, and jewelry were permanent.

Me: Lets get him into the tree dome!

We did so. We got him inside the Tree Dome and then, Connor Cooper opened their eyes.

Connor Cooper: Ugh, what happened?

Sly Cooper: Dad?

Then, when Connor saw his son, he had tears in their eyes, and he hugged Sly Cooper, and he'd returned the hug. He made a note that he's going to explain everything that happened years ago. But, Sly Cooper was happy to be reunited with his father once again after a long time.

Lincoln: I'm glad Sly's freed his father, he deserves to have his dad back after all this time.

Nico: (Smiles) You said it, Major. This is just like what happened to most of us, and with Thanksgiving coming tomorrow, this is going to be one Thanksgiving we're not going to forget, and Ed Cowart's birthday is also tomorrow.

Lincoln: You said it, and that's also going to make it just as memorable.

Jimbo: I hope you still enjoyed your birthday, Sandy.

Sandy: Of course I did!

Dr. Viktor: That's good.

Madame Masque: Minus nearly all of Bikini Bottom turning into their natural forms.

INSTIGATOR: And now, they're naked.

Moonstone: I just hope nothing this weird happens again.

Frenchy: And, of course, Neptune's Moon is always followed by Neptune's Sun.

[The ground shakes. Neptune's Sun comes out of a volcano]

Me: Whoa! That must be Neptune's Sun.

Neptune's Sun swept its light over us and nothing happened.

Nico: Whoa! I guess our powers are too strong for it to affect us. Lets head home guys. Great job today.

Sandy: (To the viewers) This was one of the most amazing birthdays I've ever had and I hope you all liked it too. It sure was really fun.

Nico: It sure was.

We went back home and enjoyed the rest of the day before going to sleep.

THE END

---

Another awesome SpongeBob Episode done.

Feral Friends was one of the coolest episodes of SpongeBob. It was really funny and amazing how a strange moon like Neptune's Moon can turn everyone into realistic fish and not affect Sandy at all. Vice-Versa with Neptune's Sun on Land Creatures. The episode aired on October 7th, 2017 which was 7 days before my 30th Birthday and it was so awesome! The first part was for The Magic School Bus and it was the episode Gets Lost In Space and that is one of my all time favorites. I have known The Magic School Bus since I was a little kid and it was awesome! I hope you all know that show too. The 2nd part was for Boss Dumb Drum from Donkey Kong Country and that was a great game. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this and so did the Guest Reviewer. Thanks guys. Tomorrow is Thanksgiving and it's also the 400th Thanksgiving in our history. The rescue for me is gonna be for the Thanksgiving Horror movie Thankskilling and me, Eli, Maria, Lola Namiko, Simone, Miranda, Gina Pele, Allie Wilde, Nene, Nelanie, Syrus, Dark Magician Girl, Lemon Zest and the Blacephalon Gene-Slammer will face that REALLY Bad turkey. We're going to meet a Heavyweight Centaur named Shaia as well as a Tortomon Gene-Slammer named Sally Duncan. Lemon Zest is gonna be transforming in that one so I'll need the transformation sequence for that. Also Lincoln's Rescue will be in Star Wars III: Revenge of The Sith and Indigo Zap will transform in that one as she battles Anakin on the Planet Mustafar and save Padme from dying. Tomorrow is also Omegahatchiyak's birthday and we're also going to celebrate America's 400th Thanksgiving! Wow! This is gonna be an awesome double whammy holiday.

See you all tomorrow.

# Thanksgiving Birthday Adventure

HAPPY BIRTHDAY TO OMEGAHATCHIYAK12 AND HAPPY THANKSGIVING 2021

WARNING: The battle in this chapter is gorey and bloody. Read at your own risk

---

Over in the forests of Massachusetts, me, Eli, Ed Cowart, Maria, Lola Namiko, Simone, Miranda, Gina Pele, Allie Wilde, Nene, Nelanie, Syrus, Dark Magician Girl, Lemon Zest and Chanthavy Samneang the Blacephalon Gene-Slammer were there to see what our next rescue has in store for us.

Chanthavy Samneang: (Cambodian Accent) I have a feeling this next rescue will be appropriate for Thanksgiving.

Ed Cowart: I am honored that you guys are having me come along. Is it a special reason?

Me: You'll see soon man. It's gonna be awesome.

Simone: Yep. But this is gonna be amazing.

Chanthavy: This is gonna be fun.

Chanthavy concentrated and groaned as her hair fell out.

Miranda: Yep it sure will be fun.

Chanthavy turned into BLACEPHALON!

Ed Cowart: OH YEAH!

Lemon Zest: I think that's the reason why we're here!

We saw a Centaur and a Tortomon battling a nasty looking turkey!

Me: OH NO! That's TURKIE from the movie horror series ThanksKilling!

---

Turkie is the main antagonist of the 2009 American independent comedy horror film ThanksKilling and the protagonist villain of it's "third" sequel. He is a demonic turkey who seeks to kill all the people who have ever had Thanksgiving.

He was voiced by Jordan Downey.

Turkie is first seen killing a naked Pilgrim with an axe while saying "Nice assets, bitch!" and the girl Pilgrim dies later offscreen.

He was resurrected by a dog that was peeing on him. He then killed it by biting it. Turkie went back onto killing spree and there are now new weapons after his original life ended and kills a driver with a gun. Turkie comes across the lustful Ali and her boyfriend making out, then he kills Ali's boyfriend (she barely notices) and then he mocks Ali's lust before snapping her neck.

He was with a Teen's Dad and Mom (offscreen) and he skins the sheriff (Dad) and slits the Mother's throat. The teens arrive and think he is the Sheriff but when they see the Turkie has fooled them he dressed up as a cartoon turkey which was eaten by one of them named Billy and he ripped through Billy's chest and says "Gobble gobble, motherf-cker, now that's what I call fowlplay". Billy's corpse was mourned by his friend a nerd (one of the teens), but later he tries to kill them but gets shot and thought to be killed.

However, Turkie later gets radioactive and kills the nerd by ripping off his tongue, he injured one of the remaining teens but one of them killed him by lighting him on fire and onto his tepee (which he lived in as an Indian which he was before coming as a possessed turkey) killing him. He later was revived as meat and attacks a family setting the sequel ThanksKilling 3.

---

When I was finished with his history we were shocked!

Ed Cowart: This guy gives turkeys everwhere a bad name!

Eli: Yeah he sure does! Lets get him!

We went at him and then…

KROW!

We kicked the Turkie in the face and he saw us ready to kill him!

Me: I hope you like being stuffed with stuffing because we're going to have you for dinner!

Maria: Okay, I know made a promise last year to kill any turkeys for Thanksgiving. But this one is an exception!

Nene: YEAH! You give all turkeys everywhere a REALLY BAD NAME!

Me: Gobble Gobble motherfucker!

Lemon Zest: I think you deserve a much better place than being inside our stomachs and that is thrown into the sun!

Shaia: That's right you feathered freak! By the way guys I'm Shaia. Thank you for rescuing me.

Tortomon: And I'm Sally Duncan from Texas.

Me: Pleasure to meet you both. And you're a Tortomon Gene-Slammer.

Sally Duncan: Yes I am.

Lemon Zest: I've had it with this rotten turkey.

Suddenly, Lemon Zest's yellow eyes turned neon yellow and she was surrounded by a yellow energy aura with lemons surrounding her, and as she approached the demonic turkey, she left yellow energy, lemons, and ponies with every step. Then, Lemon Zest was surrounded by a massive vortex of yellow energy with lemons and lemon juice surrounding it, there was a pony running around the vortex, and in the vortex was a light pink phoenix. Then, as the vortex faded, Lemon Zest emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lemon Zest grew to 6'0" in height, she had the body of a goddess, her long light green hair has neon yellow highlights in the bangs, she has neon yellow eyes and a yellow energy aura with lemons and lemon juice surrounding her, she has a pony surrounded by four lemons emblazoned on her forehead, she has on pony earrings with the Thunder Kanji in its hooves and a necklace with a pony holding the Thunder Kanji in its hooves for the necklace, she has on a sleeveless dark purple blouse with a blue phoenix, a dark purple skirt with lemons on it, dark purple high heels with lemons on them, she has large light pink angel wings with yellow tips on the large light pink feathers, and a sleeveless dark purple trenchcoat with lightning bolts on the coattails and lemons, and on the back is a pony and lemons. Lemon Zest has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's a green kanji below the pony and lemons that said, "Lemon Zest, Member of The Shadowbolts, Dear Friend of Twilight Sparkle and her Friends, Former Student of Crystal Prep, Master of Lemons and Lightning, Destroyer of Abacus Cinch, and Sweet and Sour Member of The Knights of The Friendship Table."

レモンゼスト、シャドウボルトのメンバー、トワイライトスパークルの親愛なる友人とその友人、クリスタルプレップの元学生、レモンとライトニングのマスター、アバカスシンチの破壊者、友情テーブルの騎士団の甘酸っぱいメンバー

Lemon Zest has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL LIGHTNINGSTORM LEMON PONY ANGEL OF SWEET AND SOUR JUSTICE!

We were amazed by Lemon Zest's Super Angel 750,000,000,000 transformation, but when the demonic turkey saw it, he fell into a demonic rage.

Me: WHOA! Lemon Zest transformed!

Eli: Wow! Lemon Zest you look awesome!

Allie Wilde: Awesome! How do you feel?

Lemon Zest: (Divine Echoing voice of Lemons and Lightning Hope) **I feel amazing Allie. This turkey is gonna feel the full force of the power of sour and sweet justice.**

Me: Show that rotten turkey no mercy.

Lemon Zest flew at Turkie and pulverized him all over into pulp.

Maria: You sure we can't eat this turkey's corpse?

Me: He is a possessed Turkey, Maria. His spirit will go into one of us.

Maria: Oh.

Me: Lets get him!

We went and pulverized him all over the place.

Maria: Let's see how you like getting wet!

SPLASH!

Maria drenched him in water and inflated him all over.

Me: Now that is a plump turkey!

Lemon Zest: Time for him to turn sour!

She fired waves of lemons and blasted them into his mouth and plumped him up more!

Ed Cowart: Now for the grand finale!

Ed Cowart opened a portal and it lead to the biggest oven of them all: THE SUN!

Ed Cowart: Time to cook this bird!

Turkie: NO! NOT THAT!

Me: ADIOS MUCHACHO!

We threw him into the sun!

Turkie: NOOOOOOOOOOOOOOOOOO!

SIZZLING POOF!

He was dead in an instant! Then his spirit appeared.

Lemon Zest: **You are a bad turkey!** (Holds hand out) **SUPER HAKAI!**

He was banished to oblivion for good! Lemon Zest powered down and her new jewelry, clothes and accessories were permanent. I then put on my blind man glasses and the boys covered their eyes and I snapped my fingers and Chanthavy and Sally were reverting back.

Chanthavy: (regains her hair) Did you have anything planned for Thanksgiving?

Sally Duncan: Well I can always have it with y'all.

They were both back to normal and were naked and Maria gave them both new clothes.

Sally Duncan: YEEHAW! These clothes are amazing.

Eli: You and our friend Applejack would be perfect together.

Lemon Zest: That is true. And you, Applejack and Apple Bloom would get along great. The Apple Family makes AWESOME Apple Cider.

Maria: They make their apple cider fresh squeezed and we're going to have that with our Thanksgiving Dinner.

Allie Wilde: We sure are and it's gonna be awesome.

Sally Duncan: (holds head in pain) Aw, Hell no! Not on Thanksgiving!

Simone: Reign in the power with the strength of your will.

Miranda: Concentrate and it will be part of you.

Sally concentrated and then she glowed in a neon yellow brown aura and it showed that she was fully engrafted!

Sally Duncan: Wow! That was amazing!

Me: It sure was. Now we go help Lincoln on his Rescue. (In my head) Everything will be set up for Ed's birthday by then)

We went and did so.

---

After obliterating the evil demonic turkey for good, Lincoln, Me, Ed Cowart, Nico, Eli, Nicole, Indigo Zap, Princess What's Her Name, Anakin Skywalker, and Ahsoka Tano were heading to Planet Mustafar, and not only is Lincoln going to rescue the twelve girls there, but Indigo Zap is going to battle Anakin Skywalker who's been corrupted by The Dark Side of The Force, and we're also going to save Padme from dying.

Lincoln: Whoa, we're on Planet Mustafar, and I think I know what we're going to do here, not only am I going to rescue the twelve girls there, but Indigo Zap is going to battle Anakin Skywalker who's been corrupted by The Dark Side of The Force, and we're also going to save Padme from dying.

Me: That's right, big guy.

Anakin Skywalker: I remembered that Padme was about to die because of childbirth, so we're going to save her from dying, and once Indigo Zap saves my counterpart from The Dark Side of The Force, we're going to tell him that he was manipulated by Palpatine and the Sith.

Eli: That's right, and he's going to pay dearly for his crimes, all of

them.

Lincoln: That's right, Eli.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, but they've been cornered by the counterpart of Anakin Skywalker who's been corrupted by The Dark Side of The Force, and he's going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by the counterpart of Anakin Skywalker who's been corrupted by The Dark Side of The Force, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a Force Blast, and pushed Anakin back. When he saw us, his eyes were filled with hatred and rage. Suddenly, Indigo Zap's light orange eyes turned neon light orange, and she was surrounded by a dark blue and light blue energy aura with lightning bolts surrounding her, and as she approached The Dark Force Corrupted Anakin, she left dark blue and light blue energy, lightning bolts, and stars with every step.

Indigo Zap: Anakin, what you are doing is wrong. Palpatine was the one who did this to you, but I'm not going to let this go on any longer. I'm going to save you from The Dark Side of The Force, and Palpatine and The Sith are going to pay for this.

Suddenly, Indigo Zap was surrounded by a massive vortex of dark blue and light blue energy with lightning surrounding it, there was a Pegasus flying around the vortex, and inside the vortex was a light orange phoenix. Then, as the vortex faded, Indigo Zap emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Indigo Zap grew to 6'0" in height, she had the body of a goddess, she had orange highlights on the bangs of her long dark blue and light blue hair, she has neon light orange eyes and a dark blue and light blue energy aura with lightning bolts surrounding her, she has a Pegasus with four lightning bolts surrounding her emblazoned on her forehead, she has on Pegasus earrings with the Thunder Kanji in its hooves and a necklace with a Pegasus holding the Thunder Kanji in its hooves for the necklace, she has on a sleeveless dark purple blouse with a dark blue phoenix, a purple skirt with lightning bolts on it, dark blue high heels with lightning bolts and bows on them, she has large dark blue angel wings with light blue tips on the large dark blue feathers, and a sleeveless dark purple trenchcoat with lightning bolts on the coattails and clouds, and on the back is a Pegasus and lightning bolts surrounding it. Indigo Zap has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with dark blue gems on her wrists, Belt of Elemental Bravery with large dark blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a dark blue kanji below the Pegasus and lightning bolts that said, "Indigo Zap, Member of The Shadowbolts, Former Student of Crystal Prep, Friend of Twilight Sparkle and Her Friends, Destroyer of Abacus Cinch, Master of The Blue Lightning and Thunder Clouds, and Awesome Member of The Knights of The Friendship Table."

インディゴ・ザップ、シャドウボルトのメンバー、クリスタルプレップの元学生、トワイライトスパークルと彼女の友達の友達、アバカスシンチの駆逐艦、ブルーライトニングとサンダークラウドのマスター、そして友情テーブルの騎士団の素晴らしいメンバー

Indigo Zap has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL BLUE LIGHTNINGSTORM PEGASUS ANGEL OF ELECTRIC JUSTICE AND HOPE!

We were really amazed by Indigo Zap's Super Angel 750,000,000,000 transformation, but when the counterpart of Anakin who was corrupted by The Dark Force of The Force saw it, he fell into a dark rage.

Me: Wow, Indigo Zap's transformed.

Nico: That's so awesome, now it's Shadowbolt Pegasus of The Blue

Lightning VS. Corrupted Jedi.

Lincoln: Wow, Indigo Zap, you look amazing. How do you feel?

Indigo Zap: (Divine Echoing Cosmic Voice of The Thunderstorm and Hope) **I feel incredible, Lincoln. Now, I'll deal with Anakin's dark counterpart.**

Anakin Skywalker, Eli, and Ahsoka Tano joined with Indigo Zap, and they activated their lightsabers.

Anakin Skywalker: We'll help Indigo Zap keep my corrupted counterpart distracted, Lincoln, while you, J.D., Nico, Nicole, and Princess What's Her Name go save Padme.

Lincoln: You got it, Anakin.

Lincoln, Me, Nico, Nicole, Princess What's Her Name, and the twelve girls head for Padme's location, and once we got out of the way, Anakin Skywalker, Ahsoka Tano, Eli, and Indigo Zap went after Anakin's corrupted counterpart. Indigo Zap attacked by firing powerful blasts of dark blue and light blue energy, massive blasts of lightning, and Pegasi made of pure lightning, and they exploded with incredible power.

Indigo Zap: **Anakin, I know you want to save Padme, but turning to The Dark Side of The Force isn't the right way. Palpatine lied to you, he wanted to corrupt you and turn you to The Dark Side of The Force, and turn you into Darth Vader.**

Suddenly, Indigo Zap's words had reached Anakin deep into his heart, mind, and soul, and the truth had set him free from the corruption that Palpatine had induced on him.

Counterpart Anakin: I… I can't believe it. Palpatine turned me into his pawn, and I almost killed Padme. Is there still time to save her?

Anakin Skywalker: (Smiles) I have a feeling that our friends got to her in time to save her life. Come on, let's go.

Anakin Skywalker, his counterpart, Ahsoka Tano, and Indigo Zap then ran for our location. Meanwhile during the fight, Lincoln, Me, Nico, Nicole, Princess What's Her Name, and the twelve girls made it straight to Padme's location, and Lincoln had used a special technique utilizing The Force to heal her, and after a few labor-inducing hours, Padme had given birth to Leia and Luke. Anakin Skywalker, his counterpart, Ahsoka Tano, and Indigo Zap arrive at our location, and Anakin's counterpart then saw Padme, she was now alive and well, and with two newborn twins in her arms, and it brought a smile to his face, as he joined her by her side.

Then, Lincoln used his psychic powers and with a single thought, Palpatine and all those loyal to The Sith were Super Hakaied for good, and merged Anakin and Padme's counterparts with the ones that are with us, and Padme had her two newborn twins still in her arms. Then, when we got back home, Indigo Zap holstered her massive Sword of The Friendship Table on her back and powered down, but her new body, clothes, weapons, and jewelry were permanent. Then, Lincoln and Nicole went up to the twelve girls who were with us, and when Lincoln saw them, he immediately recognized them. The twelve girls were Nanako Yukishiro, Koto Ōtsuki, Kino Yakobe, Tao Hanakai, and Amane Katagiri from Senryu Girl, Yuya Shiina, Sakuya, Tokito, and Mahiro from Samurai Deeper Kyo, Lirin from Saiyuki, Scheris Adjani and Mimori Kiryu from S-Cry-Ed.

Lincoln: Oh wow, it's Nanako Yukishiro, Koto Ōtsuki, Kino Yakobe, Tao Hanakai, Amane Katagiri, Yuya Shiina, Sakuya, Tokito, Mahiro, Lirin, Scheris Adjani, and Mimori Kiryu.

Nicole: From Senryu Girl, Samurai Deeper Kyo, Saiyuki, and S-Cry-Ed, awesome.

Lincoln: Are you girls okay?

Nanako Yukishiro: Yes, we're okay, thanks to you.

Then, when Nanako Yukishiro and the other eleven girls saw who it was that saved them from Anakin who was corrupted by The Dark Side of The Force, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Nanako Yukishiro: Oh wow, you're Lincoln Loud of Team Loud

Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Nanako Yukishiro: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we told everyone what happened on Planet Mustafar and when we showed everyone what Lincoln did in saving Padme's life and getting rid of Palpatine and The Sith for good, his siblings piled on and gave him the biggest group hug ever, and his future wives gave him a big group hug and kissed him all over, and they also hugged Indigo Zap, which she returned.

---

After saving Anakin from The Dark Side of The Force, along with Padme's life, and obliterating Palpatine and The Sith for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Lincoln: Alright, everyone, let's get going.

Lynn Loud: Lead the way, bro.

Lincoln led the way for the boys and the girls as they left the Estate, and to their destination: Toronbo Beach in Hyrule. When they arrived at Toronbo Beach, it was an amazing beach.

Lynn Loud: Whoa, look at this beach. Lincoln, what is this place?

Lincoln: This is Toronbo Beach in Hyrule. Link told me about this place, and I figured this is the perfect place to have our date at.

Leni: Alright, let's have some fun.

And with that, the boys and the girls began having some fun, such as diving into the large oceans of water and swimming, and in Lincoln and Lynn's case, going surfing, even playing a game of Volleyball in separate teams on the sandy beaches. Then, they had some lunch that Lynn Sr. packed for them. Then, as the sun began to set, Lincoln and the boys went up to the girls, and they shared a romantic passionate kiss as the sun turned orange on the horizon. Then, they came back to the Estate.

Me: Hey, gang, how was your date?

Lincoln: It was awesome, J.D. We went to Toronbo Beach in Hyrule.

Lynn Loud: You should've seen it, large ocean of water, palm trees, and white sand. It was perfect.

Leni: It was totes perfect for our date, and we took pictures of Toronbo Beach.

Leni took out the pictures for us to see, and indeed it was a beautiful place.

Lori: Wow, Leni, this place looks amazing.

Bobby Santiago: And thanks to you all, we found another perfect place to have fun on a date or for all of us to go on vacation.

Lincoln: Thanks, Bobby.

Nico: Hyrule definitely has some amazing and beautiful places to go to.

May: It's hard to believe that Ganondorf was trying to destroy everything and rule over it.

Nico: He's nothing but a black-hearted monster, honey. (Smiles) But, J.D. made sure that he'd never return.

Me: You got that right.

Dawkins Dalmatian: (British Accent) Along with his minions.

Lincoln: That's right, Dawkins.

Minerva Mink: But, there's bound to be more enemies of Hyrule, so we need to be ready for them.

Nico: My thoughts exactly.

Pinkie Pie: (On a radio) We're ready J.D.!

Me: Copy that.

We went back home to the Estate.

---

We came in and Ed saw that the Estate was dark.

Ed Cowart: Why are the lights off?

Me: I'll get those.

I turned them on and then…

Everyone: SURPRISE! HAPPY BIRTHDAY ED!

Ed Cowart: (Gasp) OH WOW! YOU ALL REMEMBERED!

Nico: Yep we sure did.

Me: Wouldn't miss your birthday for anything Ed.

We got to partying and we had an awesome party for him with the water park and it was great! We had presents and cakes and everything.

---

Later we were in the city walking around. Suddenly we heard a groan.

Meteormon: Guys, there's someone sick in that alleyway.

We heard groans of pain and we went in and saw a 12-year-old with brown hair and in a red dress lying on the ground in excruciating pain.

Me: Oh no! What's wrong!?

Girl: Help me! IT HURTS SO MUCH!

Me: What hurts?

Girl: My stomach!

Me: Lets get her to the hospital!

I picked her up and we took her there.

Girl: Am I about to be Gene Slammed?!

Namine: No. Your hair doesn't seem to be falling out. So, you're fine.

The doctor came in and took her into the operating room and opened her mouth and then reached in with tongs and to our shock and disgust we saw him pull out a long and disgusting worm!

Me: OH GOOD GOD!

Nico: WHAT THE FUCK IS THAT!?

Lisa: That appears to be a Cestoda Platyhelmenthies; Street name: Tapeworm.

Me: OH MAN!

The girl woke up and we were there with her.

May: What's your name?

Helena Nicos: Helena Nicos. What happened?

Me: Well the doctors found this in you.

They held out a bag and in it was the tapeworm.

Helena Nicos: WHAT IS THAT!?

Me: It's a tapeworm. It's a type of parasitic worm and it could have killed you.

Nico: How did that get inside you?

Helena Nicos: Oh no. Mom did this to me! She told me that I was too fat and she must've given this to me to trim down.

Lola: Wait a second. I thought you looked familiar. You came in second place all the time right?

Helena Nicos: That's right. Wow you're Lola Loud! The famous Beauty Pageant Star.

Lola: Yep.

Me: How did your mom give this Tapeworm to you?

Helena Nicos: She just told me to close my eyes and open my mouth and then I swallowed something and now I know that it was this tapeworm.

We gasped in shock!

William: This worm needs to die!

Me: You got that right!

I took the bag and enveloped it in a huge ball of fire and incinerated the Tapeworm into ash.

Me: Good riddance.

Helena Nicos: How could my mother do this to me? (Crying)

May went over and comforted her.

Me: You could've died Helena. Tapeworms can sometimes travel through your blood into your brain and kill you. I think your mother wants you dead.

Nico: Maybe.

Then the police detectives came in.

Detective Ferrington: Ah looks like you guys are here too. We heard what happened. I'm Detective Joel Ferrington, Gotham Royal York Police Department.

Me: Pleasure to meet you Detective.

Armada Cyclonus: (to Helena) You wanna spend Thanksgiving with us?

Helena Nicos: I would like that. My mom is now officially not my mother anymore after what she did to me.

Detective Ferrington: Thank you for telling us this Helena. We'll make sure your mother gets punished severely for this.

Helena Nicos: Thank you Detective.

We went to Helena's mom's house and busted in!

Lola: So, you used beauty pageants in your sick plan to abuse your daughter?!

Mrs. Nicos: You'd put a tapeworm in yourself too if you were too fat!

Powerglide: She wasn't even fat to begin with!

Me: Yeah! We saw something like this on Untold Stories of The ER and that was nuts!

Nico: You saw that show too J.D.?

Me: Yeah I sure did and it was crazy. (To Mrs. Nicos) But back on track, You need to be locked up for a long. long time!

Detective Ferrington: Yes that's right! Amelia Nicos, (Slaps handcuffs on her) you are under arrest for 1st degree attempted murder, torture and child abuse. You have the right to remain silent. Anything you say can and will be used against you in a court of law.

Mrs. Nicos: YOU CAN'T DO THIS TO ME! I WAS HELPING MY DAUGHTER!

Me: YEAH YEAH! Tell it to the judge! But not today because it's Thanksgiving.

They took her way.

* * *

Later it was time for Thanksgiving!

Manaphy, Poromon, Horsea, Poliwag, Tentacool, and Jirachi: Happy Thanksgiving, everybody!

Numbuh 274: Thanks, guys!

Manaphy, Poromon, Horsea, Poliwag, Tentacool, and Jirachi: AND HAPPY BIRTHDAY ED!

Ed Cowart: Oh thanks guys! You all are such amazing friends!

RD Me: You earned it buddy.

Me: Talk about a huge double whammy celebration. Also this is a massively huge milestone for all of America. It's the 400th Thanksgiving!

Eli: Oh wow! That is awesome!

Rainbow Dash: WOW! 400 Thanksgivings? That is amazing!

Me: Yep it sure is.

Kearney: Can me, Samon Shakekisutanchin, Ryugu Tamatebacco, Pterodactyl Ghost, Lythos, Solomon Grundy, Jimbo, Dolph, Dr. Viktor, Madame Masque, INSTIGATOR, and Moonstone hang out with you guys today? I'll even invite Kearney Junior.

Me: You all sure can. It's my turn to lead today anyway.

Vypra and ALL OF the MASTERS OF EVIL showed up too.

Vypra: Don't forget all of us. I know it's supposed to be all of us enjoying this time with you guys but because of the Twisted Princesses running around and causing problems we're gonna have our usual battles still. Just this once.

Me: Fine with me.

Dark Spicer: Awesome! Oh and Ed, Happy Birthday man.

Ed Cowart: Thanks Dark. My birthday falls on Thanksgiving once every six years. So I won't have it on this holiday till 2027 next time.

Me: Wow!

Eli: Long time.

Twilight Sparkle: It sure is.

Swift Foot: So… what do we do first?

Nico: First we always watch the Macy's Thanksgiving Day Parade. That's one of my favorites.

Carol: Mine too. So awesome.

Me: I like it because of the floats. They are cool.

Lana: Yep.

We got to watching the Macy's Thanksgiving Day parade and it was amazing.

The floats in the parade were amazing.

Dolph: (to Helena) Sorry about what your mom did to you.

Grundy: Bad mother use bad worm!

Helena Nicos: Yeah and I never want to see that monster ever again.

Sally Duncan: She is a really bad mother. No one should ever do that to their own child just because they think they are overweight.

Shaia: Yeah she has no honor.

Laney: No kidding.

We later watched the Football Games and Detroit was playing.

Rainbow Dash: AWESOME!

Helena Nicos: YEAH! GO DETROIT!

Nico: YEAH!

Ground Man: (to Rainbow Dash) Maybe you should become an ambassador like Arkayna.

Rainbow Dash: Now that would be awesome. I would choose a sports theme world for me myself.

Nico: And you are really awesome at sports R.D.

TOUCHDOWN!

Me: ALL RIGHT!

Detroit scored a Touchdown.

Jimbo: Things are getting good!

Madame Masque: Of course they are.

Me: Yeah they are!

Lynn Sr.: TIME FOR DINNER!

Me: Oh boy!

We got to having Thanksgiving Dinner and we were having Turkey, Pizza, Mashed Potatoes, Sweet Potatoes and more.

Helena Nicos: Pizza with Thanksgiving Dinner? Wow.

Me: We made some changes to the menu for Thanksgiving.

June (Avatar): Too bad we couldn't have that evil turkey that you guys faced this morning.

Me: Yeah it was for the best.

Nico: (CHOMPS ON A LEG) MMM! Delicious.

Helena Nicos: (Eats pizza) Awesome pizza.

Laney: It sure is good.

Fluttershy: And the salads are good too.

Lincoln: It sure is.

Jared: Boy I'll say.

Jared was eating Brussels Sprouts and broccoli.

Helena Nicos: You sure like your vegetables huh Jared?

Jared: I sure do Helena. Being a vegetarian is part of who I am.

Vypra: Yep and that is cool.

Evil Luxord: It sure is something.

Samon Shakekisutanchin: I also cooked salmon for us too!

Blake Belladonna: OOH! I'll eat that!

Samon Shakekisutanchin: Now now Blake. I made enough for us all.

Blake got to eating the salmon.

Yugito Nii: I am hungry for that.

Roxas: Can someone pass the turkey?

Eli did so.

Roxas: Thank you Eli.

Roxas got a leg.

Me: Mr. Lynn made a really awesome and big bird.

Nico: No kidding.

Maria: And the potatoes are delicious.

Carol: They sure are. My favorite part of Thanksgiving Dinners is the pies.

Luan: I made plenty of pies of various flavors for all of us.

Eddy: I bet they will be good.

Lynn: Just as long as you don't throw them in our faces.

Luan: Don't worry I am not gonna do that.

We were eating the pies.

Dr. Viktor: These pies are delicious!

Laney: I helped pick out the flavors. Coconut cream, Banana cream, Blackberry, Pecan, Apple, Pear, Strawberry and Peach.

Applejack: Those are delicious flavors Laney.

Me: As long as they aren't rhubarb. Lana is allergic to Rhubarb.

Laney: Oh no. I made sure not to have rhubarb added to the mix.

Lana: Thanks Lanes.

Mandy: Thank goodness Pud'n isn't gonna have any pies. He's allergic to pies.

Me: I have never known anyone that is allergic to pies.

Nico: Me neither.

Skullgrin: It's funny becuase Pud'n's name is similar to pudding and pudding is sometimes put into pies. Correct me if I'm wrong about that.

Me: You aren't wrong on that Skullgrin and I can't believe that dirtbag Sperg hates him and everyone.

Nico: Yep. I wonder how Mindy is doing.

Down in the collapsed mines of Gutterball Hill, Mindy was now a dead skeleton.

Nico: Don't care about her.

Me: Yeah what a loser.

Moonstone: (to Helena) Do you have a father?

Helena Nicos: I never knew my dad because he left us before I was even born.

Me: Oh I'm sorry Helena.

Laney: Do you have any grandparents or living relatives?

Helena Nicos: No I don't. My grandparents are dead. And my mother is now in jail.

Nico: Oh man. You can live with us from now on.

Helena Nicos: Wow! Thanks guys!

Volt Luster: (to Helena) I'm sorry if you had any Thanksgiving plans before this morning.

Brontes: Volt, for Thanksgiving, her Mother probably wanted to starve her.

Volt Luster: Yeah that would have been the case.

Helena Nicos: But it is good to eat my favorite foods again. (BURPS!) Oops pardon me.

Nico: No worries.

Lynn: Hey guys! Look what's happening on TV!

We went and saw something on TV and we saw what looked like Esmeralda.

Helena Nicos: Hey, look. It's Esmeralda.

INSTIGATOR: Look again.

We saw that it was TWISTED ESMERALDA!

Allie Knudson: OH NO! That's…

Allie Knudson and Helena: TWISTED ESMERALDA!

We gasped!

Lily: Wait how did you know about her Helena?

Helena Nicos: I saw the Twisted Princesses on the internet.

She went over her history.

---

Frollo raids the Court of Miracles and captures Esmeralda, Quasimodo, and Phoebus. He declares that Esmeralda will be burned at the stake for being a "witch" while Phoebus is sentenced to death. Quasimodo is locked and chained up in one of the bell towers overseeing Esmeralda's execution. Frollo proceeds to light the wood around Esmeralda and the flames begin to circle her. Quasi manages to break free of his restraints in order to rescue Esmeralda. Unfortunately, he was unable to make it to her before the flames consumed half of her. He wrapped her in a cloak and retreated with her in his arms, back to the bell tower as the town square broke out in a riot. Phoebus attempted to break free from his captors in order to assist Quasi and Esmeralda but was killed in the process. Frollo in all his anger and rage grabs a small team of soldiers and infiltrates Notre Dame while up in the bell tower Quasi lays down Esmeralda who was badly burned from the fire. She showed no response to Quasi's attempts at waking her. He fully covered her with the cloak and began to cry. Frollo heard the sniffling of Quasi through the door and entered with a knife behind his back. He pretended to console Quasi but before Quasi could react, Frollo slit his throat. Quasi's lifeless body laid on top of Esmeralda. Frollo turned to leave the bell tower just as Emseralda raised behind him. He turned and looked into her eyes, one whitened completely by the fire and in a raspy voice she said "You'll pay!" Frollo was disgusted with Esmeralda's new appearance and lunged at her with his dagger. She grabbed his wrist and flipped him into the corner. He began to yell for the guards who stormed the bell tower and circled her. They all proceeded to attack her but they were no match for her cunning which was now fueled by revenge. All the soldiers fell before her as Frollo cringed and tried to back further into the corner. She turned her attention to him. She strolled to him slowly, and picked up a torch from one of the fallen soldiers. He looked her in the eyes, and all he could see was the hatred she had for him and her determination for revenge. He became paralyzed with fear. She raised the torch above her head and said, "You will burn! You will all burn!"…

---

When she was done we were shocked and I growled ferociously!

Me: (GROWLS FEROCIOUSLY!) Frollo you stupid blasphemous heretic!

Nico: Yeah you turned Esmeralda into a monster!

Esmeralda: I can't believe I would become like this.

Quasimodo: No kidding!

Eli: Yeah. (Realizes something) Wait a second. Helena how do you know about Twisted Esmeralda?

Helena Nico: I saw the Twisted Princesses on the internet and they were all scary and thought to myself that they need to be destroyed.

Allie Knudson: Wow! Looks like you and I have something we don't like. In fact Helena, would you like to become my student?

Helena Nico: Wow! I would be honored Allie.

Allie Knudson: Awesome! But I'm going to be training you hard in everything I know so get ready.

Helena Nico: (Salutes) YES MA'AM! I won't let you down!

Me: You sure are full of spirit Helena.

Red Hood: Okay, I'm all for killing scumbags. But Esmeralda definitely isn't one of them!

Me: Uh Jason this is a Twisted Princess and she has to be destroyed. Frollo made her this way by killing her and Quasimodo.

Nico: That's right! That stupid blasphemous heretic made her this way.

Eli: I hate that Satanic freak!

Nunnally: Me too.

Mal: You said it.

Pterodactyl Ghost: I'll go fly and see where she is now.

Nico: I think it's obvious where she is at.

We saw the Eiffel Tower and we saw that she was in Paris.

Me: Looks like we're going back to Paris.

Helena Nicos: Awesome!

Allie Knudson: First lets get you your own fighting uniform.

Allie dressed up Helena and she had an awesome purple version of Goku's clothes and they had a red kanji for Phoenix on them. 鳳

Helena Nicos: Wow! These are cool!

Me: Yep. Lets get ready guys.

We were off to Paris!

---

PARIS, FRANCE

---

We arrived in Paris.

Gabriel: I already gave up my supervillain identity as Hawk Moth. And yet, Paris still gets threatened by evil!

Stone Man: At least there are no Akumas anymore.

Me: Yeah but also Esmeralda came from 16th Century Paris remember?

Gabriel: That's true.

We landed in the Paris Square next to the Church of Notre Dame. No one was out on the streets because the city was paralyzed with fear.

Me: Stay sharp everyone. She is here.

Eli was using the Force to find Twisted Esmeralda.

Ryugu Tamatebacco: Figures she'd come here. After all, this was Quasimodo's home for a while.

Me: Yeah and it was also the sight where we killed Frollo. Check it out.

I went over and showed everyone a plaque.

Allie Wilde: "In 1502 Team Loud Phoenix Storm along with Quasimodo, Esmeralda and Phoebus overthrew the evil blasphemous heretic Judge Claude Frollo and killed all his men and avenged those that were wrongly damned and persecuted." Whoa that is amazing!

Helena Nico: Wow it sure is! To tell you all the truth, I HATE Frollo and everything he did was absolutely pure evil.

Nico: We all hate Frollo too.

Eli: Yeah no kidding. What he did was absolutely disgusting and horrible.

Rumble: She could be hiding anywhere.

Nico: Look sharp.

Eli was sensing for her and then he heard something coming from an ally.

Eli: Something is coming from that ally!

Me: Hide!

We hid on top of a building.

Helena Nicos: Why are we hiding?

Me: We want to make an entrance.

Helena Nicos: Oh.

We saw her come out and we saw that it was TWISTED ESMERALDA!

Me: There she is. Lets go!

We jumped.

Twisted Esmeralda was lookined around and then…

A massive hurricane swirled around all of Paris and drenched the city all over with rain and lightning struck all over the place and then the eye swirled around the place and opened up and in the middle of the eye, it was calm and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted down from the middle of the eye and a phoenix cry was heard and we came out and landed in front of her.

Me: Twisted Esmeralda. So we meet at last. We're going to destroy you.

Twisted Esmeralda: You're trying to stop me? Last time I checked, all of us hate Frollo!

Lythos: Okay. You're right about that. But can't you see you've become as bad as him?

Me: That's right Esmeralda! Frollo killed thousands of innocent people and they were your people as you know!

Twisted Esmeralda: Don't you think I know that!?

Me: Yes we do and that Blasphemous Heretic deserved it for taking God's Laws into his own hands and using them to murder, burn and persecute those that were wrongfully damned! He viewed all people that are like you as heretics when in truth he was really a spawn of Satan.

Eli: He was a truly evil monster!

Me: Yep. Lets go guys!

Ed Cowart: Oh crap, I was hoping not to hear that voice. You can come out now, Neff.

A dark figure came out of the shadows, and it was none other than Neff, the main antagonist from the video game, Altered Beast.

Me: Whoa, so that's Neff.

Ed Cowart: Yep, he's known as a God of The Underworld in the world of the video game Altered Beast, but he's a sadistic dark lord who delights in tormenting and torturing his world's version of Athena.

Lincoln: Yeesh, so he's also a tyrant as well. What can you tell us about him, Ed?

Ed Cowart: You won't like this bastard, Lincoln.

Ed Cowart proceeded to tell us about Neff, and as predicted, we weren't going to like it one bit.

---

Neff

Neff, known as the Demon God (魔神 Majin) in Japan, is a demonic god from the Underworld who is the main antagonist of the 1988 beat 'em up video game Altered Beast.

Biography

The background story of Neff had been expanded in PC Engine version of Altered Beast(narrated by Shuichi Ikeda).

Neff, a powerful underworld demon and denizen, challenged against Hades who is the original ruler of netherworld in a bid to seize Hades' throne for himself. Civil war broke out in netherworld, and though Hades fought as best as he could, Neff was simply too much and Hades was on the verge of being overwhelmed.

Zeus, to aid Hades dispatched his daughter Athena, the goddess of war and wisdom. With Athena's both tactical and strategic assistance, the tide of war turned in favor of Hades. Then, just when gods thought victory was within their grasp, Neff launched a daring surprise ambush which not even the goddess of wisdom foresaw. After successfully abducting Athena and taking her to netherworld, Neff took full advantage of Athena's captivity as an insurance and bargaining chip. Neff then plans to use her and drain her power to become more powerful.

Zeus, seeing that full frontal assault is impossible without the risk of harming Athena, revives a fallen Roman centurion (or Centurions if played with a partner), granting him (or them) the power to turn into different beasts, then commanding the hero (or heroes) to rescue his daughter. Neff of course, sends his evil minions to do away with the hero. When the hero eventually meets Neff but fails to transform into a beast, Neff simply walks off, refusing to fight the hero. When the hero either successfully transform into a beast or fails to become a beast by the third loop, Neff begins to grow in size, transforms into his own form of 'altered beast' as the background becomes cloudy with black smokes. Once he finishes transformation, he uses his powers of the altered beast to kill the hero. Because of transformed Neff's attacks and patterns are created specifically to counter the hero in a transformed state, fighting Neff in a monster form when the hero is not transformed is extremely difficult, if not outright impossible.

When Neff is defeated, he disappears in a bright cloud and the background is lightened. With every boss battle wins except the final stage, Neff appears out of the ground in a form of big head, stripping the hero of spirit balls which are essential for the hero to transform into beasts before fleeing with an evil cackle, with the hero pursuing Neff to the next stage.

Throughout the cutscenes of the game, Neff relishes tormenting Athena before turning her into a bird.

In the final battle at the Underworld's lost City of Dis where Neff presided over, the hero transforms into a golden werewolf (silver werewolf as a company if played with a partner), while Neff transforms into a bulky rhino named Sega van Vader. However, Neff is ultimately defeated, falling forward and dead, while Athena escapes him and was finally free.

When Ed Cowart was finished, we were indeed enraged at Neff's actions and deeds.

Me: This guy is absolutely a monster.

Nico: You said it, he's a menace to the Gods and he needs to be destroyed once and for all.

Ed Cowart: And that's what I'm going to do to him, Nico. I've had it with this bastard to last an eternity.

Me: I haven't played that game Altered Beast in forever. Go get him Ed!

Suddenly, Ed Cowart's eyes turned neon dark blue, and he was surrounded by a dark blue energy aura with dark blue flames and spirits of The Underworld, he unholstered his Slayer of Tyrants sword from his back, and as he approached Neff, he left dark blue energy, dark blue flames, and tormented spirits of The Underworld with every step.

Ed Cowart: You really disgust me, Neff. You may be a God of The Underworld in the world where you came from, but your crimes are inexcusable. You have committed so many crimes against The

Gods and the living, and for that, the punishment for your wicked crimes is death.

Suddenly, Ed Cowart was surrounded by a massive vortex of dark blue energy with dark blue fire surrounding it along with the tormented souls of The Underworld, there was a dark blue phoenix flying around the vortex, and inside the vortex was a blue phoenix. Then, as the vortex faded, Ed Cowart emerged, but he was changed forever.

Ed Cowart grew to 7'0" in height, just like Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Lars, Leif, Lexx, Levi, Leon, Bobby Santiago, and Lynn Jr., Ed Cowart now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has dark blue eyes and a dark blue energy aura with dark blue fire and the spirits of The Underworld surrounding him, his hair grew reaching the bottom of his neck and it was tied up in a ponytail, and he has dark blue highlights in the bangs of his hair, he has a dark blue phoenix with the Fire Kanji in its claws emblazoned on his forehead, he has on phoenix earrings with the Fire Kanji in its claws and a necklace with a phoenix holding the Fire Kanji in its claws for the pendant across his permanently bare chest. Ed Cowart has massive dark blue angel wings with blue tips on the large dark blue feathers for his new body.

Ed Cowart has on his new large cuff Bracelets of the Champions of The Universe with dark blue gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, and Lynn Jr., but his version of He Man 2002's loincloth is dark blue, he has on long dark blue trenchcoat flaps with dark flames and the souls of The Underworld on the coattails held up by his new Belt of Elemental Bravery with large dark blue gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large dark blue green weighted bands on his large biceps and thighs, large black jeans with dark blue flames on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large dark blue orbs orbiting around his legs. The massive, wide, double-edged blade of his Slayer of Tyrants sword grew to 6'5" in length, the blue angel wings crossguard grew a little larger, the large blue gem for the hilt turned dark blue, the long black handle grew a little bit longer, and the pommel of the sword was a large faceted dark blue sphere pommel with surrounding dark blue gems.

Ed Cowart had the image of him and Cattleya kissing tattooed on his massive and wide right pec, and he has a dark blue phoenix tattooed on his wider and more muscular back. There's a dark blue kanji tattooed right below the dark blue phoenix that said, "Ed Cowart, Righteous Leader of The Anti-Royal Defenders Resistance, Slayer of Evil, Tyrannical, Power-Hungry, and Sadistic Monsters and Bastards, Loving Boyfriend of Cattleya, Master of Dark Blue Flames and The Souls of The Underworld, and Awesome Friend of Team Loud Phoenix Storm."

エド・カワート、反ロイヤル・ディフェンダーズ・レジスタンスの正義のリーダー、悪の殺し屋、暴君、権力に飢えた、そしてサディスティックなモンスターとろくでなし、カトレアの愛するボーイフレンド、ダークブルーの炎と地下世界の魂のマスター、そして素晴らしい友人チームラウドフェニックスストーム

Ed Cowart has transformed into SUPER ANGEL 750,000,000,000 DARK FIRESTORM PHOENIX ANGEL OF UNDERWORLD JUSTICE!

We were amazed by Ed Cowart's Super Angel 750,000,000,000 transformation, and when Cattleya saw it, she had an atomic red blush on her face when she saw her boyfriend turn into a handsome hunk. But, when Neff saw it, he fell into a demonic rage.

Me: Holy crap, Ed Cowart's transformed, and he's going to let that scumbag have it.

Nico: And when Cattleya saw what happened to him, she had an atomic red blush when she saw her man.

Cattleya: Wow, Ed, you look so ripped and handsome. How do you feel?

Ed Cowart: (Divine Echoing Cosmic Voice of Fire and Dark Justice) **I feel incredible, Cattleya, and now if you'll excuse me, I've got a**

**Dark God to punish.**

Ed Cowart went after Neff, who fired a blast of darkness at him, but Ed Cowart dodged it, and he fired powerful blasts of dark blue energy, dark blue fire, and souls of The Underworld at him, and they all exploded with incredible power. Then, Ed Cowart fired a blast of red energy, which hits Neff, and he'd sucked out all of Neff's godly powers, and he, along with the rest of us, made them our own. Then, Ed Cowart grabbed Neff, and hurled him into the air with his brute superhuman strength.

Ed Cowart: **Say goodbye, Neff. Your days of tormenting the Gods and the world of the living are over. DARK FIRESTORM PHOENIX MEGABLAST!**

Ed Cowart fired a massive dark blue energy blast with a phoenix inside it, and when it hit Neff, it exploded with incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Neff: DAMN YOU, TEAM LOUD PHOENIX STORM!

The resulting explosion obliterated Neff and Super Hakaied his spirit for good. We cheered wildly for what Ed Cowart did as he holstered his massive Slayer of Tyrants sword on his wider and more muscular back and powered down, and his new clothes, weapons, jewelry, angel wings, large bands on his biceps and thighs, and eight large dark blue orbs orbiting around his legs are permanent.

Cattleya went up to Ed Cowart, who then picked her up in his massive and muscular arms, and they shared a passionate kiss.

Cattleya: Ed, that was so incredible. You delivered justice to Neff for his crimes and saw to it that he would never return.

Ed Cowart: Thanks, Cattleya.

Cattleya: (Seductively and rubs her right hand on Ed Cowart's massive and wide right pec) Plus, I like what happened to you, big, tall, muscular, and handsome.

This caused Ed Cowart's face to turn atomic red, and they proceeded with another passionate kiss, and we cheered for them.

Me: That was so awesome! Lets head back home guys. Great job!

Nico: Thanks man.

We went back home to the gym.

---

In the gym we got ready. Six Gum Gang, Mummy, Pied Piper, Doctor Octopus, Waffle Woman, Avalanche, Titanium Man, Jet, Rojo, and Number 7 came.

Me: Six Gum Gang, Mummy, Pied Piper, Doctor Octopus, Waffle Woman, Avalanche, Titanium Man, Jet, Rojo, and Number 7.

Runt: Hope you guys are having a Happy Thanksgiving!

Lunk: I know I am!

Me: We sure are.

William: Of course we're having a Happy Thanksgiving.

Wilbur: Good to know!

Mummy: It'll be even more Happy when we put Esmeralda to rest.

Pied Piper: At least, this version of her.

Me: Yeah.

Doctor Octopus: (to me) June said you and the others fought an evil turkey.

Me: Boy we sure did!

Waffle Woman: Can you explain more about that?

Me: He was really the turkey from the Thanksgiving Horror movie series ThanksKilling.

Doctor Octopus: Whoa man! I know that movie series! That was crazy!

Me: Yeah it sure was. Ugly turkey too.

Mummy: Where did you guys send him?

Ed Cowart: We sent him into the sun and Super Hakaied his spirit.

Waffle Woman: Wow!

Vine Monster then appeared.

Me: Vine Monster. Back for round 2.

Vine Monster: Yep.

Me: Cool.

Vine Monster: So, how's your Thanksgiving been so far?

Levy McGarden: It's coming along really well and it's one of the best we've had.

Vine Monster: Glad you are all having fun. Eat a lot of turkey?

Levy McGarden: We sure did and man I'm stuffed.

?: (German Accent) Glad you all had fun ja.

A figure came out and it was BARON VON SHELLSHOCK!

---

Baron von Shellshock is a supporting antagonist in the Skylanders franchise, serving as a supporting antagonist in Skylanders: SWAP Force, Skylanders: Superchargers, and Skylanders: Imaginators. He is an evil baron who worked with Kaos.

He is voiced by Greg Proops, who also played Cryptograf in Asterix and the Vikings.

Skylanders SWAP Force

When Flynn, Tessa, and Whiskers arrived in Motleyville to see Sharpfin, Baron von Shellshock had Whiskers evilized and imprisoned Flynn and Tessa after announcing that he was in charge of "the new Motleyville". As the Skylander arrived on the scene, Shellshock sent the evilized Whiskers after them but fled when they managed to drive the evil bird off. During the course of the chapter, the Skylander had to chase the cowardly crab down through Motleyville, while getting past the obstacles Shellshock set up for them. After pursuing Shellshock to the core of Shark Town at the Motleyville Mall, the Skylander discovered that he had built a crab-like machine specifically to fight the heroes. Shellshock was soon defeated but swore that they hadn't seen the last of him. However, his words weren't taken seriously by Sharpfin, Tessa, and Flynn. Furious at this, Shellshock lashed out at them for not paying attention to him. In response, Sharpfin sent a few of his Dirt Shark companions to beat up Shellshock, who then ran away.

Skylanders SuperChargers

Shellshock has redeemed himself and now operates an arena called Battlebrawl. Though he tries to convince the Skylanders to be the main event, he walks away and pays them for their trouble but not before directing an insult at them.

Skylanders Imaginators

Shellshock appears in a cameo where he has become a well-known Creation Clash player called The Baron.

---

Spyro: Baron Von Shellshock!

Baron Von Shellshock: Good to see you again mein friends.

Hunter: (German Accent) So you are Baron Von Shellshock. (Speaking German) Ich habe viele große Dinge über dich gehört und über all den Ärger, den du in weiten Teilen der Welt der Skylands verursacht hast. (I've heard many big things about you and all the trouble you caused to much of the world of Skylands.)

Baron Von Shellshock: (Speaking German) Ja, und diese Skylander mit Kartoffelgesicht haben all meine Pläne für alles, was ich mag und tun möchte, ruiniert. Also entschied ich, dass Kaos nicht für mich funktionierte und schloss mich den Meistern des Bösen an. (Yes and those potato faced Skylanders ruined all my plans for everything I like and want to do. So I decided that Kaos was not working out for me and I joined the Masters of Evil.)

Applejack: What in the hay is that language?

Helena Nicos: That's German. I know that language and I've been learning it in school.

She went up to Baron Von Shellshock.

Baron Von Shellshock: Und who are you young one?

Helena Nicos: (Speaking German) Mein Name ist Helena Nicos und ich bin erst seit kurzem im Team. (My name is Helena Nicos and I just recently joined the team.)

Allie Knudson: Wow she sure is gifted.

Baron Von Shellshock: Ich freue mich, Sie kennenzulernen, meine feine Dame. Ich hoffe, es geht dir gut wie allen. (Pleasure to meet you my fine lady. I hope you are gonna be good as everyone is.)

Lemon Zest: Wow that is very talented. I decided I'm going to be your archenemy Shellshock.

Baron Von Shellshock: Wunderbar!

Nico: Lets do it.

Me: YEAH!

We got the battles underway.

Dixie: And all just to seemingly lose weight?!

Right Suzuki: Yeah her mom is an absolute idiot. She had no idea what Tapeworms can do to people.

Twilight Sparkle: Yeah they are parasites and they can go up through your blood and into your brain and kill you.

Thunder Sparkle: That is terrible! I hope Helena's mom likes going to prison or the nuthouse.

Luster Dawn: What she did nearly killed her own daughter. What a monster!

Sunny Starscout: She has no love for anyone but herself. She may think it's for her daughter's best interests but in reality it's all for just herself.

Princess Cadance: That's what I was thinking Sunny.

Lorelai: I can't believe that this happened to her.

Wilbur: No kidding. I heard that J.D. saw this on TV at one time.

Akira Nijino: Prison will be the only place Helena's mother goes to die.

Titanium Man: Wow! That is amazing! There must be a plaque for us in ALL 13 locations we went to.

Stealth Elf: There sure is. Day 1 was in the world of The Hunchback of Notre Dame against Frollo.

# BLACK FRIDAY SHOPPING EXTRAVAGANZA

At the Gotham Royal York Courthouse we were there to attend the trial for Helena Nico's so-called mother. She was indicted for Attempted 1st Degree Murder, Torture and Child Abuse.

Maria: Helena, if this is uncomfortable, you can just stay here.

Helena Nicos: No I want to show everyone the kind of monster that my so-called mother really is and how she tried to kill me.

Maria: Okay.

We went into the courthouse and the trial was underway.

(The Peoples Court Theme Plays)

Bailiff: Calling courtroom to order in case number 40656219D - State of Michigan VS Mrs. Nicos. Honorable jugde Horace A. Terrance presiding.

He got to the bench.

Judge Horace: You may be seated.

We sat down. We got the trial and testimony down and more.

Lynn: Banning all sorts of food from your daughter, making her participate in beauty pageants against her will, feeding her a tapeworm, and overall being a bad mother to her!

Lori: Do you literally have anything you want to say for yourself?!

Mrs. Nicos: I was only helping my daughter!

Me: You nearly killed her! Read this!

I pulled out a book on parasites in medicine and it was on

Tapeworms and how they affect the body and she read that topic on them. She gasped in shock when she saw that Tapeworms can kill you!

Mrs. Nicos: Oh no! I didn't mean for this to happen! I thought I was helping my daughter with a tapeworm! I didn't know I was gonna kill her!

Me: That's bullshit and you know it!

Lola: Don't lie to us! You knew tapeworms could kill you and fed her it anyway!

Me: That's right! You knew that this was gonna happen and you didn't care about your daughters well being! You knew this was gonna happen no matter what!

Mrs. Nicos was flabbergasted and everyone was in shock!

Judge: Has the jury reached a verdict?

Juror: We have your honor. We find the defendant GUILTY of all charges.

Mrs. Nicos gasped in shock!

Judge: Mrs. Nicos you are one of the most terrible parents I've ever seen. In all my 30 years in this courtroom, you are one of the worst I've seen. With that I hereby sentence you to life in prison without the possibility of parole plus 132 years and you are hereby terminated of your parental rights for Helena. You are also prohibited from contacting Helena in any way, shape or form. And if you do you will have more jail time added to your sentence. You are also here ordered to pay restitution to Helena in the amount of $52,353,234,236.00. And Ms. Allie Knudson, since you are also going to be Helena's teacher you are hereby granted full custody of Helena. Court is adjourned! (BANGS GAVAL)

Helena hugged Allie Knudson.

Mrs. Nicos was shocked! She was gonna go to prison for the rest of her miserable life and was never allowed to contact Helena in any way, shape or form ever again!

We were outside.

Maria: Did you like Thanksgiving yesterday, Mom?

Katie Rockell: Yes I sure did Maria. And I'm so glad that we got justice for Helena.

Mrs. Nicos was being lead away.

Mrs. Nicos: Let me go! (To Allie Knudson) YOU WILL PAY FOR THIS YOU WITCH! I WILL GET MY DAUGHTER BACK! AND YOU WILL PAY FOR YOUR CRIMES!

KROW!

Helena kicked Mrs. Nicos in the face with devastating force and there was a sickening crunch as her nose was broken and there was blood dripping down her face.

Me: WHOA! Nice one Helena.

Helena Nicos: Thanks.

Mrs. Nicos was knocked out and dragged to the van to be taken away. She was to serve her sentence in the Venus Prison.

* * *

Later on that day, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Lina Inverse, Amelia Wil Tesla Saillune, Naga the Serpent, and Sylphiel Nels Lahda were heading off to meet Lina's friends. It turns out that when Lincoln rescued Lina Inverse, Amelia Wil Tesla Sillune, Naga the Serpent, and Sylphiel Nels Lahda, their world has merged with ours. Plus, we're also coming with them, and we're also going to deal with the five Demon Lords created by the evil Ruby Eye Shabranigdo.

The five Demon Lords were Hellmaster Fibrizo, Demon Lord of Death and the Souls of the Departed, Supreme King Dynast Grausherra, Demon Lord of Ice and War, Chaos Dragon Garv, Demon Lord of Fire and the Evil Dragons, Greater Beast Zelas Metallium, Demon Lady of Monsters and the Evil Beasts, and Sea Queen Deep Sea Dolphin, Demon Lady of Sea and Water.

Lincoln: I can't wait to meet your friends, girls.

Lina Inverse: You're going to like meeting them, Linky, along with the rest of the team.

Me: Same here. Plus, we're also going to deal with the five Demon Lords once and for all, Lina. From what we heard from you girls, they were created by Ruby Eye Shabranigdo, The God of Evil.

Naga the Serpent: That's right, J.D. Those five have caused nothing but pain and misery for all of us for the last time, it's time that we put an end to them once and for all.

Lincoln: That's right, Naga. We're not letting those five monsters get away with it.

Hiei: We've also heard about them long ago, and they're indeed the most dangerous demons in The Demon World. They need to be destroyed once and for all.

Kurama: Along with Ruby Eye Shabranigdo. And if I remember, his fragments have been sealed into three powerful sorcerers, Lei Magnus, Rezo The Red Priest, and the treasure hunter, Luke. If we remove the three fragments and destroy them for good, that'll provoke those five Demon Lords and we'll put an end to them for good.

We'd met up with Lina's friends, and they were happy to see them again, and they were excited to meet us, and when they heard that Lina and the girls are now the future wives of Lincoln, they were proud of them and offered their congratulations, and they know

Lincoln was going to take good care of them. Then, we got to work: we met up with Rezo The Red Priest, the treasure hunter, Luke, and we also found Lei Magnus who was imprisoned in ice for 1000 years, and after freeing him, Lincoln talked with Lei Magnus, and he made him see that not all humans were bad, and that restored Lei Magnus' faith in humanity. Then, Lincoln used a powerful incantation, and the three fragments of Ruby Eye Shabranigdo were removed, and the God of Evil was obliterated by Lincoln, and he was Super Hakaied forever, and we also got his immense godly powers.

And as Kurama predicted, the destruction of Ruby Eye Shabranigdo has major leagued pissed off the Five Demon Lords, and now, they're coming after us.

Kurama: Perfect, thanks to what you did, Lincoln, the five Demon Lords have been drawn out.

Lincoln: Excellent, now, let's head back and do our entrance on them.

We hid in the forests, and we saw five figures come out into the open, they were none other than The Five Demon Lords, Hellmaster Fibrizo, Demon Lord of Death and the Souls of the Departed, Supreme King Dynast Grausherra, Demon Lord of Ice and War, Chaos Dragon Garv, Demon Lord of Fire and the Evil Dragons, Greater Beast Zelas Metallium, Demon Lady of Monsters and the Evil Beasts, and Sea Queen Deep Sea Dolphin, Demon Lady of Sea and Water, and they were major leagued pissed off.

Hellmaster Fibrizo: That blasted Team Loud Phoenix Storm destroyed our master, when we find them, we will make them all suffer!

Suddenly, a beautiful display of elemental forces and dragons, accompanied by the angelic singing of the angels appeared and danced around the skies and the dragons fired powerful elemental blasts at the Five Demon Lords, then, a massive explosion erupted and a phoenix cry was heard, and as the smoke cleared and the display faded, we appeared.

Hellmaster Fibrizo: So, at last we meet, Team Loud Phoenix Storm.

Lincoln: But, you and the other Demon Lords aren't getting away. We already got rid of your master, and now, all we need to do is get rid of you five.

Hellmaster Fibrizo: We'll see about that! You'll pay for what you did to our master!

We then transformed and unholstered our massive swords from our backs and we went after the five Demon Lords, and we attacked them with powerful energy blasts and elemental forces, along with powerful blasts of holy and black magic, which really hurt them badly. Then, Lincoln fires five powerful blasts of red energy which hits them, and he sucked out their immense powers and abilities and he and the rest of us made them our own. Then, it was time for the final blow.

Lincoln: (Divine Echoing Cosmic Thundersnow Voice of Elemental Justice) And now, it's time for you five to join your master in Oblivion forever. (Holds out hand and black flames cover it) DRAGON OF THE DARKNESS FLAME!

Lincoln fired the Dragon of The Darkness Flame and it hits the Five Demon Lords, and Super Hakaied their spirits forever. We powered down and holstered our massive swords on our backs.

Nico: Linc, how did you learn how to use The Dragon of The Darkness Flame?

Lincoln: Oh, I asked Hiei to teach me how to use it, and I've learned a lot from Yusuke, Kurama, and Kuwabara.

This surprised us completely.

Me: Whoa.

Lori: You said it, J.D. (To Lincoln) But, Lincoln, that was so incredible!

Lina Inverse, Amelia Wil Tesla Saillune, Naga the Serpent, and Sylphiel Nels Lahda went up to Lincoln who made three clones of himself and they shared a romantic kiss and hug. We returned home to the Estate, and not only were Lina's friends made new members of Team Loud Phoenix Storm, but we were now rid of The Five Demon Lords and Ruby Eye Shabranigdo for good, but there's bound to be more of Lina's enemies still out there, but we'll be ready for them.

---

Later Karai saw something unusual.

Karai: Um, you guys might want to take a look at this.

We saw Brian with a beer stand ready.

Erica: Uh oh.

Me: A beer stand? Brian are you gonna do what I think you're gonna do?

Brian: Yep. I'm gonna sell some beer.

Julius (Ty): Poromon, did you have something to do with this?!

Poromon: It wasn't me this time! Honest!

Brian: Actually this was all MY idea this time.

Sonata Dusk: You should have sold tacos too to go with that.

Tidal Wave: Tidal Wave think idea is good.

May: As long as nothing goes wrong, we have no problem with this.

Me: Okay. Just to give some extra oomph…

ZOOM!

I went and made a bunch of Ulti-Meatum burgers for Brian to give to everyone for $5.00 and some chili just in case. It's a cold day today.

---

French Narrator: (French Accent) 2 Hours Later

---

Beachcomber: I've gotta say, Brian. We might've misjusdged this idea.

Lori: Guys, there are some kids literally drinking the beer!

Brian: Don't worry. I didn't give them any beer. I gave them cream soda.

Me: Oh. That stuff looks like beer but it's good stuff.

Lori: Oh.

Shocker: Nico, you're in charge of Black Friday shopping.

Nico: You got it Herman. We're going to the mall.

Me: At least we're not doing this at night.

Nico: Thank goodness. The mall is usually a madhouse at night on Black Friday.

Eli: Boy it sure is.

Six Gum Gang, Mummy, Pied Piper, Doctor Octopus, Waffle Woman, Avalanche, Titanium Man, Jet, Rojo, and Number 7 then appeared.

Nico: Yep we're going shopping at the mall on Black Friday.

Waffle Woman: Awesome! Thank goodness you guys didn't go at night.

Jet: How much money did the beer stand make?

Brian: Did really well. $75,000.00.

Jet: Wow! Way to go Brian.

Me: Because of the Ulti-meatum Burgers and the Chili that was included. As well as cream soda and sodas for the kids.

Jet: Good.

Nico: All right time to gather everyone together. (Pulls out bugle and plays Reville)

Everyone came.

Nico: ATTEN-TION!

Everyone stood in attention.

Nico: ALL RIGHT MAGGOTS LISTEN UP! As you know today is the day after Thanksgiving and you all know what that means. It's one of the busiest and most hectic shopping days of the year: Black Friday. The savings that everyone is going for are gonna be crazy and we're talking deals that are 50 to 80% off everything! Everyone is gonna be going for those deals like mad! So we're gonna be praying that we all make it out of this alive. Especially since we are going to the mall. So get ready because we're gonna need a lot of speed and strength to topple the Black Friday stampedes. But before we leave, I have but one rule and it's for all you new people. Everyone does their job and no one quits! You don't follow that rule, you will be sent back here to the estate for the remainder of the mission! DO YOU GET ME!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

May: Thanks.

Me: One last thing to tie it together.

I fired a laser and it formed a tattoo on May that said "I am May Chan, BAD GIRL TO THE CORE!" And I did the same for Maria and it said "Maria, BAD GIRL AND BUTTKICKING VIXEN!"

Nico: Perfect.

Meowth: How about we get some food? I'm starving!

Our stomachs all growled.

Me: Good idea. All this shopping has made me hungry.

Maria: Good idea.

May: This tattoo is cool. But is it permanent?

Me: Nope. It's a magic tattoo. When you are dressed as a biker chick it appears on your arm to tie the whole thing together. Same with Maria. When you dress in your casual clothes it will disappear.

Twilight Sparkle: Wow! That's really cool.

Rainbow Dash: It sure is.

We went and paid for our clothes and went to the food court.

Lunk: Runt, is that the beer that Brian was selling?!

Runt: No! It's just the cream soda!

Wilbur: Oh, thank God!

Runt: I know we're still too young too drink.

Goof: Of course we are.

Dixie: I hope that cream soda's good.

Brian: Oh it's good guys.

Brian got them 5 sodas and it was great.

I came back with a bunch of whole pizzas.

Me: Lunch is served.

Nico: Oh boy pizza!

Me: And for Nico it's his favorite.

I pulled out a huge bucket of chicken wings that were as big as Capn Cluck's chickens.

Nico: Whoa! These are huge chicken wings.

?: Looks like someone is hungry.

We saw Cluck.

Spyro: Cluck!

Cluck: It's all right everyone. I work here at the mall to give some good food to everyone.

Me: Remember Spyro he's in the Masters of Evil.

Spyro: Right I forgot.

Energon Scorponok: Are you enjoying Black Friday, Cluck?

Cluck: I sure am. EVERYONE loves coming to Capn Cluck's for Black Friday.

Me: Boy they sure do.

We saw lots of people eating Capn Cluck's King Sized Chicken by the boatloads and man were they all hungry!

Rainbow Dash: Wow! Look at all those huge chickens!

Lynn: That is awesome size!

Cluck: It sure is.

We then got to eating and man was it all good food.

Titanium Man: Why don't you come eat with us?

Cluck: I would love to but I'm busy.

He had lots of customers.

Me: Better get cracking.

He went to do so.

Later we were stuffed and full!

Me: Ahh!

Nico: Man that was so awesome!
(BBBBBBBBBUUUUUUUUUUUUUUUUUUUUURRRRRRRRRRRRRRRR
Man I am stuffed!

Eli: Oh wow. That was so good.

Me: Yeah it sure was.

Helena Nicos: That was one of the best I've had.

Allie Knudson: Me too.

Eli then sensed something.

Eli: Uh oh. I sense a disturbance in the Force.

We then heard something on the roof.

Harley Quinn: Did you guys hear something? It came from the roof.

William: It's probably a dog.

Nico: A dog on the roof?

Eli: No I sense it's one of the Twisted Princesses.

We gasped.

Eli: It's Twisted Jane!

We gasped again!

Me: Oh man.

Allie Knudson: Not good. Last time we saw her she was being controlled by a dark orb. But here is what happened and it's totally different from what we saw

She told us all about her.

---

When the team of explorers, consisting of Professor Porter, his daughter Jane and their hunter guide Clayton, arrives in the jungle of Africa, Jane is accidentally separated from the group and chased by a pack of baboons but nobody rescues her. In her escape, she falls into a river, carried away by the current and she becomes hopelessly lost. She must learn to survive in this dangerous place. Gorillas are untraceable consequently Clayton decides to go back to England but Professor Porter doesn't want to leave his daughter in Africa to the forces of nature. Clayton doesn't care and the professor is forcibly repatriated. Two years are past, Porter died of sorrow and Clayton and his band of poachers return to the African jungle. Over there they are ambushed by a wild woman, Clayton recognizes Jane. She became very aggressive, indeed she kills many men of his band with violence. She doesn't recognize others human, she is completly savage, but they finally capture Jane. Satisfied, Clayton sells Jane to a freak show of England against a lot of money. So Jane become "The Wild Woman", she is cannibal and she had lost the use of speech. She attracts the public and exalts the crowds for a few coins.

---

When she was done we were shocked and horrified!

Nico: Oh man! She has turned completely feral!

Me: We got to get everyone out of here for their own safety.

Mummy: So, she's got Tarzan's wild nature?!

Nico: Yeah it would appear so.

Eli: Oh man. Now that she is completely feral there's no telling what she will do.

Me: The only way to face her like this is to fight wild with wild.

Nico: Agreed. Colonel we're going to need you to go Wolf Moon for this.

Me: Right. KIBAL! LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into Wolf Moon!

Helena Nicos: WHOA!

Allie Wilde: I always love this transformation.

Me: Me too and the wolf is so cool.

Astro Man: Wait. She's just waiting on the roof for us?

Nico: Waiting for the right moment to strike. First we got to get everyone out of here.

Me: Right.

Nico: ATTENTION EVERYONE! WE HAVE AN EMERGENCY! EVACUATE THE MALL IMMEDIATELY!

Everyone ran!

Nico: That was easy. Now we wait for her.

We went into hiding and waited. Then suddenly…

SMASH!

She jumped down from the window and landed on the table and we saw TWISTED JANE! She was completely feral and covered in blood! She was growling and sniffing around like she was raised by wolves!

Nico: Whoa. Lets go.

We went at her and then…

Elemental titans of Thanksgiving appeared and they looked like turkeys and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came out and faced her!

Me: Whoa! She is a total bloodthirsty savage.

Waffle Woman: Are you serious? Attacking us on Black Friday?!

Twisted Jane roared ferociously and went at us and then Helena kicked her in the face and knocked her down.

Twisted Jane roared ferociously again.

Laney: Whoa! She is completely feral and bloodthirsty. All traces of her humanity are nowhere to be found.

Eli: Whoa!

Gentleman Ghost: She's so feral that she can't even speak.

Villamax: She's merely an animal now.

Me: A total lost soul of the human she once was.

Common Cold: That is terrible. (to Helena) I'm glad Allie adopted you.

Helena Nicos: I am too. My master and my mother.

Mr. Mittens: After what you went through, you've earned it.

Allie Knudson: She sure has earned it.

Sculpin then appeared.

Nico: Sculpin. Back for round 2?

Sculpin: Yep.

Nico: Cool.

Sculpin: I really enjoyed Thanksgiving yesterday. (laughs) Thankfully, Hekatoid didn't eat all the food!

We laughed.

# PRETTY PATTIES

WARNING: This chapter is gonna have a REALLY Gory battle. Read at your own risk

Over in Australia, Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Sunny Flare, Nelanie and Alana the Stakataka Gene-Slammer were flying over the landscape.

Alana Vongphachanh: (Laos Accent) So, you guys have been here before, right?

Me: We sure have and it was right when we met Fairy Tail Guild and they joined us on all of our awesome adventures.

Eli: That's awesome and this is gonna be amazing taking down McLeach.

Me: Yep. Last time we faced him he fell over the waterfall as we were taking down a Crocodile Heartless.

Missy: That's amazing.

Simone: Boy it sure is. But I'm glad you guys took down that Heartless.

Sunny Flare: Same here.

Alana Vongphachanh: So you guys have unfinished business with McLeach.

Alana concentrated and groaned as her hair fell out.

Me: Yep we sure do and this time we're not going to let that waterfall kill him.

Alana turned into STAKATAKA!

Miranda: YEAH!

Nelanie: (Laos Accent) What can you tell us about McLeach?

Me: Well he is a poacher.

I went over his history.

---

Percival C. McLeach is the main antagonist of Disney's 29th full-length animated feature film The Rescuers Down Under.

He is a ruthless, cunning, and bloodthirsty poacher who is motivated to kill animals and sometimes humans without any reason beyond his own sadistic pleasure and greed, as he wanted to capture a rare eagle named Marahute and sell her for a fortune. McLeach was so very antisocial that he tried to feed off Cody to swarm crocodiles when he had outlived his usefulness. He is one of the most sadistic and darkest Disney villains in history. He is also the archenemy of Cody and Bernard.

He was voiced by the late George C. Scott, who also played Smoke in Cartoon All-Stars to the Rescue. His singing voice was provided by Frank Welker, who also did the vocal sound effects of Joanna the Goanna and Twister the Snake in the same film.

Not much known about McLeach's early life, but he had 3 years of formal education before either being needed at home, quitting, or being expelled. He considers this a great achievement. It is unknown how he got his pet monitor lizard named Joanna, although he accepts her as his poaching partner, he constantly disliked her incompetence and shows her little patience. At an unknown point, he captured several animals, including a frill-necked lizard named Frank and a koala bear named Krebbs, for a profit and held them all in the same room for an unknown period of time prior to the film. Krebbs found it surprising that McLeach would add a human to this collection.

The Rescuers Down Under

McLeach was first introduced to Cody when the boy fell into a pit-trap after he befriended a rare and magnificent eagle known as Marahute beforehand. The boy still had one of her feathers as a parting gift, which would prove to be a mistake as McLeach noticed the feather and decided to kidnap the boy to help him track down the eagle (though McLeach was also intending on kidnapping the boy regardless, so as not to risk being found by the authorities). Cody told him the feather was a secret and he could not tell McLeach who gave it to him, but McLeach insists that he knows who gave him it seeing as to how he has the exact same feather of Marahute's mate whom he killed.

McLeach proceeds to toss Cody's backpack to crocodiles to trick the rangers into believing that the boy had been eaten by the animals and thus covering his tracks. Meanwhile, Cody is driven to McLeach's lair where he is soon put in a cage alongside a collection of rare and protected Australian wildlife, many of which are living in terrible conditions.

However, Cody is in luck as two mice from the Rescue Aid Society are soon sent to aid him, being none other than Bernard and Bianca, the heroes of the first film. Upon arriving in Australia, the two mice become aware of McLeach's true plan once they track him down.

Knowing that Cody was emotionally attached to the eagle, McLeach cruelly lied to the boy, telling him that he heard from the radio that the Marahute had been shot by another hunter and thus, nobody was around to guard her eggs. However, this was a facade and when Cody ran off to find the eggs, McLeach followed in his bushwacker. He also brought along his lizard sidekick named Joanna, so that she could eat the eggs and thus, ensure that McLeach gets even more wealth via making Marahute the last of her kind (not knowing that Bernard had managed to save the eaglets and put three egg-shaped rocks in their place).

McLeach proceeds to capture Cody and Marahute, taking them to a cliff where he ties Cody up and decides to feed the boy to a swarm of saltwater crocodiles since he had outlived his usefulness, but Bernard manages to stop the machine McLeach was using to lower Cody into the river.

McLeach has responded by getting out of the vehicle and personally started firing at the rope holding Cody with a shotgun, but Bernard once again thinks fast and tricks Joanna into chasing him, causing her to knock both McLeach and herself into the river in the process.

While in the river, McLeach is attacked by crocodiles, but he fends them off. After a while, the crocodiles departed and McLeach taunts them triumphantly thinking that he out did them. However, as McLeach turned around and notices Joanna waving goodbye, he realizes in horror that the crocodiles were not actually afraid of him, but were swimming away from a huge waterfall. McLeach panics and tries to escape, but is swept over the falls and plunges from the waterfall to his possibly watery grave.

---

When I was done, everyone was shocked!

Eli: WHOA MAN!

Nelanie: That is absolutely sick! But he has a goanna lizard for a pet? That's cool.

Erica: Those are cool lizards. I would like to have Joanna for my pet.

Me: Maybe we can make that happen.

Maria: How about we feed him to the crocodiles instead?

Me: Hmm. That would not be a good idea. He fought off the crocodiles with ease as we were fighting the Crocodile Heartless.

Maria: Right I forgot about that.

Sunny Flare: What's that over there?

We got onto a cliff and looked and we saw McLeach and he had a Tropical Mermaid and a Great Golden Eagle Gene-Slammer tied up and tied on a crane and he was USING THEM AS LIVE BAIT!

Eli: That sick monster!

Me: Just like before. Watch this.

I unsealed a sniper rifle and loaded one 50 caliber round into it and I had a laser sight ready.

Me: This is gonna be good.

Syrus: That's gonna be one amazing shot.

Me: Yep. Watch this.

I had McLeach caught in the crosshairs and his leg was locked on.

Me: Cover your ears everyone. This is gonna be loud.

They did so.

I put on noise blocking earmuffs.

Me: (Imitating Dirty Harry) Go ahead. Make my day.

I pulled the trigger and then…

KRABOOOM!

The bullet was fired and then it hit McLeach in his leg and blew it completely to pieces and he screamed in pain!

Eli: WHOA!

Erica: HOLY SHIT!

Ellie: You really smoked his ass!

Me: Doing what I can with what I got. Lets go!

We went at McLeach!

Joanna came.

Maria: Hey, Joanna. (pets her) Who's a good girl? McLeach doesn't give you that much attention, does he?

Joanna shook her head for no.

Erica: I can give you the attention you crave.

Joanna was happy about that!

POW BIFF SMASH KROW!

Eli was punching and kicking McLeach all over.

McLeach then rolled him over and pinned him.

McLeach: I'm going to tear you limb from fucking limb!

Eli: Well I hope you can enjoy doing that with one fucking eye!

Eli stabbed him in the eye with a senbon needle and then…

POW!

Eli punched him in the face hard and knocked out some of McLeach's teeth and then…

CRUNCH!

He kicked him in his balls!

Sunny Flare then had it with McLeach. Suddenly, Sunny Flare's purple eyes turned neon purple and she was surrounded by a purple energy aura with purple fire surrounding her, and as she approached the ruthless poacher, she left purple energy, purple fire, and ponies with every step. Then, Sunny Flare was surrounded by a massive vortex of purple energy with purple fire and purple light surrounding it, there was a pony running around the vortex, and in the vortex was a light purple phoenix. Then, as the vortex faded, Sunny Flare emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sunny Flare grew to 6'0" in height, she had the body of a goddess, her purple hair grew longer and went down to her legs and had neon purple highlights in the bangs, she had neon purple eyes and a purple energy aura with purple fire and flames surrounding her, she has a pony surrounded by purple fire with phoenix emblazoned on her forehead, she has on pony earrings with the Fire Kanji in its hooves and a necklace with a pony holding the Fire Kanji in its hooves for the necklace, she has on a sleeveless dark purple blouse with a neon purple phoenix, a dark purple skirt with fire on it, dark purple high heels with flames on them, she has large light neon purple angel wings with pink tips on the large light purple feathers, and a sleeveless dark purple trenchcoat with fire and flames on the coattails and flames, and on the back is a pony and a sun. Sunny Flare has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip. There's also the kanji for "Sunny Flare, Master of Fire and Member of The Knights of The Friendship Table and Former Student of Crystal Prep, Destroyer of Abacus Cinch, Master of the Fire of Friendship and Awesome Member of the Shadowbolts and Master of the Purple Fires of Friendship."

サニーフレア、火のマスター、友情の騎士団のメンバー、クリスタルプレップの元学生、アバカスシンチの駆逐艦、友情の火のマスター、シャドウボルトの素晴らしいメンバー、友情の紫の火のマスター。

She had transformed into a SUPER ANGEL 750,000,000,000 PHOENIX OF FIERY HOPE AND JUSTICE!

We were amazed by Sunny Flare's transformation!

Me: WHOA! Sunny Flare transformed!

Eli: Awesome!

Missy: Wow! Sunny you look amazing! How do you feel?

Sunny Flare: (Divine Echoing Fiery Voice of The Sun) **I feel amazing Missy. Now to give this ruthless monster a taste of the power of fire.**

Sunny Flare flew at McLeach and punched him in the face all over with devastating force and kicked him all over.

I got the Tropical Mermaid and Great-Golden Eagle Gene-Slammer over to us.

Rui: Thanks for saving us. My name is Rui and I'm a Tropical Mermaid.

Me: Pleasure to meeet you.

Maria: (to Great Golden Eagle Gene-Slammer) What's your name?

Great Golden Eagle Gene-Slammer: (Australian Accent) I'm Catherine Nicos.

Maria: Are you related to Helena Nicos?

Catherine Nicos: How do you know Helena?

Maria: She's now part of the team and is in Allie Knudson's custody.

Me: It's a really ugly story.

Rui: What happened?

I told them everything and when I was finished they were shocked!

Catherine Nicos: Oh man! I knew mom was crazy but I didn't know she was THAT crazy!

Rui: Poor girl.

POW!

Eli punched McLeach in the face.

Eli: Take this!

Eli then flared up his fist with energy and then….

POW! SQUELCH!

He punched his fist all the way through his chest and all the way through his black heart and out his back! McLeach died in an instant and then he fell off Eli's arm and into the river and the crocodiles ate him for dinner. It was a bloody feast.

Me: He is chow.

Maria: I knew having crocodiles eat him was a good idea!

Eli: Aw it was nothing.

Me: Nice job bro!

Catherine Nicos: Wow! Eli is one powerful fighter.

Me: Yep he sure is. I taught him everything he knows.

Rui: You are one good teacher J.D.

Miranda: He sure is.

McLeach's spirit appeared.

Me: You are not fit for Heaven, Hell or the Warp. (Holds hand out) SUPER HAKAI!

I obliterated him and banished McLeach to Oblivion.

Maria: And now, Marahute will be fine.

Me: Thank goodness Marahute wasn't in that cage like last time.

Eli: True. Maria can you wash my arm off?

Maria: Sure thing Eli.

Maria washed the blood off his arm.

Catherine Nicos: Is mom really in jail?

Me: Yes she is. She got Life Without Parole plus 132 years in prison.

Catherine Nicos: And now your eldest daughter is teaching her in everything she knows? Wow. I'm proud of her.

Rui: We both are.

Me: Yep.

I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Alana and Catherine were reverting back.

Alana: (regains her hair) Helena's gonna be happy to see you again.

Catherine: She sure will mate. They both were back to normal and Alana was naked and Catherine was topless.

Maria gave Alana new clothes and Catherine a new shirt.

Catherine Nicos: I heard you guys killed the Paradigm Brothers.

Me: We sure did. Let me guess. It was Arthur Paradigm that slammed you.

Catherine Nicos: That's right. He slammed me with the DNA of the rare Great Golden Eagle.

Missy: Turns out that you aren't the only one. Many of us got Gene-slammed by the Paradigm Brothers.

Qin: And I'm one of them. I'm a Komodo Dragon Gene-Slammer.

Catherine Nicos: Wow. That's rough.

Me: It is.

Catherine Nicos: (holds her head in pain) At least I know that my so called mom is in jail!

Me: You can still see Helena.

Simone: Reign in the power with the strength of your will Catherine. We did it and now you can too.

Catherine concentrated and then a golden yellow aura flared up around her and she sprouted golden angel wings from her back and her vision was the keenest she had ever seen.

Catherine Nicos: Whoa! That was intense! But why does my back feel so heavy?

Eli: I think it's because you now have these incredible wings. When you reigned in your Gene-Slammer form you became like our teammate Maximum Ride. She is part bird now like you.

Me: Yep. It's a strange story.

Catherine Nicos: Wow! That is so cool!

Me: Yep. Lets head back home.

We went back to the estate.

---

After dealing with McLeach this time for good, Lincoln, Me, Nico, Nicole, Sour Sweet, Mollie, Homer, Bart, Lisa, Maggie, Moe, Carl, Lenny, Barney, Sideshow Bob, and the Springfield Scumbags in The Masters of Evil were heading to the world of The Simpsons Movie via The Simulator, and not only is Lincoln going to rescue the eleven girls, but we're going to kill Mr. Burns, Quimby, Hans Sprungfield, and all the evil versions of The Springfield Scumbags in the Trappucino Event.

Lincoln: Whoa, we're in the world of The Simpson Movie, and I think I know what we're going to do here, not only am I going to rescue the eleven girls, but we're going to kill Mr. Burns, Quimby, Hans Sprungfield, and all the evil versions of The Springfield Scumbags in the Trappucino Event.

Me: That's right, big guy. This is going to be good.

Nico: (Smiles) You said it, J.D. It's been a while since we've gone into a Simpsons world in The Simulator and ripped apart Mr. Burns, Quimby, and Hans Sprungfield.

Snake Jailbird: Not to mention our evil versions of ourselves, dude.

Principal Skinner: And I'm glad you invited us, Lincoln.

Lincoln: Thanks, Principal Skinner.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they've been cornered by Mr. Burns, Quimby, Hans Sprungfield, and the evil counterparts of The Springfield Scumbags, and they're going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by Mr. Burns, Quimby, Hans Sprungfield, and the evil counterparts of The Springfield Scumbags, and they're going to kill them. Let's go and rip them to shreds.

Nico: (Smiles) Now, you're talking, big guy. CHARGE!

We all rushed in, and Lincoln fired a massive blast of lightning from a swing of his massive Sword of Taranis and really electrocuted Mr. Burns, Quimby, Hans Sprungfield, and the evil counterparts of The Springfield Scumbags, and when Mr. Burns, Quimby, and Hans Sprungfield saw us, their eyes turned red with rage. Suddenly, Sour Sweet's light purple eyes turned neon light purple, and she was then surrounded by a pink and blue energy aura with candy and diamonds surrounding her, and as she approached Mr. Burns, she left pink and blue energy, candy, and diamonds with every step.

Sour Sweet: Charles Montgomery Burns, your crimes against Springfield and the world can never be forgiven. You are nothing more than The Devil Incarnate, and I will see to it that you will pay for your crimes in full!

Then, Sour Sweet was surrounded by a massive vortex of pink and blue energy with candy and diamonds surrounding her, there was a Pegasus flying around the vortex, and inside the vortex was a blue phoenix. Then, as the vortex faded, Sour Sweet emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sour Sweet grew to 6'0" in height, she had the body of a goddess, she had blue highlights on the bangs of her long pink hair with blue highlights, she has neon light purple eyes and a pink and blue energy aura with candy and diamonds surrounding her, she has a Pegasus with diamonds surrounding her emblazoned on her forehead, she has on Pegasus earrings with the Light Kanji in its hooves and a necklace with a Pegasus holding the Light Kanji in its hooves for the necklace, she has on a sleeveless light blue blouse with a pink phoenix, a purple skirt with candy and diamonds on it, dark blue high heels with bows on them, she has large yellow wings with light blue tips on the large yellow feathers, and a sleeveless dark purple trenchcoat with candy and diamonds on the coattails, and on the back is a Pegasus and diamonds surrounding it. Sour Sweet has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with pink gems on her wrists, Belt of Elemental Bravery with large pink gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a light blue kanji below the Pegasus and diamonds that said, "Sour Sweet, Member of The Shadowbolts, Former Student of Crystal Prep, Friend of Twilight Sparkle and Her Friends, Destroyer of Abacus Cinch, Master of Candy, Diamonds, and Light, and Awesome Member of The Knights of The Friendship Table."

サワースウィート、シャドウボルトのメンバー、クリスタルプレップの元学生、トワイライトスパークルと彼女の友達の友達、そろばんシンチの駆逐艦、キャンディー、ダイヤモンド、ライトのマスター、そして友情テーブルの騎士団の素晴らしいメンバー

Sour Sweet has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL SOUR AND SWEET PEGASUS ANGEL OF JUSTICE AND HOPE!

We were amazed by Sour Sweet's Super Angel 750,000,000,000 transformation, but when Mr. Burns, Quimby, Hans Sprungfield, and the evil counterparts of The Springfield Scumbags saw it, they fell into a dark rage.

Me: Whoa, Sour Sweet's transformed.

Nico: You said it, bro. Now, she's going to bring the pain to that bitter old vulture, Burns.

Lincoln: Wow, Sour Sweet, you look amazing. How do you feel?

Sour Sweet: (Divine Echoing Cosmic Voice of Candy and Justice) **I feel incredible, Lincoln, and now, I'm going to take care of that bitter old vulture, while you guys rip apart the others.**

Lincoln: Alright, everyone, let's rip them to shreds!

The rest of us transformed and got out our weapons, and we went at the others, while Sour Sweet went after Mr. Burns, and she fired powerful blasts of pink and blue energy, sour and sweet candy bombs, light, and diamonds, which hits Mr. Burns and exploded with incredible power. The rest of us fired a barrage of powerful rainbow and neon colored energy blasts and elemental forces at Quimby, Hans Sprungfeld, and the evil versions of The Springfield Scumbags. Then, Sour Sweet tossed Mr. Burns into the barrage, and he also got hit.

Lincoln then fired an electromagnetic blast which brought Mr. Burns, Quimby, Hans Sprungfeld, and the evil versions of The Springfield Scumbags together and they couldn't escape. Lincoln also merged the counterparts of those not involved in Springfield's corruption with the ones who are with us.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **And now, this is the end for you all. ELEMENTAL DEATH BALL BARRAGE!**

Lincoln fired a massive barrage of Death Balls that were in the colors of the elemental forces and they were also surrounded by the elemental forces, and he also fired a massive Death Ball, and we got out of the blast radius by leaving The Simulator, and as they hit Mr. Burns, Quimby, Hans Sprungfeld, and the evil versions of The Springfield Scumbags, they exploded with incredible power, and not only were they destroyed in the explosion and their spirits were Super Hakaied, but we also saw that the town of Springfield was also destroyed in the resulting massive explosion.

We cheered as we holstered our massive swords on our backs and powered down, and Sour Sweet's new body, clothes, weapons, and jewelry were permanent. Then, Lincoln and Nicole went up to the thirteen girls, and when Lincoln saw them, he recognized them immediately. The thirteen girls were Rizu Ogata, Fumino Furuhashi, Uruka Takemoto, Sawako Sekijou, Mafuyu Kirisu, Asumi Kominami, and Mafuyu's younger sister, Miharu Kirisu from We Never Learn, Misato Katsuragi, Mana Kirishima, Ritsuko Akagi, and Rei Ayanami from Evangelion.

Lincoln: Oh wow, it's Rizu Ogata, Fumino Furuhashi, Uruka Takemoto, Sawako Sekijou, Mafuyu Kirisu, Miharu Kirisu, Asumi Kominami, Misato Katsuragi, Mana Kirishima, Ritsuko Akagi, and Rei Ayanami.

Nicole: From We Never Learn and Evangelion, awesome.

Rizu Ogata: Yeah, we're okay, thanks to you.

Then, when Rizu Ogata and the other twelve girls saw who it was that saved them from Mr. Burns, Quimby, Hans Sprungfeld, and the evil counterparts of The Springfield Scumbags, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Rizu Ogata: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Rizu Ogata: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

This was another awesome rescue, plus we also got rid of Mr. Burns, Quimby, Hans Sprungfeld, and the evil counterparts of The Springfield Scumbags, and destroyed Springfield once again.

After getting rid of Mr. Burns, Quimby, Hans Sprungfeld, and the evil counterparts of The Springfield Scumbags, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light descended on the Estate, and we covered our eyes. Then, as the bright lights faded, we uncovered our eyes. But, we were in for a surprise, there were four people in the Estate, and when Lincoln saw them, he recognized them. The four people that appeared in the Estate were Shinji Ikari and his girlfriends Asuka Langley Sohryu, Kotone Suzunami, and Mari Makinami Illustrious.

Lincoln: Wow, it's Shinji Ikari and his girlfriends, Asuka Langley Sohryu, Kotone Suzunami, and Mari Makinami Illustrious.

This also surprised the Evangelion girls in Lincoln's harem.

Misato Katsuragi: Whoa, Shinji, Asuka, Kotone, and Mari have been brought here? Incredible.

Balsa Yonsa: And it's not just your friends that were brought here, but your world has merged with your world, Misato, along with my world.

We also saw that Balsa's world has also merged with ours, along with the world of Evangelion.

Lincoln: Whoa, that's what I call a double whammy: two worlds merging with ours in one day.

Nico: You said it, Linc.

Then, Shinji Ikari, Asuka Langley Sohryu, Kotone Suzunami, and Mari Makinami Illustrious opened their eyes, and when they saw us, they were surprised to meet us for the first time.

Shinji Ikari: Oh wow, Team Loud Phoenix Storm, it's a pleasure to meet you.

Lincoln: You too, Shinji. Plus, we also have a surprise for you.

Then, as Lincoln stood to the side, and when Shinji and his girlfriends saw Misato Katsuragi, Mana Kirishima, Ritsuko Akagi, and Rei Ayanami, they were even more surprised.

Asuka Langley Sohryu: Misato, Mana, Ritsuko, Rei, is that you?

Misato Katsuragi: Yeah, it's us.

They hugged, and Misato then explained to them that Lincoln rescued them from Mr. Burns, Quimby, Hans Sprungfeld, and the evil counterparts of The Springfield Scumbags, and they're now the future wives of Lincoln, and they know Lincoln will take care of them, since he's a man of his word and he has a massive golden heart.

We also headed for New Yogo, Kanbal, which is now in the Himalayas, and it was an amazing place.

Lincoln: Wow, so this is New Yogo. I've seen it before, but to see it for ourselves, this is amazing.

Balsa Yonsa: It sure is, it's good to be back in my hometown. Plus, from what we've seen, everyone is doing okay.

Then, we got a call to come to McWolf's Castle which is located here in New Yogo. We arrived at the castle and we were greeted by McWolf, and we head for the center of the castle, and when we arrive at the center, we saw many figures chained up by McWolf's Chains of Torment, and when we saw the figures, we were shocked. The figures were none other than Doomfist, Sanjay Korpal, Maximilien, Moira O'Deorain, Reaper, Mauga, Sigma, and Widowmaker, the members of The Talon Organization.

Me: Doomfist, Sanjay Korpal, Maximilien, Moira O'Deorain, Reaper, Mauga, Sigma, and Widowmaker.

Nico: What are they doing here?

Vypra: Remember those swords that we got for Tracer and the Overwatch Agents?

Lincoln: I get it, so today's the execution of Talon.

Suddenly, we saw that their mouths and eyes were sown shut, and blood was dripping from the eye sockets and mouths.

Nico: Okay, who ripped out their tongues and gouged their eyes out?

Vypra: That was McWolf, when he found out what they did a year ago, he was already seeing red, and as soon as he got them here and destroyed their powers with the talisman cards, he ripped out their tongues and gouged their eyes out, and then, he sowed them shut.

We gasped in shock.

Lynn Loud: Dang.

Lori: Unreal.

Lola: Remind me never to get McWolf this mad.

Nico: You said it, Lynn. (Smiles) I think you guys should have McWolf be your expert torturer, when he does something like this.

McWolf: I already am their expert torturer, Nico. Now then, Tracer, I believe it's time for you all to deliver the final blow. I'm already recording it for Sombra to see.

Lincoln: (Smiles) This should be good.

Me: (Smiles) You said it, Lincoln.

Tracer: (British Accent) Oh, now, this should be good for that bitch to see.

The Overwatch Agents unholstered their massive Destroyers of Talon swords from their backs, and with one swing, they cut down the bound Talon members, and they exploded in massive purple fires, and their spirits were Super Hakaied and banished to Oblivion forever. When Sombra saw this, she'd seen what happens when they dare to make Team Loud Phoenix Storm and The Masters of Evil really mad.

We then got out of the castle and back to the Estate, and we also found out from McWolf that Sombra was the one who had hacked our security systems to allow Reaper to copy the Contingency Plans, but after that incident, we really beefed up our online security system with extra protocols and extra high security. But we already of course knew all about that.

* * *

Later we were watching TV and playing card games.

The elevator then opened and in came Megan.

Megan: Guten tag everyone!

Me: Hey welcome back Megan!

Cornelia: Megan!

Megan and Cornelia hugged.

Cornelia: Glad you're back!

Megan: Good to be home.

Me: How was your trip?

Megan: It was amazing! J.D. thank you for getting me and Kevin to the plane.

Me: Anytime Megan. It was cool to do that.

Rainbow Dash came in.

Rainbow Dash: Hey, guys. Remember when I was hoping to become an ambassador?

May: Why do you ask?

Rainbow Dash: Well I'm ready to become one.

Me: Awesome R.D. and I have just the world for you to visit. You're going to the world of NFL Rush Zone.

Rainbow Dash: AWESOME! And I do love football.

Me: I do too. GO BRONCOS! WOO! But this is different. This is a world where it was terrorized by the ruthless and evil Wild Card.

I went over his history.

---

Wild Card is one of the main antagonists of NFL Rush Zone. He was once known as Warren Zimmer, but he was badly injured in an explosion, leaving him both physically and mentally scarred. As a result, he has sworn a vow of vengeance upon RZ, the NFL, and the world. To enact his revenge, he seeks the power of the Megacores.

He is voiced by Troy Baker.

Wild Card, A.K.A Warren Zimmer, grew up in his father's (who is later know as R.Z. 6.0) laboratory with his robot assistant Sidekick (now known as Drop Kick). He was always trying to get his father's attention, but he was always busy trying to find ways to stabilize the power of the core. Sidekick eventually became jealous that Warren got more attention than him, and that he didn't treat him right, that one day he secretly caused an explosion which resulted in the death of Richard Zimmer, Warren's father and the supposed death of Warren and Sidekick.

Years later, Warren returned with a suit due to the accident, seeking revenge and power, prompting the name "wild card" and began searching for the Megacores so that he could take over the world. It is reveled that Sidekick is working with Wild Card now known as Drop Kick. Later on in the series, Drop Kick was shown to be making his own plan to betray him. But Wild Card found out and reprogrammed his systems so that he couldn't harm him. But somehow, he was able to restore it to normal and later on finally commenced his plan.

He created a Siphon Blitz Bot and started to gain power, but when Wild Card found out, it was too late. Wild Card had to leave his own lair when he finds out that Drop Kick is responsible for him wearing his containment suit and the death of his father, so he teams up with the Guardians to defeat Drop Kick. They eventually do and Wild Card steals his siphon blitz bot and begins to power himself with the core and nearly becomes unstoppable, until with the help of Drop Kick, finally defeat him, and he is finally free from using his suit and is no longer a threat. Though, this may not be the end of Wild Card.

Warren Zimmer is mentioned as Wild Card by the announcers during "Wild Card Wednesday" and joking that the villain returned. Later, he is seen in a prison cell saying to never under estimate the Wild Card and his eyes glow purple, this foreshadows his possible return. When Sudden Death brought back Drop Kick after he was "decommissioned", he was assigned to break Warren out of solitary confinement and bring him to Sudden Death. Drop Kick scouts the prison and sets off an alarm to figure out the diagram of the building. After the Anticorians and Guardians fight, Drop Kick releases a knock out gas through out the prison and knocks the guards unconscious. Warren see's Drop Kick and questions his appearance in prison but he is knocked out.

Warren is then imprisoned by Sudden Death and Drop Kick who interrogate him to working with them. After Warren refuses, the Anticorians enter and give Zimmer an Anticorian Cuff which restores his powers, his suit and his evil personality. Wild Card returns with the semi wild and during his time in prison, he figured out that Drop Kick had a code for the deactivation of the safe zone. Sudden Death traps Wild Card with a restraint which blocks his Anticorian Cuff from working and is used as bait for the Guardians. Ish saves Wild Card before he fell to his death, The Guardian then tells Wild Card that he still has a choice to help them destroy Sudden Death. Ish frees Wild Card and notices his suit turned orange and is confused since he didn't do that. Ish notices that Wild Card has a Anticorian Cuff as he had one before and tells the villain that RZ can help him. This angers Wild Card as he remembers the experiment which crippled him and he blasts Ish.

Wild Card angrily stands up against Sudden Death for using him as bait for the Guardians and agrees to work for him but for his own personal reasons. Wild Card is shown to still have a little bit of Warren as when Sudden Death initiated the attack on the HOK, Wild Card screamed NO and then quickly made up an excuse to postpone the attack. He is then shown to be secretly feeding information to the Guardians about Sudden Death's plans. He manages to pin the blame for the missing weapon plans on the Anticorians and successfully gets rid of the aliens as they teleport away. He is forced to search for Drop Kick as Sudden Death noticed the robot was nowhere to be seen. Drop Kick and Wild Card have a small battle in a cave but ended when Wild Card threatened the bot with the EMP blaster. Drop Kick was blasted with the EMP gun and Wild Card reprogrammed him to work for him again and then make a plan to outsmart Sudden Death.

Sudden Death brings the Super Bowl Rings to Wild Card and Drop Kick and tells them to power up the core accelerator. Drop Kick secretly powers up Wild Card with the rings and made an attempt to destroy Sudden Death but he blasts the rings out of Wild Card's hands and Drop Kick jumps after them when they fell back to the cave. Drop Kick recovers the rings but then he is blasted back to the cave, Sudden Death powers himself up and blasted Wild Card back to the cave as well. Wild Card informs the Guardians that there is a way out of the base and then wants to make a truce with them because he dislikes the fact that Sudden Death dragged him and Drop Kick back to the battle.

The final episode of the series, Wild Card and Drop Kick sneak into Sudden Death's passage frequency and attack him. They scrimmage in the field of the Ranger's stadium and make's a team with the Guardians to halt Sudden Death's plans to steal the Megacores. Wild Card's Anticorian cuff stops working and is imprisoned by the Guardians and RZ. RZ agrees to work with the Guardians and is given back an NFL-R to use his suit and powers once again. Wild Card makes foolish moves to attempt to end Sudden Death but all of them failed. When Sudden Death is finally killed, Wild Card sends Drop Kick to steal the core and deactivate the Guardians' NFL-R, making wildcard the third seasons true main villain. Wild Card taunts them and escapes in his speeder meaning that he will be the main villain of the fourth season (if there will ever be one.) Drop Kick is then blown up and destroyed by the Guardians, but it isn't the end of him since he would return in season 4.

---

When I was done everyone was shocked!

Nico: Geez! I know Wild Card. I was the one that destroyed him.

Me: Whoa! Did you really Nico?

Nico: I sure did but it was shortly after I killed MaloMyotismon the first time. It was a brutal adventure.

Me: We'll have to hear it later. But that is cool!

Rainbow Dash: I can't wait to meet Ish, Ash and friends. I'm ready.

Me: Okay.

Nico opened the portal to the world of NFL Rush Zone and Rainbow Dash went in.

She arrived in the world of NFL Rush Zone.

Ish: Hey, you must be new around here.

Rainbow Dash: I sure am. My name is Rainbow Dash, Member of Team Loud Phoenix Storm's Knights of The Friendship Table, Princess of the Wonderbolts, Master of the Element of Loyalty and Princess of the Air Element of Skylands.

Ash: Wow! Pleasure to meet you!

Ish: Team Loud Phoenix Storm!? Wow! It's truly an honor to meet a member of the team.

Ash: We love all your adventures. And do you know Nico?

Rainbow Dash: I sure do. Nico is second in command of the team and he is like an awesome brother to us.

Ish: Awesome!

Ash: That's awesome!

Rainbow Dash: It sure is awesome.

Ish: Quick question. Do you like sports?

Rainbow Dash: I love ALL Sports! I'm the captain of the sports teams at Canterlot High School as well as one of the best athletes there is.

Ish: Awesome! Try catching this!

He threw a football really far and then…

ZOOM!

Rainbow Dash used her incredible super speed and caught the ball in a split second.

Rainbow Dash: How's that?

Ash: Wow! You are really fast!

Ish: That is amazing!

Rainbow Dash: I'm also the fastest flyer and fastest girl.

Ish: So, where's the rest of the team?

Rainbow Dash: They will be coming later. J.D. said he is projecting January 14th of 2022.

Ash: Not that far away. But it's awesome that you know a lot about sports and football.

Rainbow Dash: Yeah all sports are awesome. And J.D. is a big fan of the Denver Broncos. He was born in Colorado and now he moved to Michigan. He's still a Denver Broncos fan all the way.

Ash: All right!

Ish: It's awesome that you are Ambassador of Team Loud Phoenix Storm till then. It'll be great to see Nico again and meet all the team.

Rainbow Dash: I can't wait for you all to meet Lincoln.

Ish: It'll be awesome for you all to kill our worst enemies.

Rainbow Dash: I know you already approve of us killing bad guys. But I'll only help you guys drive off your enemies until it's really time for us to help you guys.

Ish: That's fair. Nico already killed Wild Card anyway.

Rainbow Dash: Awesome! I have so much to tell you all.

Ash: Cool!

* * *

Later Rainbow Dash came back.

May: Well, how was it?

Rainbow Dash: It was awesome! Ish and Ash said hey Nico.

Nico: Boy I haven't seen them in a while. How are they doing?

Rainbow Dash: They are doing really awesome.

Nico: Cool! It'll be awesome to see them again ever since I helped them kill Wild Card.

Rainbow Dash: It sure will. Next time I'll bring Lincoln with me.

Me: That's cool. It'll be awesome for him to meet Ish and Ash.

Eli: You said it.

* * *

POW! CRASH!

A biker was punched in the face and crashed into a pool table!

Princess Luna: Another day of punishing rowdy bikers!

Missy: What's this place again?

POW!

I punched a biker in the face.

Me: It's called the Biker Brawlhouse. Lots of biker gangs come here to beat the living f*** s*** out of each other.

KROW! BIFF! SMASH!

Eli kicked a biker in the crotch, kicked him in the face and punched him in the face.

Applejack: YEEHAW! Lets hogtie these varmints!

KRABLAM!

She punched a biker in the face and smashed him down.

I ducked and two bikers hit themselves on their heads with chairs and I punched them in their faces.

Nico: That's it! I didn't want to use this! But these assholes have given me no choice!

Sophocles: Use what?

Nico pulled out a candy and it was one that Rock Lee uses for a last resort!

Nico: Poromon! Go get them!

Poromon ate the candy and then suddenly…

CLINK CLANK ZONK BINK BLANG BOMP BOOF SMASH!

HOOOOOOOOOOOOOOOONNNNNNKKKKKKKKK!
HOOOOOOOOOOOOONNNNNNNNNNKKKKKKKK!

He rattled around all over the place and smoke came out of him and then he was drunk like he just drank over 50 shots of vodka!

UH OH!

Mindwipe: And cue Poromon's drunk talk.

Poromon: (To a biker) (Slurred Speech) You want to go at it you fuckups!?

POW! BLAM SMASH!

Poromon bashed his ugly face in!

Then the bikers went at him and Poromon dodge all of their attacks with easy and absolute unpredictability.

Poromon: Oh bring it on you asswiping dumbies! (BARNEY GUMBLE BELCH!)

He bashed and pulverized them all over the place.

Cosmos: Poromon's always funny when he's drunk.

Nico: He sure is.

Zoey Hanson was facing a Biker Chick!

Biker Chick: You like you got something to say to me you bitch!

Zoey Hanson: Yeah the Ugly Fucking Sow Committee just called and they want their Ugly Fucking Sow Face Back along with your ugly clothes!

The Biker Chick gasped in rage and then… SHE! WENT! BALLISTIC!

She went at Zoey and Zoey punched her all over and pulverized her all over!

Lana then picked her nose and rubbed the snot all over a biker.

Billy: Hey sniff on this!

Billy squeezed his nose and then splattered a bunch of bikers with a wave of snot! YUCK!

Later all the bikers were arrested and were being loaded into FBI Vans.

Agent Waco: Thanks for getting these guys everyone. We've been after them for a long time. Responsible for robberies of banks from over 7 states. Stole $923,000,000.00.

Me: Wow! That's amazing. But it looks like they will be doing a lot of hard time.

Biker Man: YOU WILL PAY FOR THIS KNUDSON!

Me: Just remember this you biker douchebag: Crime doesn't pay.

We later went back.

Dreamcatcher: J.D., it's your turn to lead today.

Me: I know Dreamcatcher. And I have just the mission for us. The Krusty Krab is having a lot of problems.

Nico: Like what?

Me: They went for over 36 days with no customers at all.

Eli: Uh oh.

Helena Nicos: I hope we can help them out.

Allie Knudson: We will.

Then Gentleman Ghost, Villamax, Carly Atlas, Common Cold, Mr. Mittens, Xiao Fung, Toiletnator, Control Freak, Electro, and Kalin appeared.

Carly Atlas: Can we go with you guys?

Me: You all sure can Carly.

Carly: And Poromon, you were funny drunk.

Poromon: (Groans) Thanks Carly. But I have got the worst ever headache.

Poromon has a huge block of ice on his head. Then…

VOMIT!

Poromon threw up on a biker guy that he accidentally brought home and he was groaning and in a lot of pain and he was hogtied.

Poromon: (GROANS)

Nico: Poor Poromon. We'll get that douchebag thrown in our jail.

Lisa Loud: Leave that to me.

She fired a teleporter ray and it beamed him into our prison.

Me: Awesome. Lets go.

But, before we were about to leave, we were contacted by King Kai.

King Kai: (Telepathically) J.D., can you hear me?

Me: King Kai, what's wrong?

King Kai: (Telepathically) I've got bad news: Android 19 has been located in Bikini Bottom, and he wants revenge on all of you for what you did to Dr. Gero.

We gasped in shock.

Lincoln: Sheesh, even in death, Dr. Gero is a total headache.

King Kai: (Telepathically) You said it, Lincoln, and I'm afraid I've got more bad news, Android 19 also had some help from King Salazar The Pushy.

The Warner Siblings gasped in horror, along with the rest of us.

Yakko Warner: WHAT?! Why, that… !

Lori: Yakko, I know you're angry, but… !

Yakko Warner: (Calms down) I'm alright, Lori. (To Goku) But, Master Goku, allow me to deal with Android 19. I know that Gero has been your problem, but for Salazar the Pushy to enlist Android 19 to destroy us, he's gone too far this time.

We saw that Yakko was serious.

Lori: Whoa, he's literally serious.

Goku: Okay, Yakko. When Android 19 shows himself, he's all yours. Just don't show him any mercy.

Yakko Warner: Oh, trust me. He's not getting any, especially that pushy Salazar, after what he did to our parents and plunged Acme Falls into misery, he deserves to be banished to Oblivion after what he did. And as for Android 19, he'll join that lunatic Gero in Oblivion as well.

Me: (Smiles) Now, that's the attitude I like to hear.

We were off to the ocean.

## BIKINI BOTTOM

We arrived in Bikini Bottom.

Bounce Man: Another day in Bikini Bottom!

Me: Yep and it's awesome. The people still hate Squidward though.

Nico: Boy I don't' blame them.

We arrived at the Krusty Krab. Inside, it is dirty and covered in cobwebs. Squidward is seen covered in dust and cobwebs. He blows the dust off himself. SpongeBob dusts off a cobweb off a table with a feather duster. A spider comes down and makes a new web. SpongeBob dusts it off again, but the spider comes back and makes another one. Lily is cleaning the grease trap. Mr. Krabs is seen covered in dust against the wall and sneezes the dust off.

Mr. Krabs: Ah-ah-achoo! [sighs] 36 days without a customer.

We came in.

Me: Good morning Krusty Crew!

Mr. Krab: Ahoy there mateys!

Lily: Welcome to the Krusty Krab everyone.

Kalin: Man, this place has seen better days.

Squidward: (sheepishly) Sorry about the mess.

Nico: Looks like this whole place is a mess.

Eli: Yeah.

Laney: What happened?

Dave: [slowly crawls towards the Krusty Krab] So… hungry…

SpongeBob: Ah! Mr. Krabs, a customer!

Mr. Krabs: Ah! [squeals in delight, revealing a spider web growing in his mouth while a spider crawls all over it]

Dave: No food… 3 days…

Mr. Krabs: Hold on, me bucko! Food's on the way! [about to call into the kitchen, but then has a second thought] Uhh… you got money, right?

Dave: Yeah…

Mr. Krabs: SpongeBob! Bring this man some grub before he keels over!

SpongeBob: [offers him food] Here you go, sir.

Dave: Oh. Krabby Patties, huh?

Mr. Krabs: Finest under the sea!

Dave: Yeah, yeah, sure. But where's the pizzazz?

Mr. Krabs: Huh?

Dave: Look at this place. [the inside of the Krusty Krab is all old and worn out] I mean, what is the theme here? Underwater? It's boring! [turns and crawls away] Food… water… atmosphere… !

Me: He thinks this whole place is boring!?

Eli: I don't think that at all.

Varie: It's like these people have lost all their taste.

Livewire: Tell you what? We'll get food from here!

SpongeBob: Thanks guys!

Me: Yeah after beating up many Biker Dirtbags we've really worked up quite an appetite.

Lily: Awesome!

Me: But first lets clean this place up.

We fired waves of wind and cleaned up the whole place in an instant. We then got lots of awesome Krabby Patties and we got to eating.

Me: (Eating) Mmm! Delicious.

Helena Nicos: (Eating a Krabby Patty) Delicious! I didn't know Krabby Patties are that good.

Nico: Some of the best ever. I don't know what people think about the Krusty Krab lacking an atmosphere. It's perfect the way it is.

We were eating.

Me: But I wonder why the people of Bikini Bottom don't want to eat at the Krusty Krab.

Fred: Hey, Tom!

Tom: Fred! Hey, you wanna eat at the Krusty Krab?

Fred: Nah, let's go to the Shell Shack. They've got a talking dog!

Tom: [runs off with Fred] Great! Say, what's a dog?

Me: A talking dog? (To Brian) Uh no offense Brian.

Brian: None taken but that is unusual seeing another Talking Dog here in Bikini Bottom

Mr. Krabs: [gasps] I need to think up a gimmick like that to bring people back in here!

SpongeBob: [peeks through Mr. Krabs' eye stalks] I have an idea! [Mr. Krabs' eye stalks pull back together, chopping SpongeBob in half]

Mr. Krabs: Wait! I've got an idea! [Cut to outside the Krusty Krab, where a marching band plays, and a crowd gathers around Mr. Krabs]… And so ladies and gentlemen, be sure to buy plenty of Krabby Patties as I bury myself alive! [Everyone cheers and confetti shoots up from the ground as Mr. Krabs wields a shovel. He digs a hole, and then hops into it] Enjoy and have plenty of refills. [scene cuts. Then, he pats the dirt in around him, leaving himself underground with no trace of him. Fred runs up to on top of where Krabs was buried]

Fred: Hey, everyone, listen! [the music stops] The talking dog at the Shell Shack is singing! Come on! [motions for everyone to follow, and they do, leaving Mr. Krabs alone, under the ground.]

Me: (Sighs) I'll dig him up.

I did so.

Toiletnator: You okay, Mr. Krabs?

Mr. Krabs: Yes I'm fine. (Sighs)

Me: Man that Talking Dog at the Shell Shack must really be cool.

Laney: No kidding.

SpongeBob: Mr. Krabs, I have an idea!

Mr. Krabs: What am I going to do? If I don't find an idea, I'll go out of business!

Nico: You still have us to eat at the Krusty Krab, Mr. Krabs.

Mr. Krabs: That's true, Thanks lads.

SpongeBob: Mr. Krabs, I have an idea!

Mr. Krabs: Why can't someone give me an idea?

SpongeBob: Mr. Krabs, I have an idea!

Me: SpongeBob has an idea.

Mr. Krabs: [down on his knees, praying] Great Neptune in Heaven, I need an idea!

[A divine light hits Krabs, and SpongeBob comes down, playing the harp and dressed like an angel]

SpongeBob: [sings] Mr. Krabs, I have an idea!

Mr. Krabs: What in the name of love are you waiting for, boy? [grabs SpongeBob, removing his angel costume] Tell me!

SpongeBob: Okay, Mr. Krabs. Prepare yourself. Don't bother sitting down, because you'll just stand up when you see this! [makes a Pretty Patty] Ta-da! [shows Mr. Krabs a green Krabby Patty]

Mr. Krabs: Great Barrier Reef! That patty's spoiled! [knocks it off of the plate and onto the ground, where he burns it with a flame thrower. Once the fire is gone, SpongeBob appears in a fire-retardant suit]

SpongeBob: [laughs] Mr. Krabs, it's not tainted meat. It's painted meat. [Fire once again overcomes him, and he emerges in regular clothing, with an artist's pallet in hand. On the palette, Krabby Patties lie in different colors] Pretty Patties! Available in 6 designer colors.

Me: Wow those are great SpongeBob!

Eli: Boy they sure look good.

Lily: Oh boy! I would eat one.

Kickback: Something about this is familiar.

Nico: Yeah! This is VERY familiar. In fact we went through the exact same thing when Rotwood and his posse had their endgame.

Me: Don't remind me of that.

Rotwood: Oh no.

Twilight Sparkle: What happened back then?

Me: Oh right you guys don't know about this, It was back on Father's Day last year.

I went over what happened on Chapter 1100 and it was horrifying and shocking! Twilight Sparkle and friends glared at Rotwood, Master Frown, Brad and Squidward!

Nico: That was one of the worst days I've had.

Me: Yeah.

Common Cold: But don't worry. They already learned their lesson, remember?

Twilight Sparkle: They did?

Me: Yeah we forgave them and when the 20 Days of Darkness came and went we gave them a full pardon.

Sunset Shimmer: Oh. That's good.

Fluttershy: It sure is.

Pacifica: (to Fluttershy) You were even there with Spongebob, Unikitty, and Jake when J.D. forgave them.

Fluttershy: That's right. I remember.

Nico: Yep I remember.

Me: Yeah.

Villamax: Spongebob, I think these Pretty Patties are a good idea. In fact, to get you started, I'll buy one.

Me: Me too!

We bought a couple of them and tried them and they were tasty!

Helena Nicos: Wow! These are delicious!

Eli: Yeah they sure are!

Me: Mr. Krabs we're gonna go share these with Bikini Bottom.

Mr. Krabs: Okay.

We went out of the restaurant.

We saw Patrick angry.

SpongeBob: [angrily approaches an angry Patrick] Hey, Patrick, are you angry, too?

Patrick: Yeah.

SpongeBob: What's the matter?

Patrick: I can't see my forehead. What's your problem?

SpongeBob: I have a good idea, and no one else thinks so.

Patrick: [no longer angry, and a cord appears from his shorts] Me too. [pulls the cord, causing his shorts to inflate and lift into the air a few feet. Patrick is floating upside-down]

Me: WHOA!

Nico: Wow!

Patrick: Inflatable pants! What's your idea?

SpongeBob: I'm gonna open up a restaurant and sell Pretty Patties!

Patrick: [his shorts explode, leaving him with only a piece of his shorts covering his crotch] Forget my dumb idea, that's great!

Me: Awesome!

[Cut to later, where SpongeBob has constructed a purple stand that says "Pretty Patties." Patrick is behind a second one to the left of SpongeBob that is brown and says "Pay Here"]

SpongeBob: Are you ready for the big rush, Patrick? [Patrick looks down and pulls up his purple-and-green trunks and gives SpongeBob the thumbs-up] Pretty soon those hungry customers will be lining up, because we are open. [puts up an "Open" sign. Cut to him at the stand] I'm ready! [He is an adult with the same camera angling. He has glasses on, and brown hair. His pineapple begins to rot] I'm ready. [He is an old man with a long, gray beard. His pineapple wilts and dies] I'm ready… [His gravestone behind the stand says "R.I.P. I'M READY." There is a vacant spot where his pineapple previously was. SpongeBob wakes up at the stand and sees that that was a dream] Patrick, how long have we been standing here?

Patrick: [looks at the sloppily-drawn crayon marks on his wrist made to look like a watch] Awww. I gotta draw a new battery for this. [scribbles on his wrist with a blue crayon]

Me: We've been sitting here for about 3 hours.

Sixshot: Don't worry about no one coming. We'll keep buying the Pretty Patties.

Harold: [walks up to the stand] Hey, do you sell food here?

[SpongeBob and Patrick giggle, making Harold feel awkward]

SpongeBob: Yes, sir! We sell Pretty Patties! [holds out a green Pretty Patty]

Harold: That thing's green! [starts laughing hysterically] Green! [laughs some more]

Patrick: [laughs as well, but doesn't laugh hard at all] Green.

Me: Patrick!

SpongeBob: Mr. Krabs was right! What am I going to do with all these? [holds out the palette of Pretty Patties]

Harold: [stops laughing] Hey, is that one purple? Purple is my favorite color. [tries it] This isn't half bad. Hey, world! "Pretty Patties" is the best idea ever! [SpongeBob and Patrick are elated]

Squidward: Wait. I think something like this happened after you guys sent me and my group to the Warp the first time!

Electro: Yeah! You're right!

Me: Yes it did and I just went over that.

Squidward: Oh. Sorry.

[Cut to the Krusty Krab now with cobwebs on the outside; Mr. Krabs in his cobweb covered office, eating popcorn and watching a movie, crying. A spider dangling from its web cries as well]

Rick's Wife: [on TV] Oh, Rick, how could you? You and I, together we were one.

Rick: [on TV] That was before. But now I'm splitting us up.

[Onscreen, a live-action amoeba splits into two amoebas. All of a sudden, it turns to a Bikini Bottom News emergency broadcast. Johnny talks at a desk. Behind him is a bamboo screen showing a crowd of Bikini Bottom citizens cheering]

Johnny: We interrupt this program to bring you a special news announcement! This wild crowd behind me is screaming for Bikini

Bottom's latest culinary sensation. Let's take a listen.

All: [chanting] Pretty Patties! Pretty Patties!

Mr. Krabs: Pretty Patties? [the spider comes down and steal Mr. Krabs' popcorn]

Johnny: It's easy to see Pretty Patties are popular, but what is it about them that drives Bikini Bottom feeders wild?

Millie, Sadie [has hair], and Evelyn: They match our purses! [show their purses]

Scottish Man: [with Scottish accent, kilt, and bagpipe] They remind me of home. [holds up a plaid Pretty Patty]

Larry: [runs up] Pretty Patties rule! [flexes his muscles]

Johnny: Mr. SquarePants, how do you explain all this success?

SpongeBob: Uhhh… I don't know.

Me: It was all an idea that went into an awesome success.

Mr. Krabs: How can you make money with such a stupid idea?

Johnny: [the TV background has money falling] And how can you not make money with such a brilliant idea?

SpongeBob: [laughs] At first we didn't know what to do with all the money. We tried burying it… [Mr. Krabs' eyestalks inflate]… shredding it… [Krabs' eyestalks inflate some more]… and burning it. [Mr. Krabs's eyestalks burst and fly around like a balloon with a hole in it as he screams] But in the end, we decided just to give it all away and keep some of the money for the Neptune Crusaders.

[Patrick is at his stand that now has a bamboo "$" and says "FREE MONEY." then hands a filled paper sack to Nathaniel]

Patrick: Come again, sir!

Nathaniel: I'm getting back in line! [runs off]

Eli: Big success huh?

Nanette: (realizes something) Maybe we should start searching for the next Twisted Princess now.

Block Man: I think that's a good idea.

Spongebob: Why? We're making lots of money!

Squidward: Spongebob, any minute now, the people are gonna be forming into an angry mob. We shouldn't be around here when it happens!

Me: Don't worry about that Squidward. We told them all about what Pretty Patties can do in these pamphlets.

(Scene cuts to the citizens reading the pamphlets we made and it showed them happy that it's not permanent.)

Mr. Mittens. Hey, guys! Check out my tongue!

His tongue was magenta with blue spots.

Me: Look at my tongue.

My tongue looked normal.

Nico: I don't see anything.

I clicked off the lights and it glowed in a blue light.

Eli: Whoa!

Laney: Wow! That is awesome!

Me: Light-tongued huh?

Luan: You sure have become the Light of our lives! (Laughs)

We laughed at Luan's joke.

Nico: (LAUGHS) That was a good one!

Eddy: (LAUGHS) That was funny!

Me: Yeah it was!

Helena Nicos: (LAUGHS) That was funny!

Aqua Man (Mega Man): Eli, can you sense who the next Twisted Princess is going to be?

Eli: Let me see.

Eli concentrated and sensed for anything and then he sensed dark presence.

Eli: Oh no! It's Twisted Tinkerbell!

Allie gasped.

Allie Knudson: You won't like what happened to her.

She told us everything.

---

The battle for Never Land rages on as the fairies defend their home from the invading pirates. Every fairy was forced to make great sacrifices to protect their home and loved ones… especially Tinker Bell. Upon hearing that Queen Clarion and the Ministers of the Seasons had all fallen to Captain Hook's blade, Tinker Bell took it upon herself to unite and lead the fairies into battle. However, she was badly injured in an assault on the Pixie Dust Depot while trying to save her beloved Terence, who died in the attack. She lost her wings, an arm, suffered a few burns, and was covered in cuts from head to toe. She was found unconscious by Clank and Bobble who did their best to patch her up. When Tink awoke she was distraught and determined to avenge Terence's death. She went right to work, fashioning herself a new arm and wings. A tinker fairy's job is never done and she had a war to win…

---

When she was done we were shocked!

Nico: Not good guys.

Me: (Growls ferociously) HOOK if you ever come back consider yourself dead and sent to oblivion.

Gentleman Ghost: Maybe we can use these Pretty Patties as bait.

Me: Hmm.

I got to thinking.

Me: Hey I've got an idea.

I then formed a Shadow Clone and had it turn into Captain Hook.

Nico: I see what you're gonna do.

Me: Yep. Now we hide. Lets go.

We went and hid.

Flywheels: So that's no to using Pretty Patties as bait then?

Me: Nope. But that would be a clever idea for later on in the future.

We turn saw a light coming and it was flying around fast. It was TWISTED TINKERBELL!

Twisted Tinkerbell saw my clone as Hook.

Twisted Tinkerbell: HOOK! Now I can kill you and avenge Terence!

But then "Hook" popped and vanished and then the spirits of the elemental forces of nature appeared and they were swirling around and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we were facing her.

Me: Twisted Tinkerbell. So we meet at last.

Xiao Fung: My God. Tinkerbell. What happened to you?

Twisted Tinkerbell: I lost my wings and arm because of that monster Hook!

Me: Hook is dead and we killed him. I'm glad we did because he will pay for his crimes again if he ever does return.

Maria: That's right!

Clayface: C'mon, Tink! What happened to that sweet fairy that always helps Peter?

Me: That's right! You are better than this Tink. You need to realize that vengeance is never the answer for anything. All it will lead you down is a path to your own destruction.

Twisted Tinkerbell: Hook took everything away from me. He took my only friend Terance away.

Me: We can always get justice for him by killing and destroying the very monster that did him in. Tink, let me kill Hook for you again and then I can avenge him for you. I'm sorry this happened to you. But just trust me on this.

Twisted Tinkerbell: You would do all this for me?

Me: You are a true friend not just to Peter Pan but to many of us too. But first you need this. (Snaps Fingers)

Twisted Tinkerbell then got her wings and arm back and she was fully back to normal.

Twisted Tinkerbell: Wow! I have my lost wings and arm back! I'm better than ever!

Me: Yep.

Tinkerbell then came up to me and kissed me on my forehead and it was amazing.

?: YOU STUPID FAIRY!

We know that voice all too well.

Me: Speak of the Devil and he will come. Captain Hook!

We saw CAPTAIN HOOK!

---

**Captain James Bartholomew Hook**, also better known as **Captain James Hook** and simply known as **Captain Hook**, is the main antagonist of Disney's *Peter Pan* franchise, one of the secondary antagonists in *Mickey's House of Villains*, the main antagonist of the *Disney Fairies* movie *The Pirate Fairy*, and the on & off main antagonist of the Disney Junior show *Jake and the Never Land Pirates* . He is Peter Pan and Jake's arch-nemesis.

In the original film, he was voiced by the late Hans Conried, who also voiced George Darling in in the same film, portrayed Dr Terwilliker in *The 5000 Fingers of Dr T*, and voiced Snidley Whiplash in *Dudley Do Right* and the Grinch in *Halloween is Grinch Night* . In the sequel, he was voiced by Corey Burton, who also played Count Dooku in the *Star Wars: The Clone Wars*, Onus in Disney's *Treasure Planet*, Quint in Disney's *Timon & Pumbaa*, Jones in Disney's *Tarzan*, and Shan Yu in *Kingdom Hearts II* . In *The Pirate Fairy*, he was voiced by Tom Hiddleston, who also played Loki in the *MCU*, and Lord Nooth in *The Early Man* . In the upcoming live-action remake, he will be portrayed by Jude Law, who also played Billy Hanson in " *Midnight in the Garden of Good and Evil*, Harlen Maguire in *Road to Perdition*, Tony Shepard in *The Imaginarium of Doctor Parnassus*, Pitch Black in *Rise of the Guardians*, King Vortigern in *King Arthur: Legend of the Sword* and Yon-Rogg in *Captain Marvel* .

In the Japanese dub from the movie and game, he was voiced by the late Chikao Ōtsuka, who also played Dr. Ivo "Eggman" Robotnik and Professor Gerald Robotnik in *Sonic* franchise, Master Xehanort in *Kingdom Hearts* series, Jagi in *Fist of the North Star*, Jinpachi Mishima in *Tekken 5*, Senoh in *Street Fighter II: The Animated Movie* and Berthold Gregor in *Valkyria Chronicles*, he was by Masashi Ebara, who also played Erazor Djinn in *Sonic and the Secret Rings*, Deus in *Asura's Wrath*, Ganryū in *Bleach*, Azwel in

*SoulCaliber*, Dyrandoh in *Kaizoku Sentai Gokaiger*, The Servant in *Heart of Darkness*, PP Rappa in *Gekisou Sentai Carranger* and Kouya in *Kekkaishi* .

In the movie which is set before any of the Peter Pan films he was simply referred to as **James** . Before the events of *Peter Pan*, James was originally first shown to be a cabin boy. He was seen with a few pirates complimenting Zarina about her plan on stealing the blue pixie dust. At first, it appeared that Zarina was the captain of the pirate crew as well as James' best friend. However, after Zarina taught him how to fly, James revealed himself to be the true villain by locking Zarina in a glass lantern and that he was the real captain of the ship.

His goal was to use the Pixie Dust Tree to make his ship fly out of Never Land and pillage towns. While Tinker Bell and her friends recovered the blue pixie dust, James tells them to give it to him or that he'd drown Zarina in the ocean. After getting it back, he throws Zarina in the ocean anyway. During the final battle, Zarina overflows James with pixie dust, causing him to fly out of control, falling into the ocean, and getting bitten by Tick-Tock (as a baby). In the epilogue, he meets Mr. Smee for the first time and tells him to help him out of the water.

The best-known version of Captain Hook appeared in the 1953 Disney animated film *Peter Pan*, where he became one of Disney's most memorable villains. When Hook is first seen, he is plotting his revenge against Peter for the incident with his hand. He is seen looking for the location of Peter's hideout, and he (along with Mr. Smee) abduct the native princess Tiger Lily, believing that she may have such information. They interrogate her at Skull Island, but are thwarted by Peter and the crocodile that ate Hook's hand.

Later on, Hook finds out that Peter had banished Tinker Bell for her attempt on killing Wendy, and uses the situation to his advantage. He gets Smee to bring Tinkerbell to the ship, and Hook goads her into revealing Peter's hideout. However, Tinkerbell makes Hook swear he won't lay a hand (or hook) on Peter. After his crew abducts Wendy, John, Michael, and the Lost Boys, Hook places a time bomb disguised as a present in the hideout, initially breaking his promise. With the help of Tinker Bell, though, Peter survives, and he goes back to the ship to confront Hook and free the children. Hook and Peter engage in a long battle, but Hook and his crew are ultimately defeated, and Hook is seen swimming for his life from the crocodile.

In the 2002 animated sequel *Return to Never Land*, Hook kidnapped Wendy's daughter Jane and took her as leverage to try and get what he wanted he knew where Peter Pan first met Wendy. When he found out that she did not want to be at Never Land, Hook promises her that if she would help him with what he wanted that he would help her with what he wanted. To do so, he made up a story in which he claims that he wants to see his "Dear Sweet Mother" back home so they would have common ground. After kidnapping Peter Pan and the Lost Boys, Jane and Tinker Bell (who was brought back to life) came in to retaliate. He and his crew are defeated by Peter and once again falls prey to an orange octopus, bizarrely familiar to the ticking crocodile from the first, and flees with the whole crew while the main protagonists celebrate their victory. It is unknown if Hook was eaten alive by the octopus or not.

*Jake and the Never Land Pirates*

Captain Hook acts as Jake's archenemy in Jake and the Never Land Pirates. Like the movies, he is the boss of Smee and has two other henchmen named, Sharky and Bones. Unlike the movie version, however, Hook is less cruel and is more playful in this version.

It is implied that after Peter Pan and Tinker Bell left Never Land, Hook stayed behind in order to take over the island, prompting Pan to leave 3 pirates, Jake, Izzy, and Cubby on Pirate Island to prevent his old foe from winning. Hook's most prominent (and darkest) role is in the final episode, *Captain Hook's Last Stand* where he obtains the Doom Stone and turns Peter Pan into stone. Unfortunately, the stone's side-effects involve Hook's heart turning to stone, molding him into a dark hearted pirate even more dangerous and powerful than his film counterpart. His plans on taking over Never Land are eventually thwarted by Captain Jake and his Never Land Pirates, who free Peter Pan, and revert Hook back to normal.

The series could be non-canon to the films, due to timeline issues and Hook being downplayed to being bumbling and playful instead of being elegant and murderous.

## House of Mouse

Captain Hook is also in the House of Mouse guest.

## House of Villains

Captain Hooks wants to take over to the House of Mouse and sing the song "It's Our House Now". However, he and the all of the other villains (except Jafar) immediately scatter out the House before the House of Mouse is restored once again.

## Cameos

Hook made a guest cameo at the end of the second episode of Raw Toonage, in which Don Karnage was hosting a segment on treasure hunting. When Karnage finds the treasure chest in question, Hook appears and claims it as his own. They then engage in a swordfight, which Hook wins by pinning Karnage to a tree. Hook makes a brief appearance in the animated short Electric Holiday, watching in the crowd as Cruella De Vil walked down the runaway in a fashion show. A portrait of Hook can be seen in the first episode of the miniseries *Descendants: Wicked World* .

## Hook

**Captain James Hook** is the titular main antagonist in the 1991 film *Hook*, which serves as a sequel of sorts to the original *Peter Pan* story by J.M. Barrie.

He is a pirate captain from Neverland who seeks revenge on his old arch-nemesis Peter Banning (known as Peter Pan) by kidnapping his kids so he could eventually attempt to turn them against their father.

He was portrayed by Dustin Hoffman, who also played Mumbles in *Dick Tracy* and Ratso Rizzo in *Midnight Cowboy* .

Years ago Peter Pan cut off Hook's left hand, and fed it to a crocodile who had previously swallowed an alarm clock. After which, Hook replaced his missing hand with a hook. All the time Peter Pan had been humiliating Hook for a long time. Since then Hook has been seeking revenge on Peter Pan. The two have been battling each other for a long time, until one day Peter decided to stay and marry Wendy's granddaughter; Moira so he could be a father. During that time, Hook managed to kill the crocodile and turned it into a clock that doesn't making a ticking sound. However he still remained terrified whenever he heard a clock ticking and smashed every ticking clock he saw. He also found Pan's home and burned it when he didn't return to Neverland.

Hook eventually found out what happened to Peter Pan, and that he was all grown up, was married and was a father of two. So he decided to exact his revenge on Pan.

## Kidnapping Peter's Kids

While Peter's family is visiting his wife's grandmother Wendy, in London, Hook arrived in the middle of the night and kidnaps Jack and Maggie, Pan's kids. However, by this time, Peter, now known as Peter Banning, had forgotten about his previous life in Neverland. With the help of Tinkerbell, Peter arrived in Neverland. Eventually Peter, disguised as a pirate, came across Hook. Hook gloated to his crew that he was the one who kidnapped Peter Pan's kids, and tossed one of his crew into a torture devise known as the Boo Box for doubting that Hook could kidnap the kids.

However, Peter blew his cover and told Hook that those were his kids. Hook was surprised that the person he was talking to was Peter Pan. He decided to let Peter's kids go, if Peter could touch both of his kids' hands. Hook was hoping that Peter would fly to rescue his kids, but after witnessing Peter climbing to try to reach for his kids, Hook realizes that Peter had forgotten that he was Peter Pan. So Hook decided to cancel the war between each other and was about to kill the three.

However, Tinker Bell showed up and managed to convince Hook that if he gave her three days, both she and The Lost Boys could put him back into shape and he could have their war. Hook accepted her offer, but not before forcing Peter to walk the plank. While Peter was training for the next three days so he could defeat Hook, Hook was trying to influences both Jack and Maggie to turn against Peter Pan. Maggie was able to ignore Hook, but Jack ended up being persuaded by Hook, and eventually joined Hook's crew.

After regaining his memory and ability to fly much to Hook's joy, Peter Pan and Hook began their war. During the fighting between the Lost Boys and Pirates, Hook confronted Rufio in sword combat, and ended up killing him. After witnessing Hook murdering Rufio, an angry Peter confronted Hook. After seeing his father care so much about one of his own Lost Boys, Jack reverses his decision to join the pirates, prompting Peter to ignore Hook and leave with Jack to join Maggie and the other Lost Boys. Hook however, is not amused and furiously beckons Peter to come back and duel with him or else he would never stop hounding him and kidnap future generations of his family.

Deciding to end Hook's threats once and for all, Peter excepts and they have a one-on-one duel. In the end, Peter is victorious but at the request of his children saying that Hook is only a spiteful man without parents who can no longer hurt them, spares the captain's life, and simply tells him to leave Neverland and never return.

Unfortunately, Hook does not redeem himself and grabs an off guard Peter, while saying "Fools. James Hook *is* Neverland".

Hook prepares to kill Peter with his infamous hook, but Tinker Bell intervenes and Hook ends up stabbing the huge crocodile *(now turned into a clocktower)*, apparently bringing it back to life. And in a rather **dramatic** fashion, it falls over a terrified Hook, and eats him for good. Peter Pan and the Lost Boys are victorious and the ultimate war is officially over. Peter went home to his kids in London and leaves Thud in charge of the Lost Boys.

Me: Captain Hook. Back from the dead.

Control Freak: I get it! This is the Hook from the Twisted Tinkerbell world! Well, I've got the perfect monster for him!

He summoned The Turtle Pirates, Maccus and Driftwood Pirates from Disney Infinity!

Nicole: The Turtle Pirates, Maccus and Driftwood Pirates from Disney Infinity! Good choices.

Control Freak: Thanks Nicole.

Me: But this is actually the same Captain Hook that we killed during our adventure in Neverland.

Captain Hook: THAT'S RIGHT! AND I WILL KILL YOU FOR KILLING ME AND ME CREW!

Me: I've been wanting another crack at you Hook. But you are also still the same Hook that Tink knows. One that we killed many times before.

Brain Freezer, Vanitas, Weather Wizard, Condiment King, Living Laser, El Diablo, Evil Star, Abis Mal, Shade, and Shiv.

Me: Brain Freezer, Vanitas, Weather Wizard, Condiment King, Living Laser, El Diablo, Evil Star, Abis Mal, Shade, and Shiv.

Brain Freezer: Did we miss the fight already?

William: Nope. We purified Tink. Hook's the real villain here.

Weather Wizard: Oh. Talk about a plot twist.

Me: Yeah.

Condiment King: At least you can kill him again.

Living Laser: (to me) I heard you took McLeach down again.

Me: We sure did.

El Diablo: Did you send him over the waterfall again?

Me: Nope. Not this time. Eli killed him by punching him all the way through his chest and sending his body to be crocodile food.

El Diablo: Sweet!

Living Laser: I'll say! And Megan it's awesome having you back.

Megan McCallister: Glad to be home.

?: Boy it sure is.

A figure came out and it was DATUM from episode 25 of Operation Overdrive!

---

This amulet/new computer monster was created by Kamdor from a computer. Kamdor sent Datum to battle the Power Rangers and ordered him to obtain the information about Rangers' Zords, their battle costumes, and the decoded location of the Star of Isis. Datum initially had the advantage against the Rangers but they quickly overpowered him with their personal weapons with Rose defeating him with a single blast from her Drive Geyser. Before Mack forced him and Miratrix to retreat, Kamdor enlarged him. He created a computer virus that infected the BattleFleet Zords, the Rangers' base computers, and Mack Hartford. Although Datum was destroyed by the BattleFleet Megazord, his virus extracted the information about the Rangers' Zords and their battle costumes and decoded the location of the Star of Isis right onto Kamdor's computer.

---

Mack Hartford: Datum!

Datum: Been a while rangers.

Me: I remember you! You were made from a computer and were sent by Kamdor to get the information on everything the Rangers had as well as the location of the Star of Isis.

Datum: That's right. Good memory on you.

Me: Never missed an episode.

William: Any chance you can make a computer virus for us in the future.

Datum: What for?

Eddy: We'll let you know.

Me: It's for a secret weapon. You guys have the usual battles. I'll hold Hook off. He and I have some unfinished business.

Nico; Go get him.

I unsheathed my sword and Hook unsheathed his. Me and Hook went up to each other and then we clashed and lightning exploded out of our swords and the usual battles began.

Apple Bloom: Show no mercy sis.

Applejack: I won't.

Me: Just like last time.

Captain Hook was ready for action as he unsheathed his sword and Applejack and Hook clashed their swords and massive blasts of fire exploded out of two clashes and Applejack flipped back.

Me: Here we go guys.

Applejack: This is gonna be good.

Captain Hook: It's Peter Pan that I want.

Applejack: If you want him you'll have to go through me you fucking sidewinder.

Captain Hook: Then prepare to die.

Applejack: I don't die that easily because I have friendship on my side.

Captain Hook: You will see your friends when you die and I kill them.

Applejack and Captain Hook then clashed powerfully and lightning of light and darkness and sparks were flying as they clashed and they were really going at each other and setting much of the area on fire.

Applejack: You will pay for your crimes you old codfish.

Me: Get ready to finish him.

Apple Bloom: Let's pour ketchup on Hook before feeding him to the crocodile.

Me: And we'll add barbecue sauce and mustard as well.

Applejack then kicked Hook.

Hook: You bitch!

She grabbed him by his melted hook and we all held up ticking alarm clocks!

Hook: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Applejack: Boy howdy! Tick tock tick tock tick tock! Hook's afraid of a load of crock.

Me: He's afraid of time ticking away!

They resumed their clash and Applejack kicked him in the face and knocked him down.

Peter Pan: Why?

Hook: Why? You need a reason? It's probably the same reason Maleficent beat that puppy to death with a kitten that one time. When the howling and meowing stops, and all you're left with is a mess of fur and blood and brains--well, you can't beat that warm glowing feeling inside.

Eddy: You beat a puppy to death with a kitten? Who in the hell do you think you are, Star Munch?! (to the viewers) For those of you who don't know, those lines come from Guardians of the Galaxy Vol. 2.

Peter Pan (confused by this): Ignoring that last part, Hook, this has always been between the two of us. Why in God's name did you hurt Tink?!

Hook: Because, Pan, I wanted to win. Every time you and I fight, I lose. I was getting a bit bored of always losing. I thought I'd try this on easy mode for a bit. And it was easy. It was as easy as Maleficent beating a puppy to death with a kitten.

Eddy: Talk about that one more time, asshole!

Me: We dare you!

Hook: I thought I'd try this on easy mode for a bit. And it was easy. It was as easy as Maleficent beating a puppy to death with a kitten.

Eddy then snapped and jumped Hook and pulverized him all over and he punched him in the face!

?: I will destroy you all for what you did to Dr. Gero!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming, and we'd also sensed an energy signal.

Goku: That energy. I should've known, you can come out now, Android 19.

A figure came out of the shadows, and it was none other than Android 19, who'd escaped from Hell, and was also sent here by King Salazar the Pushy.

Yakko Warner: I knew you were here, Android 19, and we were also aware that you were sent by that miserable usurper, Salazar the Pushy.

Android 19: You will all suffer and die for what you did to Dr. Gero.

Yakko Warner: Not a chance in Hell, you overgrown, energy absorbing, bucket of bolts. I've had it up to hear with you to last an eternity.

Suddenly, Yakko Warner's eyes turned emerald green, and he was surrounded by an emerald green energy aura with lightning bolts and lightning crashing down from the Heavens, he then got out his Defender of Acme Falls mallet, and as he had approached Android 19, he left emerald green energy, lightning bolts, and emerald green fire with every step.

Yakko Warner: Dr. Gero has already paid the price for his dark and insane ambitions to take over the world, and he paid an even greater price by getting sent to Oblivion for trying to kill Master Goku as revenge. (Getting Angry) But, for you to return once again and even worse, getting sent here by Salazar the Pushy… , YOU JUST SIGNED YOUR DEATH WARRANT, YOU BUCKET OF BOLTS!

Me: Uh oh.

Nico: You said it, Yakko's fury is about to be unleashed.

Then, Yakko Warner screamed like a madman, and the eldest Warner Sibling was surrounded by a massive vortex of emerald green energy with lightning bolts surrounding it and lightning crashing down from the heavens, there was an emerald green phoenix flying around the vortex, and in the vortex was a green phoenix. Then, as the vortex faded, Yakko Warner emerged, but he was changed forever.

Yakko Warner grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has anime-style eyes and he has beautiful emerald green eyes and an emerald green energy aura with emerald green lightning and phoenixes surrounding him, he has a full head of long black hair and it had reached the bottom of his neck, he has emerald green highlights in the bangs, he has an emerald green phoenix with lightning in its wings and the Thunder Kanji in its claws emblazoned on his forehead, he now has on a necklace with a phoenix holding the Thunder Kanji in its claws for the pendant across his permanently bare chest. Yakko Warner has massive midnight black angel wings with emerald green tips on the black feathers and his tail grew longer for his new body.

Yakko Warner has on his new large cuff Bracelets of the Champions of The Universe with emerald gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, and Lynn Jr., but his version of He Man 2002's loincloth is emerald green, he has on long emerald green trenchcoat flaps with green lightning bolts and a phoenix on the coattails held up by his new Belt of Elemental Bravery with large emerald gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large emerald green weighted bands on his large biceps and thighs, large blue jeans with green lightning bolts on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large emerald green orbs orbiting around his legs. His massive Defender of Acme Falls mallet grew to 6'5" in length as the long black handle grew a little bit longer, the massive gold mallet head grew a little bigger and the oval-shaped gold gems on top of it grew larger and the large gold sphere pommel with surrounding green gems grew a little bigger.

Yakko Warner had an emerald green phoenix with emerald green lightning bolts and the Warner Bros logo in its claws tattooed on his wider and more muscular back. There's an emerald green kanji right below the emerald green phoenix that said, "Yakko Warner, Eldest Sibling and Leader of The Warner Siblings, King of Acme Falls, Slayer of Evil, Master of Cartoon Logic, Fast-Talk, Lightning, and Emerald Fire."

ヤッコ・ワーナー、最年長の兄弟であり、ワーナー兄弟のリーダー、アクメの滝の王、悪の殺し屋、漫画の論理のマスター、ファストトーク、ライトニング、エメラルドファイア

Yakko Warner has transformed into SUPER ANGEL 750,000,000,000 EMERALD SUPERCELL LIGHTNING STORM PHOENIX ANGEL OF ELECTRIC COMEDIC JUSTICE!

We were impressed by Yakko Warner's Super Angel 750,000,000,000 transformation, but when Android 19 saw it, he fell into a rage and tried to use his energy absorption nodes on his hands to drain Yakko Warner of his energy, but he fired two emerald green blasts of fire, which destroyed the nodes forever.

Me: Whoa, Yakko's transformed.

Nico: And he destroyed the energy absorption nodes on Android 19's hands, awesome.

Goku: That means the advantage is now Yakko's. (To Yakko) Yakko, how do you feel?

Yakko Warner: (Divine Echoing Cosmic Voice of The Thunderstorm and Justice) **I feel incredible, Master Goku, and now, I'm going to tear that bucket of bolts to shreds.**

Yakko Warner went after Android 19, and he fired powerful blasts of emerald green lightning, emerald green fire, and emerald green energy, which hits Android 19, and exploded with incredible power, and without the energy absorption nodes on his hands, Android 19 was powerless. Then, with his massive Defender of Acme Falls mallet, Yakko Warner destroyed Android 19's arms. Then, he sent him flying into the air with one hit.

Yakko Warner: **And now, you will join Dr. Gero in Oblivion forever. EMERALD ELECTROSTORM KAMEHAMEHA!**

Yakko Warner fired a massive Kamehameha wave made of emerald green energy with emerald green lightning surrounding it, and as it hits Android 19, it exploded with incredible power, destroying him for good, and Super Hakaied his spirit for good. We cheered for what

Yakko Warner did to Android 19, as he powers down, and his new body, clothes, weapons, jewelry, angel wings, and eight large emerald green orbs orbiting around his legs were permanent. Wakko and Dot jumped up and Yakko had hugged them in his massive and powerful muscular arms.

Wakko Warner: Wow, Yakko, that was incredible.

Yakko Warner: Thanks, Wakko.

Gohan: And thanks to you, Yakko, we've now seen the last of Dr. Gero for good, but with Salazar the Pushy still loose, he's not going to stop, and I have a feeling he's got a few more tricks up his sleeve.

Yakko Warner: We'll be ready for him, Gohan. Because tomorrow, Wakko's going to transform.

Lincoln: That's right, and then, Dot's going to transform after Wakko.

Dot Warner: And when Salazar shows up, he's going to die horribly.

Nico: You said it, Dot.

Eddy pulverized Hook all over some more and then he kicked him in the face and smashed him down.

Kughar, Vinta, Chaor, and Nivenna Smashed and blasted him all over the place.

They threw a gigantic 1800 pound burger bomb at Hook which explodes on contact.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hook was beaten.

Peter Pan: You know what, Hook? As much as I'd like to tear out your throat, I know there's only one real way to kill you.

Hook: What's that?

Peter Pan: Tick Tock! Dinner time!

TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK.

Hook heard the ticking of a clock and then his mustache was twitching and then his eyes widened as he saw TICK TOCK THE CROCODILE COMING AND then I drenched him in hickory flavor BBQ sauce and put a pineapple slice on him.

Me: COME AND GET IT! BARBECUED CODFISH YOUR FAVORITE!

Tick Tock smiled and slurped and then Tick Tock ate Hook and chomped him all over the place and he was dinner again!

Tick Tock then belched and I held my hand out to Hook.

Me: You will never hurt anyone again. SUPER HAKAI!

I banished Hook into oblivion forever!

Me: Good riddance.

Tinkerbell: Looks like we've seen the last of Hook for good.

Vanitas: We sure have.

Evil Star: Good job, Tick Tock!

Tick Tock was still drolling, as if he was still hungry.

Abis Mal: I think he's still hungry.

Shade: Maybe he wants some Pretty Patties.

Shiv: In that case, let's give him one!

We gave him a bunch of Pretty Patties and he loved them.

Tinkerbell: (To the viewers) This was an awesome and action packed adventure. Now we have seen the last of Hook.

Nico: We sure have.

Me: Hook brought this all on himself. But great job today everyone.

Twilight Sparkle: Thanks J.D.

Tinkerbell: I'm sorry I was hellbent on revenge.

Me: It's all right Tink. Hook has been a major terror to everyone all over. But now that he is gone we will never have to worry about him ever again.

Nico: Yep.

Me: Lets go home everyone.

We later went back home and enjoyed the rest of the day before going to sleep.

In Paris, France, Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan Wendoll, Simone, Miranda, Gina Pele, Lola Namiko, Sugarcoat, Nelanie, Helena & Catherine Nicos and Aarna the Copperajah Gene-Slammer were there to visit the restaurant of Remy, Linguini and Colette from the 2007 movie Ratatouille.

Aarna Ramachandran: (Indian Accent) This is probably our first time meeting Remy.

Me: It sure is. I can't wait to see what this restaurant is like.

Eli: After all that training in the gym, I sure am hungry.

Helena Nicos: Boy me too and I'm honored to go with you guys on this next rescue.

Catherine Nicos: (Australian Accent) Me too mates. This is gonna be amazing to see.

Lola Namiko: You guys are in for an amazing treat with this.

Sugarcoat: This is gonna be amazing. And Remy's restaurant is right in Paris, France. So awesome.

Eli: I wonder if Marinette and her friends have been to Remy's restaurant before.

Syrus: That is a really good question.

Dark Magician Girl: It would be amazing if they did.

Aarna: It sure would.

Aarna concentrated and groaned as her nose grew.

Me: I remember watching the movie Ratatouille and it's so awesome that Remy helped out Linguini and even Sora. So awesome.

Aarna turned into COPPERAJAH!

Simone: Awesome!

Miranda: I hope we get to kick that head chef's butt!

Me: You mean Chef Skinner? That would be awesome.

Gina Pele: What do you know about him?

Me: He is Mr. Temper.

I went over his history.

---

Chef Jonah Robert Skinner is the main antagonist of Pixar's 8th full-length animated feature film Ratatouille.

He is the former sous-chef under the restaurant Gusteau's, as well as the former employer of Linguini and the partner in-crime to Anton Ego. When it becomes apparent that Linguini is the rightful heir in inheriting the restaurant, Skinner secretly schemes to maintain ownership of the restaurant and later had planned to release a new line of frozen foods for his own personal profit. He is Remy's arch-nemesis.

He was voiced by the late Ian Holm, who also played Ash in Alien, and Jack the Ripper in From Hell.

Skinner was sous-chef under Gusteau but became the head chef after his death. In Gusteau's will, it was stated that Skinner would inherit Gusteau's business interests if no heir appeared within two years after the latter's death. Skinner did not hold Gusteau's ideals in the highest regard and was more interested in personal profit from his line of Chef Gusteau Frozen Foods. This line comprised of several different foreign foods like chicken, haggis, burritos, ribs, and corn dogs to appease oversea markets, with Gusteau as its image to woo buyers.

Skinner later hires Alfredo Linguini to work at the restaurant as the plongeur (garbage boy) when he learns that Linguini's mother Renata, with whom Gusteau was close, requested that Linguini get the job before her recent death. He is shocked when Linguini makes a soup that night that impresses a food critic that just happened to be at the restaurant, although it was Remy who cooked it in secret. Suspicious, Skinner reluctantly agrees not to fire Linguini and forces him to make the soup again, believing that it is all a fluke.

After Linguini and Remy team up, they successfully recreate the soup and impress Skinner. However, they become rivals when Skinner learns that Linguini is Gusteau's biological son, and is determined to keep Linguini from discovering this fact. He becomes even more determined when he sees Linguini making contact with Remy on numerous occasions, suspecting that Linguini is scheming something bad in the restaurant. Skinner deliberately attempts to sabotage Linguini's success by tricking him into making a rancid recipe, although this backfires when Remy revives the recipe, much to the praise of the diners and patrons. Skinner attempts to get Linguini heavily drunken on wine in order to confirm his suspicions about Remy, but this fails as well.

He loses the restaurant to Linguini when it comes out that Linguini is the son of Gusteau, as Remy discovered the paternity test results that Skinner tried to steal and gave it to Linguini so that he may assume his rightful place as owner. Linguini later cancels the frozen food line altogether, as it was smearing Gusteau's image.

Skinner spies on Linguini and eventually discovers that Remy is the real cook. In order to get revenge on both of them, he captures Remy and intends on forcing him to create a new line of frozen foods, while attending the restaurant in disguise to see Linguini fail miserably and endure another scathing review from the famed critic Anton Ego. Fortunately, Remy escapes and had his swarm of rats to help Linguini serve the dishes without attracting any attention from the customers.

To Skinner's great amusement, Linguini served him and Ego a simple dish of ratatouille but is surprised when Ego likes it. After Skinner tries his dish and finds its taste irresistible as well, he races to the kitchen to find that Remy and his colony of rats cooked the dish. The rats are then forced to bind him with the ropes and gags him with duct tape. He is then thrown in the refrigerator along with the health inspector who has been bound and gagged as well.

Despite the restaurant getting a high-star review from Ego for Remy's delicious recipe, the rats were forced to let Skinner and the health inspector loose, since they cannot keep them cooped up forever. This allows Skinner to report the rat infestation to the health department, causing the restaurant to be closed and Ego losing his job and his credibility as a critic. Despite the restaurant being closed down, Linguini and Remy manage to open a new successful bistro called La Ratatouille to serve for both humans and rats alike with the help from Colette and Ego (who now works as a business investor).

We never get to find out what happened to Skinner if he got arrested for his crimes after the review closed it down, though it could possibly be implied that he may have gone homeless without a job as that since he shut down the restaurant, it resulted nothing since he had no money.

When I was done they were shocked!

Marie: (Russian Accent) Man he is a bad guy.

Me: Yep. But It'll be awesome to lay the smackdown on him.

We went in and we ordered our meals and then Remy and Linguini came.

Maria: Hi! Remy, right?

Remy: Wow! Team Loud Phoenix Storm it's an honor.

Me: Same here Remy. It's awesome to meet you. You helped Sora and Linguini out.

Remy: Awesome that you know Sora and that he is on the team. How is he doing?

Maria: He's doing really awesome. He and Kairi got married last year and have amazing children.

Remy: Wow! Congratulations to them.

Eli: We are proud of them.

Missy: Lots of things have happened since then.

Me: There was a massive war between us and Xehanort earlier. Long story on that but it was epic.

Remy: Wow that must've been intense.

Me: It was.

Maria: Can we have some of your famous food?

Remy: You got it.

Linguini: It's always an honor to have you all here.

Me: Same here Linguini. We worked up an appetite.

We later got some Ratatouille. Sure it was a peasant dish but it was supposed to be delicious. It was made with Tomatoes, Zucchini, Eggplant and Squash. We tried some and boy was it delicious. It was just like what Ego's mom made him.

Maria: Maybe Skinner chickened out.

Me: He has never been the kind of guy to give up easily.

Sugarcoat: But the bouillabaisse is absolutely superb.

Me: That is my dad's favorite meal. He loved bouillabaisse.

Sugarcoat: Wow.

Maria: Guys, you're being paranoid about this. It's been a few hours and Skinner hasn't showed up.

Me: Yeah.

Eli: I sense that he's here though. He's right behind you bro.

I looked and saw CHEF SKINNER!

Me: That's him. Linguini your old boss is here.

Linguini saw Skinner and he was shocked.

Me: Let us handle it.

I fired a beam of fire through Skinner's paper and he saw us.

Me: You ready to duke it out old man?

Chef Skinner: (French Accent) En garde!

Me: But not in here. Lets take this outside where nobody will get hurt.

Chef Skinner: Ah smart thinking.

Me: Please excuse us everyone. We'll be right back.

We went outside with Skinner following us and then we were ready.

Chef Skinner was infuriated!

Chef Skinner: (to Linguini) I should've fired you the minute you started making good food!

Maria: You're only mad because the food was made by a rat! Well, rats aren't always vermin!

Me: That's right! Remy is more than just a normal rat, he's one of the best chefs there is and he helped not only Linguini but also made the best meal that Ego has ever had as well as make Sora into a great chef too. He made a great meal for all of us on Valentines Day 2 years ago.

Maria: Boy I remember that. That was an awesome meal.

Eli: You'll have to tell me all about it later.

Sugarcoat: But you on the otherhand are a jealous madman that didn't get what he wanted!

Suddenly, Sugarcoat's purple eyes turned neon purple, and she was surrounded by a purple energy aura with lightning bolts surrounding her, and as she approached Chef Skinner, she left purple energy, lightning bolts, and ponies with every step. Then, Sugarcoat was surrounded by a massive vortex of purple energy with lightning bolts surrounding the vortex, there was a pony running around the vortex, and in the vortex was a periwinkle phoenix. Then, as the vortex faded, Sugarcoat emerged, but she was changed forever.

Sugarcoat grew to 6'0" in height, she had the body of a goddess, she had blue highlights on the bangs of her now long flowing hair, she has neon purple eyes and a purple energy aura with lightning bolts and chemicals surrounding her, she has a pony with lightning bolts surrounding her emblazoned on her forehead, she has on pony earrings with the Thunder Kanji in its hooves and a necklace with a pony holding the Thunder Kanji in its hooves for the necklace, she has on a sleeveless white blouse with a pink phoenix, a purple skirt with lightning bolts on it, dark blue high heels with bows on them, she has large white angel wings with purple tips on the large white feathers, and a sleeveless dark purple trenchcoat with lightning bolts on the coattails, and on the back is a pony and lightning bolts surrounding it. Sugarcoat has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with purple gems on her wrists, Belt of Elemental Bravery with large purple gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a purple below the pony and lightning bolts that said, "Sugarcoat, Member of The Shadowbolts, Former Student of Crystal Prep, Friend of Twilight Sparkle and Her Friends, Destroyer of Abacus Cinch, Master of Lightning and Science, and Awesome Member of The Knights of The Friendship Table."

シュガーコート、シャドウボルトのメンバー、クリスタルプレップの元学生、トワイライトスパークルと彼女の友達の友達、そろばんシンチの駆逐艦、稲妻と科学のマスター、そして友情テーブルの騎士団の素晴らしいメンバー

Sugarcoat has transformed into SUPER ANGEL 750,000,000,000

SUPERCELL LIGHTNING THUNDERSTORM PONY ANGEL OF SCIENTIFIC JUSTICE!

We were amazed!

Me: WHOA! Sugarcoat transformed!

Eli: Awesome!

Missy: Wow! How do you feel?

Sugarcoat: (Divine Echoing Voice of Lightning and Scientific Justice) **I feel amazing Missy. This is amaing that I am transformed now.**

Me: Yeah. And for your information Skinner, Remy is not a vermin!

Maria: Now, tapeworms, on the other hand, should be considered vermin!

Me: Along with roaches!

Chef Skinner: I don't care!

Eli: We'll make you care!

?: Let us help out!

We saw an Ice Water and a Gardevoir come out!

Me: Wow! An Ice Water.

Eli: And a Gardevoir.

Gardevoir: (French Accent) Pleasure to meet you all. I'm Monique LeGrand.

Me: A Gardevoir Gene-Slammer. Pleasure to meet you.

Ice Water: We didn't like Skinner's attitude at all.

Gardevoir: Oui. He needs to be stopped for good.

Me: Agreed.

Maria: Remy, you can help us out too!

Remy: Count me in!

Me: Lets get him!

We went at Chef Skinner!

We pulverized him all over the place and Sugarcoat smashed and pounded him into dirt. We had him arrested and sent to the toughest maximum security insane asylum ever. Then I put on my blind man glasses and Eli, Syrus, Remy and Linguini covered their eyes and then I snapped my fingers and Aarna and Monique were reverting back.

Aarna: (regains her hair) You can say this is a naked revival.

Monique: Indeed.

They were back to normal and naked and Maria gave them new clothes. Maria gave Aarna's sari back.

Aarna: Thanks for holding on to my Sari for me.

Monique: But these clothes are tres magnifique.

Me: Maria is one of the Emergency Gene-Slammer Fashion Brigade's members.

Monique: That's amazing.

Helena Nicos: And Sugarcoat transformed too.

Catherine Nicos: Boy she sure did mates.

Me: Yep. And Monique should be feeling her Pokemon side starting to come out in 3… 2… 1…

Monique: (holds head in pain) No! Not in my home country!

Miranda: Perfect timing though J.D.

Simone: Reign in the power with the strength of your will Monique.

We did it and so can you.

Monique concentrated and then she glowed in a neon green aura and had the power of Gardevoir fully engrafted.

Monique: Amazing.

Me: Yep.

Nico: (On the radio) Nico to J.D. do you copy?

Me: J.D. here Nico.

Nico: We found another one of Team Rocket's Scientists hidden bases. It's located on an island in the Indian Ocean.

Me: Excellent. We'll be right over to help you destroy it with GoldenEye.

Nico: Roger that.

We later went back home after paying for our awesome meal.

---

Back at the estate, I was with Nico to fire GoldenEye to destroy the Team Rocket Scientist Base.

Nico inserted the disk for GoldenEye and he handed me a key and we placed the keys into the locks for the console.

Nico: On my count. 3… 2… 1…

CLICK!

We turned the keys and a laser fired at the computer and it activated the program.

Me: The Russians sure did know what they were doing huh?

Nico: Yep. Set target at these coordinates: Latitude: -7.967837 | Longitude: 72.919368.

I put in said coordinates and the satellite path was locked in.

Me: That's out in the middle of the boondocks.

Nico: It sure is. Arm the weapon.

I entered the arming code and armed the weapon by turning a red switch and it was armed and ready.

Me: Armed and ready. This will teach them for not leaving a key under the welcome matt.

Nico: Yep. Time to detonation: 18 minutes.

We put the disk and keys in a safe for use later and we engaged the Anti-EMP Barrier.

After throwing Chef Skinner back in prison for good, Lincoln, Me, Nico, his children, Eli, Nicole, May, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, The Z-Fighters, Frosty Orange, Jack Skellington, Sally, Zero, and Raiden were heading to Halloween Town, and not only is Lincoln going to rescue the nine girls located there, but we're going to deal with Oogie Boogie, and Nico is going to dish out some well-deserved payback on Oogie for opening his ugly bug-filled mouth during the 20 Days of Darkness which sent Nico into a spiraling depression.

Lincoln: Ah, we're here in Halloween Town, and I think I know what we're going to do here, not only am I going to rescue the nine girls located here, but we're going to deal with Oogie Boogie, and Nico is going to dish out some well-deserved payback on Oogie for opening his ugly bug-filled mouth during the 20 Days of Darkness which sent Nico into a spiraling depression.

Nico: You said it, big guy. What that sack of bugs did in opening his ugly bug-filled mouth had sent me into a spiraling depression. I'll be glad to get rid of him forever.

Me: Same here, Nico. In fact, we're all looking forward to dealing out some payback.

Eli: And I sense that both you and Frosty Orange are going to transform, Nico. This is going to be a good one.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they, along with Santa Claus, have been cornered by Oogie Boogie, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they, along with Santa Claus, have been cornered by Oogie Boogie, and he's going to kill them. Let's get down there and rip him to shreds.

Nico: Now, you're talking, Lincoln.

We rushed on over, and Lincoln punched Oogie Boogie right in his ugly bug-filled mouth, and when he saw us, he was none too pleased. But, then again, none of us were not after what he's done.

Frosty Orange: What you've done to Nico is indeed unforgivable, Oogie Boogie, and I've had it up to hear with you to last an eternity.

Nico: Same here, and I'll see to it that he never returns again.

Suddenly, something snapped inside of Nico's mind, as he was surrounded by a yellow energy aura with phoenixes and rainbow fire surrounding him and the ground was really shaking like crazy, he then unholstered his massive Pride of The Saiyans sword from his back, and as he approached Oogie Boogie, he left yellow energy, phoenixes, and rainbow fire with every step. We also saw that Frosty Orange's orchid eyes turn neon orchid and she was surrounded by a light vermillion energy aura with snowflakes, and oranges, and as she approached Oogie Boogie, she left light vermillion energy, snowflakes, and oranges with every step.

Nico: Oogie Boogie, I will never forgive you for opening your ugly bug-filled mouth and sending me into a spiraling depression a year ago during the 20 Days of Darkness. It was because of you that I was sent spiraling into despair and depression. (Getting angry) I will make sure that you suffer dearly for what you did to me, YOU UGLY, BUG-FILLED, HEARTLESS, SPINELESS, WORTHLESS PIECE OF CRAP!

We gasped in pure shock.

Lincoln: Whoa.

Lori: (Smirks) Oogie Boogie has just dug his own grave.

Then, Nico screamed like a madman and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted out from under him as he was surrounded by a massive vortex of yellow energy with phoenixes and rainbow fire surrounding it. The ground was shaking extremely violently and powerfully as his energy levels were skyrocketing powerfully!

Vegeta: (GASP) IT'S UNREAL!

Trunks: This is it.

Me: MAN WHAT POWER!

Piccolo: Nico is releasing his energy!

May: Unbelievable!

Then there was a Great Ape running around the vortex, and inside the vortex was a red phoenix. Then, Frosty Orange was surrounded by a massive vortex of light vermillion energy with oranges and snowflakes surrounding it, there was a Pegasus flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortexes faded, Nico and Frosty Orange emerged, but they were changed forever.

Frosty Orange has transformed into SUPER ANGEL 750,000,000,000 ARCTIC ORANGE ICESTORM PEGASUS ANGEL OF FROSTY JUSTICE!

We were amazed by the transformations of both Nico and Frosty Orange, and when May saw it, her eyes turned into two hearts, her tongue came out, and her face turned atomic red. But, when Oogie Boogie saw it, he fell into a rage.

Me: HOLY CRAP! Nico, you've transformed.

Lynn Loud: You said it, that's so AWESOME!

Lincoln: Wow, Nico, you and Frosty Orange look amazing, and I sense that your infinite power and energy levels had reached astronomical heights. How do you guys feel?

Nico: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Hope) **I feel incredible, Lincoln, and now, it's time for Oogie Boogie to die.**

Me: You look amazing Nico! Wow! This new transformation of yours is incredible! Even May here is having a bunch of wild takes on it.

Nico: (Laughs) **I can see that. I'm glad she likes it.**

Lincoln: (Smiles) I hope you're not leaving us out of the fun. After all, we also want to dish out some well-deserved payback on that bag of bugs.

Nico: (Smiles) **Of course not, Linc. Now, let's show that bag of bugs what happens when he opens his big bug-filled mouth!**

We transformed and unholstered our massive swords from our backs, and then, we went after Oogie Boogie and we fired powerful rainbow colored energy blasts and elemental blasts at Oogie Boogie, and they exploded with incredible power, and Nico, Lincoln, and his sisters were smashing Oogie's ugly face in with powerful punches to his face. Then, Nico and Lincoln split one of Oogie's seams with their massive swords, and it caused some of his bugs to fall out, and he panicked.

Lincoln and Nico: (Grinning Wickedly) Oops, did we do that?

Then, Lincoln and Nico held out their hands, and they formed two massive energy balls made of red energy, and condensed them to the size of their bodies, and in them were seven elemental dragons that symbolized The Seven Star Shadow Dragons, and in them were traces of Super Hakai energy.

Lincoln: Say goodbye, Oogie Boogie.

Nico: **And this time, stay dead for good!**

Lincoln and Nico: SEVEN STAR SHADOW DRAGON ELEMENTAL TWIN KARMA BALL!

Lincoln and Nico fired the two massive Karma Balls at Oogie Boogie, and as they hit Oogie Boogie, they exploded with incredible power, And reduced Oogie Boogie to ashes, and his evil spirit was Super Hakaied forever.

But the explosion caused bugs to rain down and Lana was eating all his bugs again.

Timon and Pumbaa: WOO!

Pumbaa: EAT EAT EAT EAT EAT!

Timon: Eat all his bugs Lana!

Lana ate every single one of his bugs and when she was done she released a huge belch.

Lana: BBBBBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUURR

Me: Whoa! Excuse you.

Lana: Man that was filling and delicious.

Timon: That is the queen of bugs for you.

Pumbaa: She sure loves bugs as much as we do.

We cheered wildly as we holstered our massive swords on our backs and powered down, and Nico's new jewelry, clothes, and weapons, along with Frosty Orange's new body, clothes, jewelry, and weapons were permanent.

May went up to Nico, who hugged her in his massive and powerful muscular arms, and they shared a passionate kiss, as we cheered for him. We got Santa Claus back to Christmas Town, and he would be ready for the holidays. Then, we returned home and Lincoln and Nicole went up to the nine girls who were sighted there, and when Lincoln saw them, he recognized them. The nine girls were Haruka Minami, Hayami, Maki, Yuka Uchida, Kumada Riko, Atsuko, Hitomi, and Hiroko from Minami-Ke.

Lincoln: Oh wow, it's Haruka Minami, Hayami, Maki, Yuka Uchida, Kumada Riko, Atsuko, Hitomi, and Hiroko.

Nicole: From Minami-Ke, awesome.

Lincoln: Are you girls okay?

Haruka Minami: Yes, we're okay, thanks to you.

Then, when Haruka Minami and the other eight girls saw who it was that saved them from Oogie Boogie, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and

Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Haruka Minami: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Haruka Minami: (Seductively and rubs her right hand on Lincoln's

massive and wide right pec) You too, big, tall, muscular, and handsome.

At long last, we were finally rid of Oogie Boogie for what he's done, and we saved Santa Claus from that ugly bug-filled monster for good. But, we'll also be keeping an eye on Lock, Shock, and Barrel, in case they try to start trouble again. And Lana got to eat Oogie Boogie's bugs a third time.

---

We got back to the Estate and then we saw the GoldenEye satellite explode and then the island of the Team Rocket Scientists was destroyed in an instant.

Nico: Good riddance to that base.

Laney: Yep.

---

After getting rid of Oogie Boogie this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Sheena Etranzi, Mahiro, Tao Hanakai, Ichika Takatsuki, Haruka Minami, Toph Bei Fong, Jessica Shannon, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Julie Makimoto, Hilda, Tatsumaki, Mai Shiranui, R. Mika, Menat, Gluko, and Batch were getting ready for their date, this time it's at a Shawarma restaurant in Gotham Royal York.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large fancy black suit with his jewelry and weapons holstered in case of trouble, and he was wearing his Juniper Thunderbird perfume.

Sheena Etranzi was dressed in a long blue fancy dress with blue high heels, blue gem earrings, and a necklace with a blue gem for the pendant.

Mahiro was dressed in a long white fancy dress with white high heels, pearl earrings, and a necklace with a pearl for the pendant.

Tao Hanakai was dressed in a long purple fancy dress with purple high heels, purple gem earrings, and a necklace with a purple gem for the pendant.

Ichika Takatsuki was dressed in a long red fancy dress with red high heels, red ruby earrings and a necklace with a red gem for the pendant.

Haruka Minami was dressed in a long pink fancy dress with black high heels, pink gem earrings and a necklace with a pink gem for the pendant.

Toph Bei Fong, Jessica Shannon, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Julie Makimoto, Hilda, Tatsumaki, Mai Shiranui, R. Mika, Menat, Gluko, and Batch were dressed in their fancy clothes from the date they went on with Lincoln to a fancy restaurant.

Nico: Hey, Linc, where are you and the girls headed to on your date?

Lincoln: Hey, Nico, we're going to a Shawarma restaurant in Gotham Royal York.

Nico: Whoa, I've heard about that dish Shawarma, it's a popular Levantine Arab dish consisting of meat cut into thin slices, stacked in a cone-like shape, and roasted on a slowly-turning vertical rotisserie or spit, originally made with lamb, mutton or chicken, today's shawarma may also be turkey, beef, or veal.

Me: And from what Nico said, this dish is popular in Turkey, Levant, and the Middle East. Have fun, you guys.

Lincoln: We will. (To the girls) Ladies first.

The girls went out and Lincoln followed, and they head out for the Shawarma restaurant in the east of Gotham Royal York. When they went inside, it was an amazing place.

Lincoln: Wow. This is incredible.

Then, they ordered their Shawarma, and when Lincoln took the first bite, his taste buds went right into overdrive.

Lincoln: Whoa.

The girls took a bite, and their taste buds went into overdrive. It was indeed amazing, they finished up their Shawarma, paid for the food, and returned home.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico. We tried out the Shawarma, and it sent our taste buds into overdrive.

Me: I knew it, big guy.

Nico: Whoa, next time, we're going there to try it out.

Lynn Sr.: Same here, Nico. As a chef, it's important to try out different foods from around the globe.

Me: You got that right, Mr. Lynn.

* * *

Later outside, Lola and Kabuto were walking back when they saw something unusual.

Lola: Nico, you might want to come outside.

Kabuto: You're gonna want to see this.

Nico: What is it?

Nico and us saw THE MASCOTS HAVING A PAINTBALL BLASTING CONTEST! They set up a makeshift paintball course and were blasting each other with paintballs. Poromon's were red, Poliwag's blue, Manaphy's aqua blue and Horsea's were turquoise. Tentacool's was dark red, Jirachi's was yellow, Eevee's was brown, Ninetale's was orange and Pikachu's was gold.

Nico: Whoa!

Me: Paintball blasting!? WHOA!

Nico: WHAT ARE YOU GUYS DOING?!

Vambre: (British Accent) Are you guys trying to mess up the Estate?!

Poromon: Don't worry. We're having a paintball blasting contest.

Lynn: OOH! I'll go get my paintball blasters too!

Me: Mind if I join you guys too?

Inkling: I'll join too.

Poromon: Sure! The more the merrier.

Me, Inkling and Lynn went and got our paintball and ink blasters.

Me: Last time we had something like this was when we went to the world of Splatoon.

Eli: Cool!

Horri Bull: Nico, you're overreacting. I find nothing wrong with this.

Nico: Oh you're right.

Horri Bull: Besides look how much fun they are having.

I blasted Horsea with red ink and paint and Erica was joining in too with her own Ink Blaster. Inkling fired orange ink at Jirachi and drenched him.

Lynn blasted Horsea with red paint.

Lynn fired at Poliwag and hit him, who fell to the ground.

Poliwag: I'M HIT! I'M DYING! YOU HEAR ME?! DYING!

Outback: Poliwag, you're not dying.

Poliwag: Oh. Sorry.

Me: HEY ROMEO AND JULIET!

I fired and hit Jirachi and Tentacool all over.

I dodged shots from Poromon and fired at him and he dodged them.

Poromon later won and he was great at Paintball Blasting.

---

Later we were getting ready for our next mission.

Concrete Man: By the way, Nico, you're leading today?

Nico: Yep. And I just got this from Mung.

Nico handed me a note from Mung.

Me: "Team Loud Phoenix Storm, come to Marzipan. Big trouble brewing. Mung Daal." Oh man. I hope Mung is okay.

Eli: We better check it out.

Brain Freezer, Vanitas, Weather Wizard, Condiment King, Living Laser, El Diablo, Evil Star, Abis Mal, Shade, and Shiv then appeared.

Shiv: Can we go with you guys too?

Nico: You all sure can.

Abis Mal: Awesome!

Brain Freezer: Whoa! What happened to the backyard?!

Nico: The Mascots put together a makeshift Paintball Blasting Arena.

Evil Star: I love Paintball Blasting! And I see J.D., Lynn and Inkling had fun too.

Me: Yeah we sure did.

Inkling: So did Erica. She loves Paintball Blasting too.

Erica: It sure was fun.

Allie Wilde: I didn't know J.D. was good at it too.

Me: It was my first time doing Paintball Blasting actually. But it sure was fun.

Sulley: Me and Mike had Paintball blasting over at Monsters University and it was awesome.

Mike: Boy that was fun.

Me: I can tell.

Nico: Wow.

But, before we were about to leave for Marzipan City, Inspector Fox came in to the Estate.

Nico: Inspector Fox, what brings you here?

Inspector Fox: (Spanish Accent) I'd heard that you were heading for Marzipan City, Commander, and I've also got some news that'll really cause trouble, I think you recognize this criminal, Chun-Li.

Inspector Fox took out a photo, and when Chun-Li saw it, she saw who this person was: it was none other than F.A.N.G., a fanatical supporter of Bison and top member of Shadaloo.

Chun-Li: F.A.N.G.

Nico: Whoa, you know him, Chun-Li?

Chun-Li: I'm afraid so, Commander. This man in the photo is F.A.N.G., he's another member of Shadaloo and a fanatical supporter of Bison. Here's what I know about him.

Nicole: And he is also one of Bison's most dangerous men. I should know because I'm the goddess of Video Gaming.

Chun-Li told us about F.A.N.G., and we weren't going to like him one bit.

## F.A.N.G.

F.A.N.G (ファン Fan?, Chinese: 方), also known as the Great F.A.N.G in Japanese, is a video game character from the Street Fighter series, first appearing in Street Fighter V. He is the second-in-command of Shadaloo, ranking only below M. Bison in the hierarchy.

### Biography

### Appearance

F.A.N.G is a very thin and tall man with a medium length black hair tied in low ponytail and a thin goatee who wears a loose, purple Chinese changpao with a Chinese character on the front (a misspelled variant of two, er 貳), black Chinese capris with matching Chinese toe shoes and red long socks. He also wears a pair of small, black, circular shades and a large black hat with red linings. His hands, which are normally concealed by his flared sleeves, glow purple, presumably as a result of his poison techniques. As shown in the story mode A Shadow Falls, his fingernails are fashioned into sharp claws like Vega and his hands are completely coated in this poison, which can melt anything with a touch, requiring him to use his sleeves like makeshift gloves to hold on to anything without corroding it.

His first alternate costume is his Nguuhao uniform, and consists of a blue jumpsuit with the zipper going down to his pants, his fuku has yellow curly designs in each sides and has baggy sleeves with two yellow linings. Underneath is a white long sleeve button shirt with a red neck tie on the collar, a black belt to his waist and black high boots. He wears thinly rimmed eyeglasses in this costume rather than shades and his hair is longer and still in a low ponytail with a single half fringe at the right side.

His second alternate costume is just like his primary outfit, but dark blue with several yellow round designs, navy blue pants which reaches to his ankles, and white socks. The side of his long hair still remains, tied in low ponytail. His hairstyle resembles that of a monk.

## Concept

The idea of a fighter who uses poison in the Street Fighter games was originally considered during development of Street Fighter III: 3rd Strike, when the team members had a debate on including Remy or a different poison-using character.[6] F.A.N.G's early design originally had him as a Shaolin Monk.[7]

F.A.N.G's design, and several of his moves, draws comparisons to various fictional characters from a plethora of other media, such as Hsien-Ko from Capcom's Darkstalkers, Kung Lao (his hat in particular) from Mortal Kombat, the Thin Men from XCOM: Enemy Unknown, and the two assassins known as the "Harpists" in the film Kung Fu Hustle.

His use of poison and fascination with the number two could be derived from the Fist of the North Star minor antagonist Alf of the Shura arc, who was a fighter boastful of his victories claimed in under two minutes and baited opponents into striking his poison laced cape.

He can also be comparable to an extent to Kefka Palazzo from Final Fantasy VI: both are seemingly goofy characters who end up being extremely dangerous, cruel, sadistic, unpredictable and completely evil. Notably, Shigeru Chiba voices both F.A.N.G and Kefka (the latter in Final Fantasy Dissidia).

## Personality

F.A.N.G is incredibly eccentric and flamboyant, his frequent mannerisms usually consisting of odd movements and poses, much to the bemusement of others. Regardless, he is also a cold elitist and acts very condescending towards others, an example being his interactions with his own fellow assassin, Vega and boxing enforcer, Balrog, both of whom he considers incompetent and foolish. F.A.N.G is obsessed with protocol and order, with this apparent meticulousness being intense enough to drive Birdie to defect from Shadaloo. He runs the administrative operations of Shadaloo, but he is shown to be cold and uncaring to his underlings, especially the Dolls, who he refers to by numbers rather than their names.

Before his induction into Shadaloo, F.A.N.G was once a cold, calculating, and far more ruthless individual as a professional assassin. Along with originally bearing little to no emotion due to his profession and upbringing, he was also willing to maintain distance and safety by killing off anyone that attempted to garner friendship and camaraderie with him, and admired the feeling of being feared greater than respect. It is said that his time in Shadaloo eventually developed him emotionally and loosened his demeanor.

F.A.N.G appears to be extremely loyal to M. Bison, insisting on being his second in command. He displays a bizarre fixation on the number "2" in general, considering it a lucky number,[1] with the character on his qipao meaning "2", although written poorly (as noted by Karin and Chun-Li in their victory quotes against him, with the latter even questioning if he's Chinese at all) as he supposedly wrote the archaic character 貳, but added an extra stroke at the top. The other examples for his fixation on number "2" include a lot of his attacks hitting two times and require two motions to perform (ex. Senpukuga and Nishikyu), calling Alex test subject #222222 in Alex's character story, his low health round victory quote mentioning that he and the opponent made it pass round 2 and his normal round victory quote where he says this is how number 2 rolls, his easy and normal survival mode intro quotes mention the number 2, his character selection quote ("How about a double dose of poison?!"), his theme lasting exactly two minutes before starting over again, several of his win quotes mention the number 2, and his smug threat that he'll finish his opponents in just two minutes as his intro quote. His metric height (212 cm and while stretching 222 cm), his birthday (February 2 (2/2)), as well as having four special moves (2/x24 (in other words, 224)) also alludes to this.

F.A.N.G is mainly driven by an intense desire to survive, living his life believing every day could be his last. He grew up in harsh conditions, constantly surrounded by the death of others (which is at least partially to blame for who he is today), so he draws strength from his indomitable will to live, a quality that impressed Bison when they first met. No matter the situation, F.A.N.G will always strive to survive no matter what, as he was raised to know only life and death.

* * *

When Chun-Li was finished, we were already disgusted by F.A.N.G.'s actions.

Nico: Whoa, this guy is really dangerous, and he coated his hands in poison which he uses on people. This guy's got to go.

Me: Same here, Commander, we are immune to poisons, toxins, and all sorts of harm, but we better make sure to wash that poison off his hands, and I'm willing to bet that Salazar the Pushy sent him to Marzipan City to try and kill us.

Inspector Fox: Well, you're about to be proven right, J.D. Our wire taps had gotten audio proof that Salazar the Pushy sent F.A.N.G. to Marzipan City to kill us, and this is his last attempt to kill us.

Wakko Warner: And this means it's my turn to transform, Yakko transformed yesterday, and got rid of Android 19 who was sent to Bikini Bottom by Salazar the Pushy.

Nico: But, this means, it's the last trick Salazar the Pushy has up his sleeve, which means if we get rid of F.A.N.G., it'll mean that Salazar the Pushy will get so mad, he'll have no choice but to head out to confront us himself, but he'll be so blinded by rage, he'll be easy prey.

Me: Yep.

Nico: All right lets head for Marzipan City.

We were off.

# MARZIPAN CITY - WORLD OF CHOWDER

We arrived in Marzipan City.

Metal Man: Good old Marzipan City.

Nico: Haven't been here in a while.

Me: Boy we sure haven't.

Missy: Wow this is my first time here. But it's really cool.

Erica: And it's in a cookbook right in the kitchen.

Eli: So awesome!

Nico: Yep. Just a short hop away. Lets head to the Mung Daal's Catering.

We were walking to Mung Daal's Catering.

Allie Wilde: What adventures did you do here?

Nico: We did all sorts of amazing adventures. One time we went on a meach hunt to get a Queen Meach for a really awesome pie for us to try.

Lana: And we went and got some good recipes for a cooking contest for school.

Lola: Yep.

Evil Star: What was your first adventure that you had here?

Me: It was where we helped Mung make the Mince Meach Pie.

I went over what happened in Chapter 752. When I was finished everyone was amazed.

Evil Star: WHOA! That is amazing!

Me: Yep and last year we helped Chowder get rid of a Flurkey that was possessing him. A Poultry-Geist.

Nico: I remember both those adventures! That was awesome.

Laney: Boy it sure was funny.

Applejack: I remember the Poultry-Geist adventure. That was crazy.

Eli: Yeah that was nuts.

Nunnally: Boy it sure was crazy. But it was awesome.

Me: And lets not forget that the first time we were here, I forgot about this one, we had to stop an old bird that was blind as a bat from causing so much destruction.

Nico: Right I forgot about that one. That was crazy. Poor old guy looks like he wouldn't hurt anyone. But he couldn't see anything in front of his own face.

We arrived at Mung Daal's Catering Company.

Schnitzel: Radda radda.

Overkill: Nice to see you too, Schnitzel.

Allie Wilde: Pleasure to meet you Schnitzel.

Nico: We got a lot of new recruits in the last time we saw each other.

We went in.

Chowder: Hey guys!

Nico: Hey Chowder.

Mung: Glad you all could make it.

Nico: We got your message Mung.

Mung: Thanks for coming. Wow! You all have grown in numbers.

Me: We sure have.

Mung: Has it really been that long since we last saw each other?

Shade: It honestly has.

Me: Yep and we now live in a really ginormous tree.

Mung: Really?

Me: Yep. Really strange story. We now call it the World Tree Estate.

Nico: Our house is now in a ginormous world tree that is over 100 miles tall and the trunk is 100 miles wide and the foliage is over 1,000 miles wide.

Mung: Wow!

Chowder: That is massive!

Schnitzel: RADDA RADDA RADDA! (That is one massive tree!)

Me: It sure is.

Hotlink: Before you tell us the emergency, can we have a bite to eat?

Mung: Sure.

Chowder and Mung cooked up Shicken Sockitos and they were delicious!

Me: Yummy!

Laney: Shrilled Shicken Sockitos are delicious.

Eli: They sure are.

Vanitas: Can we have Burple Nurples as well?

Chowder: Are you crazy?! Those will kill you!

Mung: They're made from poison!

May: Which is what we're immune to.

Me: Don't worry I'll make them without poison this time.

Chowder: Oh. Good.

I got to making the Burple Nurples and I made them without poison and then I gave them to everyone.

RD Lola saw Tick Tock with a bib.

RD Lola: You're still hungry? You just had Hook the other day!

Nico: He is one hungry crocodile. But this will help him.

Nico formed a Ulti-Meatum tree and Tick Tock helped himself and ate all the burgers he wants. He was eating and eating until he was full.

Condiment King: I'll add some of my condiments to the food.

Nico: Awesome.

Condiment King added ketchup and mustard to them.

---

French Narrator: (French Accent) One Delicious Meal later

---

We were stuffed.

Me: Ahh. Man that was great.

Nico: (BURPS)

Laney: Man I'm stuffed.

Eli: Me too.

RD Clyde: J.D. and the others actually visited another restaurant this morning.

Me: It was over in Paris, France. It was the restaurant Remy works at.

Sora: You went to La Ratatouille?

Me: Yep.

Eli: It was great food.

Plankton: That sounded cool.

Me: It sure was.

Weather Wizard: So, Mung. Any trouble here?

Mung: I'm afraid so. My old enemy Reuben and my crazy wife Truffles have both escaped from prison.

Me: (SPIT TAKE) WHAT!?

Nico: Oh no! You mean that stupid pig that stuffed rats into your food and wanted to steal everything you got is out!?

Mung: Yep he sure is.

Laney: And that rotten loud-mouthed anger mismanaged good for nothing wife of yours is out too!?

Mung: Yes.

Veon: Can you explain to those of us just hearing this for the first time?

Nico: You will not like these guys.

Nico went over their history.

Reuben

Reuben is a pig-like character on the Cartoon Network series Chowder, who has appeared in five episodes total though only three of those as an actual antagonist. In "The Party Cruise", he tricked Mung Daal, Chowder and Shnitzel into boarding a ship which he stole. He was the cooking instructor in "Certifrycation Class". He tricked the gang into being his servants by planting his rat friend in his sandwich in "The Rat Sandwich. He also made a brief appearance in Grubble Gum buying screams. He apparently dislikes Mung Daal. The feeling is mutual". He is a major antagonist of the show.

He was voiced by Paul Reubens, who also voices Ivor in Minecraft: Story Mode.

Biography

Grubble Gum - Reuben makes his first cameo appearance.

Certifrycation Class - Reuben is the teacher of that class and constantly gives Mung Daal Thumbs Down. While berating Mung Daal for not following the recipes he gives Reuben also berates for following his sandwich recipe which had mayo since he is allergic yet never informed anyone of this allergy.

The Rat Sandwich - After getting banned from the farmers' market by the Angry Rhino that owns the place, Reuben used the Rat on his sandwich to force Mung Daal's company into giving him free food or else he'd shut down the business by claiming they had a rat problem. Even as his partner, the Rat, tries to sneak in a bite of the food Reuben eats it before he has the chance despite them working together to get both them free food. In the end the Rat is caught only for Reuben to berate him and then use a whistle so a swarm of rats come in claiming now Mung Daal will have to feed him forever. Just as it looks like Reuben has won all the rats turn on him for never sharing any food to the point they are starving. As Reuben is forced out of the company he says the rats are no longer his friends.

The Party Cruise - Reuben stole the ship and he ruined Mung Daal's Vacation. When Mung Daal found out it wasn't Reuben's Ship, The Two Founders found the ship. Reuben makes a run for it on a paddle boat then he gets eaten by a giant fish. His last words were, "Well. I don't like this one bit".

A Little Bit of Pizzazz - Reuben makes his second cameo appearance and it's also his final appearance in the series.

Truffles

Truffles Daal is the tritagonist of Chowder. She is the cashier of the catering company and Mung Daal's bossy and mean spirited wife.

In some episodes, Truffles shows to be mean and frightening. This is proven by the fact that all who work in the company and many big and intimidating characters sort of fear her. When she plays Majhong, she becomes "Majhongasaur", a sort of Mah-Jong crazed mega-monster as stated by Mung Daal. She refuses to see her own faults and blames everyone else for whatever faults she has. In a lighter side, she is very insecure about her weight (The Flibber Flabber Diet). Because of this fault she usually does whatever someone tells her to do when they compliment her as seen when Reuben does it in Rat Sandwich. In "The Elemelons", Chowder even thought that she was extremely scary. Truffles is very competitive and more of a man than her husband. It's been proven in "Grubble Gum" that if someone brings gum in the building and not share it with her, that person would get killed (evidenced by screaming and ripping a book). Though she is stern, her love for Mung and pride in his cooking always shines through as in "The Big Hat Biddies" where she defends Mung and his cooking. Truffles is shown to think that Mung's cooking is terrible and always tells everybody to shut up

Truffles is a short and pudgy mushroom pixie sprite with small wings, purple hair, emerald green eyes, a green dress, huge glasses and a mushroom hat. In "Mung on the Rocks", it was revealed she was much more gorgeous in her early adult years. Truffles also appeared to have a tail in episode "The Chain Recipe", although she has never appeared with a tail other than in this episode. In Chowder's Babysitter, Chowder and Mung first described her as a freak because she looked like one. Truffles is considered ugly because in "The Garage Sale" Mung thought Chowder turned into a 'Hideous Sea Creature', but it was actually Truffles.

Although Truffles is shown being very cold toward everyone, she actually likes them as she deeply cares for Mung Daal, which is seen when he forgets their anniversary and she is deeply hurt and disappointed. She also seems to care for Shnitzel when she aids in the "rescue" of Shnitzel in "Shnitzel Quits". In the same episode, she offers a shiatsu massage to get Shnitzel back. Even though Truffles threatens to beat or kill Chowder on a daily basis, she seems to have a deep affection for Chowder. She has even treated him like her own son and worries about him, as seen in "Apprentice Appreciation Day". Several times have come where Mung and other characters keep calling her ugly in several different ways. She also calls Mung "Mungybums" and kisses him to show their relationship.

---

When Nico was done they were shocked!

Twilight Sparkle: Geez! That's nuts!

Sunset Shimmer: Yeah no kidding!

Fluttershy: Yeah.

Living Laser: Why did you even marry Truffles, Mung?

Mung: It was either her or Endive!

Me: Endive in my opinion is the last person in all of Marzipan he would want to marry.

Nico: You got that right.

Gilda: (pats Mung on the back) It's okay, Mung. I'm sure you'll find someone less harsh.

Me: Yeah.

Nico: Mung deserves a much better woman than a rotten mushroom like Truffles.

Lynn: But if I ever see Truffles, I'll mash her good with a powerful one two punch!

Abis Mal: I just hope they haven't caused any damage!

Nico: If they did we would know it.

Eli: Wait! I sense a disturbance in the Force. I sense that they are in the park and they have captured a pink rabbit girl!

Chowder: They caught Panini!? (Snarls) I'M MAD!

Chowder ripped his shirt off and roared and he was ripped and muscular and then he was about run out of the shop like a wild animal!

Lena Isis: (grabs Chowder) Chowder, calm down!

Phosphos: We need a plan of attack first!

Me: She's right Chowder. Lets think on this.

Nico: That's right. Lets head to the park and come up with a plan of attack.

We went to the park and hid in the bushes. We saw REUBEN and TRUFFLES and they had Panini tied to a pole.

El Diablo: We need to get Panini away from them!

Nico: Shh! Do you want them to hear us?

El Diablo: Sorry.

Danny Phantom: I have an idea.

Danny Phantom revealed that he will go invisible and get Panini out with his ghost powers and then when that is done we will make our entrance.

Nico: Awesome plan Danny.

He went invisible and intangible and luckily, Reuben and Truffles were asleep and Danny took the pole and pulled it underground and then brought it over to us and we untied Panini. Then we went at Reuben and Truffles.

Reuben and Truffles woke up and they saw Panini gone!

Truffles: SHE GONE!

Reuben: Oh no!

Light and darkness swirls appeared and spun around them and formed into dragons of light and dark energy and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then a phoenix cry was heard and we came out!

Nico: Truffles and Reuben, you sickos are in REALLY HUGE HUGE TROUBLE!

Mung Dahl: Just when I thought you couldn't get any lower woman!

Truffles: YOU SHUT UP MUNG!

Android 21: You know what, Truffles? This just proves that Mung deserves better! At least Marge has shown that she wants to change her ways!

Truffles: YOU RUINED EVERYTHING FOR ME! I WAS DOING MY BEST AND YOU RUINED IT!

Me: Could you just SHUT THE FUCK UP!?

Eli: Yeah you're giving us one helluva headache!

Nico: But lets see how you like this!

Nico put on earmuffs and turned his fingers into claws and then grinded his fingers on a chalkboard and Truffles screamed in excruciating pain as her ears were bleeding from the sound!

Truffles was really feeling that!

Nico: That's what you sound like Truffles! Your voice is like a thousand chalkboards being scratched by a bunch of monkeys!

Reuben: You're risking your life for this pink rabbit? I thought she wasn't your boyfriend.

Shiv: It's funny how things change.

Chowder: Like you would know you overgrown slab of rotten purple ham!

Reuben: WHY YOU LITTLE!

SPLAT!

Nico hit him with a watermelon!

Pumbaa: Take this!

FFFFFFAAAAAAAAAAAAAAAAAARRRRRRTTTTTTT!

Pumbaa farted and it hit Reuben in his face and he threw up in my face!

Me: OH SICK!

Reuben: You are one disgusting pig!

Pumbaa: Pig!? Are you talking about me?

Timon: Uh oh! He called him a pig!

Pumbaa: Are you talking about me!?

Timon: He shouldn't have done that!

Pumbaa: ARE YOU TALKING ABOUT ME!?

Timon: Now he's in for it!

Pumbaa: THEY CALL ME MR. PIG! AAAAAAAAAAAAAAAAAAAAAAHHHHHHHH!

He charged and smashed Reuben into a tree and the tree snapped in half and smashed onto Reuben and squished him like a bug!

SMASH!

He was brutally mangled up!

Reuben got up and he was badly hurt!

Koragg, Fixer, Multiplex, Jack O Lantern, Mortal Kombat Scorpion, Oculous, 2016 Morbucks, Spot, Magneto and Juggernaut then appeared.

Nico: Koragg, Fixer, Multiplex, Jack O Lantern, Mortal Kombat Scorpion, Oculous, 2016 Morbucks, Spot, Magneto and Juggernaut,

Koragg: This is the first battle in Chowder's world.

William: I know, right?

Fixer: Hey, Mung. Can we have a meal after this is over?

Mung: You sure can!

Multiplex: Good! Battling can work up an appetite

Jack O Lantern: (to me) Speaking of which, we heard you visited Remy.

Me: We sure did.

Mortal Kombat Scorpion: What was he like?

Me: He was awesome! And he and Linguini are an awesome team like how he helped Sora.

Truffles: Oh GREAT! WHY CAN'T YOU ALL SHUT UP!?

POW!

Multiplex punched her in the face and smashed her down.

Multiplex: YOU Shut up you mushroom headed fartsniffer!

?: You tell that woman!

We saw a figure come out and it was GRIZZAKA from Jungle Fury!

---

**Grizzaka** is a major antagonist in the second half of *Power Rangers Jungle Fury* . He is one of the three Overlords that reigned supreme over the evil Rinshi creatures.

He was portrayed and voiced by Derek Judge who previously voiced Tutenhawken from *Dino Thunder*, a Taxi Cab Monsterand Black Lance from *Mystic Force* and later voiced Serratorfrom *Super Samurai* and Trappertron from *Beast Morphers* .

Grizzaka was the Earth Overlord who fought in the great beast war while serving under Dai Shi, but was destroyed and decayed in a cave he was trapped in for the next 500 years.

He was later revived by Camille to help train Dai Shi. Grizzaka was eager to serve him, but upon seeing "Dai Shi" had undergone human form, overthrew "him" and took over "his" throne and had fellow overlords Carnisour and Jellica serve with him.

Due to Grizzaka also being the master of Zocato, and evil ancient fighting technique, "Dai Shi" went to seek it and rival Grizzaka as well as get the throne back for himself. Grizzaka then sent out for the Crystal Eyes to free the Phantom Beasts. Dai Shi was eventually kidnapped by Jellica and Grizzaka had him jailed. After obtaining the Control dagger to get to the Nexus, Dai Shi freed himself and challenged himself in a battle against Grizzaka. losing to him. Grizzaka then took the dagger for himself and raced Dai Shi and the Rangers to the Nexus.

Upon arriving, Grizzaka went after the ranger Dominic while having Carnisaur handle the other rangers and Jellica handle Dai Shi and Camille. Unfortunately, while Grizzaka managed to defeat the megazord, he was distracted by sand snakes and Dominic managed to get a hold of the Dagger and use the Rhino Steel Megazord to kill Carnisaur. After Dai Shi obtained Zocato, Grizzaka was defeated by him and he and Jellica fled into the city to gather fear.

Unknowingly, Dai Shi and Camille successfully obtained the Crystal Eyes, until losing them to the red ranger Casey. While Grizzaka battled the other Rangers, Casey joined the battle and helped the other rangers destroy him with the claw cannon. He then grows and battles the megazords. He ended up being overwhelmed by the outnumbered amount of megazords and was killed by them. He was briefly revived in the finale but was destroyed by Dominic. His animal spirit was that of the grizzly bear.

---

Dominic: Grizzaka!

Grizzaka: Been a while rangers!

Me: I remember you! You were brought back by Camille to help train Dai Shi, but when you saw that Dai Shi was in human form you overthrew him and took over the throne.

Grizzaka: That's right J.D. You have a really good memory on you.

Me: Never missed an episode.

Grizzaka: I must thank you all for killing Dai Shi.

William: We know how much you hated him.

Grizzaka: Did you kill him with your Megazord?

Dominic: Are you kidding?! He brutally defeated the last Megazords we sent at him!

Carol: You have me and King Ghidorah to thank for killing Dai Shi.

Eli: Yep. Dai Shi underestimated the power of Godzilla's most powerful archnemesis.

Me: Yep.

We got the usual battles underway.

Tornado Bolt showed the whole video to him.

We rushed on over, and Lincoln punched Oogie Boogie right in his ugly bug-filled mouth, and when he saw us, he was none too pleased. But, then again, none of us were not after what he's done.

Frosty Orange: What you've done to Nico is indeed unforgivable, Oogie Boogie, and I've had it up to hear with you to last an eternity.

Nico: Same here, and I'll see to it that he never returns again.

Suddenly, something snapped inside of Nico's mind, as he was surrounded by a yellow energy aura with phoenixes and rainbow fire surrounding him and the ground was really shaking like crazy, he then unholstered his massive Pride of The Saiyans sword from his back, and as he approached Oogie Boogie, he left yellow energy, phoenixes, and rainbow fire with every step. We also saw that Frosty Orange's orchid eyes turn neon orchid and she was surrounded by a light vermillion energy aura with snowflakes, and oranges, and as she approached Oogie Boogie, she left light vermillion energy, snowflakes, and oranges with every step.

Nico: Oogie Boogie, I will never forgive you for opening your ugly bug-filled mouth and sending me into a spiraling depression a year ago during the 20 Days of Darkness. It was because of you that I was sent spiraling into despair and depression. (Getting angry) I will make sure that you suffer dearly for what you did to me, YOU UGLY, BUG-FILLED, HEARTLESS, SPINELESS, WORTHLESS PIECE OF CRAP!

We gasped in pure shock.

Lincoln: Whoa.

Lori: (Smirks) Oogie Boogie has just dug his own grave.

Then, Nico screamed like a madman and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted out from under him as he was surrounded by a massive vortex of yellow energy with phoenixes and rainbow fire surrounding it. The ground was shaking extremely violently and powerfully as his energy levels were skyrocketing powerfully!

Vegeta: (GASP) IT'S UNREAL!

Trunks: This is it.

Me: MAN WHAT POWER!

Piccolo: Nico is releasing his energy!

May: Unbelievable!

Then there was a Great Ape running around the vortex, and inside the vortex was a red phoenix. Then, Frosty Orange was surrounded by a massive vortex of light vermillion energy with oranges and snowflakes surrounding it, there was a Pegasus flying around the vortex, and in the vortex is a blue phoenix. Frosty Orange has transformed into SUPER ANGEL 750,000,000,000 ARCTIC ORANGE ICESTORM PEGASUS ANGEL OF FROSTY JUSTICE!

We were amazed by the transformations of both Nico and Frosty Orange, and when May saw it, her eyes turned into two hearts, her tongue came out, and her face turned atomic red. But, when Oogie Boogie saw it, he fell into a rage.

Me: HOLY CRAP! Nico, you've transformed.

Lynn Loud: You said it, that's so AWESOME!

Lincoln: Wow, Nico, you and Frosty Orange look amazing, and I sense that your infinite power and energy levels had reached astronomical heights. How do you guys feel?

Nico: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Hope) **I feel incredible, Lincoln, and now, it's time for Oogie Boogie to die.**

Me: You look amazing Nico! Wow! This new transformation of yours is incredible! Even May here is having a bunch of wild takes on it.

Nico: (Laughs) **I can see that. I'm glad she likes it.**

Lincoln: (Smiles) I hope you're not leaving us out of the fun. After all, we also want to dish out some well-deserved payback on that bag of bugs.

Nico: (Smiles) **Of course not, Linc. Now, let's show that bag of bugs what happens when he opens his big bug-filled mouth!**

We transformed and unholstered our massive swords from our backs, and then, we went after Oogie Boogie and we fired powerful rainbow colored energy blasts and elemental blasts at Oogie Boogie, and they exploded with incredible power, and Nico, Lincoln, and his sisters were smashing Oogie's ugly face in with powerful punches to his face. Then, Nico and Lincoln split one of Oogie's seams with their massive swords, and it caused some of his bugs to fall out, and he panicked.

Lincoln and Nico: (Grinning Wickedly) Oops, did we do that?

Then, Lincoln and Nico held out their hands, and they formed two massive energy balls made of red energy, and condensed them to the size of their bodies, and in them were seven elemental dragons that symbolized The Seven Star Shadow Dragons, and in them were traces of Super Hakai energy.

Lincoln: Say goodbye, Oogie Boogie.

Nico: **And this time, stay dead for good!**

Lincoln and Nico: SEVEN STAR SHADOW DRAGON ELEMENTAL TWIN KARMA BALL!

Lincoln and Nico fired the two massive Karma Balls at Oogie Boogie, and as they hit Oogie Boogie, they exploded with incredible power, And reduced Oogie Boogie to ashes, and his evil spirit was Super Hakaied forever.

But the explosion caused bugs to rain down and Lana was eating all his bugs again.

Timon and Pumbaa: WOO!

Pumbaa: EAT EAT EAT EAT EAT!

Timon: Eat all his bugs Lana!

Lana ate every single one of his bugs and when she was done she released a huge belch.

Lana:
BBBBBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUURR

Me: Whoa! Excuse you.

Lana: Man that was filling and delicious.

Timon: That is the queen of bugs for you.

Pumbaa: She sure loves bugs as much as we do.

We cheered wildly as we holstered our massive swords on our backs and powered down, and Nico's new jewelry, clothes, and weapons, along with Frosty Orange's new body, clothes, jewelry, and weapons were permanent.

May went up to Nico, who hugged her in his massive and powerful muscular arms, and they shared a passionate kiss, as we cheered for him. We got Santa Claus back to Christmas Town, and he would be ready for the holidays.

---

When it was done he was shocked.

Multiplex: WHOA! Both Nico and Frosty Orange transformed! Awesome! Wow!

Tornado Bolt: It was awesome!

Stealth Elf: Yeah it sure was.

Naruto: Nico and Frosty REALLY kicked his butt.

Multiplex: Wow! He sure did. Awesome job. And Lana sure had an awesome bug feast too. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed him down.

Rex Salazar: YEAH!

Fluttershy: That was fun.

They fired waves of darkness and arrows and smashed him down.

Green Arrow: OH YEAH!

Princess Luna: A True victory of the night.

Flare Corona, Starlight Glimmer, Cozy Glow, Undead Skylanders, Liu Kang, Sonnya, Sasame Fuma and RD Lola vs Mortal Kombat Scorpion - Truffles is insane and evil

---

Mortal Kombat Scorpion was next.

Mortal Kombat Scorpion: (to Flare Corona) Truffles is insane and evil. At least Marge has shown that she wants to change her ways like Android 21 said.

Flare Corona: Yeah I agree with you there.

Starlight Glimmer: Truffles should have taken Anger Management Classes long before everyone came here the first time.

Cozy Glow: Yeah she was a ticking time bomb.

Hex: With a big ugly mouth.

Liu: No kidding.

Sonnya Blade: Yeah she needed it too.

Mortal Kombat Scorpion: Yeah no kidding. I would never want someone like her for a wife. Lets do it!

(MORTAL KOMBAT THEME PLAYS)

(GONG SOUNDS)

***MORTAL KOMBAT!***

They got to fighting and pulverized him all over and blasted him with fire, stars and magic and bones and smashed him down.

Flare Corona: Take that!

Starlight Glimmer: That was so awesome!

## Tommy, Rarity, Sweetie Belle, Water Skylanders, Eye Brawl, RD Girl Jordan and RD Clyde VS Oculous - What Mung was thinking marrying someone like Truffles

---

Oculous was next.

Oculous: (to Tommy) I don't know what Mung was thinking marrying someone like Truffles. And that isn't a reason for him to think about marrying Endive!

Tommy: That's the last person he would want to marry. He and Endive have been bitter enemies for as long as they can remember.

Rarity: But I agree with you there darling. What Mung was thinking when he decided to marry an ill-tempered mushroom like Truffles is beyond me.

Sweetie Belle: You said it Rarity. Truffles has a LOT of anger management issues and I thought Eva was bad.

Gill Grunt: Yeah no kidding. Eva and Truffles would get along great.

Eye Brawl: (Transylvanian Accent) Indeed and Truffles and Eva are bad news.

Oculous: You said it. Both those two have nasty Anger Management issues that make them dangerous people to the community. Lets do it!

They fired waves of ice, jewels, water and energy and smashed him down.

Tommy: ALL RIGHT!

Rarity: Rapture darling that was grand!

Reuben a total asshole

---

2016 Morbucks was next.

2016 Morbucks: (to Lexx) Reuben's a total asshole. Can't believe someone like him was a cooking instructor.

Lexx: You got that right! He is a disgrace to all chefs everywhere! He would use cooking as a weapon for his life of crime.

Pinkie Pie: WHAT A PARTY POOPER! He should have been executed!

Featherweight: Yeah he should have been executed.

Sprocket: Guy's a total monster.

Blossom: You said it there.

Bubbles: Yep.

Buttercup: I would love to rip his tongue out!

Bunny: Save seconds for me.

2016 Morbucks: Yeah! He doesn't deserve to be a chef and he gives all cooks everywhere a REALLY BAD NAME!

Blossom: He sure does! I can't wait to bash his brains open!

2016 Morbucks: All right! Lets do it!

They fired waves of metal, gears, lightning and energy and smashed her down.

Lexx: TAKE THAT!

Pinkie Pie: BEST USUAL BATTLE EVER!

# Ed Grant, Hulk, Rainbow Dash, Scootaloo, Air Skylanders, Gilda and Stygian VS Dr Jonathan Ohnn A.K.A. Spot (Marvel) - Truffles deserves to be locked up

---

Spot was next.

Spot: (to Ed) Truffles deserves to be locked up. This time, in one of our space prisons.

Ed Grant: I agree with you there completely. And we should torture her with humiliations and give her the worst spicy foods ever.

Hulk: Hulk agree. Hope she likes pain and chum.

Rainbow Dash: That would be awesome to see. Next to Lewis Travolta getting humiliated, Truffles would be perfect for a humiliation.

Scootaloo: That would be awesome to see. Turning that mushroom-headed psycho would be awesome and funny.

Whirlwind: Yeah it was would.

Gilda: I would love to see that.

Stygian: (British Medieval Accent) A most pleasing form of amusement.

Spot: Indeed. Lets do it!

They fired waves of lightning, wind and rainbows and energy and smashed him down.

Magneto: (to Hawkgirl) Truffles has a voice that sounds like nails on a chalkboard. (laughs) Good thing you guys turned that fact against her!

Hawkgirl: Yeah that is true. That is one of the most atrocious sounds ever.

Princess Celestia: Nico grinding his nails on a chalkboard really did sound like that.

Spotlight: Yeah I hope she likes that sound from now on.

Professor X: That was funny though.

Magneto: It sure was. Lets do it!

They fired waves of light and energy and smashed him down.

Hawkgirl: OH YEAH!

Princess Celestia: That was so awesome!

Cameron, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Shadowcat, Android 21 and Suzumebachi VS Juggernaut - Truffles is a total lunatic

---

Juggernaut was next.

Juggernaut: (to Cameron) Truffles is a total lunatic. If she tried to yell at me, I would smash her into pulp!

Cameron: I feel exactly the same way. She has a yell that sounds like a hundred violins being played by a brainless monkey. But I feel the same way.

Twilight Sparkle: Me too. Truffles is a heartless fiend.

Sunny Starscout: She sure is.

Spyro: No wonder she doesn't have any friends.

Shadowcat: You said it.

Juggernaut: Yeah. Lets do it!

They fired waves of energy and magic and smashed him down!

Cameron: YEAH!

Twilight Sparkle: That was amazing!

---

Jungle Fury Rangers, Megaforce Rangers, Nico, Ice Luan, Erica, Lola, Lana, Laney, Lucy, Lisa and Lily VS Grizzaka

---

Grizzaka was next.

Nico: This is gonna be awesome! If Erica was able to kick Cycloptor's butt, she can EASILY kick your butt too.

Grizzaka: I don't have any doubt about that. If she was able to take down an army of Batlings and one of the Lightspeed Rescue Rangers enemies then she can do the same. She is VERY gifted.

Erica: I appreciate the compliments.

Nico: But first lets see what's in your safe.

Nico teleported and opened his safe and in it was a bunch of rings called The Rings of the Gods, they're rings with large rainbow gems with a phoenix around the gems. These rings will merge with our

Animal Spirit Rings and the wearers will gain a massive power and energy increase as their energy auras will flare up with all of the elemental forces surrounding their rainbow energy auras.

Nico: Wow these Rings look cool.

Grizzaka: Yep.

Nico teleported back.

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

They transformed!

Casey: "With the strength of a Tiger! Jungle Fury Red Ranger!"

Lily: "With the speed of a Cheetah! Jungle Fury Yellow Ranger!"

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Yeah!

Erica: Grizzaka you have failed this city!

Nico: Aww I was gonna say that Erica!

Erica: Sorry Nico.

Then Erica had a red light glow on her right ring finger and on her finger formed a ring with a red gem that had a grizzly bear in it.

Erica: My own Spirit Animal Ring!

Isabel came.

Isabel: The Grizzly Bear is perfect for you Erica. The bear represents the courage to evolve and the ability to be open-minded.

In addition, the bear reminds us to trust our instincts and to be protective of our faith.

Nico: Wow! That is very powerful.

Erica: Boy it sure is.

Then a red light appeared and it landed in her hands and it formed into the Red Grizzly Bear Zord Animal Crystal!

Erica: The Grizzly Bear Zord Crystal!

Nico: Cool!

Then a Crystal Saber appeared in a holster on her left hip.

Erica: And a Crystal Saber too! Wow!

Nico: Wow!

---

We regrouped and we were facing Reuben and Truffles!

Emma: Time to take these two down for good!

Megaforce Rangers: LEGENDARY RANGER MODE! SPD!

The Megaforce Rangers turned into the SPD Rangers!

Nico: Time to turn these freaks into mashed potatoes!

Courage: Catch this!

Courage threw a watermelon and it hit Reuben.

SPLAT!

He was covered in red melon.

Lana: Hey Truffles! Watch this!

Lana ripped off her head and she showed that her HEAD WAS

MADE ENTIRELY OF CENTIPEDES!

Truffles screamed in fright AND HER ENTIRE MUSHROOM ON HER HEAD EXPLODED!

Lana released a genjutsu that made it look like she turned into that.

Lana: Remind me to thank Rantipede for that idea.

Shaggy and Scooby hid behind Gazapacho's stand.

Gazpacho: Hey! This is my hiding place! Get your own!

Shaggy: Like we chose this spot.

Laney fired a berry slingshot at Reuben.

SPLAT! SPLAT! SPLAT! SPLAT SPLAT!

Laney: How do you like them berries!? They're BERRY Important!

Timon laughed hysterically!

Luan: (Laughs) GOOD ONE LANEY!

He fired his coconut shooter and it hit Reuben with 20 coconuts.

CLUNK CLUNK CLUNK CLUNK CLUNK BONKBONKBONKBONKBONK BONKBONKBONKBONKBONK BONKBONKBONKBONKBONK!

Patrick: DAHAHAHAHAHA! THAT GUY GOT HIT IN THE HEAD WITH 20 COCONUTS!

Luan: He sure went Coconuts! (Laughs)

We laughed at Luan's joke.

Me: (LAUGHS!) That was a good one!

Eddy: (LAUGHS) That was funny!

Timon: (Laughs) That was good!

Twilight Sparkle: Lets see how Truffles likes this!

She fired beams of magic and formed various objects. Then…

CLANK!

Truffles got hit with a flower pot.

CLANG!

Then she got hit in the head with a 5 ton anvil!

CRASH!

Then a hay cart!

KRASMASH!

Then she got hit with a grand piano!

OOOHHH! THAT'S GONNA LEAVE A NASTY MARK!

Nico: OOH! OUCH!

Me: My favorite note - B-Flat!

Then a table!

KRABLAM!

A generator.

A garbage truck! And then…

KRABBBBLLLLLLAAAAAAAAAAAANNNNNGGGGGG!

Got crushed with a 40,000 pound weight!

Eli: WHOA! That is getting funny!

Nunnally: Yeah! We're hitting them with everything INCLUDING the Kitchen Sink.

Eli: Watch this one.

Eli revealed that he had the Joker's Joy Buzzer on his hand.

Eli went up to them.

Eli: Truffles, put her there.

She shook his hand and then…

ZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Truffles screamed in excruciating pain as she was zapped with 50,000 volts of electricity!

Me: Maybe that big of a lobotomy can help her.

Laney: Chew on this!

Laney formed a bramble vine whip and lashed Reuben all over the place.

Poliwag used Bubblebeam and blasted Truffles all over.

Truffles threw some tomatoes at Poliwag, knocking him to the ground.

Poliwag: I'M DYING! I'M TOO YOUNG AND HANDSOME TO DIE! I'M DYING! DYING!

Lori: (to Truffles) I'm literally going to-

Poliwag: DID I MENTION I'M DYING?!

Lori: I'm literally going-

Poliwag: SEARING PAIN!

Lori: (sighs) I'm literally-

Poliwag: DYING! WHY NOW?! I HAD SO MUCH TO ALMOST LIVE FOR!

Nico: Uh Poliwag don't you think you're overreacting? Those are only tomatoes.

Poliwag: Oh sorry. But it sure felt like I was bleeding.

Lori then grabbed Truffles and then tied her into a pretzel!

Horri Bull, Kabuto, Vambre and Outback used the Earth Cyber Planet Keys and they enhanced Horri Bull's Concussion Blaster, Kabuto and Vambre's powers and Magiswords and Outback's Mortar Cannon 100-fold.

When the smoke cleared, Truffles and Reuben were down and knocked out and then we tied them up.

?: You will all pay for what you did to Lord Bison!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming, and we'd also sensed an energy signal.

Chun-Li: I should've known you'd be here, F.A.N.G., you can come out now. There's no use hiding in the shadows.

A figure came out of the shadows, and it was none other than F.A.N.G., the fanatical supporter of Bison and member of Shadaloo, and the last villain sent by Salazar the Pushy to try and kill us.

F.A.N.G.: And now that you are all here, I will finally end you all!

Lincoln fired two blasts of purifying water which hit F.A.N.G.'s poison-coated hands, and cleansed the poisons from his hands for good.

F.A.N.G.: No, what did you do?

Lincoln: I washed away the poison that you coated your hands in. You see, we have immunity to all poisons, toxins, gases, and all other sorts of harm, but I can't take any chances. Now, you're nothing without your precious poisons.

Wakko Warner: And I've had it up to hear with you to last an eternity.

Suddenly, Wakko Warner's eyes turned neon sapphire blue and he was surrounded by a sapphire blue energy aura with phoenixes and sapphire blue flames, he got out his Defender of Acme Falls mallet, and as he approached F.A.N.G., he left sapphire blue energy, sapphire blue flames, and phoenixes with every step.

Wakko Warner: F.A.N.G., what you and Bison have done to so many innocent people is unforgivable, but to also be sent here by

Salazar the Pushy to try and kill us. This time, you will join your master in Oblivion once and for all.

Then, Wakko Warner was surrounded by a massive vortex of sapphire blue energy with sapphire blue fire surrounding it, there was a sapphire blue phoenix flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Wakko Warner emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Wakko Warner grew to 6'11" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has anime-style eyes and he has beautiful sapphire blue eyes and a sapphire blue energy aura with sapphire blue flames and phoenixes surrounding him, he has a full head of long black hair and it reached the bottom of his neck, he has sapphire blue highlights in the bangs, he has a sapphire blue phoenix with flames in the wings and the Fire Kanji in its claws emblazoned on his forehead, he now has on a necklace with a phoenix holding the Fire Kanji in its claws for the pendant. Wakko Warner has massive midnight black angel wings with sapphire blue tips on the black feathers and his tail grew longer for his new body.

Wakko's long blue trenchcoat turned black with sapphire blue flames and grew longer and on the back of the trenchcoat was a sapphire blue phoenix with flames on its wings and the Warner Bros. logo in its claws, his blue shirt turned dark blue and it has a red phoenix and grew longer, his blue pants turned dark blue and they also grew longer, and his black ankle-length combat boots now have armor around the toe area. Wakko Warner has on his new large cuff Bracelets of the Champions of The Universe with sapphire blue gems on his wrists, Belt of Elemental Bravery with large sapphire blue gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large sapphire blue weighted bands on his large biceps and thighs which were hidden inside his clothes, and he has eight large sapphire blue orbs orbiting around his legs. His massive Defender of Acme Falls mallet grew to 6'5" in length as the long black handle grew a little bit longer, the massive gold mallet head grew a little bigger and the oval-shaped gold gems on top of it grew larger and the large gold sphere pommel with surrounding sapphire blue gems grew a little bigger.

There's a sapphire blue kanji right below the sapphire blue phoenix with flames on its wings and the Warner Bros. logo in its claws that said, "Wakko Warner, Middle Sibling of The Warner Siblings, King of Acme Falls, Slayer of Evil, Master of Cartoon Logic, Violence, and Sapphire Fire."

ワッコワーナー、ワーナー兄弟のミドル兄弟、アクメフォールズの王、悪の殺し屋、漫画の論理のマスター、暴力、サファイアの火

Wakko Warner has transformed into SUPER ANGEL 750,000,000,000 SAPPHIRE FIRESTORM PHOENIX ANGEL OF FIERY COMEDIC JUSTICE!

We were amazed by Wakko Warner's Super Angel 750,000,000,000 transformation, but when F.A.N.G. saw it, he fell into an insane rage. But, without his poisons, he was now powerless.

Nico: Whoa, awesome, Wakko's transformed.

Lincoln: That's right, Colonel, and he's going to lay the smackdown on F.A.N.G. (To Wakko) Wakko, how do you feel?

Wakko Warner: (Divine Echoing Cosmic Voice of Fire and Justice) **I feel incredible, Lincoln, and now, I believe it's high-time for me to take care of this lunatic once and for all.**

Lincoln: Oh, Wakko, you'll need this.

Lincoln tossed Wakko a larger version of his red baseball cap, but it has a phoenix on it, and once Wakko put it on, it's Showtime as he went after F.A.N.G., and he fired powerful blasts of sapphire blue energy, sapphire blue fire, and phoenixes, and they hit F.A.N.G. and exploded with incredible power. Then, Wakko sent F.A.N.G. up into the air with one swing from his massive Defender of Acme Falls mallet.

Wakko Warner: **And now, this is the end for you and the entire Shadaloo organization. SAPPHIRE FIRESTORM PHOENIX MEGABLAST!**

Wakko Warner fired a massive blast of sapphire fire with a sapphire phoenix inside it, and as it hits F.A.N.G., it exploded with incredible power.

F.A.N.G.: Forgive me, Lord Bison!

The resulting explosion killed F.A.N.G., and it Super Hakaied his spirit and all those involved with the Shadaloo organization who were sent to The Warp were also Super Hakaied forever. We cheered for what Wakko Warner did as he powered down, and his new clothes, weapons, jewelry, angel wings, and eight large sapphire blue orbs orbiting around his legs were permanent. Yakko and Dot went up to Wakko, and they hugged.

Gohan: And with that, Salazar is out of options, and word of F.A.N.G.'s death will already reach the ears of Salazar and he'll be blinded with incredible rage.

Lincoln: And Dot will also transform tomorrow, and it'll be the last time that we deal with Salazar the Pushy.

Nico: You said it, big guy.

We then had Reuben sent to the Neptune Prison and then we had Truffles sent to the Saturn Insane Asylum Arkham Asylum section.

Oculous: That's it for Truffles and Reuben.

2016 Morbucks: You said it.

Spot: Maybe we should think about adding Truffles to our list of people to humiliate.

Nico: Now, let's not be hasty. I'm still working out on who gets to do humiliations first.

Magneto: You can take your time.

Juggernaut: For now, let's have a victory meal!

Me: Good idea. (Stomach Grumbles) (FARTS) Uh oh! Mung can I use your bathroom!?

Mung Dahl: We better hurry!

We went back to the catering company and then I went to the bathroom! I run into the bathroom. Everyone heard me groan, then the toilet flushes, then I came out] Phew! That's better! But I wouldn't go in there for a couple days. Or weeks. [Mung's's toilet comes out of his bathroom groaning]

Toilet: Please, please, somebody put me out of my misery! [toilet jumps into Nico's hands, coughing] Have mercy on my soul… ! [toilet dies]

Nico: I think you're gonna need a new toilet Mung.

Me: Yeah sorry. Ratatouille just goes through me like a lead weight.

Abis Mal: (To the viewers) Boy this was one of the goofiest adventures we've ever had. I hope you all got a great laugh out of this one.

Nico: I know we all did. Great job today everyone. Lets go home.

We all did so and enjoyed the rest of the day before we went to sleep.

THE END

---

Another really awesome and funny chapter done.

Reuben is one of the most evil villains in all over the series of Chowder. Sorry everyone but I don't like Truffles. She is a loud mouthed bad tempered woman. But the show was still REALLY FUNNY! The first part was for the 2007 movie Ratatouille and that was so funny! That part was made in honor of Ian Holm who was the voice actor of Chef Skinner. He died last year in 2020 of Prostate Cancer and Parkinson's Disease.

R.I.P. Ian Holm - September 12, 1931 to June 19, 2020

The second part was for The Nightmare Before Christmas and it was for payback for Nico. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys and thanks to the Guest reviewer for this. Next rescue for me is gonna be in world of Dragon Flyz and we're going to the 41st Century to meet Z'neth, Summit, Apex and Peak and help them kill Dreadwing and we're going to also meet a Blue-Eyes White Dragon Gene-Slammer named Noriko Kaiba, the illegitimate daughter of Gozoburo Kaiba. She won't be like him thank goodness. Also we're going to meet a Minerva, Lightsworn Maiden too. Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Lightning Dust, Nelanie, and Carolyn Hope the Dialga Gene-Slammer will go to that world. Also Lightning Dust is gonna transform in that one. So get ready for an action packed rescue for that. The next rescue for Lincoln is gonna be in the world of Sky Dancers and we're going to meet the Sky Dancers and I will have them in my harem as well as Lincoln rescuing more girls for his harem. We're going to kill Sky Clone and Pinkie Pie is gonna have a few harsh words for Eva who is gonna be helping Sky Clone. The next chapter is for the 1st Day of Hanukkah and we're also going to solve the mystery of the missing priceless paintings at a local museum as we take down another one of Secret Squirrel's enemies and have him join the Masters of Evil. It's Chameleon and he has AMAZINGLY REALLY GOOD TASTES in the works of the great masters.

See you all tomorrow.

# 1st Day of Hanukkah Art

HAPPY FIRST DAY OF HANUKKAH TO YOU ALL!

---

Over the skies of another planet, Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Lightning Dust, Nelanie, and Carolyn Hope the Dialga Gene-Slammer were flying over the clouds. I was riding on Marianas.

Me: Wow.

Marianas: This world is amazing.

Carolyn Hope: Where are we this time?

Me: From the looks of things it looks like Earth.

I did a scan of this version of Earth and what I found out was shocking! It was the world of Dragon Flyz and it was a Post-Apocalyptic Earth set in the 41st Century.

---

Set in the 41st century, after an event called "The Cataclysm", the series depicts the adventures of dragon-riders either human or of a reptilian, gargoyle-like race, at war for control of the Earth. The battle occurs above a largely inhospitable landscape, either volcanic or barren; rivers of lava flow freely over the surface, inhabited by animals adapted to the unusual environment. The remaining human population dwells in an air-borne city known as "Airlandis", from which dragonators regularly travel to the surface to retrieve the fuel of its operation: the oviform purple crystals known as "Amber" (usually obtained from lava pools, or directly from the ground).

The nature of "The Cataclysm" is never mentioned, though in the opening sequence the surface is depicted as a post-apocalyptic scene, implying nuclear warfare. Earth's inhabitants, ecosystems, and species have been exterminated, save those sheltered in an "Oasis". The skies immediately above the surface are ravaged by continuous lightning storms, dangerous air currents, and acidic clouds, known as the "Warp Winds", through which the only safe passages are the hollow mountains known as "Wind Pits".

Any pockets of life, where any of the planet's former species dwell in relative safety, are known as "Oases". One such "Oasis" is discovered by protagonists Z'neth and Apex, whereupon Z'neth challenges Dreadwing to a duel for its ownership. Impatient, Dreadwing causes his dragon mount, Blackheart, to set the Oasis ablaze. At the end of the episode, Apex is seen carrying a birds' nest, with a few eggs, on the saddle of her Dragon.

Airlandis is an airborne city (see Laputa) golden in color. Five large "bio-spheres" hover in its centre, each simulating a different natural habitat and thus preserving the species rescued from the Cataclysm. The city's most important region is its "power core", operated by the engineer Orac, who requires a regular supply of Amber. Additionally Airlandis has a runway for the Dragonators, a Dragon aviary (where the Dragons reside when not needed to fly), a Council Chamber (where matters of government are negotiated), a Control Room (known as "Skywatch", where a team of uniformed men maintain the city's systems and monitor the skies), and a prison. Dialogue implies that the populace seek a residence on the surface untouched by the Cataclysm. It is shown in one episode that some humans escaped the Cataclysm aboard a space station, on which the protagonists' mother now resides.

---

When everyone heard that they were horrified!

Eli: Oh man! That is awful!

Allie Wilde: No kidding. That is terrible. I can't believe that all this happened to the world in this time.

Me: And all in 2,000 years into the future.

Missy: What a catastrophe.

Lillian: No kidding.

Ellie Singh: Wait a second. Dragon Flyz. (Gasp) Wow! I haven't seen that show in like forever! I watched it all the time on the internet and it was amazing! But the story was scary to see and watch.

Eli: That was a cool show though.

Qin: I thought so too and I love dragons.

Carolyn Hope: Me too.

Carolyn concentrated and groaned as her hair fell out.

Lightning Dust: And if we're here in the world of Dragon Flyz, then we must be here to help them out.

Carolyn turned into DIALGA!

Dark Magician Girl: All right! But I have that same feeling too.

Syrus: This is gonna be awesome!

Nelanie: (Laos Accent) Yes it sure will be.

We then saw The Dragon Flyz and they were awesome as they rode their dragons.

Maria: Hi there! We come in peace!

Marianas: We mean you all no harm.

Z'neth: Team Loud Phoenix Storm! It's an honor to meet you all.

Apex: This is an honor to have you here.

Summit: We heard so much about all your adventures and they are incredible.

Me: We get that practically wherever we go.

Maria: What happened to this world was just terrible.

Eli: Yeah it totally went to hell.

Z'neth: Yeah it did.

Me: Sorry that happened to you all.

Z'neth: It's all right but thank you.

Me: You're welcome.

We were later shown around the floating city of Airlandis and it was beautiful.

Me: Wow! Airlandis is amazing.

Eli: It sure is.

Maria: Who exactly likes trying to kill you guys on a daily basis?

Z'neth: We are always up against the evil mutants and Dreadwing.

He told us all about Dreadwing and he was pure evil.

---

Dread Wing is the ruler of the earth and lord of the volcanic fortress Warnado. He is the main antagonist of the the TV series who seeks to find out the scientific secret of the crystals so he can make Warnado rise into the skies like the floating city Airlandis.

He is the rider of the fearsome dragon Black Heart and his main lieutenants are Nocturna and Fryte. Gangryn owns a special rank as the scientist of the clan.

During the series, Dread Wing is in contact with other Lords of his kind, and their behavior suggest a constant conflict between clans to rule over the territory. Vydak and Kraco are the ones we can see in the series.

But Dread Wing is the only one Dramen Lord to have a scientific interest among them, which suggest he is one of the smartest, as he might thinks brutal force alone won't make him rule over all.

It is indeed shown in the series that Dread Wing is not the most powerful physically as he lose his one-on-one fight against Vydak.

---

When they were done we were shocked.

Me: Oh man! Dreadwing is a monster. he wants to destroy the planet.

Eli: Yeah no kidding.

Maria: You know, Bumblebee and the Bee Team told me about another Decepticon named Dreadwing. But this one is full of honor.

Me: That's right I remember that.

Z'neth: Interesting.

Me: Yeah. But we'll gladly help you guys kill Dreadwing for good. He has been a thorn in your sides for far too long.

?: Let us help too.

We saw a Blue-Eyes White Dragon and Minerva, Lightsworn Maiden!

Me: WHOA! Mirerva, Lightsworn Maiden and Blue-Eyes White Dragon!

Blue-Eyes White Dragon: (In a girls voice) That's cool huh?

Me: Whoa! You're a Blue-Eyes White Dragon Gene-Slammer!

Noriko Kaiba: That's right. My name is Noriko Kaiba and it's an honor to meet you J.D.

Me: Same here.

Eli: Wow! Are you related to Seto Kaiba?

Noriko: I'm actually his half sister but I'm also the Illegitimate Daughter of the deceased Gozaburo Kaiba.

We gasped in shock when we heard that name!

Maria: You know, I'm actually not surprised that you'd be turned into a Blue Eyes White Dragon. That's your half brother's favorite monster.

Me: It's his signature monster.

Noriko Kaiba: That's true. And I saw my brothers duels with Yugi Moto and that is amazing.

Me: I take it you heard about what happened to Gozaburo Kaiba.

Noriko Kaiba: Yeah I sure did and he brought it all on himself.

Missy: Who is Gozaburo Kaiba?

Me: He was Seto and Mokuba's evil stepfather. You would hate him to the core.

I went over his history and it was terrible.

---

Gozaburo Kaiba is a major antagonist in the Yu-Gi-Oh! franchise, as well as the overarching antagonist for Seto Kaiba's entire story arc.

He appears as a very minor but important antagonist in the manga while also serving as the overarching antagonist of Season 3 of the anime, more specifically acting as the main antagonist in the Virtual World filler story arc.

He is the original CEO of Kaiba Corp, the biological father of Noah Kaiba, and the adoptive father of Seto and Mokuba Kaiba.

In Gozaburo's childhood, it is possible that he was abused by his own father in the exact same way that he would treat Seto in the future.

He was voiced by Unshō Ishizuka in Japanese and David Wills and later Ted Lewis in English.

## Manga

Gozaburo was the original founder and CEO of KaibaCorp and a chess grandmaster. He visited an orphanage, hoping to adopt an heir. Here he met Seto, who challenged him to a game of chess, with the stipulation that he and his brother Mokuba would be adopted by Gozabura if Seto won. Gozaburo laughed at first, but said that Seto was an interesting kid and accepted the challenge, which Seto won through cheating.

Gozaburo forced Seto into an accelerated school program, using corporal punishment as persuasion. He had Seto spend hours every day studying foreign languages, social studies, economics and game strategy.

Gozaburo's abuse of Seto was what motivated Seto to overthrow him. Six years after the adoption, Gozaburo, Seto and ten others attended a KaibaCorp meeting. By the end of the meeting, the ten agreed that starting that day, Seto would be the new president of KaibaCorp. Seto smirked and asked "Have I learned what you wanted… 'father'?". Gozaburo replied that he has lost his game with Seto and asked him to burn it into his brain that this is what happens to a loser, before jumping out the window, committing suicide. Kaiba remarked that to lose means to die and thanked Gozaburo for teaching him that.

## Anime

His son, Noah, was nearly killed in a car accident, so he uploaded his mind into the virtual world to save him, and adopted Seto Kaiba and his brother Mokuba so Noah could enter Kaiba's body, but soon became more interested in teaching Seto and making him his new heir. They never go into detail about this, but it is implied that he mentally, emotionally and maybe even physically abused Seto during his time with him. There is a possibility that he gave Noa and Mokuba similar, but less severe treatment as well. He gave Kaiba a large amount of money and told him to pay him back in order to truly become a member of Kaiba Corp, with Kogoro Daimon of the Big

Five as the only one allowed to help him. He was able to do this, and eventually with the help of Mokuba, took over Kaiba Corp. Gozaburo vanished without a trace after this, uploading his own mind into the virtual world. What happened to him depends on the material. In the original manga, he was so upset about Seto beating him that he committed suicide. However, the original dub of the anime has him commit suicide and upload his mind like he did with Noah and the 4Kids dub has him run away and upload his mind to the virtual world.

## Revealing Himself

There, he and Noah attempted revenge on Seto, teaming up with the Big Five once they became trapped in the virtual world. The Big Five were defeated by Yugi and Katsuya Jonouchi and trapped by Noah, and Noah was defeated by Yugi. Gozaburo revealed to Seto that he was the one behind the whole thing, and all his true intentions. His plan is to use the satellite missiles to destroy every major city on Earth before hacking into the world's computer networks, and rule over humanity from within the Virtual World.

## Dueling Seto

Gozaburo dueled Seto and, at first, he seemed invincible due to his even more powerful version of Exodia, Exodia Necross, who was invincible, until Seto removed the Exodia cards from the graveyard (where they needed to be for Exodia Necross to be invincible) and defeated Gozaburo. He transformed into a beast of flame and attacked Seto, but Noah, who had previously set the virtual world's fortress to self-destruct, held him in place, and he was deleted along with the virtual world. However, he survived long enough to reappear in the real world as a real beast of flame and attempted to take Seto with him by eating the blimp that Seto and the others were escaping in, but the blimp escaped from Gozaburo's flaming jaws and he vanished for good as the flames died down to regular fire.

## Later Appearances

While Gozaburo in person was dead, Gozaburo did appear in Waking the dragons thought to have kidnapped/murdered Alister's brother. However Alister stopped hating Kaiba upon learning Dartz was the true criminal.

---

When I was finished everyone was shocked!

Z'neth: That's terrible!

Apex: He is worse than Dreadwing.

Me: Yeah and he is also the first ever monster that I used the Hakai technique on.

Eli: It's true.

Marie: (Russian Accent) What he did was absolutely horrifying.

Noriko Kaiba: Yeah he deserved it. Thank goodness.

Maria: Where's Dreadwing right now?

Z'neth: He's on the surface. You would not like the world as it is now.

Me: I have a feeling it's gonna be scary when we see it.

Minerva: Yeah no kidding.

Carolyn Dialga: But we'll gladly help you all out.

Apex: Thanks guys.

Me: You're welcome.

Z'neth: Time to end this for good.

We flew down to the surface of the planet and it was a scary and gnarled wasteland.

Me: Whoa! This is horrifying to see the world like this.

Eli: No kidding.

We then saw DREADWING! He was flying on his Red Dragon.

Maria: Come down here, Dreadwing!

Dreadwing: As you wish!

He flew down to us and then…

Me: FIRE!

We fired a massive energy blast and it hit Dreadwing and his dragon and completely obliterated them both in an instant!

Eli: Take that!

Missy: To quote Nico, Dreadwing you have failed this universe!

Me: We still have his minions to take down.

Lightning Dust: I'll take they on.

Dreadwing's minions came.

Suddenly, Lightning Dust's amber eyes turned neon amber, and she was surrounded by an aquamarine energy aura with lightning bolts surrounding her and lightning crashing down from the Heavens, and as she approached Dreadwing, she left aquamarine energy, lightning bolts, and Pegasi with every step. Then, Lightning Dust was surrounded by a massive vortex of aquamarine energy with lightning bolts surrounding the vortex with lightning crashing down from the Heavens, there's a Pegasus flying around the vortex, and in the vortex is an amber phoenix. Then, as the vortex faded, Lightning Dust emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lightning Dust grew to 6'0" in height, she had the body of a goddess, she had neon amber eyes and an aquamarine energy aura with lightning bolts surrounding her and aquamarine lightning bolts in the bangs of her long gold hair, she has large aquamarine angel wings with gold tips right on the large feathers, she has a Pegasus with lightning bolts surrounding her emblazoned on her forehead, she has on Pegasus earrings with the Thunder Kanji in its hooves and a necklace with a Pegasus with the Thunder Kanji in its hooves for the pendant, she has on a sleeveless teal shirt with a gold phoenix on it, a pair of blue pants with lightning bolts, blue ankle-high leather combat boots with lightning bolts on them, and a black sleeveless trenchcoat with gold lightning bolts on the coattails and a Pegasus with lightning bolts surrounding it on the back, she has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with gold gems on her wrists, Belt of Elemental Bravery with large gold gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Pegasus that said, "Lightning Dust, Former Member of The Wonderbolts, Leader of The Washouts and Former Rival of Rainbow Dash, Awesome Friend of The Mane 9, Defender of Equestria, Master of Lightning, Slayer of Evil, and Defender of The Skies."

ライトニングダスト、ワンダーボルトの元メンバー、ウォッシュアウトのリーダー、レインボーダッシュの元ライバル、たてがみの素晴らしい友達九、エクエストリアの擁護者、ライトニングのマスター、悪の殺し屋、空の擁護者

Lightning Dust has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL LIGHTNINGSTORM PEGASUS ANGEL OF JUSTICE AND HOPE!

We were amazed by Lightning Dust's Super Angel 750,000,000,000 transformation, but when Dreadwing saw it, he fell into a rage.

Me: Whoa! Lightning Dust transformed!

Eli: Awesome!

Maria: Wow! How do you feel?

Lightning Dust: (Divine Echoing Voice of Lightning and Justice) **I feel amazing guys. Now this is amazing and incredible. Now to take these mutants down.**

Lightning Dust flew at the mutants faster than lightning and smashed them all over with incredible power and smashed them and electrocuted them all over the place with incredible fury!

Eli: Wow! That is fast!

Maria: Lightning Dust, wrap this up so we can go home.

Lightning Dust: **With pleasure.**

Lightning Dust flared up her aura and went at the mutants some more and blasted them all over with lightning while moving faster than the speed of lightning itself.

Eli: WHOA!

Z'neth: Wow! Lightning Dust is really moving fast.

She blasted and electrocuted them all over the place and obliterated them in an instant! Later we were back on Airlandis and I had Eli, Syrus and the Dragon Flyz minus Apex cover their eyes I put on my blind man glasses and snapped my fingers and then Carolyn and Noriko were reverting back.

Carolyn: (regains her hair) Your half brother will be happy to see you again.

Noriko Kaiba: He sure will. And with the powers of his signature monster too.

They were both back to normal and n*** and Maria gave them new clothes.

Noriko Kaiba: Wow! These clothes are amazing.

Maria: I help out in making them. I am one of the heads of the Emergency Gene-Slammer Fashion Brigade. We make new clothes for those that lose clothes after they transform.

Eli: That's right.

Noriko Kaiba: Wow! That is cool.

Carolyn Hope: The new clothes we all make are really stylish.

Me: Yep. And cue Noriko about to change back in 3… 2… 1…

Noriko: (holds head in pain) AT LEAST I KNOW THAT GOZABURO IS DEAD!

Simone: Reign in the power with the strength of your will Noriko. We did it and so can you.

Miranda: Concentrate.

She did so and she was enveloped in a neon sky blue aura and it had powerful lightning around it and the powerful roar of Blue-Eyes White Dragon was heard in the background as it was fully engrafted with her.

Noriko Kaiba: Wow! That was amazing!

Me: Awesome!

Minerva: Way to go Noriko.

Noriko Kaiba: Uh oh! Look out!

Noriko held out her hand and fired a powerful lightning energy blast and it hit a mutant and completely obliterated it in a powerful explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The mutant was dead!

Me: WHOA!

Erica: AWESOME! Nice one Noriko!

Me: Yeah!

Noriko Kaiba: Wow! That was awesome!

Me: It sure was and I also have this for you.

I used my powers and formed a Blue-Eyes White Dragon Duel Disk for her.

Noriko Kaiba: Wow! My own Blue-Eyes White Dragon Duel Disk!

Me: Figured it would be perfect for you.

Noriko Kaiba: Wow!

We later went back and then we had the Dragon Flyz and Airlandis beamed to our Earth and they decided to live on our Earth.

After finally getting rid of Dreadwing for good, Lincoln, Me, Nico, Eli, Nicole, Duncan (Total Drama), Courtney (Total Drama), The Total Drama Crew, Pinkie Pie, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were heading to the world of Sky Dancers, and not only is Lincoln going to rescue the eleven girls there, but we're also going to kill Sky Clone, and we'd also got word that that rageaholic bully Eva is there, and she's helping Sky Clone. But, Pinkie Pie is going to have a few harsh words for her.

---

Sky Clone is an enemy of the Sky Dancers from the Sky Dancers animated series.

Biography

Sky Clone is the eldest son of King Skyhawk. As Sky Clone desired to one day become king, but he knew his father would appoint Skyler to the duty. After Skyhawk's death, Sky Clone sentencing him to the Nether World. Sky Clone soon banded along with a countless supply of Horrorcanes Skyla recruited five teenagers to become the Sky Dancers. Together, the Sky Dancers have thwarted each of Sky Clone's attempts.

The Sky Dancers plotted to kill Skyler by switching guns while hunting for Skeggs. However, Slam was given the duty to watch over Sky Clone, and noticed the switch, informing Skyler and saving his life. The Sky Dancers then combined their abilities, creating a phantasm to haunt Sky Clone unless he stopped conspiring against Skyler.

Lincoln: Wow, we're in the world of Sky Dancers, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're also going to kill Sky Clone, and we'd also got word that that rageaholic bully Eva is there, and she's helping Sky Clone.

Me: That's right, big guy. We got word from the warden at the Uranus Prison that Sky Clone was the one who broke her out of prison.

Nico: That undead bastard's looking at a one-way trip to Oblivion. Plus, Pinkie Pie has a few harsh words to say to that rageaholic bitch Eva.

Duncan (Total Drama): This should be good, dude.

Courtney (Total Drama): I knew her anger would prove to be her undoing, but it looks like she'll never learn.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by Sky Clone and Eva, and they're going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Sky Clone and Eva, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a powerful rainbow energy blast at Sky Clone and Eva, who back away. But, when they saw us, they were completely enraged.

Duncan (Total Drama): You just don't know when to admit defeat, do you, Eva? Even after all the times we've beaten you down, you just don't know when to quit.

Eva (Total Drama): I've lost everything because of all of you, and I won't stop until you are all dead!

?: Too bad that won't be happening.

Suddenly, we saw many figures appear before us. They were Alexis, Angelica, April Blossom, Autumn, Avery, Blaze, Breeze, Camille, Candy Cottontail, Celeste, Coral Gem,Crystabelle,Crystalina, Fern, Florentina, Flutterfly, Gemstar, Glitter, Hollyberry, Ivy Rose, Jade, Lacey, Lily, Madison, Moon Shimmer, Pearl, Primrose, Princess Pegasus, Princess Shimmer, Rosemerry, Rubyglow, Sea Crystal, Sea Starr, Sierra, Slam, Sparkle, Sunbeam, Sunny, Swan Shimmer, and Vanessa, the Sky Dancers.

Me: Whoa, the Sky Dancers.

Slam (Sky Dancers): That's right, J.D. It's a pleasure to meet you.

Me: You too, Slam. It's awesome to meet you all.

Sky Clone: No, the Sky Dancers?! Fine, I'll get rid of you all myself!

Lincoln: Not a chance, Sky Clone. This shall be your last day in this world. (To Eva) And as for you, Eva, don't think you're getting out of this, you're getting a one-way trip back to prison. (To us) Alright, everyone, let's get them!

We unholstered our massive swords from our backs, and we went after Sky Clone and Eva, and we brutally pummeled them both. We also saw the Sky Dancers display their powers by attacking Sky Clone, and it was awesome. Then, Lincoln fired a powerful rainbow energy blast at Sky Clone, which destroyed him and Super Hakaied his spirit for good, and that sent Eva into a psychotic rage until Lincoln punched her real hard in the stomach and sent her flying into a wall, knocking her out and he also stripped her of her immense strength, and bound her in an inescapable straitjacket. Then, Pinkie Pie went up to Eva, and she wasn't happy one bit.

Me: You might want to cover your ears, this is going to get really messy.

Pinkie Pie: No words can describe what kind of rageaholic monster you really are, Eva, but in this case, it must be said, you are A MISERABLE, AGGRESSIVE, PSYCHOTIC, DERANGED, VIOLENT, OVER COMPETITIVE, OUT-OF-CONTROL, ANGER MISMANAGED BITCH!

CLANG!

Our jaws really hit the floor when Pinkie Pie said that and Eva's eyes went wide open, and many of us recorded the reprimand on our phones, and Lincoln went up to Pinkie Pie, and picked her up in his massive and powerful muscular arms and they kissed.

Lincoln: Wow, Pinkie, that was one awesome reprimand you gave Eva.

Pinkie Pie: (Giggles) Thanks, Linky. Besides, Eva was really asking for it.

Lola Loud: Big time.

Suddenly, Eva's shock went right back to rage, but before she could start screaming, Lincoln beamed her back to The Uranus Prison, where she was put in a cell in Maximum Solitary Confinement and she was chained to the wall of her cell, and she was still bound in the rainbow energy straitjacket. Then, Lincoln and Nicole went up to the nine girls located there, and when Lincoln saw them, he recognized them. The nine girls were Rio Rollins Tachibana, Rina Goltschmidt Tachibana, Linda, Rosa Canyon, Elle and Ille Adams, Tiffany Abbot, Yang-Yang, Dana, Queen, and Anya Helsing from Rio: Rainbow Gate.

Lincoln: Oh wow, it's Rio Rollins Tachibana, Rina Goltschmidt Tachibana, Linda, Rosa Canyon, Elle and Ille Adams, Tiffany Abbot, Yang-Yang, Dana, Queen, and Anya Helsing.

Nicole: From Rio: Rainbow Gate, awesome.

Lincoln: Are you girls okay?

Rio Rollins Tachibana: Yes, we're okay, thanks to you.

Then, when Rio Rollins Tachibana and the other ten girls saw who it was that saved them from Sky Clone and Eva, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Rio Rollins Tachibana: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Rio Rollins Tachibana: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we got rid of Sky Clone and sent Eva back to prison after she got a nasty reprimanding from Pinkie Pie and the Sky Dancers became new members of the team, and as another added bonus, Alexis, Angelica, April Blossom, Autumn, Avery, Blaze, Camille, Candy Cottontail, Celeste, Coral Gem, Crystabelle, Crystalina, Fern, Florentina, Flutterfly, Gemstar, Glitter, Hollyberry, Ivy Rose, Jade, Lacey, Lily, Madison, Moon Shimmer, Pearl, Primrose, Princess Pegasus, Princess Shimmer, Rosemerry, Rubyglow, Sea Crystal, Sea Starr, Sierra, Sparkle, Sunbeam, Sunny, Swan Shimmer, and Vanessa joined my harem.

---

After destroying Sky Clone and throwing Eva back in prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Ester, Mina Mongoose, Shade the Echidna, Marine the Raccoon, Belle the Tinkerer, Lanolin, Honey the Cat, Princess Undina, Rio Rollins Tachibana, Rosa Canyon, Anya Helsing, Misato Katsuragi, Lirin, Fumino Furuhashi, Rizu Ogata, Princess Kaguya, and Jessica Harpie were getting ready for their date, this time, it's at Aqua Lake Zone in Mobius.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them, he still had on his jewelry and weapons holstered, in case of trouble.

Ester, Mina Mongoose, Shade the Echidna, Marine the Raccoon, Honey the Cat, Belle the Tinkerer, and Princess Undina were all dressed up in their two-piece bikinis from their last beach date with Lincoln, Lanolin was dressed in a white two-piece bikini with an angel on them, Rio Rollins Tachibana was dressed in a purple two-piece bikini with playing cards on them, Rosa Canyon was dressed in a red two-piece bikini with a movie reel on it, Anya Helsing was dressed in a black two-piece bikini with the flag of Russia on it, Misato Katsuragi was dressed in a black two-piece bikini with a cross on it, Lirin was dressed in a white two-piece bikini with a cross on it, Fumino Furuhashi was dressed in a blue two-piece bikini with stars on them, Rizu Ogata was dressed in a two-piece red bikini with test tubes on them, Princess Kaguya was dressed in a two-piece pink bikini with sakura blossoms on them, and Jessica Harpie was dressed in a red two-piece bikini with the Space Police logo on it.

Lincoln: Well, girls, shall we?

Rio Rollins Tachibana: Of course, Lincoln.

Lincoln and the girls left the Estate, and they headed for their destination: Aqua Lake Zone in Mobius. When they arrived at Aqua Lake Zone, it was a beautiful place with an abundance of operational fountains and water features on the surface areas perfect for swimming.

Rio Rollins Tachibana: Wow, what is this place?

Lincoln: This is the Aqua Lake Zone here on Mobius, I was told about this place by Sonic, and this place is perfect for our date. Shall we?

Honey The Cat: Race ya to the water.

Lincoln and the girls got started and they dived into the operational fountains, and they had a lot of fun. Then, they also took pictures of the place to show the rest of us, since this could potentially be another spot for vacation. Then, they also had some lunch that Lynn Sr. packed, and as the sun was about to set, Lincoln made clones of himself, and they and the girls shared a passionate kiss and hug. Then, they came back to the Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico. We went to The Aqua Lake Zone in Mobius. Take a look at the pictures we took.

Lincoln showed us the pictures of the Aqua Lake Zone, and it was amazing.

Nicole: This is just like I remember them, awesome.

Nico: This is definitely the kind of place to go for a swim. Nice one, Lincoln.

Me: And thanks to you, we just found another place to go to on vacation.

We continued looking at the photos, and listening to Lincoln and the girls on how much fun they had on their date.

* * *

Later, it was time for Rainbow Dash to go on another ambassador mission.

Rainbow Dash: Next time, I'll bring Tchang Zu with me.

Me: Good idea R.D. They will get a kick out of meeting the Demon Sorcerer of Thunder.

Nico: They sure will.

Laney: I think that would be cool.

Brittney: I wish I would go on an Ambassador mission every now and then. I would go meet Hari and Doori.

Me: That's not a bad idea Brittney. They would love to meet you. And your gothic powers are perfect for that.

Brittney: Thanks dad.

Allie Wilde: Be careful out there you two.

Rainbow Dash: We will Allie.

Lincoln: This is gonna be awesome.

Nico: Tell Ash and Ish that I said hey.

Rainbow Dash: Will do.

They opened the portal and went through it.

They arrived.

Ish: Hey guys!

Rainbow Dash: What's up guys!

Ash: Who's this with you?

Rainbow Dash: I'd like you guys to meet my boyfriend.

Lincoln: Sup guys. Lincoln Loud is the name.

Ish: Awesome! It's an honor to meet you Lincoln.

Ash: Same here. Rainbow Dash told us all about you.

Lincoln: I am honored. And it's awesome to meet you both.

Ish: Same here.

Ish: So, have you ever thought about getting married?

Lincoln: Well actually I AM gonna get married in the future.

Rainbow Dash: Lincoln is my future husband.

Ish: Oh wow!

Rainbow Dash: It's a long story.

Lincoln: Yeah on our adventures we have done it all and so much.

Ash: That is amazing. Awesome. And Lincoln do you really have 16 siblings?

Lincoln: I sure do. You would be amazed at what they can do.

Ash: What can they do?

Lincoln: Lori is the eldest and she is the golfer and text master, Leni is the fashionista, Luna is the rock star, Luan is the comedian and jokester, Lynn is the athlete, Liberty is the magician, Lyra is the Mystery Solver, Lee is the fighter, Linka is my Twin that is like a girl version of me, Lucy is the goth and poet, Laney is the artist and reader, Lana and Lola are the twins and Lana likes animals and likes mechanics and getting dirty and Lola is the beauty pageant wiz, Lisa is the genius and scientist and Lily is the photographer.

Ash: WOW! That is amazing!

Then a portal opened up and out came a bunch of robots.

Ish: Wait. Those robots look familiar.

Ash: Those are Wild Card's robots!

Rainbow Dash: Me and Linky can take care of them.

Lincoln: You'll see a demonstration of our powers.

Ash: Awesome!

Rainbow Dash: Watch this!

ZOOM!

Rainbow Dash ran fast and smashed some of the robots with her incredible speed and Lincoln fired a massive blast of lightning and electrocuted the robots and destroyed them all over and blew them to scrap metal!

Ish: WHOA!

Ash: Awesome!

Ish: Maybe I should buy a gun to blow Wild Card's brains out if he ever comes back!

Lincoln: That's too simple.

Ash: Why? I thought all guns kill people.

Rainbow Dash: Not the kinds of villains we face on a daily basis.

Lincoln: You should see what kinds of bad guys we all took down. I even put this together.

Lincoln pulled out a really huge book and it was a gigantic log book of EVERY SINGLE Bad Guy we all either destroyed, arrested, banished to the Warp, Erased From Existence, Sent to The Further and sent to the nuthouse.

Ash: WHOA! That is one huge book!

Ish: And you put all this together?

Lincoln: I've had a lot of free time after we finish our missions.

Rainbow Dash: Awesome.

Lincoln showed them our strongest bad guys we faced and it showed not even bullets can kill them.

Later they came back.

May: How was it this time?

Rainbow Dash: It was AWESOME!

Lincoln: We smashed the robot remnants of Wild Card.

Me: Wow! That was cool!

Nico: Awesome! Great job guys.

Rainbow Dash: Thanks and we showed them this.

Lincoln showed us his gigantic log book he made.

May: WHOA! Lincoln where did you get this book?

Rainbow Dash: He put it all together himself.

Lincoln: I've had a lot of free time. It's a compendium of all the bad guys we faced over the years.

Me: Wow! Very well made and well organized. All the info on every villain we took down is all in here.

Nico: It sure is.

---

Later it was time for the 1st Day of Hanukkah.

Poromon, Manaphy, Poliwag, and Horsea: HAPPY 1ST DAY OF HANUKKAH, EVERYBODY!

Mr. Krabs: Thanks, lads!

Me: I always am very fascinated with Hanukkah though.

Rarity: Forgive me for being rude but what is Hanukkah?

Me: Hanukkah is like the Jewish version of Christmas. There's a huge history behind it that dates back to over 2,000 years ago.

Libby: And it is amazing. I am Jewish myself and I am excited for this.

Krusty then appeared.

Krusty: Hey hey kiddies. (Goofy Laughter) You excited to celebrate the first day of Hanukkah?

Eli: I sure am Krusty.

Me: I'm not Jewish myself as I am Christian but I find it to be very amazing and interesting. Today we light the first candle for the 8 days of Hanukkah.

Laney: Cool!

We lit the first candle of the Menorrah.

Libby: (Speaking Hebrew) בָּרוּךְ אַתָּה, יְיָ אֱלֹהֵינוּ, מֶלֶךְ הָעוֹלָם, שֶׁהֶחֱיָנוּ וְקִיְּמָנוּ וְהִגִּיעָנוּ לַזְּמַן הַזֶּה. (Blessed are You, Adonai our God, Sovereign of all, who has kept us alive, sustained us, and brought us to this season.)

The first candle was lit and the 8 days of Hanukkah are on.

Fluttershy: What is the history of Hanukkah?

Me: It's a very big story that takes place back in 167 B.C., over 2,100 years ago. It was because of an event called The Maccabean Revolt.

I went over what it was.

---

The **Maccabean Revolt** (Hebrew: מרד החשמונאים ) was a Jewish rebellion led by the Maccabees against the Seleucid Empireand against Hellenistic influence on Jewish life. The main phase of the revolt lasted from 167-160 BCE and ended with the Seleucids in control of the country, but conflict between the Maccabees, Hellenized Jews, and the Seleucids continued until 134 BCE, with the Maccabees attaining independence by the end. King Antiochus IV Epiphanes launched a massive campaign of repression against the Jewish religion in 168 BCE. The reason he did so is not entirely clear, but it seems to have been related to the King mistaking an internal conflict among the Jewish priesthood as a full-scale rebellion. Jewish practices were banned, Jerusalem was placed under direct Seleucid control, and the Second Temple in Jerusalem was made the site of a syncretic Pagan-Jewish cult. This repression triggered exactly the revolt that Antiochus IV had feared, with a group of Jewish fighters led by Judas Maccabeus (Judah Maccabee) and his family rebelling in 167 BCE and seeking independence. The rebels as a whole would come to be known as the Maccabees, and their actions would be chronicled later in the books of 1 Maccabees and 2 Maccabees.

The rebellion started as a guerrilla movement in the countryside, raiding towns and terrorizing Greek officials far from direct Seleucid control, but it eventually developed a proper army capable of attacking the fortified Seleucid cities. In 164 BCE, the Maccabees captured Jerusalem, a significant early victory. The subsequent cleansing of the temple and rededication of the Altar on 25 Kislev it the source of the festival of Hanukkah. The Seleucids eventually relented and unbanned Judaism, but the more radical Maccabees, not content with merely reestablishing Jewish practices under Seleucid rule, continued to fight, pushing for a more direct break with the Seleucids. Judas Maccabeus died in the Battle of Elasa against the Greek general Bacchides and the Seleucids reestablished direct control for a time, but remnants of the Maccabees under Judas's brother Jonathan Apphus continued to resist from the countryside. Eventually, internal division among the Seleucids and problems elsewhere in their empire would give the Maccabees their chance for proper independence. In 141 BCE, Simon Thassisucceeded in expelling the Greeks from their citadel in Jerusalem. An alliance with the Roman Republic helped guarantee their independence. Simon would go on to establish an independent Hasmonean kingdom. The revolt had a great impact on Jewish nationalism, as an example of a successful campaign to establish political independence and resist governmental anti-Jewish suppression.

Beginning in 338 BCE, Alexander the Great began an invasion of the Persian Empire. In 333-332 BCE, Alexander's Macedonian forces conquered the Levant and Palestine. At the time, Judea was home to many Jews who had returned from exile in Babylon thanks to the Persians. At the partition of Alexander's empire in 323 BCE after Alexander's death, the territory was given to what would become Ptolemaic Egypt. Another of the Greek successor states, the Seleucid Empire, would conquer Judea from Egypt during a series of campaigns from 235-198 BCE. During both Ptolemaic and

Seleucid rule, many Jews learned Koine Greek, especially upper class Jews seeking favor with the government and Jewish minorities in towns further afield from Jerusalem and more attached to Greek trading networks. Greek philosophical ideas spread through Palestine as well. A Greek translation of the scriptures, the Septuagint, was also created during the third century BCE. Most Jews adopted dual names with both a Greek name and a Hebrew name, such as Jason and Joshua. Still, many Jews continued to speak the Aramaic language, the language that descended from what was spoken during the Babylonian exile.

In general, the ruling Greek policy during this time period was to let Jews manage their own affairs and not interfere overtly with religious matters. Greek authors in the third century BCE who wrote about Judaism did so mostly positively. Cultural change did happen, but was largely driven by Jews themselves inspired by ideas from abroad; Greek rulers did not undertake explicit programs of forced Hellenization. Antiochus IV Epiphanes came to the throne of the Seleucids in 175 BCE, and did not change this policy. He appears to have done little to antagonize the region at first, and the Jews were largely content under his rule. One element that would come to later prominence was Antiochus IV replacing the high priest Onias III with his brother Jason after Jason offered a large sum of money to Antiochus.[6] Jason also sought and received permission to make Jerusalem a self-governing *polis*, albeit with Jason able to control the citizenship lists of who would be able to vote and hold political office. These changes did not immediately appear to rouse any particular complaint from the majority of the citizenry in Jerusalem, and presumably he still kept the basic Jewish laws and tenets. Three years later, a newcomer named Menelausoffered an even larger bribe to Antiochus IV for the position of high priest. Jason, resentful, turned against Antiochus IV; additionally, a rumor spread that Menelaus had sold golden temple artifacts to help pay for the bribe, leading to unhappiness, especially among the city council Jason had established. This conflict was largely political rather than cultural; all sides, at this point, were "Hellenized", content with Seleucid rule, and primarily divided over Menelaus's alleged corruption and sacrilege.

In 170-168 BCE, the Sixth Syrian War between the Seleucids and the Ptolemaic Egyptians arose, for unclear reasons. Antiochus IV led an army to attack Egypt. On his way back through Jerusalem after the successful campaign, High Priest Menelaus allegedly invited Antiochus inside the Second Temple (in violation of Jewish law), and he raided the temple treasury for 1800 talents. Tensions with the Ptolemaic dynasty continued, and Antiochus rode out on campaign again in 168 BCE. Jason heard a rumor that Antiochus had perished, and launched an attempted coup against Menelaus in Jerusalem. Hearing of this, Antiochus, who was not dead, apparently interpreted this factional infighting as a revolt against his personal authority, and sent an army to crush Jason's plotters. From 168-167 BCE, the conflict spiraled out of control, and government policy radically shifted. Thousands in Jerusalem were killed and thousands more were enslaved; the city was attacked twice; new Greek governors were sent; the government seized land and property from Jason's supporters; and the Temple in Jerusalem was made the site of a syncretic Greek-Jewish religious group, polluting it in the eyes of the devout Jews. A new citadel garrisoned by Greeks and pro-Seleucid Jews, the Acra, was built in Jerusalem. Antiochus IV issued decrees officially suppressing the Jewish religion; subjects were required to eat pork and violate Jewish dietary law, work on the Jewish Sabbath, cease circumcising their sons, and so on. The policy of tolerance of Jewish worship was at an end.

In the narrative of I Maccabees, after Antiochus IV issued his decrees forbidding Jewish religious practice, a rural Jewish priest from Modiin, Mattathias (Hebrew: Matityahu) the Hasmonean, sparked the revolt against the Seleucid Empire by refusing to worship the Greek gods. Mattathias killed a Hellenized Jew who had stepped forward to take Mattathias' place in sacrificing to an idol as well as the Greek officer who was sent to enforce the sacrifice. Afterwards, he and his five sons fled to the nearby mountains, which sat directly next to Modiin.

After Mattathias' death about one year later in 166 BCE, his son Judas Maccabeus (Hebrew: Judah Maccabee) led a band of Jewish dissidents that would eventually grow into an army. While unable to directly strike Seleucid power at first, Judas's forces could maraud the countryside and attack Hellenized Jews, of whom there were many. The Maccabees destroyed Greek altars in the villages, circumcised boys, and drove Hellenized Jews into outlawry. Judas's nickname "Maccabee," now used to describe the Jewish partisans as a whole, is taken from the Hebrew word for "hammer"; the term "Maccabee" or "Maccabeus" was also used as an honorific for Judas's brothers as well.

Judas's campaign in the countryside became a full scale revolt. Maccabean forces employed guerrilla tactics emphasizing speed and mobility. While less trained and under-equipped for pitched battles, the Maccabees could control which battles they took and retreat into the wilderness when threatened. They defeated two minor Seleucid forces at the Battle of Ma'aleh Levona in 167 BCE and the Battle of Beth Horon in 166 BCE. Toward the end of summer in 165 BCE, Antiochus IV departed for Babylonia in the eastern half of his empire, and left Lysias in charge of the western half as regent. Shortly afterward, the Maccabees won a more substantial victory at the Battle of Emmaus. The factions attempted to negotiate a compromise, but failed; a large Seleucid army was sent to quash the revolt. After the Battle of Beth Zur in 164 BCE as well as news of the death of Antiochus IV in Persia, the Seleucid troops returned to Syria.[11] The Maccabees entered Jerusalem in triumph. They ritually cleansed the Second Temple, reestablishing traditional Jewish worship there; 25 Kislev, the date of the cleansing in the Hebrew calendar, would later become the date when the festival of Hanukkah begins. Regent Lysias, preoccupied with internal Seleucid affairs, agreed to a political compromise that revoked Antiochus IV's ban on Jewish practices. This proved a wise decision: many Hellenized Jews had cautiously supported the revolt due to the suppression of their religion. With the ban retracted, their religious goals were accomplished, and the Hellenized Jews could more easily be potential Seleucid loyalists again. The Maccabees did not consider their goals complete, however, and continued their campaign for a starker break from Greek influence and full political independence. The rebels suffered a loss of support from moderates as a result.

With the rebels now in control of most of Jerusalem and its environs, a second phase of the revolt began. The rebellion had additional resources, but also additional responsibilities. Rather than being able to retreat to the mountains, the rebels now had territory to defend; abandoning cities would leave their loyalists open to reprisals if the pro-Seleucid forces were allowed to take control again. As such, they focused on being able to win open battles, with additional trained heavy infantry. A civil struggle of low-level violence, reprisals, and murders arose in the countryside, especially in more distant areas where Jewish people were in the minority. Judas launched expeditions to these regions outlying Judea to fight non-Jewish Idumeans, Ammonites, and Galileans. He recruited devout Jews and sent them into Judea to concentrate his allies where they could be protected, although this influx of refugees would soon create food scarcity issues in the land the Maccabees held.

In 162 BCE, Judas began a long siege of the fortified Acra citadel in Jerusalem, still controlled by Seleucid loyalist Jews and a Greek garrison. Regent Lysias, having dealt with rivals back in Antioch, returned to Judea with an army to aid the Seleucid forces. The Seleucids besieged Beth-Zur and took it without a fight, as it was a fallow year and food supplies were meager. They battled Judas's forces in an open fight at the Battle of Beth Zechariah next, with the Seleucids defeating the Maccabees. Judas's younger brother Eleazar Avaran died in battle after bravely attacking a war elephant and being crushed. Lysias's army next besieged Jerusalem. With supplies of food short on both sides and reports of a political rival returning from the eastern provinces to Antioch, Lysias decided to sign an agreement with the rebels and confirm the repeal of the anti-Jewish decrees; the rebels, in return, abandoned their siege of the Seleucid Acra. Lysias and his army then returned to Antioch, with the province officially at peace, but neither the Hellenized Jews nor the Maccabees laid down their arms.

At some point from 163-162 BCE, Lysias ordered the execution of despised High Priest Menelaus as another gesture of reconciliation to the Jews. Shortly afterward, both regent Lysias and 11-year old king Antiochus V were executed after losing a succession struggle with Demetrius I Soter, who became the new Seleucid king. In the winter of late 162 BCE to early 161 BCE, the Seleucids appointed a new high priest, Alcimus, to replace Menelaus and sent an army led by their general Bacchides to enforce Alcimus's station. Judas did not give battle, perhaps still rebuilding after his defeat at Beth Zechariah. While Alcimus was accepted into Jerusalem, violent tensions between the Maccabees and the Hellenized Jews continued. Bacchides returned to Syria, and a new general, Nicanor, was sent instead. A truce was briefly made between Nicanor and the Maccabees, but was soon broken. Nicanor gained the hatred of the Maccabees after reports surfaced that he had blasphemed in the Temple and threatened to burn it. Nicanor took his forces into the field, and fought the Maccabees first at Caphar-Salama, and then at the Battle of Adasa in late winter of 161 BCE. Nicanor was killed early in the fight, and the rest of his army fled afterward.

Judas also negotiated with the Roman Republic and extracted a vague agreement of potential support. While this would be cause for caution to the Seleucid Empire in the long term, it was not a particular concern in the short term, as the Romans would be unlikely to intervene if the Judean unrest could be decisively crushed.

When I was done everyone was amazed and shocked.

Nico: Wow!

Lana: That is amazing.

Laney: It sure was.

Me: Yep. And it was because of the Maccabean Revolt back in 167 B.C. that lead to Hanukkah being born. The holy temple of Jerusalem was destroyed as a result and so was the menorah. They also only had enough oil to burn in it for one day and it would take 8 days to make more.

Lily: So they needed a miracle.

Me: Yep. And after 8 days passed the flame was still burning. That was a true act from God.

Libby: That is right J.D.

Krusty: Very important part of our religion.

Tommy Pickles: Really amazing too.

Luan was out on a walk and enjoying the day to get some fresh air.

Luan: Boy it sure is a beautiful day.

Luan was walking along and then suddenly she saw her friend Nikki Lemmington come and she was in a state of terror!

Luan: Nikki?

Nikki Lemmington: Luan! My mother is insane! She's trying to kill me!

She hugged Luan.

Luan: Oh man!

She called the GSPO.

(SIREN WAILS)

They got out and went to her.

Keiichiro: Excuse me, ma'am. We're from the GSPO.

Nikki's mom: What do you want?

Tsukada: A friend of ours called us. Something that concerns your daughter.

Nikki's mom: Don't believe her! My daughter is possessed by the Devil!

Sakuya: That's a little harsh, don't you think?

Nikki's mom: You all are possessed by the Devil too! You must be cleansed!

Nikki's mom tried to stab Sakuya with her cross but he avoided it!

Sakuya: Hey! Are you trying to stab me?!

Tsukasa: Ok! That's pushing it too far!

Keiichiro: By the authority of the GSPO, you're under arrest!

And they slapped the cuffs on her and took her away.

---

Later we were watching TV and Luan came in with Nikki.

Luan: Nikki it's okay.

Spike: Hey, Luan. Who's this?

Me: Nikki? Are you all right?

Nikki was crying.

Lori: Oh man something happened.

Luan: It's her mother. She tried to kill her!

We gasped!

Me: Why would she do that!?

Luan: She thought that Nikki was possessed by a demon and she tried to do an exorcism. She sharpened the bottom of a cross to a point and she was going to kill her with it!

We gasped again!

Laney: She has totally lost her mind!

Headstrong: It's like Margaret White all over again!

Carrie White: But not with hundreds of people dying and a town going up in flames.

Laney: Thank goodness.

Nikki Lemmington: (Crying) I can't go back home!

Me: Nikki it'll be okay. You can live here with us from now on. Your mother is completely insane.

Eli: Look here!

We saw what was happening on the news with the PatRangers arresting her and we saw Nikki's mother Carla Lemmington standing before the judge and he found her criminally insane and she was committed to a maximum security insane asylum for life with no possibility of release.

Me: Whoa!

Laney: I have seen something like this before. She has what's called Religious Ideation.

Me: Yeah I know what that is like. I have seen it in documentaries before myself.

Luan: I'm sorry Nikki. Your mother is too dangerous to be let out.

Me: Yeah.

William: Wait. You guys were the ones that brought in Nikki's mom?

Tsukasa: What are friends for?

Keiichiro: Not to mention it's our duty to help people in need.

Sakuya: I still can't believe she tried to stab me!

Me: She tried to stab you!?

Nico: She has flipping her lid!

Pipes: Wait. How did she get arrested?!

Luan: I called the police on her. I was out on a walk when I saw Nikki come out in fright.

Pipes: Oh. Good thinking Luan. And it looks like the PatRangers answered the call.

Me: Luan told me that she wanted to get some fresh air and go out on a walk.

Nico: That makes sense.

Carly and Misty came.

Misty Tredwell: We heard what happened. Is Nikki okay?

Luan: She'll be all right.

Me: Her mom tried to kill her.

Carly Atlas: Oh man! That's horrible! Why would she do that?

Me: She thought Nikki was possessed by a demon.

Carly Atlas: She is crazy! Sure we have seen a lot of demons and spirits and monsters but someone like Nikki's mom thinking that her own daughter is possessed by one!?

Eli: She totally lost her marbles.

Nikki Lemmington: I tried to tell her that there was no such things as demons and ghosts but she thought I was the Devil himself. (Sniffles) She is completely crazy! (CRYING HARD)

Me: (Hugs her and comforts her) Nikki it'll be all right.

Laney: Poor Nikki.

Tania: J.D., it's your turn to lead today.

Me: I know Tania and I have just the mission. We've been invited to a special art unveiling Gala at the Gotham Royal York Art Museum. But for some reason all the art is disappearing.

Nico: Is it an art theft?

Me: Don't know. But we'll find out when we learn more about it.

Koragg, Fixer, Multiplex, Jack O Lantern, Mortal Kombat Scorpion, Oculous, 2016 Morbucks, Spot, Magneto, and Juggernaut then appeared,

Jack O Lantern: Can me, Koragg, Fixer, Multiplex, Mortal Kombat Scorpion, Oculous, 2016 Morbucks, Spot, Magneto, and Juggernaut

Me: You all sure can.

Fixer: Awesome! (Sees Nikki crying into my chest) Oh man what's wrong with her?

Fluttershy beckoned him and whispered into his ear and he was shocked!

Fixer: Oh no. Poor thing.

Me: Yeah her mom went bonkers.

I told them everything.

Apple Bloom: Poor Nikki. But she will be all right?

Me: She will.

Rainbow Dash: We better get her settled in. Pickle & Barley Barrel front and center!

They came.

Pickle Barrel: Reporting for duty Captain Rainbow Dash!

Barley Barrel: What is it ma'am!

Rainbow Dash: I have a task for you both. Can you take Nikki here to her room and get her settled in and help her get through this?

Pickle Barrel: Yes Ma'am!

Barley Barrel: You can count on us captain!

Me: Nikki you go get settled into your room and we'll help you out later when we get back okay?

Nikki Lemmington: (Sniffles) Okay.

Nikki went with Pickle & Barley Barrel and she was crying hard.

Nico: Poor girl.

Me: Yeah seeing her cry is making my heart hurt.

Spot: Nikki doesn't even have powers yet!

Me: Jonathan she is in a very fragile state and she needs all the help she can get.

Eli: Her own mother tried to kill her. She is completely insane.

Spot: Oh man. Sorry guys. I didn't know.

Me: It's all right but she is also our friend.

Koragg: What happened to her mother?

Me: She was sent to a maximum security insane asylum for the rest of her life.

Spot: Good.

Before we were about to head for the museum, we were contacted by King Kai.

King Kai: (Telepathically) J.D., can you hear me?

Me: King Kai, what's up? Is Salazar the Pushy on the move?

King Kai: (Telepathically) Yep, because of what Yakko and Wakko did to Android 19 and F.A.N.G., Salazar was sent into a blind rage, and he's heading there himself to get his revenge on you guys himself.

Dot Warner: Which means it's time for my transformation, and Yakko and Wakko are also joining in on the fight against Salazar.

Nico: That's right.

Lola Loud: And we'll finally be rid of Salazar the Pushy for good.

Twilight Sparkle: Can someone tell us about Salazar, it sounds like he's bad news.

Lincoln: Of course, Twilight, and you're right, Salazar is bad news.

Lincoln proceeded to tell everyone who wasn't with us about Salazar, and they weren't going to like it one bit.

King Salazar

King Salazar (also simply known as Salazar) is the main antagonist of the Animaniacs film Wakko's Wish. He is the greedy and arrogant king of Warnerstock.

He was voiced by Paxton Whitehead, who also played Dr. Phillip Barbay in Back to School.

History

Upon the death of the king, Sir William the Good, Warnerstock enters a state of civil war. Taking advantage of the situation, the neighboring fictional kingdom of Ticktockia (a parody of Time Inc., at the time of its merger with Warner Communications), lead by King Salazar the Pushy, takes over Warnerstock, and makes all its people poor and miserable due to overtaxing.

Three orphans, Yakko, Wakko, and Dot Warner, are particularly troubled, as Dot needs an operation.

Wakko, saddened about Dot's illness, tries wishing upon a star. A fairy (who calls himself a "desire fulfillment facilitator") falls from the star he picks and explains that Wakko had just chosen the only wishing star in the sky. The star itself (which Rita and Runt witness) falls shortly after in the mountains and the fairy tells Wakko that whoever touches the star first gets one wish. The following morning, the siblings tell the whole town about the star in their excitement, which makes them all rush towards the glow in the mountains. King Salazar finds out about the star, orders Taxman Plotz to stop the

Warners from reaching the star alive, and orders his troops to head to the star first and secure it. When he learned they escaped, he remarks "Just like their parents, I should've gotten rid of those kids years ago when I had the chance.", hinting that he probably killed their parents during his invasion. As the King approaches the star and is about to make his wish, that the Warners would leave him alone forever, the Warners show up, and he tries shooting them himself with a cannon. He misses, but Dot seems mortally wounded by the force of the explosion created when the cannonball hits the ground. Wakko seizes his chance to head to the star, and Yakko drops behind, trying to convince Dot that she can make it. Yakko then tells Dot the story of how Dot was born one last time, Dot then seemingly dies, causing the people of Acme Falls to cry in sorrow, along with some of the royal army, who become furious with King Salazar for his cruel nature. As everyone turns on the King, Wakko reaches the star. Dot reveals that she had been acting and was not actually injured, while Wakko wishes for two ha'pennies.

They then boot Salazar out of their palace (literally) where he is attacked by his own dogs. It was revealed that he killed Yakko, Wakko and Dot's parents and took the castle and threw the three kids away to the orphanage to be sure to not see them again.

It is unknown what has happened to Salazar afterwards.

---

When Lincoln was finished, everyone who wasn't with us were disgusted by Salazar's actions.

Rarity: That man is nothing but a monster.

Applejack: What a side-winding, greedy, snake in the grass.

Vegeta: And to make it worse, he was the one who killed the Warner Siblings' parents, usurped the throne of Acme Falls, and sent them to the orphanage. He's nothing but a greedy usurper driven by jealousy and envy, and he enjoyed the pain and suffering of others for his sick amusement.

Goku: What he did has proved what kind of greedy slimeball he really is.

Yakko Warner: Salazar's plagued us for the final time. Mom, Dad, if you're hearing this, I swear we will make that monster Salazar pay with his miserable life for murdering you both.

Wakko Warner: He'll die a horrible death and be banished to Oblivion for all eternity.

Dot Warner: And the last thing he'll see is his own blood being spilled on the field of battle, and his crimes will come back to haunt his miserable soul for the rest of his life.

Me: This should be good.

Lincoln: You said it.

Me: Yep. Lets head out.

We were off to the museum.

## GOTHAM ROYAL YORK ART MUSEUM

We arrived at the museum.

Flash Man: Here we are.

Me: Yep welcome to the Gotham Royal York Art Museum.

We went in and we saw a lot of people there. We also saw the Chief. And he was talking with a woman.

Chief (Secret Squirrel): (Tony Jay Voice) As you may know I am in charge of security for this entire gala. But enough about me, have you ever thought about considering getting into (Chuckles) undercover work?

We went up to him.

Me: Hello Chief.

Chief: Ah good evening Team Loud Phoenix Storm and of course Happy 1st Day of Hanukkah to you Libby, Krusty and Tommy Pickles and family.

Krusty: Thanks Chief.

Libby: Thank you Chief.

Multiplex: I'll post some clones to add more to security.

Me: Good idea.

Chief: Thank you all for coming to this gala.

Me: Wouldn't miss it for anything Chief.

Multiplex put up a lot of clones.

?: Ladies and gentlemen.

We saw the caretaker of the museum.

Caretaker: May I have your attention. This is the moment you've all be waiting for. The unveiling of our museums most famous and nearly last piece of art you see.

He pulled a cord and lifted the sheet and we saw that IT WAS GONE!

We all gasped in shock!

Caretaker: Not again!

Me: Boy all the art in this museum was stolen!

Nico: Who could be doing this?

Laney: No idea.

Bone Chompy was confused as to who did this.

Chief: Hmm.

He had his bowtie turn into a radio.

Chief: Come in Secret Squirrel.

A squirrel ice sculpture shook and then shattered as Secret Squirrel appeared.

Secret Squirrel: Agent 000 Secret Squirrel reporting for duty.

Morocco Mole popped out of the punch bowl.

Morocco Mole: Likewise, Morocco Mole.

Me: Nice entrance Secret.

Secret Squirrel: Thank J.D. And Nico was that you this time?

Nico: Nope it was Chief. (Imitating Chief) That was a good imitation the last time though.

Chief: (Laughs) That is a good imitation.

Me: I thought so too.

Chief: Secret, nearly all the Museum's priceless artwork has disappeared. Your assignment: Recover the pilfered paintings and apprehend this artful villain.

Me: Looks like we have a big job to do.

2016 Morbucks: How about we get something to eat? Can't investigate on an empty stomach.

Me: Yeah we haven't had anything to eat. Luckily I always pack provisions.

I pulled out a scroll and unsealed a bunch of pizzas and we dug right in.

We were sitting at a table.

Quake Woman: (to Kaiba) You glad to have your half sister back in your life?

Seto Kaiba: I sure am Quake Woman.

Mokuba: Now we have more reason to hate Gozaburo Kaiba even more.

Me: Let me guess, for not telling you about Noriko in the first place.

Seto Kaiba: That's right.

Minerva: I don't blame you at all for that.

Maiden of The Moonlight: Me neither.

Me: Same with me.

Oculous: She's been watching all of your duels.

Noriko Kaiba: And you did really well in all of them bro.

Seto Kaiba: I'm glad you think that Noriko.

Me: Yeah they are amazing too.

Hornet Man: So, anyone want to call Nikki and ask how she's doing?

Luan: I'll call her.

Hornet Man: Okay.

Luan pulled out her cell phone.

Back in the World Tree Estate, Pickle & Barley Barrel were helping Nikki. They helped her stop crying and she was starting to feel right at home.

Pickle Barrel: At least you are getting better.

Nikki Lemmington: Yeah. (Sniffles) I'll be all right.

Barley Barrel: Do you hate your mother for what she did?

Nikki Lemmington: No I can never hate my mom for what she did. I know she has lots of problems and that it's not her fault.

Pickle Barrel: Well we hope she gets the right help she needs.

Nikki's phone rang?

Nikki answered it.

Nikki Lemmington: Hello?

Luan: Nikki it's Luan.

Nikki Lemmington: Hey Luan. Thanks for helping me out today.

Luan: You're welcome. Are you feeling better?

Nikki Lemmington: Yes I am. I'm almost there. I'm still hurting on the inside but Pickle & Barley are both really helping me out. They are great friends like you.

Luan: I'm glad they are. Thank goodness I was in the right place.

Nikki Lemmington: Yeah you sure were.

Juggernaut: Ask her if she's ready to join us.

Luan: Do you think you can join us on some of our adventures?

Nikki Lemmington: I would be honored. But I don't have powers like you all do yet.

Luan: Well it'll take time for them to come in. But you'll get them.

Nikki Lemmington: Okay. Thanks for helping me out though Luan. You are a true friend.

Luan: Anytime Nikki.

Frost Man: Now, ask if she wants us to buy her some food from the food court.

Luan: Okay. Are you hungry after what happened?

Nikki Lemmington: I'm starving.

Luan: Okay. We'll bring something back for you.

Rainbow Dash: No sweat. I got this.

ZOOM!

Rainbow Dash had a couple of Ulti-Meatum Burgers with her and went back to the World Tree Estate and got there in 5 seconds and appeared in Nikki's room.

Nikki Lemmington: Wow! That was fast.

Rainbow Dash: Speed is my specialty. (Gives Nikki her meal) There you go Nikki.

Nikki Lemmington: Thanks Rainbow Dash.

Rainbow Dash: No problem.

ZOOM!

She came back.

Magneto: After your ambassador mission, you earned the right to bring food to Nikki.

Rainbow Dash: Thank you.

Luan: Glad you are gonna be all right Nikki.

Nikki Lemmington: Thanks Luan. See you all soon.

Luan: Will do.

They hung up.

Me: I think we're all fed and we are ready.

Nico: Yep.

Me: Lets get to work.

French Narrator: (French Accent) Later.

We were ready.

Secret Squirrel: With everyone gone, we can easily track the thief's trail with my phosphorescent footprint follower.

He activated said gadget and a green light came on and Morocco Mole fell to the floor.

FWOMP!

Me: Wow just like when we were in Daphne's mansion.

Nico: Yep.

Eli: That is still very cool.

Missy: It sure is. Wow.

Bomb Burst: Let's check the perimeter.

Me: Or we can just follow these footprints.

Morocco Mole: But there are far too many feet prints to follow.

Secret Squirrel: Worry not. I'll just filter out everyone elses footprints and filter in the thief's.

He did so and a blue light came on and all we saw were the thief's footprints.

Me: Very clever.

We then followed the footprints until they suddenly stopped.

Me: The footprints end here.

Morocco Mole: Why do the feet prints stop here?

We saw a sculpture move and it trapped Secret Squirrel and Morocco Mole and lifted them up to a door in the ceiling.

Secret Squirrel: That's why.

We followed and then we got into a hidden room and we saw all the stolen art that was taken.

Morocco Mole: Look everyone. It's all the stolen artworks.

Secret Squirrel: Hidden right inside the museum.

Me: The last place anyone would ever think to look or expect.

Voice: Hiding in plain sight is my specialty.

Secret Squirrel: Who said that?

Voice: Why I did Secret Squirrel and I didn't expect to see J.D. Knudson and Team Loud Phoenix Storm with you too. Of course my perplexing pigmentation is imperceptable to your untrained eyes. Perhaps you should take a closer look. Now you don't see me…

A chameleon then appeared.

Chameleon: Now you do.

We saw that it was PANOLEON P. CHAMELEON A.K.A. CHAMELEON!

---

The Chameleon (real name: Panoleon P. Chameleon) is an art-loving sophisticated chameleon and a villain in the titular episode "Chameleon" of the Secret Secret Squirrel segment of the 2 Stupid Dogs series.

He is the criminal mastermind who has pilfered all the art (only) for his own personal collection. He has the ability to blend himself in the fine arts of exquisite beauty.

Then Secret Squirrel and Morocco Mole outsmart him by trapping in a room full of "modern" art, which the Chameleon disliked because he gets deformed from the abstract point of views. Then he was trapped in a falling canvas, and then Secret Squirrel had called it "Still Life, Without Parole".

---

Me: A chameleon!

Chameleon: Yes. Quite the artful type wouldn't you concur?

Secret Squirrel: If you ask me, your composition is crooked.

Chameleon: (Chuckles) Oh my dear Secret, I see you have much to learn about fine art and though capturing you was my own criminal masterpiece I much prefer to pass the time absorbed in the works of the true masters.

He demonstrated his amazing abilities to become part of amazing works of art.

Me: I will say this though Chameleon, you do have a magnificent taste for the great works of the great masters of art from over the centuries.

Laney: Much like how much I do.

Nico: Indeed.

Chameleon: Why thank you very much.

Me: But we still have to fight you!

Chameleon: Time for me to Van Gogh!

He vanished.

William: Dammit! He got away!

Fixer: Let him. WE know how to trap him now.

Secret Squirrel: Fret not everyone.

He handed Lisa, Morocco and all of us that wear glasses strange spectacles.

Secret Squirrel: These Infrared heat-sensitive spectacles will de-camouflage the Chameleon.

Lisa Loud: Very clever.

I turned on my infrared vision.

We looked around and we saw Chameleon in the Mona Lisa.

Morocco Mole: He's lurking in that Leonardo!

Me: Peek a boo Chameleon.

He jumped out.

Secret Squirrel: Give it up Chameleon. This game of hide-n-heat-seek is over.

Chameleon: The game is far from over Secret Squirrel. Cherrio!

He went through a door.

Me: After him!

We chased after him!

Icepick: We need to lure him somewhere.

We saw him go one direction and we went another and in a room we saw no paintings stolen and they were all modern art paintings.

Morocco Mole: Look everyone. None of the paintings in this room have been stolen.

Me: And it's for an obvious reason and it's perfect for a trap.

Jack O Lantern: Now, let's handle these paintings with care.

We put sheets over them.

Me: Okay we're all set. When he sees the modern art we make our entrance.

Secret Squirrel: We're going to paint that looney lizard into a corner.

We hid in the roof.

Secret Squirrel: (Acting) Gosh what great paintings. I've never seen anything like them. These are really good. Really. Anybody who said they love art is really going to love this.

The Chameleon came in.

Chameleon: Where are they!? Where!? Where!?

Secret Squirrel: NOW MOROCCO!

He shut the door and Secret lifted the sheets and the Modern Art was revealed!

Chameleon: (Gasps) Modern art! I LOATHE Modern art!

The spirits of the Magical Titans of The Elements Appeared and swirled around and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we appeared.

Me: Fell right into our trap.

Eli: Good thing these paintings are protected with a force field.

Chameleon: I was wondering why you weren't chasing after me earlier.

Scrapper: It's because we were setting a trap.

Me: And we can see that you really have a strong distaste for Modern Art. Wait Dimitri, you are an artist yourself right?

Dimitri LouSteau: Ah yes I am bro.

Me: I thought so.

Laney: I like both Modern Art and classical art myself and it's cool with me.

Larry 3000: I'm an artist myself.

Koragg: We actually respect your taste for certain art.

Chameleon: Thank you.

Me: Everyone has their own tastes.

Shanan: Yep and I'm an artist myself.

Shanan went over to a beautiful picture of a magnificent alien planet.

Shanan: This is my picture.

Chameleon: That is very well made Shanan. I didn't know you were talented.

Shanan: It's a hobby in my free time.

Mortal Kombat Scorpion: Before we begin, Chameleon, get over here!

He grabbed Chameleon and kicked him and smashed him down.

Chompy Mage: Let's take this somewhere else. We'll get in trouble for damaging anything here.

Me: Good idea. It's a little cramped in here to fight. Lets take this outside. We don't want to damage anything in here.

Chameleon: Agreed.

We went outside.

Me: Much better.

Robo Roxy, Dark Spicer, Trap Jaw, Carmen Dillo, Key, Chemistro, Multiple Man, Boomerang, Iron Lung, and Riddler then appeared.

Me: Robo Roxy, Dark Spicer, Trap Jaw, Carmen Dillo, Key, Chemistro, Multiple Man, Boomerang, Iron Lung, and Riddler.

Robo Roxy: Good thing we're not in the museum.

Trap Jaw: Otherwise, we'd get in trouble.

Me: You're not kidding there.

Carmen Dillo: (to me) Heard you took out a guy named Dreadwing.

Me: Yeah on a Post-Apocalyptic planet Earth set 2,000 years into the Future. Really crazy.

Key: Good job finding Noriko, by the way.

Me: Thanks.

Dark Spicer: (to Eli) Here's your warning: Your ass is about to be kicked!

Eli: Bring it on Redface!

?: He will bring it on.

A figure came out and it was GENERAL SHIFTER from RPM!

---

After Venjix decided that both General Crunch and General Shifter had become obsolete (though this was mostly provoked through their pointing out flaws in Venjix's plans), they were blasted & destroyed. After some time though, both generals were rebuilt and given their positions back in Venjix' evil machine order.

He first fought the Ranger Operators in *Ranger Blue*, defeating Scott and proving himself to be a strong fighter. Later on, Shifter helped create bodies for the Venjix Virus to live in. However, the first few were easily defeated by the Rangers with help from the new Rangers Gold and Silver.

He made an enemy out of Tenaya 7 when he supported Kilobyte's attempts to sabotage her. She sabotaged his newest Generation 16 Venjix Mobile Form to attack Venjix. This lead to him being banished into the wastelands. He took his newest creation with him.

He used this new Hyper Bot to scan the Rangers' defenses, take control of the PaleoMax Megazord and fired a control key into Scott himself. However, thanks to a reformed Tenaya 7, the Rangers gain the ability to override his control of the PaleoMax and form the RPM Ultrazord. With it, they destroy the Hyper Bot.

However, Shifter claims the key of his creation and combines with it, creating a super form in an attempt to defeat the Rangers, including using a mind controlled Scott against them, but Tenaya 15 foils that plot by destroying his remote control. He grows to giant size and while he's able to hold them off their Zords for a short time, they finally form the RPM Ultrazord, which manages to overpower and defeat him, causing him to revert to normal size, where an enraged Scott confronts him. While able to compete with the Red Ranger in single combat, eventually Scott gets the better of him and destroys him with the Street Saber.

It is revealed that his body is created with titanium shielding, explaining his high durability. Venjix has his remains recovered and then has Kilobyte recycle his body to be part of his newest mobile form.

---

Scott Truman: General Shifter!

General Shifter: Been a while rangers.

Me: I remember you! You were one of Venjix's top three generals and were brought back after Venjix blasted you and Crunch.

General Shifter: That's right. Very well done deciphering my origin.

Me: Never missed an episode.

General Shifter: I honestly didn't expect Venjix to become Evox

Me: I know that was REALLY shocking! After everything he did on the world ravaged by Venjix we did not expect him to become Evox.

Nico: Yeah that was crazy!

?: You will soon feel that crazyness!

Me: Oh shit on me and fuck me sideways! I thought I was rid of that voice for good. Come on out Weevil Underwood!

Weevil Underwood came out and he was all mangled and cut up bad.

Yugi: Weevil Underwood!?

Joey: How did you come back?

Me: And from the looks of things, the demons in Hell really did a thorough job messing you up.

Weevil: NO THANKS TO YOU! You don't have any idea what they did to me down there!

Me: You had it coming Weevil. Because you pissed us and a lot of duelists off over the years.

Dark Spicer: He sure did and I have an alien to show you all.

He turned into a new alien. He was a purple version of Shocksquatch but with Tesla Coils on his back and he had lightning blasters on his hands and had the appearance of a gorilla.

Apeshock: Meet Apeshock!

Shanan: Wow! A Hybrid Gimlinopithecus. Awesome choice.

Livewire: Wait. Is this your final new alien?

Apeshock: (solemnly) Unfortunately, yes.

Me: Oh man.

Despite this, Apeshock still managed to fire a blast of lightning at Livewire.

Livewire fired a massive blast of lightning and the blasts of lightning collided and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: AWESOME!

Dark reverted back.

Dark Spicer: (Sadly) Well, that's it. I've got no more new aliens left to show you guys. I know you guys are disappointed. But all good things must come to an end.

Lori: (smiles) At least it literally had a good run.

Me: Yeah you showed MANY awesome hybrid aliens and they all had amazing powers and more. But I do have one more awesome form for you.

Dark Spicer: What's that?

I went over and accessed his Antitrix and then he was covered in a light and he turned into ULTIMATE DARK SPICER!

Dark Spicer: WHOA!

Me: Now you are ULTIMATE DARK SPICER! You have access to all of the powers of your hybrid aliens.

Ben 10,000: It's really awesome.

Dark Spicer: This is amazing! Thanks man.

Me: Anytime.

Dark Spicer: Lets see what it can do. CHERNOBOIL!

He accessed his Hybrid Prypiatosian-B's powers and Dark fired a blast of fire energy and then Maria fired a massive blast of water and the blasts collided and a huge cloud of steam erupted out.

Dark Spicer: AWESOME! Why didn't I think of this?

Me: Thought never came to you.

Shanan: Awesome!

Me: It sure was.

We got the usual battles underway.

Akiza, Rarity, Sweetie Belle, Water Skylanders, Tea, Mai, Serenity, Rebecca, Alexis, Jasmine, Mindy, Blair, Princess Rose, Sarina, Camula, Carly, Misty, Tori, Noriko, Rio, Valon and Tania VS Robo Roxy - The world of Dragon Flyz being a wasteland

---

Robo Roxy was first.

Robo Roxy: (to Akiza) The world of Dragon Flyz really was a wasteland. Especially after what Dreadwing did to it.

Akiza: It wasn't Dreadwing that did it. It was a terrifying cataclysmic event that changed the landscape of the whole planet. It was terrifying.

Rarity: That sure was a terrible event there darling. And it was awful that all that happened in 2,000 years.

Sweetie Belle: Boy it sure was scary. Thank goodness it won't happen.

Gill Grunt: Boy no kidding. I'm glad it won't happen.

Tea: Thank goodness. But it was cool that J.D. and everyone met the Dragon Flyz. They are so awesome.

Mai: They sure are and the way they fly through the air like they do is really awesome.

Serenity: I thought it was cool too.

Rebecca: I think it sure is awesome myself.

Alexis: That is really something if I do say so myself.

Jasmine: It sure is awesome.

Mindy: Yeah I do agree on that.

Blair: That is really cool huh?

Princess Rose: Yeah it sure is cool huh?

Sarina: I'm glad that J.D. and everyone helped the Dragon Flyz out and destroyed Dreadwing for good.

Camula: (Transylvanian Accent) It sure is amazing. I am glad that they no longer have to deal with Dreadwing.

Robo Roxy: You said it. (Realizes something) Wait! CAMULA!? How did you come back?

Brittney came.

Brittney: I brought her back. I should tell you what happened.

---

Brittney: (Voiceover) I went to the ruins of Count Dracula's castle and I saw a coffin with a name on it and it was Camula's coffin. I opened it and in it was Camula's skeleton and it was then that I decided to revive her. I know it sounds crazy but I figured that she would make a great addition to the Masters of Evil.

Brittney looked at the skeleton of Camula and chanted a powerful incantation and it brought Camula back.

CAMULA WAS REVIVED!

Camula: I am back.

Brittney gave Camula some blood from a blood bank.

Camula: Blood.

She bit into the blood pack and drank it all down.

Camula: Ahh. (Sees Brittney) You!?

Brittney: That's right. I revived you.

Camula: But why?

Brittney: Because you deserve a second chance after everything that you went through over the years. What happened to you should have never happened at all. I'm sorry you went through so much persecution and all that. But I understant what you went through. Vampires are not looked at as normal people. I'm sorry that all that happened to you. But you would make a great member of our frenemies in the Masters of Evil. You deserve a much better life than what happened when you were living for all those years.

Camula was touched. She didn't expect a human to show her this kind of kindness. Camula then hugged Brittney and cried.

Brittney: (Voiceover) I figured that Camula would be a great member of the Masters of Evil and I have already given her an amazing archenemy in mind for her when the time came.

FLASHBACK ENDS

Brittney: I chose Shizuka Marikawa as her archenemy.

Robo-Roxy: Wow! A true heart of darkness and a true master of the night can even show compassion to a true creature of the night. That is amazing.

Carly Atlas: It sure is. Awesome job Brittney.

Misty Tredwell: That is a good deed you did.

Brittney: I thought so too. Continue on guys.

Brittney left.

Tori Meadows: This is gonna be awesome having Camula with us and you guys.

Robo-Roxy: It sure is.

Noriko Kaiba: I have a feeling this is gonna be awesome.

Rio: I do too.

Valon: (Australian Accent) It sure will be amazing mates.

Tania: You said it Valon.

Robo-Roxy: I agree. Lets do it!

Akiza: Lets do it! I summon Black Rose Dragon!

Mai: I summon Harpie Lady!

Serenity: I summon Kanan the Swordmistress!

Rebecca: I summon Fire Princess!

Alexis: I summon White Night Dragon!

They fired waves of energy and elements and smashed her down!

Akiza: ALL RIGHT!

Rarity: Rapture darling that was grand!

---

Eddy, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Omi, Kimiko, Clay, Raimundo, Dojo, Star Man and Flash Man VS Dark Spicer - Sad Dark won't show us anymore aliens

---

Dark Spicer was next.

Dark Spicer: (to Eddy) I know you're just as sad as I am about me not having any new aliens left. But if you want, I can reuse said aliens on you guys next year.

Eddy: That would be cool. And Ultimate Dark Spicer is also the next best thing because you have all the powers of your Hybrid Aliens at your command.

Twilight Sparkle: That's right and it's really amazing that you have all those powers too.

Sunny Starscout: Boy it sure is awesome. I think it's awesome myself.

Spyro: You said it Sunny and it's really awesome.

Omi: (Tibetan Accent) I most agree with you there.

Kimiko: That is really awesome though.

Clay: Yeah it sure is pardner.

Raimundo: You got that right.

Dojo: I'll say guys!

Dark Spicer: Yep. Lets do it!

They fired waves of elements and magic and smashed him down.

Eddy: Now THAT'S A victory1

Twilight Sparkle: That was amazing!

---

## Sydney, Starlight Glimmer, Cozy Glow, Undead Skylanders, He-Man, Man-At-Arms, Teela, Bone Chompy and Broccoli Guy VS Trap Jaw - Glad Noriko is back with Seto and Mokuba

---

Trap Jaw was next.

Trap Jaw: (to Sydney) I'm glad Noriko's back with Seto and Mokuba. And this time, they don't have that sorry excuse for a father to mistreat them!

Sydney: Boy you got that right.

Starlight Glimmer: What Gozaburo Kaiba did is absolutely unforgivable and he was a heartless monster.

Cozy Glow: He did worse things than what I did.

Hex: Boy he sure did. But if he does come back he will pay for all his crimes.

He-Man: He sure will and it will not be pretty.

Man-At-Arms: Yeah he sure will pay.

Teela: Absolutely on that.

Trap Jaw: Indeed. Lets do it!

They fired waves of energy, stars, magic and bones and smashed him down.

Sydney: Take that!

Starlight Glimmer: That was amazing!

---

## Fluttershy, Tornado Bolt, Life Skylanders, Static, Gear, Quake Woman and Princess Luna VS Carmen Dillo - 1st Day of Hanukkah

---

Carmen Dillo was next.

Carmen Dillo: (to Fluttershy) How was the first day of Hanukkah? Did you get a good first impression of the holiday?

Fluttershy: I most certainly did. Hanukkah has a very interesting historical background behind it.

Tornado Bolt: It's amazing that it all started back in 167 B.C. and it was after the Maccabean Revolt ended.

Stealth Elf: After King Antiochus IV Epiphanes was driven from the land, the Holy Temple of Jerusalem was destroyed and the Mennorah was broken and put out.

Static: And they only had enough oil to burn in the Menorah for 1 night. And because of that they needed a miracle.

Gear: After 8 days passed the flame was still burning.

Carmen Dillo: That was a true miracle from God.

Fluttershy: That is really amazing.

Carmen Dillo: Does Equestria have its own version of Hanukkah?

Princess Luna: I'm not really sure myself. But that would be a most interesting thing to ask about.

Carmen Dillo: Hmm. It would be interesting if Equestria did. We already know about the Equestria Versions of the 7 Major Holidays: Hearts & Hooves Day which is like Valentines Day, Nightmare Night which is like Halloween, Hearthswarming Eve which is like Independence Day, Thanksgiving and Christmas all in one and Easter and St. Patrick's Day are the same there like on Earth.

Fluttershy: That is true. But I'm not really sure myself if Hanukkah is in Equestria too.

Carmen Dillo: That's all right. But lets do it!

Fluttershy: Go ahead. Make. My. Day.

They fired waves of leaves, flowers, grass and energy and smashed him down.

Fluttershy: That was fun.

T.J. Johnson, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Superman, Hornet Man and Magma Man VS Key - What Nikki's mom did was crazy, her own fear turned her into a total nutjub

---

Key was next.

Key: (to T.J.) What Nikki's mom did was crazy. Her own fear turned her into a total nutjub!

T.J.: No kidding! Her own fear of ghosts, spirits and demons destroyed her sanity.

Sunset Shimmer: We have seen tons of weird things over the years and ghosts, spirits and demons are no exceptions.

Pip-Squeak: (British Accent) But for her mum to try and kill her own daughter is really crossing the line!

Sunburn: No kidding. She needs to be locked up for all of us to be safe.

Superman: J.D. said he saw something like this many times before in documentaries. He said it's called religious ideation and it makes the person that has it very dangerous to other people. Including their own flesh and blood.

Key: That is true. I'm glad Nikki is all right. Lets do it!

They fired waves of fire and energy and smashed him down.

T.J.: OH YEAH!

Sunset Shimmer: That was amazing!

---

Matau, Rainbow Dash, Scootaloo, Air Skylanders, Batman, Superman, Wonder Woman, Clown Man and Frost Man VS Chemistro - Awesome how Rainbow Dash and Lincoln destroyed robots from Wild Card

---

Chemistro was next.

Chemistro: (to Matau) It's awesome how Rainbow Dash and Lincoln destroyed robots from Wild Card. But I have a feeling we'll be dealing with Wild Card himself in the future!

Matau: And when that time comes we'll be ready for them.

Rainbow Dash: But facing all those robots was really awesome.

Scootaloo: One day I should go with Rainbow Dash because I love her like a sister.

Whirlwind: That is true and you look up to Rainbow Dash like a huge mentor and all that.

Batman: That is great though.

Superman: It sure is.

Wonder Woman: It's great too.

Chemistro: That is really awesome. Lets do it!

They fired waves of wind, lightning and rainbows and smashed him down..

Matau: OH YEAH!

Rainbow Dash: That was AWESOME!

Scott Truman, Applejack, Apple Bloom, Earth Skylanders, Naruto, Doubledealer and Bomb Burst VS James Arthur Madrox A.K.A. Multiple Man - Weevil Underwood pissed me off and I used the Seal of Orichalcos on him

---

Multiple Man was next.

Multiple Man: (to Scott) Weevil Underwood really pissed J.D. off. That being said, I don't blame him for using the Seal of Orichalcos on that dirtbag!

Scott Truman: I'm not surprised. Weevil made a TREMENDOUS number of enemies over the years in the worlds of the duels and all that. Many duelists hate his guts.

Applejack: Yeah no kidding. He is an ornery and wily little sidewinder.

Apple Bloom: He sure is. But I just hope that J.D. and the duelists get through to him to help him realize the error of his ways.

Flashwing: Nonetheless, J.D. using the Seal of Orichalcos on Weevil really was terrifying. You should have seen what he did.

Multiple Man: I heard that J.D. got REALLY pissed and his eyes turned red with pure evil and he looked really scary with the Seal of Orichalcos emblazoned in the middle of his forehead.

Naruto: Yeah he sure did. He was a merciless thug against Weevil.

Multiple Man: Remind me never to get on your bro's bad side. Lets do it!

They fired waves of energy, earth, rock and crystal and apples and smashed him down.

Scott Truman: ALL RIGHT!

Applejack: YEEHAW! That was great!

---

Boomerang was next.

Boomerang: (to Nick) (Australian Accent) Pinkie Pie really laid down the law on Eva! That shows that you shouldn't underestimate the silly ones!

Nick Russell: Ain't that the truth! Pinkie Pie really showed Eva who is boss!

Pinkie Pie: It sure was a good smackdown.

Featherweight: Here's a video of it.

Featherweight showed a video on his phone.

---

Then, Pinkie Pie went up to Eva, and she wasn't happy one bit.

Me: You might want to cover your ears, this is going to get really messy.

Pinkie Pie: No words can describe what kind of rageaholic monster you really are, Eva, but in this case, it must be said, you are A MISERABLE, AGGRESSIVE, PSYCHOTIC, DERANGED, VIOLENT, OVER COMPETITIVE, OUT-OF-CONTROL, ANGER MISMANAGED B***!

Our jaws really hit the floor when Pinkie Pie said that and Eva's eyes went wide open, and many of us recorded the reprimand on our phones, and Lincoln went up to Pinkie Pie, and picked her up in his massive and powerful muscular arms and they kissed.

Lincoln: Wow, Pinkie, that was one awesome reprimand you gave Eva.

Pinkie Pie: (Giggles) Thanks, Linky. Besides, Eva was really asking for it.

Lola Loud: Big time.

Suddenly, Eva's shock went right back to rage, but before she could start screaming, Lincoln beamed her back to The Uranus Prison, where she was put in a cell in Maximum Solitary Confinement and she was chained to the wall of her cell, and she was still bound in the rainbow energy straitjacket.

* * *

When it was done, they cheered for Pinkie Pie.

Boomerang: You really showed her mate! Good job there!

Pinkie Pie: Thanks. It was great to let loose on that party pooper.

Sprocket: Never underestimate the silly ones.

Ty: (Australian Accent) You said it mates!

Sly (Ty): (Australian Accent) That was really well done though.

Pinkie Pie: Thanks guys. That was amazing though.

Boomerang: Boy it sure was mate. Lets do it!

They fired waves of energy, metal, gears and lightning and boomerangs and smashed him down.

Nick Russell: YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

Iron Lung was next.

Iron Lung: (to Liam) Chameleon has amazing tastes for great artworks. All except for modern art.

Liam: He does have really good tastes.

Princess Celestia: I do admire his tastes for the works of the greatest artists from over the centuries.

Spotlight: Laney likes his tastes too and she is an artist herself. Same with Shanan, Larry 3000 and even Sunset Shimmer too.

Crimson Chin: That's true.

---

## Tecna, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Batman, Robin, Batgirl, Chompy Mage and Cynder VS Riddler - Amazing how Chameleon likes being in art

---

Riddler was next.

Riddler: (to Tecna) It's amazing how Chameleon likes being in art. After today, we'll have two Chameleons on the team!

Tecna: (British Accent) That is really cool. One that acts like the late Peter Lorre and has the ability to turn into anyone and anything and there is one that has the ability to become part of paints. I think that is amazing.

Princess Luna: That is most amazing and impressive.

Moondust: Shame he doesn't like modern art though but everyone has their own tastes.

Snowdrop: I know and that's fine with me.

Gari: I think he has amazing good taste in all fields of art.

Blackout: He even likes Shanan's artwork too.

Batman: That is true.

Robin: I think all art is great myself.

Batgirl: Indeed.

Riddler: Everyone has their own tastes. Lets do it!

Tecna: That was great!

Princess Luna: A true victory of the night!

---

RPM Rangers, Megaforce Rangers, Nico, Ice Luan, Lana, Lola, Laney, Lucy, Lisa and Lily VS General Shifter

---

General Shifter was next.

Nico: This is gonna be awesome.

Nico teleported and opened his safe and in it were a bunch of swords. They were called the Defenders of The Spirit World, they're for Yusuke Urameshi and his friends, they're large swords with spirits etched on the 6'5" massive, wide, double-edged blades, large angel wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico: Cool!

Nico teleported back with the swords.

RPM Rangers: RPM! GET IN GEAR!

They transformed!

Scott: "Get In Gear! RPM Ranger Red!"

Flynn: "Get In Gear! RPM Ranger Blue!"

Summer: "Get In Gear! RPM Ranger Yellow!"

Ziggy: "Get In Gear! RPM Ranger Green!"

Dillon: "Get In Gear! RPM Ranger Black!"

Gem: "Get In Gear! RPM Ranger Gold!"

Gemma: "Get In Gear! RPM Ranger Silver!"

All: "Rangers, Get In Gear! Power Rangers RPM!"

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

Megaforce Rangers: LEGENDARY RANGER MODE! RPM!

The Megaforce Rangers turned into the RPM Rangers too!

Me: Weevil you made a lot of enemies over the years and that's why you had to answer for your crimes when I used the Seal of Orichalcos on you. Weevil Underwood: Because I had my pride stolen from me!

Me: No you only have yourself to blame for that. I'm sorry I did all that to you but it had to be done to make you understand the error of your ways. But the best way to make you understand more is with a battle of monsters.

Chameleon was knocked down.

We went up to him.

Chameleon: Well? Aren't you going to kill me?

Secret Squirrel: Kill you? We've got a better idea!

Chemistro: You can join the Masters of Evil.

Multiple Man: We already have 1 Chameleon in our ranks.

Boomerang: One more can't hurt.

Iron Lung: Plus, you have the perfect requirements.

Riddler: What do you say?

Chameleon: Hmm. I'm in!

?: I WILL KILL YOU ALL FOR RUINING MY REIGN!

Suddenly, the eight large planets and stars orbing around my legs,

the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Goku: I should've known you'd show up, Salazar the Pushy.

A figure came out of the shadows, and it was none other than Salazar the Pushy.

Me: Salazar the Pushy. We knew you were coming, we'd foiled your assassination/revenge attempts when Yakko and Wakko destroyed Android 19 and F.A.N.G., but they failed and they paid the price for their own individual crimes.

Salazar the Pushy: I HATE YOU ALL SO MUCH FOR RUINING ME!

Our auras flared up and we got a massive power boost from his hatred.

Nico: What an idiot, I think his greed and desire for revenge has destroyed his sanity to the point where he's now become an insane lunatic.

Dot Warner: And I've had it up to hear with this monster to last an eternity.

Suddenly, Dot Warner's eyes turned hot pink, and she was surrounded by a hot pink energy aura with ocean waves and pink flower petals, she had out her massive Defender of Acme Falls mallet, and as she approached Salazar the Pushy, she left hot pink energy, ocean waves, and pink flower petals with every step.

Dot Warner: Salazar the Pushy, your crimes against the people of Acme Falls and murder of both Sir William the Good and Lady Mary the Good will never be forgiven. You caused nothing but pain and suffering to everyone who got in your way, and you don't even care. As the rightful rulers of Acme Falls, you are hereby sentenced to death!

Then, Dot Warner was surrounded by a massive vortex of hot pink energy with ocean waves and pink flower petals surrounding it, there was a hot pink phoenix flying around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Dot Warner emerged, but she was changed forever.

Dot Warner grew to 6'0" in height, she had the body of a goddess, she has anime-style eyes and she has beautiful hot pink eyes and a hot pink energy aura with ocean waves and pink flower petals surrounding her, she has a full head of long black hair and it reached the bottom of her neck, she has hot pink highlights in the bangs of her hair and a pink flower barrette clipped on her hair, she has a hot pink phoenix with ocean waves around it and flower petals in its wings and the Water Kanji in its claws emblazoned on her forehead, she now has on a necklace with a phoenix holding the Water Kanji in its claws for the pendant. Dot Warner has massive midnight black angel wings with hot pink tips on the large black feathers, and her tail's gotten longer for her new body.

Dot Warner now has on a sleeveless white blouse with a hot pink phoenix on it, hot pink skirt with ocean waves on it, hot pink high heels, and a long hot pink sleeveless trenchcoat with ocean waves on the coattails and a phoenix with ocean waves around it and flower petals in its wings and the Warner Bros. logo in its claws on the back. Dot Warner has on her new large cuff Bracelets of the

Champions of The Universe with hot pink gems on his wrists, Belt of Elemental Bravery with large hot pink gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her right hip, she has on hot pink weighted bands on her biceps and thighs, and she has eight large hot pink orbs orbiting around her legs. Her Defender of Acme Falls mallet grew to 6'5" in length as the long black handle grew a little bit longer, the massive gold mallet head grew a little bigger and the oval-shaped gold gems on top of it grew larger and the large gold sphere pommel with surrounding hot pink gems grew a little bigger.

There's a pink kanji below the phoenix with ocean waves around it and flower petals in its wings and the Warner Bros. logo in its claws that said, "Princess Angelina Contessa Louisa Francesca Banana Fanna Bo Besca the Third, also known as Dot Warner, Youngest Sibling of The Warner Siblings, Queen of Acme Falls, Slayer of Evil, Master of Cartoon Logic and Cuteness, Water, and Flowers."

プリンセスアンジェリーナコンテッサルイザフランチェスカバナナファンナボベスカサード、別名ドットワーナー、ワーナー兄弟の最年少兄弟、アクメフォールズの女王、悪の殺し屋、漫画の論理とかわいらしさ、水、花のマスター

Dot Warner's transformed into SUPER ANGEL 750,000,000,000 HOT PINK FLOWER MAELSTROM PHOENIX ANGEL OF OCEANIC COMEDIC JUSTICE!

We were amazed by Dot's Super Angel 750,000,000,000 transformation, but when Salazar the Pushy saw it, he fell into a rage and tried to shoot Dot, but she fired a powerful blast of water and clogged the gun, and when he pulled the trigger, he got blasted by wet gunpowder, and we laughed at that stunt.

Me: (Laughs) Oh man, not only did Dot transform, but that little stunt she did was hilarious.

Nico: You said it, J.D. (To Dot Warner) Dot, how do you feel?

Dot Warner: (Divine Echoing Cosmic Voice of The Oceans and Justice) **I feel incredible, Nico, and now, it's time to punish that vile monster once and for all.**

Yakko and Wakko transformed into their Super Angel 750,000,000,000 forms, and they'd joined Dot, and they went after Salazar, and blasted him with powerful blasts of emerald green, sapphire blue, and hot pink energy, emerald green lightning, sapphire blue fire, and water with hot pink flower petals in them, and they hit Salazar and exploded with incredible power. Then, they unleashed their toon tricks on Salazar by throwing explosives and blunt objects at him, and he screamed in pain. Then, they sent Salazar into the air with one hit from their massive Defender of Acme Falls mallets, as he screamed.

Dot Warner: **And now, this is the end for you once and for all, Salazar the Pushy.**

Yakko Warner: (Divine Echoing Cosmic Voice of The Thunderstorm and Justice) **Let's get him, sibs.**

Wakko Warner: (Divine Echoing Cosmic Voice of Fire and Justice) **Say goodbye, Salazar the Pushy.**

Yakko, Wakko, and Dot Warner: **WARNER BROS. ELEMENTAL DEATHSTORM BARRAGE!**

Yakko, Wakko, and Dot Warner fired a massive barrage of elemental energy blasts at Salazar, and as they hit him, they exploded with incredible power.

***KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Salazar the Pushy: DAMN YOU ALL, TEAM LOUD PHOENIX STORM!

The resulting explosion killed Salazar, and his spirit was Super Hakaied forever. We cheered for what the Warners did, as they powered down, and Dot's new clothes, weapons, jewelry, angel wings, and eight large hot pink orbs orbiting around her legs were permanent.

Lola Loud: Wow, Dot, what you and your brothers did was incredible.

Dot Warner: Thanks, Lola.

Yakko Warner: We did it, sibs. Salazar the Pushy, the most despotic tyrant in Acme Falls is finally dead, and we avenged our parents.

Wakko Warner: And now, Acme Falls has finally seen the last of Salazar for good.

But, Lincoln had a surprise for them as he snapped his fingers, and two beams of light descended on Earth, and when the lights cleared as the divine singing of angels was heard, we saw who Lincoln brought back, it was Sir William the Good and Lady Mary the Good, the Warner Siblings' parents and former King and Queen of Acme Falls.

Yakko Warner: Mom, Dad?

Sir William: (Smiles Warmly) Yes, son, it's us.

This brought smiles and tears to the eyes of the Warners and they then went up to their parents and hugged them, and they went up to Lincoln and hugged him. Sir William and Lady Mary were pleased to meet us, and they knew of our deeds and what we did in getting rid of Salazar years ago, and they know their kids have made them proud in becoming the Kings and Queen of Acme Falls.

Koragg: (To the viewers) Boy this was one amazing adventure of awesome action. Hope you all liked it.

We put all the paintings in the museum back and they were all grateful to all of us.

Secret Squirrel: (To the viewers) Art is also treasure to the world that part of our history. It's very amazing.

We later went back home and then we went to sleep.

THE END

Another awesome Secret Squirrel Chapter done.

Secret Squirrel facing the Chameleon was a great episode and it was awesome that Roddy McDowwell voiced Chameleon in this one. I thought it was amazing myself. And his respect for the great artworks of the famous masters was awesome. The first part was for the awesome show Dragon Flyz and it was awesome how they battled all those awful monsters. The second part was for the show Sky Dancers. Awesome show even though I never saw it. Today is also the 1st day of the 8 Days of Hanukkah and even though I'm not Jewish, I still think it's really cool to learn all about it. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys and thanks to the Guest reviewer for this. Me: And cue Jeanne holding her head in pain in 3… 2… 1…

Jeanne: (holds head in pain) I'M GLAD EVIL PUFF ISN'T AROUND TO SEE THIS!

Simone: Reign in your Alpha Blogg side with the strength of your will Jeanne. We did so with our powers and you can too.

Miranda: That's right. You can do it.

Gina Pele: Concentrate.

Jeanne did so and then she glowed in a forest green aura and she was fully engrafted with her Alpha Blogg powers.

Jeanne: Whoa! What kind of creature is Alpha Blogg anyway?

Me: It's a sea creature that comes from Torvus Bog on the planet Aether. Samus Aran faced one and it was a deadly creature.

Eli: Yeah it's true.

Allie Wilde: Gave her a dangerous challenge.

Maria: Boy it sure did. I saw Nicole face one as she was playing Metroid Prime 2: Echoes and that was crazy.

Jeanne: Wow! I haven't played the Metroid series in a long time.

Lyra Heartstrings: J.D.'s daughter Nicole is called the Goddess of Video Games. You would love her.

Jeanne: Awesome.

We later went back home and told everyone everything. Even Mrs. Puff at the estate couldn't believe it! We showed her what that version of her looked like and she was shocked. Twilight Sparkle was amazed that her friends all transformed and she was really proud of them.

---

After stopping an insane Mrs. Puff from killing SpongeBob, Lincoln, Me, Nico, Eli, Nicole, Lily Loud, and Ghost Rider were heading to

Moana's home, and not only is Lincoln going to rescue the eleven girls there, but we're going to help Moana save Te Fiti.

Lincoln: Wow, we're in the world of Moana, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're going to help Moana save Te Fiti.

Me: That's right, big guy.

Nico: And Lily's in for a reunion with Moana, as well.

Lily Loud: That's right, Nico.

Me: Boy that was an epic mission for you Lily. You did really awesome in that one.

We met up with Moana and Maui, and Lily was happy to see them again, and she introduced Moana to the rest of us, who heard all about us from Lily, and she was excited to meet us. We also got Te Fiti's heart that Maui stole from her, and it was needed to save Te Fiti.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by Te Fiti, who's been transformed into Te Kā, and she's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Te Fiti, who's been transformed into Te Kā, and she's going to kill them. Come on, let's go.

We rushed on over, and we saw Te Kā herself.

Lincoln: So that's Te Kā, the being Te Fiti became after Maui stole her heart.

Me: She's a volcanic creature!

Nico: It's like we're facing Kronos all over again!

Eli: Yeah!

Me: A female version of Kronos. Scary.

Lily Loud: That's right, bro. We have to return her heart to her, and that'll turn Te Ka back to Te Fiti, and end this.

Moana helped us out by singing Know Who You Are to Te Ka, and that subdued her, and Lincoln then places Te Fiti's heart back in the spiral in her chest, and that caused Te Ka to crumble, and she turned back to Te Fiti, restoring her to her beautiful self, and she restored the island undoing all the damage caused by Te Ka, and Maui offered a heartfelt apology for what he did, and she restored his fish hook.

Then, Lincoln and Nicole went up to the eleven girls, and when Lincoln saw them, he immediately recognized them. The eleven girls were Utena Tenjou, Anthy Himemiya, Juri Arisugawa, Kozue Kaoru, and Wakaba Shinohara from Revolutionary Girl Utena, Hikari Kokura, Izumi Shibusawa, Erika Meinohama, Yukio Igarashi, Misa Kuroi, and Akira Shinonome from Rifle Is Beautiful.

Lincoln: Oh wow, it's Utena Tenjou, Anthy Himemiya, Juri Arisugawa, Kozue Kaoru, Wakaba Shinohara, Hikari Kokura, Izumi Shibusawa, Erika Meinohama, Yukio Igarashi, Misa Kuroi, and Akira Shinonome.

Nicole: From Revolutionary Girl Utena and Rifle Is Beautiful, awesome.

Lincoln: Are you girls okay?

Utena Tenjou: Yes, we're okay, thanks to you.

Then, when Utena Tenjou and the other ten girls saw who it was that saved them from Te Ka, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Utena Tenjou: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Utena Tenjou: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and now, Moana and Maui are now permanent members of the team along with Te Fiti, who was thankful to us that we restored her heart and saved her.

---

After restoring Te Fiti's heart, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Shantae, Sky (Shantae), Rottytops, Harmony, Zapple, Vera (Shantae), Plinky, Claire Harvey, Yuko Sagiri, Talim, Nozomi Kaminashi, Sayaka Miyata, Jam Kuradoberi, Giovanna, Leona Heidern, Katarina De Leon, Franziska von Karma, Hikaru Shidou, Umi Ryuuzaki, Fuu Hououji, Irene "Rally" Vincent, Minnie May Hopkins, Becky Farrah, and Eiko Magami were getting ready for their date, this time, it's at Mermaid Falls in Shantae's world.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them, he still had on his jewelry and weapons holstered, in case of trouble.

Shantae, Sky (Shantae), Rottytops, Harmony, Zapple, Vera

(Shantae), and Plinky were dressed in two-piece bikinis in their favorite colors with magic smoke and a genie's lamp on them.

Claire Harvey was dressed in a black two-piece bikini with a rose on it, Yuko Sagiri was dressed in a black two-piece bikini with the Black Label logo on it, Talim was dressed in a white two-piece bikini with a phoenix on it, Nozomi Kaminashi was dressed in a dark blue two-piece bikini with the logo of Setouchi Keijo Training School on it, Sayaka Miyata was dressed in a light pink two-piece bikini with a dragon on it, Jam Kuradoberi was dressed in a red two-piece bikini with a panda on it, Giovanna was dressed in a white two-piece bikini with a wolf on it, Leona Heidern was dressed in a green two-piece bikini with a phoenix on it, Katarina De Leon was dressed in a black two-piece bikini with a skull and crossbones on it, Franziska von Karma was dressed in a white two-piece bikini with a phoenix on it, Hikaru Shidou was dressed in a red two-piece bikini with flames on it, Umi Ryuuzaki was dressed in a blue two-piece bikini with ocean waves on it, Fuu Hououji was dressed in a green two-piece bikini with wind gusts on it, Irene "Rally" Vincent was dressed in a red two-piece bikini with guns on them, Minnie May Hopkins was dressed in a yellow two-piece bikini with guns on them, Becky Farrah was dressed in a black two-piece bikini with guns on it, and Eiko Magami was dressed in a red two-piece bikini with the flag of Japan on it.

Lincoln: Okay, girls, are we ready?

Shantae: We're ready, Linky, and you're going to like the spot we chose for our date.

Lincoln and the girls left the Estate and heading for their destination: Mermaid Falls, and when they arrived, it was a truly beautiful place.

Lincoln: Wow, so this is Mermaid Falls, this is truly a beautiful place.

Shantae: It sure is, Linky. But, I fear that The Techno Baron is here to ruin it. He's tried to kidnap the Mermaid Queen, and because of it, Mermaid Falls was ravaged by angry mermaids, and all for his so-called glorious empire. That metal-eyed lizard really makes me sick.

?: I resent that!

Lincoln and the girls saw a figure come out, and it was none other than The Techno Baron.

Lincoln: Techno Baron. Looks like Shantae was right, you're still lurking about, well, let me tell you this: you're not kidnapping The Mermaid Queen on our watch, this is where you will die!

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back, and with just one massive, one-handed swing of his sword, he cuts down The Techno Baron, who exploded in a massive purple vortex of flame and his spirit was Super Hakaied forever. Lincoln holstered his massive Sword of Taranis on his wider and muscular back as the girls cheered.

?: Well done, Lincoln Loud.

A figure came out of the seas, and it was none other than Giga Mermaid, The Mermaid Queen. Lincoln bowed before Giga Mermaid.

Lincoln: It's a pleasure to meet you, Your Majesty.

Giga Mermaid: Same here, Lincoln, and it's good to see you and your friends again, Shantae.

Shantae: You too, Giga Mermaid.

Then, Giga Mermaid approached Lincoln.

Giga Mermaid: I want to thank you for destroying The Techno Baron, Lincoln, and ending his dreams of creating his empire, and I don't know if I should do this, but…

Then, Giga Mermaid kissed Lincoln on the lips, which Lincoln returned, and the girls cheered. Then, Lincoln and the girls went swimming, and they were also in for a surprise: Giga Mermaid was now joining Lincoln's harem, as a kind gesture for destroying The Techno Baron. Then, as the sun was about to set, Lincoln made clones of himself and he and the clones passionately kissed the girls on the lips and they also shared a romantic hug. Then, Lincoln and the girls, along with Giga Mermaid, returned to the Estate.

Me: Hey, Linc, how was your date?

Lincoln: It was awesome, J.D. We went to Mermaid Falls in Shantae's world, and I also got rid of The Techno Baron.

Me: Whoa, that guy was bad news. Did he try to kidnap Giga Mermaid, the Mermaid Queen?

Giga Mermaid: No, J.D. Lincoln got rid of him before he could try it, and as a thank you for destroying The Techno Baron, I am now a member of Lincoln's harem.

This caused everyone to gasp in shock, and then, Lincoln's sisters then cheered for Lincoln and Giga Mermaid.

Me: Way to go buddy!

Lori: (Smiles) Linky, you did an amazing thing getting rid of The Techno Baron, and in the process, you also got a new future wife and a new member of your harem.

Nico: But, we'll have some trouble with some minor enemies of Shantae later on in the future, Lori. (Smiles) But, I'm also proud of what Lincoln did.

Lynn Loud: (Smiles) Dang, bro, I knew you always had that charm that attracts the ladies.

Then, Giga Mermaid showed everyone the passionate kiss and hug that she and Lincoln had, along with the passionate hug and kiss he and the girls had as the sun set, and they cheered for them even more.

Luna Loud: (Smiles) Whoa, I knew you were always the romantic type, bro.

Lincoln: Now, Luna, don't try to give me a swollen head.

We shared a laugh before getting ready for the next mission.

---

Later we were at the base of the Decepticons and we were there to see the corpse of the dead Decepticon known as Dreadwing.

Lazuli: (sees Dreadwing's corpse) Funny thing is that J.D. and the others recent fought a villain also named Dreadwing.

Armada Starscream: Wow I heard about that.

Nico: That was amazing though.

Nikki Lemmington: It sure is and Luan thank you for letting me come along with you all.

Luan: You're welcome Nikki.

Helena Nicos: It's gonna be fun having you with us.

Me: It sure is.

I went over to Dreadwing's mechanical corpse.

Me: (Whistles) Megatron you really did a number on him.

Aligned Megatron: Yes it was because I was forced to make a choice and it was either protect Starscream or Dreadwing and I chose Starscream. Big mistake on that.

Nico: No kidding.

Me: All right time to work my magic.

I snapped my fingers and then DREADWING CAME BACK TO LIFE!

Dreadwing: (Groans) What happened?

He then got up.

He saw Starscream.

Dreadwing: YOU!

The first thing that Dreadwing did was grab Starscream by the throat.

Dreadwing: You think you can fool me with that new disguise, you desecrator?!

Starscream: A little help here?!

Polar Whirlwind: Sure thing.

Eddy: Right after you give me the money to buy new ice cream.

Luan: EDDY!

Eddy: What?

Aligned Megatron: STAND DOWN DREADWING!

Nico: That is an order!

Dreadwing: I'll never take orders from a human!

Nico: Oh you WILL!

Nico showed his Decepticon Leadership Medal.

Dreadwing: (Gasp) A Decepticon Leadership Medal? Who are you?

Nico: Nicolas Chan, 2nd in Command of Team Loud Phoenix Storm and new Leader of The Decepticons. And also that Starscream is with us. The Starscream you know is dead and gone for good.

Me: He was killed by us. Sorry we should introduce ourselves. We are Team Loud Phoenix Storm and we're the most powerful force in the entire universe and we destroyed many of the most dangerous bad guys ever known. Starscream, the one you know is one of them.

Laney: And the war with the Autobots and the Decepticons is over now.

Dreadwing: So, the war is over?

Cybertron Ransack: Yep. On this Earth, the war ended a couple of years ago back in 2019.

Aligned Wheeljack: On our Earth, the war ended a very long time ago. Before Bee and his team met Denny and Russel.

Nico: It's a long story.

Me: On this Earth the war ended when we destroyed Unicron.

Dreadwing: You guys all destroyed Unicron!?

Me: Not to toot my own horn but yeah we sure did.

Nico: And it was that very battle that appointed me as the new leader of the Decepticons and ever since then, I've been leading them on the road to redemption.

Dreadwing: Wow! That is amazing. My allegiance is now with you Nico.

Nico: Thank you. And for the record I am not a human actually. I am a Saiyan. My race is one of the strongest warrior races in the universe.

Dreadwing: Ah sorry about that.

Nico: No worries.

Dreadwing: I'm glad you're all happy. Because there's still the matter of my brother Skyquake wandering the Shadowzone as an undead Terrorcon!

Swerve: So that's why you called our Starscream a desecrator. Jack told me that the Starscream you know revived your brother as an undead Terrorcon with Dark Energon.

Me: WHOA! That is nuts!

Laney: I didn't know your version of Starscream committed a horrible atrocity against nature like that!

Aligned Megatron: Yes it's why I viewed my version of Starscream as a monster.

Me: Geez. Thank goodness the Starscream we know isn't like that because he has one thing that your version will never have and that is a heart.

Dreadwing: That's true.

Me: But I can bring Skyquake back and have him come back to normal. Watch.

I snapped my fingers and then in a flash of light Skyquake returned and the Dark Energon left him and he was losing all his undead Terrorcon features and then he was back to normal!

Skyquake: (Groans) Man what happened?

Dreadwing: Skyquake!

Skyquake: Bro!

They were reunited.

---

Later we were getting ready for our next mission.

Alister: By the way, Nico, it's your turn to lead today.

Nico: Yes I know. And I just got a call from Mystery Inc. They are over in Iowa to meet Mr. B and we're going to see if he needs any help. We got word that he was being terrorized by The Demon Farmer.

Eli: I hope it's not the Demon Farmer in the Masters of Evil.

Nico: Don't know. But we'll find out soon.

Nikki Lemmington: This is gonna be awesome!

Robo Roxy, Dark Spicer, Trap Jaw, Carmen Dillo, Key, Chemistro, Multiple Man, Boomerang, Iron Lung, and Riddler then appeared.

Dark Spicer: Can me, Robo Roxy, Trap Jaw, Carmen Dillo, Key, Chemistro, Multiple Man, Boomerang, Iron Lung, and Riddler go with you guys?

Nico: You all sure can.

Eli: We got word that a Demon Farmer is in Iowa.

Carmen Dillo: Strange. The Demon Farmer is over at our base.

Me: I have a feeling it's someone I haven't busted before.

Key: Neville Poppenbacher is dead, right?

Qin: Yes he is. He died in prison of natural causes after Mystery Inc. busted him the last time.

Me: Hmm. That's strange.

Nico: Then we better get ready. Time to assemble everyone. (Pulls out bugle and plays Reville)

Everyone gathered.

Nico: ATTEN-TION!

We stood in attention.

Nico: ALL RIGHT MAGGOTS! LISTEN UP! We're heading out over to Iowa to meet Mystery Inc. for another mystery and it surrounds the mystery of the Demon Farmer. Neville Poppenbacher was the Demon Farmer a while back and he died in prison after Mystery Inc. busted him the first time. He got 20 to 40 years in prison and died of natural causes. We're heading over there to stop him and see what he's up to. Before we leave I have one rule and it's for you new people. Everyone does their job and no one quits. You don't follow that rule and you will be sent back here to the estate for the remainder of the mission! Do you get me!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT)

Nico: At ease everyone! We leave in 10 minutes so take that time to get what you need done before then. That'll be all. DISMISSED!

Me: Lets kick the tires and light the fires commander.

Nikki Lemmington: Wait! I can't fly like all of you can.

Me: Don't worry I have the solution.

I pulled out a book of flight spells that Twilight is letting me borrow.

Me: Lets see here. Ah here we are. You're going to like this Nikki. You ready?

Nikki Lemmington: Ready!

I held out my hand and enveloped Nikki in a coccoon of red and yellow magic and then a powerful ball of magical energy formed and then lightning struck all over and then…

POOF!

I was blown back and Nico caught me and then everyone gasped when they saw Nikki floating and she had beautiful red, orange and yellow butterfly wings! They were Owl Butterfly Wings and they were beautiful!

Nico: Oh wow!

Luan: Wow! Nikki your wings look amazing!

Nikki Lemmington: Wow! These are beautiful wings!

Laney: And they are perfect for you.

Nikki Lemmington: They sure are amazing! Wow! J.D. how did you do that?

Me: It's a spell I learned from Twilight. It was awesome. She did that one on Rarity but she didn't have enough Magical energy to do it many times.

Nikki Lemmington: Wow! That is cool!

Thrust: Please tell me it's not temporary!

Me: Don't worry Thrust. I used my powers to make those wings indestructible and invincible and they are permanent.

Rarity: Thank goodness. I had to learn the hard way. I flew too close to the sun and my wings dissolved.

Nico: Like how Icarus flew too close to the sun and he fell and drowned.

Rarity: Exactly.

Nikki Lemmington: This is gonna be cool! If only my mom can see me now. But if she saw me like this she would still think I'm possessed.

Luan: She won't get to you as long as we're with you.

Nikki Lemmington: True.

Nico: Are we all ready?

We nodded.

Nico: Lets go!

We were off to Iowa!

IOWA

We were flying over America's Heartland.

Iron Lung: (to Nikki) Is this your first time flying?

Nikki Lemmington: YEAH IT SURE IS! WOOHOO! WOW! I feel as light as a feather! WOO!

Nico: It sure is awesome to fly huh?

Nikki Lemmington: Yeah it sure is!

We were flying and then we arrived in the Iowa corn fields.

Nico: Here we are guys. Welcome to the Iowa Corn Fields.

Liam: Perfect for me y'all.

Me: Yep and this is the state my dad lived in during his youth.

Nico: So awesome.

Centaur Man: Where's Fred and the others?

Me: I know where.

We went to the farmhouse and it was Mr. B's farm.

Me: Here we are.

Fred Jones: Hey guys! Glad you all could make it.

Nico: Glad we could Fred.

Daphne Blake: Just in time too.

Velma: Yeah thank goodness. (Sees Nikki flying) Wha!? Nikki you look amazing with butterfly wings!

Nikki Lemmington: I sure do. J.D. made them for me with a magic spell he learned.

Velma: That is amazing!

Shaggy: Like yeah it sure is.

Scrappy Doo: Boy it sure is magnificent.

Chemistro: How was your Hanukkah?

Shaggy: Like it was fun.

Me: We're only in day 2 of Hanukkah. It doesn't end until next week on December 6th.

Chemistro: Oh right I forgot it spans over 8 days.

Nico: From November 29th to December 6th.

Chemistro: Right sorry.

Chill Bill: What's the situation here?

Shaggy: Like the Demon Farmer is back.

Scrappy Doo: And when he comes back we're going to splat him!

Velma: But isn't Neville Poppenbacher dead?

Qin: That's what we found out.

Nico: It's true. But whoever the Demon Farmer is this time might be back to finish what he started the last time.

Shaggy: Like yeah. But he might be after this.

Shaggy handed me a bag full of rainbow popcorn.

Me: Rainbow popcorn?

Shaggy: Try some.

I tried some and I got a really amazing flavor-tastic sensation!

Me: Wow! I didn't know this popcorn tasted so good! I just had every fruit pie in popcorn form.

Trap Jaw: Where's Mr. B?

Fred Jones: He's in the house.

He came out.

Mr. B: Team Loud Phoenix Storm!

Me: Mr. B it's great to see you again.

Mr. B: Same to you J.D. and it's an honor to meet you all Team Loud Phoenix Storm.

Nico: Pleasure is ours.

Me: And before you ask, yes I know Mr. B. I helped him out with Mystery Inc. when the Dog Show he won was being terrorized by the cat creature there. He is a good friend.

Nico: Wow.

Mr. Boss: You mean that cat creature who was really one of Shaggy's old friends in disguise?

Me: That's right. Meadow.

Qin: She wanted her dog to win no matter what the cost and she ended up getting 10 to 15 years in prison for it.

Me: Poor Meadow. But she did show some ounce of remorse for her crimes so I pulled some strings and got her community service.

Nico: That's thoughtful of you J.D. May I try some of that popcorn?

Me: Sure. It's good.

Nico tried a bite of the popcorn and then a massive explosion of flavor went off in his mouth and it was delicious as all get out.

Nico: Wow! That is amazing popcorn! Where did you get good popcorn like this?

Mr. B.: I actually have someone making it.

Nico: Whoa!

Mr. B.: Yep. I have a lab where Jonas who works here could secretly work on his formula for the world's most perfect popcorn.

Nico: Wow! That is amazing.

Qin: (Eating some of the popcorn) It's really delicious. The red ones taste like chocolate pizza.

Carmen Dillo: Can I have some?

Me: Sure.

I gave Carmen some and he tried it and it was good.

Carmen Dillo: Muy bien! That is good! The blue ones taste like tacos covered in chocolate fudge.

Nico: Wow! This popcorn is really delicious.

Eli: (Eating some of the popcorn) It sure is.

Shaggy: It's better than Neville Poppenbacher's popcorn.

Daphne: That's true. Neville's popcorn tastes like greasy cardboard.

Velma: And gets stuck in your teeth.

Shaggy: And REALLY needs salt.

Me: I hate it when popcorn gets stuck in my teeth.

Nico: Me too.

Heat Man: How about I use some of my heat to make more.

Mr. B: Actually it's grown in a lab I have for Jonas. I'll show you where it is.

We followed Mr. B to an underground lab and he used a code to open it and we went in and we saw an amazing sight.

Nico: Wow what a lab.

Laney: Wow look at this. He is growing Popcorn right on the cob.

Heat Man: Oh never mind then. Who needs a microwave when you can just grow popcorn right on the cob.

Nico: That is genius. Playing with fire but in a good way.

Lana: That is cool.

Me: Playing with Water as I call it.

Robo Roxy: What's the Demon Farmer planning to do here?

Qin: Well from what I remember the first time, Neville dressed up as the Demon Farmer to get the Secret 6 puppies tags so he can get the code to get to this lab and destroy the prototype popcorn here before the success of it destroyed him.

Nico: Jeez! That is a crazy motive.

Eli: Boy no kidding.

Mr. B: But Mystery Inc. stopped him just in time.

Lana: Thank goodness they did.

Robo-Roxy: Yeah no kidding.

Sideshow Bob: (British Accent) All this is amazing though. I once did my hand in genetically modifying food myself. (Season 25 Episode 13)

Bart: Boy I remember that.

Sideshow Bob: That was a crazy time back then Bart. I don't know…

THWACK!

He stepped on a rake laying on the floor and the handle hit him in the face.

Sideshow Bob: (Grumbles)

I went over.

Me: You all right?

Sideshow Bob: Yes I hate it when that happens.

I picked up the rack.

Me: I remember Bart telling me that you got hit by rakes all the time.

Laney: Yeah that must've hurt.

Sideshow Bob: I'm pretty much used to it.

Nico: (eye twitches) So… the Demon Farmer… is trying to destroy… this popcorn?!

May: You okay, honey?

Skull Man: I think he's gonna blow!

Me: UH OH!

I grabbed Nico and ran outside with him and onto the surface and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico exploded in a massive fiery explosion of rage and then he calmed down and I was burned to a crisp all over.

Nico: (Calms down) Thanks Colonel.

Me: (COUGHS) Anytime.

Riddler: (to Nico) Riddle me this: Do you really like popcorn that much?

Nico: I LOVE POPCORN AS MUCH AS CHICKEN WINGS! I especially love buttery popcorn. Whenever I went to the movie theaters I would always drench my popcorn in a lot of melted butter. And I love Popcorn Chicken too.

Me: Boy you REALLY LOVE popcorn huh?

I pat off all the soot from the explosion Nico did when he exploded.

Me: But I feel you man. I like popcorn too. Especially the worlds spiciest kind.

Shaggy: What kind is that?

Me: Carolina Reaper Popcorn.

Eli: Whoa!

Allie Wilde: That sounds like really spicy popcorn.

Me: It sure is.

Trolling Thunder: (to Shaggy and Scooby) Before you two try to chicken out, do you two like popcorn too?

Shaggy: Like we LOVE Popcorn!

Scooby: Reah it's the greatest.

Courage: I love popcorn myself and it's good.

Nico: Lots of us like popcorn.

Aylene C.: Yeah who DOESN'T like popcorn?

Multiple Man: I'll make some clones to find the Demon Farmer.

Nico: Okay.

Eli: I'll try to sense for him.

Eli got into a meditative position and Multiple Man made 313 clones and they fanned out.

Me: While we wait for him we should eat some grub.

Nico: Good idea. Can't fight on an empty stomach.

Tomahawk Man: Let's eat some of this popcorn while waiting.

Nico: And food we like too. But good idea.

We got to eating. We had pizza, burgers, Lynn-sagna and more and Shaggy and Scooby were having a huge feast.

Lana: And Timon, Pumbaa, I got a great feast for us.

Lana used her imagination powers and made a bug feast for them. She made Potato Bug Salad, Pinto Beetles, Roach Dressing, Fruit Fly Cocktail, Honey Glazed Hornets, Earthworm Spaghetti, Grubs, Glowworm Patties, French Flies, Centipede Slaw, Beetle-Kabobs, Cocoon On The Cob, all their favorite bug dishes.

Timon: All right Lana!

Pumbaa: Great job Lana!

We got to eating. We were eating everything and it was awesome food.

Boomerang: (to the Mascots) You guys enjoying the grub?

Manaphy: Oh yeah we sure are.

Poliwag: Boy it's so good! BBBBBBBBUUUUUUUUUUUUUUURRRRRRRRRRRPPPPPPPPPPPP!

Jirachi: Pardon you.

Me: (To Lana, Timon and Pumbaa) You guys like those bugs?

Lana: Oh yeah we liked them. BBBBBBBUUUUUUUUUUUUUUUUUUUUUURRRRRPPPPPPPP!

We were stuffed.

Me: Man that was great!

Nico: Boy no kidding.

Eli: Guys I sense the Demon Farmer. He's heading for the farmhouse.

Nico: Lets go.

We went and we saw him.

Tae Kwon Crow: There he is. Time for our entrance.

Nico: Time for a food fueled battled.

We went at him.

The Demon Farmer was heading for the farm when suddenly the scientific molecules of the elemental forces of nature were swirling around the demon farmer as it roared. Then they converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above the farmer and a phoenix cry was heard and then we came out.

Nico: Okay Demon Farmer, You're under arrest!

Keiichiro: By order of the GSPO, we're taking your down by force!

Dark Spicer: (To the Demon Farmer) Here's your warning, Your Ugly Undead Ass is about to be kicked!

Me: Big time!

Dark turned into Vomitfactory.

Vomitfactory: I hate to do this to good popcorn. But… (uses tongues to eat some of the popcorn)

Then he fired waves of energy at the Demon Farmer and the blasts hit him and exploded all over!

KRABBBBBBBOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOMMMM!

Me: YEAH! Sniff on this!

I pointed my butt at the Demon Farmer and then…

FFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRR

I farted out a massive blast of blue fire from my butt and it hit The Demon Farmer and burned him all over.

Merman was eating the popcorn.

Merman: This is really good popcorn.

William: I know, right?

KGBeast: (Russian Accent) Can we have some after this is over?

Eris: I call first dibs!

Me: Now now. Plenty for everyone.

Beast Man: (to me) We heard you took down a psycho version of Mrs. Puff.

Me: Yeah we sure did!

Knightbrace: At least the Mrs. Puff we know learned her lesson!

Lily: Yeah you got that right and shockingly this was the very same Mrs. Puff that lost her marbles when her inflation sack popped.

Leni: It's like what happened when I was put in the Demolition Derby and my driving instructor was trying to kill me.

Dark Spicer: I remember that! I said that I was the only one that was allowed to kill one of you.

Me: Wow.

Crustor then appeared.

Nico: Crustor, back for round 2.

Crustor: Yep.

Nico: Cool.

Crustor: I found some unpopped kernals on the way here. If you want, I can heat them up before we fight.

Heat Man: Okay.

He fired a blast of fire and popped them.

Crustor: Awesome!

Me: Cool!

We got the usual battles underway.

## Yumi Ishiyama, Princess Luna, Moondust, Dark Skylanders, He-Man, Alister and Rafael VS Merman - Mrs. Puff Going Bonkers

---

Merman was first.

Merman: (to Yumi) I still can't believe Mrs. Puff would go bonkers! At least, the Mrs. Puff J.D. and the others fought earlier today.

Yumi: Yeah that was crazy. And all because SpongeBob accidentally popped Mrs. Puff's inflation sac. Thank goodness the Mrs. Puff we know isn't like that anymore.

Princess Luna: That is a most good thing. And she tried to kill SpongeBob by having him participate in the Demolition Derby.

Moondust: Something must've snapped inside Mrs. Puff when that happened.

Blackout: Yeah that must be the case.

He-Man: She totally lost her marbles as a result.

Merman: Yeah. No kidding. Lets do it!

They fired waves of darkness and smashed him down.

Yumi: Oh yeah!

Princess Luna: A true victory of the night.

Onewa: Yes that's right. I think she tried to kill Leni because of a nasty brain injury that destroyed her sanity.

Applejack: That is very coincidental though. Mrs. Puff became like that when she had her inflation sac pop.

Apple Bloom: That lunatic Puff belongs in a mental institution.

Flashwing: You said it Apple Bloom. Mrs. Puff has been in jail more times than anyone because of SpongeBob and has gotten in many accidents too.

Numbuh 1: Really good stuff unlike Neville Poppenbacher's popcorn.

Numbuh 2: Yeah I don't like that stuff. Daphne said it tasted like greasy cardboard.

Numbuh 3: And Velma said it gets stuck in your teeth.

Numbuh 4: And Shaggy said it REALLY needs salt.

Numbuh 5: Yeah I don't like that popcorn.

J.D. Knudson VS Yami Bakura

---

I was waiting.

Then the planets orbiting around my legs spun around.

Me: Uh oh.

?: I had a feeling you would be here J.D. Now I can get my revenge on you for what you did to me!

Me: Just what I was hoping to face. You can come on our Yami Bakura.

A figure came out and it was YAMI BAKURA!

---

**Dark Bakura** or **Yami Bakura** is the main antagonist of the *Yu-Gi-Oh!* original series.

He is an evil spirit from the Millennium Ring who almost always appeared when he possessed his host, Bakura Ryou. Born from the fusion of the Yami God Zorc Necrophades and the powerful and maniacal grave robber, Thief King Bakura, the Spirit of the Millennium Ring was a sadistic, powerful thief who would kill to get what he wanted.

Bakura Ryou was similar to Yugi in terms of personality. Meanwhile, Yami Bakura genuinely started off as being similar to Yugi's Yami side, who challenged those who would bully his original personality and put them under a Penalty Game that, in his case, had to do with whatever game that they were playing, and sucked their souls into the game while their bodies fell into a coma. In that, Bakura formed as a foil to Yugi.

As the combination of both the souls of Zorc Necrophades and the Thief King, Yami Bakura in the Japanese and manga versions, resides in the Millennium Ring, his possession could apply to both the ring and its unfortunate wearer.

In the first anime series produced by Toei, he was voiced by Tsutomu Kashiwakura. In the second anime series, *Yu-Gi-Oh! Duel Monsters*, he was voiced the late Yō Inoue (only in Duelist Kingdom Arc) and later by Rica Matsumoto (in the rest of his appearance) in Japanese version, and by Ted Lewis in 4Kids' English dubbed version.

## Origin

Circa 1000 B.C., Pharaoh Atem gave his life to seal both the souls of, Zorc Necrophades, and his own soul in the Millennium Puzzle. Zorc also sealed a part of his soul in the Millennium Ring. Also, Bakura, King of Thieves sealed his soul in the Millennium Ring. Zorc and the Thief King merged to form Yami Bakura. The Puzzle was broken into pieces afterwards and sealed in the Valley of the Kings.

3000 years later (5000 In the English anime), Bakura Ryou came into possession of the Millennium Ring. While Bakura held the Ring, the fragment of Zorc's soul was able to take control of Bakura's body as "Yami Bakura."

Yami Bakura had lost many of his memories as Zorc and Bakura, King of Thieves, and was commonly referred to as the "Spirit of the Millennium Ring" or simply "Bakura" even after people became aware that he was a different mind than Bakura Ryou.

## New Kid

Bakura Ryou was an exchange student. The girls all loved him, and he just tried to be a normal person. Bakura avoided games, and knew that whenever he played, the people with whom he played with would somehow end up in a coma later. But when Yugi and friends asked the new student to play a game, he could not help but accept their kindness. He introduced them to a RPG game, and they all created their characters, though from the second they came in, it was Yami Bakura in control. After they created their characters, Yami Bakura sealed their souls inside pieces of them, and forced them to be in the game. They were able to survive, and free the good Bakura from the bad, and he was able to defeat Zorc, the boss that Yami Bakura created for the game.

## Duelist Kingdom

Yami Bakura returned in Duelist Kingdom. In the second anime only, he took over Bakura's body to duel Yami Yugi. Jonouchi, Anzu, Honda and the original Yugi and Bakura were turned into their favorite cards in the duel. At the duel's conclusion, Yami Bakura tried to use Change of Heart to turn Yugi (who was the Black Magician) against the others, but Bakura was the Change of Heart, and took over Yami Bakura's Lady of Faith. Yami Yugi used his Millennium Puzzle to switch Bakura and Yami Bakura around, and Yugi destroyed Yami Bakura with Black Magic Attack, which sent him to the graveyard where he was attacked by the Card-Hunting Death God.

Despite his apparent death (In both cases), Yami Bakura had managed to return when Pegasus J. Crawford was about to send Anzu, Honda, and Bakura to Hell before the semifinals of Duelist Kingdom, and he erased everyone's memories of their encounter with Pegasus at that time. During Yugi's duel with Pegasus in the final round, Yami Bakura followed Honda as he found Mokuba (whose soul had been imprisoned in a card by Pegasus), and was attacked by several of Pegasus' goons, but Yami Bakura set the Man Eater Bug on them and then sent them to the graveyard with a Metamor Pot where they were killed by the Reaper of the cards. Yami Bakura then tried to possess Mokuba, but Honda knocked him out and threw the Millennium Ring away.

However, after Yami Yugi defeated Pegasus, Yami Bakura returned to Bakura's body with the Millennium Ring. He faced Pegasus in a Game of Yaminess using their Millennium Items, but, as Pegasus was weakened from his duel with Yugi, Yami Bakura easily won, and took Pegasus' Millennium Eye. In the manga, this act killed Pegasus, but in the anime, Pegasus survived (although he was not seen again til Waking the Dragons).

## Battle City

When Marik Ishtar was possessing Bandit Keith with his Millennium Rod, Yami Bakura, not wanting another to win the Millennium Puzzle, used his Millennium Ring to unbalance Marik's control, which caused Keith to take over, but not before Marik/Keith smashed the Millennium Puzzle. Yami Bakura put a piece of his soul into one of the puzzle pieces so he could learn the secrets of the Millennium Puzzle.

In Battle City, Yami Bakura made a verbal pact with Marik Ishtar, with him promising Marik Yugi's God Card and Marik promising him both Yugi's and his Millennium Items. He injured Bakura's arm while Marik pretended to be a good young man named Namu and Bakura was sent to the hospital, so Yami Bakura took over and attacked Yugi's grandpa. He entered Battle City, where he defeated Bandit Keith's ex-henchmen, Ghost Kotsuzuka, Takaido and Satake in a Duel of Yaminess, trapped the three of them in Hell as a penalty, and took their Locator Cards so he could enter the finals.

In the first round of the finals, Yami Bakura was up against Yugi, and revealed himself to the heroes for the first time since Honda threw away the Millennium Ring. He used Ouija Board and a deck full of ghosts and ghouls. However, Yami Yugi was able to summon Sky Dragon of Osiris, his Egyptian God Card, which left Yami Bakura helpless, until Marik telepathically talked him into releasing Bakura from his control so that Yugi would not attack him and risk hurting him. However, Yami Bakura soon feared that if Yugi did go through with the attack, Bakura would be killed, which would have been a foil to his plan, so he took him over again and let Yugi win.

Bakura was knocked out from this, and remained in the hospital until Marik, whose body had been taken over by Yami Marik, got Yami Bakura to duel him so that he could regain his body. They had a Shadow Game Duel, and whenever one of them lost Life Points, their body began to vanish. Yami Marik won, and Yami Bakura and Bakura were placed under a Penalty Game, which resulted in a coma. However, Yami Bakura escaped to Yugi's Millennium Puzzle (as part of his soul was inside it), and remained there. When Yami Yugi defeated Yami Marik, Bakura and Yami Bakura returned, but the shard of Yami Bakura's soul within the Millennium Puzzle stayed there, exploring the labyrinth.

## Waking the Dragons

Bakura and Yami Bakura did not appear in the Waking the Dragons arc, except in a vision during Yugi's Duel with Dartz. During a vision of Yugi finishing the Millennium Puzzle, Yami Bakura briefly appeared behind Yugi along with Kaiba and Yami (in the 4Kids dub, Dartz mentioned that when the Pharaoh was reborn, so were his rivals).

## Dawn of the Duel

During the Dawn of the Duel arc, Yami Bakura repossessed Bakura despite his reluctance. Yami Bakura later caught Insector Haga and Dinosaur Ryuzaki stealing Yugi's Egyptian God Cards and knocked them out temporarily. He then did the same to Mokuba and dueled Seto Kaiba, but only as a means of destroying Kaiba's Blue-Eyes White Dragon and absorbing his power. Once he did this, Yami Bakura cancelled the duel.

Yami Bakura and Yami Yugi entered the World of Memories inside the Millennium Puzzle into an RPG, where Yami Bakura possessed his past self, Bakura, King of Thieves. Everything happened as it was before, except it was slightly modified by Yami Bakura. After being defeated, Yami Bakura talked with Yami Yugi at a table until his master, Zorc Necrophades, was awakened. He revealed that he and Zorc were one and the same and he merged with Zorc while Yami Yugi merged with his past self, the Pharaoh. During that time, Tristan was possessed by Yami Bakura, who turned him into a clone of him, and he dueled Yugi, but lost and released Honda from his control.

When the Pharaoh learned his true name, Atem, he fused the three Egyptian Gods - Giant Soldier of Obelisk, Sky Dragon of Osiris, and the Winged Divine Dragon of Ra - together into the Creator God of Light, Horakthy, whose rays of light alone were enough to destroy Zorc and also killed Yami Bakura, as he was merged with him at the time. Thus, Bakura was finally released from Yami Bakura's control forever. (In the manga, he died cause his life force was linked to Zorc and Zorc's destruction killed him).

---

Yami Bakura: You made a fool out of me when you helped Bakura.

Me: And I show no remorse for doing so and you will never hurt another soul again all for your own selfish deeds. You deserved to be destroyed for everything you did.

Yami Bakura: We'll see about that. Now I will make sure you die a horrible death.

Me: On the contrary. YOU are the one that will die a horrible death.

My eyes glowed red and then he screamed in pain as he was violently convulsing and then he inflated like a balloon and then blood poured out of him and then…

Nicole: Oh crud, I was hoping not to hear that voice again. You can come out now, H.P. Clancy.

A figure came out of the shadows, and it was none other than H.P. Clancy, a bio-engineering scientist and a genocidal misanthropic God-Wannabe.

---

Clancy was hired by Foster who is one of Ryu Hayabusa's enemies. Together, they built a laboratory where they conducted experiments on human beings. They hoped to find and acquire powerful energy. Clancy, however, had other intentions.

Ryu Hayabusa encountered Clancy in the laboratory where he and Foster worked. Clancy instructed Ryu to go to a place called the Castle Rock Fortress. Clancy did not reveal his identity. Ryu followed the instruction. Along the way, Ryu encountered his old nemesis: Foster. He claimed to be waiting at the Castle-Rock Fortress. Further in the journey, Ryu encountered Clancy again.

At this point, Clancy revealed himself. He and Foster worked on making creatures known as Bio-Noids. The source of the creatures' power were from an inter-dimensional rift. The Castle-Rock Fortress was at the rift. Clancy also claimed to have lost interest in working with Foster. Eventually, Ryu arrived at the Castle Rock Fortress. After infiltrating the ruins, Ryu confronted Foster in person. Clancy stepped in to assume control of the ruins much to the Foster's surprise.

Clancy retreated through the trans-dimensional rift. Foster attempted to follow but he was eviscerated. Ryu followed in Clancy. Within the lower levels of the trans-dimensional ruins, Ryu confronted Clancy. He revealed the true nature of the ruins: they were an inter-dimensional warship. By using the ship's enormous power, Clancy intended to reshape the world starting with the genocide of humanity.

Clancy, impressed with Ryu's skills and tenacity, made a proposition for the ninja: join with Clancy in his genocidal quest to create a new world and co-rule it with him. Clancy would even arrange a chosen human of Ryu's liking (no doubt referring to Irene Lew) to be remade and stand by their sides. Ryu refused the offer and they fought. Clancy was killed by Ryu in their final confrontation. The warship was then destroyed. Afterwards, Ryu reunited with Irene and they watched the sun rise over the horizon.

---

Nico: Whoa, so that's H.P. Clancy.

Nicole: That's right, Commander. This guy is bad news, he's a genocidal misanthrope with a hatred for all humans, and wants nothing more than to destroy all humans and rule the world.

Nico: So, he's a genocidal misanthropic God-Wannabe. Sheesh, those kinds of villains are the worst.

Tatsumaki: And I've had it up to hear with this monster to last an eternity.

Suddenly, Tatsumaki's emerald green eyes turned neon green and she was surrounded by an emerald green energy aura with wind gusts and Sylphs surrounding her, and as she'd approached Clancy, she left green energy, wind gusts, and Sylphs with every step.

Tatsumaki: Clancy, your crimes against mankind can never be forgiven. You have used so many people in your sick schemes, only to kill them once they've outlived your usefulness to you, I will not allow a monster like you to live any longer, this is where you will die!

Then, Tatsumaki was surrounded by a massive vortex of green energy with wind gusts surrounding it, there was a Sylph flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Tatsumaki emerged, but she was changed forever.

Tatsumaki grew to 6'0" in height, she had the body of a goddess, she has longer green hair that goes down to the bottom of her neck, she has large green angel wings on her back with wind gusts coming from the light green tips on the large feathers, she has a green Sylph holding the Wind Kanji in its hands emblazoned on her forehead, she has on Sylph earrings with the Wind Kanji in her hands and a necklace with a Sylph holding the Wind Kanji in her hands for the pendant, she has on a sleeveless black blouse with a green phoenix, black skirt with wind gusts, black high heels, and a sleeveless long black trenchcoat with wind gusts on the coattails and a Sylph on the back. Tatsumaki has a new large sword in her hand called The Sword of The Sylphs, it's a large sword with a Sylph etched on the 6'5" massive, wide, double-edged blade, large green angel wings for the crossguard, large green gem for the hilt, longer black handle, and large faceted green sphere with surrounding light green gems.

Tatsumaki has on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a green kanji below the Sylph on the back that said, "Tatsumaki, Tornado of Terror, Master of Wind and Psychic, Loving Future Wife of Lincoln Loud, S-Class Rank 2 Hero, and Slayer of Evil."

辰巳、恐怖の竜巻、風と超能力の達人、リンカーン・ラウドの愛す

る未来の妻、Sクラスランク2のヒーロー、そして悪の殺し屋

Tatsumaki's transformed into SUPER ANGEL 750,000,000,000 HURRICANE PSYCHIC WINDSTORM SYLPH ANGEL OF LOVE AND JUSTICE!

We were amazed by Tatsumaki's Super Angel 750,000,000,000 transformation, and when Lincoln saw what happened to her, he had an atomic red blush on his face. But, when Clancy saw it, he fell into a rage and mutated into his true monstrous form.

Me: Whoa, Tatsumaki's transformed.

Nico: You said it, Commander, and not only did that get Lincoln blushing like mad, it made Clancy fall into a dark rage and he mutated into his monstrous form.

Lincoln: Wow, Tatsumaki, you look beautiful. How do you feel?

Tatsumaki: (Divine Echoing Cosmic Voice of The Hurricane and Justice) **I feel incredible, Linky, and now, it's time to take care of this monster once and for all. Would you like to join in?**

Lincoln: Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Tatsumaki.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's rip him to shreds.**

Lincoln and Tatsumaki went after Clancy, who fired a blast of energy at them, but they dodged it, and they fired a barrage of powerful blasts of rainbow energy, emerald green energy, elemental forces, wind gusts, and psychic blasts, and they hit Clancy and exploded with incredible power. Then, Lincoln and Tatsumaki fired powerful red energy beams and they hit Clancy, and they sucked out his powers and abilities, and Lincoln and Tatsumaki, along with the rest of us, made them our own, and Lincoln fired a rainbow energy helix, which cured Clancy and made him normal, but Lincoln tossed him into the air with his brute superhuman strength.

Tatsumaki: **Shall we put an end to this, Linky?**

Lincoln: **Let's do it, Tatsumaki.**

Tatsumaki and Lincoln: **DIVINE SYLPH THUNDERSNOW KAMEHAMEHA!**

Tatsumaki and Lincoln fired a massive Kamehameha energy wave made of rainbow and emerald green energy with ice, wind, and ice lightning, and as it hits Clancy, it exploded with incredible power, killing him, and Super Hakaing his spirit for good. We cheered for what Tatsumaki and Lincoln did as they holster their massive swords on their backs and powered down, and Tatasumaki's new body, clothes, weapons, and jewelry were permanent. Then, Lincoln picked Tatsumaki up in his abnormally massive and powerful muscular arms, and as they locked eyes, Lincoln and Tatsumaki kissed, and right behind them was a tornado with a Sylph and a Thunderbird flying around the vortex, and we had tears and a smile on our faces.

Nico: (Smiles) Now, that's awesome.

Me: (Smiles) You said it, Commander. That's so awesome.

We regrouped.

Nico: (to the Demon Farmer) That will teach you to mess with popcorn!

Shaggy: Like, we learned something about you, dude.

Ranamon: And that's never to mess with popcorn when you're around!

Nico: (sweatdrops) Sorry about that.

Motor Ed: It's fine, dude. Seriously.

Me: We know how much you love popcorn

P'andor: After the unmasking, I can heat up any unpopped kernals.

Absorbing Man: That's a good idea.

Trumbipular: Now, let's see who this fake Demon Farmer is!

I pulled off the mask and it was…

Me: Norville Poppenbacher, just as I suspected.

Norville Poppenbacher: That's right!

Daphne Blake: But why?

Me: Simple, Revenge. Revenge on Mr. B for his popcorn ruining his fathers business. When his father was sent to prison and died there he vowed revenge.

Norville Poppenbacher: That's right! I wanted revenge for everything that happened to my father! I loved my father and Mr. B took him away from me. I swore to get even on him by destroying his farm and his lab. I wanted to make my fathers popcorn top notch again! And I would have done it too if it weren't for you meddling kids!

Me: Well now you're looking at 50 to 75 years in prison for your crimes.

We saw him get taken away and he was in a lot of hot water with the law.

Shaggy: (To the viewers) Like never mess with popcorn or you will answer to Nico.

Nico: You got that right. Great job everyone. Lets go home.

We later went back home and went to sleep.

Another awesome fanfic done.

The Demon Farmer from the Scooby Doo episode Farmed and Dangerous of What's New Scooby Doo was funny and awesome. And the legend of the Demon Farmer was a scary one too. The episode aired on February 25th, 2005 and it was crazy! The 1st part of the chapter was for the SpongeBob episode Demolition Doofus. That was a crazy one and it's hard to imagine that Mrs. Puff's sanity would be destroyed all because she lost her inflation sack. The episode aired on July 21st, 2012 and it was funny. The second part was for the movie Moana. One day we'll ALL go into the world of Moana and take on Te Ka and restore her to Te Fiti. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this one. Thanks guys and thanks to the Guest Reviewer for his awesome ideas. The next rescue for me is gonna take place in the jungle and we're going to go on not just an awesome rescue but we're gonna go on an amazing treasure hunt too. Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Nicole, Rainbow Dash, Daring Do, Nelanie and the Xerneas Gene-Slammer are all gonna go to the jungles of Sri Lanka and we're going to search for a mystical artifact called the Trident of Upulvan, the God of the Oceans in Sri Lankan Myth and we're going to take down Mola Ram from Indiana Jones and The Temple of Doom who has returned from the dead for revenge on us for destroying him. Daring Do is also going to transform in this one so I'll need the transformation sequence for that. We're also going to meet a Volfon Gene-Slammer from Russia named Sonia Verkhnenovokutlumbetyevo as well as a LaMoon. Lincoln's Rescue is gonna take place in Metroid Other M. We're going to not only explore the Bottle Ship but we're also going to make sure Adam Malkovich, Samus Aran's superior officer doesn't die and we're going to see what the Bottle Ship was like as well as rescue more girls there. The next chapter is for Krypto The Superdog and get ready as we face the evil and ruthless Mechanikat! We're going to make sure that robotic cat pays with EVERY ONE of his 9 lives.

See you all tomorrow

Over in the Indian Ocean, Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Nicole, Rainbow Dash, Daring Do, Nelanie and the Xerneas Gene-Slammer Bhavna Radhakrishnan were flying over the water and we were heading out an on awesome and amazing Treasure Hunt.

Bhavna Radhakrishnan: (Indian Accent) What are we looking for? Besides the next girl?

Nicole: We have an awesome treasure hunt for you all this time. Our quest is gonna be in Sri Lanka and we are going to search for Trident of Upulvan, the God of the Oceans in Sri Lankan Myth.

Missy: Wow! That is gonna be awesome!

Ellie Singh: Wow! Nico told me all about these amazing treasure hunts you all go on and they are so awesome!

Rainbow Dash: They sure are and they help get awesome inspiration for Daring Do's books. Twilight introduced me to the series and it is so awesome.

Daring Do: And Rainbow Dash, Nicole and Twilight Sparkle are 2 of my biggest friends and supporters.

Me: We helped Daring Do get a lot of great inspiration for her books and they are awesome.

Allie Wilde: Wow! That is amazing! I love all these treasure hunts you all go on.

Gina Pele: They sure are cool from what I heard.

Simone: Yep and really awesome.

Bhavna Radhakrishnan: I've seen them firsthand and they are awesome.

Me: Yep. And Allie did you know that Daring Do is also famous author A.K. Yearling?

Allie Wilde: Is she really!?

Simone: Whoa! You mean she actually LIVES HER OWN adventures!? THAT IS AMAZING!

Maria: We all were blown away when we heard about it. So was Twilight and Rainbow.

Rainbow Dash: It's true and it was awesome.

Daring Do: I remember that myself.

Bhavna Radhakrishnan: That is amazing.

Bhavna concentrated and groaned as her hair fell out.

Eli: And now Daring Do has Dr. Caballeron, her archnemesis as her archenemy in the usual battles.

Me: That sure is ironic. They went from mortal enemies to frenemies.

Bhavna turned into XERNEAS!

Maria: YEAH!

We arrived in the jungles of the Island of Sri Lanka 🇱🇰.

Me: Here we are guys. The Island of Sri Lanka.

Eli: Wow.

We trekked through the jungle.

Maria: You realize that the people we're rescuing will be secondary treasure, right?

Me: Yes I know and I love all these amazing adventures.

SLASH SLASH!

We were walking through the jungles and Nicole was slashing the leaves.

Erica: So what exactly does this trident do?

Nicole: Well legends say that the Trident of Upulvan has the power to control all the water of the world.

Eli: Whoa! That is gonna be amazing to see it.

Nicole: We should be just about there.

We then got through the leaves and then we saw THE TEMPLE OF UPULVAN!

Nicole: We found it! The Temple of Upulvan.

Me: Wow!

We went in.

Maria: Let's keep an eye out for traps.

Ellie: Traps?

Me: Usually temples like this are loaded with traps.

I picked up a rock and threw it and a bunch of arrows fired from the walls and they hit it.

Ellie: WHOA! I love a good challenge.

Daring Do: Me too.

Me: Hey look here.

We saw a story written on the wall.

Erica: Looks like some kind of story about the trident.

Lillian: What does it say?

Me: Lets see. It says "Long ago when the world was young, a mighty benevolent shaman formed the oceans surrounding the great island of Sri Lanka and after this amazing deed the great god of the oceans, Upulvan bestowed upon him a mystical trident blessed by the God of the Oceans himself to grant life to all the oceans of the world. But one day, hordes of barbarians from another land came and they were after the power of the trident for their own evil purposes. The shaman used the power of the trident to drive the barbarian invaders away. But fearing that the trident would fall into the wrong hands, he hid it into this temple where only one wielder that is pure of heart can wield it and the temple will only appear on the 1st day of each month." Wow! What a story.

Nicole: That sure is amazing. And I have a feeling that it was barbarians either from China, Mongolia or any part of southern Asia.

Eli: That is amazing.

Ellie: Yeah it sure is amazing.

Me: Lets find that trident.

We went into the temple and I formed a force field and protected us from the traps and we got hit with darts, arrows and axes and swords and more until we got to the room where the Trident is kept. We then saw it. It was a beautiful crystal blue trident made of pure blue sapphire and it had beautiful jewels on it and it was emitting a very powerful energy.

Nicole: There it is. The Trident of Upulvan.

Me: Wow.

Eli: It's magnificent.

Maria: Okay. Let's get that Trident and get out.

Ellie: I'll see if I can wield it.

Ellie went up to the trident and then she grabbed it and then suddenly she felt a massive surge of power flow through her and then she succeeded in pulling it out and she was enveloped in a powerful aqua blue aura as she got a beautiful pair of neon aqua blue angel wings with blue feathers dripping water.

Ellie: Wow! It's amazing!

Eli: WHOA! What power!

Me: WOW!

Nicole: Wow! That is cool!

Maria: Okay. Let's find the next girls before someone unfriendly comes!

?: You mean like me?

We then saw a figure come out and it was MOLA RAM!

---

Mola Ram is the main antagonist of the 1984 action-adventure film Indiana Jones and the Temple of Doom, the second installment in the Indiana Jones film series.

He was a ruthless Thuggee high priest who made Pankot Palace his lair and wanted to use the five Sankara Stones to set up the reign of Kali, Goddess of Death. To that end, Mola Ram enslaved the children of a village that had one of the Stones (the taking of it bringing his total to three). He forced them to mine for the other two and for gems to fund his cause in catacombs underneath the palace.

He also brainwashed humans, including local politicians and royalty, with the "blood of Kālī Ma" to make them devout followers (unless they are exposed to extreme pain, like burning). Every now and then, he would sacrifice someone to Kali which involved him strapping them to a metal grate and tearing out the victim's heart while lowering them in a pit of fire and enjoying every minute of it.

He was portrayed by the late Amrish Puri, who also portrayed

Mogambo in the 1987 live-action film Mr. India and Raja Sahib in the 1997 live-action film Koyla.

## Early life

Mola Ram was an Indian man, a fanatical worshipper of Kali and one of the Thuggee. After the British supposedly slaughtered the Thuggee, a Thuggee priest hid the last two of the lost Sankara Stones in the catacombs beneath Pankot Palace. Mola Ram then became the high priest and the leader of the Thuggee cult. In Pankot, Mola Ram found a powerful ally in Chattar Lal, the Prime Minister of Pankot Palace.

Ram poisoned Maharajah Premjit Singh, Pankot's ruler, in 1930 and with Lal's help, brainwashed into serving him the heir: Premjit's young son, Zalim. He managed to claim three of the lost Sankara Stones, one of which from an Indian village, and kidnapped all of the children from the said village, enslaving them and using them to find the final two Sankara Stones as well as precious gems. He and the Thuggee wished to become unstoppable, wipe out the British and other religions and out of devotion to Kali, rule the world.

## Indiana Jones and the Temple of Doom

Indiana Jones, Willie Scott and Short Round came across the village that Mola Ram had stolen from and left to rot. The inhabitants there tasked them to go to Pankot Palace and bring the Sankara Stone stolen, as well as the children, back to them. The trio arrived at Pankot Palace, with Indy suspecting it was the centre of activity for the Thuggee, leading to them discovering the Thuggee and Mola Ram in a Thuggee celebration, watching him sacrifice a victim by pulling out his heart and lowering him into a lava pit, and seeing the Thuggee bring out the three Sankara Stones that they had found.

After the Thuggee left the room, Indy claimed the Sankara Stone Mola Ram had stolen, and came across the kidnapped and enslaved children, only to be caught. After Indiana Jones, Short Round and Willie were captured, Indy was brought before Mola Ram.

Mola Ram revealed his goals to Indy and then had him drink the blood of Kali, turning him into one of them, and had Short Round enslaved with the rest of the children. Mola Ram attempted to sacrifice Willie to Kali, and allowed Indy to do it for him. Indy nearly lowered Willie into the Lava Pit below, but Short Round, who had escaped and was free, returned him to his senses with fire, and they saved Willie and fought against the Thuggee. As Indy faced Mola Ram, Mola Ram escaped down a trapdoor. Indy and the others rescued the children, claimed the Sankara Stones and battled numerous Thuggee, with Mola Ram leading the latter. The trio managed to escape the catacombs via a mine cart.

Indiana Jones eventually confronted Mola Ram on a bridge over a nearby gorge, who had captured Willie and Shorty. Indy threatened to drop the Sankara Stones into the river below, but Mola Ram laughed in his face, stating that they would be found, before ordering his men to kill him. Indy cut the rope holding the bridge up, causing most of the Thuggee to fall into the river to be eaten by crocodiles.

Mola Ram held onto the bridge and fought Indy for a while, before Indiana called upon the God, Shiva, to use the Sankara Stones against the evil cleric. Mola Ram was burned by the Stones and then fell into the river, where he was devoured alive by the crocodiles, putting an end to his days as a Thuggee High Priest once and for all. His remaining men would try to avenge him, but the Eleventh Poona Rifles arrive shortly afterwards and shoot them, killing most of them while the survivors run away for their lives, but they were arrested for their crimes.

## Legacy

Despite that Mola Ram's reign of terror was finally brought to an end for good, the British government was unable to provide any evidence of Mola Ram's demise due to his gruesome fate of being devoured by crocodiles left little to no trace of his remains, and even moving to punish anyone who publicly said otherwise, as rumors began to circulate that Mola Ram's body disappeared from the river. However, Singh and the British were pleased that stories surrounding Mola Ram's ghost haunting the ruins of the flooded Temple of Doom kept others away from the area. On the other hand, Chattar Lal was able to escape with some treasure, but the British kept an eye to preclude Lal from establishing another Temple of

Doom.

---

Me: Mola Ram!

Maria: Not this guy again!

Mola Ram: Didn't expect to see me did you!

He went up to me.

Mola Ram: KALI MAL! KALI MAL! KALI MAL!

He plunged his hand into my chest and ripped out my beating heart!

Me: Big mistake! HIT THE DECK!

Allie Wilde: Why?

Maria: IT'S GONNA BLOW!

We ducked and covered and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

My heart exploded and sent Mola Ram barreling into the wall of the temple and he had his whole arm blasted off and some of his body was burned!

My heart regenerated and the hole in my chest closed.

Allie Wilde: Whoa! What was that?!

Maria: That happened to J.D. before. When we met Mark Rowe, Dr. Richard Rawlings ripped out J.D.'s heart and it exploded in his face.

Mola Ram got up and he was badly burned and his arm was missing.

Mola Ram: (chuckles weakly) Shouldn't you be in your Estate feeling sorry for yourself like last time?

Maria: Well, shouldn't YOU be in the Warp where we sent you last time?

Me: And sorry to disappoint you buster but we're over those feelings.

Then we heard a weird bleet and suddenly…

SMASH!

Mola Ram was rammed from behind and sent crashing into the wall by a VOLFON!

Me: Whoa! That's a Volfon!

Nicole: From Metroid Other M! Whoa!

And then a LaMoon appeared too.

LaMoon: Looks like the fun has just started.

Volfon: (Russian Accent) It sure has comrade LaMoon.

Me: You're a Volfon Gene-Slammer.

Volfon: It's an honor to meet you all. I'm Sonia Verkhnenovokutlumbetyevo.

LaMoon: Sonia is from Russia and she was made into a Volfon Gene-Slammer.

Nelanie: (Laos Accent) Wow! I'm a Vorash Gene-Slammer myself. That is amazing.

Eli: It sure is.

Mola Ram then got up.

Daring Do: I've had it with this guy.

Suddenly, Daring Do's dark purple eyes turned neon dark purple, and she was surrounded by a green energy aura with compasses and leaves, and as she approached Mola Ram, she left green energy, leaves, and compasses with every step. Then, Daring Do was surrounded by a massive vortex of green energy with leaves and compasses surrounding it, there was a Pegasus flying around the vortex, and inside the vortex was a gold phoenix. Then, as the vortex faded, Daring Do emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Daring Do grew to 6'0" in height, she had the body of a goddess, she had neon dark purple eyes and a green energy aura with leaves and compasses surrounding her and she has green highlights in the bangs of her long black hair, she has large peach colored angel wings with green tips on the large peach colored feathers, she has a Pegasus with leaves and a compass surrounding her emblazoned on her forehead, she has on Pegasus earrings with the Nature Kanji in its hooves and a necklace with a Pegasus with the Nature Kanji in its hooves for the pendant, she has on a sleeveless green shirt with a gold phoenix on it, cargo shorts with leaves and a compass, green ankle-high leather combat boots with leaves on them, and a green sleeveless trenchcoat with leaves and compasses on the coattails and a Pegasus with leaves and a compass surrounding it on the back, she has her massive Sword of The Knights of The Friendship Table out, and Daring Do has on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Pegasus with surrounding leaves and compass that said, "Daring Do, Famous Author of Many Adventure Books and Famed Adventurer, Awesome Friend of The Mane 9, Defender of Equestria, Master of Nature, Slayer of Evil, and Defender of Priceless Ancient Artifacts."

大胆なド、多くの冒険本の有名な著者と有名な冒険家、たてがみの素晴らしい友人九、エクエストリアの擁護者、自然のマスター、悪の殺し屋、そして貴重な古代の遺物の擁護者

Daring Do has transformed into SUPER ANGEL 750,000,000,000 ADVENTUROUS JUNGLE PEGASUS ANGEL OF JUSTICE AND HOPE!

We were amazed by Daring Do's Super Angel 750,000,000,000 transformation, including Rainbow Dash. But, when Mola Ram saw it, he fell into a dark rage.

Me: Whoa, Daring Do's transformed.

Rainbow Dash: That's so AWESOME!

Eli: Yeah it is!

Nicole: You said it. (To Daring Do) Daring Do, how do you feel?

Daring Do: (Divine Echoing Jungle Voice of Nature Justice) **I feel incredible, Nicole, and now, it's time for me to take care of Mola Ram.**

Me: Go get him!

Daring Do: **Mola Ram, Prepare to meet Kali in HELL!**

Daring Do fired a powerful barrage of green energy blasts and leaves, which hits Mola Ram, and they exploded with incredible power, killing him and every member of his cult and Super Hakaing his spirit along with the spirits of the members of his cult. We cheered as Daring Do powered down, and her new body, clothes, weapons, jewelry, and angel wings were permanent.

Me: AWESOME!

Rainbow Dash: That was SO AWESOME!

Nicole: Yeah it was! Way to go Daring Do!

Daring Do: Thanks guys.

I then put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Bhavna and Sonia were reverting back.

Bhavna: (regains her hair) Do you have any special talents?

Sonia Verkhnenovokutlumbetyevo: (Regains her two legs) I'm a Russian Historian and Researcher. I love learning about history.

They were back to normal and were naked and then Maria gave them new clothes.

Sonia Verkhnenovokutlumbetyevo: Wow! These clothes are amazing.

Maria: (Speaking Russian) Это часть того, что я делаю в подобных ситуациях, когда гены-тюремщики теряют одежду. Я являюсь частью модной бригады гено-тюремщиков. (It's part of what I do for situations like this whenever gene-slammers lose their clothes. I'm part of the fashion brigade for gene-slammers.)

Sonia Verkhnenovokutlumbetyevo: (Speaking in Russian) Я, конечно, понимаю почему. Это удивительно. (I can certainly see why. That is amazing.)

We were amazed.

Erica: Wow! I didn't know you could speak Russian.

Maria: Carol taught it to me. It was not easy to learn. I learned Russian as a second language.

Me: Awesome! And cue pain in 3… 2… 1…

Sonia Verkhnenovokutlumbetyevo: (holds head in pain) Am I reverting back again?!

Simone: It's part of what happens after we get turned back. Reign in the power of your Volfon half with the strength of your will.

Miranda: We did it and so can you.

Sonia Verkhnenovokutlumbetyevo did so and she concentrated and then she glowed in an aqua blue aura and we felt a massive blast of extreme cold coming from her.

Me: BRR! That is cold!

LaMoon: No kidding! Wow!

Nicole: Volfons live in extremely cold environments. They can walk through them like it's no big deal for them.

Eli: Wow that is amazing!

Sonia Verkhnenovokutlumbetyevo: But I feel amazing. Thank you all.

Me: You're welcome. Lets go home. We have quite a story for everyone.

We went back home.

---

After getting rid of Mola Ram and his cult this time for good, Lincoln, Me, Nico, Eli, Nicole, Samus Aran, Janeen Aran, Grenadaya Aran, and Scott Truman were heading to the Bottle Ship, and not only is Lincoln going to rescue the twenty seven girls there, but we're also going to explore the Bottle Ship, and make sure that Samus Aran's superior officer, Adam Malkovich, doesn't die.

Lincoln: Wow, we're onboard the Bottle Ship, and I think I know what we're going to do here, not only am I going to rescue the twenty seven girls there, but we're also going to explore the Bottle Ship, and make sure that Samus Aran's superior officer, Adam Malkovich, doesn't die.

Me: That's right, big guy.

Nico: This is definitely the opportunity to see what the Bottle Ship was like, and we'll make sure that Adam Malkovich doesn't die.

Samus Aran: That's right.

We explored the Bottle Ship, and it was indeed an amazing facility. Then, we'd met up with Samus Aran's superior officer, Adam Malkovich, and Samus was glad to see him again, and not only was he introduced to Lincoln, Me, Nico, Eli, Nicole, and Scott Truman, he was also introduced to Janeen Aran, Samus' adopted daughter. We met with Dr. Madeline Bergman, the Site Manager and Development Director of the BOTTLE SHIP's secret projects, and she had told us about Melissa Bergman or MB, an android that was created to control the Space Pirates, but she malfunctioned and decided to judge all of humanity by taking control of the Metroids and Space Pirates they created in their facility. We then knew what had to be done: take down MB and her army of Metroids and Space Pirates.

?: HELP!

Suddenly, Lincoln heard the sound of twenty seven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twenty seven girls, but they've been cornered by MB and her army of Metroids and Space Pirates, and they're going to kill them.

Lincoln: Guys, I found the twenty seven girls, but they've been cornered by MB and her army of Metroids and Space Pirates, and they're going to kill them. Come on, let's go.

We rushed on over, and we fired powerful rainbow energy blasts and laser beams at the army of Metroids and Space Pirates and obliterated them, and all that was left was MB.

Lincoln: MB, that's enough.

MB: Never, all of humanity shall be judged!

Lincoln: I get what the scientists have done to you and we sympathize with you, but what you're doing is going to mean nothing but genocide for the human race. Is that truly what you want, to destroy humanity?

Suddenly, Lincoln's words reached into MB, and that caused her to malfunction, and it got rid of the corrupting influence of Mother Brain, and she fainted, but Lincoln caught her.

Me: Whoa, what just happened?

Samus Aran: When Lincoln tried to reason with MB, something in his words had reached deep into her, and it got rid of the last corrupting influence of Mother Brain, and sent Mother Brain into Oblivion for good.

Nico: They say that Actions Speak Louder than Words. (Smiles) But, Lincoln's words of reason have indeed proven to be another powerful weapon in his arsenal.

We got Adam Malkovich, Madeline Bergman, Melissa Bergman, and the twenty seven girls off the Bottle Ship, and Melissa was resting on Madeline's shoulder. Then, Lincoln and Nicole went up to the twenty seven girls, and when Lincoln saw them, he recognized them. The twenty seven girls were Karen Aijo, Hikari Kagura, Mahiru Tsuyuzaki, Claudine Saijo, Maya Tendo, Junna Hoshimi, Nana Daiba, Futaba Isurugi, Kaoruko Hanayagi, Koharu Yanagi, Suzu Minase, Hisame Honami, Tamao Tomoe, Ichie Otonashi, Fumi Yumeoji, Rui Akikaze Yuyuko Tanaka, Aruru Otsuki, Misora Kano, Lalafin Nonomiya, Tsukasa Ebisu, Shizuha Kocho, Akira Yukishiro, Michiru Otori, Liu Mei Fan, Shiori Yumeoji, and Yachiyo Tsuruhime from Revue Starlight.

Lincoln: Oh wow, it's Karen Aijo, Hikari Kagura, Mahiru Tsuyuzaki, Claudine Saijo, Maya Tendo, Junna Hoshimi, Nana Daiba, Futaba Isurugi, Kaoruko Hanayagi, Koharu Yanagi, Suzu Minase, Hisame Honami, Tamao Tomoe, Ichie Otonashi, Fumi Yumeoji, Rui Akikaze Yuyuko Tanaka, Aruru Otsuki, Misora Kano, Lalafin Nonomiya, Tsukasa Ebisu, Shizuha Kocho, Akira Yukishiro, Michiru Otori, Liu Mei Fan, Shiori Yumeoji, and Yachiyo Tsuruhime.

Nicole: From Revue Starlight, awesome.

Lincoln: Are you girls okay?

Karen Aijo: Yeah, we're okay, thanks to you.

Then, when Karen Aijo and the other twenty six girls saw who it was that saved them from MB, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Karen Aijo: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty six clones of himself, and he and the twenty six clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Karen Aijo: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we had quite an awesome time exploring the Bottle Ship, and not only did we make sure that Adam Malkovich didn't die, but we also stopped MB's rampage and we got rid of the last corrupting influence of Mother Brain for good.

---

After our exploration on The Bottle Ship and stopping MB's rampage, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world that Lincoln's two future wives, Panty and Stocking Anarchy, came from had merged with ours.

Lincoln: Whoa.

Panty Stocking: Oh, no way, our world has merged with your world, Linky.

Me: That's awesome.

Nico: You got that right.

Suddenly, Krypto and Streaky came into the Estate.

Lincoln: Krypto, Streaky, what's up?

Krypto the Superdog: Hey, Lincoln. We were doing some patrolling when we saw Panty and Stocking's world merged with ours. Plus, we got word that an unwanted pest is here.

Me: Let me guess, it's Snooky Wookums, Mechanikat's evil sidekick?

Streaky the Supercat: That's right, J.D.

We headed on over to meet Panty and Stocking Anarchy's friends and take care of Snooky Wookums, Mechanikat's evil sidekick, who's there, and when the girls' friends found out that they're now the future wives of Lincoln, they offered their congratulations, and they also told us that they saw a blue kitten here, and it matched that of Snooky Wookums. We laid in wait, and we saw Snooky Wookums come out into the open. Then, we ambushed him and Lincoln put him in an indestructible rainbow energy straitjacket.

Snooky Wookums: You think this thing can hold me? I'll get out of this and when Mechanikat finds out about it, you will all pay!

Lincoln: I don't think so. Now, to find out what Mechanikat is up to.

Lincoln sprouted out one of his eleven massive, long, and powerful deep sapphire blue wolf tails, and it had a large suction cup proboscis, and when it attached on Snooky Wookums' head, Lincoln began sucking out all of Snooky Wookums' information from his brain. Lincoln found out that Mechanikat is planning to launch an attack on Metropolis. He also saw another figure with him, when he saw who it was, he was in for a shock: that figure with Mechanikat is none other than Kagan, Rayne's father and the evil bastard responsible for raping Rayne's mother and driving her insane before he killed her and her family and left Rayne alone and with revenge on Kagan on her mind.

When Lincoln was finished sucking out all of the information from Snooky Wookums' brain, his deep blue sapphire wolf tail sunk back, and he turned to us, but he had something to tell us.

Lincoln: Guys, I found out something bad: Mechanikat is planning an attack on Metropolis, and it gets a lot worse. (To Rayne) Rayne, I saw another figure who's with Mechanikat, it's Kagan, the vampire who had raped your mother and drove her insane before he killed her and your mother's family.

We gasped in horror, and Rayne's eyes narrowed.

Rayne: Are you sure, Lincoln?

Lincoln: There's no doubt, Rayne. Kagan's here, alive and well, and with Mechanikat.

Rayne: So, Kagan's come back from the dead, and now that he's here, he's going to get put down yet again. Lincoln, if it's not too much to ask…

Lincoln: Say no more, Rayne, I'll also help you out in putting Kagan down for good.

Krypto the Superdog: This sounds pretty serious. Lincoln, what can Rayne tell us about Kagan? From what you told us, I don't like the vampire already.

Rayne: Trust me, you won't like him even more.

Rayne proceeded to tell us about Kagan, and as predicted, we weren't going to like it.

---

Kagan

Kagan was a powerful vampire overlord and the father of Rayne, Zerenski, Xerx Mephistopheles, Ephemera and Ferril. He is the main antagonist of BloodRayne 2.

Appearance

Kagan is a tall and muscular male vampire with light colored skin, short black hair and goatee and silver eyes. He has two matching tattoos around each bicep. After being resurrected by Xerx, he had pieces of the Vesper Shard embedded into the left side of his face, making his left eye completely blind and left arm. He wears a red sleeveless undershirt with a black leather vest and matching pants, bracers, along with steel plated boots. Each leather article is adorned with belt straps and buckles.

## Personality

Kagan's policy with his dhampir children was that he would rape their mother to impregnate them and kill all of the mothers family, so the dhampir child would have no one to turn to but him. Whether this was the same with his full-blood vampire children; such as Ephemera, Xerx, Zerenski, and Ferril's mothers is unknown. He's completely coldhearted, ruthless and doesn't compromise. He seeks power and control akin to a true tyrant. He values strength, power and ruthlessness over any else; even in his own children. Ephemera was his favorite child even though she was conspiring to kill him in his sleep. He doesn't care at all for Rayne herself or her vendetta against him, not bothering to use her name or her mothers (or just doesn't care to remember). He refers to dhampir like Rayne as mongrels and calling her "It", not acknowledging her as an individual. Rayne was only an unknown nuisance and minor inconvenience to him until they had their final battle and recognized her from decades ago. He wondered to himself if it was actually worth the effort to create Rayne because of all the trouble she had caused him.

## History

Kagan is a very old vampire, his true age being unknown, but he has been alive long enough to sire several offspring such as Rayne, Ephemera, Xerx Mephistopheles, Ferril, Daniel Zerenski, the unseen Delinda and many others.

Before World War II, Kagan became involved with a sect of Nazis called the Gegengeist Gruppe. Kagan associated himself with this group, but didn't consider himself fully a Nazi, wearing only the G.G.G symbol on his armband. Although he isn't seen in BloodRayne, suggesting his membership was highly secretive.

## Plot

### BloodRayne 2

In the beginning part of the game, there is a flashback with Rayne staring angrily at a raging fire in a building. There is a weak voice in the background, explaining that he was attacked by a strong vampire. Rayne realizes it was Kagan and finds him in the Blood Library, looking for the Vesper Shards. Rayne is ready to kill Kagan, but he reveals a battered and dying Professor Tremaine, with his small intestine wrapped around his neck. Kagan than explains that Tremaine "stole another" of Kagan's offspring. Tremaine pulls out a detonator and it explodes, but Rayne is able to flee. Kagan survived the explosion, but the Vesper Shard infused with his flesh, mainly his face and arm.

65 years later, Kagan and his vampire children conquered over a New York City, using the Shroud to block sunlight, thus giving vampires the liberty to walk among the living in the daytime. Rayne faced off with her vampire father and successfully killed him. However, with the Shroud still lingering over the city and had spread far, Rayne takes charge in destroying it and Brimstone makes base in the city, rescuing survivors and killing the vampiric creatures.

## Equipment

Vesper Shard Sword: A large sword powered by large Vesper Shard crystals. The blade glows with solar energy which is lethal to vampires and dhampirs.

## Powers and Abilities

Kagan was a powerful vampire overlord with as much physical prowess as many men. Although his exact lineage and blood purity was never revealed, Kagan - considering his raw power and virility - was very possibly a pureblood vampire hailing from an aged and long bloodline. He still suffers from vampire weaknesses, but over time gained unique powers.

Immortality: Born as a pure-blood vampire and having lived for possibly centuries, time does not affect Kagan and has survived events that would kill a human many times over. Although, his immortality does have a limit as he was slain by his daughter, Rayne.

Super Strength: True to his bloodline, rank and age, Kagan's strength was challenged only by one of his last surviving daughters, the dhampir Rayne. This made Kagan among the mightiest vampires upon the Earth in the time before his demise. He has more than enough strength to lift a grown man off his feet by the neck for a long period of time without any sign of fatigue.

Combustion Inducement: This power was only shown once when Kagan infiltrated Brimstone headquarters and casually tossed a book at Rayne's feet before it burst into large flames, forcing her to halt.

Preternatural Swordsmanship: With centuries of fighting experience coupled with his inhuman perception, precision and reflexes, Kagan was capable of superhuman feats of swordplay.

Vesper Shard Powers: With the pieces of the Vesper Shard imbedded into his left arm and left side of his face, Kagan learned how to harness its power and shoot concentrated beams of varying strength from his left hand. He has a shield completely surrounding his body that protects him from all the ammo types of the Carpathian Dragons. He's lastly granted a higher resistance to sunlight, since he survived multiple blasts from the Sun Gun in his throne room. It doesn't kill him instantly like with other vampires but only momentarily stunned.

---

When Rayne was finished, we were completely disgusted and enraged at Kagan's cold-blooded acts of evil.

Me: That bastard, I can't believe him.

Nico: He's sick, not only did Kagan rape Rayne's mother and drove her insane, he also killed her and wiped out her family in cold blood, so Rayne would turn to him?! He's getting his head chopped clean off and a stake driven through his black heart!

Krypto the Superdog: And Mechanikat has the nerve to ally with Kagan. I have a feeling that Kagan's probably planning on double-crossing him, so he can annihilate mankind himself.

Streaky the Supercat: But, why, K-Dog, aren't they both evil masterminds?

Lincoln: They have different plans, Streaky. Mechanikat wants to rule the universe with an iron paw and make everyone his slaves, while Kagan wants to destroy mankind and all life to bring about the age of the undead.

Nico: That's right, Lincoln.

Kevin Whitney: And Rayne's been hunting down every last member of Kagan's family for 65 years? Whoa, that's incredible.

Krypto the Superdog: And for one reason, Kevin: revenge. What Kagan did to Rayne all those years ago was unforgivable, he killed her mother and wiped out her mother's family.

Streaky the Supercat: Normally, we would go against exacting revenge, but there are exceptions right?

Nico: That's right, Streaky, and this one is a major exception: Kagan's an undead monster who took Rayne's mother and her mother's family away from her, leaving her alone in the world for more than six decades, so yeah, he's going to get his head chopped off, and his spirit Super Hakaied by Rayne and Lincoln.

Lincoln: That's right, Nico. Rayne's one of my future wives, and from what Rayne said, I'm not letting her do this alone, I'm also helping her to get rid of Kagan once and for all.

Lori: That's right, Linky. Not only is Rayne your future wife, she's also our sister whom we love with all our hearts, unlike her four twisted and evil half-siblings, Dariel Zerenski, Ferill, Ephemera, and Xerx Mephistopheles. (To Rayne) BTW, Rayne, if we see your twisted half-siblings in the future, they'll join their twisted father in Oblivion.

Rayne: My thoughts exactly, Lori, and that's not a bad idea, once Lincoln and I kill Kagan, news of his death will reach their ears, and they'll be so pissed off, they'll be wanting revenge.

Lincoln: But, the only thing waiting for them is an eternity in Oblivion for their crimes and following that sick, twisted monster.

Me: You got that right, big guy, and thanks to you, now we know what our mission is later on today.

We returned home to the Estate, and thanks to Lincoln, we now know what Mechanikat is up to, and we also know that Kagan is also there, so Rayne and Lincoln are both going to put Kagan down for good and avenge Rayne's mother and her mother's family. As for Snooky Wookums, Lincoln sent back to Mechanikat but we had him not know that we were on to him.

---

Later, Rainbow Dash was getting ready for her Ambassador Mission and Tchang Zu the Demon Sorcerer of Thunder was going with her.

Tchang Zu: Can I come with you this time, Rainbow Dash?

Rainbow Dash: You sure can Tchang Zu. It's gonna be awesome having Ash and Ish meet you.

Me: It sure will. Have fun you two.

Rainbow Dash: We will.

They went through the portal.

They arrived.

Ish: Hey R.D.!

Rainbow Dash: Hey guys.

Ash: Whoa who is this?

Rainbow Dash: I'd like you guys to meet my archenemy.

Tchang Zu: Tchang Zu, Demon Sorcerer of Thunder.

Ish: Wow! Pleasure to meet you.

Ash: Is he really your archenemy?

Rainbow Dash: Yep. We have these amazing battles to test our strength and abilities. We call them usual battles and they are awesome.

Ash: That is amazing.

Rainbow Dash: Has there been any trouble since my last visit?

Ish: Nope and lets hope it stays that way.

Ash: But it's awesome that you guys have amazing battles with your archenemies.

Rainbow Dash: Yeah it sure is. Also have you all read this?

She showed an awesome new Daring Do novel that was made just now. It's called "Daring Do and Team Loud Phoenix Storm in The Quest for The Trident of The Ocean" and it showed us in Sri Lanka.

Ash: Wow you guys are in books!? That is amazing!

Rainbow Dash: My friend Twilight Sparkle introduced me to the adventures of Daring Do and they are awesome.

Tchang Zu: Very entertaining too.

Ish: That is amazing.

Tchang Zu: Forgive me for saying this, but there might be a good chance that Wild Card will return.

Ash: Yeah we heard that many villains you all took down in the past returned and we are not gonna be worried.

Ish: When you guys all show up we're going to make that monster pay for his crimes by ejecting him for Unsportsmanlike Conduct. Permanently.

Rainbow Dash: I like the way you think.

Ish: Thanks.

Rainbow Dash: You guy got any other friends from this world?

Ish: As a matter of fact yes. There's Troy Kang, Tua Topula, Marty Stevens and Ricky Cervantes.

Rainbow Dash: Awesome! We'll have to meet them next time I come here.

Ash: Great!

Later back at the estate we were discussing who would go with her next time.

May: So, who wants to come with Rainbow Dash next time?

Me: Rainbow Dash said she wants to bring Scootaloo, Pickle & Barley Barrel next.

Nico: Not a bad idea.

Rainbow Dash and Tchang Zu came back.

Me: How did it go?

Rainbow Dash: It was awesome. Next time we're going to meet Ish and Ash's friends.

Nico: You mean Troy Kang, Tua Topula, Marty Stevens and Ricky Cervantes? Awesome! I wonder how they are doing since the last time I was with them.

Me: I guess we'll find out soon.

Ellie Singh: Yeah. Also J.D. what did Mola Ram mean when he said you were still feeling sorry for yourselves?

Maria: Right you didn't know about this.

Me: It happened a few days after we destroyed Voldemort and the Death Eaters. We were under attack by Kobra in the Mall and because of our recklessness we were blaming ourselves for what happened there.

Nico: I remember that. That was crazy.

Me: Yeah.

I went over what happened in chapter 1005.

When I was finished everyone that hadn't heard it was shocked.

Rainbow Dash: Whoa.

Eli: That is awful.

Nico: Yeah it was.

Laney: Yeah. And all because of Dark Orbs we had in us.

Me: Yeah.

---

Later we were having an incredibly crazy contest. We were having a Lemonade Drinking Contest.

Glumshanks: Are you guys serious?! You're having a drinking contest?!

Nico: At least it's not beer. It's lemonade.

Glumshanks: Ah.

We were drinking Lemonade like crazy. We drank and drank and drank and drank and drank until it was just down to me and Edward.

Me: Didn't your brothers participate in lemonade drinking contests Edward?

Edward the Platypus: They sure did and all 4 of them won. I didn't.

Me: Oh man. Sorry.

Edward the Platypus: It's all right.

Eli: Wow look at all these cups they drank.

Laney: Thank goodness I didn't participate in this.

Edward the Platypus: All right fellas. I say we squeeze a little more out of this lemonade drinking contest by uping the ante.

Me: Bring it on.

Ash Ketchum: Who are you guys betting on?

Erica: I'm betting on J.D.

Nico: Me too.

Lana: My money is on Edward.

Edward took a cup.

Dave: Edward is gonna take his lemonade with no sugar!

Pingpong: That's impossible! No mortal would ever dare attempt it!

Edward drank it down and then fought back the sour and then swallowed and everyone cheered.

Me: Wow! You are tough.

Edward the Platypus: Thank you. Go ahead J.D. Match that.

Me: All righty.

I did so and drank my lemonade and swallowed it with no problems.

Me: Easy schmeasy.

Edward the Platypus: I appreciate what you're doing J.D. But as you already know all 4 of my brothers won this contest. Lets see how well you handle lemonade from concentrate.

We all gasped.

Nico: Drinking PURE LEMON JUICE!?

Vince: That's insane!

Eli: Yeah! Their faces are going to implode!

Nico: J.D. if you implode into another dimension can I have your room?

Me: No Nico. Nice try.

Cybertron Crumplezone: This is gonna be close!

Edward squeezed a lemon and poured the juice into a cup and drank it. I did the same and drank mine and the Edward's beak scrunched up and he fainted. I HAD WON!

Everyone cheered wildly!

Laney: That was awesome!

Me: WHOA! Before we go on our next mission we better go to the bathroom!

Nico: Good idea! Bathroom break everyone! Lets go!

We all went to our bathrooms and unzipped our pants and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

All: (EXTREMELY LONG RELIEVED SIGH)

Realistic movies of waterfalls came and then so did rivers.

Tailgate: You gonna be in there a while?

We all got done 4 hours later.

Me: WHEW! Man that is better!

Nico: Man! What a relief!

Miranda (W.I.T.C.H): J.D., now that your bathroom break is done, it's your turn to lead today.

Me: Yes I know and I feel much better. But at least we didn't have a baked bean eating contest.

Nico: Don't even talk about that.

Me: Sorry. And I have just the mission for us. Krypto sent us the location of where Mechanikat's base of operations is located and we're going to stop his plans for good.

Laney: Who is Mechanikat?

Me: One of his most dangerous enemies.

I went over his history.

---

Mechanikat is the main antagonist in the American animated series Krypto the Superdog. He is a mechanical cat who constantly comes up with schemes to conquer Earth. Despite being the main antagonist, he rarely acts upon the role, and often sends machines or other antagonists to face Krypto. His sidekicks are his agents Snooky Wookums and Delilah.

When first introduced, he takes on a darker, more ominous, and more malevolent vibe. He is presented as inherently evil and sinister, willing to do whatever it takes to get what he wants and eliminate all who oppose him. However, as the series goes on, he gradually takes on a more comical, buffoonish role as a villain. He is still very much evil and still very much the main villain, but largely due to how many plans of his are foiled by Krypto, Streaky, Kevin, Andrea, and the Dog Star Patrol, he begins seeming like a less threatening villain and more of a nuisance to the heroes.

He was voiced by Mark Oliver.

Origins

Mechanikat's origins are completely unclear. It is only known and implied that he was a normal cat who was once injured and was forced to wear mechanical limbs to survive, becoming a cyborg. While the circumstances of who left him injured are unknown, it is also known that he hated dogs, possibly because one could have been the one who injured him, starting to plan to conquer the Earth and eliminate every dog of the galaxy.

Meet the Dog Stars

Mechanikat is at first seen in the shadows, with only his glowing, artificial eye visible. He sends his most trusted agent Snooky Wookums to the Earth in order to hire several cats for his cat army. Following Snooky's failure in the mission after his defeat at the hands of Krypto the Superdog and the Dog Star Patrol, Mechanikat reprimands him and later states that he hates failures, scaring Snooky.

### Feline Fatale

After Snooky's failure, Mechanikat sends Delilah, another of his most trusted agents. After she managed to put Streaky the Supercat out of the way, she prepares the disintegrator ray to take out Krypto once and for all, being promised a new mouse toy by Mechanikat. It is here that Mechanikat briefly shows his face, leaning forward into the light for the viewers to see. But he sits back on his throne in the shadows to hide his face again. Unfortunately for Delilah, her chances to be awarded with Mechanikat's toy are ended when Streaky appears to save Krypto and seals her inside a trash can.

### Dem Bones

Mechanikat goes with Snooky to the Earth again this time with a new mission for Snooky: spray boxes of Yum Yum Bones with a special gas to put the dogs of Metropolis out of their senses. Said and done, the gas starts to make the dogs act as other animals, like ducks or chickens. However, Krypto and Streaky became aware of Mechanikat's plans after Wookums reveals his location in order to save his own life. At the same time, Mechanikat invades S.T.A.R. Labs, scaring three guard dogs who have eaten Yum Yum Bones who think they are mice and infiltrating into the Rocks and Minerals department. It is here that Mechanikat finally reveals his full form to the viewers.

Once there, just when Krypto enters into the lab to face Mechanikat, Mechanikat releases what he was searching: a little rock of Kryptonite. However, Streaky appears and scares the three guard dogs, who trying to escape from him, inadvertently knock Mechanikat to another room, with the box with Kryptonite being closed and Mechanikat being knocked into file drawers. However, Mechanikat activates his propellants and flees from the Earth, with the affected dogs returning to normal after the effects of the gas passes.

Top Dog

When the dog film star Thundermutt becomes jealous of Krypto, Mechanikat sends Snooky once again to the Earth in order to convince Thundermutt of help them to "humiliate" Krypto. To continue with the plan, Snooky presents himself at Thundermutt's penthouse and offers him a supersuit apparently made by Mechanikat and him. The next day, Thundermatt performs several heroic feats, but Krypto doesn't get humiliated because he admires him.

After Snooky reveals the supersuit's true nature thanks to his remote control, Thundermutt is forced to lure Krypto into an abandoned mine, which is connected to Snooky's spaceship, locking Krypto in a cell and departing from Metropolis. However, a reformed Thundermutt ultimately saves Krypto, with Snooky strangely leaving Krypto to his fate after knocking Thundermutt out of his ship, presumably much to Mechanikat's chagrin. What happened to Mechanikat afterwards is unknown, as he does not appear for the rest of the series.

---

When I was done everyone was in shock.

Nico: WHOA! He is one horrible cat.

Eli: Rotten to the core. And he wants to destroy Krypto and the Dog Star Patrol?

Me: Yep. And Krypto told us that Ignatius is not like Lex Luthor in any way. But I figured something out. It's actually Mechanikat that is like Lex Luthor.

Varie: Talk about a big twist.

Me: Yep.

Merman, KGBeast, Eris, Beast Man, Knightbrace, P'andor, Ranamon, Absorbing Man, Motor Ed, and Trombipulor then appeared.

P'andor: (Russian Accent) Can me, Merman, KGBeast, Eris, Beast Man, Knightbrace, Ranamon, Absorbing Man, Motor Ed, and Trombipulor go with you all?

Me: You all sure can.

Ranamon: We heard y'all releasing a huge sigh of relief. Are y'all all right?

Nico: We're okay. We just had to use the bathroom bad after having a huge lemonade drinking contest.

KGBeast: (Russian Accent) Wow who won?

Me: I did.

Knightbrace: Whoa! Way to go J.D.

Me: Thanks.

Knightbrace: Next time, the drinking contest should involve alcohol so it's funny!

Nico: (Sternly) Don't even go there.

Me: Not gonna happen. Alcohol poisoning.

Knightbrace: Yeah bad idea.

Coop: We can always do a hot dog eating contest.

Eli: Now that is more like it!

Me: Awesome idea Coop!

We were off to see Krypto.

---

We arrived in Krypto's Neighborhood.

Galaxy Man: Here we are in Krypto's neighborhood!

Me: Yep. Looking as good as ever.

Laney: It sure is. I can't wait to see Krypto again.

Nico: Yep. Me too.

Lana: And we're going to take the fight to Mechanikat.

Shanan: Yep. Scans show that he's on a moon in orbit around the gas giant planet Tau Ceti E.

Me: That's 11 Light-Years from Earth in the constellation of Cetus the Sea Monster.

Shanan: Yep.

Yuko Tani: And that's also the planet where all the trouble with Godzilla escalated in my time.

Eli: I remember hearing about that. That was nuts.

Me: It sure was.

We arrived at Kevin's house.

Merman: Is this Krypto's house?

Me: It sure is.

We then saw Krypto with Kevin on the ground reading comics.

Krypto: Hey guys!

Kevin: Wow it's great to see you all again!

Me: Same here Kevin and you too Krypto.

Superman: How have you been Krypto?

Krypto: Awesome Kal.

Me: We came to help you guys kill Mechanikat.

Krypto: All right!

Me: We appreciate you helping us warn us about Mechanikat.

Krypto: Anytime guys.

Lasher: Where's Streaky and the others?

Streaky came.

Streaky: Someone call?

Lasher: Oh hey Streaky.

Streaky: What's happening guys? I heard you all were heading out to kill Mechanikat.

Me: Yep we sure are and we're going to make that monster cat pay.

Cat: Yeah what he is doing gives all cats everywhere a bad name.

Dog: Boy you said it Cat.

KGBeast: Okay. What about Ace?

Krypto: He's getting ready for when I need him.

Me: And the Dog Star Patrol must be doing the same thing?

Krypto: Yep.

Me: Awesome. We're going to need all of them for this mission.

Snake Man: Krypto, we actually DO need them right now.

Krypto: You're right. I'll have them ready in a few minutes.

Laney: Awesome.

Nico: Great.

Me: Awesome. Looks like we're going to have an epic battle.

Ranamon: You guys just remember not to get yourselves killed.

Streaky: Well, even if we do, you guys can just revive us with a snap of a finger.

Me: True. But don't worry, no one will die on our watch.

Nico: Thank goodness.

Eli: Yep.

Harley: I brought Bud and Lou with me!

Nico: Awesome!

Lana: Cool!

Linka: Are we just about ready?

Shaggy: Like can we get some food first?

Me: After drinking 150 gallons of lemonade you're hungry!? Geez!

P'andor: I'll heat up some food.

Me: Thanks. Geez! I would think that after drinking that much lemonade you would be full for the rest of the day.

Nico: Yeah no kidding.

Me: Geez. (Muttering) I swear Shaggy and Scooby are going to die of food overdose.

Clawful: What kind of food do you guys want?

Chowder: I want ALL KINDS of food!

Me: Okay.

I formed a tree with my imagination powers that had pizza, burgers, chicken drumsticks and big cans of baked beans!

FFFFAAAAARRRRTTTT!

Trombipulor: Krypto, where did you say Mechanikat's hideout was?

Shanan: On a moon orbiting the planet Tau Ceti E.

Me: It's located 11 light-years away from Earth.

Trombipulor: Just asking.

We got to eating and we were having a really awesome lunch and we were full.

Gabriel: Has everyone eaten?

Me: Yes we have. BBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUURRRRRRRRRRPPPPP

Nico: Whoa nice one!

Lana: Yeah.

Eli: That was a good one.

Me: All right lets get ready.

We were ready.

Absorbing Man: Alright. Let's get ready to storm Mechanikat's place.

Me: Right.

I pulled out a scroll and unsealed numerous high tech plasma laser rifles and energy blasters.

Eli: Wow look at these guns!

Me: Yep. Perfect for battle with Mechanikat.

We picked our weapons.

A growl was heard and then out came STEELE!

Me: Steele!

Balto: Steele? You're working for Mechanikat?!

Steele: You and your friends cost me everything, wolf dog! My fame, my reputation, and my adoring fans! So now, I'll do Mechanikat a favor and rip out all your throats!

Cybertron Ransack: I thought dogs and cats were enemies. (to Streaky) No offense.

Streaky: None taken.

Me: I guess desperate times call for desperate measures.

Laney: Yeah.

All of a sudden, we heard a roar.

Eris: (To the Dog Stars) Did any of you just roar?

They shook their heads for no.

Hot Dog (Krypto): No we didn't.

?: That was us.

We saw Shu and friends.

Arkayna: Shu! Everyone!

Zola: Looks like we got here just in time.

Kluke: It's awesome to see you again Arkayna and it's an honor to meet you J.D.

Me: Wow you too Kluke and it's awesome to meet you all.

Lincoln: Zola!

They hugged.

Zola: Awesome to see you again Linky.

Linky: Same here.

Shu: We'll hold off this bad dog for you all.

Me: Thanks Shu. We owe you guys one.

Arkayna: Let me help you guys against Steele!

Konan: Be careful, Arkayna.

Arkayna: I will be careful.

Me: Lets go guys! Get ready Mechanikat! (Eyes glow red) We're coming for you!

We flew off into the sky and we were flying through space!

---

Flying through the depths of space, we were flying to the planet Tau Ceti E.

Motor Ed: Steele's screwed against Shu and his friends. Seriously!

Me: You got that right!

We were flying past planets like no one can imagine.

Nikki Lemmington: Wow! I always dreamed of flying through space! This is amazing!

Helena Nicos: It sure is amazing! Wow!

We were flying past stars and nebulae.

Erica: This is amazing!

Me: We're here guys!

We arrived at Tau Ceti E. We then went into the base that was at the moon orbiting the planet and we saw that we were in the base of Mechanikat. We then saw him. We saw MECHANIKAT!

Alucard: There's that cat bastard!

Me: Lets do it.

We flew at the base.

Mechanikat: And soon Krypto and those Dog Stars will…

Suddenly the spirits of nature and mechanics appeared and swirled around and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and then we came out!

Krypto: It's over Mechanikat!

Me: Time for your 9 lives to end!

Mechanikat: Team Loud Phoenix Storm!? Get them!

His guards came and then we fired a massive barrage of fireballs and blew them all apart!

Me: Your guards are worthless freaks!

Mechanikat: I thought Steele was taking care of you fools!

Snooky: Figures. Never trust a dog to do a cat's job.

Beast Man: (chuckles) Your boss is about to say the same thing about you in a few minutes.

Snooky: What are you talking about?

Beast Man smirked and started to control Snooky.

Snooky then slashed Mechanikat all over with her claws and that hurt real bad!

Me: Now for this!

I pointed my butt at Mechanikat.

Me: SNIFF ON THIS!

FFFFFFFFFFFAAAAAAAAAAAAAAARRRRRTTTTTTT!

I fired a blast of blue fire and burned Mechanikat all over the place.

Nico: Nice one!

Then The Dark Signers, General Schwarz, Duskmon and Count Nocturn appeared.

Me: The Dark Signers, General Schwarz, Duskmon and Count Nocturn.

Misty Tredwell: Hey honey.

Roman Goodwin: Where's Arkayna?

William: She's with Shu and his friends fighting Steele.

Devack: Oh, they're gonna beat him for sure!

Lori: (to Carly) Carly, since Count Nocturn's here, you know you'll literally be in Marceline's group after your battle, right?

Carly Atlas: Oh, I don't mind at all.

Me: Good.

Misty Tredwell: (to me) By the way, honey, we heard you went on another treasure hunt.

Me: We sure did and it was AWESOME!

Kalin: What did you find?

Me: The Trident of Upulvan. It's a powerful trident that was blessed with the powers of Upulvan the God of the Ocean in Sri Lankan Myth.

Kalin: Wow! That is amazing! Who got it?

Ellie Singh: I did.

She showed the trident.

Greiger: Wow look at that trident.

Ellie: Watch this.

Ellie fired a massive wave of water from the Trident and it hit a bunch of robots and short-circuited them and they exploded!

KRABBBBBBBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOMMMMMM!

Rex Goodwin: Amazing!

Greiger: That was incredible!

Ellie: Yeah it sure was.

Me: Awesome!

?: Boy that was amazing.

2 figures came out and one was Distractor and the other was ADOBORUTE-G OF THE VITAL from episode 37 of Goseiger!

---

**Adoborute-G of the Vital** is a coral-theme member of the Machine Onslaught Empire Matrintis and is the main antagonist in episode 37 of 2010 TV series called *Tensou Sentai Goseiger* .

He is voiced by Mitsuaki Hoshino who previously voiced Houretsudou from *Gingaman* and Sasamatage from *Shinkenger* .

History

Adoborute-G sets himself up to test a Matrintis plot to use special

"Vital Meters" as part of a means to begin a fad which in actuality allow for them to petrify anyone wearing the brace, thus either forcing humanity to either become petrified or to calmly submit themselves to Matrintis out of fear of becoming petrified. Moune ends up putting on one of th Vital Meters during a giveaway (where Adoborute-G was dressed in a pink rabbit suit) and soon discovers the means of which the Matroid works, thus forcing her to likewise stay calm or suffer the consequences. The other Goseiger have a hard time defeating Adoborute-G while Moune is away, with only Gosei Knight not affected by the Vital Meter due to having no emotions to manipulate. Ultimately, Moune returns having discovered inner peace through a bad joke of Professor Amachi, calmly doing away with the Matroid in combat. When Adoborute-G tries to use a human shield, Gosei Yellow remembers him as someone who butt in front of a girl in line to get the meter and uses a furious Rockrush combo to move him while blowing away the Matroid with Super Land Dynamic, freeing everyone petrified.

After being grown by the BB Nails, a combination of Gosei Ultimate and Gosei Ground easily do away with Adoborute-G.

Eli: Adoborute-G of The Vital! I remember you! You were to test a Matrintis plot to use Vital Meters to petrify anyone with braces and invoke fear to everyone around them.

Adoborute-G: That's right Eli. Your memory is as sharp as J.D.'s.

Eli: Never missed an episode from Japan.

May: I can't believe you weren't adapted in America.

Adoborute-G: I know! My vital meters could've given the Rangers a challenge! Except Robo Knight.

Me: That is true! But this is gonna be awesome.

Erica: I can't wait to see how I do against Distractor and his monsters he picks.

Me: That is gonna be awesome to see. Lets do it!

We got the battles underway.

Then she set her sights on Xandred and punched him in the face with devastating power and slashed him in half and bisected him!

Nico was cheering wildly for her!

Nico: YEAH! That was AWESOME!

Distractor was absolutely FLABBERGASTED! HE COULDN'T BELIEVE THAT ERICA HAD SINGLE HANDEDLY DESTROYED SOME OF THE MOST POWERFUL ENEMIES OF THE POWER RANGERS WITHOUT SO MUCH AS BREAKING A SWEAT!

Distractor: WHOA! YOU ARE REALLY POWERFUL!

Erica: I learned a lot ever since I joined the team and before that too.

Distractor: I believe it. I just wanted to see if you did that. Thanks for your time.

Distractor left.

POINK!

Steele got hit with a tranquilizer dart and then he fell to the ground asleep.

Arkayna and the Blue Dragon Crew saw Animal Control there lead by Zipporwhill.

Shu: Whoa who are you?

Zipporwhill: (Latin American Accent) Zipporwhill, I called Animal control.

Arkayna: Thanks Zipporwhill.

Zola: Smart thinking.

Zipporwhill: Lets get this bad dog over to the pound.

They took him to the pound.

Shu: So, sis. What do you wanna do while waiting for JD and the others?

Arkayna: Wanna play 20 Questions?

Shu: Sure. I'm thinking of something green.

Arkayna: The Grass?

Shu: Yes!

They laughed.

---

We were then facing Mechanikat!

Me: It's over for you Mechanikat!

Noah: Time to end your 9 lives for good!

Megaforce Rangers: LEGENDARY RANGER MODE! JUNGLE FURY!

The Megaforce Rangers turned into the Jungle Fury Rangers!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Rayne: That strong scent of blood, I knew it. You can come out now, Kagan, we already know you're here.

A figure came out of the shadows, and we already knew who it was, Kagan, the powerful vampire overlord responsible for what happened to Rayne's mother and her mother's family 65 years ago.

Me: We already knew that you made an alliance with Kagan, Mechanikat. Let's just say that we heard it from a little kitty.

Suddenly, Mechanikat saw that Snooky Wookums was absent.

Mechanikat: What, what did you do to Snooky Wookums?!

Lincoln: Threw him in prison and he's never getting out to terrorize the universe again.

This set Mechanikat off and he was now major league pissed off.

Rayne: And as for you, Kagan, I've had it with you for the last time.

Kagan: Same with you. You've ruined my plans to destroy mankind for the last time.

Suddenly, Rayne's emerald green eyes had turned neon emerald green and she was surrounded by a crimson red energy aura with dark shadows and bats, she unholstered her Defender of Brimstone large sword from her back, and as she approached Kagan, she left crimson red energy, dark shadows, and bats with every step.

Rayne: You should've thought things through when you decided to wipe out my mother's family, and look at what happened. Now, you're about to pay the price for everything you've done to me, Kagan.

Then, Rayne was suddenly surrounded by a massive vortex of crimson red energy with dark shadows surrounding the vortex, there was a vampire bat flying around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Rayne emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rayne grew to 6'0" in height, she had the body of a goddess, she has blood red highlights in the bangs of her neck-length crimson red hair and she doesn't have on the black ribbons attached to large rings looped into her hair, she has neon emerald green eyes and a crimson red energy aura with dark shadows surrounding her, she has the Leviathan Cross, the sigil of The Brimstone Society with drops of blood emblazoned on her forehead, she has on Leviathan Cross earrings and her red jeweled necklace with the Leviathan Cross inside the red jewel, her large crimson red angel wings on her back have gotten a little bigger, and the large crimson red feathers have black tips, and her clothes that she'd gotten as soon as she'd gotten her Defender of Brimstone large sword have gotten longer for her new body.

Rayne has on her new Bracelets of The Champions of The Universe with crimson red gems on her wrists, Belt of Elemental Bravery with large crimson red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a crimson red kanji below the Leviathan Cross that said, "Rayne, Dhampir Assassin and Agent of The Brimstone Society, Slayer of Evil Vampires, Loving Future Wife of Lincoln Loud, Master of Blood and Darkness, and Destroyer of Kagan's Sick and Twisted Ambitions."

レイン、ダンピールの暗殺者であり、ブリムストーン協会の代理人、邪悪な吸血鬼の殺し屋、リンカーン・ラウドの愛する未来の

妻、血と闇の達人、そしてケイガンの病気とねじれた野心の駆逐艦

Rayne has transformed into SUPER ANGEL 750,000,000,000 DHAMPIR DARKNESS BLOOD ANGEL OF BLOODSTAINED JUSTICE!

We were amazed by Rayne's Super Angel 750,000,000,000 transformation, and when Lincoln saw what happened to her, he had an atomic red blush on his face. But, when Kagan saw it, he fell into a rage, along with Mechanikat.

Me: Whoa, Rayne's transformed and become a true Angel of Darkness.

Nico: You said it, and not only is Lincoln blushing from seeing what happened to Rayne, it sent both Kagan and Mechanikat into a rage.

Lincoln: Whoa, Rayne, you look beautiful. How do you feel?

Rayne: (Divine Echoing Cosmic Voice of Blood and Dark Justice) **I feel incredible, Linky, and from the pissed off look on Kagan's face, along with Mechanikat's, they're not liking it, and that's exactly what I wanted to see on their faces.**

Lincoln: And now, it's time that we both put your so-called father down for good.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Rayne to rip Kagan apart.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's rip Kagan to shreds.**

BLOODRAYNE 2 OST: KAGAN

Kagan: Once all of you are dead, the world will soon be mine and mankind shall be exterminated.

Lincoln and Rayne went after Kagan, who unholstered his Vesper Shard sword, and tried to cut them down, but they dodged the sword. Then, they fired powerful blasts of rainbow energy and crimson red energy, elemental forces, darkness, Thunderbirds, Buffalo, and vampire bats at Kagan, and they exploded with incredible power. Then, with their massive swords, they attacked Kagan and disarmed him of his Vesper Shard sword, and they began slashing at him with powerful swings of their swords, and they really hurt him badly. Then, they proceeded to deliver their punishments on Kagan.

Lincoln: (Slashes Kagan on the Chest) **This is for Rayne's mother.**

Rayne: (Kicks Kagan in the Chest) **This is for wiping out my mother's family.**

Lincoln and Rayne: (Drives their swords into Kagan's Chest) **And this is for pissing us off for the last time.** (Beheads Kagan) **You rat-sucking son of a bitch.**

Lincoln and Rayne drops Kagan's headless corpse to the ground, and he explodes in a purple flame, and his evil spirit was Super Hakaied forever. We cheered for what Rayne and Lincoln did, and that sent Mechanikat into an even more deadly fit of rage and he tried to attack, until Krypto fired a blast of red energy, hitting him and sending him flying into a wall. Rayne and Lincoln powered down, and the improvements to Rayne's body, clothes, weapons, and jewelry were permanent. Then, Rayne went up to Lincoln and she hugged him, and he felt tears on his chest. He knew that Rayne has now avenged her mother and her mother's family, and he wrapped his abnormally massive and powerful muscular arms around Rayne in a comforting hug.

Lincoln: It's okay, Rayne. It's finally over.

Rayne: I know, and thank you for helping me with this task, Lincoln.

Lincoln: (Smiles Warmly) My pleasure, Rayne.

Then, Lincoln and Rayne locked eyes and they shared a passionate kiss, as bats were flying in the background, and we all cheered, and the sight disgusted Mechanikat.

Mechanikat: Ugh, seriously, I'm going to barf.

Krypto the Superdog: Well, it's your fault, Mechanikat. You should've known better than to ally with Kagan, especially since it means facing off against his pissed-off dhampir daughter, who's been after his head for what he did to her mother and her mother's family 65 years ago and her future husband who wasn't going to let Kagan live, not after what Rayne told him.

Streaky the Supercat: And now, you're about to pay the price for your crimes.

We then set our sights on tearing Mechanikat to shreds.

Me: Mechanikat what you have done is unforgivable! You are hereby sentenced to death!

We went at him and punched and pulverized him all over the place.

# Oil Rig Game Show from Hell

HAPPY 4TH DAY OF HANUKKAH!

---

Flying over the ocean was me and my team. We were heading over to Duel Academy. Me, Eli, Nene, Allie Wilde, Maria, Marie, Qin, Erica, Ellie, Lillian, Megan, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Syrus, Dark Magician Girl, Celica, Alexis, Jasmine, Mindy, Princess Rose, Sarina, Noriko Kaiba, Blair, Hannah Fairchild and Ekantika Venkatanarasimharajuvaripeta the Seviper Gene-Slammer were heading there. We arrived.

Ekantika Venkatanarasimharajuvaripeta: (Indian Accent) Here we are in Duel Academy.

Alexis Rhodes: It's good to be back here.

Jasmine: Feels like forever since we were here.

Eli: It's gonna be cool to see Duel Academy.

Me: You will love it bro. But man this place has so many amazing memories. The first time we were here was when the Society of Light made its appearance and we got Crowler sent to prison for his corruption. The second time was when Dartz was going to destroy the world and we killed him.

Hannah Fairchild: That was when he was still brainwashed by the Orichalcos.

Me: Yep. That was amazing. And the 3rd time was when we went into the Abandoned Dorm and Professor Banner, to our shock was Amnael the 7th Shadow Rider was trying to find a cure for his curse.

Eli: Geez! That was intense.

Blair: Boy no kidding. I'm glad we helped him out.

Me: Yep. And his Emerald Tablet gave us the key we need to take down the Royal Defenders the 1st time.

Eli: Wow.

Ekantika: That must've been really amazing.

Ekantika concentrated and groaned as her legs fused.

Me: It was Ekantika. And everyone here does so much as well.

Ekantika turned into SEVIPER!

Missy: Awesome! But I can't wait to see this place. I've heard so much about it from Nico.

Allie Wilde: I heard that this was also where you guys met Dark Magician Girl the first time.

Dark Magician Girl: That's right and it was for Duel Monster Spirit Day.

Syrus: That was so fun.

Maria: IT sure was.

We went into the Academy.

Maria: It seems peaceful so far.

Qin: So far.

We went into the Duel arena and we saw a kid facing Bonz!

Me: Hey Bonz is here.

Bonz saw us.

Bonz: Hey guys! Didn't expect to see you all here. It's not my turn today just so you know. I was called as a guest to duel one of the students.

Me: Awesome to get back into the fray for Dueling huh? I really need to start learning how to duel one of these days.

Eli: It's not easy bro.

Bonz: It takes a lot of practice and strategy but you can do it.

Me: Thanks.

Bonz: By the way I saw a strange figure in black run by here. He had these weird red goggles on.

Alexis: Wait. That's Trueman!

Me: Who is Trueman?

Jasmine: You would not like this guy J.D.

They told us all about him.

* * *

Trueman, also known as Mr. T, is a mysterious character and an antagonist that appears in the fourth season of Yu-Gi-Oh! GX.

As the powerful and mysterious "Messenger of Darkness" who vows to destroy those who try to figure out his agenda, Trueman serves as the emissary of Nightshroud, the true mastermind behind the vicious siege.

At one point, Trueman tated that he has no real name, but he chose the name "Trueman" because he claims that he always speaks the truth. He does tend to use deceit and manipulation numerous times in non-verbal ways, however as he uses illusions to prey on victims.

He was voiced by Hozumi Gōda.

Biography

Trueman initially appears to dispose of Honest, a Duel Spirit who disguised himself as a long-missing Obelisk Blue student, Yusuke Fujiwara, only to be stopped by Jaden Yuki. Recognizing Jaden as a threat, Trueman attempts to destroy Jaden, only to be thwarted every time and retreats, promising to return. Trueman proves a difficult opponent for Jaden each time they Duel. In the first Duel Jaden won fairly easily but came very close to losing the second. Before their third rematch multiple Trueman(s) appear and they assimilate together to dispatch Jaden, considering him as a threat to their agenda. Jaden nearly loses this one, but manages to win using the card "Honest".

He later revives his machination and initiates a vicious assault on Duel Academy and Domino City, absorbing people into the World of Darkness by materializing through the cards of Duelists who have felt negative emotions and assuming their form, but not before eliminating the original. Additionally, when he does this, everyone who knew the person forgets they ever existed. Among the victims were Taigo Sorano, Axel Brodie, Sartorius Kumar, Sarina, Tyranno Hassleberry, and almost the entire population of Domino City and the students of Duel Academy. Names from a list of his victims, including many characters from the first series anime and manga, all disappear from the list leaving only Seto Kaiba's name behind.

To defeat Axel Brodie, Trueman copied the Deck and appearance of Brodie's father and exploits Brodie's negative emotions relating to an incident that nearly killed both of his parents. Many copies of Brodie later attempt to stop Jaden Yuki's escape from Domino City, but Jaden escapes them. However many copies of Jaden then try to stop Jaden, but he is rescued by Sartorius.

After defeating Taigo Sorano, Trueman begins to imitate both Sorano's Deck and appearance, enabling him to blend in with the other students of Duel Academy before finding his next victim, growing stronger with every duel. Each individual Trueman clone was capable of doing this, and so each of them would seek out students to defeat, among them Tyranno Hassleberry and Syrus Truesdale. He later assumes his true form once more and defeats Chazz Princeton and Alexis Rhodes.

The Trueman clones observed the Duel between Yusuke Fujiwara and Atticus Rhodes as well as the Duel between Yusuke, Jaden, and Jesse Anderson. During Jaden's Duel with Yusuke Fujiwara, all the Trueman clones are destroyed by "Rainbow Neos" when it attacks and destroys "Clear Vicious Knight" and the portion of

Nightshroud that was possessing Yusuke.

* * *

When they were done we were floored and shocked!

Me: WHOA MAN! He's a mind-breaker!

Eli: He's terrible!

Allie Wilde: No kidding. What is he after?

Me: Sounds like he wants to make people's lives miserable and he gets stronger by absorbing each student after their defeat.

Maria: Please tell me he hasn't dueled anyone yet!

Eli: I sense that he is close.

Eli concentrated and then he felt something in the cards of the kid that Bonz was dueling!

Eli: (To the kid) Trueman is in your deck!

Then a blob of darkness came out and it was TRUEMAN!

Bonz: Oh man! That's Trueman!

Me: Whoa! He doesn't look like someone I would mess around with.

Trueman: I'm impressed you were able to find me young Eli.

Eli: You make me sick Trueman!

Me: Now you will pay for your crimes!

I teleported and grabbed him from behind in a bear hug and then I sucked out EVERY SINGLE OUNCE OF HIS NEGATIVE ENERGY and it made me more powerful!

Me: WHOA! Your Negative Energy is powerful! (GASP)

His Negative Energy revealed to me his dark secrets! He put countless people into the World of Darkness and they were all from all over the world! They were those that disappeared under "Mysterious Circumstances" and they were supposedly erased from existence even though they weren't!

Me: You monster!

I grabbed Trueman.

Me: Lets those you imprisoned in the World of Darkness go NOW!

Trueman: (Malevolent Chuckle) I will do no such thing.

Maria: You can only put people into the World of Darkness when you defeat them in a Duel. (smirks) But I bet you can't put them there in an ACTUAL FIGHT!

Me: That's right! Bonz, sorry for interrupting your duel like this.

Bonz: No worries.

A roar was heard and then we saw a Priestess with Eyes of Blue and a Groganch.

Me: Wow! A Priestess with Eyes of Blue and a Groganch.

Eli: That's the 3rd creature from Metroid Other M that we met.

Priestess with Eyes of Blue: Let us help you all.

Me: Sure.

Groganch: (Polish Accent) (In a girls voice) This guy is an absolute monster.

Me: Whoa! You're a Groganch Gene-Slammer.

Groganch: That's right. My name is Lillith Dziewięćsetdziewięćdziesięciodziewięcionarodowościowego.

Me: Whoa that is a long name that is very hard to pronounce. But it's a pleasure to meet you both.

Syrus: Same here.

Me: Lets get this clod!

Alexis: This monster will never imprison another duelist again.

Hannah Fairchild has transformed into SUPER ANGEL 750,000,000,000 SACRED DARKNESS ANGEL OF DARK JUSTICE!

We were amazed by the girls' Super Angel 750,000,000,000 transformations, but when Trueman saw it, he fell into a dark rage.

Me: WHOA! You all transformed!

Eli: Unbelievable! Wow!

Maria: You girls look awesome! How do you all feel?

Alexis Rhodes: (Divine Echoing Voice of Cold Fiery Justice) **We feel amazing.**

Celica: (Divine Echoing Voice of Light and Hope) **This is amazing and so cool.**

Noriko Kaiba: (Divine Echoing Voice of Lightning and Love) **Awesome. Now we're going to give this monster what for.**

They went at Trueman and blasted and pulverized and smashed and destroyed him all over the place. They then fired a massive energy blast and obliterated him in an instant! Then They powered down and their new clothes, jewelry and weeapons were permanent and I hugged and kissed Celica and Syrus hugged Dark Magician Girl and kissed her. Then I put on my blind man glasses and then Eli, Bonz and Syrus covered their eyes and then I snapped my fingers and Ekantika and Lillith were reverting back.

Ekantika: (legs split apart) What special skills do you have?

Lillith D.: (Wood skin reverts back to skin) I'm a dancer and a food connoisseur.

They were both back to normal and they were both n*** and Maria gave them new clothes and they put them on.

Lillith D.: These clothes are amazing.

Blair: Whoa look!

We saw numerous lights appear and they were ALL the victims Trueman trapped into the World of Darkness.

Eli: WHOA! It's everyone Trueman trapped! When we destroyed him we freed his prisoners.

Nelanie: (Laos Accent) Wow!

Me: And lets not forget that we destroyed Nightshroud earlier.

Alexis: That's right! I remember that.

Blair: That was brutal.

Me: Better get Varie and the medical team over here on the double. And cue Lillith going into pain in 3… 2… 1…

Lillith D.: (holds head in pain) I think I'm gonna be sick!

She vomited!

Me: Ew!

Simone: Concentrate and reign in the power of your Groganch half with the strength of your will Lillith. We did it and so can you.

Lillith did so and then she glowed in a powerful neon spring green aura and then massive numbers of plants and flowers grew around her instantly and she was fully engrafted with her power!

Eli: WHOA!

Lillith D.: Wow! Did I do this!?

Me: You sure did. Groganch is the master of plants in the world of Metroid Other M.

Varie and the medical team airlifted numerous people captured by Trueman and Nightshroud to the hospitals and they were gonna be all right. We went back home and told everyone everything and they were shocked that Trueman was that evil and that he is gone for good. Also when Jaden heard about Alexis transforming he was happy and they went to Jaden's room for a KINKY GOOD TIME!

After dealing with Trueman, Lincoln, Me, Nico, Eli, Nicole, The Total Drama Crew, Lori, Leni, Luna, Luan, Lynn, Lee, Lyra, Liberty, Laney, Lucy, Lana, Lola, Lisa, Lily, The Mane 9, Princess Celestia, Princess Luna, and TJ Johnson were heading to the Jupiter Prison, and not only is Lincoln going to rescue the ten girls there, but we're also going to stop a riot that's broken out in the prison, and beat up the cause of it: Alejandro from Total Drama, and Princess Luna is going to give him the loudest and meanest reprimanding ever known. We got to the Jupiter Prison, and it was already in chaos because of Alejandro.

Lincoln: Whoa, we're here in the Jupiter Prison, and I think I know what we're going to do here, not only am I going to rescue the ten girls there, but we're also going to stop the riot that's broken out in the Jupiter Prison, and beat up the cause of it: Alejandro.

Me: That's right, big guy. I got a call from the Warden who told us everything. That asshole Alejandro had help from one of the guards who provided him a way out and into the security system.

Nico: So, one of the guards has decided to turn against the law and help out that asshole Alejandro in causing chaos?! Oh, he's going to get fired from his job, and he's heading for prison.

Eli: Big time.

Twilight Sparkle: Right now, let's get these inmates back in their cells. Then, we deal with Alejandro.

We got to work in gathering up the inmates and throwing them back in their cells, and we also fired blasts of water at them to get them to cool down, and Lincoln and Lori also wrangled up Icky Vicky and Trina Riffin who wanted revenge, and Lincoln and Lori knocked them out by bonking them on the heads, and Lincoln tossed them back into their cell, bound in rainbow energy straitjackets and then chained to the walls of their cell. We also got the guard who helped Alejandro, and he was going to face the judge for his actions.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, but they've been cornered by Alejandro, and he's going to kill them.

Lincoln: Guys, I found the ten girls, but they've been cornered by Alejandro, and he's going to kill them. Come on, let's go.

Duncan (Total Drama): Let's rip him to shreds.

We rushed on over, and Lincoln punched Alejandro hard in the face and sent him flying into a nearby wall. When he saw us, he was none too pleased and he was pissed off that we foiled his riot, and the same went with us. We then piled on and we brutally pummeled Alejandro, and Lincoln broke every bone in Alejandro's body, and then, Lincoln tied Alejandro up in a rainbow energy straitjacket, so he couldn't escape. Then, Princess Luna approached Alejandro, and she was pissed off.

Princess Luna: Alejandro, no words can describe just how evil and black-hearted you are, but it must be said. (Canterlot Voice) YOU ARE A SELFISH, BLACKHEARTED, EVIL, SADISTIC, BACKSTABBING, PSYCHOTIC, ARROGANT, MONSTROUS, INCONSIDERATE BASTARD AND A DISGRACE TO MANKIND!

Our jaws literally hit the floor when Princess Luna reprimanded him, and she even used the Canterlot Voice for this one, and that caused Alejandro to crap his pants 100,000 times. We cheered wildly for what Princess Luna did, as we went up to her and hugged her.

Lincoln: Wow, Princess Luna, that was an amazing reprimand.

Princess Luna: Thank you, Lincoln.

Princess Celestia: Indeed, and you used the Canterlot Voice for that one, excellent touch, sister.

Then, Lincoln trapped Alejandro in a sphere of darkness, and put him in a special cell in The Neptune Cryo-Prison's Solitary Confinement, where the sphere of darkness and Alejandro who was still inside it were eventually frozen in ice, where it was sealed by two highly advanced security doors. Then, Lincoln and Nicole went up to the ten girls who were located there, and when Lincoln saw them, he immediately recognized them. The ten girls were Aletta the Demon, Arte the Mermaid, Fardania the Wood Elf, Hilda the Demon, Kuro the Dragon, Red Queen the Dragon, Renner, Sarah Gold, Tiana Silvario The Fairy Queen, and Victoria Samanark the Half-Elf from Restaurant to Another World.

Lincoln: Oh wow, it's Aletta the Demon, Arte the Mermaid, Fardania the Wood Elf, Hilda the Demon, Kuro the Dragon, Red Queen the Dragon, Renner, Sarah Gold, Tiana Silvario The Fairy Queen, and Victoria Samanark.

Nicole: From Restaurant to Another World, awesome.

Lincoln: Are you girls okay?

Aletta the Demon: Yes, we're okay, thanks to you.

Then, when Aletta the Demon and the other nine girls saw who it was that saved them from Alejandro, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Aletta the Demon: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular

arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Aletta the Demon: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and as for the guard who helped Alejandro in orchestrating the little prison riot in the Jupiter Prison, he was fired from his job, and he was looking at spending the rest of his life in federal prison for helping out one of the Total Drama Sore Losers, and taking part in what could've been a wild prison riot.

---

After putting a stop to the prison riot in the Jupiter Prison and giving Alejandro the loudest and meanest reprimanding ever, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Ronnie Anne, Girl Jordan, Paige, Mollie, The Mane 9, Strawberry Shortcake, Lemon Meringue, Raspberry Torte, Blueberry Muffin, Plum Pudding, Orange Blossom, Cherry Jam, Apple Dumplin, Sweet Grapes and Sour Grapes, Red Queen the Dragon, Aletta the Demon, Fardania the Wood Elf, Utena Tenjou, Juri Arisugawa, Yang-Yang, and Misato Katsuragi were getting ready for their date, this time, it's at Dire, Dire Docks.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them, he still had on his jewelry and weapons holstered, in case of trouble.

Ronnie Anne, Girl Jordan, Paige, Mollie, The Mane 9, Strawberry Shortcake, Lemon Meringue, Raspberry Torte, Blueberry Muffin, Plum Pudding, Orange Blossom, Cherry Jam, Apple Dumplin, Sweet Grapes and Sour Grapes were in their two-piece bikinis from their last beach dates with Lincoln, they also had on their jewelry and weapons holstered, in case of trouble.

Red Queen the Dragon was dressed in a red two-piece bikini with dragons on it, Aletta the Demon was dressed in a black two-piece bikini with demons on it, Fardania the Wood Elf was dressed in a green two-piece bikini with wood elves on it, Utena Tenjou was dressed in a pink two-piece bikini with rose petals on it, Juri Arisugawa was dressed in an orange two-piece bikini with an orange rose on it, Yang-Yang was dressed in a white two-piece bikini with rose petals on it, and Misato Katsuragi was dressed in a red two-piece bikini with the NERV logo on it.

Lincoln: Alright, ladies, shall we get going?

Twilight Sparkle: Lead the way, Linky.

Lincoln and the girls left the Estate, and they headed for their destination: Dire, Dire Docks in the world of Mario. When they arrived, Dire, Dire Docks was an amazing place, and it was completely submerged in water. Luckily, they also had on their scuba gear for this one.

Lincoln and the girls dived right into the water, and they began their exploration of Dire, Dire Docks, and they also took care of some of the enemies that awaited there: Skeeters on the surface of the water and Cheep Cheep fish below the surface. They also swam with the Manta Rays in this world, and they also found some treasure chests, which they were going to show us when they got back to the Estate. Red Queen the Dragon, Aletta the Demon, Fardania the Wood Elf, Utena Tenjou, Juri Arisugawa, Yang-Yang, and Misato Katsuragi were enjoying their first date with Lincoln, and Ronnie Anne, Girl Jordan, Paige, Mollie, The Mane 9, Strawberry Shortcake, Lemon Meringue, Raspberry Torte, Blueberry Muffin, Plum Pudding, Orange Blossom, Cherry Jam, Apple Dumplin, Sweet Grapes and Sour Grapes saw it for themselves. Then, they returned to the Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Dire, Dire Docks in Mario's world.

Nico: Really? I heard about that area from Nicole, it's supposed to be submerged completely in water as soon as you enter the area.

Lincoln: That's right, and we also had our scuba gear for this one. We also took care of some of the enemies there, and look at what we got.

Lincoln got out the treasure chests that were there, and we gathered.

Nicole: Whoa, you guys also found the treasure chests that were there?! Oh man, I wish I could've come with you and the girls, Lincoln.

Lincoln: That's okay, Nicole. Next time, if there's treasure involved, you're coming along.

Morgana: Don't forget us, Lincoln. When it comes to finding treasure, we're experts as well.

Lincoln: (Laughs) Don't worry, Morgana, I won't forget you and the Phantom Thieves. Now, then, let's see what's in these treasure chests.

Lincoln opened the treasure chests, and inside them were a king's ransom of jewels and gold coins. Our jaws dropped at the sight of the treasure that were inside those treasure chests.

Nico: (Stunned) Holy crap, this is a king's ransom of gold coins and jewels inside those treasure chests.

Nicole: (Stunned) And they were underneath the waters of Dire Dire Docks? Incredible.

Morgana: (Stunned) Whoa, what a find!

Lincoln: And I'm planning on donating the treasure to a museum for everyone to see.

Applejack: (Smiles) That's a good idea, Linky.

Me: Same here, big guy.

Aletta the Demon: And this was indeed an amazing first date, Lincoln.

Lincoln made clones of himself, and he and the clones then went up Ronnie Anne, Girl Jordan, Paige, Mollie, The Mane 9, Strawberry Shortcake, Lemon Meringue, Raspberry Torte, Blueberry Muffin, Plum Pudding, Orange Blossom, Cherry Jam, Apple Dumplin, Sweet Grapes and Sour Grapes, Red Queen the Dragon, Aletta the Demon, Fardania the Wood Elf, Utena Tenjou, Juri Arisugawa, Yang-Yang, and Misato Katsuragi, and they shared a romantic and passionate kiss and hug, and we cheered for them. We then donated the treasure that Lincoln and the girls found to the museum for everyone in Gotham Royal York to see, and from what Nicole had seen, it appears Lincoln had the makings of a treasure hunter, just like herself and Daring Do.

Back at the estate, we were watching TV when suddenly a new and unpleasant show came on.

Adrena Lynn: THE ADRENA LYNN SHOW! With your host… the villainess for hire… the gal for your task… the girl who won't stay down… ADRENA LYNN!

Adrena Lynn reveals herself to the audience.

Adrena Lynn: Hi, Ma! And welcome to the Adrena Lynn Show, the only show where you compete for your life! And remember, viewers, I'm available for death defying stunts, criminal activities, and birthday parties!

Esmeralda: (Camp Lakebottom) I don't know what's even more weird. The fact that she had another show before this or that she's really one of Kim's enemies.

Nico: Yeah.

Me: Who is Adrena Lynn?

Kim Possible: You would not like her guys.

She told us all about her.

---

Adrena Lynn was a TV teen action star who specialized in "extreme" death-defying stunts. She also seems to like using the word "freaky" in sentences (she puts emphasis on the eaky, but not the fr). However, it is possible that the experience was a key element in Dr. Possible being distrustful of "show folk" and celebrities, particularly after Kim's brothers, Jim and Tim, were both injured in an hamfisted attempt to replicate one of her stunts. In reality, she faked all of her stunts, and was exposed by Kim and Ron when Kim tried to save Lynn from a failed bungee jump stunt, only to discover Lynn didn't do the stunt at all and was using a stuffed stunt-double dummy. It was really Ron, who exposed her to the press as being a "FAKE", resulting in her show being cancelled. Adrena Lynn attempted to get revenge on Kim. Lynn learns about Kim dating a football player named Brick Flagg (actually, a fake story Ron made up to get himself on the papers for Middleton High) and kidnaps him, taking him to the abandoned Middleton Fairgrounds and tying him on a coaster. Even after Ron confessed that he was the one responsible for exposing her as fake and her show getting canceled, and he made the whole Brick thing up, Lynn just shrugs it off. Lynn was eventually was defeated and sent off to jail after a death-defying battle at an abandoned circus that ended with Adrena Lynn being exposed once again like a coward.

---

When she was done we were shocked!

Me: Whoa she she is a fake Daredevil star.

Kick Buttowski: Not the kind of person I would admire.

Nico: Yeah no kidding. Looks like we're going to answer her call. Lets get ready guys! It's my turn to lead this time and we're going to face her.

Me: Lets do it!

The Dark Signers, General Schwarz, Duskmon and Count Nocturn then appeared.

Misty Tredwell: Can we go with?

Nico: You sure can.

Adrena Lynn: Coming up, we've got a very special episode - with a very guest running the gauntlet!

Nico: Who?

Aerena Lynn: You, Nico Chan!

Nico: WHAT?!

Laney: You've gotta be kidding me!

Me: Oh great!

Adrena Lynn: That's right! Our guest today will be the one, the only Nico Chan and Team Loud Phoenix Storm. Because they need this!

We then see a Number Card on a pedestal as the prize.

Nico: (facepalms) Television, you are a cruel mistress.

Me: It sure is. But we have a Number Card to go after now. And it looks like it's gonna be a tough one.

Laney: This is gonna be cool.

Eli: I'm looking forward to this.

We were off.

---

We were flying alongside a helicoptor.

Pilot: You know you guys can ride inside!

Apeface: (sees an oil platform) Wow, that's not too big or anything. Can somebody say 'overcompensating'?

Me: Overcompensating?

Nico: He said it.

Eli: This is gonna be good.

We landed.

We saw her on the TV.

Adrena Lynn: Nico! Can I call you Nico? Hey, thanks so much for you and your pals being part of our little "webisode". Heh heh, 'cause… 'cause Spidey shoots web… Oay. Hey can I get you guys anything before we start? Soda? Bottled water?

Broadside: How about the Number Card?

Adrena Lynn: (laughs) Good one! Okay, here we go, picture up! In three… two… and… (explosion happens in background) Welcome welcome welcome to the Adrena Lynn Show!

May: Is there a mute button for her?

Me: That would be nice.

Nico: I have a feeling this is gonna be good.

Adrena Lynn: And here they are! The terrifying… the deadly… the amazing… NICO CHAN, and his spectacular sidekicks!

Shego: Just what we always: A tasteful introduction.

Adrena Lynn: (laughs) Missed you too, Shego!

Shego raspberried her.

Nico: Three words Adrena Lynn: BRING! IT! ON!

Adrena Lynn: With pleasure!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

A massive fiery explosion went off and we came out.

Adrena Lynn: Not a bad entrance {mine's gonna be better, though, later on}, but could you guys put a little more "oomph" in it, ya know, for the cameras. This is going on live to MILLIONS of viewers.

Roman Goodwin: (smirks) Here's what we think of your cameras.

SMASH!

Roman punched a camera, destroying it.

Adrena Lynn: Hey! That was a live feed you just killed! (fake crying) Now what am I going to tell its folks?

Nico: Tell 'em it was a mercy killing. If they've seen your show, they'll understand.

Deadpool: This woman is making ME look bad! Hey Lady! I did a show like this a long time ago and Webhead stopped me!

Spiderman: I remember that!

Adrena Lynn: Listen, Nico. I can't have you wandering around with your pals destroying my cameras. You're gonna have to tangle with my ARMY! And by "army" I mean Production Assistants. And by Production Assistants I mean unpaid interns. And by unpaid interns I mean "fans". You guys are gonna have to tangle with my FANS!

Flash Man: Fans?

Nico: What fans!?

William: (sees something) She's talking about them.

We saw THOUSANDS OF FANS come out! And they were the Frat Boys and Girls from the Multiverse! And it wasn't just them, there were Batlings, Putrids, Rinshi, Hidiacs, Styxoids, Putties and

Cyclobots too!

Nico: WHOA! Frat kids!

Erica: And more Power Rangers foot soldiers! Now we're talking!

Carly Atlas: These cameras are her eyes and ears. We better take them out.

Erica: You got it! Carly you want to help me battle these foot soldiers?

Carly Atlas: Like you even have to ask Erica!

Erica and Carly then flared up their Red and Orange auras and went at the foot soldiers and they were punching and kicking and smashing them all over the place and blasting them all over in massive fiery explosions!

KRABBBBBOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMMMMM!

Devack found another camera and he smashed it.

SMASH!

Nico: YEAH!

Eli: Hey Adrena Lynn! Here's what I think of your show!

Eli pulled down his pants and mooned her and we laughed!

Adrena Lynn: NOT COOL!

We smashed the rest of the cameras.

Toad Man: That should be the last of them.

Adrena Lynn: (laughs) C'mon, like I wouldn't have a backup plan? This is live TV, baby - the show must go on!

More cameras appeared on the oil platform.

Nico: (in disbelief) You've gotta be kidding me.

Lincoln: (smirks) What's wrong, "Mighty Nico"? Not used to being on Live TV in times like this one?

Nico: (growls) Don't even start right now, Lincoln!

Laney: (laughs) Welcome to the lifestyle of Game shows, "Fearless Leader"!

Me: All right that's enough guys!

Moe: Don't make me tear your tonsils out and gouge your eyes out you nitwits!

Lincoln: Sorry.

Nico: Thanks guys.

More "Fans" came out and there were droids now!

Nico: Droids!? Awesome!

I ignited my lightsaber and so did the Jedi.

We were swinging our lightsabers all over and deflecting the blasts back.

Me: YEAH!

Anakin: You call this a diplomatic solution?

Padme: No. I call it agressive negotiations.

We went into a room and we saw a Price Is Right-Esque style stage.

Adrena Lynn: Team Loud Phoenix Storm! You guys are the next contestants on "The Priceless Fight!" COME ON DOWN! And let's see what you've won…

Me: HEY! NO RIPPING OFF THE PRICE IS RIGHT!

Loud footsteps can be heard from behind the nearby gate as it opens, and a huge fan dressed like Adrena Lynn comes out.

Adrena Lynn: A ridonkulously big enemy to fight!

Kalin: You call that a prize?! (the fanboy roars)

Adrena Lynn: Uh-oh! Looks like Team Loud Phoenix Storm is about to get squished! GO GET HIM, BEAUREGARD!

Lynn: (laughs) Beauregard? Seriously?

The fanboy roared in Lynn's face.

Lynn: You have REALLY BAD BREATH!

I fired a blast of energy and obliterated the Beauregard in an instant.

Adrena Lynn: Aw, man! Where am I gonna find another fan that big and antisocial?

Lola: I dunno. How friendly are you with Solomon Grundy?

Me: BURN!

Nico: How about Bane from The Dark Knight Trilogy?

Adrena Lynn: Not a bad idea.

Me: Oh boy.

Adrena Lynn: Welcome to "Heartfelt Moments with Adrena Lynn". Today's guests, Team Loud Phoenix Storm. Have a seat, guys. Let's talk about the question of everyone's lips… how HOT is Jennifer Walters in human form?

Jen blushed at this.

Adrena Lynn: Almost as hot as that sexy black haired girl you see as your sister.

Qin blushed this time.

Adrena Lynn: Do I sense a bit of a love triangle there?

Nico: Oh my god. I'm getting out of here.

Adrena Lynn: And is it true there's a clone of you out in Team Loud Fairywind? Cause that's kinda like CREEPY. And by kinda I mean "insanely" I'd still hit it though.

Stone Man: (to Jamie) Good question. Is there a female Nico on your team?

Jaime Knudson: Yes there is but we got separated.

?: Bout time I found you guys!

A girl then appeared and it was a female version of Nico. She had long black hair and blue eyes and she was dressed in a red female version of Goku's uniform.

Nico: WHOA!

Me: Wow!

Nicole Chan: Nicole Tomata Chan has returned.

Jaime: Nicole!

They hugged.

Nicole Chan: I thought I would never see you again Jaime.

Everyone in Team Loud Fairywind went and hugged her.

We went and destroyed the last of the cameras.

Devack: That should be the last of the cameras.

Adrena Lynn: Congratulations, heroes! You've ruined my broadcast. And you deserve your prize…

Nico: The Number Card?

Adrena Lynn: That won't do!

Suddenly, knock out gas appeared in the room, rendering all of us unconcsious

I teleported out and into the air.

Adrena Lynn: BAD TEAM LOUD PHOENIX STORM! BAD!

An hour later, we woke up on a lonely arena in the ocean while hearing the sound of someone driving a ski boat.

Nico: (groans) God, what hit us?

Adrena Lynn: (drives ski boat): YOO-HOO! Watch me, Mommy! Watch me! (jumps out of ski boat) Ta-daa! Live an in person! The one, the only, ADRENA- (sees us) Oh, look at you.

Nico: What about us?

Adrena Lynn: I thought you'd be taller. Oh well, we just won't use a lot of wide lenses. (continues) ADRENA LYNN! Thank you, thank you. Don't throw flowers, just send money.

William: Don't take this the wrong way, but you seem a couple peas short of a pad.

Nico: Okay now that is weird.

Outside, I was searching for Adrena Lynn.

Me: Come out come out wherever you are you bitch. (Telepathically) Commander are you guys okay?

Nico: (Telepathically) Colonel? Where are you?

Me: I'm outside. I teleported before she pumped Knock Out Gas into the room.

Nico: Good thinking.

They teleported out.

Ace: I can't believe I'm saying this. But you're actually making me MISS Xehanort.

Lori: I literally agree with you on that, Ace.

Nico: I don't miss that snake at all.

We then went at Adrena Lynn and blew up her equipment.

We just defeated Adrena Lynn.

Adrena Lynn: Oh, I just remembered, I have to… uh… floss. (prepares to run away)

Me: GET BACK HERE YOU FUCKPOT COWARD!

Count Nocturn: Hey, don't run away like a snivelling coward just cause we were whipping your heinie.

Adrena Lynn: I'm not running away! I'm just going to find a dictionary so I can look up 'snivelling'! Snivelling… (laughs and runs off on another ski boat) Hahaha - heinie.

Nico: Get back here!

We soon chased her to another oil platform.

Adrena Lynn: Well, my little petunias, it's been fun! For me, I mean. Not so much for you guys! (hops off the ski boat)

Nico: (chuckles) Okay. I admit it. That was an experience.

Me: It was fun. But not for you bitch!

General Schwarz: (to Nicole Chan) Sorry for getting you caught up in this craziness.

Nicole Chan: No worries. This was so much fun though!

Nico: I liked it.

Eli: I did too.

Me: Thank goodness I got out of the knock out gas. While You were all knocked out, I managed to get this recorded.

I pulled out a tape recorder and played it.

Andrea Lynn: (on the recorder) Soon my plan will be complete. I will kill Kim Possible and Team Loud Phoenix Storm and the world will finally be rid of those monsters and evil will finally prevail. I will finally have my revenge and the world will be mine.

Nico: Geez!

Shockwave: Now we have two Nicoles on the team.

Nico: We sure do.

Me: That is awesome.

Nicole Knudson: That is really cool.

Nico: Do you have the same powers as me Nicole?

Nicole Chan: I sure do.

Nico: COOL!

May: That is amazing!

Misty Tredwell: How did you find us?

Nicole Chan: I sensed a massive energy signal and battle coming from this oil platform and I found you guys. When our worlds merged I got separated from everyone.

Nico: Oh man. That must be when Fairy Tail joined us.

Me: That could be it.

Nico: Lets go get Adrena Lynn.

We went to find her.

We saw two of Adrena Lynn's fanboys talking to each other.

Fanboy 1: Hey man. Love your outfit.

Fanboy 2: Back atcha! You get yours in the fan club catalogue too?

Fanboy 1: Nah, the gift shop. You know, if you get it in person they actually tailor it for you.

Fanboy 2: No way! Right there in the shop?

Fanboy 1: Yeah. I mean, they take your measurements there in the shop. Doing the actual tailoring takes a couple days, but it's sooo worth it.

Fanboy 2: Yeah, I was gonna say -

Fanboy 1: I mean, right?

Fanboy 2: Dude dude dude dude dude… turn around, let me look at how it fits ya. (Fanboy 1 turns around) Yeah. I gotta say, that is really nice.

Fanboy 1: I'm telling you, man. Tailored.

Me: Okay that is weird.

Lori: Literally is.

Laney: Nico I'm sorry I said that to you.

Lincoln: Me too.

Nico: Aw it's all right guys.

Stewie: Let's let those two have their little conversation.

Luna: I'm also sorry dude.

Nico: Thanks Luna.

Me: Aww. But yeah lets let them have their chat.

Duskmon: Some of Adrena Lynn's fanboys sure are weird.

Nico: You're telling me. They act like kids.

Laney: Boy they sure do.

We continued on.

Then 2 new fanboys came out.

Adrena Lynn: Meet my new fanboys! Reginald and Marcus!

Shocker: Nicole, how about we see your skills up close while you fight these two?

Nicole Chan: You got it!

Nicole Chan then walked up and went SUPER SAIYAN 2!

Nico: WHOA!

Eli: AWESOME!

Me: Wow! She's at Super Saiyan 2!

Tien: Wow! How can she generate that much power?

Yamcha: It's incredible!

Nico: Were you born with the same level of power I had when I was born?

Nicole Chan: I sure was. I was born with a power level of 100,000 too.

Nico: INCREDIBLE!

Nicole Chan: Watch this.

Nicole fired energy blasts and they hit Reginald and obliterated him!

Nicole Chan: Now for this. NUOVA STAR!

The 4-Star Dragonball on her bracelet glowed and she fired a ball of fire and it hit Marcus and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He exploded and was incinerated in a massive pillar of fire!

Nico: WHOA! AWESOME!

Eli: Wow! That was amazing!

Nico: YEAH!

Adrena Lynn: Welcome back to "Heartfelt Moments with Adrena Lynn", with our special guests, Team Loud Phoenix Storm. (to me) Now, Nico, let's talk about that time your wife and Hotstreak switched brains.

Francis and May blushed in embarassment.

Me: I remember that! That was crazy!

Francis: (annoyed) For your information, I don't go by that name anymore!

Nico: Yeah you obviously aren't using that ugly brain of yours.

Shadow: Well actually, I've got a question for you, Adrena Lynn. Where'd you get that Number Card?

Adrena Lynn: I'm really glad you asked. The answer to your question is… EBAY!

William: (the TV turns off) There are Number Cards on Ebay?

Me: They obviously must be the store bought ones.

Nico: That must be it.

Greiger: Did you seriously just try to lock us in a room? What are we, grounded?

Adrena Lynn: Just sit tight, my little mouth breathers. We gotta pause for another word from our sponsor.

With that, we had a breather for a few minutes.

Adrena Lynn: Old MACDONALD had a farm. E-I-E-I-O! And on his farm he had a cow! E-I-E-I-O!

Nicole Chan: Nico, I have a question.

Nico: Shoot.

Nicole Chan: Why do you continue to lead the team on even days when Lincoln, Laney, Luna, Luan, Lisa, and Lily continue to not appreciate your leadership?

Nico: (sighs) Because I was the one who came up with the leadership system. And I'm sticking by it, no matter what! Besides, on the off chance that J.D. retires in the future, I might be forced to lead the team full time. You understand, right?

Nicole Chan: Oh I get it. That makes sense.

Nico: Good.

Adrena Lynn: With highs in the mid-60s and the low of 75. On the bad news tip, viewers are advised to seek higher ground 'cause we're about to have a MASSIVE tidal wave tear through here. Looks like it'll be caused about five seconds from now by some nutty feathered plucker detonating a WHOLE mess of explosives underwater. Of course, the question on everyone's lips is: Who would be CRAZY enough to- Oh, wait. IT'S ME!

Airi: She's going to do what now?!

Nico: Oh no!

Eli: LOOK!

We saw a massive Tidal Wave coming!

Nicole Chan: I got this!

She used her earth powers and made a massive rock wall and blocked the Tsunami with ease!

Nicole Chan: HA! Nice try Adrena Lynn!

Sunset Shimmer: This woman is really starting to get on my nerves!

Adrena Lynn: You think your nerves are as bad as a silly video game you play!?

Sunset Shimmer: NO ONE calls Tickle Fruit 2 SILLY!

Nico: Uh oh! She struck a nerve!

In the TV broadcasting room, Adrena Lynn was watching. Rainbows and darkness swirled around her and then the colors converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and we busted in.

Nico: Adrena Lynn, you are under arrest!

Adrena Lynn: And here they are! Bedeviled and bedraggled, drowned but not out… the men and woman, the myths, the legends, the seriouly overpowered superheroes!

Rex Goodwin: And people say Deadpool talks a lot.

Deadpool: I know, right? (realizes something) HEY! WAIT A MINUTE!

Nico: All right, Miss Game Show Host! You're about to get CANCELLED!

Me: PERMANENTLY!

Adrena Lynn: Aaaand… cut! That's a wrap! Great show, everybody! Great show. Here ya go kid - you earned it! (tosses Nico the Number Card)

Nico: Uh… thanks.

Adrena Lynn: Hey, fair is fair, right? BTW, what's the deal with that thing, anyhoo?

Nico: Well, it's a long story. Basically it gives bad guys extra super powers, so I have to…

But that's when he took a look at the back of the so called Number Card and saw the "Made in Canada" logo.

Nico: "Made in Canada?" Wait a sec… This is a prop!

Adrena Lynn: And I summon NUMBER 30: ACID GOLEM OF DESTRUCTION!

She summoned it!

Nico: Uh oh!

Adrena Lynn: Nothing personal, guys. But I'll get extra rating if I take care of you all and the bad guys come out on top! Although, I'm still annoyed at Kim Possible over here for beating me up before!

Ron Stoppable: I helped too, you know!

Me: But here's what we give your show. I'm no film critic but me and Nico…

We took off our shoes and socks.

Me: We give your show a big fat smelly stinky toes down!

We shoved our stinky toes into her nose!

FOGHORN!

Adrena Lynn vomited from the horrible stench and we laughed at her!

An Evil Sasuke came out!

Evil Sasuke: WHO THE HELL DO YOU THINK YOU ARE YOU M*** CUR!? YOU ARE NOTHING TO US YOU CUR!

Me: Hmm. Yes and a "M*** Cur" was the only kind of person you thought you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how you were going to-

In the middle of my rant, Acid Golem of Destruction picked up Evil Sasuke and tore him in half, killing him.

Me: HEY! I wasn't finished yet!

Adrena Lynn: Sorry. But I don't want that Emo version of Sasuke on my show.

Me: (Grumbling!)

Then Vypra, Dark Spicer, Vanitas, Number 7, Lord Drakkon, Professor Calamitous, Zs'Skayr, Electro, Myotismon and Baron Mordo appeared.

Nico: Vypra, Dark Spicer, Vanitas, Number 7, Lord Drakkon, Professor Calamitous, Zs'Skayr, Electro, Myotismon and Baron Mordo.

Adrena Lynn: Looks like we got more special guests, folks!

Vypra: Special guests, huh? I like it.

Vanitas: And the Number Card monster is summoned already.

Number 7: (to me) Speaking of Duel Monster, we heard you took out Trueman earlier.

Me: You better believe we did and he is now Super Hakaied.

Drakkon: I hope his victims are all safe.

Me: Yep and they are back home safe.

Dark Spicer: (to Nicole Chan) Here's your warning, new girl: Your a** is about to be kicked!

Nicole Chan: My name is Nicole Chan, Second in Command of Team Loud Fairywind.

Jaime Knudson: She is Nico's Genderswaped twin in a sense.

Dark Spicer's jaw dropped to the floor.

CLANG!

Dark Spicer: WHAAAAAAATTTT!?

?: Smoking hot.

A figure came out and it was PROFESSOR COG who appeared in RPM, Samurai and Super Megaforce!

---

Samurai

Professor Cog is first seen fighting the SkyRev Megazord in a duel against the SkyRev Megazord which he seems to lose but it is revealed that he used a cog shield to shield himself and fled. Cog and an army of Grinders escape to another dimension to seek help from Master Xandred in order to gather toxic Sanzu River water for Venjix to use to fatally poison all of Corinth. He says that he will help them in exchange for taking down the Samurai Rangers so he is teamed up with Sergeant Tread. His mission is either to kill the Samurai Rangers or, at the very least, delay them until General Gut's Mooger army can attack and conquer Panorama City. Scott Truman follows Professor Cog to the other dimension. When Professor Cog attacks Scott, the Samurai Rangers join the fight but Professor Cog then sends the other Samurai Rangers into a vortex leading to Professor Cog's world whilst Professor Cog's Hypno-Bolts start to kick in on both Red Rangers, causing them to fight. When the Hypno-Bolts kick in, Professor Cog and Sergeant Tread watch Jayden and Scott duel each other since they have come straight to the battlefield. After the effects of the Hypno-Bolts are negated thanks to Mentor Ji giving them a special seal, Jayden and Scott then fight Professor Cog who sends Sergeant Tread to attack. After knocking down Sergeant Tread, Jayden and Scott fight Professor Cog and easily overwhelm him with Shark Attack Mode and Super Samurai Mode until the other Rangers return. With help from the other Samurai Rangers, who have since returned from the RPM

World, Scott Truman and Jayden manage to destroy Professor Cog and Sergeant Tread by energy slashing him with five of the Rangers whilst rapidly shooting him with Scott's Nitro Blaster and Cog is given an almighty double energy slash with Scott reminding Professor Cog that he promised to hunt down and stop him earlier during their duel.

Super Megaforce

Three years later, Professor Cog is somehow rebuilt despite Venjix's defeat and frees the Turbo Falcon Zord from where it has been stored after Doctor K determined it as wild. This release thus triggering a distress signal to the Mega Rangers that lead them out to Corinth. By the time the Mega Rangers find out this is a trap, Professor Cog attacks Earth but this put him in the crosshairs of Prince Vekar and his X-Borgs and a brawl erupts. Cog and Vekar's forces battle until, much to their shock, the Rangers make it back at which point Cog, the Grinders, and The Armada team up to try and destroy the Rangers. He battles the Super Mega Rangers who morph into the Ranger Operators and defeat the henchmen before overpowering the good Professor with thier signature attacks and Cog is finally knocked down by the Street Saber Strike. Troythen summons the Super Mega Cannon and blast Professor Cog with a Super Mega Blast but he survives and enlarges himself without the Maximizer much to Levira's shock. Unfortunately for Cog, the Rangers combine with the Turbo Falcon Zord to form the Legendary RPM Megazord which easily overpowers Professor Cog and, with the Legendary RPM Grand Prix, Professor Cog is destroyed once and for all.

---

Nico: Professor Cog!

Professor Cog: Awesome to meet you all.

Me: I remember you! You appeared in Three shows of the Power Rangers. You were originally from RPM and you were going to get Sanzu River Water to poison all of Corinth and then you were going to help the Armada destroy the rangers!

Professor Cog: That's right J.D. Good memory on you.

Me: Never missed an episode.

Professor Cog: The Super Megaforce Rangers, the RPM Rangers, AND the Samurai Rangers?! Looks like Christmas came early for me!

Summer Landsdown: This time, you're fighting ALL of us!

Me: Yep. Awesome!

Nico: This is gonna be awesome.

Dark turned into Gigajolt.

Thor: So you're using Gigajolt again?

Gigajolt: (sighs) You don't mind if I use him against you, do you, Thor?

Thor: Fine with me.

Gigajolt fired a massive lightning blast and Thor sent it to Adrena Lynn and electrocuted her all over

Dark turned into Widowchimp again.

Widowchimp: Time for Widowchimp's turn!

Spiderman: A spider versus a monkey spider hybrid? This is gonna be interesting.

Widowchimp: Think of it as a warmup before your battle against Vanitas.

He fired web blasts and then Spiderman fired web blasts and they had the web of Widowchimp go at Adrena Lynn and they tied her up.

Nico: That oughta hold her till we're done.

We got the usual battles underway.

---

Vypra was first.

Vypra: (to Luan) Trueman's crimes are unforgivable. They're even more evil then Sartorius' crimes.

Luan: Yeah you're not kidding. But Sartorius' crimes are worse. He was going to destroy the entire universe.

Eddy, Princess Luna, Dark Skylanders, Omi, Kimiko, Clay, Raimundo, Ben Tennyson, Luan, Star Man and Flash Man VS Dark Spicer - Crazy day today and Princess Luna laying down the law on Alejandro

---

Dark Spicer was next.

Dark Spicer: (to Eddy) Today's been a crazy day, huh? At least Princess Luna laid down the law on Alejandro.

Eddy: Yeah it sure was a really hectic day! But it was so awesome. Check it out.

Eddy showed a video Lincoln made of Princess Luna reprimanding Alejandro.

* * *

We rushed on over, and Lincoln punched Alejandro hard in the face and sent him flying into a nearby wall. When he saw us, he was none too pleased and he was pissed off that we foiled his riot, and the same went with us. We then piled on and we brutally pummeled Alejandro, and Lincoln broke every bone in Alejandro's body, and then, Lincoln tied Alejandro up in a rainbow energy straitjacket, so he couldn't escape. Then, Princess Luna approached Alejandro, and she was pissed off.

Princess Luna: Alejandro, no words can describe just how evil and black-hearted you are, but it must be said. (Canterlot Voice) ***YOU ARE A SELFISH, BLACKHEARTED, EVIL, SADISTIC, BACKSTABBING, PSYCHOTIC, ARROGANT, MONSTROUS, INCONSIDERATE BASTARD AND A DISGRACE TO MANKIND!***

Our jaws literally hit the floor when Princess Luna reprimanded him, and she even used the Canterlot Voice for this one, and that caused Alejandro to crap his pants 100,000 times. We cheered wildly for what Princess Luna did, as we went up to her and hugged her.

Lincoln: Wow, Princess Luna, that was an amazing reprimand.

Princess Luna: Thank you, Lincoln.

Princess Celestia: Indeed, and you used the Canterlot Voice for that one, excellent touch, sister.

* * *

Everyone cheered for Princess Luna.

Dark Spicer: Wow! That was awesome! You really gave him a loud one Princess Luna.

Lincoln: That is exactly what Deadpool did. So strange.

Rainbow Dash: It's like a very strong case of deja-vu.

Scootaloo: Boy you aren't kidding there. That is strange.

Whirlwind: It sure is. But this was a great challenge.

Girl Jordan: Yeah no kidding there.

Spiderman: Just like when I faced Deadpool.

## Nico Chan, Applejack, Apple Bloom, Earth Skylanders, Kari & Angewomon, Lucy Loud, Goku, Vegeta and Shadow VS Myotismon - Crazy day

Myotismon was next.

Myotismon: (to Nico) I'm sorry that today was a crazy day. But it'll be worth it once you have that Number Card.

Nico: It sure was worth it. After this we'll have to go to sleep for the rest of the day.

Applejack: Yeah first with J.D.'s rescue, then a prison riot in the Jupiter Prison, Lincoln's awesome date and now this.

Apple Bloom: This was a REALLY CRAZY day for all of us!

Flashwing: Boy it sure was. But it was REALLY fun.

Kari: It was awesome though.

Angewomon: We all haven't had this much fun in a long time.

Lucy Loud: It sure was amazing though.

Goku: And the challenges that Adrena Lynn put up for us all were amazing!

Vegeta: They sure were Kakarot. I think they were too.

Nico: It was all really awesome.

Myotismon: It sure was. Lets do it!

They fired waves of energy and earth and light and smashed him

down.

Nico: OH YEAH!

Applejack: YEEHAW! That was great!

Eli Winston Bullock, Rarity, Sweetie Belle, Water Skylanders, Iron Man, Uncle (Jackie Chan Adventures), Nunnally, Airi and 2014 Maleficent VS Baron Mordo - Hope J.D. faces that evil Sasuke

---

Baron Mordo was next.

Baron Mordo: (to Eli) I hope J.D. faces that evil Sasuke. (sees Evil Sasuke's body twitch) In fact, he'll definitely still have that opportunity soon.

Eli: He will. Evil Sasuke's hatred is too strong to go down without a fight.

Rarity: It sure is darling and what that Evil Sasuke is must really be dangerous.

Sweetie Belle: Yeah and J.D. was in the middle of a really good rant too!

Gill Grunt: Boy he sure was until Adrena Lynn had to spoil his fun!

Iron Man: Yeah just when things were gonna get good!

Uncle: (Asian Accent) What crazy daredevil did shows that SHE IS BIG FAT NUMBSKULL!

Nunnally: My sentiments exactly sensei.

Baron Mordo: Indeed. Wait are you learning how to be a Chi Wizard yourself Nunnally?

Nunnally: I sure am. It's gonna be so cool.

Baron Mordo: I'm so happy for you. Lets do it!

Eli: May the Force be with us.

They fired waves of Force Lightning, Jewels, Water, Ice and energy and smashed him down.

Eli: ALL RIGHT!

Rarity: Rapture darling that was grand!

## Super Megaforce Rangers, Nico and Carly Atlas VS Professor Cog

---

Professor Cog was next.

Nico: Wow that must've been amazing to go through 3 series.

Professor Cog: It sure was. I was built by Venjix in the world of RPM and I was stopped by the Super Megaforce.

Nico: And on the 20th Anniversary of the Power Rangers in 2013. That is So AWESOME!

Professor Cog: It sure is! How long have the Power Rangers been on?

Nico: In America, 27+ Years. In Japan where it started, 46+ Years. It started over there back in 1975.

Professor Cog: That explains how the Super Megaforce Rangers know all about the transformations of the Japanese Power Rangers. That is amazing!

Troy Burrows: We get that a lot. When we joined Team Loud Phoenix Storm we showed many of our transformations on so many adventures.

Professor Cog: That is really amazing!

Nico: It sure is. And we also have the Dino Fury Rangers to meet and they aren't finished with their adventures yet. We also have the Kiramaiger and Zenkaiger Rangers to meet next. Kiramaiger is already finished with their adventures. They finished earlier this year in February. We're going to meet all three of those teams sometime in 2022.

Professor Cog: You guys have a really busy schedule ahead of you.

Nico: We sure do don't we.

Carly Atlas: But meeting those teams is gonna be a blast!

Nico: We met the ToQger rangers on my birthday.

Professor Cog: That must've been quite a birthday adventure.

Nico: Yep.

Professor Cog: Awesome. Shall we dance?

Nico: Lets.

Nico teleported and opened the safe Professor Cog had. In it was a bunch of swords for the Animorphs called the Destroyers of the Yeerks, they're large swords with the anti-Yerrk symbol etched on the 6'5" massive, wide, double-edged blades, large angel wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico: These swords look awesome.

Nico teleported back with them.

Super Megaforce Rangers: LETS POWER UP! SUPER MEGA MODE!

They transformed!

Troy Burrows: SUPER MEGAFORCE RED!

Noah: SUPER MEGAFORCE BLUE!

Jake: SUPER MEGAFORCE GREEN!

Gia: SUPER MEGAFORCE YELLOW!

Emma: SUPER MEGAFORCE PINK!

Orion: SUPER MEGAFORCE SILVER!

Super Megaforce Rangers: EARTH'S DEFENDERS NEVER SURRENDER! POWER RANGERS SUPER MEGAFORCE!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

Nico: Super Megaforce Cannon!

They got the cannon ready and had it locked on target.

Nico: FIRE!

They fired waves of energy and the blasts all hit Professor Cog and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: YEAH! Professor Cog you have failed this world!

Troy Burrows: Everyone that's a Super Mega Win.

---

We regrouped and we were ready to take down Adrena Lynn.

?: I will destroy all of you for ruining my chance to kill Kagan myself!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke

Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Rayne: Oh crap, there's no mistaking that loud voice from anywhere. You can come out now, Ferill.

A figure came out, and it was none other than Ferill, Rayne's twisted half-sister and Kagan's wild and feral daughter.

Lincoln: Looks like you were right, Rayne, as soon as word of Kagan's death got out, it sent Kagan's four evil and equally twisted children into a rage, and now, they're coming here to get their revenge on us for what we did to their dear Daddy.

Rayne: (Smiles) You said it, Lincoln. Finally, now we get to put them down one by one.

Krypto: Hold on, Rayne. Why don't you let me take a crack at Ferill? I talked about it yesterday with J.D. after we obliterated Mechanikat and you and Lincoln got rid of Kagan for good, and Arkayna, Shu and his friends took care of Steele, and we'd decided on who gets to kill your twisted half-siblings: I get Ferill, Streaky gets Ephemera, Kevin gets Xerx Mephistopheles, and Andrea gets Dariel Zerenski.

Lincoln: (Smiles) Smart idea, Krypto. Plus, I sense that you're going to transform, right?

Krypto: (Smiles) You got it, Lincoln, and since she's just as bad as Kagan, I've just about had it with that wild vampire to last an eternity.

Suddenly, Krypto the Superdog's eyes turned neon red as the 6'11" tall extremely muscular dog from Krypton was surrounded by a red energy aura with red flames, he unholstered his massive Defender of Metropolis sword from his wider and muscular back, and as he approached Ferill, he then left red energy, red and blue fire, and red suns with every step.

Krypto: Your twisted father's already paid the price for what he's done, Ferill, and now, it's your turn. You will never torment mankind ever again, and we'll make sure that The Cult of Kagan is reduced to ashes forever!

Then, Krypto was surrounded by a massive vortex of red energy with red flames and The Red Sun of Krypton surrounding the vortex, there was an image of Krypto flying around the vortex, and in the vortex is a white phoenix. Then, as the vortex faded, Krypto emerged, but he was changed forever.

The 6'11" tall and extremely muscular anthropomorphic dog from Krypton remained the same, but he now has red eyes and a red energy aura with red and blue flames surrounding him, Krypto has a red phoenix with Superman emblem emblazoned on his forehead, Krypto now has on a full head of white hair that went down to his neck, his gold choker with Superman dog tag for his neck remained the same, along with his Bracelets of the Champions of The Universe with red gems on his wrists, Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and Eater of Sins revolver holstered on his left hip. Krypto now has on a necklace with a dog holding the Fire Kanji in its paws for the pendant, the Superman emblem on his dark blue shirt now has a white phoenix on it, his dark blue pants have red flames on the legs, and his large black leather ankle-high combat boots have red flames on them. Krypto also has on a long-sleeved long dark blue trenchcoat with red flames on the long dark blue coattails and on the back is the Superman emblem and there's a red kanji below the emblem that said, "Krypto the Superdog, Brave Canine Defender of Metropolis, Best Friend and Loyal Brother of Kevin Whitney and Superman, Member of The Dog Star Squad, Slayer of Evil, Destroyer of Mechanikat, and Master of Red Flames and The Kryptonian Red Sun."

クリプト・ザ・スーパードッグ、メトロポリスの勇敢な犬の擁護者、ケビン・ホイットニーとスーパーマンの親友であり忠実な兄弟、ドッグスター隊のメンバー、悪の殺し屋、メカニカットの破壊者、そして赤い炎とクリプトンの赤い太陽のマスター

Krypto the Superdog has transformed into SUPER ANGEL 750,000,000,000 KRYPTONIAN RED SUN CANINE ANGEL OF BRAVERY AND HOPE!

We were amazed by Krypto's Super Angel 750,000,000,000 transformation, but when Ferill saw it, she fell into an even more black rage.

Kevin Whitney: Whoa, Krypto's transformed.

Nico: That's right, Kevin. And now, he's going to put that wild animal Ferill down for good.

Krypto: (Divine Echoing Cosmic Voice of Kryptonian Justice and Hope) **That's right, Commander. And now, it's time for you to die, Ferill.**

BLOODRAYNE 2 OST: FERILL

Krypto went after Ferill, and he had blasted her with powerful blasts of red energy from his paws, red laser blasts from eyes, and red and blue fire, which hit Ferill and exploded with incredible power, and it really pissed her off. Ferill's claws extended and she went after Krypto intending to attack him, but he dodged them, and he slashed at her with his massive Defender of Metropolis sword and cut her deep. Then, he threw one mean punch, and sent Ferill flying into a wall.

Rayne: Ooh, I can bet Ferill is even more pissed off from that.

Lincoln: I'm betting the same thing.

And Rayne and Lincoln were right, Ferill got up and she was even more pissed off than ever, as her white eyes turned red with pure animalistic insanity.

Nico: Uh oh, looks like he's pissed her off big time.

Krypto the Superdog: **Yikes, looks like I've made her ever more angry than ever. (Smirks) But, there's one way to make sure she's put down for good.**

Krypto held out his right paw, and he formed a massive red energy ball with solar energy surrounding it, along with Super Hakai energy, and he'd also channeled all of Ferill's sins into the red energy ball, and Ferill was running towards him in a mad fury to kill him.

Krypto the Superdog: **This is the end for you, Ferill. KRYPTONIAN RED SUN MEGABLAST!**

Krypto fired the massive solar energy and Super Hakaied energy infused red energy ball, and as it hit Ferill, it exploded with incredible power, reducing her to ashes and killing her for good, and her spirit was Super Hakaied for good. We cheered for what Krypto did as he holstered his massive Defender of Metropolis sword on his wider and muscular back and powered down, and the new improvements to his attire were permanent. Kevin ran up to Krypto, who picked his owner up and they hugged.

Kevin Whitney: Whoa, Krypto, that was so incredible.

Nico: Yeah, you put that wild animal Ferill down for good, and sent her to join Kagan in Oblivion for good.

Krypto: Thanks, guys, and now, tomorrow, it's Streaky's turn.

Streaky: That's right, K-Dog. Prepare yourself, Ephemera, your days of tormenting mankind will soon be over.

Rayne: But, don't underestimate her. Ephemera's a dirty girl who plays by dirty rules and she never fights fair, Streaky.

Streaky: She never fights fair?! Ugh, that just gave me another reason to kill her tomorrow.

Nico: Along with all the other sick twisted stuff that Ephemera has done, Streaky.

We then set our sights on Adrena Lynn.

Me: It's buttkicking time!

Gia: Sorry! But like Nico said, you've just been cancelled!

Megaforce Rangers: LEGENDARY RANGER MODE! FLASHMAN!

The Megaforce Rangers turned into the Flashman Rangers!

Nico: Your show is hereby cancelled!

Maxxor: By the authority of the Tribal Alliance, we're taking you down by force!

Nico: And kick your big ugly butt into oblivion!

Adrena Lynn: (Cowardly) Uh I just remembered I am late for a haircut appointment!

She ran for a door but the Lemmings blocked her path and punched her in the face and smashed her down.

Me: You're not going anywhere except for prison!

We went at Adrena Lynn and punched, kicked and pulverized her all over the place with brutal fury.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was really pulverized. The I got the Number Card and the Evil Sasuke came back.

Me: Great. Now lets get down to business. Now lets see where were we? Oh right.

II went Super Angel-Ebonwu-Phoenix-Harmony Eternity Infinity!

Evil Sasuke: YOU MOTHERFUCKING CUR! I WILL KILL YOU! I AM NOW 10 TIMES MORE POWERFUL THAN EVER! I WIIL HAVE MY REVENGE!

Me: (Divine Echoing Cosmic Elemental Voice of Harmony and Justice) (To Evil Sasuke) **Hmm. Yes and a "Motherfucking Cur" was the only kind of person you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out** the very darkness that they used to destroy so many lives. When he made his speech about how you were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their fate. Your Father poisoned his own son with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that you have, you are nothing compared to me and you and your clan were nothing but a bunch of pathetic ants compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting. As the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, stealing jutsu, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why I killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why I killed them all. You may be more powerful than you were before but I will always

**still be on top and the Uchiha will never match it. YOU ALL FUCKING DISGUST ME!**

RAGE - NARUTO SHIPPUDEN MOVIE 2 OST - RAGE PLAYS AT 2:18

Evil Sasuke Roared in an incredible amount of rage and fury and he went into his LEVEL 2 Curse Mark Form with 10 times the power and he went at me and punched and kicked and brutally fought me all over and tried to smash my head in with indiscriminate fury and he was really determined to make sure that he kills me. I blocked all his punches and kicks and he jumped back and threw numerous kunai and I deflected them all and fired a powerful blast of fire and it hit him in his arm and burned him bad! He was screaming in pain and then he was screaming in agony. But then his screams of pain quickly turned into maniacal and insane laughter. He was laughing like an insane and totally fucked up monster that was fucked up to the core six ways till Sunday and he went at me again and I kicked him in the face and knocked him down and he got up and went at me again and I dodged him and fired a blast of lightning and it hit him in the crotch and electrocuted him all over. He went at me some more and I dodged his strike and kicked him in the back and sent him smashing into a rock and he got up and fired massive blasts of lightning at me and I deflected them back with my sword and he got electrocuted all over and I punched him in the face and he went at me some more and I was making him madder and madder and madder and he was only making me stronger with all his hatred and more. I then punched him in the face and he went at me and I dodged him again and dodged him again and then I kicked him in the back again and sent him crashing into a rock and he got up and went at me some more and fired massive blasts of fire at me and I fired waves of massive fire blasts at him and the blasts collided and exploded with incredible power!

The Entire area around us was turning into a war zone! Evil Sasuke then fired a massive fireball.

Me: **KAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAA!**
**MEEEEEEEEEEE!**
**HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

I fired a massive rainbow Fire Kamehameha Wave and it went through the fireball and destroyed it and it slammed into the Evil Sasuke and exploded!

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Evil Sasuke was smashed into the ground with incredible force and I kicked him in the stomach with incredible power and he belched up a huge amount of blood and then I grabbed him by his shirt and threw him into the air and flew after him and kicked him in the face and knocked out some of his teeth and he jumped away and fired waves of fire and I fired waves of lightning and they overtook his fire and the blasts of lightning hit him all over and electrocuted him and then I fired a wave of wind and entrapped him in a tornado and then I fired a wave of fire and burned him all over in the tornado as it was turned into a fire tornado. When the tornado faded he jumped out and fired more fire blasts and me and I fired waves of crystal at him and they hit him and cut him all over the place and then I fired waves of wood at him and smashed him all over the place with incredible force and smashed him all over. He ran at me with a Chidori and I teleported and fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then I kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at me and I smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! I then fired waves of darkness and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Me: **It's over for you Sasuke. You will never learn that no matter how powerful you are, that you will never match up to my power.**

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!? WHY ARE YOU SO STRONG!? IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Me: **You will never have my power.**

Evil Sasuke then raised his right arm up and then I threw an energy disk and it slashed his right arm clean off! He screamed in excruciating pain as it was completely severed from his shoulder and he clutched the stub of his arm.

Evil Sasuke: YOU MONSTER!

Me: **I've been called worse.**

Evil Sasuke: YOU CUR! WHY CAN'T I KILL YOU!?

Me: **Because my power didn't come to me by stealing it. I earned it. Power is earned and never given. You will always be weak and a worthless pathetic piece of dirt. Just like your fucking clan when they died. The Uchiha paid the ultimate price for their crimes just like you will. They had their chance just like you did. We wanted to be your friends Sasuke but you just threw us aside. That shows that you will never understand that true power comes from good things like Friendship, Love, Hope and Wisdom.**

Evil Sasuke: Those are all meaningless things!

Me: **Bullshit! They are things that can help you and you don't**

**want any of that. You would rather make enemies and use fear to get what you want. Now you will join the rest of your clan in Hell.**

I fired a massive blast of fire and energy and obliterated him in an instant and he was destroyed!

I powered down.

Adrena Lynn (dazed): We'll be righ' back… after theesh messhages…

Adrena Lynn fell to the ground unconscious.

Calamitous: Finally! She's defeated!

Nico: Good riddance.

Zs'Skayr: Looks like we get a high rating for that one.

Electro: So, what do we do with her?

Me: I say we kill her.

Myotismon: No. She's harmless without her show. So, she's going to a normal jail.

Baron Mordo: Smart choice. Now, how do we get home?

Nicole Chan: Stay close to me.

She teleported us all back to the estate and Adrena Lynn was locked in the Neptune Cryo-Prison.

Nico: That was an awesome battle.

Me: It sure was. You want to know what I feel like doing right now guys? (Moans)

I fell onto the sofa and then I was snoring.

Kalin: (To the viewers) This was an awesome adventure. I hope we never see Adrena Lynn again. Thank goodness we won't.

Nico: Yep.

I was taken to my room and put in my bed and went to sleep. Adrena Lynn got sentenced to Eternity in the Neptune Cryo-Prison. We all went to sleep after having a huge adventure.

Another awesome fanfiction done.

This whole chapter was based on the Deadpool Scenario for the awesome video game Spiderman Shattered Dimensions. I never played that game myself but I thought it was really cool and awesome. The first part of the chapter was for Trueman from Season 4 of Yu-Gi-Oh GX whicc didn't appear in America. What a disappointment! The show cancelled after season 3. What a rip! The 2nd part was made up as it was an original scenario. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the Guest Reviewer. Thanks guys. The next rescue for me is gonna be in on the planet Coruscant and we're going to see what the capital planet of the Jedi is like. We're also going to meet a Warrior Lady of The Wasteland and also a Multiviola Gene-Slammer named Kida Neurenberg and she is from The Netherlands. We're going to face Jabba the Hutt who is back for revenge. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Syrus, Dark Magician Girl, Rey, Aarna the Copperajah Gene-Slammer and the Zacian Gene-Slammer will go on that rescue. Rey is also going to transform in that one so I'll need the transformation sequence and a line of justice from her for that one please. Lincoln's rescue will be in Domino City and Bandit Keith is gonna be back for revenge and also he will have Princess Celestia will give Anna Maria the biggest Reprimanding of her life for being a selfish narcissistic and vain bitch! Diamond Tiara is gonna transform in that one too. The next chapter is the 2nd adventure of Super Robot Monkey Team Hyper Force Go and we're going to face the Cloggy Colon creature! Get ready for a funny adventure there.

See you all tomorrow

# ONE BAD PIECE OF SPACE MEAT!

HAPPY 5TH DAY OF HANUKKAH!

---

Over on the planet Coruscant, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Syrus, Dark Magician Girl, Rey, Aarna Ramachandran the Copperajah Gene-Slammer and Elizabeth Tudor XVI the Zacian Gene-Slammern were there to see what Coruscant is like and also find the next girl to rescue.

Elizabeth Tudor XVI: (British Accent) So this is Coruscant.

Eli: Yep the very capital planet of the Jedi Republic and it's also where I learned everything about the ways of the Force both light and dark.

Me: Coruscant is amazing huh?

Missy: Wow it sure is. The city is incredibly massive!

Erica: Boy it sure is!

Me: You should see how big it looks from Space. The city covers much of the entire planet.

Lola Namiko: Wow! That is one huge city! How many people live here?

Me: You wouldn't believe it. Over 3,000,000,000,000 people live here.

Nora Venice: WHOA THAT MANY!? That is a massive number of people!

Nicole Chan: Wow! No kidding! That is amazing that so many people live here on Coruscant.

Maria: I know. The city just goes on forever. But with over 3 trillion people here it's a massive city.

Elizabeth Tudor XVI: It sure is amazing.

Elizabeth concentrated and groaned as her hair fell out.

Aarna: (Indian Accent) I think it's really cool that the Jedi live here.

Rey: (British Accent) It's gonna be amazing to see what the home planet of the Jedi is like.

Elizabeth turned into ZACIAN!

Eli: YEAH!

Lola Namiko: Rey when you lived on the planet Jakku what was that like for you?

Rey: It was a constant struggle.

Me: Jakku is mostly a massive junkyard. It's home to the ruined remains of all the ships that the Empire lost when it fell from power after Palpatine was destroyed.

I went over Jakku's background and it was shocking.

---

**Jakku** was a remote desert planet located in the system of the same name, within the Western Reaches of the galaxy's Inner Rim. Though considered by many within the galaxy to be distant and relatively worthless, Jakku was the site of important events that would shape galactic history. In 5 ABY, Jakku was the site of the pivotal Battle of Jakku, which ended the Galactic Civil War in favor of the New Republic. A generation later, the planet was the home of the scavenger Rey, who became involved in the events of the Cold Warafter helping the former First Order stormtrooper Finn and the astromech droid BB-8 escape offworld with a map leading to the missing Jedi Luke Skywalker.

Eons ago, the planet Jakku was once covered with green vegetation and oceans. At some unknown point, the planet was reduced to a barren desert wasteland. However, the planet's core still had the vital spark of life essence, something which disgusted Sheev Palpatine. About 1,000 standard years before the Battle of Yavin, the Plaintive Hand plateau was the site of an event that was regarded as significant by Palpatine. He believed that the site would become significant again in the future.

The human boy known as Galli grew up on Jakku. As an orphan, he was raised at an orphanage run by the Anchorite Kolob, who lived a life of austerity and strict obedience. Galli chafed under Kolob's care and longed to travel to a better world. In 30 BBY, Palpatine and his Adviser Yupe Tashu traveled to Jakku to supervise an archaeological dig on the Plaintive Hand plateau. During that trip, Palpatine encountered a twelve-year old Galli, who had stowed aboard his yacht *Imperialis* . He took the young boy as a protege and tasked him with guarding the excavation site against any intruders.

Rax spent the next ten years guarding the Plaintive Hand plateau, which became the site for the Jakku Observatory. The Observatory was part of Palpatine's Contingency plan to destroy the Galactic Empire in the event of his death. Palpatine had no wish to leave his Empire to a successor and tasked Galli with executing the Contingency when the day of his death arrived. The Jakku Observatory was home to computers that projected paths into the Unknown Regions, a collection of Sith relics, and a borehole which led to the planet's core. Palpatine instructed Galli to use the borehole to detonate the planet and the remnants of the Empire. Galli adopted the persona Gallius Rax and later became a Fleet Admiral in the Imperial Navy.

At some point during the Age of the Empire, the Galactic Empire established a secret research base. Later, the Hutt crime lady Niima established a presence on Jakku and lorded over several slaves.

Galactic Civil War Rax's return

In the months following the Battle of Endor, war refugee Corwin Ballast headed to Jakku, believing it to be a worthless rock floating in space and thus of little importance to the galaxy-wide conflict between the New Republic and Empire. If there was any place to escape the war, he hoped Jakku to be it.[10] After learning about Fleet Admiral Rax's connection to Jakku, Grand Admiral Rae Sloane and the rebel Brentin Lore Wexley traveled to Jakku to hunt down and kill Rax. Shortly later, Rax proclaimed himself Counselor to the Empire and led the remnants of the Imperial Navy to Jakku.

Counselor Rax established a base beyond the Goazon Badlands and the Sinking Fields. Claiming that the harsh, desert world would test the spirit and mettle of his Imperial forces, Rax implemented a harsh and violent training regimen on his stormtroopers and officers. For several months, the Imperials gathered their forces while waiting for the New Republic to launch their attack. In addition, Rax struck up a deal with Niima to guard the pass leading to the Observatory and to kidnap local orphans from the Anchorites. The former CommandantBrendol Hux trained these orphans into Rax's personal guard of child soldiers. Rax also settled scores with his former guardian Kolob and killed him as a sacrifice to the dark side of the Force.

While hunting for Sloane, the New Republic operative Norra Wexley, her son Temmin Wexley, Sinjir Rath Velus, Jas Emari, and the B1-series battle droid Mister Bones discovered the Imperial remnant forces above Jakku. Temmin and Sinjir escaped on their starship *Moth* back to Chandrila to warn the New Republic. Norra and Jas took an escape pod to Jakku's surface to continue their hunt for Sloane. Under the orders of Temmin, Mister Bones took another escape pod to Jakku to look after his mother Norra. Norra and Jas were captured by Imperial forces and separated.

Norra eventually escaped Imperial custody with Mister Bones's help. She then reunited with Jas, who had escaped Niima's custody, and the trio continued their search for Sloane. Meanwhile, Sloane and Brentin learned about Rax's origins from Kolob and later convinced Niima to take them to the Plaintive Hand plateau, which Niima believed held a weapons facility. However, Rax learned about Sloane's presence and bombarded Niima's convoy with turbolasers. Before Norra and Jas could catch up with Sloane, Rax's Imperial forces captured Sloane and Brentin and brought them to his headquarters.

## Battle of Jakku

After the New Republic's Galactic Senate voted to intervene on Jakku, the New Republic dispatched military forces to the planet. Several New Republic figures including Admiral Ackbar, CommodoreKyrsta Agate, Captain Wedge Antilles, Temmin Wexley, and Jom Barellwould see action in the cataclysmic Battle of Jakku.[13] The battle would take place one year and four days after the Battle of Endor. It became the last major stand of the Galactic Empire and last major battle of the Galactic Civil War. In secret, the Battle of Jakku served as a pretext for Rax to facilitate the final stage of the Contingency.

During the Battle of Jakku, Imperial and New Republic forces fought on both space and land. The Imperial fleet formed a tight defensive formation around the Super Star Destroyer *Ravager* . The New Republic Defense Fleetwas unable to penetrate this thick wall until the Star Destroyer *Punishment* broke formation and rammed the *Starhawk* -class battleship *Amity* . This explosion created a gap which allowed the *Amity* 's sister ship *Concord* to bombard the *Ravager* . Despite being crippled, the *Concord* 's commander Agate used her ship's powerful tractor beam to drag the Super Star Destroyer down to the surface; turning the tide of the battle in the New Republic's favor.

Meanwhile, New Republic ground forces under Lieutenant General Brockway assaulted the main Imperial base and weapons facility. Many from both sides were killed or crushed by falling debris from the space battle. Mister Bones was destroyed during the battle after reuniting with Temmin. In an attempt to prevent New Republic forces from capturing her ship, Captain Ciena Ree crashed her Star Destroyer *Inflictor* onto the planet's surface. She was rescued by her lover New Republic pilot Thane Kyrell. Meanwhile, Norra joined forces with Sloane and Brentin to hunt down Rax.

After launching the battle, Rax traveled with Yupe Tashu, Brendol, his son Armitage Hux, and the child soldiers to the Observatory to initiate the last stage of the Contingency. While the Huxes and the child soldiers boarded a replica of the *Imperialis*, Rax and Tashu entered the Observatory to initiate the planet's destruction. After performing a Sith ritual, Rax threw Tashu, who was wearing Sith relics, down the borehole to Jakku's core. Before he could leave, Rax was killed by Sloane with the aid of Norra and Brentin. Sloane managed to stop the planet's destruction by sealing the borehole. She then joined the Huxes and the child soldiers on their journey to the Unknown Regions where they rendezvoused with the Super Star Destroyer *Eclipse* .

While the battle was taking place, the New Republic's Chancellor Mon Mothma and the Imperial Grand VizierMas Amedda signed the Galactic Concordance on Chandrila; formalizing the Empire's surrender and ending the Galactic Civil War. However, Imperial forces on Jakku and elsewhere continued fighting the New Republic for several months. As the battle turned against them, the Imperials locked tractor beams onto the ships of the New Republic Starfleet, crashing them into the surface below in a desperate gamble. New Republic forces eventually captured the base after fierce fighting. Due to the Battle of Jakku, the planet's surface was covered with wrecked starships and weapons. Niima established a black marketing operation based on selling recovered weapons, computers, and engines.

## Rise of the First Order

After the Battle of Jakku, wreckage from the battle was strewn across a region of desert aptly named the Starship after the battle, Niima the Hutt established Niima Outpost, in an effort to scavenge leftover wreckage from the destructive battle.

In 34 ABY, the up-and-coming First Order, successor state to the Galactic Empire, deployed the *Resurgent* -class Star Destroyer *Finalizer* to Jakku in an effort to recover a fragment of a map that led to Jedi Master Luke Skywalker, who had gone into self-imposed exile following a failed attempt at resurrecting the Jedi Order.[3] The First Order forces, led by Kylo Ren, attacked the village of Tuanul, where the mystic Lor San Tekka lived and kept the map to Skywalker. However, San Tekka was able to give the map to Poe Dameron, who in turn hid it in his droid, BB-8, before Dameron was captured by Kylo Ren.

The attack led to the defection of stormtrooper FN-2187, who aided Dameron's escape from the *Finalizer* in a stolen TIE/sf space superiority fighter. Ultimately, FN-2187, nicknamed "Finn" by Dameron, would escape the planet with an unknowingly Force-sensitive girl named Rey.

By 35 ABY, Jakku was in open rebellion against the First Order, with at least one Star Destroyer burning and crashing into Jakku's Starship Graveyard.

When I was done everyone was shocked.

Nicole Chan: Geez that is nuts.

Eli: Yeah no kidding.

Maria: Let's take a look around.

Me: Okay.

We got to looking around and it was hard to imagine that Coruscant's cities were that massive.

Me: Wow!

Erica: Man this is amazing! Coruscant is one amazing planet.

Nora Venice: Boy it sure is.

Nicole Chan: Yeah. I have a feeling that the next girl is gonna be battling someone that the Jedi had a lot of problems with.

Eli: You're right Nicole. I sense it. It's coming from there!

It was coming from the grounds of the Jedi Temple!

Me: It's at the Jedi Temple! Lets go!

We went over and we saw a Warrior Lady of The Wasteland and a Multiviola fighting JABBA THE HUTT, one of the most ruthless and most incidious crime lords of Tatooine!

**Jabba Desilijic Tiure**, mostly known across popular media as **Jabba the Hutt**, is a major character in the *Star Wars* franchise.

Jabba is a fat, slug-like alien gangster, one of the most successful crime lords in the entire galaxy, and a member of the Hutt Clan and the Grand Hutt Council. He is extremely prosperous and wealthy, as well as a major figure on Tatooine, where he controlled the bulk of the trafficking in illegal and iniquitous goods, piracy and slavery that generated most of the planet's wealth. He was also highly authoritative and influential in the entire Outer Rim. He was initially an ally of Han Solo, but following a botched smuggling mission, Han fell out of Jabba's favor and the Hutt placed a high bounty on his head.

In the original trilogy, he was portrayed by the late Declan Mulholland and voiced by the late Larry Ward. In the *Clone Wars* film and series, he is voiced by Kevin Michael Richardson, who also played Sarevok Anchev, Captain Gantu, Lester Krinklesac, the Joker, Trigon, the Shredder, Crunch Bandicoot, Temutai, Gorilla Grodd, Captain Cold and Chairman Drek.

*The Phantom Menace*

In 32 BBY (before the Battle of Yavin), Jabba hosts the Podrace at the Boonta Eve Classic between Anakin Skywalker and Sebulba on Tatooine.

*Star Wars: The Clone Wars* Movie

During the time of the Clone Wars, Jabba's son was kidnapped by his uncle by the name of Ziro the Huttand Count Dooku to convince Jabba to join the Confederacy of Independent Systems. Luckily, Anakin Skywalker, a former resident of Jabba's planet, saved him.

*Star Wars: The Clone Wars* Series

Jabba had to help the Jedi during the time of the Clone Wars. He helped Darth Maul and Savage Opressform the Shadow Collective.

*A New Hope* 20th Anniversary Special Edition

In 1997-onwards releases of the original film, Jabba meets Han at the *Millennium Falcon*, to demand the money the captain owed him, and to ask why he killed Jabba's henchman named Greedo in an earlier scene. Han then tells the Hutt that he has a charter and will pay him back with a little extra. Jabba agreed, but he made it clear that if Han failed again, he would put such a high price on Han's head, that he wouldn't be able to go anywhere without an army of bounty hunters waiting to collect it. During their conversation, Han accidentally steps on Jabba's tail. The last time Jabba is seen in this version is when he tells Boba Fettand others to get moving and they leave.

### *The Empire Strikes Back*

Jabba does not appear in the sequel, but his motivations are pivotal to the plot. He has increased the bounty on Han's head, leading Han to attempt to leave the Rebellion at the beginning of the film to repay his debt.

Boba Fett is hired by both Jabba and Darth Vader to capture Han (Vader also wants Leia, Chewie, and Threepio). When Vader kidnaps Han, he sadistically has him tortured for no reason and then frozen in carbonite as a test, planning to do the same to Luke. He turns the frozen Han over to Boba, who departs Bespin to deliver Han to Jabba.

### *Return of The Jedi*

Several months later, Jabba the Hutt had been holding a frozen Han Solo on his wall. He was in the first act of the film, where Princess Leia Organa, Chewbacca, and Luke Skywalker attempt to rescue their friend.

The captured Han is delivered to Jabba by Boba and placed on display in the crime lord's throne room. Lando Calrissian, C-3PO, R2-D2, Leia, and Chewbacca infiltrate Jabba's palace to save Han. Leia herself is soon enslaved by the Hutt, and she is forced to wear her iconic golden bikini along with being chained to Jabba. Soon afterward, Luke arrives to "bargain for Solo's life"; but Jabba condemns Luke, Han, and Chewbacca to the sarlacc. At the Great Pit of Carkoon, Luke escapes execution with the help of R2-D2 and defeats Jabba's thugs. During the subsequent confusion, Boba is (seemingly) accidentally killed by Han, while Leia shuts off all the lights in the sail barge and strangles Jabba to death with the very chain he forced her into; with that, Luke, Leia, Han, Lando, Chewbacca, C-3PO, and R2-D2 manage to escape, blowing up the sail barge and killing Jabba's remaining men as they flee the scene.

---

Nora Venice: Oh man! That's Jabba the Hutt!

Maria: I thought he was dead! Luke Skywalker made sure he was destroyed by blowing up his sail barge!

Me: Yeah that's what happened. And a Warrior Lady of The Wasteland and a Zebesian Multiviola are fighting him. Lets get him!

We went at him!

Maria: Hey there, fattie!

Maria kicked him in the belly.

Me: You're a little overdue with death Jabba!

Jabba: (Speaking Hutt) I can never forgive Skywalker and Organa for killing me in the Pit of Carkoom. I would have fed that Jedi and Han Solo to the Sarlaac had it not been for him!

Me: You had that coming you monster! What you did on Tatooine speaks volumes of your crimes against the many forces of the Rebel Alliance and the Jedi in general.

Lola Namiko: How can you understand what he is saying?

Me: These.

I showed that I had translating devices in my ears.

Maria: If you really want us to suffer, why don't you run over here?

Jabba: With pleasure.

He crawled but he was slow.

Warrior Lady of The Wasteland: That's right you slug! Come and get us!

Multiviola: (Dutch Accent) You are in a lot of trouble!

Eli: You're a Multiviola Gene-Slammer!

Multiviola: That's right. I'm Kida Neurenburg and it's awesome to meet you.

Eli: Same here.

Suddenly, Rey Skywalker's eyes turned neon blue, and she was surrounded by a blue energy aura with lightsabers, and Aarna Ramachandran's green eyes turned neon green, and she was surrounded by a green energy aura with Copperajah surrounding her, and as they approached Jabba the Hutt, Rey left blue energy, blue fire, and Force blasts with every step, and Aarna Ramachandran left green energy, green fire, and Earth with every step.

Rey: (Divine Echoing Voice of The Jedi) **Amazing Lola.**

Aarna: (Divine Echoing Voice of Indian Jungle Justice) **It is a most amazing transformation.**

After getting rid of Jabba the Hutt for good, Lincoln, Me, Nico, Eli, Yugi, Pharaoh Atem, Tea, Joey, Tristan, Mai, Duke, Serenity, Seto Kaiba, Mokuba, Pegasus, Marik, Ishizu, Kisara, Rebecca, Jaden, Syrus, Chumley, Tyranno, Bastian, Chazz, Zane, Atticus, Alexis, Jasmine, Mindy, Blair, Princess Rose, Jesse, Axel, Jim Crocodile Cook, Adrien Gekko, Yusei, Jack Atlas, Akiza, Leo, Luna, Crow, Sherry, Yuma, Reginald, Tori, Reginald, Noriko, Rio, Rafael, Alister, Valon, Tania, Misty, Carly, Hannah Fairchild, Nicole, Orion, Princess Celestia, and Diamond Tiara were heading to Domino City, and not only is Lincoln going to rescue the seven girls there, but we're also going to face Bandit Keith, who's back for revenge on us for throwing him in prison, and we also got word that Anna Maria is there too, but she's going to be in for the biggest reprimanding of her life for being a selfish, narcissistic, and vain bitch at the hands of Princess Celestia, and Diamond Tiara is also going to transform.

Lincoln: Wow, we're here in Domino City. It's been years since we defeated Dartz, and I think I know what we're going to do here, not only am I going to rescue the seven girls there, but we're also going to face Bandit Keith, who's back for revenge on us for throwing him in prison.

Me: That's right, big guy, and we also got word that that selfish, narcissistic, and vain bitch, Anna Maria is there too.

Nico: (Smiles) But, that tan-in-a-can bitch is going to be in for the biggest reprimanding of her life for being selfish, narcissistic, and vain at the hands of Princess Celestia.

Eli: That's right, and I sense that Diamond Tiara is going to transform too. This should be good.

?: HELP!

Suddenly, Lincoln heard the sound of seven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the seven girls, but they've been cornered by Bandit Keith and Anna Maria, and they're going to kill them.

Lincoln: Guys, I found the seven girls, but they've been cornered by Bandit Keith and Anna Maria, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a powerful blast of rainbow energy, and it caused Bandit Keith and Anna Maria to back off. When they saw us, they were completely pissed off.

Diamond Tiara: I've had it up to hear with that bitch to last an eternity.

Suddenly, Diamond Tiara's eyes turned neon blue, and she was surrounded by a pink energy aura with diamonds, and as she approached Anna Maria, she left pink energy, light, and diamonds

with every step.

Diamond Tiara: Anna Maria, you've been a vain, selfish, and narcissistic monster all your life, and it's time for you to suffer the consequences for your vanity.

Then, Diamond Tiara was surrounded by a massive vortex of pink energy with light and diamonds surrounding it, there was a pony running around the vortex, and in the vortex is a phoenix with light reflecting on it. Then, as the vortex faded, Diamond Tiara emerged, but she was changed forever.

Diamond Tiara grew to 6'0" in height, she had the body of a goddess, she had white highlights on the bangs of her now long flowing purple hair and she still had on her tiara, she has neon blue eyes and a pink energy aura with shining diamonds and gleaming orbs of light surrounding her, she has a pony with diamonds surrounding her emblazoned on her forehead, she has on pony earrings with the Light Kanji in its hooves and a necklace with a pony holding the Light Kanji in its hooves for the necklace, she has on a sleeveless yellow blouse with a pink phoenix, a yellow skirt with diamonds on it, yellow high heels with pink studded diamonds on them, she has large pink angel wings with white tips on the large pink feathers, and a sleeveless yellow trenchcoat with diamonds and light on the coattails, and on the back is a pony with diamonds surrounding it. Diamond Tiara has her massive Sword of The Knights of The Friendship Table out, and she has on her new Bracelets of The Champions of The Universe with pink gems on her wrists, Belt of Elemental Bravery with large pink gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a pink kanji below the pony that said, "Diamond Tiara, Friend of The Cutie Mark Crusaders, Friend of Twilight Sparkle and Her Friends, Master of Diamonds and Light, and Awesome Member of The Knights of The Friendship Table."

ダイアモンドティアラ、キューティーマーククルセイダーズの友人、トワイライトスパークルと彼女の友人の友人、ダイヤモンドと光のマスター、そして友情のテーブルの騎士団の素晴らしいメンバー

Diamond Tiara has transformed into SUPER ANGEL

750,000,000,000 CELESTIAL SHINING DIAMOND PONY ANGEL OF LIGHT AND HOPE!

We were amazed by the transformation of Diamond Tiara, but when Bandit Keith and Anna Maria saw it, they fell into a rage.

Me: Wow, Diamond Tiara's transformed.

Nico: Now, that's awesome.

Lincoln: Wow, Diamond Tiara, you look amazing. How do you feel?

Diamond Tiara: (Divine Echoing Cosmic Voice of Light and Hope) **I feel incredible, Lincoln. Now, I'm going to teach Anna Maria a lesson, while you guys take care of Bandit Keith.**

Lincoln: You got it.

Diamond Tiara, who was also joined by Princess Celestia, went after Anna Maria, while we went after Bandit Keith, and we fired rainbow energy blasts and elemental forces at them both, and they went down like a sack of bricks. Then, Lincoln tied both Bandit Keith and Anna Maria up in indestructible rainbow energy straitjackets.

Diamond Tiara powered down, and her new body, clothes, weapons, and jewelry were permanent. Then, Princess Celestia walked up to Anna Maria, and she wasn't happy one bit.

Princess Celestia: Anna Maria, no words can describe just what kind of person you really are, but, it must be said. (Canterlot Voice) **YOU ARE A SELFISH, BLACKHEARTED, EVIL, VAIN, NARCISSISTIC, INCONSIDERATE, HEARTLESS, MONSTROUS BITCH FROM THE DARKEST DEPTHS OF HELL!**

CLANG!

Our jaws dropped to the floor when Princess Celestia said that, and she even used the Canterlot Voice, just like Princess Luna who gave her nasty reprimanding to Alejandro yesterday when he orchestrated that riot at the Jupiter Prison, and the reprimanding was so vicious, it caused Anna Maria's spray-tan on her skin to melt off. We went up to Princess Celestia, and we hugged her.

Lincoln: Wow, Princess Celestia, that was an incredible reprimanding.

Princess Celestia: Thank you, Lincoln.

Then, Lincoln beamed Anna Maria still bound to a rainbow energy straitjacket to an isolated cell in Solitary Confinement in The Jupiter Prison, where she was also chained to the wall of her cell, and Lincoln beamed Bandit Keith still bound to a rainbow energy straitjacket to an isolated cell in Solitary Confinement in the Uranus Prison, where he was also chained to the wall of his cell. Then, Lincoln and Nicole went up to the seven girls located there, and when Lincoln saw them, he recognized them. The seven girls were Petralka Anne Eldant III the Elf, Minori Koganuma, Elbia Hanaiman the Werewolf, and Romilda Garde the Dwarf from Outbreak Company, Komugi Yoshida, Kokona Saionji, and Tsukasa Kisaragi from Nurse Witch Komugi-Chan.

Lincoln: Oh wow, it's Petralka Anne Eldant III the Elf, Minori Koganuma, Elbia Hanaiman the Werewolf, Romilda Garde the Dwarf, Komugi Yoshida, Kokona Saionji, and Tsukasa Kisaragi.

Nicole: From Outbreak Company and Nurse Witch Komugi-Chan, awesome.

Lincoln: Are you girls okay?

Elbia Hanaiman the Werewolf: Yeah, we're okay, thanks to you.

Then, Elbia Hanaiman the Werewolf and the other six girls saw who it was that saved them from Anna Maria and Bandit Keith, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Elbia Hanaiman the Werewolf: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular

arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Elbia Hanaiman the Werewolf: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we not only beat up Bandit Keith and Anna Maria, but we also showed everyone else that Diamond Tiara also transformed, and Princess Celestia gave Anna Maria the reprimanding of her life for being a selfish, narcissistic, and vain bitch, and she even used the Canterlot Voice for that one.

---

Here's the second scene, the merging of Love Hina, and here's another touch on this scene, Dustin Keystone has broken out of prison and he still wants to kill Lincoln and everyone close to him, but Lincoln's going to give him the biggest, loudest, meanest, nastiest, and harshest reprimanding ever, and it'll cause Dustin Keystone to crap his pants two million times after you guys beat the crap out of him.

After a harsh reprimanding on Anna Maria and throwing her and Bandit Keith back in prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world that Lincoln's two future wives, Kaolla Su and Shinobu Maehara, has merged with our world.

Lincoln: Oh wow, Kaolla Su, Shinobu, your world has merged with ours.

Shinobu Maehara: Whoa, this is so awesome.

Suddenly, the alarm sounded, and it showed that Dustin Keystone has broken out of prison again to try and kill Lincoln and everyone close to him to get revenge.

Lincoln: This isn't good, Dustin Keystone's broken out of prison again to try and kill me and everyone close to me.

Me: That could mean everyone all over the world, since they know who you are, big guy.

Nico: I thought we wouldn't see that bastard again after you and Lynn gave him the beating that he'd deserved years ago, Lincoln.

Twilight Sparkle: Whoa, it sounds like you guys know him all too well, and you don't like him one bit. Can you tell us everything about him, Lincoln?

Lincoln: Trust me, Twilight, you won't like this creep one bit.

Lincoln told Twilight and everyone who wasn't with us at the time what Dustin Keystone did to Lincoln when he was younger, he beat him up badly and tormented him relentlessly, until Lincoln's sisters all piled on him and beat him senseless. They also found out that Dustin Keystone has a nasty criminal record, and that before Megakat City merged with our world, Dustin Keystone broke out of prison to kill Lincoln for revenge for what happened, but Lincoln and Lynn beat him up badly, and after that, he was arrested and taken to The Uranus Prison, where he was sentenced to Life Without Parole.

When Lincoln was finished, all those who weren't with us were already seeing red. But, when all of the girls in his harem heard it, including his daughters, they were so furious at Dustin Keystone and his sick actions, their faces and eyes turned red, and steam was coming out of their ears.

Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita: UH OH!

Applejack: Why, that rotten, blackhearted, no-good, sidewinding… ! Who does he think he is to do that to someone as kind and sweet as our man! I ought to hogtie him and run him out of town on a rail for this!

Thunder Sparkle: Bullying Dad like that and trying to kill him, I'll give him such a black eye for this!

Lincoln calms Applejack down by hugging her and kissing her on her forehead, and she returns it and calms down, and he did the same to the other girls in his harem, along with his daughters.

Lincoln: It's okay, Applejack. Besides, we're not letting Dustin Keystone get away with this. Not only are we going to pummel him senseless and tie him up in a rainbow energy straitjacket, I'm going to give Dustin Keystone the biggest loudest, meanest, nastiest, and harshest reprimanding ever, and it'll cause Dustin Keystone to crap his pants two million times for all the stuff he's done to me!

We gasped in pure shock at what Lincoln's going to do to him, and some of us hid behind the couch.

Luna Loud: (Surprised) Dude, tell me I didn't just hear what I think I heard.

Nico: I also heard it, Luna. Lincoln's going to give Dustin Keystone the biggest, loudest, meanest, nastiest, and harshest reprimanding of his life, and it'll cause that piece of crap to crap his pants two million times for all the stuff he's done to him! (Smiles) Ooh, this should be good.

Me: (Smiles) I'll record it on the phone to show it to everyone.

We then head out to explore Kaolla Su and Shinobu's world, and of course, track down and pummel Dustin Keystone, who's broken out of prison. We met with Kaolla Su and Shinobu's friends, and they heard the girls are now Lincoln's future wives, and they know Lincoln will take good care of them. Then, they also told us they'd seen a mean, nasty-looking male in the area, and it matched the very description of Dustin Keystone, and we headed out to confront him. We then saw Dustin Keystone and he was sharpening his knife.

Lincoln: (Smirks) Alright, guys, it's Showtime.

Suddenly, a massive explosion was heard, and the spirits of tormented souls wailed in pain and agony and they'd converged on Dustin Keystone, wailing and screaming in his ear. Then, the screech of The Thunderbird was heard, and in a flash of lightning, we'd appeared. When Dustin saw the 16-year-old, handsome, and extremely muscular Lincoln, he was so pissed off his eyes turned red with hatred and the sclera of his eyes turned bloodshot. He'd tried to attack, but Lincoln fired a magnetic blast at the knife and it went into a tree.

Lincoln: I see that a few years in The Uranus Prison has already destroyed your sanity even more to the point where you're now obsessed with trying to kill me and get revenge, Dustin. You're even worse than all those Evil Sasukes we've been killing.

That set Dustin Keystone off badly, and we laughed.

Sasuke Uchiha: You were nothing more than a sadistic bully who got off on beating up Lincoln, you deserved that beatdown from his sisters. But, it seems you'll never learn your lesson.

Lincoln: Trust me, Sasuke. He'll never learn through words, he'll only understand through violence. Alright, everyone, let's rough him up Loud House style!

Me: (Smirks) Ooh, he's screwed now!

We piled on Dustin Keystone, and we began beating him up so badly. Lincoln and Linka knocked out a couple of Dustin's teeth, Lori, Leni, Loki, and Loni ripped out pieces of Dustin's hair, Luna and Luke played a loud guitar riff and that caused Dustin's ears to bleed, Luan and Lane threw a pie at him which was made of Light Lily and Leo's dirty diapers! P.U!, Lynn and Lynn Jr. broke Dustin's arms, Laney and Larry punched Dustin in the eye, Lucy and Lars scared him by revealing their demonic red eyes, Lana, Lola, Leif, and Lexx broke Dustin's legs, Lisa and Levi both hit Dustin on the head with a baseball bat, and Lily and Leon fired blasts of glowing water at Dustin and soaked him. Then, Lincoln tied Dustin up in a rainbow energy straitjacket so he couldn't escape, and when Lincoln walked up to him, he was really angry now.

Lincoln: Dustin, no words can even describe just what kind of evil and heartless person you are. But, I'm not scared of you, and now, I can finally say this. Dustin Keystone, you are (Loudly) ***A SELFISH, INCONSIDERATE, BLACK-HEARTED, SADISTIC, MONSTROUS, DERANGED, MALEVOLENT, EVIL, SICK, TWISTED, PSYCHOPATHIC, ARROGANT BASTARD FROM THE DARKEST DEPTHS OF HELL! A TRULY EVIL AND SADISTIC SPAWN OF SATAN FROM THE DARKEST DEPTHS OF THE KALAMAZOO RIVER!***

CAW CAW CAW CAW CAW CAW CAW CAW!

CLANG!

REALLY EXPLOSIVE WET FART!

Lincoln's voice was so loud, it caused the birds in the area to fly away, and our eyes went really wide and our jaws hit the floor when Lincoln harshly reprimanded Dustin Keystone, and it'd caused Dustin Keystone to crap his pants not two million, but five million times.

Lori: (Surprised) Holy… !

Luan: (Surprised) Shamoly!

Luna Loud: (Surprised) Dang, bro. That was quite a set of large lungs you had on you.

Me: (Surprised) What… just… happened?!

Nico: (Surprised) We witnessed Lincoln Loud giving Dustin Keystone the biggest, loudest, meanest, harshest, and nastiest reprimanding in history, and it caused that piece of crap to crap his pants not two million times, but five million times?! Holy cow!

Our shock turned all the way to wild cheers for Lincoln as we then ran on over and hugged him, and then, the girls in Lincoln's harem all hugged and kissed him all over his massive and muscular upper body. Lincoln's daughters also ran over and they hugged Lincoln and kissed him on the forehead.

Lynn Sr.: (Smiles) Dang, Champ, you must've had a set of lungs for that reprimanding.

Rita: (Smiles) I'm so proud of you, sweetie, for what you just did. Maybe, next time, that'll teach that moron a lesson.

Lincoln: (Smiles) Thanks, Mom, Dad, and everyone.

Me: (Smiles) And I recorded the whole thing on my phone. Wait until all of the Masters of Evil hear this, including Electro, big guy.

Dylan Dalmatian: (Laughs) When he sees this, he's going to laugh his head off.

Dolly Dalmatian: (Laughs) You said it, Dylan.

Lincoln then beamed Dustin Keystone still bound in a rainbow energy straitjacket to his new cell in Maximum Security Solitary Confinement in the Uranus Prison, where he was also chained to a wall, and he'll never break out again. We had an awesome time exploring the world Kaolla Su and Shinobu came from, and we sent Dustin Keystone back to prison after Lincoln gave him the biggest, loudest, meanest, harshest, and nastiest reprimanding of his life.

Later it was time for Rainbow Dash's Ambassador Mission.

Scootaloo: Can I come with you today, Rainbow Dash?

Rainbow Dash: You sure can and I did say for you, Pickle & Barley Barrel to come with me.

Pickle Barrel: (Gasp) Did you hear that!?

Barley Barrel: Did YOU hear that!?

Pickle & Barley Barrel: WE'RE GOING WITH CAPTAIN RAINBOW DASH!

Me: You guys are sure excited.

Nico: Have a good time you guys.

They went through a portal.

And they arrived.

Ash: Hey Rainbow Dash.

Rainbow Dash: Hey there guys.

Ish: I see you bought 3 people with you this time.

Rainbow Dash: Yep this is my little sister Scootaloo.

Scootaloo: Hey there. We're not related by blood, it's just that I view Rainbow Dash like a big sister.

Rainbow Dash: Yep and they said hey too.

Nico: Awesome!

---

Later Lola was getting ready to show Starlight Glimmer, Sunset Shimmer, Fluttershy and Rainbow Dash how she plays World of Warcraft.

Lola: Rainbow Dash, now that your ambassador mission is done, I'd like to you show you and Sunset Shimmer something.

Starlight Glimmer: Can I come too?

Lola: Sure.

Lola was on the computer and she was playing World of Warcraft. She was playing all the games in chronological order.

World of Warcraft

Intent on settling in Durotar, Thrall's Horde expanded its ranks by inviting the undead Forsaken to join orcs, tauren, and trolls. Meanwhile, dwarves, gnomes, and the ancient night elves pledged their loyalties to the Alliance, guided by the human kingdom of Stormwind. After Stormwind's king, Varian Wrynn, mysteriously disappeared, Highlord Bolvar Fordragon served as Regent but his service was affected by the mind control of the black dragon Onyxia, who ruled in disguise as a human noblewoman. As heroes investigated Onyxia's manipulations, the ancient elemental lord Ragnaros resurfaced to endanger both the Horde and Alliance. The heroes of the Horde and Alliance defeated Onyxia and sent Ragnaros back to the Elemental Plane.

Assault on Blackwing Lair

Deep within Blackrock Mountain, the black dragon Nefarian conducted twisted experiments with the blood of other dragonflights. Intent on seizing the entire area for his own, he recruited the remaining Dark Horde, a rogue army that embraced the demonic bloodlust of the old Horde. These corrupt orcs, trolls, and other races battled against Ragnaros and the Dark Iron dwarves for control of the mountain. Nefarian created the twisted chromatic dragons and a legion of other aberrations in his bid to form an army powerful enough to control Azeroth and continue the legacy of his infamous father, Deathwing the Destroyer. Nelfarian was vanquished by the heroes from the Horde and the Alliance.

Rise of the Blood God

Years ago, in the ruined temple of Atal'Hakkar, loyal priests of the Blood God Hakkar the Soulflayer attempted to summon the wrathful deity's avatar into the world. But his followers, the Atal'ai priesthood, discovered that the Soulflayer could only be summoned within the Gurubashi tribe's ancient capital, Zul'Gurub. Newly reborn in this jungle fortress, Hakkar took control of the Gurubashi tribe and mortal champions of the trolls' mighty animal gods. The Soulflayer's dark influence was halted when the Zandalari tribe recruited heroes and invaded Zul'Gurub.

## The Gates of Ahn'Qiraj

The great desert fortress of Ahn'Qiraj, long sealed behind the Scarab Wall, was home to the insectoid qiraji, a savage race that had once mounted an assault to devastate the continent of Kalimdor. But something far more sinister lurked behind Ahn'Qiraj's walls: the Old God C'Thun, an ancient entity whose pervasive evil had suffused Azeroth since time immemorial. As C'Thun incited the qiraji to frenzy, both the Alliance and Horde prepared for a massive war effort. A mixed force of Alliance and Horde soldiers, dubbed the Might of Kalimdor, opened the gates of Ahn'Qiraj under the command of the orc Varok Saurfang. The heroes laid siege to the ruins and temples of Ahn'Qiraj and vanquished C'Thun.

## Shadow of the Necropolis

In the Lich King's haste to spread the plague of undeath over Azeroth, he gifted one of his greatest servants, the lich Kel'Thuzad, with the flying citadel of Naxxramas, as a base of operations for the Scourge. Consistent attacks from the Scarlet Crusade and Argent Dawn factions weakened the defenses of the floating fortress, enabling an incursion from the heroes that led to Kel'Thuzad's defeat. However, a traitor among the ranks of the knightly order of the Argent Dawn ran away with Kel'Thuzad's cursed remains and fled to Northrend, where the fallen lich could be reanimated.

## Next was Burning Crusade

The expansion's name refers to the return of the "Burning Legion"; a vast army of demons being one of the main, recurring antagonist forces in the Warcraft-universe and whose last invasion was defeated in Warcraft III: Reign of Chaos. This legion and its allies are the main enemy which players will fight against in The Burning Crusade. In addition to some new areas on Azeroth, this expansion mainly features the ravaged world of Outland which the Burning Legion and other powerful beings control.

The Doom Lord Kazzak reopened the Dark Portal to Outland, flooding Azeroth with the ravenous demons of the Burning Legion. Expeditions from the Horde and Alliance, reinforced by their new blood elf and draenei allies, passed through the gateway to stop the invasion at its source. On Outland's desiccated Hellfire Peninsula, the Alliance discovered several of their heroes who had crossed through the portal many years before, while the Horde made contact with the Mag'har (uncorrupted) orcs who had not participated in their race's original invasion of Azeroth. The expedition into Outland dragged Horde and Alliance armies further into conflict with the agents of the Legion and the lieutenants of Illidan Stormrage, who had claimed the shattered realm for his own.

## The Black Temple

In his quest to reign over all of Outland, Illidan the Betrayer had established a mighty stronghold for his forces within the Black Temple, a former draenei citadel. Yet his influence began to wane after the defeat of his most trusted lieutenants, including the ruler of the Illidari Naga, Lady Vashj, and the traitorous former leader of the blood elves, Kael'thas Sunstrider. The resulting window of opportunity permitted Akama, an elder sage of devolved draenei known as the Broken, to rebel against the self-styled "Lord of Outland." Along with Illidan's former jailor, the obsessed night elf Maiev Shadowsong, Akama helped a group of heroes infiltrate Illidan's seat of power and put an end to the Betrayer's reign once and for all.

## The Gods of Zul'Aman

Following years of battles alongside the old Horde, the troll warlord Zul'jin retired to the city of Zul'Aman, capital of the Amani trolls, where he called upon mysterious dark powers to rebuild his army. While the eyes of Azeroth focused on the fight against the Burning Legion and the expedition to Outland, treasure-seekers invaded Zul'Aman, rekindling Zul'jin's hatred of the outside world-particularly the high elves of Quel'Thalas. Upon hearing that these newly christened "blood elves" had become part of the Horde in his absence, the infuriated Zul'jin declared war on both Horde and Alliance. To gain the upper hand, Zul'jin attempts to awaken ancient animal gods to harness their power, but is slain by a group of heroes before his plans can come to fruition.

## Fury of the Sunwell

Fresh from his defeat in Outland, Kael'thas Sunstrider returned to the blood elf city of Silvermoon. Rather than leading his people to glory as he had promised, the disgraced prince betrayed them. Kael'thas plotted to use the legendary Sunwell, source of the blood elves' magical power, to summon the demon lord Kil'jaeden into Azeroth. Aided by a joint task force of blood elves and draenei, the Shattered Sun Offensive, Horde and Alliance heroes, with the help of a dragon Kalecgos and the Sunwell's mortal form, Anveena; narrowly stopped both Kael'thas and Kil'jaeden, although Anveena sacrificed herself in the process. The draenei prophet Velen then used the naaru M'uru's energy to reignite and purify the Sunwell.

## Then Wrath of The Lich King

In the wake of the Sunwell's purification, a period of suspicious silence swept over the world. As if on cue, the undead Scourge launched a massive assault against the cities and towns of Azeroth, this time extending its reach far beyond the Eastern Kingdoms. Under pressure to respond with a full army, Warchief Thrall deployed an expedition force to Northrend led by Overlord Garrosh Hellscream. Meanwhile, the missing human king Varian Wrynn at last returned to Stormwind City and reclaimed his crown. He sent an equally powerful Alliance army, commanded by Bolvar Fordragon, to defeat the Lich King-and any Horde forces who would stand in their way.

The Alliance and Horde (led by Dranosh Saurfang) eventually led a combined offensive on the Wrathgate, the entrance to the Lich King's fortress of Icecrown Citadel. Before they could succeed, however, Grand Apothecary Putress and his Royal Apothecary Society followers (renegade Forsaken) unleashed a new plague that killed friend and foe alike, while his traitorous counterpart, the dreadlord Varimathras, seized the Undercity in a coup that nearly killed Sylvanas. The usurpers were slain for their vile deeds by armies of the Alliance and Horde and the Forsaken capital was restored. The debacle, however, created suspicion among the Horde regarding Sylvanas's loyalties. At the Wrathgate, many brave

Alliance soldiers died at the hands of the Forsaken's Royal Apothecary Society; including King Varian's dear friend Bolvar Fordragon. Varian, who had always been wary of the orcs, discovered that the Royal Apothecary Society had been developing the new plague for years. The events that transpired during the battle for the Undercity convinced the human king that the Horde had been left unchecked for too long and he becomes hostile to the Horde for the rest of the campaign in Northrend.

## Secrets of Ulduar

The march of Horde and Alliance armies through Northrend led to a number of victories, but these successes paled before a discovery made by the explorer Brann Bronzebeard within the ancient titan complex of Ulduar. This mysterious fortress had long served as the prison of the Old God Yogg-Saron, a being of unfathomable evil whose influence had spread into the continent of Northrend itself. However, the safeguards keeping Yogg-Saron imprisoned began to fail, and the Old God's influence corrupted Ulduar's guardians. With Brann's assistance, small bands of Alliance and Horde champions infiltrated Ulduar to confront Yogg-Saron, who blasted the invaders with cryptic visions: the millennia-old creation of an artifact known as the Dragon Soul, the assassination of Stormwind's King Llane, and a glimpse of the Lich King's future. However, the heroes manage to prevail and destroy Yogg-Saron.

## Call of the Crusade

In preparation for the final offensive against the Lich King, the Argent Crusade (a union of holy warriors from the Order of the Silver Hand and the Argent Dawn) assembled a base near Icecrown Citadel to gather resources and identify the champions who would serve at the vanguard of their army. Highlord Tirion Fordring organized a tournament to test potential heroes of the Horde and the Alliance, but agents of the Scourge quickly emerged to sabotage the event. The undead attack culminated with the appearance of the monstrous crypt lord Anub'arak, who attempted to exterminate Tirion's elite force before it could be assembled. Fortunately, the gathered heroes prove to be too much for Anub'arak to handle and he is defeated.

## Fall of the Lich King

As the final battle against the Lich King approached, the human sorceress Jaina Proudmoore and the Banshee Queen Sylvanas Windrunner journeyed to the icy heart of Northrend. Both had come for different reasons: Jaina hoped to discover whether a part of her former friend and lover, Arthas Menethil, still lived; Sylvanas longed to take revenge on her old enemy. With the aid of these two heroes, Azeroth's champions stormed Icecrown Citadel and vanquished the Lich King's minions. Their confrontation with the Lich King involved thousands of souls consumed by Arthas's blade, Frostmourne. Ultimately, Arthas was slain with the aid of Tirion Fordring, and the heroes who triumphed over him learned a chilling truth about the existence of the undead Scourge. Without a Lich King, the leaderless undead would go on an unstoppable rampage across Azeroth. Bolvar (revealed to have been altered by the red dragons' flame), steps forward and voluntarily becomes the new Lich King, promising to keep the Scourge contained in Northrend as its eternal jailer.

## Next was Cataclysm

The central plot of the expansion is the return of the evil dragon aspect Deathwing the Destroyer (originally Neltharion the Earth Warder). Last seen in Warcraft II, which took place more than two decades earlier, Deathwing has spent that time healing himself, and plotting his fiery return from the elemental plane of Deepholm. His return tears through the dimensional barrier within Azeroth, causing a sweeping cataclysm that reshapes much of the world's surface. In the midst of the worldwide disaster comes renewed conflict between the Alliance and the Horde, which is now under the rule of Garrosh Hellscream. With the elemental realms now open to the world, chaotic elemental spirits and their tyrannical lords emerged to help the Destroyer and the nihilistic Twilight's Hammer cult bring about the Hour of Twilight: the end of all life on Azeroth.

The Cataclysm is responsible for a number of political changes within the Horde and Alliance. With the wake of the cataclysm, the Horde's leader, the orc shaman Thrall, stepped down from his duty as Warchief of the Horde to better help the world of Azeroth as a whole. This duty was relinquished to the former overlord of the

Warsong Offensive, the Mag'har orc warrior Garrosh Hellscream. Looking for ways to gather more resources and new territory for his people, Hellscream has initiated several brutal strikes against the Alliance, using the cataclysm to the Horde's advantage. The human king Varian Wrynn deployed many of his forces to fight against Garrosh's aggression, storming the Southern Barrens and Stonetalon Mountains, while Garrosh, unlike Thrall, embraced war with the Alliance.

There are several new areas that players can explore, along with new quests and end-scenes that players can participate in.

## Rise of the Zandalari

Alarmed by the terrible losses of life among all trolls, the Zandalari tribe traveled around the world to reunite their race and rebuild their once-powerful empire. The Zandalari restored the fallen cities of Zul'Gurub and Zul'Aman, and begun to conduct bloody raids on territories that had once been "theirs." The burgeoning troll force hoped to lead a great war against the other races of Azeroth, but the honorable Vol'jin of the Darkspear tribe stood against their murderous agenda, and recruited champions from both the Horde and the Alliance to invade the ancient cities and stop the onslaught.

## Rage of the Firelands

After a ferocious series of battles, Azeroth's heroes banished Ragnaros the Firelord and his elemental minions from Mount Hyjal. Yet, threats to Hyjal persisted, including traitorous druids who had abandoned their allies and joined forces with the elementals. Fearing another elemental invasion, the defenders of Azeroth made a daring assault into Ragnaros' blazing realm: the Firelands. Among the seething flames of this elemental domain, Ragnaros was at his most powerful; only the greatest champions of the Horde and the Alliance, aided by druidic champions like Malfurion Stormrage, could dare hope to defeat the Firelord.

## Hour of Twilight

At the peak of his insanity, Deathwing the Destroyer fought to drive the world into twilight-a devastated future bereft of all life. The

Dragon Soul, a powerful artifact lost in the past, was the only weapon capable of truly stopping Deathwing, and so the guardians of Azeroth-the Dragon Aspects-sent a number of valiant heroes racing through time to retrieve it. Despite being attacked by the mysterious Infinite Dragonflight as they travelled the timeways, the champions returned the artifact to the present and delivered it to the wise shaman Thrall. With his aid, the Dragon Soul was deployed against the Destroyer during a brutal battle that began in Azeroth's skies and continued into the roiling heart of the Maelstrom at the center of the world. Through the combined efforts of the Aspects and their allies, the madness of Deathwing was finally brought to an end. However, the remaining Aspects are forced to sacrifice their powers to fuel the Dragon Soul, but feel that their time as guardians of Azeroth has passed and that the heroes of the Alliance and the Horde have proved themselves ready and capable of protecting Azeroth.

## Environmental redesign

One of the primary features of Cataclysm is the redesign of the continents of Eastern Kingdoms and Kalimdor introduced with the launch of World of Warcraft in 2004. While the initial game design did not allow for the use of flying mounts in 'old-world' zones, those zones have been completely redesigned with flight in mind for Cataclysm. Flight is still unavailable for Burning Crusade starting zones for the blood elves and the draenei.

Major changes were brought to these zones. Each faction has a smoother leveling process, as many of the old quests are scrapped and replaced with new ones that incorporate updated gameplay and mechanics that have been changed or redesigned since the game's initial release. Each zone has its own storyline which can be explored through a series of quests. Each of the zones that are faction specific, however, cater only to those of the faction that controls that zone. Neutral, or 'Contested' zones, feature a PvP (Player-versus-Player) based quest line, making the player compete against the opposing faction (Horde against Alliance, and vice versa) to achieve the desired goal of their faction. This feature makes heavy usage of phasing, which was first seen in the Wrath of the Lich King expansion.

## Next was Mists of Pandaria

With Deathwing's menace ended, Warchief Garrosh Hellscream seized the opportunity to strike at the Alliance and expand the Horde's territory on Kalimdor. His assault completely obliterated the human city of Theramore, causing worldwide violence between the factions to erupt anew. A destructive naval skirmish left Alliance and Horde forces washed ashore on the fog-shrouded island of Pandaria, which had appeared in the open sea, defying modern maps and charts. As both warring factions established footholds on the resource-rich continent, they made contact with the noble pandaren, one of its most prolific peoples. This ancient race worked with the Alliance and Horde in the hopes of dispersing the Sha: dark, ephemeral beings roused from beneath Pandaria by the bloody conflict.

## Landfall

The conflict between the Horde and the Alliance entered a bloody new chapter in Pandaria. As the two factions' armies clashed on the shores of the continent, Warchief Garrosh Hellscream dispatched elite troops to find the Divine Bell-an ancient mogu artifact capable of endowing his soldiers with unimaginable power. Garrosh's bold and reckless actions, however, had dire consequences for the Horde, including the outbreak of violence against the Darkspear trolls and the expulsion of the blood elves from the once-neutral mage city of Dalaran. Although Garrosh claimed the bell, Prince Anduin Wrynn and the Alliance secret agents of SI:7 closely tracked the warchief's every move. On the highest peaks of Kun-Lai Summit, the brave prince thwarted Garrosh's plans, leading to the fabled mogu artifact's destruction.

## The Thunder King

While war between the Horde and the Alliance raged across Pandaria, the scattered mogu plotted a return to their terrible former glory. They rekindled their historical alliance with the Zandalari trolls, who managed to resurrect the tyrannical mogu emperor, Lei Shen the Thunder King, in the hopes of restoring mogu dominion over the continent. The valiant Shado-pan rushed to suppress their enemies, creating a task force, the Shado-pan Assault, originally composed of pandaren warriors and later supported by heroes of the Horde and Alliance. These fearless champions strove to defeat the Thunder King, though they also simultaneously served their factions' interests on Pandaria. Jaina Proudmoore led the Kirin Tor Offensive on a quest to uncover the source of all mogu power (and keep it from the Horde), and Lor'themar Theron took the Sunreaver Onslaught in search of mighty mogu weaponry to aid a daring plan: an insurrection against Warchief Garrosh Hellscream.

## Escalation

Garrosh Hellscream's quest for power in Pandaria leads him to excavate part of the sacred Vale of Eternal Blossoms in search of a sinister artifact, a decision that puts the Horde at odds with the Shado-pan and other influential pandaren. Meanwhile, in the Horde capital of Orgrimmar, Chieftain Vol'jin and the Darkspear trolls are declared traitors and hunted by the Kor'kron, Hellscream's personal guard. Vol'jin's people retreat to Durotar and the Barrens to gather supplies and reinforcements for their counter-strike, relying on the support of their former warchief, Thrall, and a particularly tenuous pact with the Alliance, whose interest in ending Garrosh's rule may not bode entirely well for the Horde…

## Siege of Orgrimmar

Garrosh Hellscream's reckless thirst for power has led him to do the unthinkable: from beneath the Vale of Eternal Blossoms, he has seized the desiccated heart of the dead Old God Y'Shaarj to use as a tool of war, unleashing horrors upon the sacred valley. The warchief has also turned against other members of the Horde to create a purely orcish force of his own. Now this "True Horde" is amassing strength within Orgrimmar's iron ramparts. With Garrosh bent on total victory, he plans to demonstrate the potency of the True Horde by conquering not just the Alliance but the whole of Azeroth. After champions purify the vale, they are called on to follow their faction in bringing Garrosh to justice.

Leaders of the Alliance and Horde lay siege to Hellscream's capital in order to topple the ruthless Warchief. The leaders of Azeroth then agree to prosecute Garrosh for war crimes in Pandaria. Vol'jin, for his contributions in Garrosh's downfall, is chosen as the new warchief of the Horde. King Varian Wrynn decides to end the conflict with the Horde but warns them that the Alliance will return to end them should they return to their honorless warmongering ways.

Next was Warlords of Draenor

The expansion is set after the events of Mists of Pandaria and takes place in an alternate universe on the world of Draenor, the original homeworld of the orcs as it appeared in Warcraft II: Beyond the Dark Portal, prior to its destruction in the ending of that game and the creation of Outland as featured in Warcraft III: The Frozen Throne and World of Warcraft: The Burning Crusade. Legendary characters of Warcraft's past, such as Grommash Hellscream, Ner'zhul, Gul'dan, and Blackhand appear.

At the end of Mists of Pandaria, Garrosh Hellscream is overthrown as Warchief of the Horde by a combined Alliance-Horde force and taken into custody by the Pandaren so that he can stand trial for the atrocities he committed in Pandaria. However, before he can be judged, Garrosh escapes captivity with the aid of Kairozdormu (a renegade bronze dragon) and travels to the orcish homeworld of Draenor 35 years in the past, prior to the rise of the Horde. As soon as they arrive Garrosh kills Kairoz then proceeds to change history by preventing his father Grommash from drinking the blood of the demon lord Mannoroth, which led to the orc's corruption by the Burning Legion and played a major role in the events of the first three Warcraft games. This interferes with history, creating an alternate timeline where the orcish clans unite into an "Iron Horde" by using technology Garrosh brought from his time. The Iron Horde begin a war of conquest on Draenor by killing Mannoroth and building a Dark Portal that allows them to travel through time and lay siege to the Azeroth of the present era. The adventurers storm the Dark Portal and with the help of Khadgar fight back the Iron Horde Vanguard back into the alternate Draenor. The adventurers use the Iron Horde's own weaponry to destroy the Draenor side of the Dark Portal but are subsequently forced to flee in order to evade the full might of the Iron Horde. The Azeroth Vanguard flee to the docks and split into two ships; with the Alliance following the Draenei and the Horde joining the Frostwolf Clan. Afterwards, the Alliance and Horde establish bases with portals to Azeroth to bring in supplies and soldiers.

The Alliance and Horde and their Draenor allies fight back the Iron Horde and ultimately confront the escaped war criminal Garrosh Hellscream in Nagrand. Garrosh lashes back and the forces are saved by the intervention of Thrall who challenged Garrosh to mak'gora - a duel of honor that can lead to death. In the battle that follows, Garrosh initially has the upper hand and blames Thrall for his failures since Thrall picked him as Warchief, but Thrall countered that it was caused by his own choices. Thrall then kills Garrosh by using his elemental powers.

With the creator of the Iron Horde dead, the Alliance and Horde adventurers and their Draenor allies set to dismantle the Iron Horde. The adventurers storm into the Gorian Empire's capital of Highmaul to defeat the Iron Horde's allies. In the raid, the adventurers kill the Warlord of the Shattered Hand Clan, Kargath Bladefist. They proceed to slay the creations of the Gorian Empire, including the spellbreakers and the Sorcerer King Imperator Mar'Gok.

Later the Blackrock Clan, led by Warlord Blackhand, challenge the Horde and Alliance to assault their domain; the Blackrock Foundry. The adventurers take up the challenge by storming through the forge, destroying important Iron Horde machinery, and blocking further growth of the Iron Horde's weaponry. Finally, the adventurers arrive at Blackhand's crucible and slay him.

Next, Gul'dan confronts Grommash and the remnants of the Iron Horde. He again offers Grommash the blood of Mannoroth; Grommash not only refuses but also attacks Gul'dan but he is subdued by him. With Gul'dan's offer of ultimate power, Kilrogg Deadeye, the Warlord of the Bleeding Hollow Clan, ignores Grommash's warnings and drinks the demon blood. The fel blood corrupts Kilrogg, turning him into a monstrous fel orc. Gul'dan assumes control of the Iron Horde and Grommash is imprisoned. It is at this time that the adventurers, with the help of Khadgar, construct a naval fleet to invade Tanaan Jungle and take the fight to Hellfire Citadel to stop Gul'dan and his Iron Horde.

Throughout all this, Khadgar works alongside his bodyguard, the Night Elven Warden Cordana Felsong, to grant the Commander a powerful boon by helping them create a magical ring that will give them the edge they need to face Gul'Dan. Catching wind of their plan, Gul'Dan reveals that he has brainwashed the alternate version of Garona Halforcen and sends her to assassinate Khadgar and the Commander, but Garona is defeated and the spell over her is broken, allowing Khadgar and the Commander to not only gain her as a valuable ally, but also allow them to finish the ring. However, when the ring is finally completed, it is revealed that Cordana's doubts and frustrations with Khadgar's leadership, as well as corruption from a Shadow Orb she had recovered earlier, has allowed Gul'Dan to corrupt and brainwash her just as he did Garona, and the fallen Warden attempts to steal the ring on Gul'Dan's orders. The Commander defeats Cordana, but she escapes.

In the Hellfire Citadel raid, the adventurers slay Kilrogg and remnants of the Iron Horde. When confronted, Gul'dan resurrects Mannoroth only for the adventurers to kill him and free Grommash, who actually joins them. Gul'dan then summons Archimonde to invade Draneor and, with Yrel and Grommash's help, the adventurers kill him too. At the end of the battle, Archimonde in his final moment flings Gul'dan through a portal to Azeroth of the main timeline in order to fulfill his pact with the Legion, setting the stage for the next expansion.

Next was Legion.

Following the defeat of Archimonde at Hellfire Citadel in an alternate timeline Draenor, the orc warlock Gul'dan was transported to the main timeline Azeroth. Gul'dan invaded the Vault of the Wardens, a prison used to contain dangerous beings from across Azeroth, with the help of the traitorous former Watcher Cordana Felsong, whom he had successfully corrupted to his side back on Draenor. In desperation, the wardens released the "Illidari"; demon hunters that use fel power, to help fight against the Burning Legion. Despite this, Gul'dan was successfully able to steal the body of Illidan Stormrage and traveled to the nearby Tomb of Sargeras and opened a massive portal, thereby allowing the Burning Legion to invade Azeroth.

Demonic invasions spawn throughout Azeroth, with both the Alliance and Horde fighting to defend their lands. Khadgar begins researching ways to sever the Legion from their source of power at the Tomb of Sargeras, consulting with the newly awoken Magni Bronzebeard. Magni declares that his innate connection with the land during his slumber has allowed him to communicate with the nascent Titan slumbering within Azeroth. Only by using the five Pillars of Creation, incredibly powerful Titan artifacts, can the forces of Azeroth drive back the Legion. Khadgar teleports the Kirin Tor capital city of Dalaran to the tower of Karahzan to further his research.

Faced with an increasing number of demonic attacks, the Alliance, Horde, and Argent Crusade prepare to launch an invasion with naval, air, and ground forces to the Tomb of Sargeras on the Broken Isles. The demons mislead the Alliance and Horde as to the size of the demonic army present at the Tomb, manipulating them into far underestimating the size of the demonic host. Although they make initial headway against the demons, the heroes of Azeroth are unable to prevail: the majority of the Argent Crusade is destroyed before the Horde and Alliance arrive, and both factions lose their primary leaders in the process. Anduin Wrynn becomes king in his father's place, and Vol'jin's last command is for Sylvanas to lead the Horde. Even worse, miscommunication leads to many within the Alliance believing that the Horde intentionally abandoned them during the battle, inflaming tensions between the two factions to the boiling point once again.

With both the Alliance and Horde devastated by the battle at the Broken Shore, a new source of power is required to defeat the Legion. The players-including the newly introduced demon hunters-must acquire and master artifact weapons and find the Pillars of Creation that hold the power to stop the Legion's invasion. While the Legion remains a focus of the Broken Isles as a whole, it only takes center stage in one (Stormheim). In the other three, primary opposition comes from the Naga of Azshara (in Azsuna), the Old Gods and the Emerald Nightmare (in Val'sharah), and a race of subterranean rock-creatures called Drogbar (in Highmountain).

After locating the first four Pillars, the heroes receive a distress call from exiled Nightborne from Suramar, where Gul'dan has besieged their home and seized control. With the help of both Horde and Alliance, the players liberate the Nightborne and their home, kill

Gul'dan, claim the last Pillar of Creation, and restore Illidan to life. With his assistance, the class hall orders establish a foothold on the Broken Shore while facing heavy resistance. After fighting back the invasion forces, the players enter the Tomb of Sargeras to end the Legion's presence on Azeroth. The players find and kill Kil'jaeden, but Illidan uses the opportunity to open a rift between Argus and Azeroth, setting the stage for the players to invade Argus. Meanwhile, Anduin Wrynn, plagued with doubt regarding his ability to be a worthy successor to his father, reclaims Varian's compass with the help of Alliance champions. Venturing to the entrance of the Tomb, where Varian fell, Anduin recovers Varian's sword Shalamayne and, with the help of Genn, Velen and even Varian's spirit, finds within himself the confidence and determination to serve the Alliance as its High King.

Velen summons the Alliance and Horde to travel aboard The Vindicaar. The players travel to the surface and quickly meet the Krokuun, the surviving Broken Draenei that were left on Argus. Shortly thereafter, they encounter the surviving members of the Army of the Light, including Turalyon and Alleria. The player gains ground on Argus and rescues the dormant prime Naaru, Xe'ra. However, she is destroyed by Illidan after she attempts to remake him as her prophesied chosen one. Magni arrives and is able to communicate with the world soul of Argus: through it, he learns that Sargeras has captured the essences of his fellow titans, and seeks to revive them under his control.

The players invade Antorus and free the remaining Titans, who in turn force the world soul of Argus to manifest. Thoroughly corrupted and suffering, the players are forced to kill it. The players see that Sargeras is at Azeroth and prepared to take it for himself. Sargeras is pulled away by the Titans, but he hurls his sword into Azeroth as a final act of spite. The players return home, with Illidan staying behind to face Sargeras inside his prison.

While Sargeras is defeated, his giant sword remains; players absorb its corrupting poison into their artifacts, which greatly weakens them but buys the world of Azeroth time. However, the titan's blood has been erupting to the surface in the form of a crystalline substance called Azerite, which has tremendous magical potential. Both factions, still honoring their heroes and mourning their dead, are unwilling to let the other faction have sole access to this miracle substance, and prepare for war again…

Next was Battle for Azeroth.

### War of the Thorns

At the end of Legion, the mad titan Sargeras was imprisoned, but not before he plunged his sword into the planet Azeroth. This not only devastated a massive area (much of the desert zone of Silithus is now cracked and scorched), but badly wounded the gestating titan inside. While the heroes managed to ablate the worst of the damage (at the cost of the majority of their artifact weapons' mythic power), the world is still wounded and bleeding a substance called "Azerite," which has great magical potential. The Horde Warchief, Sylvanas Windrunner, attempts to consolidate Horde power on Kalimdor and gain a monopoly on Azerite (which is primarily found at the southern end of the continent). Her campaign to do so formed a pre-launch event for the expansion and ends with the major Night Elf holdings on the continent seized or (in the case of their capital city of Darnassus) annihilated.

### Battle for Lordaeron

The Alliance makes a retaliatory strike against her home base, the Undercity, which was formerly the human capital of Lordaeron. After a long, drawn-out battle, which includes Sylvanas revealing a powerful Azerite weapon and High Overlord Varok Saurfang being captured by Alliance champions, the Horde is pushed back to the throne room and is eventually driven out entirely. As a parting gift, however, Sylvanas saturates the area with disease and toxins that render the kingdom uninhabitable. With this tit-for-tat military exchange, the Horde has almost complete control over Kalimdor, while the Alliance has near-total dominion over the Eastern Kingdoms. With further conflict inevitable, Battle for Azeroth takes the two factions to the continents of Kul Tiras and Zandalar where they attempt to recruit new allies in order to turn the tides of war.

### Return of the Lord Admiral

In Kul Tiras, the Alliance's initial attempt to gain the nation's assistance ends disastrously when Katherine Proudmoore, Lord Admiral of Kul Tiras and mother to Archmage Jaina Proudmoore, not only refuses the Alliance's request for aid but also orders Jaina arrested and exiled for her role in the death of her father, Daelin Proudmoore, in the aftermath of the Third War. It quickly becomes apparent that Kul Tiras has become mired in corruption and outside threats, so Anduin and Genn Greymane send Alliance Champions to aid the Kul Tirans and earn their trust. Aiding them in this quest are Flynn Fairwind, a "retired" privateer, and Taelia Fordragon, the idealistic daughter of Bolvar Fordragon, former High Lord of Stormwind and current Lich King of the Undead Scourge. The Alliance is successfully able to earn the trust of Kul Tiras by combating the pirates of the traitorous Ashvane Trading Company in Tiragarde Sound, the Naga and corrupted agents of Queen Azshara in Stormsong Valley, and the occult forces of the ancient, ghostly warlord Gorak Tul in Drustvar. After these threats are defeated, Katherine is left despondent at her inability to lead her people, and resolves to help the Alliance find Jaina and reconcile with her.

The Alliance eventually track Jaina to the prison island of Fate's End, where Gorak Tul, having survived the events of Drustvar, has kidnapped her and is tormenting her with visions of her past failures. The Alliance champions and Katherine destroy Gorak Tul once and for all and rescue Jaina, who is finally able to let go of the hate, anger and obsession with the past that defined her ever since the destruction of Theramore. The Alliance and Proudmoores then unite to defend the capital city of Boralus from a massive pirate siege, after which Jaina is named Lord Admiral and pledges Kul Tiras' navy to the Alliance.

## Battle of Dazar'alor

Meanwhile, in Zandalar, the Horde seeks to earn the trust of King Rastakhan so they can use his legendary Golden Fleet against the Alliance. To this end, they assist Rastakhan and his court in dealing with local threats in Zuldazar, fight maniacal Blood Trolls in Nazmir, and face off with serpentine Old God cultists in Vol'dun. Throughout their journey, the Horde gradually learns about an eldritch being known as G'huun, an artificial Old God accidentally created by the

Titans and the patron deity of the Blood Trolls. The Blood Trolls and the Faithless Sethekk seek to free G'huun from his prison of Uldir so they can use him to rule Azeroth, and to this end they resurrect G'huun's champion, the C'thrax Mythrax, to destroy Uldir's seal. Rastakhan's own chief adviser, the prophet Zul, is revealed to be the Blood Trolls' secret leader and launches an armed revolt against Rastakhan. With the Horde champions' help, Rastakhan is able to defeat Zul and his forces, but not before Mythrax destroys Uldir's seal. With the seal broken, G'huun's full power begins to manifest. Champions of both the Horde and the Alliance venture deep within Uldir and face G'huun's champions, including Mythrax and a resurrected Zul, before finally slaying the Blood God himself.

With G'huun's threat eliminated, the Horde and Alliance return their focus to the war. While the Horde procures the Scepter of the Tides, a legendary artifact capable of controlling the seas, the Alliance dismantles a potential alliance between Sylvanas and the vampiric San'layn Elves. The Alliance begins to gear up for a preemptive strike against Zandalar, with the goal of crippling the Golden Fleet before it can be used against the Alliance and driving a wedge between the Zandalari and the Horde. Eventually, the Alliance finishes its preparations and launches an attack on the Zandalari capital of Dazar'alor, attempting to capture Rastakhan alive. Despite Anduin and Jaina's desire to do so, Rastakhan is overwhelmed by the power of his pact with the loa Bwonsamdi, and the Alliance champions are forced to slay him. Enraged by Rastakhan's death, Horde champions launch a vicious counterattack on the withdrawing Alliance forces, which ends with both Jaina and High Tinkerer Mekkatorque gravely wounded.

## Battle for Darkshore

Meanwhile, Tyrande Whisperwind and Malfurion Stormrage grow impatient regarding liberating Darkshore from the Horde's control, ultimately choosing to begin the offensive on their own, against Anduin's advice. In order to maximize their chances, Tyrande undergoes a ritual to turn herself into the Night Warrior, the avatar of Elune's most wrathful and warlike aspects. To counter this, Sylvanas orders several Night Elven heroes who fell in the Burning of Teldrassil to be raised as Dark Rangers to bolster her forces.

As the battle for Darkshore begins, both the Alliance and Horde are blindsided by a new development: High Overlord Varok Saurfang, who had been defeated and captured in the Battle of Lordearon, has suddenly escaped Alliance captivity and is on the run. Sylvanas sends Horde Champions to track Saurfang down, ostensibly to extract him. However, it quickly becomes apparent that the search party is in fact an assassination squad, as Sylvanas suspects Saurfang of colluding with the Alliance in an attempt to dethrone her. While some Horde champions choose to side with Saurfang and help him escape the assassins, other champions remain loyal to Sylvanas and report Saurfang's and the dissenting champions' treachery to her.

## Dissension within the Horde

As the Alliance leadership debates their next move, Sylvanas, infuriated by the Horde's defeat, resurrects Jaina's long dead brother Derek Proudmoore as a Forsaken, an act that horrifies the surviving Horde leaders, with the intent to use him as a sleeper agent to destroy the Proudmoore family from within. Unable to tolerate Sylvanas' dishonorable tactics, Baine Bloodhoof turns against her and, with the help of Forsaken priest Thomas Zelling, smuggles Derek out of Horde territory with the intent of returning him to Jaina. While Derek is successfully returned to the Alliance, Baine's "treachery" is discovered by Sylvanas and her loyalists, resulting in Zelling being executed and Baine imprisoned. After escaping from Stormwind prison with Anduin's help, Saurfang travels to Nagrand in Outland to seek out the aid of Thrall, who went into hiding during the last invasion of the Burning Legion. After initially refusing to aid the Horde and remain in hiding with his family, Thrall is eventually convinced to fight after he and Saurfang are attacked by two Forsaken assassins sent by Sylvanas.

Sometime later, Lor'themar Theron, Regent Lord of the Blood Elves, learns that Baine will soon be put to death for his actions against Sylvanas. Unwilling to allow this, Lor'themar enlists Horde champions to find Baine and save him from execution. As the loyalist Horde champions rush to report Lor'themar's "treason" to Nathanos Blightcaller, the rebel Horde champions meet up with Saurfang and Thrall to rescue Baine, who is being held in Garrosh

Hellscream's former Underhold. As they arrive, they receive unexpected backup from Jaina, Spymaster Mathias Shaw, and Alliance champions, who also seek to rescue Baine as Anduin believes his survival to be critical to eventual peace between the Horde and the Alliance. Their combined might fight their way through Sylvanas' forces and successfully extract Baine to Thunder Bluff. In the aftermath, as Thrall bitterly notes how every attempted reconciliation between the Alliance and the Horde ultimately ended in complete failure, Jaina assures him that this time, there is hope for true peace after how much they have all changed.

## Rise of Azshara

Meanwhile, the Shrine of Storms in Stormsong Valley, which had laid dormant after Alliance champions had routed Queen Azshara's forces there, suddenly begins brimming with new activity. Xal'atath, an Old God-touched dagger that had played a role in the war against the Burning Legion, is found by the champions of Alliance and Horde. Xal'atath compels them to deliver powerful relics to N'Zoth, the last Old God and patron of Queen Azshara, who challenges the champions to test their mettle against his champions in the deepest parts of the Shrine. The champions reluctantly accept N'Zoth's challenge and reclaim the relics to defeat his champions. In the aftermath of the battle, to the champions' shock, the spirit that had once inhabited Xal'atath is gone, having been freed by N'Zoth. Horde Champions decide to bring the now inert dagger to Sylvanas, much to the Alliance's concern.

Later, Sylvanas sends Nathanos Blightcaller, Lor'themar Theron, and Thalyssra out to sea with the remnants of the Horde fleet for unknown purposes. Hearing of this, the Alliance sends its own fleet led by Jaina and Genn Greymane to pursue them. However, in the middle of the pursuit, Queen Azshara uses the Tidestone to reveal the underwater Naga capital Nazjatar, trapping both the Horde and Alliance fleets and forcing them to work together to survive against the Naga onslaught. Working with Alliance and Horde Champions, they are able to retake the Tidestone and use it to open the way to Azshara's palace.

Under the leadership of Lor'themar and Jaina, Horde and Alliance champions breach Azshara's palace, fighting their way through her strongest servants before finally confronting the Naga Queen herself, who suddenly steals the Heart of Azeroth, an artifact Horde and Alliance champions have been using in an attempt to heal Azeroth after Sargeras had plunged his sword into the planet, and uses its accumulated power to break N'Zoth's seal. After a titanic battle, Azshara is defeated, but before the champions can finish her off, N'Zoth breaks free of his prison and pulls Azshara into the Void, ominously declaring that "all eyes shall be opened". Realizing that the war between the Alliance and the Horde has all along been a distraction from N'Zoth's master plan, Jaina and Lor'themar resolve to overthrow Sylvanas, then unite their forces for a final stand against the Old God.

## Heroes of Azeroth

With their numbers dwindling, the remaining Horde and Alliance leaders decide to regroup in Dustwallow Marsh. Anduin, Saurfang, Jaina, Thrall, the Horde champion Rexxar, Lor'themar, Mayla Highmountain, and Zekhan rally their remaining soldiers for one final stand against Sylvanas. Though Saurfang is hesitant, the Alliance king assures him that their fight isn't just to protect themselves, but also to protect Azeroth. The combined forces march upon the gates of Orgrimmar, the Horde capital. When they arrive, they are met with dozens of Forsaken guards ready to defend their queen. Saurfang calls out Sylvanas in a challenge of Mak'gora, a fight to the death for the leadership of the Horde. With Thrall's blessing and Anduin's legendary blade Shalamayne, Saurfang fights one on one against Sylvanas but is hopelessly outmatched. As she prepares to finish him, Sylvanas mocks the old soldier, claiming that all hope dies with him. Saurfang retorts that while she destroyed many things, she never destroyed hope. He manages to land a single blow before an enraged Sylvanas kills him with a blast of unknown dark magic. Before she escapes alone, she declares that she never truly cared for the Horde and saw them all as pawns to her own personal gains, losing the trust of her soldiers.

While a memorial is held in Saurfang's honor, Sylvanas regroups with her remaining loyalist champions at Windrunner Spire and prepares for her bargains with Azshara, N'Zoth, and Death to bear fruit.

## Visions of N'Zoth

As the Alliance and the Horde both prepare for N'Zoth's invasion, they agree to an armistice, officially bringing their war to an end. Tyrande, however, refuses to be satisfied until Sylvanas is dead, which worries Anduin and Shandris Feathermoon, despite Jaina's reassurance that she has the Kul Tiran fleet scouring the seas, and Shaw sending spies to every dark corner of Azeroth. Meanwhile, the Horde leaders agree to retire the title of Warchief in favor of a council filled with representatives of each Horde race. For his role in starting the war and for his continued black market dealings in Azerite, Jastor Gallywix is ousted as Trade Prince of the Bilgewater Cartel Goblins and replaced with Gazlowe of Ratchet.

Sometime later, Wrathion, grandson of Deathwing, arrives in Stormwind, offering to help against N'Zoth as an advisor. Despite his fury over how Wrathion began the chain of events that led to the Burning Legion's Third Invasion and subsequently Varian's death, Anduin agrees to accept his aid. Wrathion explains that N'zoth, after being freed during the battle against Azshara, has taken refuge in his otherworldly city Ny'alotha, corrupted Neltharion into Deathwing and now seeks to forcibly merge it and Azeroth in order to recreate the Black Empire. To stop him, Wrathion proposes to create a magical cloak for champions of the Horde and Alliance that will allow them to enter Ny'alotha and defeat N'Zoth without the risk of corruption. As the champions of the Alliance and Horde work to both complete the cloak and prepare for the final battle, N'Zoth's forces begin launching raids across Azeroth, seeking to bring all that they can under their master's thrall.

Eventually, the Alliance and Horde champions lay siege of Ny'alotha, defeating N'Zoth's mightiest servants before confronting the Old God himself. Despite a titanic battle, N'Zoth's corruption proves too powerful and is on the verge of taking full control over the Champions. However, at the last moment, Azeroth's Titan Soul herself intervenes and grants the champions a surge of power, allowing them to overcome N'Zoth's corruption and destroy him and Ny'alotha once and for all.

As Azeroth returns to a period of relative peace, in Icecrown, Bolvar realizes that the final battle against Sylvanas is close at hand, and so begins raising a new generation of Death Knights to serve as his vanguard against the Banshee Queen.

## Enter the Shadowlands

With her pieces in place, Sylvanas travels to Northrend and confronts the Lich King, Bolvar Fordragon, atop Icecrown Citadel. She easily disposes of the Scourge forces and takes charge against the Lich King. With her newfound dark magic, she binds him in chains and takes off the crown, claiming Fordragon to be unfit to wear it. Bolvar warns her that putting on the crown will imprison her forever, but she retorts that simply existing in this world is her prison. Instead of placing the crown on her head, she pulls it apart and snaps it in two, causing the sky to shatter above the Citadel, revealing a portal to the Shadowlands, the land of the dead.

## And last was Shadowlands

The story of Shadowlands serves as a direct continuation of the storyline of the previous expansion, Battle for Azeroth. After Sylvanas Windrunner murdered High Overlord Saurfang using otherworldly powers directly from the Shadowlands, she traveled to Icecrown Citadel and destroyed the Lich King's Helm of Domination, which ruptured the worlds of the living and of the dead. Shadowlands reveals that Sylvanas was committing crimes on Azeroth because she had made some sort of deal with the Jailer, ruler of The Maw, a zone of eternal damnation.

Azeroth leaders Thrall, Baine Bloodhoof, Jaina Proudmoore, and Anduin Wrynn are kidnapped by Sylvanas and imprisoned in Torghast, the maze-like Tower of the Damned within the Shadowlands, the realm of the dead. Heroes from Azeroth are tasked with finding a way to enter the Shadowlands by using the torn Helm of Domination as a portal. They succeed, but find themselves within the Maw and the Jailer's endless armies. Upon finding a waystone, champions escape the Maw and wind up in Oribos, the capital city of the Shadowlands, and home of the Arbiter, the judger of souls, who has mysteriously gone dormant, causing all souls to be sent straight into the Maw. In order to discover the cause of the disruption, stewards of the Arbiter send champions to the four realms of the Shadowlands to discover both the consequences and the possibilities of a remedy.

The heroes visit the four realms of the angel-like Bastion, the chaotic undead of Maldraxxus, the forests and fields of Ardenweald, and the vampiric demons of Revendreth to learn the ways of the denizens of each zone. Each realm is short on anima, the energy of souls, due to all souls being sent straight into the Maw, causing droughts and famines everywhere. It's in Revendreth where champions learn that their leader, Sire Denathrius, has been aligned with the Maw and feeding reservoirs of anima into it. Rebels within Revendreth team up with Azeroth heroes to snuff out and put an end to Denathrius's regime. All the while, Baine, Thrall, and Jaina are recovered from Torghast thanks to the insight of former Lich King Bolvar Fordragon, but Anduin is kept hidden in secret.

## Chains of Domination

Growing short on time and patience upon losing Denathrius as a pawn, Sylvanas and the Jailer force Anduin to become an agent of the Maw. The Jailer's next target is shown to be sigils held by the rulers of each realm after he sends Anduin to attack the Archon, ruler of Bastion, and claims her sigil. At the same time, he targets the hidden realm of Korthia, where it's believed the missing Maldraxxi leader Primus hid his sigil, and chains the landscape to Torghast so his minions can begin their search. During an invasion of Ardenweald, the Jailer uses Anduin again to claim the sigil of the Winter Queen, ruler of the realm. During the ordeal, Tyrande Whisperwind appears and attacks Sylvanas for what she did to Teldrassil. As she goes in for the kill, the powers of Elune's Night Warrior fade away, allowing Sylvanas to escape, but not before sowing doubt in the Banshee Queen's mind about trusting the Jailer since she was unaware of the death of Nathanos Blightcaller, who Tyrande killed before entering the Shadowlands.

With the retrieval of the 4 covenant sigils, Revendreth's being handed over earlier by Denathrius and the Malraxxi sigil taken from the recently discovered Primus in Torghast, the Jailer prepares to attack Oribos to claim the dormant Arbiter's sigil, the final key. Azeroth's champions band together with Jaina, Thrall, and Bolvar to stop the invasion by breaching the Jailer's personal fortress, the Sanctum of Domination. The incursion ends for naught as the Jailer successfully acquires the Arbiter's sigil, transforming himself into an armored behemoth. His plan in full motion, the Jailer reveals his goal of forging his own reality where all serve him, going against Sylvanas's previous desire of breaking the unfair cycle of death. Recalling Arthas Menethil's previous demand for her to serve during the Third War, Sylvanas cuts ties with the Jailer, denouncing any servitude. For her aid in his cause, however, the Jailer "rewards" Sylvanas with her soul that was taken by Arthas's mourneblade. This causes her to pass out, while at the mercy of Azeroth's leaders, as the Jailer and Anduin escape.

It was EPIC!

Hokuto: You really are an expert.

Me: Lola has been playing these games for a long time.

Lola: Not bad for a 6 year old girl huh?

Nico: That is really cool huh?

Lola: It sure is. And it was thanks to Wrath of The Lich King and Cataclysm that we got amazing battles with Arthas and Deathwing.

Sunset Shimmer: That is so awesome.

Nico: It sure is.

G1 Vortex: Can I play with you, Lola?

Lola: Sure! It's multi-player.

G1 Vortex: Awesome!

Vortex got to playing and he was having fun.

Me: I think I'll give it a shot myself.

I went onto the computer and got to playing and it was AWESOME! It was an amazing series of adventures.

Warrior Lady of The Wasteland: Wow go J.D.! Tear the Lich King apart!

Me: Oh I'm going at him!

Fordring: THE LICH KING!

Me and Fordring: MUST! FALL!

(REQUIEM FOR A DREAM PLAYS)

We were blasting him all over left and right and making sure that he suffered! WE DEFEATED THE LICH KING!

Warrior Lady of The Wasteland: TAKE THAT!

Me: YEAH!

Punch: I wonder if we'll run into any other enemies from this game.

Me: That would be really awesome if we did.

Nico: And with all the adventures we have been on we'll probably face them someday.

Eli: That was amazing though! Looks like we have amazing World Of Warcraft masters now.

Laney: We sure do.

* * *

Later we were getting ready for our next mission.

Tussle Sprout: J.D., it's your turn to lead today.

Me: Yep I know. And I got just the mission for us. I have been getting reports that a new fast food restaurant has come and it is making people really sick.

Nico: What is this restaurant?

Carol: I hope it's not like the one that gave me food poisoning.

Maria: No we don't want to go through that again.

Me: It's a restaurant called Wonder Fun Meat World.

Chiro: Oh no! I know that restaurant.

Eli: What can you tell us about it?

Chiro: It's not pretty.

He told us all about it and it was not pretty

Me: Whoa man. So we're dealing with a restaurant from outer space.

Then Vypra, Dark Spicer, Number 7, Lord Drakkon, Zs'Skayr, Professor Calamitous, Vanitas, Electro, Myotismon and Baron Mordo appeared.

Number 7: Can me, Vypra, Dark Spicer, Lord Drakkon, Zs'Skayr, Professor Calamitous, Vanitas, Electro, Myotismon and Baron Mordo go with you all?

Me: You sure can. Lets head on out.

We were off to the Wonder Fun Meat World. It was located on the north side of the city.

We arrived and we were hiding in the bushes and trees by it.

Me: There it is.

Hook: One of us needs to go in that place and investigate it.

Nico: This is gonna be dangerous.

Laney: Yep.

Zs'Skayr: I'll go inside while invisible.

Me: Okay. Be careful.

Zs'Skayr went invisible and went in and he was looking around. The restaurant looked like a normal every day restaurant even though it was all just a front. Inside, what he found was a shocking sight! He saw CLOGGY COLON CREATURE and he was fattening up people for him to EAT! YUCK!

---

The character first takes the appearance of a box of food like you get at a restaurant, and has three friends, a cola cup, a box of fries, and a cone of meat on a stick, which all three mutate into strange creatures when hit with a vegetable drink. Vegetables is the only weakness of the Cloggy colon creature and it burns his skin when he is touched by it. When he is found out that he eats humans, he turns into his true form, being a purple blob that resembles an actual colon.

---

He was shocked! He went back to us.

Zs'Skayr: I'm afraid it's really worse than we thought!

Me: What is it Zs'Skayr?

He told us what was going on and we gasped in shock!

Me: Oh barf!

Blaster Tron: Scanning food for any peculiar substances.

Blaster Tron scanned it and the meat was full of super meat that was making people fatter and sick and poisoned and more.

Blaster Tron: Peculiar Substances detected. Food is full of 500% super fat and beef is made of steak laced with super fat designed to fatten up human stomachs to 250% fat and overweight.

We gasped.

Calamitous: We need to get one of the food to create an antidote for anyone who already ate it.

Me: Good idea professor. Chiro how did you defeat this guy before?

Chiro: We used vegetables to defeat him.

Me: Right the opposite of meat is vegetables.

Jared: Now you are speaking my language. (Eats Celery) And I am more in that department.

Laney: This is gonna be awesome.

Strike Man: So, who wants to volunteer to get the food?

Me: Hmm.

Laney: I'll make some.

Laney used her plant powers and made lots of vegetables and fruits.

Me: Perfect!

Rock Lee: And I got the best thing to help us beat that monster!

He pulled out dishes and in them was glowing neon red curry.

Rock Lee: This is the Curry of Life!

---

The Curry of Life (命のカレー, Inochi no Karē) is a curry created by Karashi prior to joining Raiga and the Kurosuki family. Because of its intense spiciness, the curry of life has special properties that can revive an unconscious or dying person. It can also strengthen a person after it is eaten a few times. However, it seems to have opposite effects on people that have lower tolerance with spicy food, such as Neji Hyūga, and knocks them unconscious. It is especially liked by Rock Lee, who claims that he had once been "saved" by the curry before. After accidentally spilling some alcohol in the curry and serving it to the team, Lee ate it and he started to perform the Drunken Fist. At the end, Sanshō made a curry so intense that the colour changed to red. Lee attempts to eat it, but was interrupted by Neji and Naruto as they dragged him back to Konoha.

Me: Whoa I remember this stuff! I remember in 150,000 years that it blew Neji, Tenten and Naruto's heads off in a massive vortex of fire.

Nico: Whoa that must be lethal curry.

Eli: Yeah. I'll have some.

Baron Mordo: I can always use my magic to get one of the food in there without the Colon even realizing it's gone.

Eli: Good idea.

Baron Mordo used his magic and brought a burger over and we analyzed it.

Quake Woman: Let's get back to the Estate and analyze this.

Me: Right and then we can have some of our food.

Nico: Good idea.

We teleported back to the estate.

Calamitous: It'll take me an hour for me and Lisa to analyze this burger. So, find something to do while waiting.

Vanitas: Sure thing.

Qin: Me and Jen need to talk to Nico about something anyway.

Me: Uh oh. Let me guess, what Adrena Lynn said on the oil rig.

Qin: Yep.

Jen: Nice perception J.D.

Me: Thanks. We'll go get some grub while you talk.

I went to the table and I was having 20 Ulti-Meatum Burgers and a lot of Curry of Life and Timon, Pumbaa and Lana were having bug dishes.

Eli was having the same thing as me and so was Allie and Lola Namiko and Nora Venice.

Threatpack: What do you 2 want to talk to Nico about?

Qin: Nico, tell us the truth. Do you really find me and Jen attractive as humans?

Nico: (sighs) Of course I do. But I don't love you two romantically. The both of you know that my heart belongs to May.

Qin: Oh. I'm glad you think that.

Jen: That's very flattering but thanks Nico.

Qin: And I love you like a brother Nico.

Jen: Same with me.

RD Carol: That is really awesome that you think that about Nico girls.

Qin: Thanks Carol.

Star Strike: I think it's really amazing.

Vypra: Well, I hope the both of you find boyfriends one day.

Qin: Well I think I already have one in mind.

Nico: Who is it?

Qin was looking at me while I was eating the Curry of Life.

Nico: Aww.

Vypra: That is so awesome.

Luminous: Looks like Qin has shed some light of love on J.D.

Blast Off: What about you, Jen?

Jen: Still thinking on that.

Nico: Well there are still plenty of other fish in the sea. Metaphorically speaking.

Jen: That's true.

Princess Luna: Yes that is true.

Nightshade: Indeed. It's amazing how there are plenty of people out there to find for love.

Prizma: It sure is.

Calamitous came back with the results.

Venom: Are you both done analyzing that burger?

Professor Calamitous: We just got the results.

We were shown the results and it was everything like Blaster Tron said.

Nico: Whoa! This is bad.

BBBBBBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUURRR

Me: Oops! Pardon me.

Timon: We're stuffed.

Pumbaa: Boy we sure are.

Lana: Yeah.

Me: That was a good meal.

Eli: It sure was bro. The Curry of Life is a really good Curry.

Nico: Glad you liked it. Here are the results.

I looked at them and saw that everything Blaster Tron said was true.

Electro: Did you guys make an antidote?

Chiro: We already know what the Antidote is and that is fruit and vegetables.

Jared: That's right.

Chiro: Fruit and vegetables are Cloggy Colon Creature's weakness as we have seen from when the people threw at him.

Laney: Very clever.

Poison Ivy: Now, what do you guys say we storm that resutaurant?

Killer Frost: This is gonna be awesome.

Me: We're not gonna let that meathead colon freak get away with this. Come on guys! (Eyes glow red) It's time for vegetables to take over the menu!

We were off to the Wonder Fun Meat World.

We went and busted in.

Sparx: You so called food mascots aren't fooling us this time!

Lea: Yeah! We can see through your sickeningly sweet disguises!

Me: Like this!

I squeezed a beet and squirted them and revealed their true forms and they were MEAT MONSTERS!

Laney: Freaks of meat!

Lola: Lets see how they like this!

Lola fired a massive blast of fire and incinerated the meat creatures into ash.

Myotismon: Chiro, in case the Colon gets big, maybe you guys can bust out the Super Robot.

Chiro: Good thinking.

Me: We're not going to let that monster get big this time. He gave Chiro and his team a really hard time.

Eli: Yep. Lets see how they like this1

Eli fired a massive blast of Force Lightning and electrocuted the meat creatures and incinerated them all over.

Drakkon: Time for our entrance!

Me: You don't have to tell me twice!

We went for the back of the restaurant.

Cloggy Colon Creature was enraged!

Suddenly…

Elemental creatures of the spirits of the founders of the Masters of Evil appeared and they converged and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then we came out!

Me: Okay you living sausage freak! You are going to be cooked by the sun!

Cloggy Colon Creature: Team Loud Phoenix Storm!?

Me: That's right! Your worst nightmare! You can use your restaurant for giving food and making people happy. But when you use a restaurant to make people fat and make them YOUR food, THAT'S WHERE WE DRAW THE LINE!

Timon: Yeah you overgrown mook!

Dark turned into Rock Eat.

Rock Eat: You want to eat stuff? Two can play at that game! (eats some of the ground)

He fired energy blasts at Cloggy Colon Creature and they hit him all over and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: I got it! Timon, Pumbaa you still got some of that incredibly hot bug chili you made?

Timon: Way ahead of you J.D.

They pulled out a container with a radiation sign and a skull and crossbones on it and opened it and in it was really INTENSLY SPICY BUG CHILI!

Me: Good thing Chief Wiggum gave me some of these.

I pulled out a glowing neon blue jar full of THE APOCALYPTIC PEPPERS OF SAN PEDRO SULA!

Everyone gasped in shock!

Nico: HE WOULDN'T!

I poured in the whole jar of the chilis.

Nico: HE WOULD!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

MALEVOLENT LAUGHTER!

The chili exploded and a malevolent laughing smoke cloud with evil red eyes came out of it! I then ate the whole pot of chili and it was tasty.

Nico: UH OH! HIT THE DIRT!

Everyone then ducked and covered and then I pointed my butt at the Cloggy Colon Creature and then…

MASSIVE EXPLOSIVE KRAFART!

I fired a massive explosive blast of blue fire from my butt and it hit

Cloggy Colon Creature and burned him all over as he screamed in excruciating pain!

He was knocked down.

Then Kaos, Vreedle Brothers, Carmen Dillo, Duff Killigan, El Oso, INSTIGATOR, Tchang Zu, Dr. Starline, King of Flan, Vexen, Firefly and Bane came.

Me: Kaos, Vreedle Brothers, Carmen Dillo, Duff Killigan, El Oso, INSTIGATOR, Tchang Zu, Dr. Starline, King of Flan, Vexen, Firefly and Bane.

William: I'm guessing that Elements of Archenemy Harmony is the theme of you guys.

Kaos: Of course it is.

Firefly: Me, Vexen, and Bane are here to put the emphasis on the Elements part.

Me: I see.

Bane: I represent Earth since I have super strength.

Me: Cool!

Octagon: (to me) Heard you took down Jabba the Hutt.

Me: Yep we sure did.

Duff Killigan: (Scottish Accent) I bet he was THAT easy to kill.

Me: He was.

Duff Killigan: We also have a new recruit for you all to meet.

A figure came out and it was HADES BEAST SPECTER from episode 10 of Magiranger!

---

While High Zobil intended to have Specter possess a human it captured, the Magirangers' interference resulted the Specter possessing Petit Eriko, a cactus given to Makito by Eriko Ikeda, a woman he was in love with. In spite of a different host, Specter uses Petit Eriko to try to eat humans before MagiKing managed to extract the Specter out of Petit Eriko and destroy it, restoring the cactus to normal.

---

Eli: Hades Beast Specter! I remember you! You were sent to possess a human but you ended up possessing a cactus named Petit Eriko.

Hades Beast Specter: That's right. Good memory on you Eli. You're as sharp as J.D.

Eli: Yep.

Hades Beast Specter: I know it's not my turn but I actually have already chosen an archenemy and it's Princess Luna.

Princess Luna: I'm honored.

?: That is cool.

A figure came out and it was BULLDOZERTRON from episode 9 of Season 2 of Beast Morphers!

---

In light of Mayor Daniels being revealed as Evox, Commander Shaw began to drain the Morph-X out of all the towers to return it to the Morphin Grid. Realizing that without the Morph-X they would be unable to create Robotrons or send Gigadrones, Scrozzle's computer intercepted the transmission so Evox had Robo-Blaze and Robo-Roxy go to Earth to get whatever was left. They then created Bulldozertron out of a bulldozer to attack Morph-X Tankers and commandeer them so that Blaze and Roxy could get access and then use their Morphers to teleport them and the fuel to the Crystal Dimension. He was first seen attacking a convoy of SUVs and a Tanker, scaring off the drivers. However, the Rangers arrived morphed before going into battle against him. They summoned their

Beast-X Cannons and Striker Morphers and unleashed a combination of the Beast-X Cannon Blast and Striker Beast Blast. However, Bulldozertron survived it without a scatch so they went into battle with their Beast-X Sabers and Striker Sabers but he was easily a match for them. Robo-Blaze and Robo-Roxy then arrived with some Tronics to steal the Morph-X from the tanker so Nate and Steel had to separate from the others to deal with this threat. Although the two were easily overwhelmed, the main three Rangers summoned their Beast-X Visors and activated Beast-X Mode. They charged and overwhelmed his bulldozer arms with a massive triple punch before Ravi had to assist Nate and Steel in the battle against Robo-Roxy and Robo-Blaze's army. Although one man down, Zoey and Devon finished off Bulldozertron with a combination of the Beast-X Cheetah Charge and Jackrabbit Spin Strike.

---

Zoey Reeves: Bulldozertron!

Bulldozertron: Good to see you again rangers.

Me: I remember you! You were sent to attack the Morph-X tankers and steal them so that they would be teleported to the Crystal Dimension.

Bulldozertron: That's right J.D. Good memory on you.

Me: Never missed an episode.

Vypra: (to BulldozerTron) If you want, I can give you a bulldozer vehicle form.

BulldozerTron: I'd like that, Mistress Vypra. And speaking of vehicle form, you should send ambassadors in the future to two more worlds with Cybertronians.

William: What worlds are they?

BulldozerTron: Don't want to spoil the surprise.

Me: I can't wait to hear what they are.

We got the usual battles underway.

Apple Bloom: What he does is absolutely horrible.

Frozen Fright: Me and my brothers can sympathize with him because through past experiences we know how he thinks and acts.

Octagon: How so?

Frozen Fright: Before me and my brothers joined the Masters of Evil we were known as the Fearsome 5. We were a big bunch of criminals that did a lot of stuff in Equestria. We did it all: Vandalism, Arson, robberies, everything but the really worst crimes.

Rhomboid: That is crazy! I can see why.

Apple Fritter: That is crazy if I do say so myself.

CLANG!

Our jaws dropped to the floor when Princess Celestia said that, and she even used the Canterlot Voice, just like Princess Luna who gave her nasty reprimanding to Alejandro yesterday when he orchestrated that riot at the Jupiter Prison, and the reprimanding was so vicious, it caused Anna Maria's spray-tan on her skin to melt off. Ice: (Norwegian Accent) Yeah he sure is.

Estella: (Norwegian Accent) Yeah you aren't kidding there sis.

Frozen: It sure was.

Mizore: No kidding.

Vexen: That is something. Lets do it!

They fired waves of ice and smashed him down.

Lana: OH YEAH!

Firefly was next.

Firefly: (to Lola) You really are the best at World of Warcraft. Think you can teach me how to play sometime?

Lola: I would be honored. It's so much fun to play.

Sam S.L.: Boy it sure is. And Lola got J.D. to play it too.

Suzi: He sure did.

Tara: I thought it was amazing myself.

Nuova Shenron: Most enjoyable.

Jean Grey: It sure was.

Firefly: That is really amazing. Lola you are one talented girl. Lets do it!

They fired waves of fire and smashed him down.

Lola: OH YEAH! That was great!

## Beast Morpher Rangers, Megaforce Rangers, Nico, Eli, Misty Tredwell and Tara VS Bulldozertron

Bulldozertron was next.

Nico: This is gonna be awesome!

Nico Teleported and opened his safe and in it was a bunch of swords called the Defenders of X Middle School, they're large swords with the X Middle School Safety Patrol symbol etched on the 6'5" massive, wide, double-edged blades, large angel wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico: Awesome.

Nico teleported back.

Beast Morpher Rangers: IT'S MORPHIN TIME! ACTIVATE BEAST POWER!

They transformed!

Beast Morpher Rangers: UNLEASH THE BEAST!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Devon Daniels: Virus Eliminated!

Nico: Bulldozertron you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win!

We regrouped.

?: (Echoing Demonic Voice) **You've ruined my plans for the last time, Dhampir.**

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around

Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Rayne: Aw, sad that we've ruined your plans to ambush us from the shadows, Ephemera.

A dark figure came out of the shadows, and it was none other than Ephemera, a dangerous vampire with power over the shadows and Kagan's second daughter, who's just as twisted and evil as her evil father.

Ephemera: **There's no doubt in my mind you were the ones who killed Ferill yesterday and my father the day you went after Mechanikat.**

Rayne: Kagan deserved everything that was coming because of what he did to my mother and to my mother's family, Ephemera.

Lincoln: And Ferill got what she deserved, as well, for her crimes against mankind.

Streaky the Supercat: And now, that you're finally here, Ephemera, it's time for you to die.

Suddenly, Streaky's eyes turned yellow, as the 6'10" tall and extremely muscular anthropomorphic Supercat was surrounded by an orange energy aura with yellow lightning bolts and lightning crashed down from the heavens, he unholstered his massive Defender of Metropolis sword from his wider and muscular back, and as he approached Ephemera, he left orange energy, yellow lightning bolts, and yellow suns with every step.

Streaky the Supercat: You're nothing but a dirty girl who plays by dirty rules, Ephemera. Just like your twisted father and your other siblings, you have caused nothing but pain and suffering in your wake, and now, I will make sure that you join Kagan and Ferill in Oblivion for all eternity!

Then, Streaky was surrounded by a massive vortex of orange energy with yellow lightning bolts and the Sun surrounding the vortex and lightning crashing down from the heavens, there was an image of Streaky flying around the vortex, and inside the vortex is a yellow phoenix. Then, as the vortex faded away, Streaky emerged, but he was changed forever.

The 6'10" tall and extremely muscular anthropomorphic cat remained the same, but he now has yellow eyes and an orange energy aura with yellow lightning bolts and yellow fire surrounding him, Streaky has a yellow phoenix with Superman emblem emblazoned on his forehead, Streaky now has a full head of orange hair that went down to his neck, his light blue choker with lightning bolt cat tag for his neck remained the same, along with his large Superman-themed angel wings, his Bracelets of the Champions of The Universe with red gems on his wrists, Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and Eater of Sins revolver holstered on his left hip. Streaky now has on a necklace with a cat holding the Thunder Kanji in its paws for the pendant, his light blue shirt with gold lightning bolts now has a gold phoenix on it, his blue pants have gold lightning bolts on the legs, and his large black leather ankle-high combat boots have gold lightning bolts on them. Streaky also has on a long-sleeved long blue trenchcoat with yellow flames and gold lightning bolts on the long blue coattails and on the back is the Superman emblem and there's a gold kanji below the emblem that said, "Streaky the Supercat, Brave Feline Defender of Metropolis, Best Friend of Krypto, Kevin Whitney, Superman, and Andrea Sussman, Member of The Dog Star Squad, Slayer of Evil, Destroyer of Mechanikat, and Master of Lightning and Yellow Flames."

ストリーキースーパーキャット、メトロポリスの勇敢な猫の擁護者、クリプトの親友、ケビンホイットニー、スーパーマン、アンドレアサスマン、犬の星の分隊のメンバー、悪の殺し屋、メカニカの破壊者、そして稲妻と黄色の炎のマスター

Streaky the Supercat has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL LIGHTNINGSTORM FELINE ANGEL OF BRAVERY AND HOPE!

We were amazed by Streaky's Super Angel 750,000,000,000 transformation, but when Ephemera saw it, on the outside she was calm, but inside, she was filled with rage.

Me: Wow, Streaky's transformed.

Nico: But, there's not a look of rage in Ephemera's face. But, she is filled with rage on the inside.

Streaky: (Divine Echoing Cosmic Voice of The Thunderstorm and Hope) **But, like Rayne said, I'm not to underestimate Ephemera. Alright, Ephemera, you ready to end this?**

Ephemera: **Very ready, but you should be warned: I'm quite sly.**

Ephemera had made five shadow portals, and as Streaky found out from Rayne, Ephemera doesn't need blood to regenerate her wounds, she can create shadow portals to regenerate.

BLOODRAYNE 2 OST: EPHEMERA

Streaky made five clones of himself, and while the real Streaky is holding off Ephemera, his clones went off to destroy the shadow portals Ephemera made. The clones fired powerful blasts of orange energy, and they destroyed the portals, which means Ephemera can't be able to regenerate from any wounds Streaky will inflict on her.

Streaky: (Smirks) **Your shadow portals are all gone, Ephemera, and now, your time is finally up.**

Streaky went after Ephemera, and he fired powerful blasts of orange energy, gold lightning bolts, and yellow fire at Ephemera, and they exploded with incredible power. Streaky also dodged the shadow stars fired by Ephemera, and he slashed at her with his massive Defender of Metropolis sword, and it cut deep into her. Then, Streaky fired a red laser blast from his eyes, and it hit Ephemera, and that'd surprised us, even Krypto.

Krypto: Whoa, now that was awesome!

Streaky: **And now, this is the end for you, Ephemera. SWORDS OF REVEALING LIGHT!**

Streaky summoned the Swords of Revealing Light, and fired them at Ephemera, which hit and pierced her through, and when the final Sword of Revealing Light pierced Ephemera's black heart, it reduced her to ashes, and her spirit was Super Hakaied forever.

Streaky: **Yeah, that stings, doesn't it? Rest in Hell, Ephemera.**

We cheered for what Streaky did as he holstered his massive Defender of Metropolis sword on his wider and muscular back and powered down, and the new improvements to his attire were permanent, and he returned to us.

Me: Wow, Streaky, that was so awesome!

Nico: You said it, J.D., Streaky took down Ephemera once and for all.

Streaky: Thanks, guys, and now, tomorrow, Kevin's going to transform and fight against the mad scientist of the Kagan family tree, Xerx Mephistopheles.

Kevin Whitney: That's right.

Suddenly, we saw that the suns that Streaky created above our heads had disappeared, it appears the suns above our heads disappeared after he'd gotten rid of Ephemera, along with her ninjas and Shadow Legion. Then, we set our sights on the Cloggy Colon Creature.

Me: It's over for you Cloggy Colon Creature!

Troy: Chiro, get the Super Robot ready!

Chiro: You got it!

He and the Super Robot Monkey Team Hyper Force went to the robot.

Megaforce Rangers: LEGENDARY RANGER MODE! ROYAL FLUSH SQUAD!

The Megaforce Rangers turned into the J.A.K.Q. Rangers!

We fired waves of fire and energy and elements and blasted him all over the place.

Deenha, Lore, Najarin, and Lysone blasted him all over the place.

G1 Vortex, Starlight Glimmer, Hokuto and Punch used the Earth and Equestria Cyber Planet Keys and they enhanced Vortex's Glue Gun, Starlight Glimmer and Hokuto's powers and Punch's Photon Cannon 100-fold.

G1 Vortex and Starlight Glimmer: UNDEAD BONE GLUE STORM!

Hokuto and Punch: STAR PHOTON MEGABLAST!

Lincoln and his harem: FRUIT AND VEGETABLE FINAL SMASH: NUTRITIONAL MEGA SALAD BOMB!

They fired a massive salad bomb of fruits and vegetables at Cloggy Colon Creature which explode on contact!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion obliterated him in an instant.

The Super Robot came and we got out and the robot picked up the restaurant I opened a portal to the sun and he threw the entire restaurant into the sun where it was obliterated in an instant!

Nico: Good riddance.

Nicole K.: Yeah.

Chiro: That thing will never poison people with his food again!

INSTIGATOR: No, he won't.

Carmen Dillo: We'll still be with restaurants not run by scumbags, thank you very much!

El Oso: Like Lynn's Table, Nergal's Pizza, Burger King, and McDonald's!

Tchang Zu: Now we need to help cure the people poisoned by that asshole.

Vexen: I can help with that.

Me: We got a lot of work to do. But great job everyone.

Chiro: (To the viewers) This was a funny adventure. Now we've seen the last of Cloggy Colon Creature and his evil human-eating restaurant.

Me: Yep. Lets go home and get to work on an antidote.

We did so and we got to work and then we got everyone cured in under an hour. We then went to sleep after a big day.

THE END

---

Another awesome chapter done.

The Cloggy Colon Creature on Super Robot Monkey Team Hyper Force Go was one of the freakiest episodes I've seen. I will never be looking at meat the same again. It was crazy. The first part was for the Star Wars universe and we went to the planet Coruscant to see what it was like. I thought it was amazing how a planet can be a huge city. The second part was for Domino City from Yu-Gi-Oh and that was so cool. Bandit Keith will hopefully never get out again. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. This was awesome. The next rescue for me is gonna be on Cloud City, floating in the skies of the planet Bespin and we're going to see more of what the very sight where Luke Skywalker battled Darth Vader was like and we're going to meet a Viola Gene-Slammer named Dina Neurenberg who lived in Belgium and we're going to also meet an Aromage Rosemary. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Sophia Rafnkelsdóttir and Leana McDougal the Pheromosa Gene-Slammer are gonna go there and Sophia is gonna transform there too. I'll need the transformation sequence for that as early as possible. The next rescue for Lincoln is gonna be on the planet Felucia and we're going to see what that world is like as well as destroy Son from Star Wars Clone Wars and make that monster pay for turning Ahsoka to the Dark Side of the Force temporarily. Also Spitfire is gonna transform in that rescue. Get ready for an awesome adrenaline rush as we go on an amazing race through Halloween Town and we're going to have an awesome battle race as well. We're going to face Lok, Shock & Barrel as well as Captain Frightbeard!

See you all tomorrow

# RACE AROUND HALLOWEEN TOWN

HAPPY DAY 6 OF HANUKKAH

---

On the planet Bespin, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Sophia Rafnkelsdóttir and Leana McDougal the Pheromosa Gene-Slammer were there to visit Cloud City.

Leana McDougal: So this is Cloud City?

Me: Yep and it's floating right above the clouds of planet Bespin.

Nicole Chan: Wow! The clouds go on forever!

Eli: Boy they sure do.

Sophia: (Icelandic Accent) Wow! The view of the clouds is amazing!

Erica: Boy it sure is! Nico is missing so much on this.

Missy: It sure is and this is also the very spot where Luke lost his arm and Darth Vader revealed himself to be Luke Skywalker's dad alive and well.

Eli: That still shocked me to the core! I will never forget learning about that!

Me: That was a REALLY SHOCKING revelation. Even after 41 years since 1980.

Nora Venice: No kidding. That was really amazing though.

Leana McDougal: I'll never forget seeing that on TV. That was unbelievable.

Leana concentrated and groaned as her hair fell out.

Me: If we encounter Darth Vader here, I want to have my shot at him.

Eli: You can win against him bro.

Leana turned into PHEROMOSA!

Simone: Yeah! But that would be a REALLY awesome fight.

Maria: Let's take a look around.

We got to looking around Cloud City and it was breathtaking.

---

Cloud City was a tibanna gas mining colony floating in the clouds of the planet Bespin, located in the Anoat sector of the Outer Rim Territories. Under the auspices of Baron Administrator Lando Calrissian, the city attempted to avoid unwanted Imperial attention. Eventually, Imperial forces occupied the station and installed a garrison. However, after the Emperor's apparent death, the Imperial Garrison was abandoned during the Iron Blockade, and the planet was soon liberated.

---

We were really amazed about Cloud City and how advanced it was and how it mines Tibanna Gas from the clouds of the planet.

Me: Wow. Now I see why the Empire used this place as a trap for everyone.

Miranda: Lets not forget that they froze Han Solo here in Carbonite.

Me: I'll never forget seeing that. That was intense.

Nicole Chan: It sure was.

We walked around and it was amazing.

Maria: Now I know why it's called Cloud City.

Me: Yep.

Gina Pele: It sure is amazing.

But then I heard familiar breathing.

Me: Uh oh. I know that breathing anywhere.

I turned and we saw DARTH VADER!

Darth Vader: The Force is with you Young Knudson.

Me: I am always with the Force.

I ignited my lightsaber and Darth Vader ignited his lightsaber.

I went up to him and we clashed.

Maria: (gets an idea) Hey, Vader. Your shoes are untied!

Darth Vader: I would not fall for that.

Me: Then how about this?

I fired Force Lightning and it hit Darth Vader and smashed him down.

I went up to him and grabbed his lightsaber and pinned him with the blades in an X form at his neck.

Me: Darth Vader, we know who you really are. You are Anakin Skywalker, This is not what Obi Wan would have wanted you to become. Palpatine is dead now. We made sure nothing of him remained after a previous encounter.

Maria: Before you say anything else, have you seen two girls around here? Any two girls?

?: You mean us?

We saw a Viola and an Aromage Rosemary.

Me: A Zebesian Viola and an Aromage Rosemary.

Aromage Rosemary: Looks like the fun has started.

Viola: (Dutch Accent) Ja. It sure has.

Me: You're a Viola Gene-Slammer.

Viola: My name is Dina Neurenberg.

Warrior Lady of The Wasteland: Are you related to Kida?

Viola: Ja. She's my sister.

Maria: Wow! She is also a Multiviola Gene-Slammer.

Sophia: (Icelandic Accent) We're going to make you listen to reason.

Suddenly, Sophia Rafnkelsdóttir's eyes turned ice blue, and she was surrounded by a blue energy aura with ice crystals and snowflakes, and as she approached the opponent, she left blue energy, ice crystals, and snowflakes with every step. Then, Sophia Rafnkelsdóttir was surrounded by a massive vortex of blue energy with ice crystals and snowflakes surrounding it, there was an ice blue dragon surrounding it, and in the vortex is a white phoenix. Then, as the vortex faded, Sophia Rafnkelsdóttir emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sophia Rafnkelsdóttir grew to 6'0" in height, she had the body of a goddess, she has marine blue highlights in the bangs of her long blue hair, she has large blue angel wings with blue tips on the large blue feathers, she has neon blue eyes and a blue energy aura with ice crystals and snowflakes surrounding her, she has an Ice Beetle emblazoned on her forehead, she has on Ice Beetle earrings with the Ice Kanji in its legs and a necklace with the Ice Beetle with the Ice Kanji in its legs for the pendant, she has on a sleeveless marine blue blouse with white phoenix on it, blue blouse with snowflakes on it, blue leather ankle-high combat boots, and a blue sleeveless trench coat with stars on the coattails and an Ice Beetle on the back of the trench coat. Sophia Rafnkelsdóttir has her new massive Sword of The DNA Spliceteam in her hand, and she has on her Bracelets of the Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip and lightsaber on her right hip. There's a white kanji below the Ice Beetle that said, "Sophia Rafnkelsdóttir, Preciomon Gene-Slammer, Master of Ice and Water, Slayer of Evil, Native of Iceland, and Defender of Iceland's History."

ソフィア・ラフンケルスドッティル プレシオモン遺伝子スラマー、氷と水のマスター、悪の殺し屋、アイスランドの原住民、そしてアイスランドの歴史の擁護者

Sophia Rafnkelsdóttir has transformed into SUPER ANGEL 750,000,000,000 ARCTIC ICELAND SNOWSTORM ANGEL OF HOPE AND JUSTICE!

We were amazed!

Nicole Chan: Wow! Sophia you look awesome!

Me: She transformed! Amazing!

Eli: Wow! Sophia how do you feel?

Sophia: (Divine Echoing Voice of Ice and Hope) I feel amazing Eli. This power is amazing. Now to show Anakin the error of his ways.

Sophia used her powers and showed Anakin what would happen if he continued down his path and the fate that would have come.

Later I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Leana and Dina were reverting back.

Leana: (regains her hair) J.D., I think Brittney should have her first Ambassador mission today.

Me: I agree with you there Leana. Good idea.

Dina: Brittney would love that. (Regains her legs and arms)

Nicole Chan: What do you do for a living Dina?

Dina: (Grunts) I'm a chocolate maker. I make all kinds of chocolates.

Nicole Chan: Oh boy! My kind of profession!

Dina and Leana were back to normal and were in their birthday suits and Maria gave them new clothes and they were amazing.

Dina: These clothes are amazing.

Maria: They sure are. I make them for all the Gene-Slammers whenever they need them.

Lola Namiko: They are amazing though.

Me: Yep. And cue Dina going into pain in 3… 2… 1…

Dina: (holds head in pain) It feels like I'm going to burst!

Simone: Reign in the power with the strength of your will Dina. We did it and so can you.

Dina concentrated and then she was emitting a blue fire aura and that showed that she was fully engrafted.

Dina: Amazing!

She had a neon blue glow around her and it looked like she was glowing like a glowstick.

Dina: Incredible!

Then a bunch of Stormtroopers came.

Trooper: Blast them!

Dina: Oh no you don't!

Dina fired a massive blast of blue energy and obliterated the Stormtroopers all in an instant!

Maria: Whoa! Awesome job!

Me: Looks like we now have a Darth Vader in the Masters of Evil now. This is gonna be interesting to see how he does in the usual battles.

Simone: That would be cool to see.

Miranda: It sure would.

Me: Lets head up to the Super Star Destroyer. We can use destroy the crew and use that ship as one of our own.

We raided the Executioner Class Super Star Destroyer and we got control of it and had it in our dock.

* * *

After our adventure in Cloud City, Lincoln, Me, Nico, Eli, Nicole, Captain Spitfire, Rainbow Dash, The Wonderbolts, Lynn Loud, Anakin Skywalker, Ahsoka Tano, and Noah Carver are heading to Planet Felucia, and not only is Lincoln going to rescue the ten girls there, but we're also going to see what that world was like, and destroy Son and make him pay for turning Ahsoka to the Dark Side of The Force temporarily.

* * *

**The Son** is one of the immortal Force-wielding beings known as the Ones, and serves as the embodiment of the dark side of the Force, born over a million years before the events of the series. He appears as the main antagonist of the Mortis arc in Season 3 of *Star Wars: The Clone Wars* .

He was voiced by Sam Witwer, who also voiced Galen Marek and Emperor Palpatine in *The Force Unleashed* games, and later voiced Darth Maul in *The Clone Wars* and *Rebels* series. Sam Witwer also portrayed Ben Lockwood in *Supergirl*, Mr. Hyde in *Once Upon a Time*, Doomsday in *Smallville*, and Neil Perry in *Dexter* .

The Son first appears when Anakin Skywalker, Obi-Wan Kenobi and Ahsoka Tano arrive on Mortis. They meet the Son, the Daughter and the Father, the latter of whom tells them about the Light Side and Dark Side of the Force. The Son, in an effort to take control of the Force, attempts to kill the Father using Force lightning. Merely subduing him, he proceeds to corrupt Ahsoka against Anakin and Obi-Wan, albeit temporarily. This was to attempt to get Anakin to join the dark side while he retried to kill the Father. Just as he is about to kill his Father, however, the Daughter sacrifices herself, thereby throwing the Force out of balance.

After this, he tries to directly get Anakin to turn to the dark side by showing him his future. This vision includes such events as Darth Sidious, Order 66, Padme's death, Obi-Wan dulling Vader, the destruction of Alderaan and Darth Vader. The Son then succeeds in corrupting Anakin. However, this was also temporary, as the Father purified him later. In a final confrontation between good and evil, the Father sacrificed himself, thereby robbing the Son of his immortality. Anakin uses this advantage to kill the Son once and for all. The dying Father told Anakin that he has brought balance to Mortis, and he would do it again for the galaxy, because Anakin was truly the Chosen One.

Everything that the Son showed Anakin on Mortis did ultimately come true as Anakin became Darth Vader and the Galactic Empire rose to power.

Years later, a painting of the Son, Daughter and Father was found on the Jedi Temple of Lothal by the Empire.

---

Lincoln: Wow, we're on the planet Felucia.

Me: Wow! So this is the planet Felucia.

Nico: It's amazing.

Lincoln: And I think I know what we're going to do here, not only am I going to rescue the ten girls there, but we're also going to see what that world was like, and destroy Son and make him pay for turning Ahsoka to the Dark Side of The Force temporarily.

Me: That's right, big guy. This is going to be awesome.

Nico: Same here. Plus, Son's going to pay for what he's done.

Anakin Skywalker: What he did in turning Ahsoka to the Dark Side of the Force temporarily was just heartless and cruel, he'll get what's coming to him.

Eli: You said it.

We explored Felucia, and it was quite a beautiful place.

Lincoln: Felucia is an amazing place.

Lincoln 2: You said it, Lincoln, but it's also hard to believe that this place has also felt the effects of the war against the Sith and the Dark Side of the Force, it's horrible.

Lincoln 3: You said it.

Lincoln: That's just how evil the Sith and the Dark Side of the Force really are, Lincoln 2 and Lincoln 3, they want to rule the universe with an iron fist and any who get in their way are destroyed. That's why the Jedi and the Galactic Republic, along with Team Loud Phoenix Storm, will not let them have their way.

Me: Well said, Linc.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, but they've been cornered by Son, and he's going to kill them in cold blood.

Lincoln: Guys, I found the ten girls, but they've been cornered by Son, and he's going to kill them in cold blood. Come on, let's go.

We rushed on over, and Lincoln fired a powerful Force blast, which knocked Son away, and when he saw us, his red eyes were filled with the dark hatred of those who turned to the Dark Side of the Force.

Spitfire: I've had it with this monster to last an eternity.

Suddenly, Spitfire's orange eyes had turned neon orange, and she was surrounded by an orange and yellow energy aura with fire, and as she approached Son, she left orange and yellow energy, fire, and soccer balls with every step.

Spitfire: Son, you will never be forgiven for your vile crimes against the entire galaxy, and for siding with the Sith and the Dark Side of the Force, you shall pay the ultimate price.

Then, Spitfire was surrounded by a massive vortex of yellow and orange energy with fire surrounding the vortex and flaming soccer balls, there was a Pegasus flying around the vortex and inside the vortex is a yellow phoenix. Then, as the vortex faded, Spitfire emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Spitfire grew to 6'0" in height, she had the body of a goddess, she had yellow highlights on the bangs of her long orange hair, she has neon orange eyes and an orange and yellow energy aura with flaming soccer balls and fire surrounding her, she has a Pegasus with flames surrounding her emblazoned on her forehead, she has on Pegasus earrings with the Fire Kanji in its hooves and a necklace with a Pegasus holding the Fire Kanji in its hooves for the necklace, she has on a sleeveless white shirt with an orange phoenix and flaming soccer ball on it, blue pants with her cutie mark on it, blue sneakers with flames on them, she has large orange angel wings with yellow tips on the large orange feathers, and a sleeveless blue trenchcoat with fire and flaming soccer balls on the coattails, and on the back is a Pegasus with flames and lightning bolts surrounding it. Spitfire has her massive Sword of The Knights of The Friendship Table in her hand, she has on her new Bracelets of The Champions of The Universe with orange gems on her wrists, Belt of Elemental Bravery with large orange gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's an orange kanji below the Pegasus that said, "Spitfire, Awesome Leader of The Wonderbolts, Brave Defender of Equestria and Cloudsdale, Slayer of Evil, Master of Fire and Sports, and Awesome Member of The Knights of The Friendship Table."

スピットファイア、ワンダーボルトの素晴らしいリーダー、エクエ

ストリアとクラウドスデールの勇敢な擁護者、悪のスレイヤー、火とスポーツのマスター、そして友情の騎士団の素晴らしいメンバー

Spitfire has transformed into SUPER ANGEL 750,000,000,000 ATHLETIC PEGASUS PHOENIX FIRESTORM SPORTS ANGEL OF JUSTICE AND HOPE!

We were amazed by Spitfire's Super Angel 750,000,000,000 transformation, including Rainbow Dash, The Wonderbolts, and Lynn Loud. But, when Son saw it, he fell into an even darker rage.

Rainbow Dash: Whoa, Captain Spitfire's transformed. That's so AWESOME!

Lynn Loud: You said it, Rainbow Dash, and it's made Son even more furious than ever.

Lincoln: Whoa, Spitfire, you look amazing. How do you feel?

Spitfire: (Divine Echoing Cosmic Voice of The Firestorm and Hope) **I feel incredible, Lincoln, and now, it's time for this monster to pay with his life.**

Me: You make me sick Son! You are a monster that gets a sick thrill out of causing pain and suffering! Now you are going to pay the ultimate price for your crimes just like when we killed your followers the Sith.

Son then exploded into a massive screaming fit of rage! Then I flared up my power and blew him back and we also transformed and unholstered our weapons, and we went after Son, and we blasted him with powerful blasts of rainbow energy, orange energy, fire, lava, water, and Force blasts, and they hit him with incredible power. Then, Spitfire and Lincoln drove their massive swords into Son's chest, and pierced him in his black heart, and he exploded in purple flame, killing him and his spirit was Super Hakaied for good. We holstered our weapons and powered down, and Spitfire's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Lincoln and Nicole went up to the ten girls there, and when Lincoln saw them, he recognized them. The ten girls were Najica Hiiragi and Lila from Najica Blitz Tactics, Yao Sakurakouji, Lu Amano, and

Kaken Masume from the Miami Guns Anime, Nakuru Narumi, Masamune Usami, and Kureha Sakamachi from Mayo Chiki, Popuko and Pipimi from Pop Team Epic.

Lincoln: Oh wow, it's Najica Hiiragi, Lila, Yao Sakurakouji, Lu Amano, Kaken Masume, Nakuru Narumi, Masamune Usami, Kureha Sakamachi, Popuko, and Pipimi.

Nicole: From Najica Blitz Tactics, the Miami Guns anime, Mayo Chiki, and Pop Team Epic, awesome.

Lincoln: Are you girls okay?

Najica Hiiragi: Yes, we're okay, thanks to you.

Then, when Najica Hiiragi and the other nine girls saw who it was that saved them from Son, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Najica Hiiragi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Najica Hiiragi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and we not only explored Felucia, but we got rid of Son, and that'd made another follower of The Sith and the Dark Side of the Force taken down for good in the name of The Galactic Republic and Team Loud Phoenix Storm.

After getting rid of Son for his evil crimes, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world that Utena Tenjou, Anthy Himemiya, Juri Arisugawa, Kozue Kaoru, and Wakaba Shinohara has merged with ours.

Lincoln: Wow, Utena, Anthy, Juri, Kozue, and Wakabe, your world has now merged with ours.

Utena Tenjou: It looks like it, Linky.

Lincoln: We should go and explore Ohtori Academy, it's located in Osaka, Japan.

Me: Great idea, and we had also got word that some of the thugs that help Xerx Mephistopheles are heading there now. It looks like Xerx is wanting revenge on us for what we did to Kagan, Ferill, and Ephemera.

Rayne: Sheesh, Xerx just doesn't know when to take a hint.

We headed for Osaka, Japan, and we arrived at Ohtori Academy. We then met up with Utena, Anthy, Juri, Kozue, and Wakabe's friends, and they were excited to see them again, and they were excited to meet us as soon as they saw us. They also got the news from the girls that they're now engaged to Lincoln, and they offered their congratulations to them, and they know that Lincoln will take good care of them.

Ruka Tsuchiya: And we have some bad news: an army of thugs are heading this way to cause havoc here in the academy.

Lincoln: That's whom we're going to fight, Ruka. Those thugs are the minions of Xerx Mephistopheles, a vampire mad scientist who's also the son of the Vampire Overlord, Kagan, whom me and my other future wife, Rayne, had killed two days ago in Metropolis.

Rayne: Lincoln's right, after we killed Kagan, word of his death was spread to his four children, Ferill, Ephemera, Xerx, and Zerenski, who are the four leading members of The Cult of Kagan, and they all wanted revenge on us.

Krypto: We've already taken down Ferill and Ephemera, and now, Xerx is next.

Akio Ohtori: This is indeed serious, I've also heard of Kagan and his four children, and they're indeed the most dangerous vampires in all of Europe and the world.

Nico: Uh oh, guys, the thugs are here.

We saw the army of thugs sent by Xerx Mephistopheles to attack. We got out there, unholstered our weapons, and we then went right at them. We were pummeling them and slashing at them with our swords. Lincoln, Rayne, Utena Tenjou, Anthy Himemiya, Juri Arisugawa, Kozue Kaoru, and Wakaba Shinohara made quite a bloodbath when they cut down a large group of thugs. Then, as soon as we were done, every last thug and goon sent by Xerx Mephistopheles was killed and their spirits were Super Hakaied for good. We also cleaned up the place, and The Goths of Darkness, Rayne, and also, Lincoln cleaned up the blood spilled all over.

Kevin Whitney: That should do it for Xerx's thugs, but when Xerx himself shows up, he's not getting any mercy from me.

Krypto: That's right, Kevin.

Nico: You said it, he's going down.

We then said our goodbyes to the duelists at the academy and returned home to the Estate, and as an added bonus, we took down a large army of thugs sent by Xerx Mephistopheles to attack us, but Kevin Whitney's going to put down Xerx himself, and see to it that the vampire mad scientist son of Kagan pays for his crimes.

Later Brittney was getting ready and she came down with her backpack on.

She came down.

Brittney: Okay dad I'm heading out on my ambassador mission.

Me: All right Brittney. You are going to love Hari and Doori. They are ghost hunters and they have a lot of spirits of the dead that they helped out. They made a lot of friends as a result too.

Brittney: I have a feeling I will. See ya soon.

Brittney was off to Japan.

Nico: Will Brittney be okay?

Me: She will be fine. She is a grown girl and she has a lot of experiences with this sort of thing.

Eli: Brittney is not just an amazing girl she is the Empress of Darkness and she can get through this.

Me: Yep.

Brittney arrived in Japan and she was walking down the street of Tokyo.

Brittney: Okay lets see here.

She arrived at an apartment building.

Brittney: Here it is.

Brittney looked at the building.

Birttney: Wow nice place. And I'm sensing a massive amount of spiritual energy around here.

Brittney went up to the apartment of Hari and Doori.

Brittney: This is it. Apartment 1523.

She knocked on the door and answering it was Hari Koo.

Brittney: Hello there.

Hari: Wow! You're Brittney Knudson.

Brittney: That's right. Brittney Knudson, Leader of Team Loud Phoenix Storm's Goths of Darkness and Empress of Darkness. It's awesome to meet you.

Hari: Same here. Wow. Come on in.

Brittney went in and put her backpack on the floor and Hari and Doori were having tea with her.

Hari: How is J.D. doing?

Brittney: He is doing really well and you know how busy dad always is with keeping the world and the universe safe.

Doori: I love all your adventures and they are so amazing.

Brittney: Well I never have been one to brag about them but some of them are amazing. Can you tell me all about what you all have done?

Hari: Sure thing.

Hari and Doori told Brittney all about their adventures and their experiences with ghosts and how it turned their lives upside down and how they have done it all. They helped spirits that are dead cross over into the great beyond and even have the power to utilize the ghosts they turned into as partners in battle and Hari has the amazing power to see into the ghosts minds and help them figure out how to get to the other side and even use their spirit monster forms whenever needed.

Brittney: Wow that is amazing! You have been a huge help to a lot of people that lost their lives and couldn't get to the other side.

Doori: Yeah it sure has been amazing.

Hari: It sure is a tough job.

Brittney: You've been given this amazing gift for a reason. Just like our adventures, you have a huge responsibility and you and all your friends have been given great purposes. With great power comes great responsibility.

Hari: That's true. But I am really looking forward to your visits. And I can't wait for you to meet our friends.

Brittney: It's gonna be awesome meeting them. I can't wait for you to meet my team too. The Goths of Darkness.

Doori: So awesome.

Later Brittney came back.

Me: How did it go?

Brittney: It was awesome dad. Hari and Doori are really nice kids and they know so much about ghosts.

Nico: Wow that is amazing.

Lincoln: They sure sound awesome.

Then the alarm went off.

Me: Uh oh!

We went to the computer and we saw A.I.M. Agents attacking the park!

Nico: Lets roll!

We were off to the park!

---

We were facing the A.I.M. Agents and blasting them all over.

AIM Agent: No kid J.D. to help you this time!

Tso Lan: Sorry to disappoint you. But you won't get the chance to hurt him.

Me: Not with me around!

I punched him and fired a blast and obliterated him.

Nico plunged his hand into another AIM Agent and ripped out his heart and ate it.

Lincoln formed 10 tails and they had Cell's suction siphons on them and then he stabbed them into 10 agents and sucked them into him and absorbed their power and he also got information from them about everything they do and where their main base is located.

An agent fired a blaster and it hit Hulk!

Celestia: Hulk! Are you okay?!

Me: Wait! Look!

We saw Hulk turn into GREY HULK!

She-Hulk: He's now Grey Hulk!

Me: Whoa! Just like when you faced Allure.

Nico: Oh no.

Grey Hulk: I'm ready for action!

Grey Hulk smashed and bashed numerous A.I.M. Agents all over.

Octane: Nice to meet you for the first time.

Grey Hulk: Pleasure is mine.

Lincoln: Guys I got where their main base of Operations is and we can use the GoldenEye to destroy AIM for good.

Nico: Good going Lincoln! Where is it?

Lincoln: On an uncharted island in the southern Atlantic.

Me: Cool!

Grey Hulk: Let me at them!

Grey Hulk pulverized the rest of the AIM Agents into pulp and destroyed them!

Grey Hulk: How about I stay with you guys? At least until the end of the day?

Sandstorm: Fine by me.

Me: Good with us. You did help out She-Hulk a lot.

Nico: Yep. Anyway lets get ready and destroy AIM for good.

Maria: Good idea. May I do it with you guys this time?

Nico: Sure. Lincoln you come with us.

They went to the GoldenEye firing room.

Nico, Maria and Lincoln went to the GoldenEye Firing Room. They loaded the disk for GoldenEye and opened two ports and Nico and Maria put the keys in.

Nico: On my count. 3… 2… 1…

They turned the keys and a red laser fired at an eye on the screen and many satellite lines came on.

Nico: Okay Lincoln. What are the coordinates?

Lincoln: Latitude: -37.97491 | Longitude: -20.474104

Nico: That's all the way out in the middle of nowhere.

Maria typed in the coordinates and the bomb satellite path was set and she typed in the arming code and armed the satellite.

Maria: Armed and ready. Time: 20 minutes.

Nico: Excellent. This is the end of A.I.M. Good work everyone.

Especially you Lincoln.

Shade Man: Nico, you're leading today.

Nico: Yep I know and unfortunately we don't have a mission today.

But then the doorbell rang.

Nico: Come in!

The elevator door opened and in came Bobbie Fletcher!

Nico: Bobbie Fletcher!

Bobbie Fletcher: Hey guys. I have good news for you all. A new race is about to begin.

Nico: Awesome!

Bobbie Fletcher: It's at Halloween Town.

Me: Cool!

Eli: Wow! A Race around Halloween Town! This is gonna be so fun!

Nico: You know we'll be there Bobbie and we haven't had a race in a long time.

Bobbie Fletcher: I know not since you all were told about Mr. Mind. And that was in the swamp.

Laney: That feels like a while ago.

Bobbie Fletcher: It's gonna be cool to have you all join in.

Allie Wilde: This is gonna be so fun! Mind if I join you J.D.?

Me: Sure Allie.

Lola Namiko: I would like to participate myself.

Nico: Cool!

Then Tchang Zu the Demon Sorcerer of Thunder, Kaos, Vreedle Brothers, Carmen Dillo, Duff Killigan, El Oso, INSTIGATOR, Vexen, Firefly and Bane appeared.

Tchang Zu: Can me, Kaos, Vreedle Brothers, Carmen Dillo, Duff Killigan, El Oso, INSTIGATOR, Vexen, Firefly and Bane go with you guys on this race?

Nico: You all sure can. We're going to Halloween Town to race.

Kaos: Wow that's a first!

El Oso: (Spanish Accent) Looking forward to this one amigos.

Vexen: Same here. I heard you guys got attacked by AIM agents.

Nico: Yep we sure did and thanks to Lincoln getting information from them with his powers we are soon going to be rid of them.

Eli: In about 30 seconds.

Firefly: Did you guys finally find their main base of operations?

Nico: It's all the way in the middle of the Southern Atlantic.

Carmen Dillo: Whoa! All the way out there.

Octagon: Let me guess, you used the GoldenEye.

Nico: Yep.

Eli: 3… 2… 1… 0.

Computer: Target destroyed.

Nico: Good riddance.

Me: The E.M.P. Countermeasures are up thank goodness.

Nico: Yep.

Kickback: Let's take this time to prepare our vehicles.

Nico: Good idea. Missy, Erica, girls, you all are going to love our cars.

Erica: We can't wait to see them. We saw all those amazing races you were in on TV and they were amazing.

Missy: They sure were awesome.

Ellie: I can't wait to see what this is like.

Laney: You won't be disappointed.

We went to the garage and we showed everyone that just joined our awesome racers and they were cool.

Erica: Wow! You guys made these cars?

Me: Yep we sure did. Took a lot of blood, sweat, tears, skills and technological ingenuity to make them.

Nico: It sure did.

Rhomboid: Can I ride in the same car as you, Octagon?

Octagon: As long as you don't blow stuff up without my say so.

Rhomboid: Okay.

Nico: All right! Lets head on over to Halloween Town! It's race time!

We cheered wildly and we were off to Halloween Town!

## HALLOWEEN TOWN

We were in Halloween Town and getting ready for the awesome race.

Disk Wars Magneto: It's great to be back in Halloween Town.

Nico: It sure is.

Me: And this is gonna be so fun.

Nico: I can't wait to burn rubber on the track.

Laney: Me too. This is gonna be awesome.

Twilight Sparkle: It sure is gonna be amazing.

Kaos: It sure is and it'll be fun to back on the track again. For I, Kaos, am sure to enjoy this.

Nico: We all enjoy this.

Eli: Yep. But I sense that an evil force is lying in wait for us when we get on.

Me: I feel it too.

El Oso: By the way, why's Hulk grey?

Nico: He got hit by a blast from an AIM Agent and he turned into Grey Hulk.

El Oso: Ah. That makes sense.

Nico: Yeah. But it's only for the day.

Commander Mars: Let's head to the starting line.

We drove our cars up to the starting line and we were ready.

Dick Dastardly came up.

Dastardly: Hey guys. Glad you could make it.

Me: Wouldn't miss it for the world Dastardly and thanks for the advice you gave me.

Dastardly: You're welcome.

Billy Natson: AND Welcome to another amazing race in history folks.

Hello I'm Billy Natson and we have a really amazing race for you all today. The race is going to be around the famous Halloween Town from the world of The Nightmare Before Christmas! Wow! And with us today we have our very own world famous Team Loud Phoenix Storm and their amazing frenemies The Masters of Evil. You all ready for an amazing race today!

Me: You bet we are Billy! YEAH!

Nico: LETS BURN RUBBER!

Vypra: I'm always ready for this!

Billy Natson: I love that racing spirit!

We were ready!

Krista: RACERS ON YOUR MARKS!…

We were revving our engines.

Krista: GET SET!

We were ready!

Krista: REV UP AND GOOOOOOOOOO!

We put the pedal to the metal as she waved the green flag and we were off! BLAZING DOWN THE TRACK!

Billy Natson: AND THEY'RE OFF!

Sally: Be careful, guys!

Carmen Dillo: Don't worry, Sally. We will!

ZOOOM! ZOOOM!

We were zooming fast!

We drove through the center of the Halloween Town district around the fountain and down the road.

Azula: Eat my dust, slowpokes!

Me: YEAH!

?: YOU PICKED THE WRONG PIRATE SCALLYWAGS!

We then saw a scary pirate ship and we saw that it was THE PHANTOM TIDE and driving it was the enemy of the Skylanders, CAPTAIN FRIGHTBEARD!

---

Captain Frightbeard is a giant seadog pirate who is the main antagonist in the 3DS version of Skylanders: Giants. He owns a fearsome pirate ship called The Phantom Tide.

Skylanders: Giants

Over 10,000 years ago, Captain Frightbeard terrorized Skylands until the Arkeyans locked him and his pirate crew in the Chest of Exile with Frightbeard's own sword acting as its lock. Having escaped from his imprisonment (many believe he struck a deal for his freedom with an evil sorcerer), Frightbeard sought out to find the Chest of Exile to release his pirate fleet to finish what he had started. With the help of his lieutenants, he managed to reach the Chest and released his pirate fleet in a vicious maelstrom, preparing to resume his terror upon Skylands. Frightbeard was soon confronted and defeated by the Skylanders on board his ship before his plan came into fruition. Upon his defeat, Frightbeard's sword flew out of his grip and pierced into the open Chest of Exile, causing the maelstrom to suck him and his pirate fleet back within the chest, locking them in once again with Frightbeard's sword serving as the lock.

Return of the Dragon King

Frigthtbeard somehow managed to once again escape the Chest of Exile and recruited a group of Cyclops Pirates as his crew. He and his pirates were terrorizing a river in an unknown part of Skylands where they would ambush any unfortunate ships with the use of a Spell Punk's magic to go undetected. Eventually Frightbeard heard a rumor of a ship holding gold and attacked the vessel Gurglefin, Cali and Flynn were on while enroute to the Wilikin Village to deliver toys. While his crew searched the ship, they unlocked a trap door where the Skylanders, Spyro, Jet-Vac, Wallop, Spy Rise and Weeruptor sprang out from. Undeterred by the surprise attack, Frightbeard ordered his crew to attack the Skylanders.

It was soon revealed by Wallop that the ship holding gold was actually a rumor spread by Spy Rise to lure Captain Frightbeard and his crew so the Skylanders can take him down. Spyro the Dragon confronted Frightbeard himself and blew a blast of flames on the seadog to defeat him right there and then. However the flames didn't harm Frightbeard, confusing Spyro. Frightbeard laughed at the dragon's attempt to attack and moved in for the kill. Spyro was quickly saved by Spy Rise, and Frightbeard was then knocked out by Wallop, ending the battle.

Skylanders: SuperChargers

Captain Frightbeard appeared as a playable villain racer in Racing Mode. His signature vehicle is The Lil' Phantom Tide.

---

Spyro: Oh man! It's Captain Frightbeard!

Nico: Another one of your enemies Spyro?

Spyro: And he is a dangerous one too.

Kaos: It's been a while, Frightbeard!

Captain Frightbeard: Been many moons Lord Kaos.

Nico: Very coincidental that you two know each other.

Gina Pele: I'll face him first for a bit. You all have fun blasting his crew.

Nico: You don't have to tell me twice Gina. Go get him!

Gina Pele: All right!

Gina set her car on Autopilot and then she opened the top of the car and then jumped out and landed onto the ship.

Jungle Fury Jarrod: When the time is right, we'll do our entrance on him.

Nico: Okay! Here we go!

Gina was facing him.

Captain Frightbeard: So you want to challenge me lass?

Gina Pele: You better believe I do!

She then had a sky blue Traptanium Crystal Scythe appear in her hands.

Gina Pele: Whoa! My own Traptanium Weapon! Wow!

Captain Frightbeard: Lets cross swords!

They clashed!

Frightbeard's crew came.

Me: Chew on this! Matchhead missiles fire!

I pressed 4 buttons and fired 4 Matchhead Missiles and they lit on fire and hit the crew and exploded!

KRABBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMMM!

Duff Killigan: Eat golf balls!

CLACK CLACK CLACK CLACK CLACK!

He hit 5 golf balls and they hit 5 crew men and they exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOMMM! KRABBBBBOOOOOOOOMMMMM!

KRABBBBOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOMMMMMM!

Nico: BULLSEYE!

Gina and Captain Frightbeard were clashing!

Power Girl: Have a taste of my heat vision!

Power Girl fired laser blasts from her eyes and blew many Crew Members apart.

KRABBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOMMMM!
KRABBBBBBOOOOOOMMMM!

Gina and Frightbeard were clashing and then suddenly a figure came out of the ship deck. 3 figures actually! They were ARSENE LUPIN III, DAISUKE JIGEN and GOEMON ISHIKAWA XIII!

Me: WHOA LOOK THERE!

Nico: Is that!?

Fujiko: Lupin, Daisuke, Goemon!

Lupin III: Team Loud Phoenix Storm. It's quite an honor.

Firefly: So you're Lupin III?

Me: Oh wow!

Lupin III: That's right. Arsene Lupin III.

Kairi Yano: Wow! It's an honor to meet you.

Lupin III: Same to you J.D. Knudson.

Fujiko: It's awesome to see you here Lupin.

Lupin III: Thank goodness you are okay Fujiko.

Lincoln: But she is now with me.

Nico: Before you lash out at Lincoln, let him explain.

Lincoln: She was one of the girls I rescued and she was in trouble so I had to help her out.

Lincoln went over how it went down.

Goemon Ishikawa XIII: That is amazing.

Loud House Taylor: You're not mad, are you?

Lupin III: I will admit that I am a little jealous. But I completely understand.

Nico: Really?

Lupin III: Yes. I am in love with Lara.

Me: Wasn't she that girl you saved from Quicksand in the Sahara Desert?

Lupin III: Yes that's right.

Bane: (Spanish Accent) If it's alright with you, we'd like Sheila to come to your world as an ambassador probably sometime in February.

Lupin III: That would be fine. But it's great that we're going to have you help us out.

Nico: Awesome!

Sly Cooper: Looks like you and I are gonna get along great in the future.

Lupin III: We sure are. See ya around.

They left.

Nico: That was cool!

Nelson Muntz: We'll probably team up with them in March.

Nico: That's a good idea.

Eli: It'll be cool to help them out. But right now it's time for us to deal with Frightbeard! I sense that we dealt with his crew.

Nico: Right! Lets go!

We put our cars on autopilot.

CLANG CLANG CLANG!

Gina Pele: You are a truly formidable fighter.

Captain Frightbeard: True for that fair lass.

Suddenly the cutie marks of the Elements of Harmony and The Elements of Nature swirled around the ship and then they converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above the ship and then a phoenix cry was heard and then we landed.

Nico: Game's over Frightbeard!

INSTIGATOR: Got any more backup?

Nico: Because your crew is gone!

Me: Now you are going to face the fury of the Phoenix!

Derpy Hooves: Have any muffins?

RD Leni: Muffins are not needed.

Gia: Buddy, it's time for you to walk the plank!

Megaforce Rangers: LETS POWER UP! SUPER MEGA MODE!

The Megaforce Rangers turned into their Super Megaforce Mode!

Nico: Perfect for this!

Me: Lets get him!

Lock, Shock and Barrel then came!

Nadira: Lock, Shock, and Barrel too?!

Me: At least you 3 aren't working for Oogie anymore.

Lock: Frightbeard is a better boss than Oogie Boogie!

Shock: He gives us Snake and Spider Stew.

Barrel: He sure does.

Lana: Nice!

Gina Pele: Now we have 4 to trap.

We went at them and punched and pounded and pulverized all 4 of them all over.

BAM BIFF CRACK BLAM BAP SMASH SMACH THOTH KROW THWACK WHAP CHOMP ZOINK ZONK BLANG BLAM!

Viqtarr, Seeryn, Nom, and Riggan blasted and smashed the 4 of them all over.

They were smashed all over.

Nico: Now for the grand finale!

Nico held up some traps and then vortexes formed and then Captain Frightbeard, Lock, Shock and Barrel were sucked into them and they were trapped!

CAPTAIN FRIGHTBEARD, LOCK, SHOCK AND BARREL TRAPPED!

Nico: Awesome! Lets get back to our cars!

?: You will all pay for what you did to Overlord Kagan!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Rayne: Should've known you'd show up here, Xerx.

A figure came out of the shadows, and it was none other than Xerx Mephistopheles, the mad scientist son of the Vampire Overlord, Kagan.

Nico: We knew you were already coming, Xerx, we've already taken down your thugs in Japan and we foiled one of your attempts to kill us as revenge for what we did to your father.

Xerx Mephistopheles: I will never stop until Overlord Kagan is avenged, and all of mankind is exterminated!

Kevin Whitney: That's it, I've had it up to hear with you to last an eternity.

Suddenly, Kevin Whitney's eyes turned neon green and he was surrounded by a green energy aura with green fire and wind gusts, he unholstered his massive Defender of Metropolis sword from his back, and as he approached Xerx Mephistopheles, he left green energy, green fire, and wind gusts with every step.

Kevin Whitney: Xerx Mephistopheles, I will never forgive you for your crimes against mankind, your loyalty to a sick monster like Kagan has already cost you your life, and now, I will make sure that you pay for all those lives that you've callously ended to prove your loyalty to Kagan.

Then, Kevin Whitney was surrounded by a massive vortex of green energy with green fire and wind gusts surrounding it, there was a green phoenix flying around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Kevin Whitney emerged, but he was changed forever.

Kevin Whitney grew to 6'11" in height, he now had massive and powerful upper and lower body muscles and eight-pack abs, his red hair's gotten longer and it reaches to the bottom of his neck, he has green eyes and a green energy aura with green flames and wind gusts surrounding it, he had the Superman emblem with a green phoenix around it emblazoned on his forehead, he has on phoenix earrings with the Wind Kanji in its claws and a necklace with a phoenix holding the Wind Kanji in its claws for the pendant. Kevin Whitney's large Superman-themed angel wings turned red, like his hair, with green tips on the large red feathers, he has on a dark green shirt with an emerald green phoenix on it, long blue jeans with wind gusts on the legs, and black leather ankle-high combat boots, and he has on a long long-sleeved black trenchcoat with wind gusts and green flames on the coattails and a green phoenix holding the Superman emblem in its claws on the back, he still has on his Bracelets of The Champions of the Universe with red gems on his wrists, Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and Eater of Sins revolver holstered on his left hip. There's a green kanji below the green phoenix holding the Superman emblem in its claws that said, "Kevin Whitney, Guardian and Best Friend/Brother of Krypto the Superdog, Defender of Metropolis, Slayer of Evil, Best Friend of Andrea Sussman and Streaky the Supercat, Trusted Ally of Superman, Trusted Member of The Dog Star Squad, Destroyer of Mechanikat, and Master of Green Fire and Wind."

ケビン・ホイットニー、クリプト・ザ・スーパードッグの守護者であり親友/兄弟、メトロポリスの擁護者、悪のスレイヤー、アンドレア・サスマンの親友であり、スーパーキャットのストリーキー、スーパーマンの信頼できる同盟国、ドッグスター隊の信頼できるメンバー、メカニカトの破壊者、緑の火と風のマスター

Kevin Whitney has transformed into SUPER ANGEL 750,000,000,000 GREEN HURRICANE FIRESTORM PHOENIX ANGEL OF JUSTICE AND HOPE!

We were amazed by Kevin Whitney's Super Angel 750,000,000,000 transformation, including Krypto, Andrea, Streaky, and Superman. But, when Xerx Mephistopheles saw it, he fell into a dark rage.

Streaky: K-Dog, are my eyes playing tricks on me?!

Krypto: Nope, they're not, Streaky. Kevin's transformed into his new Super Angel 750,000,000,000 form, and from the looks of it, he's now transformed into a young man, awesome!

Andrea: Whoa, talk about an incredible transformation.

Nico: (Smiles) You said it, Andrea. (To Kevin Whitney) Kevin, how do you feel?

Kevin Whitney: (Divine Echoing Cosmic Voice of The Hurricane and Fiery Justice) **I feel incredible, Commander, and now, it's time for me to reduce Xerx to ashes.**

Krypto: (Smiles) Mind if I join you, Kevin?

Kevin Whitney: (Smiles) **Of course, Krypto.**

Krypto transformed into Super Angel 750,000,000,000 Kryptonian Red Sun Canine Angel of Bravery and Hope, and he unholstered his massive Defender of Metropolis sword from his wider and muscular back, and he joined Kevin.

Krypto the Superdog: (Divine Echoing Cosmic Voice of Kryptonian Justice and Hope) **Let's rip him to shreds!**

BLOODRAYNE 2 OST: XERX

Kevin and Krypto went after Xerx, who entered in his bio-suit, and he fired a blast of solar energy at them, but that was a big mistake as Krypto and Kevin absorbed the solar energy, and it made them a lot stronger than ever. Then, they fired powerful blasts of red and green energy, red and blue and green fire, and wind gusts at the weak spots in Xerx's bio-suit, and they'd exploded with incredible power, damaging it greatly. Then, Kevin drove his massive Defender of Metropolis sword into the bio-suit, and with a downward slice, Kevin cut open the suit, and pulled Xerx Mephistopheles out of the suit and threw him on to the floor with his brute superhuman strength.

Superman: Nice one, Kevin.

Kevin Whitney: **Thanks, Superman.** (To Krypto) **Krypto, would you get rid of Xerx's bio-suit?**

Krypto: (Smiles) **Make sure he's watching.**

Krypto fired a red energy blast at Xerx's bio-suit, and it exploded with incredible power, destroying it for good, and it brought fear into Xerx's face. Then, Kevin and Krypto drove their massive swords into Xerx's black heart, and he burst into purple flame and was reduced to ashes, and his spirit was Super Hakaied for good. We cheered for Kevin and Krypto as they holstered their massive swords onto their wider and muscular backs and power down, and Kevin's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Krypto went up to Kevin and hugged him.

Krypto: Kevin, what you did today in the fight against Xerx, that was so incredible. I'm so proud of you.

Kevin Whitney: Thanks, Krypto.

Superman: We're all proud of you too, Kevin.

Nico: He's right, Kevin. You took down Xerx Mephistopheles, and now, all that's left is Dariel Zerenski.

Andrea Sussman: And that'll be for me.

Streaky the Supercat: And me too. If Andrea is going to fight Zerenski, she'll need a partner to help get rid of the last one of the Kagan family tree.

Nico: You got that right, Streaky. And soon, Rayne will finally be rid of Kagan and his sick and twisted bloodline for good.

Lincoln: That's right, Commander, none of us want to see those twisted sick monsters again.

We went back to our cars.

Billy Natson: And here comes the first racer to cross the finish line! It's LUCY LOUD!

Lucy won!

Vexen: Looks like we've won this race.

Me: But there's only one winner and that is Lucy Loud.

Lucy Loud was given the Halloween Town trophy and it was a Swarovski Crystal Pumpkin Trophy with scary flames for eyes and it had black castles for Halloween Town and it had a race car around it in crystal.

Rocky Spokes: I'm so proud of you Lucy.

Lucy Loud: Thanks Rocky. This was my first ever race that I won.

Nico: And as a bonus victory, we trapped Frightbeard, Lock, Shock and Barrel in Traptanium Shards.

Nico had 4 Traptanium Shards. Frightbeard was in one for the Undead, Lock was in one for Fire, Shock was in one for Undead and Barrel was in the last one for Dark.

Rocky Spokes: Awesome.

Nico: Gina did the trapping. She deserves most of the credit.

Me: Yep. It lives on top of the clouds of the planet Bespin.

Eli: It sure is.

?: No kidding.

A figure came out and it was HALF-BAKE from episode 9 of Dino Supercharge!

---

After Heckyl took over, Half-Bake was employed as a chef. One day, the monster chef was serving Heckyl some cookies which he throws and says that there's no cinnamon. Half-Bake replies that he sent a Spikeball to bring some cinnamon, but he was destroyed by the Rangers. He asks Heckyl's permission to go and slay the Rangers, which makes him and Wrench laugh. Heckyl asks his plan to which he replies that he'll just go and destroy them, making everyone laugh again. When Heckyl is sleeping, he tries to sneak out but is caught by Wrench. He electrocutes him by breaking a cable cord, causing short circuit in his system. He manages to escape and then seeks the Rangers. A short-circuited Wrench eventually arrives and although angry with him at first for electrocuting him with a cable cord, helps him in battling the Rangers. After hearing rumors that Erin is the Pink Ranger, the monster abducts her. The Rangers find his underground lair and confront him. While Erin is freed by Shelby, Half-Bake is destroyed by the Victory Maximum Final Strike and when he gets enlarged by the Magna Beam, gets destroyed by the Ptera Charge Megazord Para Formation's Ptera Lighting Blitz.

---

Tyler Navarro: Half-Bake!

Half-Bake: Been a while rangers.

Me: I remember you! You were Heckyl's chef and he sent you to destroy the rangers after they destroyed Spikeball.

Half-Bake: That's right J.D. Good memory.

Me: Never missed an episode.

Half-Bake: You know, my name's also similar to the name of a Ben and Jerry's ice cream flavor.

Nico: I actually do know that.

Me: (Drools) That is one of my favorite flavors. The cookie dough, brownies and chocolate and vanilla ice cream is all delicious!

Nico: (LAUGHS) That is awesome.

Eli: My favorite too.

We got the usual battles underway.

Then Grey Hulk reverted back to his big green self.

Hulk: What happened?

Me: Strange story.

Octagon: We'll have to hear it. (To the viewers) Hope you like this race. It was so awesome and epic.

Me: Boy it sure was.

Nico: Yeah it was. Lets head home everyone.

We went back home and enjoyed the rest of the day and went to sleep.

Another awesome race chapter done.

A race around the world of The Nightmare Before Christmas was a really amazing and interesting idea. It was based on the race track for Disney Infinity that was for The Nightmare Before Christmas. It was awesome! The first part was for Cloud City from Star Wars V: The Empire Strikes Back and that was a great movie from 1980. The second part was for Star Wars The Clone Wars and the planet Felucia was a really cool and amazing planet. I thought it was really freaky too. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in the world of Tatooine and we're going to the deserts near the city of Mos Eisley and we're going to rescue a Hand of Nephthys and a Sandfang Gene-Slammer from Kenya named

Nalutuesha. They are gonna be attacked by a bunch of Tuskan Raiders. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Vapor Trail and Alana the Stakataka Gene-Slammer are going to meet and rescue them. Lincoln's Rescue is gonna take place on the blistering cold planet Hoth and we're going to destroy the AT-AT's there. The next chapter is another awesome race and we're going to race around Saturn! Get ready for an electrifying race as we go through the clouds of Saturn and see what kind of storms are there.

See you all tomorrow

# RACE AROUND SATURN

HAPPY 7TH DAY OF HANUKKAH

---

On the desert planet of Tatooine, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Vapor Trail and Alana the Stakataka Gene-Slammer were walking through the city of Mos Eisley.

Alana Vongphachanh: (Laos Accent) So this is Tatooine?

Me: Yep this is the very home planet of Anakin Skywalker and Luke Skywalker.

Eli: And it's also the very home of Jabba the Hutt. But this planet was home to some of the galaxies most insidious crime lords.

Maria: It's also home to the cantina where Obi-Wan, Luke, C3PO and R2D2 met Han Solo and Chewbacca.

Alana: That is amazing

Nicole Chan: I have a good idea on what we're going do here.

Me: I do too. We're gonna go after Tusken Raiders.

Alana Vongphachanh: What are Tusken Raiders?

Me: You would not like these guys Alana. They are barbarian savages that live in the deserts of Tatooine.

I told her what they were.

---

Tusken Raiders, less formally referred to as Sand People or simply as Tuskens, were a culture of nomadic sentients indigenous to the desert planet Tatooine, where they were often hostile to local settlers. Tusken children were called Uli-ah.

Tusken Raiders were a species native to the desert world of Tatooine. Their homeworld's harsh environment resulted in them being extremely xenophobic and territorial of their native resources, often attacking the outskirts of smaller settlements such as ey viewed themselves as Tatooine's locals and everyone else as trespassers. The Sand People believed that all water was sacred and promised to them, resulting in them raiding moisture farms set up by colonists. Rare water wells, such as Gafsa, were also sacred to Tuskens. An individual simply trespassing close to one of these water wells could provoke immediate ditionally, Tusken Raiders harvested black melons which grew in the Jundland Wastes, providing them with a reliable source of milk.

A nomadic culture, Tusken clan groups consisted of 20 to 30 individuals, and were led by clan leaders, tribal chiefs, and warlords. Tuskens traveled in single file to hide the number of individuals in their party. The Sand People communicated in Tusken, which was both a spoken and sign language. At the age of 15, a Tusken became an adult, and the boys had to slay a krayt dragon and cut out the precious pearl found in its stomach to gain their adult role in their tribe. Tuskens inhabited encampments scattered across an area of the rocky Jundland Wastes known as The Needles, which were guarded from intruders by vicious massiffs.

Male Tusken Raiders were the warriors of their clans, often attacking vulnerable travelers that were unfortunate enough to wander through their territory. They wielded gaderffii sticks in combat, and used cycler rifles to fire on vehicles they spotted. Every Tusken warrior created their own gaderffii stick, making each one unique. Males wore rough wrappings and garments that provided protection and allowed ease of movement. Male Tuskens served as warriors, while females held a number of roles. Females could be distinguished by their elaborate jeweled masks with eye-slits and torso-covering sand-shrouds. Tusken children, known as Uli-ah, wore unisex cowls and simple cloaks, and could not dress like males or females until they reached adulthood. All Sand People wore mouth grilles and eye coverings to retain moisture and keep sand out. However, their need to protect their bodies from Tatooine's weather grew into a taboo against exposing any part of their bodies in public. Because of this, Tuskens almost never unmasked themselves, even in front of one another. They were forbidden to remove their clothing in front of others except at childbirth, on their wedding night, and at coming-of-age ceremonies. In addition, no outsider is known to have seen behind a Tusken's mask and lived.

The Sand People and banthas shared a close, almost mystical bond. During warrior initiation rites, a young Tusken was given a bantha matching their own gender and learned to care for it, with the pair becoming extremely close as the youth earned a place in its clan. When Sand People married, their banthas also mated, and, should its rider die, their bantha usually perished shortly after. If a bantha died before its rider, its remains were placed in a large graveyard, which was treated with great respect by Tuskens and other banthas.

While the Tuskens were nominally hostile towards outsiders, one tribe did enter into an arrangement with the lawman Cobb Vanth, the Sheriff of Freetown. Vanth and the animal tamer Malakili secured the Tuskens' protection by supplying water and a pearl from the belly of a krayt dragon. These Tuskens also shared Vanth's hostility towards criminal elements, especially slavers. Tuskens were also known to negotiate with outsiders, as demonstrated by the bounty hunter Din Djarin earning safe passage through Tusken land in exchange for a pair of new binoculars. Djarin also noted that Tuskens were known to always keep their word.

The Tuskens had superstitions about various landmarks on Tatooine. For example, the Tuskens avoided Mushroom Mesa at all costs and always fired their blasters before passing through the B'Thazoshe Bridge.

---

When I was finished they were shocked!

Eli: I have known a lot about the Tusken Raiders for a long time. And they have caused NUMEROUS Problems for many people on

Tatooine.

Vapor Trail: Sounds like these guys are dangerous.

Warrior Lady of The Wasteland: The kind of people that I am familiar with.

Alana Vongphachanh: But I'll face them with you all.

Alana concentrated and groaned as her hair fell out.

Me: We'll all take them down.

Alana turned into STAKATAKA!

Simone: This is gonna be good.

We walked around Mos Eisley and it was amazing. The view of the 2 suns of Tatooine was amazing too.

Maria: If any of you guys need water, I'll give it to you.

Me: Thanks Maria.

Eli: Yeah thanks.

Nicole Chan: Look there!

We saw a bunch of Tusken Raiders armed with clubs and they were coming at us.

Me: Get ready!

They did the trademark yell of the Tusken Raiders and it was a fierce war cry!

Miranda: I have known that war cry for years.

Gina Pele: Me too. Brutal.

Eli fired a blast of Force Lightning at a bunch of Tusken Raiders and electrocuted them all over. But more were coming!

Maria: Seriously?! These guys are too easy!

Eli: They may be too easy but they always come in greater numbers.

Numerous Tusken Raiders came!

Simone: Lets see how they like this!

Simone fired waves of fire and burned them all over.

Then a Hand of Nephthys appeared and a rumbling was heard and then we saw a worm creature pop out and it was a SANDFANG!

Me: Whoa! A Hand of Nephthys and a Sandfang!

Maria: Wow!

Hand of Nephthys: Looks like we got here just in time.

Sandfang: (African Accent) That's right.

Me: A Sandfang Gene-Slammer.

Sandfang; My name is Nalutuesha. I'm from Kenya.

Me: Whoa!

Allie Wilde: Pleasure to meet you both.

Eli: Same here.

Maria: Instead of just letting more come, how about we just finish this now?!

Nicole Chan: You got it!

We fired waves of elements and blew many of the Tusken Raiders into pulp.

Vapor Trail: I have had it with these clods!

Suddenly, Vapor Trail's eyes turned ice blue, and she was surrounded by a blue energy aura with clouds, lightning and aurora swirling around it, and as she approached the Tusken Raiders, she left blue energy, clouds, lightning and aurora with every step. Then, Vapor Trail was surrounded by a massive vortex of blue energy with lightning and aurora and clouds surrounding it, there was a sky blue dragon surrounding it, and in the vortex is a white phoenix. Then, as the vortex faded, Vapor Trail emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Vapor Trail grew to 6'0" in height, she had the body of a goddess, she has marine blue highlights in the bangs of her long white hair, she has large blue angel wings with blue tips on the large blue feathers, she has neon blue eyes and a blue energy aura with lightning and aurora surrounding her, she has a pegasus with lightning surrounding it emblazoned on her forehead, she has on Pegasus earrings with the Thunder Aurora Kanji in its legs and a necklace with the Pegasus with Lightning around it and with the Thunder and Aurora Kanji in its legs for the pendant, she has on a sleeveless Aqua blue blouse with white phoenix on it, blue blouse with Aurora on it, blue leather ankle-high combat boots, and a blue sleeveless trench coat with stars and lightning on the coattails and a Lightning Pegasus on the back of the trench coat. Vapor Trail has her new massive Sword of The Knights of The Friendship Table in her hand, and she has on her Bracelets of the Champions of The Universe with blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip and lightsaber on her right hip. Below the Lightning Pegasus was the kanji for "Vapor Trail, Cadet of The Wonderbolts, Best friend of Sky Stinger, Member of Team Loud Phoenix Storm's Knights of the Friendship Table, Elite Flyer of The Sky and Follower of Rainbow Dash and Friend of Many of the Wonderbolts."

ワンダーボルトの蒸気トレイル士官候補生、スカイスティンガーの親友、チームラウドフェニックスストームの友情テーブルの騎士団のメンバー、スカイのエリートフライヤー、レインボーダッシュの信者、そして多くのワンダーボルトの友人。

She had transformed into a SUPER ANGEL 750,000,000,000 AURORA LIGHTNING FLIGHT!

We were amazed!

Nicole Chan: WOW! Vapor Trail transformed!

Eli: Awesome! Wow!

Maria: Awesome!

Erica: Wow! Vapor Trail how do you feel?

Vapor Trail: (Divine Echooing Cosmic Voice of Lightning and Justice) **I feel amazing Erica. Now I'm going to make these Tusken Raiders pay.**

Me: Go get them!

She went at them and slashed them all to pieces. When she reverted back her new clothes, jewelry and weapons were permanent. I then put my blind man glasses on and Eli and Syrus covered their eyes.

Alana and Nalutuesha were reverting back.

Alana: (regains her hair) Sorry if you were expecting more challenging enemies.

Nalutuesha: It's all right. (Regains her arms and legs)

Me: By the way Nalutuesha do you know a Maasai Girl named Naserian?

Nalutuesha: How do you know Naserian?

Me: We met her on our global adventure when we were traveling all over Earth learning all all about the world's volcanoes.

Erica: Wow! Nico told us all about that adventure. That was amazing.

Me: Yep. We met Naserian after Kion, Jeri and the Lion Guard rescued her over in The Democratic Republic of The Congo. She was stuck there for a long time because of the ancient legend

Naimina Enkiyio.

Nelanie: (Laos Accent) The Forest of The Lost Child?

Me: Yep. The Loita Forest along The Great Rift Valley has been home to a Maasai legend where a girl was looking for sheep and she never came out of the forest. That girl was Naserian. She was missing for a long time.

Nalutuesha: That's amazing that you found her.

They were back to normal and Maria gave them new clothes and they put them on.

Nalutuesha: Wow.

Maria: Nice clothes huh? What talents do you have Nalutuesha?

Nalutuesha: I'm a nurse. I worked in a hospital before I was turned into a Sandfang.

Me: Wow.

Vapor Trail: That is amazing.

Me: And cue Nalutuesha going into pain in 3… 2… 1…

Nalutuesha: (holds head in pain) I think I'm gonna vomit sand!

Then she literally did vomit sand! YUCK!

Nicole Chan: Ew!

Simone: Concentrate and reign in the strength and power of Sandfang with the power of your will. We did it and so can you.

She did so and then Nalutuesha glowed in a neon brown aura and she was fully engrafted.

Nalutuesha: Amazing!

Eli: Awesome!

We heard more Tusken Raiders coming.

Me: Lets get back to Earth before more Raiders come. I have a feeling that this is the main course1

Hand of Nephthys: Right lets get out of here.

We went back to Earth.

After dealing with the Tuskan Raiders, Lincoln, Me, Nico, Eli, Nicole Knudson, and Tommy Himi were all heading to the blistering cold planet Hoth, and not only is Lincoln going to rescue the six girls there, but we're also going to destroy the AT-AT's there too. We were dressed in some really warm winter clothes, since it was blistering cold when we got to Hoth.

Lincoln: Brr, whoa, we're on the blistering cold planet, Hoth, and I think I know what we're going to do here, not only am I going to rescue the six girls there, but we're also going to destroy the AT-AT's there too.

Me: You said it, big guy. Man, this place is so cold and it also looks desolate. It's a good thing that we got dressed in really warm clothes for this one.

Lincoln 2: But, this planet's not entirely desolate, J.D. Hoth is actually home to fifteen species of large gray snow lizards called tauntauns, and I travelled to so many worlds when I was with your Ebonwu Squadron counterpart/ancestor 250 trillion years ago, J.D., and learned a lot under him.

Nico: That's right, and it's amazing to know that you two had travelled to so many different planets all over the universe.

Eli: It sure is, Nico.

?: HELP!

Suddenly, Lincoln heard the sound of six girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the six girls, but they've been cornered by the Imperial AT-ATs, and they're going to kill them.

Lincoln: Guys, I found the six girls, but they've been cornered by the Imperial AT-ATs, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a powerful rainbow energy blast at one of the AT-ATs, and he'd destroyed it. We also followed his lead, and we fired powerful rainbow energy blasts at the remaining AT-ATs, and they were all destroyed one after another. Lincoln then got the six girls, and we got off of Hoth, and back in the Estate to warm up. Then, Lincoln and Nicole went up to the six girls located on Hoth, and when Lincoln saw them, he immediately recognized them. The six girls were Angela Balzac from Expelled From Paradise, Madoka Kyouno, Muginami, and Youko Nakaizumi from Lagrange: The Flower of Rin-ne, Éclair, and Lumière from Kiddy Grade.

Lincoln: Oh wow, it's Angela Balzac, Madoka Kyouno, Muginami, Youko Nakaizumi, Éclair, and Lumière.

Nicole: From Expelled From Paradise, Lagrange: The Flower of Rin-ne, and Kiddy Grade, awesome.

Lincoln: Are you girls okay?

Angela Balzac: We're okay, but it was so cold on that planet.

Then, when Angela Balzac and the other five girls saw who it was that saved them from the AT-ATs on the planet Hoth, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Angela Balzac: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Angela Balzac: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Lincoln and his clones still continued hugging the six girls, warming them up with his immense body heat, and it was a wonderful sight to see. Plus, we'd explored Hoth and saw what kinds of creatures lived in that place of intense cold.

---

After our rescue on the planet Hoth, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world Éclair (Kiddy Grade) and Lumière (Kiddy Grade) has merged with our world.

Lincoln: Whoa, Éclair, Lumière, take a look.

Éclair (Kiddy Grade): Oh, no way, our world has merged with yours?! Wow!

Lumière (Kiddy Grade): This is incredible. If our world has merged with ours, then, I can't wait for you to meet our friends, Lincoln.

Me: This is going to be awesome.

Suddenly, the alarm sounded, and we saw that a massive group of individuals were heading there to attack the headquarters of the Galactic Organization of Trade and Tariffs. But, when Rayne saw them wearing red and black suits, carrying large scimitar swords, and had heavy facial tattoos and yellow eyes, she saw the individuals were Dhampirs, but they had the sigil of the Vampire Overlord Kagan, and they're Dhampir assassins of Dariel Zerenski.

Rayne: I haven't seen any of them when we've been battling Kagan and his children.

Me: Those are definitely Dhampirs, but they're definitely not friendly.

Lincoln: That's right, J.D. Those are the Dhampir assassins of Dariel Zerenski, our final target. Rayne told me about them, and they also speak in the old tongue of the Dhampirs.

Nico: There sure are a lot of Dhampir assassins, how many do you think there are?

Lisa Loud: There's 11 Dhampir assassins in groups of 19, and they're after us for what we did to their vampire masters, Kagan, Ferill, Ephemera, and Xerx, not including Zerenski, since he's the last one Andrea is going to fight. Let's see, 11 Dhampir assassins times 19 of us, that's (Gasps) Holy Newton's Hairpiece, that's 209 Dhampir assassins after us!

We gasped in shock at the mere numbers.

Lincoln: (Growls) Zerenski, you've just hit a new low sending your Dhampir assassins after us.

Nico: You said it, Lincoln. We're going to make sure that none of them survive, and it'll serve as our message to Zerenski, and it'll also flip him off. Now, then, let's head right to the headquarters of the Galactic Organization of Trade and Tariffs, and tell them what's happening.

We headed on over to the headquarters of the Galactic Organization of Trade and Tariffs, and we then met up with Éclair and Lumière's superior officer, Eclipse, who is the Chief of the G.O.T.T., and she is glad to meet us in person, and we told her that Lincoln rescued Éclair and Lumiere today when they were on the cold planet Hoth, and were surrounded by the Imperial AT-ATs. When we were finished, she was impressed, and when she found out the girls were going to be married to Lincoln in the near future, she offered her congratulations.

Then, she saw a massive group of Dhampir assassins heading this way.

Eclipse: Who are those individuals?

Lincoln: Those individuals are Dhampir assassins, sent by Dariel Zerenski, the last son of the Vampire Overlord, Kagan. He sent them here to massacre everyone here and kill us as revenge for what we did to his father, Kagan.

Eclipse: Kagan, the Vampire Overlord, I should've known. Everyone, don't let them leave here alive.

We went outside to confront the massive army of Dhampir assassins, and as soon as they saw us, we charged at them. Then, we each went after the 19 groups of 11 Dhampir assassins, Lincoln sprouted his massive 11 deep blue wolf tails and they had Cell's suction siphons on them, and then he stabbed them into one group of 11 Dhampir assassins who went after him, and he sucked them into him and Lincoln absorbed their powers and he gained information about them and what they do, and of even more importance, he knew that Zerenski sent them after us to kill us as revenge for what we did to Kagan.

We also did the same thing for the remaining 18 groups of 11 Dhampir by sprouting 11 massive tails and they had Cell's siphon suctions on them, and we stabbed them into the groups of the 11 Dhampir assassins who went after each of us, and we sucked them into us and we absorbed their powers and we also gained information about them and what they do, and of even more importance, we knew that Zerenski sent them after us to kill us as revenge for what we did to Kagan. We were done, and our tails went back into us.

Lincoln: Looks like we already know what Rayne told us, Zerenski was the one who sent the Dhampir assassins to kill us as revenge for what we did in killing Kagan.

Me: But, we followed your lead in what you did to the A.I.M. agents yesterday, big guy, and we got rid of those Dhampir assassins once and for all.

Lori: And we also absorbed their powers and gained information on what they do, so that's a two-for-one for all of us.

Nico: But, Zerenski's going to pay for that dirty move.

Andrea Sussman: And I'll be the one to deliver the final blow that'll end the Kagan family tree for good.

Kevin Whitney: And ensure that Rayne's mother and her mother's family can rest in peace.

We then returned home to the Estate, and not only did we get rid of the massive army of Dhampir assassins sent by Zerenski to kill us as revenge for what we did to Kagan, but we also met with Éclair and Lumiere's allies in the Galactic Order of Trade and Tariffs, and they've also joined the team. And as soon as word reached Zerenski that we all killed his massive army of Dhampir assassins, this sent him into a rage, but his desire for revenge is about to be his undoing.

Later it was time for Twilight Sparkle's first ever Ambassador mission and this was gonna be really amazing for her.

Twilight Sparkle: Looks like it's time for my first ambassador mission.

Me: Yep and it will be awesome for you. You're going to the town of St. Peanutsburg in Florida.

Nico: I have a feeling I know what is gonna be there. You're gonna meet Nate and Whisper.

Eli: From Yokai Watch!? Awesome!

Twilight Sparkle: I have a feeling I know what I'm going to see there. A kid that has the power to see Yokai.

Me: Yep. This is gonna be so awesome.

Twilight Sparkle: I'm really looking forward to this one.

Me: Yep. You'll have a lot of fun there.

Twilight Sparkle: Yep. See you shortly.

Twilight was off.

She arrived in St. Peanutsburg, Florida.

Twilight Sparkle: So this is St. Peanutsburg. Nice place.

She then saw a boy and a ghost.

Nate: Excuse me. I don't think I've seen you before around here.

Twilight Sparkle: Oh that's because I'm here on an ambassador mission. You must be Nate Adams.

Nate: That's right. How did you know?

Twilight Sparkle: Sorry. My name is Twilight Sparkle and I'm the Princess of Friendship and member of Team Loud Phoenix Storm's Knights of The Friendship Table, Future Ruler of Equestria and Princess of the Magic Element Skylanders.

Nate: Wow! It's truly an honor! I love all your adventures.

Whisper: They are most amazing. Sorry I am Whisper and it's a pleasure to meet you.

Twilight Sparkle: Same here Whisper. I am here as an Ambassador to meet you so we can know what you are like for when we meet you and help you out in the coming future.

Nate: That is so awesome!

Whisper: It sure is.

Nate: You must be wondering what Yokai are.

Twilight Sparkle: I've actually seen many of them all over the world and they are the great monsters of legend from Japanese Folklore and Myth. Even in Equestria we have many creatures from myths from all over the world.

Nate: That is amazing!

Whisper: It sure is.

Twilight Sparkle: Even on our adventures we have seen many things that are really strange.

Nate: That's amazing.

?: Hey Nate.

They saw Nate's friend Katie Forester.

Katie Forester: Who is this with you?

Nate: Oh Katie this is Twilight Sparkle. She is a member of Team Loud Phoenix Storm's Knight's of The Friendship Table.

Katie Forester: Wow! It's so awesome to meet you! I love all of the adventures of Team Loud Phoenix Storm and they are so amazing.

Twilight Sparkle: They are amazing. We get that all the time.

Nate: No kidding.

Twilight Sparkle: So, do you guys have any major enemies?

Nate: Well not very many enemies that are major. But there are tons of them!

Suddenly a rain storm came in and then they saw Katie don a gloomy face.

Twilight Sparkle: I think this might be the work of a Yokai.

Nate: And I know what it is.

He used the Yokai Watch and revealed a Yokai and it was

DRIZZELDA!

---

Drizzelda (Japanese: 雨女 Ame-onna) is a Water-attribute Yo-kai of the Charming tribe, and the Onnen tribe as of Yo-kai Watch 4. Introduced as Rank C, she was promoted to Rank B in Yo-kai Watch 4. She temporarily regained her prior rank in Yo-kai Watch: Wibble Wobble, and also has an awoken Rank S form called Kakusei Ame-onna (Japanese: 覚醒雨女).

Drizzelda's a pale slender girl with long dark blue hair worn in a straight style reaching down to her hips and also a bang covering her left eye. She has a sad expression and orangey-red eyes, like the color of the umbrella she wears on top of her head. She wears a pale blue dress, and beneath her is a big, rippling pool of water. Her Awoken form just adds a blue aura.

Drizzelda has a heavily subdued personality and low self-esteem, possibly as a result of her rainmaking powers. This causes her to shy away from everyone and everything.

It always rains wherever Drizzelda is, no matter the forecast. Anyone Inspirited by Drizzelda shares her personality, becoming just as depressed and self-critical.

---

Twilight Sparkle: Whoa who is that Yokai?

Nate: That is Drizzelda and she is one miserable Yokai. She makes it rain when you least expect it and makes people dark and depressing.

Twilight Sparkle: Sounds like the kind of Yokai that my friend Lucy Loud would like.

Nate: No kidding.

Twilight Sparkle convinced her to stop hurting people by making them gloomy and all that and she got Drizzelda's medal.

Twilight Sparkle: Don't expect any enemies of yours to be permanently dealt with until the day where it's time for the others to meet you guys.

Nate: I know. When are you gonna come and help us all out?

Twilight Sparkle: We're projecting January 21st.

Nate: That's not that far away.

Twilight Sparkle: No it isn't.

Suddenly Twilight Sparkle's arm glowed and she got an amazing purple version of a Yokai Watch!

Twilight Sparkle gasped!

Twilight Sparkle: My own Yokai Watch!

Nate: Cool! And you have Drizzelda's medal too! So awesome!

Twilight Sparkle: It sure is cool!

Katie Forester: What happened?

Twilight Sparkle: Well it's a weird story.

Twilight used her powers to show her everything that Nate was doing with Yokai and everything.

Katie Forester gasped in sheer amazement and shock!

Katie Forester: Wow! Nate is all that true? Have you been going after strange creatures called Yokai?

Nate: Yeah it's true.

Twilight Sparkle: I know it sounds crazy but Team Loud Phoenix Storm has seen many strange things in the past.

Katie Forester: Wow! That's amazing!

Twilight Sparkle told them all about some of the things we all have encountered on our adventures and they were amazing.

---

Later Twilight Sparkle came back.

May: How was it?

Twilight Sparkle: It was really amazing!

Brittney: I sensed a spike in supernatural energy down there Twilight. Are you okay?

Twilight Sparkle: Yeah I'm okay. But I also got my first Yokai. Look.

She showed us Drizzelda's medal and her new Yokai Watch and we were amazed!

Eli: That is awesome!

Me: Wow!

Nicole Knudson: Wow! And you have Drizzelda's medal too.

Me: Drizzelda is what's called an Ameonna, the Rain Women of Japanese Folklore.

Brittney: That's right dad and that is amazing.

Nico: Your first ambassador mission was a success.

Twilight Sparkle: It sure was.

Me: Glad you had a good time. Well I'm gonna head out on a walk. (Gets up) I'm gonna go get some fresh air.

Nico: Okay.

Ri'Oha: Have a nice walk, J.D.!

Me: Thanks Ri'Oha. I'm just going outside to get some fresh air.

I went down to the surface.

I went outside and walked around.

Me: (Inhales) Ahh! What a beautiful day.

I walked around the city and then I got to the forest.

Me: Boy the sights of nature are so beautiful.

The birds were chirping and the animals were all out.

Then I heard a scream.

Me: Uh oh!

I ran fast into the forest and I then smelled a familiar scent. It was the smell of Asphalt.

Me: The smell of Asphalt? There's a tar pit nearby!

I got to a hill and I saw 3 girls, one with blue hair, one with pink hair and one with purple hair sinking and up to their chests in a tar pit!

Me: Oh no!

I called the team!

Lillie answered.

Lillie: Hello?

Me: Lillie get everyone here right now!

Lillie: J.D., is something wrong?

Me: Just come to my position fast!

I hung up.

Lillie: We got trouble!

Nico: LETS GO!

Everyone went to where I was and I was running towards the 3 girls in the tar pit!

Me: HANG ON GIRLS!

Purple Hair Girl: Thank the heavens!

Blue Hair Girl: Get us out!

Pink Hair Girl: Hurry!

I then formed a steel rope with my powers and then tied it into a lasso and swung it around and threw it.

Me: Get into the loop and hold on tight.

They did so.

Nico and everyone came.

Nico: Oh man! Hold on girls!

Energon Ironhide: We'll get you out!

Me: Okay! PULL!

We pulled!

We pulled and got them out.

Me: Whew!

Blitzwing: You girls okay?

Lina: Yeah but we're very sticky.

Kia: Yeah what a mess.

Jenna: Yeah.

Maria fired water and cleaned them up.

Me: There.

Lina: Thank you guys. Sorry I'm Lina.

Kia: I'm Kia.

Jenna: And my name is Jenna.

Me: Pleasure to meet you girls. How did you wind up in a tar pit?

Kia: We were exploring.

Lina: Then we wound up in there.

Me: Good thing I heard you girls as I was out on my walk.

Lina: We owe you our lives J.D.

They then piled on me and then kissed me all over and it was cute.

I laughed goofily.

Sky Lynx: You girls need any help getting home?

Lina: We actually don't have a home.

Kia: Yeah we go where the wind takes us.

Jenna: We get to see new places and meet new people.

Me: Wow you girls are travelers.

Lina: Yep.

Starfire: Unacceptable! I cannot have J.D.'s new future friends live in brutal conditions where tar pits and quicksand pits live.

Me: You girls can live with us. We have so much room in our massive tree estate.

Lina: We would like that!

We went back to the estate and rested.

Roxas: By the way, J.D., it's your turn to lead today.

Me: Yep and I have great news for us. There's another race being held today. This time it's a race through the clouds of Saturn.

Nico: WHOA!

Eli: Wow! A Race around Saturn!? That is gonna be cool!

Lina: Wow this is gonna be awesome to see!

Warrior Lady of The Wasteland: It sure is.

Allie Wilde: I've always wanted to go on a race through Saturn. That will be awesome.

Varie: This is gonna be so awesome.

Nicole Knudson: It sure is mom and Saturn is the most electrified planet in the solar system because of all the lightning.

Laney: And it has one of the largest storms ever seen by the Cassini Satellite.

Lisa: Indeed it does. The storm is over 20,000 miles wide and covers about 3 Earths.

Me: That's right. That's over at Saturn's North Pole. And there's also a storm at Saturn's South Pole that is over 6,000 miles wide.

Eli: Incredible!

Roquefort, Condiment King, Samon Shakekisutanchin, Demyx, Larxene, Xaldin, Xigbar, Saix, Marluxia and Zexion Then appeared.

Zexion: Can me, Roquefort, Condiment King, Samon Shakekisutanchin, Demyx, Larxene, Xaldin, Xigbar, Saix, and Marluxia go with you guys?

Me: You all sure can.

Nico: (Drools) Got any cheese on you Roquefort?

Roquefort: (Laughs) Anything for you Nico.

He gave Nico some tasty cheese.

Demyx: Who are the three girls?

Me: Oh meet Kia, Jenna and Lina. We rescued them from a tar pit located in the forest.

Demyx: Wow! That is cool!

Larxene: Awesome! Pleasure to meet you girls. Love your hair.

Lina: Thank you.

Kia: It is pretty huh.

Jenna: It sure is.

Saix: So where are we going?

Me: We're going for another race and it's around Saturn.

Marluxia: A race around Saturn!? Wow!

Me: Yep. Lets head to the garage and get ready.

We went to the garage.

Teresa: Starfire, what you said to Lina and her friends is similar to when you first met Tara.

Starfire: That is very similar.

Tara: Starfire doesn't like it when me or anyone else sits out in the open like that.

Lina: That's understandable.

Me: You girls are sure close. I can tell you girls are in every way like sisters.

Kia: It's true and we are that close to each other.

Jenna: Yep.

We arrived in the garage and we got the cars ready to head out to Saturn.

Me: All right everyone it's race time!

We cheered!

Lina: Can we ride with you J.D.?

Me: Sure. You can sit in the back. Plenty of room.

Kia: Cool!

Allie Wilde: This is gonna be awesome.

We got in our cars and flew off to Saturn! We cleared the atmosphere and we were in space!

Kia: Wow! Look at the Earth!

Jenna: It's breathtaking!

Lina: Wow! I've always wondered what space was like.

Me: It sure is something. How about some music while we fly there?

Allie Wilde: Awesome.

I put in the song of Phill Collins, On My Way.

The song began.

Me: (Singing along with Phil Collins)

Tell everybody I'm on my way

New friends and new places to see

With blue skies ahead, yes

I'm on my way

And there's nowhere else

That I'd rather be

Tell everybody I'm on my way

And I'm loving every step I take

With the sun beating down, yes

I'm on my way

And I can't keep this smile off my face

'Cause there's nothing like seeing

Each other again

No matter what the distance between

And the stories that we tell

Will make you smile

Oh it really lifts my heart

So tell 'em all I'm on my way

New friends and new places to see

And to sleep under the stars

Who could ask for more

With the moon keeping watch over me

Not the snow, not the rain

Can change my mind

The sun will come out, wait and see

And the feeling of the wind in your face

Can lift your heart

Oh there's nowhere I would rather be

'Cause I'm on my way now

Well and truly

I'm on my way now

Tell everybody I'm on my way

And I just can't wait to be there

With blue skies ahead, yes

I'm on my way

And nothing but good times to share

So tell everybody I'm on my way

And I just can't wait to be home

With the sun beating down, yes

I'm on my way

And nothing but good times to show

I'm on my way

Yes, I'm on my way

Everyone that was traveling heard me sing. When the song was done everyone cheered for me.

Larxene: That was good singing. And it's not even time for karaoke!

Me: That is true. Figure I could have us play some music while we go to Saturn.

May: And we're not even passed Mars yet.

Lina: Wow! Is that really Mars?

Allie Wilde: Yep that's it. Mars is now fully terraformed.

Me: Strange story there.

Kia: Wow!

Brittney: I have a good song to sing for us while we fly to Saturn.

Brittney put in Within Temptation and the song The Last Dance played.

Brittney: (Singing along with Within Temptation)

She sang for you last night

She heard you were calling

Yearning in tears a thousand times

Your spirit was floating

Your spirit was searching

On a cloud of dreams

A moonbeam shines bright in the city of angels

Guiding the dreamers back to life,

And they'll do the same every tomorrow

Till the pain subsides.

Don't be scared now

Close your eyes

She holds guard tonight

Go on forward

No remorse

Life will take its course

She danced with you last night so you will remember

All you have shared, the lifetime

The angels were watching and death will be waiting

Until the time is right

Don't be scared now

Close your eyes

She holds guard tonight

Go on forward

No remorse

Life will take its course

Hold on to memories

See what lies ahead

Life will go on and we are one

With every step you take

The song was amazing and Brittney sang it really well and we were flying past Jupiter.

When it was done we cheered for her.

Me: Wow! That was awesome!

Allie Wilde: It sure was.

Lina: That was so cool.

Xion: After your ambassador mission the other day, you've earned the right to sing that song.

Brittney: Thanks Xion. That was really cool.

Me: Here we are guys!

We had arrived at the 6th Planet from The Sun, Saturn!

Sailor Saturn: Wow! My home planet!

Fu: It's amazing to see Saturn like this!

Laney: Wow!

Kia: Wow! Saturn is breathtaking!

Lina: Incredible!

Me: Saturn is the most breathtaking of all the planets in the Solar System because of its amazing ring system.

Varie: Where is the racing dock for the race?

Me: It's right there!

We saw a dome space station right on Saturn's Moon, Tethys.

Nicole: It's on Saturn's moon Tethys.

We flew in.

We were getting ready.

Demyx: Here we are!

Me: Yep.

Bobbie Fletcher was there too.

Bobbie Fletcher: Hey guys! Welcome!

Me: Hey Bobbie. Wouldn't miss this race for anything.

Lana: Awesome having you here with us Bobbie.

Bobbie Fletcher: You know I love a good race like anyone else.

Me: This is gonna be so cool! We never raced around a Gas Giant planet, especially Saturn.

Eli: This is gonna be awesome.

Dick Dastardly: Just a heads up, some weird vehicle is in this race too. But it looks demon like.

Inque: (raises eyebrow) Is this another one of your plans to mess with us?

Dick Dastardly: I'm being serious!

Me: We'll have to see it for ourselves to believe it. But thanks for the warning Dastardly.

Nico: Yeah thanks.

Eli: Dastardly is right. I sense a strange demonic force with us and it's close.

Varie: Oh boy.

Roquefort: Cheese ninjas, search the racetrack for any signs of a… demon vehicle

Cheese Ninja: Uh there's a problem sir. The racetrack goes all over Saturn. We wouldn't know where to look.

Roquefort: Oh.

Me: We'll have to keep our eyes peeled.

We then got to the starting line.

Lina: This is gonna be so cool!

Bai Tza: Everyone ready?

Me: We sure are.

Billy Natson then came.

Billy Natson: And welcome to one of the biggest days in racing history. Hello everyone, I'm Billy Natson and we have an amazing treat for you today. We are going to race around the stormy and ever so beautiful 6th planet from the sun, Saturn! This is a race that has never been attempted before folks and we're going to see one of the most spectacular races in history! WOW! We have with us our very own Team Loud Phoenix Storm and their amazing frenemies in the Masters of Evil ready for this amazing race! You ready for this race J.D.?

Me: You bet I am Billy! We're ready to blow the skies of Saturn away! WOO!

Billy Natson: Love that spirit!

Krista got the flag ready!

Krista: All right everyone! ON YOUR MARKS!

We revved the engines!

Krista: GET SET!

We were ready!

Krista: REV UP AND GOOOOOOOOOOOOOOOOOOOO!

We zoomed out of the dock and we were flying towards Saturn!

Billy Natson: AND THEY'RE OFF!

We flew up to Saturn's North Pole!

Marluxia: So far so good!

We were flying over the clouds of Saturn and the view of the clouds was absolutely amazing and so was the view of Saturn's beautiful rings.

Me: WOW! Look at this!

Lina: Incredible! The view of Saturn's clouds goes on forever!

Kia: This is amazing!

Allie Wilde: Wow! What a view!

We were flying through the storm clouds of Saturn's North Pole Vortex and there was lightning flashing all over and thunder crashed everywhere!

Nico: WHOA! That is powerful lightning!

May: Wow! You aren't kidding!

Maria: Wow! J.D. wasn't kidding! The thunder is as loud as standing next to a crate of dynamite!

Dusk: Larxene, you'd feel right at home here!

Larxene: Boy you bet I would! Would you feel the same Lincoln and Linka?

Linka: We sure would!

Lincoln: Wow! What an electrically charged world!

Me: They don't call Saturn the most electrically charged planet in the solar system for nothing.

We were flying through the clouds and then we came out into a beautiful clearing and the rings were more beautiful.

Laney: Wow! Hey look there! Is that the Saturn Insane Asylum?

Me: That's it.

Lina: Wow!

Condiment King: This is one of our many prisons.

Lina: Wow! It looks so much like Cloud City from Star Wars.

Me: That's what we based it off of when we built it. We built prisons like this on Jupiter, Saturn, Uranus and Neptune and even Planet 9.

Kia: Planet 9?

Jenna: Isn't that a hypothetical planet?

Me: That's what everyone says. But one day we will see it.

We flew into the clouds and then we heard a horn and coming up behind us was THE GHOST TRUCK!

Qin: Oh man! That's the Ghost Truck!

Shaggy: ZOINKS!

Zillius Zox: Wait. That must be what Dastardly saw!

Dick Dastardly: That's right!

Qin: And that truck is bad news! It was originally operated by Rung Ladderton. He was the heir to a nearly bankrupt Ladder Company and he was using the truck so he could steal all the crystal doorknobs in town so he could find a very valuable diamond and sell it to get rich.

Nico: That's right! I remember that!

Velma: Jinkies!

Qin: Thankfully he didn't succeed and he ended up getting 50 years in prison for his crimes and was told to pay over $100,000,000 in property damages. It caused him to go bankrupt big time.

Me: Yep.

Allie Wilde: Wow!

Xaldin: We'll do the entrance on it once we slow it down.

Me: But what really amazes me is how it's able to fly in these clouds on a planet that is over 77,000 miles in diameter.

Nico: No kidding! J.D. It's coming up behind you!

Me: Lets slow it down and then do our entrance on it and prepare for battle!

Nico: Right!

I gave Lina, Kia and Jenna 22nd century exopacks.

Me: Here girls. You may need these. You don't have the same abilities we do that allow us to breath in space or on any planet yet.

Kia: Thanks J.D. Good thinking.

They took the Exopacks.

Burner Man: (gets out Wave Burner) Yoohoo! Demon truck!

The Ghost Truck drives past him, knocking him down.

Burner Man: ROAD HOG!

Eli: Lets see how it likes this! PIRANHA MISSILES! FIRE!

Eli pressed 2 buttons and he fired 2 Piranha Missiles and they ripped the Ghost Truck's tires to shreds.

Aylene C.: Nice shooting Eli! How about these to spice it up? Lets see if that truck has any cargo inside it! Shark Missile!

Aylene pressed a button and fired a Shark Missile and it hit the back door of the cargo carrier and she pulled it open and inside it was 2 girls that the truck had and they were tied up and gagged!

Aylene C.: Oh man! J.D. you got to see this!

Xigbar: (gets out guns) You don't got the guts to make me on!

The Ghost Truck drives past him, knocking him down too.

Xigbar: OOF!

I came up to Aylene and I saw the 2 girls! They were a Baphomet and a Jiang-Shi!

Me: Whoa! One girl is a Baphomet and the other is a Jiang-Shi, the hopping zombies of Chinese Folklore!

Miia: That's Sophia and Kyou!

Me: I got to get them out of there! Allie take the wheel!

Allie Wilde: Okay!

Me: Here we go!

I opened the top and got onto the roof and flew over to the cargo trailer and got in it and untied the girls.

Kyou: Whoa! Thanks J.D. You saved us!

Sophia (DLWAMG): Yeah!

Me: You're welcome. (To Nico) Nico you are gonna have 2 extra passengers with you.

Nico: (On a radio) I see them J.D. Good job!

Me: Hang on girls!

I grabbed them and flew over to Nico's car and he opened the top and they went and got in.

Kyou: Awesome!

Nico: Nice job J.D.!

Me: Thanks.

I went back to my car and took the wheel again.

Me: That was awesome!

Mr. Boss: Look, it's obvious you can't understand me. But there's no way we're gonna let you-

The Ghost Truck drives past him, knocking him down too.

Mr. Boss: Does that thing just drive the entire time?!

Qin: It's a feral truck Mr. Boss! But lets see how it likes this! SLICER MISSILES! FIRE!

Qin fired 2 Slicer Missiles and they opened up and had blades come out and they slashed the truck trailer into pieces and they fell into the clouds of Saturn!

Nico: Nice one Qin!

Kia: That was amazing!

Saix: NOW, we should do our entrance on it.

Me: Lets do it!

We set the autopilots on our cars and went for the Ghost Truck.

The truck roared and then the spirits of the foods of Organization XIII appeared and swirled around it and converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off in front of the truck and a phoenix cry was heard and we came out and smashed the front of the truck with a powerful punch!

Me: Time to get this truck driver's license revoked!

Jake Holling: Time to put the brakes on that thing!

Megaforce Rangers: LEGENDARY RANGER MODE! TURBO!

The Megaforce Rangers turned into the Turbo Rangers!

Eli: Lets get this truck!

We went at the Ghost Truck and smashed and pulverized it all over the place.

Drakness, Kamangareth, Mudeenu, Frafdo, Quadore, and Intress blasted and pulverized the truck.

Sky Lynx, Lillie, Ri'Oha and Blitzwing used the Earth, Autobot, Perim and Pokemon Cyber Planet Keys and they enhanced Sky Lynx's fire, Ri'Oha and Lillie's powers and Blitzwing's Gyro Blaster Rifle 100-fold.

Sky Lynx and Lillie: FLAMING FLOWER MEGASTORM!

Ri'oha and Blitzwing: PSYCHIC MEGABLAST SUPREME!

Princess Celestia, Light Skylanders and Luan: LIGHT FLARE MEGABLAST!

They fired waves of light, energy and fire.

Xaldin, Scooby Doo, Fred, Daphne, Me and Allie: RACING FLARE MEGABLAST!

We fired a massive blast of fire and energy.

Lincoln: LIGHTNING ELEMENTAL STYLE: THUNDER HURRICANE!

Lincoln and his harem: LIGHTNING FINAL SMASH: ELECTRO BIG BANG KAMEHAMEHA!

They fired a massive electrifying version of the Big Bang Kamehameha which explodes on contact with The Ghost Truck!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Ghost Truck was knocked down.

Vice: Time to see who the driver really is!

We opened the truck door and in it was RUNG LADDERTON!

Me: Rung Ladderton!

Fred Jones: Rung Ladderton!?

Me: Lets cross the finish line and see what his motive is when we finish the race.

?: I will make you all pay for what you've done to my father!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

We also saw a group of vampire bats flying above the skies of Saturn.

Rayne: (Smirks) And now, we've approached the final act. You can come out now, Zerenski.

A figure came out, and it was none other than Dariel Zerenski, the last son of the Vampire Overlord, Kagan, and the last of Rayne's twisted half-siblings.

Me: (Smirks) Looks like you're none too pleased about what we did to your Dhampir assassins, Zerenski.

Lincoln: But, that was your undoing, Zerenski, we knew about your Dhampir assassins, and what they were doing, along with the fact that you were the one who sent them after us as revenge for what we did to your father.

Dariel Zerenski: And I will not stop until my father's death has been avenged, and mankind has been exterminated.

Andrea Sussman: That delusional dream of your father is about to be brought to an end along with you, Zerenski.

Suddenly, Andrea Sussman's green eyes turned neon green, and she was surrounded by a purple energy aura with flowers surrounding her, and as she approached Dariel Zerenski, she left purple energy, purple fire, and flowers with every step.

Andrea Sussman: Dariel Zerenski, I will never forgive you for all your crimes against mankind. Your attempts to get revenge on us for what we did to Kagan have already been foiled, and now, this is the end for you and the Cult of Kagan for good!

Then, Andrea Sussman was surrounded by a massive vortex of purple energy with purple fire and flowers surrounding it, there was a purple phoenix flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Andrea Sussman emerged, but she was changed forever.

Andrea Sussman grew to 6'0" in height, she had the body of a goddess, she had purple highlights in the bangs of her black hair, she still had her long black hair in a ponytail, she has neon green eyes and a purple energy aura with purple fire and flowers surrounding her, she had the Superman emblem with a purple phoenix around it emblazoned on her forehead, she has on phoenix earrings with the Flower Kanji in its claws and a necklace with a phoenix holding the Fire Kanji in its claws for the pendant. Andrea Sussman's large Superman-themed angel wings turned black, like her hair, with purple tips on the large black feathers, she has on a purple shirt with flowers and a green phoenix on it, long blue jeans with flowers and purple flames on the legs, and black leather ankle-high combat boots, and she has on a long sleeveless dark purple trenchcoat with purple flames and flowers on the coattails and a purple phoenix holding the Superman emblem in its claws on the back, she still has on his Bracelets of The Champions of the

Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the purple phoenix holding the Superman emblem in its claws that said, "Andrea Sussman, Guardian and Best Friend/Sister of Streaky the Supercat, Defender of Metropolis, Slayer of Evil, Best Friend of Kevin Whitney and Krypto the Superdog, Trusted Ally of Superman, Trusted Member of The Dog Star Squad, Destroyer of Mechanikat, and Master of Purple Fire and Flowers" Andrea Sussman has transformed into SUPER ANGEL 750,000,000,000 PURPLE FLOWER FIRESTORM PHOENIX ANGEL OF JUSTICE AND HOPE!

We were amazed by Andrea Sussman's Super Angel 750,000,000,000 transformation, including Krypto, Kevin, Streaky, and Superman. But, when Dariel Zerenski saw it, he fell into a dark rage.

Kevin Whitney: (Blushing) Whoa, Andrea's transformed.

Streaky the Supercat: And my eyes aren't playing tricks, Andrea's transformed into her new Super Angel 750,000,000,000 form, and from the looks of it, she's transformed into a young woman and got you blushing like crazy, Kevin.

Me: (Smiles) Looks like it, Streaky. (To Andrea) Andrea, how do you feel?

Andrea Sussman: (Divine Echoing Cosmic Voice of Nature and Fiery Justice) I feel incredible, J.D., and now, it's finally time to end Zerenski once and for all.

Streaky the Supercat: (Smiles) Mind if I join you, Andrea?

Andrea Sussman: (Divine Echoing Cosmic Voice of Nature and Fiery Justice) (Smiles) Of course, Streaky.

Streaky the Supercat transformed into Super Angel 750,000,000,000 Supercell Lightningstorm Feline Angel of Bravery and Hope, and he unholstered his massive Defender of Metropolis sword from his wider and muscular back, and he joined Andrea.

Streaky the Supercat: (Divine Echoing Cosmic Voice of The Thunderstorm and Hope) Let's get him.

BLOODRAYNE 2 OST: ZERENSKI

Andrea and Streaky went after Zerenski, who used his magic cane and sent some bats at them, but they dodged them, and when Andrea landed the first strike, Zerenski transformed into a group of bats and flew off laughing evilly, but Andrea and Streaky sensed him in the crowd and began firing powerful blasts of yellow and purple energy, yellow lightning and yellow fire, flowers and purple fire at the bats, and as Zerenski landed, he was already torn up by the attacks from Andrea and Streaky, then they attacked him with their massive Defenders of Metropolis swords and destroyed Zerenski's magic cane, and cut him deep. Then, Zerenski transformed into a bat and tried to get away, but Andrea fired a purple energy blast, which hits Zerenski, and he let out a scream of agony, as he was reduced to ashes, and his spirit was Super Hakaied forever.

We cheered for what Andrea and Streaky did, as they holstered their massive Defenders of Metropolis swords on their backs and power down, and Andrea's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Kevin Whitney ran up to Andrea and hugged her, and she returned the hug.

Then, Kevin Whitney surprised Andrea by kissing her on the lips and she returned it, and we cheered wildly for what they did, including Krypto and Streaky.

Streaky the Supercat: Whoa, now that was a bold move.

Krypto the Superdog: You said it, Streaky. (Smirks) So, how long have you had feelings for Andrea, Kevin?

This caused Kevin to look at Krypto in shock, and the two superhero pets to laugh among themselves.

Kevin Whitney: For some time now.

And this came as a surprise to all of us.

Andrea Sussman: And I also had those feelings for Kevin, as well.

Looks like we'll have to make sure to tell our parents about it, right, Kevin?

Kevin Whitney: Yeah, now that Krypto and Streaky found out, it's not long before our parents find out.

Me: That's right, you two.

We then got back in our cars to finish the race, but we're now finally rid of The Cult of Kagan and with the sick bloodline of Kagan finally exterminated, Rayne's mother and her mother's family who died at Kagan's hand 65 years ago can finally rest in peace.

We had Rung tied up and we drove on.

Billy Natson: And here comes the first racer to cross the finish line! IT'S J.D. KNUDSON AND ALLIE WILDE!

Everyone cheered wildly for me and Allie!

Lina: WAY TO GO YOU TWO!

Samon Shakekisutanchin: WE WON! I'm making salmon as a victory meal!

Me: YEAH!

We were given the trophy and me and Allie held up a Swarovsky Crystal Trophy in the shape of the planet Saturn and it had the astrological symbol for Saturn on it and it had a rocket racing around it.

Me: That was so awesome!

Me and Allie then kissed.

Everyone: Awwwww…

Me; Now to find out why Rund did what he did.

We went over to him.

Fred Jones: But why Rund?

Me: And more importantly, how did you break out of jail?

Rund Ladderton: I broke out by going through the garbage dump system and my reason is revenge! I wanted revenge on you for busting me and sending me to prison. Because of you I lost everything! And I would have done it too if it weren't for you meddling kids!

Me: Meddling can be too much of a good thing. Get him outta here.

Rund Ladderton was taken away. He got life without parole in solitary confinement in the Uranus Prison.

We later went to Lynn's Table to celebrate.

THE END

---

Another awesome race chapter done!

I've been wanting to do a race around Saturn for a long time and it was really cool how it all played out in this one! All that information on Saturn in all those documentaries really came in handy for this one! Lina, Kia and Jenna are based on Sir-Raymond2k3's characters and they are hot girls. The first part is for the planet Tatooine and that was the first planet we've seen in the Star Wars series and that was an awesome planet. The second rescue was on the planet Hoth from Star Wars V and that was a brutally cold planet. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. This was awesome! The next rescue for me is gonna be on the planet Jakku and we're going to see what that would is like and we're going to look through all the wrecked ships and salvage anything for all of us to use and we're also going to meet a Wingweaver and a Gunkan Suship Uni-class Super-Dreadnought Gene-Slammer named Ditya Ghimire and she is from Nepal. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Cocoa Axe, Steela Oresdotter, Mistmane, Mage Meadowbrook, Somnambula and Julie Tancheno the Articuno Gene-Slammer will go on that one. Cocoa Axe, Steela Oresdotter, Mistmane, Mage Meadowbrook and Somnambula will all transform in that one so I'll need the Transformation Sequences for that as well please. The villain we'll face is gonna be Kylo Ren and he is gonna be back from the dead to get revenge on me for killing him. It's not gonna be pretty! Next for Lincoln's rescue that one is gonna be on the planet Naboo and that will show us battling Yami Marik who has come back from the dead to get revenge on me for killing him in the past! Also Jacques and Josee are gonna be helping him and also you may want to hold on to your jaws because Trixie Lulamoon is gonna give them THE WORST REPRIMANDING OF ALL TIME AND SHE IS GONNA BE REALLY YELLING AT THEM LIKE THE A MONSTER! IT'S GONNA BE ONE BIG TIME DETAILED RANT WITH THEM LIKE WITH ME AND AN EVIL SASUKE! The next chapter for tomorrow is the final day of Hanukkah and we're going to also have a race around the planet Pandora and it's gonna be SO AWESOME! We're going to see much of the planet Pandora and race as we take in the sights and beauty of the home of the Na'Vi. We're also going to battle COLONEL MILES QUARRITCH as he is back from the dead to get revenge on us!

See you all tomorrow

# RACE AROUND PANDORA

Erica: Don't worry we will.

They holstered the lightsabers on their hips.

We got to searching some more ships and we found perfectly intact AT-AT Walkers and even AT-ST Walkers too. We also found TIE Fighters of all kinds on the ships too.

Me: Wow! These are gonna be perfect for us to use.

Eli: It sure is. I've always wanted to pilot these.

Missy: Looks like you can get your shot in the future.

Maria: What else is there?

Me: Lets see.

We walked around some more and we found some Rebel Starfighters in the sand too. Many of them are still in working condition.

Eli: These Rebel ships can easily be fixed.

Me: Lets beam them over to the Estate and have them all fixed up.

I beamed them to the Estate.

Nicole Chan: Hey look at that! Is that what I think it is?

We saw The Millennium Falcon!

Me: It sure is! It's the Millennium Falcon!

Maria: Han's gonna be so happy!

Me: Both he and Chewie will. They consider this ship home. Last time they saw it was when the final stages of the Battle of Endor was about to begin.

Nicole Chan: Yep.

We went on board.

Me: Still in good shape.

Eli: Wow!

We got the Millennium Falcon ready to take back to Earth. In the pilot seat, Eli was getting her ready. Then he saw something REALLY unusual coming our way and it was a Gunkan Suship Uni-class Super-Dreadnought!

Eli: WHOA! Bro, guys look at this!

We saw it.

Me: WHOA! That's a Gunkan Suship Uni-class Super-Dreadnought.

Me: Wow! A Wingweaver too!

Wingweaver: Awesome seeing you guys here.

Gunkan Suship Uni-class Super-Dreadnought: (Nepal Accent) Same here.

Me: Whoa! You're a Gene-Slammer?

Gunkan Suship Uni-class Super-Dreadnought: I sure am. My name is Ditya Ghimire.

Me: Pleasure to meet you.

Maria: Alright. Let's head back to the Estate.

?: You aren't going ANYWHERE except for hell!

Me: I haven't heard that voice in a while. Come on out Kylo Ren!

A figure came out and it was KYLO REN!

---

Kylo Ren, originally born as Ben Solo, is the central antagonist of the Star Wars sequel trilogy, serving as the main antagonist of the first two installments Star Wars: Episode VII - The Force Awakens and Star Wars: Episode VIII - The Last Jedi before he progressively becomes the deuteragonist of the final installment Star Wars: Episode IX - The Rise of Skywalker. He is also the overarching antagonist of the second and final season of the animated television series Star Wars Resistance and the titular protagonist of the comic mini-series The Rise of Kylo Ren.

He is the dark, powerful, and extremely wrathful master of the Knights of Ren, as well as the apprentice of Supreme Leader Snoke, before killing him and becoming the new Supreme Leader of the First Order. Ben Solo was born as the son of Han Solo and Leia Organa, the nephew of Luke Skywalker, the grandson of Darth Vader (Anakin Skywalker) and Padmé Amidala. He is also the archenemy-turned-ally of Rey, Emperor Palpatine's granddaughter who is his love interest besides being connected with him through a dyad in the Force.

He was portrayed by Adam Driver, who also portrayed Jacques le Gris in The Last Duel.

Ren was born as Ben Solo, the son of Han Solo and Leia Organa, a year after *Episode VI - Return of the Jedi*, in which his parents and uncle Luke defeated the Galactic Empire and its leader Emperor Palpatine. He proved to be sensitive to the Force like his mother and uncle.

Fearing that Ben was too much like his maternal grandfather Darth Vader, Leia sent him to Luke to teach him about the ways of the Force and become a Jedi. However, Luke sensed a force of darkness inside Ben and contemplated on killing him, but could not bear himself to do so because it would break both Leia and Han's hearts. However, Ben soon learned of Luke's intentions and took this as a sign of betrayal, fearing that he'll never be as powerful as he wanted to be. This insecurity is what allowed Supreme Leader Snoke, the leader of the evil First Order organization, to corrupt Ben's mind. Snoke was actually a creation of Emperor Palpatine that was once again trying to manipulate a Skywalker to fall to the dark side of the Force. Sensing that Ben was on the edge of being turned to the dark, Luke decided to go to Ben's hut - located away from the Jedi Temple - and to talk to him about it. He went into the hut where he found Ben sleeping. To his horror, Luke sensed the darkness in Ben and realized that he had already been corrupted by Palpatine through Snoke.

For instance, Luke thought that killing Ben would end the danger and he drew his lightsaber but immediately ignored the thought. However, it was too late. Waking up at the sound of the lightsaber, Ben saw his armed uncle standing above him. Surprised by Luke's betrayal, Ben brought down the entire hut with his Jedi powers in an attempt to defend himself, burying Luke underneath. In this same night Luke's Jedi Temple was destroyed by lightning and most his pupils where killed. Ben took the blame for the Temple's destruction and left to meet Snoke feeling that he had nowhere else to go. Meanwhile, when Luke finally freed himself from under the hut, he only found death and destruction around him.

Later, Ben would join the Knights of Ren and become their master after killing their former leader, adopting "Kylo Ren" as his new name. He would also don a uniform similar to the one of a Sith, with a black cloak and a mask (resembling Darth Revan's Sith attire from the *Legends* series) and officially join the First Order as Snoke's disciple and a warlord of the First Order. He also developed a rivalry with General Hux for Snoke's appreciation.

The reason for Ben becoming evil was not just Snoke's corruption and Luke's supposed betrayal, but also his parents' tumultuous relationship, given Han's career as a smuggler and Leia's role as a political figure. 6 years prior to events of *The Force Awakens*, Leia's political enemy Carise Sindian exposed her parentage to the public, which is likely the reason how Ben learned that he was the grandson of Darth Vader.

In retaliation against the Aeosians who supported the Resistance, a fleet of *Resurgent* -class Star Destroyers invaded their homeworld of Aeos Prime and devastated it. After completing the orbital bombardment, First Order Security Bureau Agent Tierny and Stormtrooper Commander Pyre reported their actions to General Hux but found Supreme Leader Kylo Ren waiting on the other side of the holoprojector.

Ren had been keeping track of Pyre and Tierny's failure to defeat *Colossus* resistance and declared that he would not tolerate the existence of any Resistance out through the Force, Ren influenced the two to stand and point their blasters at each other. He then severed the transmission, leaving his subordinates with an ominous warning about the price for failure.

Though they managed to locate the *Colossus* station in the Barabesh system, the ensuing battle did not turn in the First Order's favor. Betrayed by the TIE fighter pilot DT-533, the First Order failed to prevent the Resistance operatives Kazuda Xiono and Jarek Yeager from warning their allies of the impending attack. Rather than retreat, however, the citizenry of the *Colossus* held their ground against the forces of the First Order. While the Ace Squadron intensified their attack run on the Resurgent Star Destroyer, Tierny received a transmission from Supreme Leader Ren. She beseeched him to send reinforcements, but Ren rejected her request, declaring the First Order had no tolerance for the weak. Once again, he reached out with the Force, but this time Tierny found herself struggling to breathe as Ren unleashed his final punishment on the First Order agent.

The hunt for Skywalker caused Ren to undertake a journey the planet Pillio. Although San Tekka was not found on the world, the First Order's allies captured and detained Del Meeko, a veteran of the Galactic Civil War who served the Empire and New Republic, in turn, as a member of Inferno Squad. Upon his arrival, the dark warrior was greeted by Protectorate Gleb of Jinata Security. Dismissive of the formalities, he instructed the Aqualish officer to lead him to Meeko. He found the former soldier wounded and alone on the bridge of the *Raider II* -class corvette *Corvus* .

Ignoring the prisoner's sarcasm, Ren used the Force to probe through Meeko's mind, determined to learn where San Tekka took the map. For all of Meeko's efforts to resist the probe, invading his mind was a relatively simple task for Ren, who saw memories ranging across the former commando's life-from his service on Scarif as a coastal defender stormtrooper to his participation in the Battle of Endor and the skirmish on Vardos. He also learned that Meeko encountered Skywalker on Pillio and subsequently discovered his faith in the Force. Ultimately, Meeko was unable to resist Ren's powers and revealed that San Tekka took the map with him to Bayora.

Having gained the information he sought, Ren turned the prisoner over to First Order officer Gideon Hask, one of Meeko's former teammates in the Inferno Squad prior the Empire's fall, who executed Meeko shortly thereafter.

Knowing that somewhere on the planet Jakku there is a map leading the way to Luke, Kylo arrives on the planet. His stormtroopers quickly round up all citizens of the nearby village, including village elder Lor San Tekka, who gives the map to Resistance pilot Poe Dameron before Kylo arrives. Poe witnesses the chaos the troops cause and gives the map to his droid BB-8, telling him to get away as far as possible. Kylo interrogates San Tekka, who recognizes him as Han's son and tells him that he cannot run away from the family he was born into. Kylo then murders the man with his lightsaber and orders Captain Phasma to kill all the captured villagers before putting the village off the map.

While the First Order Stormtroopers carry out the gruesome task, one of them, Finn, does not participate in the slaughter. Poe, witnessing the murder from a hiding spot, fires his blaster at Kylo, but Kylo stops the laser blast midair, freezing it. Kylo then uses the Force to overpower Poe and has the stormtroopers take him captive. After Poe is brought onboard, Kylo leaves the scene and frees the frozen laser blast. Aboard the *Resurgent* -class Star Destroyer *Finalizer*, Kylo interrogates Poe and questions the location of the map. Poe's unwillingness to cooperate prompts Kylo to torture him using the Force to the point where he gives in and confesses the location. He sends his troops back to Jakku to find

BB-8, who has already met a scavenger named Rey. Poe is then saved by Finn, who has chosen to turn against the First Order, and escapes with him to Jakku. After being told about Poe's escape, Kylo furiously demolishes the ship's interior with his lightsaber.

After Finn and Rey have met Han and Chewbacca, Kylo talks with Snoke, who tells him that the droid is aboard the *Millennium Falcon* and that he soon will have to face his father. Kylo replies that, with Snoke's training, he is prepared and will not be seduced by the light, but Snoke nonetheless calls it the hardest test Kylo has to face. Then, after General Hux's speech, Kylo witnesses the destruction of the New Republic's capital planet as well as the Republic fleet by Starkiller Base. Right after, Kylo tracks the signal of the *Millennium Falcon* to Takodana. While his soldiers attack the building Finn and Han are in, Kylo tracks down Rey in the forest. Upon finding her, Kylo demands to know the location of BB-8, but after realizing that Rey has already seen the map, he takes her captive, planning to get the information out of her mind. Kylo tells his troops to retreat, as he now deems BB-8 unimportant.

Kylo brings Rey to Starkiller Base. When Rey expresses discomfort in being chased by a "creature in a mask", Kylo takes off his helmet, revealing how young he really is, and Rey looks at him suprised. When she refuses to tell him Luke's location, Kylo uses the Force to search her mind. While looking into her memories, Kylo senses how lonely she was on Jakku, he sees that she dreams about an ocean surrounding an island, and that she sees Han Solo as the father she never had. He then comments that she would be disappointed with Han as a father. Ren tries to search further, but is surprised when Rey blocks him out of her head, instead reading *his* mind and revealing his greatest fear: That he will never be as powerful as Darth Vader. Disturbed by the fact Rey is actually strong with the Force, Kylo leaves the room, leaving Rey behind with a stormtrooper guard.

Kylo seeks his master for guidance, and tells him that Rey is strong with the Force and that she had resisted the interrogation. Snoke replies he sensed that his apprentice has compassion for the girl and that Kylo's own weakness must be what is preventing him from overpowering her, not her strength. Snoke tells Kylo to bring Rey before him. But while Kylo is not in the room, Rey uses a Force trick on the stormtrooper to force him to free her. When Ren returns to see Rey's chair empty, he flies into a berserk rage and destroys the room's interior with his lightsaber while calling the guards, prompting two nearby stormtroopers to leave the scene before Kylo can harm them.

After witnessing the power of Starkiller Base, the Resistance plans to destroy the facility before the First Order can destroy them with it. Han, Chewbacca, and Finn plan to infiltrate the base to turn off its shield generators as well as to save Rey. Before they leave, Leia tells Han to try to get their son back, which he promises. At Starkiller Base, they deactivate the generators and rig parts of the facility with explosives. Kylo, who is present on the base, senses his father's presence and tries to find him.

Han instead sees Kylo, who is just crossing a bridge; he then calls out to him by saying his birth name, Ben, and approaches his son. Although Kylo states that Ben Solo was weak and therefore eliminated by Kylo Ren, Han tells him that Snoke corrupted him and that he still has the choice to change. He also tells his son to come home, as his mother misses him. This touches Kylo, who admits that he is torn. Knowing that he would feel drawn to his family as long as his father is there, Kylo begs Han to help him in executing the choice he has made. Han promises to help him and Kylo slowly hands him his lightsaber. But then Kylo activates his lightsaber and thrusts it into his father's chest, thanking him for making this choice possible, as without his father, he believes that his ties to the Light Side are forever severed. Han fondly touches his son's face one last time before he falls to his death into the abyss, causing Kylo to feel a little remorseful of what he had done to his father. Chewbacca, furious about his friend's death, activates the explosives and shoots at Ren, hitting him and dropping him to the ground.

Kylo sees Rey and Finn leave the building, then pursues the two into the frozen woods outside of Starkiller Base where he confronts them. Rey calls Kylo a monster and tries to attack Kylo but he uses the Force to throw her far off into the trees, knocking her out. While Kylo accuses Finn for being a traitor and demands him to hand over Anakin's lightsaber, Finn refuses and activates it. The two engage in a furious sword fight in which Kylo injures Finn by ramming the crossguard of his lightsaber into his shoulder. Though both of them are hit and injured multiple times, Kylo in the end defeats Finn by slicing his back, causing Finn to drop the lightsaber and fall to the ground unconscious. Kylo then tries to use the Force to get his grandfather's lightsaber, but the lightsaber flies right past him into the hands of Rey. This surprises Kylo and for a moment he stands looking at her fascinated. Rey ignites the saber and now angrily attacks Kylo. As a climactic fight progresses, the Resistance manages to destroy Starkiller Base, which results in a massive earthquake which creates deep rifts in the surrounding landscape; one of these chasms opens right behind Kylo and Rey.

Kylo drives Rey towards the edge of the rift. While pressing his lightsaber against hers, Kylo offers to train Rey instead of pushing her down, hinting that he has no true intention to kill her. This, however, causes Rey to realize her potential and, with the Force, she drives Kylo back, hitting him multiple times with her lightsaber and eventually slicing him across the face, scarring him. Badly injured, a defeated Kylo drops to the ground, but before Rey can finish him off, a rift opens right between them, separating Rey from Kylo. Chewbacca then steers the *Millennium Falcon* towards Rey and she boards the ship with Finn's comatose body, leaving Kylo behind on the imploding planet. Shortly before the ultimate destruction of the planet, Snoke gives Hux the order to evacuate Starkiller Base and to bring Kylo before him so that Kylo's training can be completed.

Though Kylo is only last seen when a rift separates him from Rey, he fails to prevent the return of the Jedi when Rey finally finds Luke and tries to convince the last surviving Jedi Master in the galaxy to rebuild the Jedi Order once more with her aid.

Following the destruction of Starkiller Base, Kylo feels that he is growing weaker ever since he killed his father; even a disappointed Snoke compares Kylo unfavorably to Vader by calling him an immature child hiding behind a mask, a statement that left Kylo very angry, causing him to destroy his mask and even tried to attack Snoke, only to be quickly beaten to the ground with a single burst of Force lightning. As Snoke becomes delighted to hear that Hux found a way to constantly track down the Resistance fleet and deduce their current location through hyperspace and orders Hux to lead a series of assaults on the Resistance fleet, Kylo decides to intervene to try to regain his master's acceptance, unaware that Snoke was merely inspiring him to make him go deeper into the dark side.

During the initial attack on the Resistance ship, MC85 Stat Cruiser *Raddus*, Kylo uses his own TIE silencer to attack, but hesitates after learning that his mother Leia is onboard the ship. However, his wingman Poldin LeHuse relentlessly continued the attack on the *Raddus*, killing everyone onboard, though Leia saved herself by using the Force to pull herself to safety, while Poldin LeHuse is then shot down by the *Free Virgillia* -class Bunkerbuster *Ninka* in response, leaving a saddened Kylo in tears, as he is unable to do anything to help his mother.

Around the same time, Kylo and Rey discovered they had a Force-bond, which later is revealed to be the result of them being a dyad in the Force. During their Force Bond connections, they can communicate through their minds, and even see and touch across spaces. Ren at first tried to control Rey but found he could not, as they were too far and he is quick to realize that she is not projecting herself as it would kill her with her current abilities instantly, but he manages to find out that Luke is currently her mentor. Ren, fascinated by his connection to Rey, sought to understand it better and soon it reached levels where they can see each other's feelings and he grows attached to her, even showing a level of sadness when she referred to him as a monster and somewhat ominously warning her of Luke due to his past experiences.

Seeking to squash Rey's hopes of her parents being any significant, when they connected again, Ren was at the time bare to the chest yet he still taunts Rey for continuing to want parental figures and reveals Luke's attempt to kill him while he was sleeping caused him to turn to the dark side. In one of their later connections, Ren and Rey finally genuinely bond over their common sentiment of abandonment and loneliness, touching hands across spaces. This moment is interrupted by Luke, who deactivated it with his regained Force powers. Nevertheless, Rey decides to bring Kylo back into the light side in hopes that the war would end peacefully but Ren believes otherwise. He believes that Rey is destined to join him and turn to the dark side. To that end, Rey surrenders herself to Kylo in the *Mega* -class Star Dreadnought *Supremacy*, and he takes her into custody.

Being brought over to Snoke's throne room occupied by Snoke and his Elite Praetorian Guards, Rey is horrified to learn that Snoke plans to use his Force skills to torture her into giving out the location of Luke so that he can destroy the Jedi legacy and cement the First Order's reign across the galaxy. Snoke even confessed that he used the connection between Rey and Kylo as part of his plan. However, this reveal also infuriates Kylo, that realized the manipulation and abuse of his master and that had developed feelings for Rey during their interactions. As Snoke psychologically tortures Rey, he sadistically orders Kylo to kill her by gloating of his ability to read Kylo's mind and calling the girl a 'foolish child' for believing that his apprentice would betray him. However, Kylo tricked him into believing he's striking Rey but activated the Skywalker lightsaber and used it to slice Snoke in half by the waist, killing him instantly in an act of treachery.

After helping Kylo finish off Snoke's guards, Rey tries to convince him to return to the light and help the Resistance as he finally killed off Snoke for good. Unfortunately, despite of his feelings for Rey, Kylo has no intention in returning to the light or helping the Resistance. Instead he holds out his hand to Rey and offers her a place by his side to build a legacy far more different from that of either Snoke's or Luke's, letting the past, the Jedi, the Sith, and all old things die. Rey hesitates, but in the end, refuses to take his hand even after he pleaded to her. She escapes completely heartbroken and disappointed that he wouldn't come with her. Then, Kylo is found alone in the Throne room by Hux and when the general asks what happened, Kylo frames Rey for Snoke's murder and Force chokes Hux into compliance when the latter refused to oblige to his role as the new Supreme Leader.

Directing the First Order's new attack to the planet Crait where a hidden Resistance base is located, Kylo orders his forces to attack the base. After the base is breached, Kylo decides to confront an arriving Luke by himself. Engaging his uncle in combat, Kylo manages to slice through him, only to realize that Luke was actually projecting himself through the Force from Ahch-To as part of his true plan to let the remaining Resistance members escape. Luke then warns him that the war has already started and the rebellion is already reborn and he will not be the last Jedi. As Luke dies in peace while bidding farewell to Kylo, this left Kylo infuriated that he failed to seize his chance of killing Luke, knowing that even if he would lead the First Order into greater power, Rey will still continue on with the Jedi teachings to future generations. Afterwards, Kylo and his forces infiltrated the now-empty base, but finds only Han's golden hanging dice. Simultaneously, as the Resistance evacuates, Ren sees Rey again through their Force-bond as she boarded the *Millennium Falcon* ; no words were said between them as she closed the door on him, making a heartbroken Ren look depressed and bow his head saddened as he watched his father's dice vanish from his hand.

Despite his failure to kill Luke, Ren was able to obtain more power in the galaxy for a year as more worlds submitted to his rule in the First Order. However, he learns of the return of the deceased Darth Sidious, the founder of the former Galactic Empire and known to the galaxy as Emperor Palpatine, who was thought to be killed by Vader. Ren then searches throughout the galaxy for a Sith wayfinder, which leads him to the Sith planet of Exegol, with the hopes of killing the phantom Emperor as a show of his power. When Ren finds the wayfinder and arrives on Exegol, Sidious reveals that he resurrected himself through untold means of the dark side of the Force, and that he has been manipulating Ren the whole time, having created Snoke as his puppet and the First Order as a means of turning Ren to the dark side and training him in the ways of the Force. Sidious promises a new Sith Empire, upon which Ren will rule as the new Emperor, stating that they will accomplish this through the Sith Eternal's massive fleet of *Xyston* -class Star Destroyers called the Final Order, though he first gives Ren the condition that he must kill Rey.

Ren searches the galaxy for Rey and continues corresponding with her through the Force, using these correspondences to discern her location. Around the same time, he learns that a spy within the First Order is selling out information to the Resistance, so he orders his troops to be on the lookout for the spy. Ren tries to locate Rey and stop her from finding the other wayfinder. Through their connections in the Force, he warns her about Sidious, tells her that she has a larger part in the story than he had initially thought, and promises to tell her the whole story in person. When they finally meet face-to-face once more, Ren reveals the truth to Rey that she is actually the granddaughter of Sidious, and that her parents lived as 'nobodies' and abandoned her in Jakku in order to protect her from Sidious, who subsequently ordered their deaths afterwards. Ren also stated that he and Rey are a dyad in the Force with extremely powerful potential when joined together, two that are actually one in the Force. He urges her once more to take his hand and to join him to defeat Sidious and take his throne together. Rey hesitates, but still refuses and escapes.

Later, he follows her to Kef Bir, an ocean moon of Endor, and meets her on the wreckage of the second Death Star. He urges her to join him again and destroys the wayfinder to stop her from going to face Sidious without him. Rey becomes infuriated and they engage in a lightsaber duel. The duel ends with Rey impaling Ren, just as a dying Leia reaches out through the Force to both of them. Leia's death helps Rey to let go of the rage she was losing herself into and realizes what she had done. Immediately regretting hurting someone she cares, Rey uses the Force to heal Ren's wound, giving him a large amount of her own life energy as she is willing to die to save him. She then leaves aboard his TIE whisper, after telling him that she did want to take Ben Solo's hand but not Kylo Ren's, which confirms that she does has romantic feelings for him but she would never join Kylo Ren in the dark side.

Alone on the wreckage, Ren sees a vision of his father, Han Solo, and in an echo of their final encounter. Han encourages him to leave the dark side and shows his affection to him by touching his face, as he previously did on Starkiller Base. Ren becomes emotional talking to his father, even close to tears. Ren tells Han that "I know what I have to do but I don't have the strength to do it." He then throws his crossguard lightsaber into the ocean, finally severing his ties to the First Order and the dark side, reclaiming his former identity as Ben Solo once again, thus abandoning his Kylo Ren identity and deciding to redeem himself from the mistakes he had previously committed.

Now moved solely by the desire to save Rey, Ben follows her back to Exegol, where he learns that Sidious is planning to sacrifice himself to Rey so that his spirit will be transferred inside her and she will claim her new role as the new Empress of the new Sith Empire. It is also revealed that Sidious has tricked Rey into leading the entire Resistance forces to Exegol so that the Sith Eternal forces can wipe them out, to ensure that Rey will be consumed by her hatred so that his sacrifice will be imminent. But Rey refuses to given to any hatred and agrees to do the Sidious' wishes to save her friends. However, when she sees that Ben arrived to help her, Rey is moved close to tears and inspired to refuse Sidious' wishes. She pretends to strike Sidious but instead she gives the Skywalker lightsaber to Ben through their connection. Ben defeats the Knights of Ren using his grandfather's lightsaber while Rey defeats the Sovereign Protectors. Meanwhile, the Resistance brings in a large armada to counter against the Sith fleet.

Unfortunately, Sidious anticipated this move as he senses Rey and Ben's connection as a dyad in the Force, and absorbs the dyad to restore a full body for himself. With his body rejuvenated and his powers in full strength, Sidious throws Ben into a bottomless pit out of complete spite against the Skywalker family for causing his previous death. Believing that Ben is seemingly disposed of, Sidious cackles evilly as he uses his full power of Force lightning to attack the Resistance armada, putting them in complete danger. However, Rey uses all of the powers from the Jedi from the past to finally destroy the Sith Emperor at the cost of her own life, thus saving the Resistance armada and allowing them to destroy the remaining forces of the Sith Eternal for good.

Following the destruction of the Final Order and death of Sidious, Ben climbs out of the pit, seeing that Rey has sacrificed herself to destroy Sidious. Ben picks her in his arms and hugs her, mourning her death as he developed romantic feelings for her. He then decides to give her a second chance by transferring his life force into Rey, successfully resurrecting her. As Rey awakens, she and Ben passionate kiss. They gaze and smile, completely in love with each other before he, while still in her arms, peacefully vanishes into the Force after having used all of his life force to revive Rey in an act of love and sacrifice.

After the destruction of Sidious and the Sith Eternal, the galaxy is finally at peace. In honor of Ben's sacrifice and love for her, Rey happily repudiates the Palpatine surname in favor of the Skywalker's as she recognizes them as her true family, thus leaving Sidious' plans for conquest and power in vain.

We were amazed by the Super Angel 750,000,000,000 transformations of Steela Oresdotter, Mistmane, Cocoa Axe, Mage Meadowbrook, and Somnambula, but when Kylo Ren saw it, it drove the Sith Lord even more mad with rage and insanity.

Me: WHOA! They transformed!

Nicole Chan: Awesome!

They fired energy blasts and obliterated Kylo Ren in an instant and he was dead and super hakaied in an instant. I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Julie and Ditya were reverting back.

Julie: (loses her beak) We got some good weapons today.

Ditya: (Loses her sushi skin) I can see that.

They were back to normal and in their birthday suits and Maria gave them new clothes.

Ditya: Wow these clothes are amazing.

Wingweaver: They sure are.

Me: Maria and the fashion team we have make amazing clothes. But you are also the first ever battleship sized Duel Monster Gene-Slammer we've seen. That is amazing.

Ditya: It sure is. I have a feeling I'm going to smell like fish for a while.

Eli: I'll keep the cats away from you.

Me: And cue Ditya in pain in 3… 2… 1…

Ditya: (holds head in pain) Looks like I won't have to worry about cats now!

Gina Pele: Reign in the power of your Duel Monster half with the strength of your will.

Simone: We did so and you can to.

Ditya concentrated and then she glowed in an aura of orange fire and then she was fully engrafted with her Suship Powers.

Ditya: Wow! That was amazing!

Wingweaver: It sure was. How do you feel?

Ditya: Incredible. (Sniffs her arm) But I still smell like fish.

Me: Lets get back to the estate. We'll take the scenic route by taking the Millennium Falcon back to Earth.

We went on board the Millennium Falcon.

Me: Here we go guys.

I got the ship going and then we were off as we left Planet Jakku.

Me: Prepare to jump into Hyperspace.

Eli: Here we go.

ZOOOM!

We jumped into Hyperspace!

After getting rid of Kylo Ren this time for good, Lincoln, Me, Nico, Eli, Nicole, Trixie Lulamoon, Lincoln's siblings, Yugi, Pharaoh Atem, Tea, Joey, Tristan, Mai, Duke, Serenity, Seto Kaiba, Mokuba, Pegasus, Marik, Ishizu, Kisara, Rebecca, Jaden, Syrus, Chumley, Tyranno, Bastian, Chazz, Zane, Atticus, Alexis, Jasmine, Mindy, Blair, Princess Rose, Jesse, Axel, Jim Crocodile Cook, Adrien Gekko, Yusei, Jack Atlas, Akiza, Leo, Luna, Crow, Sherry, Yuma, Reginald, Tori, Reginald, Noriko, Rio, Rafael, Alister, Valon, Tania, Misty, Carly, Hannah Fairchild, The Total Drama Crew, and Princess

Frosta were heading to Naboo, and not only is Lincoln going to rescue the seven girls there, but we got word that Yami Marik has returned again from the dead to get revenge on me for killing him in the past, and Jacques and Josee are with him, and Trixie Lulamoon's going to give them the nastiest reprimanding of all time.

Lincoln: Wow, we're on the planet Naboo, and I think I know what we're going to do here, not only am I going to rescue the seven girls there, but we got word that Yami Marik has returned again from the dead to get revenge on J.D. for killing him in the past, and Jacques and Josee are with him.

Me: That's right, big guy. I thought we were rid of Yami Marik when Sweetie Belle Super Hakaied him when we were facing Ulube Ishikawa.

Marik Ishtar: Same here, J.D., but he's returned again, and to make things worse, I got word from the warden that he busted Jacques and Josee out of prison, and they're helping him.

Trixie Lulamoon: Those two are going to get the nastiest reprimanding from me, and Yami Marik is going to die once again.

Lincoln: And I know how I'm going to get rid of him. Remember how I got rid of Death Adder when Tyris Flare's world merged with ours?

Lily Loud: Oh, yeah, you made the blade of your massive Sword of Taranis glow neon red with some of your poisonous blood, and with it, you cut down Death Adder and he was destroyed for good.

Marik Ishtar: Lincoln, make sure he never returns ever again, and I don't know if either myself or Ishizu told you all, but he was the one who sent our father to The Shadow Realm long ago.

We gasped in shock.

Lincoln: We didn't get told that, but thanks for telling us, Marik. I promise, you and Ishizu are going to get justice for what happened to your father.

Me: (Smiles) That's what I want to hear, big guy.

?: HELP!

Suddenly, Lincoln heard the sound of seven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the seven girls, but they've been cornered by Yami Marik, Jacques, and Josee, and they're going to kill them.

Lincoln: Guys, I found the seven girls, but they've been cornered by Yami Marik, Jacques, and Josee, and they're going to kill them. Let's go, I'm going to rip that psychopath to shreds.

We rushed on over, and Lincoln fired three rainbow energy blasts at Yami Marik, Jacques, and Josee, and it caused them to back away. When they saw us, all three of them were pissed off to no end.

Lincoln: You've got some nerve coming back, Yami Marik. I thought we were rid of you this time for good, but you just don't even know when to quit. Well, this time, I'm going to make sure you never return ever again.

Trixie Lulamoon: And don't think you two so-called figure skaters are getting out of this. I've got a few harsh words to say to the both of you.

We then piled on, and we viciously pummeled Yami Marik, Jacques, and Josee. Then, Lincoln covered his massive Sword of Taranis in his highly poisonous blood from a cut he'd made on his wrist using a dagger, and his wrist healed quickly and sealed back up, thanks to his superhuman regeneration and healing, and he drove the neon red glowing blade into Yami Marik's black heart, as he screamed in agony, and he was reduced to ashes and his spirit was destroyed forever.

Lincoln: Goodbye, Yami Marik.

Marik Ishtar: And good riddance.

This sent Jacque and Josee into a fit of rage, but Lincoln fired two rainbow energy blasts at them, and they were tied up in neon rainbow energy straitjackets, and they couldn't get out. Then, Trixie Lulamoon went up to them, and she wasn't happy in the least bit at them.

Trixie Lulamoon: No words can describe just how selfish, heartless, and arrogant you and Josee are, Jacques, but this must be said. You two are the LOWEST, SELFISH, HEARTLESS, ARROGANT, TWO-FACED, CONCEITED, SELF-CENTERED BITCHES FROM THE DARKEST DEPTHS OF THE NETHERWORLD!

Our jaws dropped to the floor in shock and awe from Trixie's reprimand, and the color on Josee and Jacques' faces was drained. Then, Lincoln went up to Trixie Lulamoon, and he hugged her in his abnormally massive and powerful muscular arms and he kissed her.

Lincoln: Trixie, that was an awesome reprimand you gave those two.

Trixie Lulamoon: Thanks, Linky. And that reprimand has caused those two to lose the color on their faces.

Then, Lincoln beamed Jacques and Josee back to prison before they could scream in rage at us, but they were put into two separate cells in Solitary Confinement, and still bound in rainbow energy straitjackets, they were chained to the walls of their cells and they're never getting out. Then, Lincoln and Nicole went up to the seven girls, and when Lincoln saw them, he recognized them immediately. The seven girls were Rin Azuma, Anastasia, Muller the Elf, Smyera, and Mejila from Isekai Cheat Magician, Natsuki Sasahara, and Naoko Kondo from Hyper Police.

Lincoln: Oh wow, it's Rin Azuma, Anastasia, Muller the Elf, Smyera, Mejila, Natsuki Sasahara, and Naoko Kondo.

Nicole: From Isekai Cheat Magician and Hyper Police, awesome.

Lincoln: Are you girls okay?

Rin Azuma: Yes, we're okay, thanks to you.

Then, when Rin Azuma and the other six girls saw who it was that saved them from Yami Marik, Josee, and Jacques, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Rin Azuma: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Rin Azuma: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We then returned home to the Estate, and Trixie Lulamoon gave Josee and Jacques the nastiest and meanest reprimanding of their lives, and thanks to Lincoln, we finally got rid of Yami Marik, this time for good, and this time, he's never ever coming back for more.

* * *

After finally getting rid of Yami Marik this time for good, and giving Jacques and Josee the nastiest reprimanding of their lives, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Ed Cowart: Well, then ladies, shall we?

Cattleya: Lead the way, Ed.

The boys took the girls by their arms, and they headed off to their destination: Costa del Sol. When they got there, it was a truly beautiful costal town with sunny climate all year round.

Cattleya: Wow, what is this place?

Ed Cowart: This is Costa del Sol, and according to the intel I gathered, it's a resort town largely built around its tourism industry, but also serves as the main port on the western continent for the Shinra Electric Power Company, a shipping route connecting it to Junon on the eastern continent.

Beast Boy: Wow, this is awesome.

Tara: You said it, but from what I remember, this is also Shinra territory, and Cloud and the others told us of some of the awful things they've done.

Haru: If anything happens, we'll call for help, and we also have our weapons in case of trouble. Now, then, shall we?

The group dived right into the water and they began swimming. Then, they also got a tan lying out in the sun and they also had a picnic lunch packed by Lynn Sr. Then, as the sun was about to set on Costa del Sol, the boys went up to the girls and kissed them. Then, they came back home to the Estate.

Me: Hey, guys, how was your date?

Ed Cowart: It was great, J.D. We went to Costa del Sol.

Nico: Costa del Sol, that resort town that Cloud and the others told us about?

Ed Cowart: The same one, Nico.

Lincoln: That's awesome. Although, I hope you all didn't run into any trouble while you were there at Costa del Sol, Cloud told us that the resort town is in Shinra territory.

Ed Cowart: Don't worry, Lincoln. There's been no sighting of any Shinra troops there. But, this also gave me an idea for a future mission: making sure that The Shinra Company pays for their crimes in full.

Lincoln: Now, that's an awesome idea! We'll consider that mission in the future.

Me: Same here.

Nico: Taking down the Shinra Company?! Ooh, now that sounds awesome!

We continued listening to Ed Cowart's time at Costa del Sol, and we found a potential spot for vacation and dates, and if any Shinra troops show up, they're dead meat.

Later it was time for Brittney's Ambassador Mission.

Brittney: Well time for my Ambassador Mission.

Lucy Loud: And it's gonna interesting going with you Brittney.

Brittney: I can't wait for you to meet Hari and Doori.

Me: You two have fun okay?

Brittney: We will dad.

Brittney and Lucy had their backpacks on and they were off.

They flew all the way to Japan and arrived in Tokyo.

Brittney: Here we are.

Lucy Loud: In Tokyo, Japan. Amazing.

Brittney and Lucy arrived at the apartment building and went to the apartment of Hari and Doori.

Brittney knocked on the door and Hari answered.

Hari: Brittney!

Brittney: Hello Hari. And hello to you Doori.

Doori: Same to you Brittney. Wow who is this with you?

Brittney: This is Lucy Loud. She is one of my best friends and is Second in Command of the Goths of Darkness.

Lucy Loud: It's a pleasure to meet you both.

Hari: Same to you Lucy. I also have one of my friends with me.

They saw a girl with brown grey hair and she had purple eyes.

Gaeun Lee: Hello Brittney. My name is Gaeun Lee.

Brittney: Pleasure to meet you Gaeun.

Gaeun Lee: I heard so many big things about the Goths of Darkness. And it's amazing how you all embody the powers of darkness to fight evil.

Brittney: Darkness comes in many forms and its a big job for us to fight the forces of evil.

Lucy Loud: It is a big job.

They went in and got tea and Gaeun was a very promising member of the Goths of Darkness. She has the amazing power to sense when a ghost was near which is really amazing. Hari and Doori told them about the new ghosts they met and helped and all that. It was a good time and Later Brittney and Lucy came back and told us all about their time and it was fun.

Next, Nico was taking us to the spot where the Autobots battled the Predaking and Nico got the crazy idea to bring him back to life to join us!

Elena: Nico, I don't know if this is a good idea.

Aligned Bulkhead: I'm with Elena on this Nico. Predaking's a Predacon, not a Decepticon. And he's not really keen on being with both factions.

Nico: I understand that but we have to at least try to recruit him.

Beast Wars Scorponok: Besides we have Predacons with us and that would make him happy.

Nico: That is true.

Eli: But we are with you all the way Nico.

Me: Yep. Lets stand ready for anything guys.

Nico snapped his fingers and resurrected THE PREDAKING!

Predaking saw us and then he saw Aligned Megatron and then…

SMASH! CRASH!

Aligned Predaking punched Megatron, sending him to the ground.

Aligned Predaking: You and I have a score to settle for my kind's destruction, Megatron!

Suddenly, Eddy shot Aligned Predaking in the shoulder.

Aligned Predaking: YOU DARE?!

Irena: Are you crazy, Eddy?!

Eddy: Well, at least I'm not Joker crazy!

Nico: PREDAKING STAND DOWN! THAT'S AN ORDER!

Predaking: You are in no position to give me orders!

Nico: Oh I am! As your superior I command it!

Nico showed his Decepticon Leadership Medal!

Predaking: A Deception Leadership Medal!? Where did you get that?

Nico: I earned this when we destroyed Unicron. The War between the Autobots and The Decepticons ended when we brought both sides together and united to bring down Unicron.

Aligned Predaking: While I am glad that the war is over, it doesn't change the fact that thanks to Unicron, the skeletons of my deceased Predacon ancestors are no more. And then there's the matter of Sky Lynx and Darksteel, who got killed all because Starscream got lucky in activating Darkmount's defenses!

Lugnut: We are truly sorry to hear that.

Aligned Bumblebee: (Smirks) I had a feeling Starscream was fibbing about how he escaped those two Predacons.

Me: You'll be happy to know that Starscream is dead. The one we have is a different one than the one that you know.

Nico: Also We can bring back the Predacons you lost. We have that kind of power.

Aligned Predaking: You can do that?

Beast Wars Scorponok: This is Team Loud Phoenix Storm you're talking too. They can do anything.

Terrorsaur: That's right. And believe it or not we are Predacons too.

Beast Wars Blackarachnia: That's right. It's a strange story but we are the descendants of the Decepticons.

Nico: Yeah. But watch this.

Me: Yep. Watch.

I snapped my fingers and then in beams of light came Predaking's Predacons!

They were back together!

Elita One: We actually do have someone with the same name as you. But he's the result of 5 Predacons combining.

Tarantulas: And she's not talking about me and the others.

Razorclaw: That's right. Lets show him. MERGE INTO PREDAKING!

The G1 Predacons merged and formed into G1 PREDAKING!

G1 Predaking: TA-DAH!

Nico: COOL!

Predaking: Awesome! Our allegiance is with you Nico.

Nico: Awesome!

---

Later we were getting ready.

Fuse Man: Nico, it's your turn to lead today.

Nico: I know.

The doorbell rang.

Nico: Come in!

The elevator opened and in came Bobbie Fletcher!

Bobbie Fletcher: Hey guys!

Eli: Hey Bobbie!

Nico: What's going on Bobbie?

Bobbie Fletcher: You'll like this. I have an awesome new race for you all to be in and you will never believe where it's at. It's on the planet Pandora.

We gasped in excitement!

Laney: Wow! A Race on the Planet Pandora!?

Eli: This is gonna be so awesome!

Lina: Wow! I can't wait to see Pandora!

Naruto: I'm looking forward to this one!

Apple Bloom: Me too Naruto!

Nico: Wow I think we're all excited for this one. Racing in Pandora is gonna be really amazing to see and do.

Bobbie Fletcher: Looking forward to seeing you all there.

Me: You know we're not going to miss it.

Bobbie Fletcher: Awesome! See you all there.

She left.

Nico: This is gonna be awesome! We've never had a race on a planet outside our solar system.

Nunnally: First times for everything.

Allie Wilde: It sure is.

Then Waffle Woman, Leonard, King Hiss, Ebon, Hydro Man, Metal Sonic, Heat Wave, Knightbrace, Pyros and Deker appeared.

Ebon: Can me, Waffle Woman, Leonard, King Hiss, Hydro Man, Metal Sonic, Heat Wave, Knightbrace, Pyros and Deker go with you guys? I'll even open a portal to get there.

Nico: You all sure can and that will be much faster.

Me: This is gonna be amazing.

Eli: The starting line starts at Hells Gate Mining Outpost.

Nico: Wow! That place is gonna be amazing to see for many of us. And last time all of us saw that place was when we took down Quaritch and stopped that whole operation.

Lana: Brings back memories.

Nico: Yep. Lets head to the garage and get our cars ready.

Lily: Can't we just travel like we did in space to get to Saturn?

Me: No that would take far too long. Traveling at 95% the speed of light for Jake Sully and friends took almost 6 years to get there. But

Ebon's portals will be much faster.

Nico: That's right. Lets head out!

We went to the garage.

Yumi: Brittney, can I go with you on one of your Ambassador missions?

Blackfire: I think that's a good idea.

Brittney: You sure can. I'll bring you next time when it's Nico's turn next time.

I went over to Ditya.

Me: Here Ditya you may need this.

I handed her an Exopack.

Me: The atmosphere on Pandora is poisonous.

Ditya: Oh thanks J.D.

Me: You're welcome.

We got in our cars.

Nico: Okay we're ready!

Ebon opened a portal and we drove our cars through the portal.

## PLANET PANDORA

We arrived at Hells Gate on the planet Pandora.

Nico: Here we are guys!

Me: Yep. Welcome to the planet Pandora.

Nico: You all are not in Michigan anymore. You're on the planet Pandora, 4 and a half light-years away from Earth.

Metal Sonic: The air here isn't going to poison me anyway.

Nico: No it won't. You're a robot and robots don't breathe.

Metal Sonic: True.

Lina: Wow! So this is Pandora!

Kia: This is so amazing!

Jenna: Incredible! Wow! The jungles are amazing.

Nico: They sure are. And look up at the sky.

They saw the planets Polyphemus and the moons around Pandora.

Lina: Oh wow! That is amazing!

Me: It was an amazing sight here when we first saw it.

Lina: Wow! But J.D. how can you breathe in this air? It's poisonous.

Me: I know Lina but we have this amazing power that enables us to live and breathe in any kind of planetary environment no matter how inhospitable the conditions.

Kia: Wow! That is amazing!

Warrior Lady of The Wasteland: It sure is.

Frightwig: Plus, we're immune to poisons anyway.

Mung Daal: Well, I still wasn't going to risk giving you guys poisonous Burple Nurples!

Me: We know Mung.

Nico: We still have time before the race starts. How about I show you all around the abandoned Hell's Gate complex?

Jenna: Sure!

Everyone agreed.

We walked around the base and then we went in and we saw the Hell's Gate Complex.

Waffle Woman: I remember when you guys first came here.

Me: That brings back memories. That's when I discovered that we can breathe in the poisonous air of Pandora. Really awesome.

Nico: That still surprised me too.

Me: And it was also when the Cave Race was about to begin. Let me tell you what happened.

I went over what happened during the events of Chapter 678 and I also told everyone about what happened in chapter 1009 and when I was finished everyone was floored.

Lina: Wow! That is amazing!

Kia: I didn't know you were here on Pandora before J.D.

Me: I know. It's amazing and the Na'Vi are really amazing too.

Allie Wilde: They sure are. They act in every way like the Native American Indians do on Earth.

Tundra Man: I also remember that back then, the Masters of Evil didn't have that many members.

Nico: No they sure didn't.

Me: Yeah no kidding.

Knightbrace: Didn't you guys say that this planet has its' own heroes?

Nico: Yep we sure did and that is Jake Sully, Neytiri, Trudy Chacon, Grace Augustine, Norm Spellman and Dr. Max Patel. They helped us out when we were here the second time.

Laney: I remember that.

Lina: That is amazing.

Caitlyn: But this planet also has its' own villain.

Me: And that was Colonel Miles Quaritch. But you don't have to worry about him. He's dead.

Nico: Yep. We killed him. But we'll tell you all about him.

Nico did so.

---

Colonel Miles Rick Quaritch, simply known as Miles Quaritch, is the main antagonist of the 2009 science-fiction blockbuster film Avatar and will return again as the main antagonist in its upcoming 2022-2028 sequels.

He is the brutal and fearless head of the RDA (Resources Development Administration) corporation's security detail, being depicted as a fierce colonel that follows almost obsessively his military code. Under the subsequent orders of the RDA's president Parker Selfridge in the organization's militant tatics, Quaritch is willing to do whatever he needs to harvest the Unobtanium from the planet Pandora even if it means destroying its wildlife. He therefore becomes Jake Sully's archenemy

He was portrayed by Stephen Lang, who also played Increase Mather in the TV series Salem, Norman Nordstrom in Don't Breathe, Percy "King" Dimplewade in The Nut Job, The Party Crasher in The Hard Way, Khalar Zym in Conan the Barbarian and Shrike in Mortal Engines.

Miles Quaritch was the headstrong leader of the RDA security force. The government has gone through even more searches of valuable resources in the year 2154. He sent Marines and soldiers to the planet Pandora. In the universe of the movie, humans have advanced technology allowing them to even travel farther into space, even outside the solar system, despite not reaching the level of faster-than-light yet. They find Unobtainium, a valuable resource costing $20 million per kilogram, which is found only on Pandora, the home planet of blue-skinned humanoid aliens called the Na'vi who are taller than the humans.

Two years ago, Quaritch revealed the company's actual hostility toward Na'vi by tries to wipe out Na'vi children whom responsible for setting one of their bulldozer ablaze and destroyed Grace's school for Na'vis. Though Grace managed to save most of the children, Sylwanin and few children were killed during the gunfire and thus, Quaritch had the school closed for good.

One of the marines who came to Pandora was Jake Sully, whose legs were paralyzed. His organization created scientific technology that allowed troops to go into new bodies mixed with human DNA and Na'vi DNA called Avatars (which is what the movie is named after). He ordered Jake Sully, female scientist Grace Augustine, and xenoanthropologist Norm Spellman into the Avatar operation, where Quaritch planned the three to trick the Na'vi to move out of the area where Unobtainium is found. Quaritch also promised to have Jake's legs restored should he gather intel to him.

However, Jake, Grace, and Norm believed that stealing the land of the Na'vi was wrong, and tried to persuade the RDA to close the operation, but RDA's president Parker Selfridge had no feelings for the Na'vi, ordering almost all of his troops using large helicopter-like vehicles to destroy the Hometree of where the Na'vi clan, the Omayatica, lived when he and Quarith learned from one of Quaritch soldiers Lyle Wainfleet that the Omaticaya had destroyed their bulldozers to prevent them from cut down the jungle. Quaritch later imprisoned Sully, Augustine, and Spellman into a cell chamber after releasing them from the Avatar system chambers. Later, two other humans named Trudy and Dr. Max Patel also decided to help the Na'vi by releasing the three in the cell chamber and escaped in one of the flying helicopter-like vehicles. Miles Quaritch noticed this and used a gun trying to shoot them, but was only successful at shooting Grace Augustine.

Grace slowly died, which left Jake, Norm and Trudy left, while Max stayed at the home base where the humans had landed their vehicles on Pandora. Jake later formed an alliance with the other Na'vi, along with the leader's daughter, Ney'tiri. The next day, Quaritch and all of the soldiers came up ready for the war.

A conflict/war started between the RDA human squad and the Na'vi clans. The RDA squad had AMP suits that soldiers control with a large gun, giant flying vehicles that shoot missiles, several soldiers were on the ground with guns and a few giant flying battleship vehicles. The Na'vi clans rode on bird-like animals called Banshees, including a giant bird-like animal named Toruk Macto, horse-like animals named Direhorses, and were prepared with bows and arrows. While Quaritch and his soldiers managed to kill off Trudy and Tsu'Tey, one of the Na'vi, all of the soldiers were killed off except for Quaritch. He was on a giant flying battleship, which Jake destroyed by destructing the ship's flying generator, despite Quaritch's best efforts to stop him. Quaritch then quickly went onto an AMP suit and jumped out of the battleship before it crashed, saving himself. Now alone, he advanced to the Tree of Souls to destroy it himself once and for all.

Neytiri attacked and fought Quaritch by dispatching a giant panther-like animal called the Thanator. Quaritch lost his missile gun, but found a knife and quickly killed the Thanator by stabbing it with the knife. Before he could do the same to Neytiri, Jake came in his avatar body, declaring it all to be over and having him stand down.

Quaritch did not agree with the answer ("Nothing's over while I'm breathing!"), and attacks Jake with his knife while Jake used a broken part of the missile gun to shield himself from the knife. An intense fight to the death erupts between the two marines, in which they appear evenly matched. Quaritch also lost the blade of the knife, the only weapon he had. He then tries to destroy the avatar body system chambers to disable Jake in his avatar body but does not get the chance to when Jake almost stabs him with a knife at his right shoulder. Soon, Quaritch held Jake on his hair and was about to kill him in his Avatar body with the new knife.

However, Neytiri managed to aim two arrows at Quaritch, which killed him and caused his AMP suit to fall to the ground, ending with his menace. Jake and Neytiri united, with the Na'vi winning the war after Quaritch died. The RDA surrendered and returned to Earth, while Norm and Max also stayed on Pandora with Jake Sully, who had his consciousness transferred into his Avatar body permanently, proving that Quaritch was wrong when he told him that he would never be a Na'vi.

---

When he was done everyone that hadn't heard about it was shocked!

Twilight Sparkle: That man was a monster!

Applejack: Why that no good sidewinder!

Sunset Shimmer: He tried to destroy the Na'Vi!? That's madness!

Nico: Yeah no kidding.

Lincoln: You know, I've been sensing quite a pattern. First, during your rescue, J.D., Kylo Ren returns from the dead on the Planet Jakku to get his revenge on you for killing him. Then, during my rescue on Naboo, Yami Marik had returned from the dead again for the third time in a row to get his revenge on you for killing him in the past, and he also broke out Josee and Jacques who also wanted revenge on us for throwing them in prison.

Me: Same here, big guy. I was just wondering the same thing myself.

Nico: Me too, Colonel. (Shocked) Wait, does that also mean…?

Lincoln: Yep, and if I'm not mistaken, when we're racing on the planet Pandora, we're going to run into another old enemy of ours who wants revenge on all of us.

Me and Nico: (Gasps) Colonel Miles Quaritch?!

Lincoln: The very one, guys.

Lori: Even after we got rid of him last time, he literally doesn't know when to quit. Well, we'll make sure he never returns again.

Lincoln: You said it, Lori, as soon as we see him, I'll turn him into a human pretzel for this!

Nico: (Smirks) Did you just make the same threat as Lori that you're going to turn Quarritch into a human pretzel, big guy?

Lincoln: Yeah, I did, Commander.

Me: He's right though, besides, from what we've seen, those abnormally massive and powerful upper and lower body muscles of his aren't just for show, he's put them into action many times.

Nico: Yeah, during training in the gym, and I can't forget all those times he's lifted up the couch when he was giving Luna a hand in vacuuming underneath or even his own bed when he's also vacuuming his room, carrying heavy machinery when Lana's fixing up Vanzilla 2.0 and when we're doing work on our cars, even doing some heavy lifting around town. (Smirks) Okay, big guy, when we take down Quaritch, you can turn him into a human pretzel, just make sure he screams in extreme pain.

Lincoln: (Smirks) You got it.

King Hiss: I have a feeling he's going to back sometime today.

Eli: Yeah I sense it.

Me: We'll have to keep our eyes peeled for him.

Nico: Yep. But he didn't expect us to be here and breathe in the poisonous air. Now he is gonna get a surprise to see many more of us.

Me: Yep.

Blast Man: Should we get ready for the race?

Nico: The race should be starting any minute now. Lets get ready!

We went to our cars in the garage of Hells Gate and we got them ready.

Dick Dastardly was there too and so were the Wacky Racers.

Nico: Awesome having you all here with us.

Penelope Pitstop: (Valley Girl Accent) Wouldn't miss this for anything.

Peter Perfect: It'll be awesome.

Rufus Roughcut: Looking forward to this.

Me: Boy so am I. This is gonna be amazing to race on a planet far from home.

Nico: It sure is.

Deker: Is everyone ready?

Me: We sure are. The race is just about to start.

Nico: For those of you who don't have our powers do you guys have your Exopacks?

They held up their Exopacks.

Nico: Thank goodness. Just checking.

Billy Natson came.

Billy Natson: AND Welcome to another one of the most amazing events in racing history! Hello I'm Billy Natson and we have an amazing and awesome event for you today. For the first time in racing history we are doing a race on the very planet that was home to the Unobtanium Mining Operation, our closest planetary neighbor, The Planet Pandora! WOW! We have with us our very own Team Loud Phoenix Storm and their awesome frenemies in the Masters of Evil! Are you excited for a magnificent race!?

We cheered!

Billy Natson: And J.D. this must be your first time racing on another planet.

Me: It sure is Billy and I'm really excited to race on Pandora. We helped the Na'Vi get rid of Quaritch so we're going to have fun on this Race and BURN RUBBER! WOO!

Billy Natson: Good for you! And that was an amazing adventure for you. Lets get this race started!

Krysta: ALL RIGHT RACERS! TAKE YOUR MAKES!

We revved our cars!

Krysta: GET SET!

We were ready!

Krysta: (WAVES THE GREEN FLAG) REV UP AND GGOOOOOOOOOOOOO!

We zoomed out of the garage and we were flying over the rainforests of Pandora!

Billy Natson: AND THEY'RE OFF!

Oceanus Shenron: Eat my dust, slowpokes!

Apple Bloom: I don't think so!

The Cutie Mark Crusaders car zoomed passed her and with Eli and Nunnally zooming too.

Me: Look at the river down there.

We saw the river and it was beautiful and the Banshees and the creatures were amazing.

Eli: Wow!

Lina: This is so amazing!

Nico: We're coming up to the Hallelujah Mountains.

We saw the floating mountains of the Hallelujah Mountains.

Hydro Man: I didn't know mountains can float here.

Me: I don't know how that is possible but it's really cool.

Lina: Wow! Look at the size of those trees! They are massive!

Nunnally: Those are the Hometrees of the Na'Vi.

Kia: Incredible! Wow! Look at the Rock Archs. They go across many mountains.

Nico: Amazing huh? The coolest part about this planet is that at night, the plant life glows in the dark.

Varie: Wow! That is so cool!

Me: Hey look there!

On an arch we saw the Na'Vi and we saw Neytiri and Jake and Norm and Grace!

Me: Wow!

I went over.

Me: Hey guys!

Jake Sully: Wow! J.D. and everyone! Great to see you.

Neytiri: It's been a while.

Norm Spellman: How have you all been?

Me: We're doing really well. We're having a race across the planet.

Neytiri: You guys are gonna have fun. Good luck to you J.D.

Me: Thanks.

Jake Sully: We found out that Quaritch is back!

Me: Oh man! Eli wasn't kidding! We're gonna need your help to stop him.

Norm Spellman: Gladly!

Me: Hop in.

I opened the car and they came in and we rejoined the others.

Nico: Hey guys! Been a while.

Jake Sully: Good to see you again Nico! Wow there are so many more of you now.

Nico: We've grown in numbers a lot. It was one amazing adventure after the other.

Eli: Boy it sure was.

Me: Many of us are new.

We introduced ourselves.

Neytiri: Wow it's great to meet you all.

Lina: Same here Neytiri.

Me: Here's the spot we are shocked to see.

We arrived at the burned sight of the down Hometree of The Omaticaya Clan.

Me: This is it. The down Hometree of The Omaticaya Clan.

Eli: Look there!

We saw a copter and piloting it was COLONEL QUARITCH!

Me: It's him!

Sunny Tennyson: Looks like you were right, Hiss!

Nico: Oh man!

We went up to him.

Nico: Quaritch! How did you come back!?

Quaritch: I have this to be thankful for.

He revealed that he had a Dark Orb imbedded in the back of his right hand!

We gasped!

Nico: A Dark Orb! Figures!

I saw the scars from where Neytiri fired her arrows into his chest.

Me: I see those are arrow scars on your chest. Neytiri left her mark on you.

Quaritch: And she will pay for it!

Me: Not on our watch!

Then a massive army of his men came out!

Heat Wave: Looks like he brought his goon squad with him!

We saw a massive army of helicopters and military fortresses!

Me: WHOA! Brought out the whole fleet!

Nico: It's all the men we took down!

Eli: This is gonna be awesome!

Nico: Lets get them!

Quaritch was flying away.

Sandpit: He's getting away!

May: Leave him. That just means we can do our entrance on him later on.

Me: And just to be sure. Matchhead Missile, FIRE!

I fired a Matchhead Missile and it lit on fire and it hit Quaritch's Copter and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Quaritch went down and he landed in the jungle. He got out of his copter and was in the jungle.

Nico: Nice shot colonel.

Me: Thanks Commander. That will buy us some time to wipe out his men.

Jake Sully: Colonel? Commander?

Nico: We have a new leadership system. It's a long story.

Jake Sully: I'll have to hear about it later.

Pyros: Time to melt you fools!

He fired a wave of lava and melted a bunch of copters into nothing and killed a bunch of men.

Eli: Megavolt Missiles, FIRE!

Eli fired 3 Megavolt Missiles and they hit a bunch of copters and short circuited them and they exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

Me: Lets see how they like this one! Spitfire Blasters! Fire!

I fired acid blasts and they hit a bunch of copters and melted their windshields and Pandora's poisonous atmosphere flowed into the copters and gagged the men.

Nico: Wow! That was clever!

Me: It's called the Spitfire Blasters. I based them off the Spitfire Birds from 100 million years hence.

Varie: Awesome!

We were blowing the men of Quaritch apart and we got rid of them all.

William: It's entrance time!

Nico: Lets do it!

We got out of our cars and went down into the jungles as we left the cars on standby mode.

Quaritch was looking around the jungle for us when suddenly fire swirled around him and the spirits of the Loud Kids formed in the flames and then the fire formed into a tornado and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: It's over for you Quaritch!

Noah Carver: You're gonna be begging for the poisonous air of Pandora when we're through with you!

Nico: Nah. He's not worth killing anymore after we killed him once. Lets send him to prison instead.

Jake Holling: That works.

Megaforce Rangers: LEGENDARY RANGER MODE! LOST GALAXY!

The Megaforce Rangers turned into the Lost Galaxy Rangers!

We went at him and punched him all over and smashed and pulverized him brutally!

POW SMASH BIFF KROW BAM BLAM BLANG THUMP BOOM WHAM THOTH POINK SMACK WHAP BONK BOINK!

Bierk, Skartalas, H'earring, Faash, Ario, Jaal, Tangath Toborn, Iflar, Topar, Fivarth, Siado, Malvadine, Sobtjek, Lanker, and Kelvadren Blasted and pulverized Quaritch all over the place and Lincoln made true on his threat and he tied up Quaritch into a Human Pretzel and Quaritch screamed in excruciating pain!

OUCH!

Lugnut, Elena, Irena and Elita One used the Earth Cyber Planet Keys and they enhanced Lugnut's Explosive Punch, Elena and Irena's powers and Elita One's Laser Pistol and weapons 100-fold.

Lugnut and Elena: EXPLOSIVE LIGHTNING BLAST!

Irena and Elita One: BUTTERFLY LASER SHOCK!

Starlight Glimmer, Cozy Glow, Undead Skylanders and Lucy: UNDEAD MEGABLAST SUPREME!

They fired waves of energy, explosions and lightning.

Ditya Ghimire, Deker, Jake Sully, Nunnally and Eli: PANDORA MEGABLAST BURST!

They fired waves of energy.

Lincoln: NA'VI ELEMENTAL STYLE: ANURAI CLAN!

Lincoln and his harem: NA'VI FINAL SMASH: FURY OF THE NA'VI CLANS!

They summoned the Na'Vi Clans to pummel Quaritch all over and the blasts all hit him all over and smashed him into pulp.

Notacon: Sorry. But it's the big house for you!

CLICK!

We slapped the cuffs on him.

Me: But we'll send you there later. Right now we have a race to win.

Jake put his hand on mine and Nico's shoulders.

Jake Sully: Smart move sending him to prison guys.

Me: Thanks Jake.

Nico: Lets get moving with the race!

?: I will make all of you pay for what you did to Yuki Terumi!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's legs sisters, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Litchi Faye Ling: Oh crap, I was hoping never to hear that voice again. You can come out now, Relius Clover.

A figure came out of the shadows, and it was none other than Relius Clover, a psychopathic scientist and one of Yuki Terumi's allies.

Litchi Faye Ling: You have some nerve to show your face here, Relius.

Makoto Nanaya: That's right, you and Yuki tried to destroy the world, and you never cared about the lives you hurt, and you saw people as your test subjects in your sick experiments.

Lincoln: Whoa, it sounds like all of you have a nasty history with him. What can you tell us about him?

Litchi Faye Ling: Trust me, Linky, he's really bad just like Yuki Terumi.

Litchi Faye Ling proceeded to tell us about Relius Clover, and as predicted, we weren't going to like it one bit.

---

Relius Clover

Relius Clover is one of the main antagonists (alongside both Yuuki Terumi and Hades Izanami) of the BlazBlue franchise. He is Carl Clover and Ada's father and the husband of Ignis. He is a Colonel in the engineering department for the Novus Orbis Librarium, and works alongside Hazama. He became a playable character in BlazBlue starting from Continuum Shift: Extend. In Centralfiction, he was revealed to be a former leader of the Ten Sages, known as One. His life-force value hovers around 9152.

He was voiced by Jun'ichi Suwabe in the Japanese version, and by Travis Willingham in the English version.

History

In Chronophantasma, Relius mostly focuses on obtaining Kushinada's Lynchpin as he and Hazama arrive to the Ikaruga Federation. Previously, on the request of Hazama, he captured the creature Arakune and fused him with the remnants of the 11th Murakumo Unit, Lambda-11, empowering Arakune further due to Lambda's Idea Engine and also turning him into his personal servant/attack dog. Additionally, Hazama has also secured the services of the doctor Litchi Faye-Ling due to her personal problems and desire to save Arakune, but Relius majorly considered her useless aside of the theory she brought. He is also implied to know the truth behind the massacre of Bullet's unit.

Relius appears as a final boss for Carl's Arcade Run. Unimpressed with how Carl clings on humanity, Relius then attempts to goad him with an offer: To rebuild Ada as a human. Likewise, he also serves as Bang Shishigami's final boss, Bang was extremely cross at how Relius apparently manipulated Litchi, but Relius was more interested at how he brought the Kushinada's Lynchpin along with him… this is, in fact, the true form of Bang's nail, the Nox Nyctores Phoenix Rettenjou. Relius reveals that the Nox is not just capable of separating the world from the Boundary, but can also be used as a seithr nuke, to rid the world of all seithr, and subsequently push civilization back to something akin of the stone age. When asked why, Relius just replied that he's just curious on Bang's burden and awaited the phenomenon he dubbed 'Day of Destruction'.

It is later implied that Relius succeeded in taking the Rettenjou away from Bang, but he either personally did it, or he left the dirty job to Arakune. He's also the final boss of Valkenhayn's Arcade Route, where he came close in killing Valkenhayn for good (they're apparently rivals from the past), but a time disturbance sent Valkenhayn back in time. His own final boss is Hakumen, whereas after the battle, he left a cryptic remark that everything's going according to plan.

---

When Litchi Faye Ling was finished, we were indeed disgusted by Relius Clover's evil crimes.

Me: Oh, great, another psychopathic fucked up scientist.

Nico: And this bastard along with Yuki Terumi tried to destroy the world, and he views everyone he has met as his test subjects in his experiments, he's fucking sick.

Cattleya: I've had it up to hear with him to last an eternity.

Suddenly, Cattleya's blue eyes turned neon blue, and she was surrounded by a purple energy aura with swords and flowers, she unholstered her massive Giant Killer sword, and as she approached Relius Clover, she left purple energy, swords, and flowers with every step.

Cattleya: You really make me sick, Relius Clover. You're nothing but a cold-blooded and psychopathic monster who views innocent people as test subjects and pawns in your sick experiments. I will make sure that you join Yuki in Oblivion once and for all!

Then, Cattleya was surrounded by a massive vortex of dark purple energy with swords and flowers surrounding it, there was a dark purple phoenix flying around the vortex, and inside the vortex is a purple phoenix. Then, as the vortex faded, Cattleya emerged, but she was changed forever.

Cattleya grew to 6'0" in height, she had the voluptuous body of a goddess, she had purple highlights in the bangs of her now long flowing hair, she no longer wears glasses, she has neon blue eyes and a dark purple energy aura with swords and flowers surrounding her, she has a sword with flower petals around it emblazoned on her forehead, she has on phoenix earrings with the Flower Kanji in its claws and a necklace with a phoenix holding a sword in its claws for the pendant, she has on a sleeveless black and purple dress with purple phoenix on it, black blouse with flower petals on it, black leather ankle-length combat boots, and a long black sleeveless trenchcoat with flower petals on the coattails and a sword on the back. Cattleya has large black angel wings with purple tips on the large black feathers, she has on her new Bracelets of The Champions of The Universe with purple gems on her wrists, Belt of Elemental Bravery with large purple gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a purple kanji below the sword that said, "Cattleya, Former Adventurer and Amazing Swordswoman, Loving Girlfriend of Ed Cowart, Master of Nature, Swords, and Spears, Slayer of Evil, and Amazing Member of Team Loud Phoenix Storm."

カトレア、元冒険家で素晴らしい剣士、エド・カワートの愛するガールフレンド、自然の達人、剣と槍、悪の殺し屋、そしてチームラウドフェニックスストームの素晴らしいメンバー

Cattleya has transformed into SUPER ANGEL 750,000,000,000 FLOWERSTORM SWORD ANGEL OF LOVE AND HOPE!

We were amazed by Cattleya's Super Angel 750,000,000,000 transformation, and when Ed Cowart saw her, he had an atomic red blush on his face, his nose was bleeding, and his eyes turned into hearts. But, when Relius Clover saw it, he fell into a rage and tried to kill her, but she struck him in the face with her massive sword, and left a nasty cut on his face.

Me: Whoa, Cattleya has transformed.

Nico: You said it, Commander, and her transformation's got Ed Cowart blushing like crazy.

Ed Cowart: Whoa, Cattleya, you look beautiful. How do you feel?

Cattleya: (Divine Echoing Cosmic Voice of Floral Love and Hope) I feel incredible, Ed, and now, I'm going to rip this monster to shreds. (To Ed Cowart) Would you like to join in?

Ed Cowart: Of course.

Ed Cowart had transformed into Super Angel 750,000,000,000 Dark Firestorm Phoenix Angel of Underworld Justice and he unholstered his massive Slayer of Tyrants sword from his wider and muscular back, and he joined Cattleya.

Ed Cowart: (Divine Echoing Cosmic Voice of Fire and Dark Justice) **Let's rip him to shreds.**

Ed Cowart and Cattleya went after Relius Clover, who summoned Ignis Clover, his own wife whom he turned into a doll, and fired two powerful blasts of fire at them, but they absorbed the blasts of fire, and it made them stronger. Then, they fired powerful blasts of dark fire, dark blue and dark purple energy blasts, flower petals, and the souls of The Underworld at Relius Clover, and they exploded with incredible power. Then, Ed Cowart fired two purifying blasts at Ignis Clover and her daughter, Ada Clover, and turned them back to normal, and they came to us. Then, Ed Cowart and Cattleya fired two powerful red energy blasts at Relius Clover, and they sucked out all of Relius Clover's powers and abilities, and they, along with the rest of us made them our own. Then, Ed Cowart drove his blade into Relius Clover's black heart, and Cattleya beheaded Relius Clover with her Giant Killer sword, and his head and headless body exploded in purple fire, and his spirit was Super Hakaied forever.

We cheered wildly for what Cattleya and Ed Cowart did, as they holster their massive swords on their backs and power down, and Cattleya's new body, clothes, weapons, angel wings, and jewelry were permanent. Then, Ed Cowart wrapped his abnormally massive and powerful muscular arms around Cattleya, and as the two of them kissed, two phoenixes were seen flying around the skies and the souls of the Underworld were wailing as the dark fires were consuming them.

Me: Whoa.

Nico: (Smiles) Now, that's a cool display.

Lincoln: Awesome.

Then, we went back to our cars and continued on with the race.

We were racing fast.

Bllly Natson: And here comes the first racers to cross the finish line! IT'S ELI, NUNNALLY, APPLE BLOOM, SWEETIE BELLE AND SCOOTALOO!

Everyone cheered wildly! All five of them crossed EXACTLY at the same time!

We went to the Winners Circle.

Leonard: Alright! We won another race!

Me: Three in a row!

Eli, Nunnally, Apple Bloom, Sweetie Belle and Scootaloo were presented their trophies. It was a Swarovsky Crystal Trophy in the shape of the planet Pandora and it had the symbol of the Na'Vi on it as well as a race car going around it and it was awesome!

Apple Bloom: Our first race ever won!

Sweetie Belle: This was so awesome!

Scootaloo: Yeah it was!

C.M.C.'s: CUTIE MARK CRUSADER VICTORY ON PANDORA! YAY!

Applejack: We're so proud of all of you!

Rarity: We sure are.

Rainbow Dash: Way to go little buddy!

Nico: This was an awesome race. Lets head back home and celebrate at Nergal's Pizza!

We cheered!

Quaritch was sent to the Neptune Prison and put in the Cryoprison for all eternity. Then we went back to Earth.

# NERGAL'S PIZZA

We were having Nergal's Pizza.

Then Wiggum, Springfield Mafia, Springfield Bullies, Patty & Selma, Snake, Russ Cargill, Krusty, Chalmers, Skinner, Rich Texan and Bassoon Burns appeared.

Krusty: HEY HEY KIDDIES! (Goofy Laughter)

Me: Wiggum, Springfield Mafia, Springfield Bullies, Patty & Selma, Snake, Russ Cargill, Krusty, Chalmers, Skinner, Rich Texan and Bassoon Burns.

Snake: Dudes, congrats on winning another race!

William: Thanks, Snake.

Me: This was so fun! And it was a 5-Way win with Eli, Nunnally and the Cutie Mark Crusaders.

Jimbo: And Quaritch got his ass handed to him again.

Nico: Oh yeah! He sure did!

Rich Texan: I hope he likes the big house!

Me: I have a feeling he won't. But at least it's better than him being killed twice.

Patty: That's true.

Selma: (to me) We heard you went to Jakku this morning.

Me: We sure did and we got to see what Rey's home planet was like.

Krusty: Find any good weapons there?

Me: Boy did we ever.

Nico: They found blasters and lightsabers there as well as numerous Empire and Rebel ships to fix up.

Eli: It was amazing.

?: That must've been something!

A figure came out and it was VOLTIPEDE from episode 16 of Super Ninja Steel!

---

Voltipede is sent to use his draining abilities to steal all the electricity from cars in Summer Cove and use it to obliterate the Ninja Steel Rangers and steal the Ninja Power Stars. He first appears and sucks up energy from a car as he explains his plan but the beam accidentally hits Victor and Monty which forces him to retreat from the massive influx of unusual energy. He then appears in a junkyard and sucks more energy from a car where the repairman and Calvin are with the former running away in fear as Calvin morphs and battles Voltipede. Voltipede fires his lightning multiple times in an attempt to destroy him but they miss and Calvin runs off and calls for backup. Voltipede is able to see him through a mirror and does battle with him again. After being knocked down by two Ninja Star Blade slashes, Voltipede is then attacked by the Lion Fire Zord whilst the others join Calvin but he he zaps the Zord out of the skies as payback. In retaliation, the Rangers blast him with their Ninja Battle Morpher Arrow Mode Hyper Arrow Blasts and Levi's Gold Battle Morpher Star Blast but he survives and retreats to get more electricity.

Voltipede later comes back to a power plant and gathers up electricity from all around the city. He then encounters the Rangers again who morph but, right before Brody can use the Ninja Fusion Star, Voltipede fires his lightning and knocks it from Brody's hand before forcing all the Rangers away with his lightning. He then summons an army of Basherbots and battles them whilst Levi took on them. Whilst the Gold Ranger destroyed the Basherbots with his Rockstorm Blast, the other Rangers combine their Ninja Blaster attacks to form a cloud of energy to destroy him but fail. Following this however, Calvin activated his own Lion Fire Mode and fights

Voltipede who is no match for Calvin in Lion Fire Armor and is obliterated by the Lion Fire Flame Spin Final Attack. He is gigantified and the Rangers call on their Blaze Zords to form the Ninja Blaze Megazord. However, after getting bashed around for a bit, he unleashes his "full power" which conjures up a storm before wrapping his neck around the Ninja Blaze Megazord. Calvin has an idea and summons the now repaired Lion Fire Zord which blasts Voltipede back to normal and leaves whilst Voltipede is destroyed for good by the Ninja Blaze Megazord's Ranger Blast Final Attack.

---

Brody Romero: Voltipede!

Voltipede: Been a while rangers.

Me: I remember you! You were sent to steal electricity from cars to destroy the Ninja Steel Rangers to get their Ninja Power Stars.

Voltipede: That's right J.D. Good memory on you.

Me: Never missed an episode.

May: Don't even think about eating our car batteries!

Voltipede: Relax. Electro gave me some electricity before I got here.

Me: That's a relief. At least Electro gave you a jump start. But here is a bonus charge.

I fired a blast of lightning and it hit him and charged him up to 10,000%.

Voltipede: Oh yeah!

Nico: Lets get these battles started!

We got the usual battles underway.

Rarity: Rapture darling that was grand!

The Springfield Bullies were next.

Dolph: (to Sam) I hope Lincoln and the others liked Naboo.

Kearney: Still can't believe that jackass Yami Marik came back.

Sam S.L.: Yeah no kidding! Yami Marik has been a nasty monster to everyone!

Luna: No kidding dudes! But yeah Naboo was just beautiful.

Sunset Shimmer: It sure was. Padme's home planet is so beautiful and the waterfalls, meadows and castle are just amazing.

Pip-Squeak: (British Accent) With the Sith gone and Palpatine no longer causing problems it would make an amazing vacation spot.

Cozy Glow: Boy it sure was! Check it out!

Cozy Glow showed a video of the reprimanding on her phone.

---

This sent Jacque and Josee into a fit of rage, but Lincoln fired two rainbow energy blasts at them, and they were tied up in neon rainbow energy straitjackets, and they couldn't get out. Then, Trixie Lulamoon went up to them, and she wasn't happy in the least bit at them.

Trixie Lulamoon: No words can describe just how selfish, heartless, and arrogant you and Josee are, Jacques, but this must be said. You two are the LOWEST, SELFISH, HEARTLESS, ARROGANT, TWO-FACED, CONCEITED, SELF-CENTERED BITCHES FROM THE DARKEST DEPTHS OF THE NETHERWORLD!

CLANG!

Our jaws dropped to the floor in shock and awe from Trixie's reprimand, and the color on Josee and Jacques' faces was drained. Then, Lincoln went up to Trixie Lulamoon, and he hugged her in his abnormally massive and powerful muscular arms and he kissed her.

Lincoln: Trixie, that was an awesome reprimand you gave those two.

Trixie Lulamoon: Thanks, Linky. And that reprimand has caused those two to lose the color on their faces.

Then, Lincoln beamed Jacques and Josee back to prison before they could scream in rage at us, but they were put into two separate cells in Solitary Confinement, and still bound in rainbow energy straitjackets, they were chained to the walls of their cells and they're never getting out.

We had a great Hanukkah.

Deker: (To the viewers) Happy Hanukkah to you all and we hope you enjoyed this race around Pandora. I know we all have.

We enjoyed the rest of the night and went to sleep.

THE END

---

Another awesome chapter done.

The race around the world of Pandora from the 2009 movie Avatar was an amazing idea! We got to not only race around Pandora but we also took down Quaritch again and this time instead of killing him we put him in prison where he belongs. Much better than killing him a second time. The first part was for the planet Jakku from Star Wars VII and that was a really cool planet to see. We saw all the wrecks of star ships there and it was cool. The second part was for the planet Naboo and it was amazing to see that planet. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be on the planet Dagobah and that is the Swamp Planet that Luke Skywalker visited when he first met Yoda and we're going to meet an Ice Queen and an Element Valkyrie as well as a Gene-Slammer named Anna Rentgenoelektrokardiograficheskii and she was turned into an Ido the Supreme Magical Force. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Cholan the Carbuncle and the Sylveon Gene-Slammer are gonna go on my rescue and we're going to face Einon from Dragonheart! Cholan will transform in this one and get the powers of Rainbow Dragon. So I'll need the Transformation Sequence for that please. The next rescue for Lincoln is gonna be on the planet Geonosis and Lincoln and the group are going to take down Paradox from the Yu-Gi-Oh Bonds Beyond Time Movie. The next chapter is gonna be really interesting as we're going to face Edward's so-called brothers Cheesly, Alpine, Fancypants and Phillip the Platypus Brothers and we're going to make those jerks wish they were NEVER BORN!

See you all tomorrow.

# Payback Time On The Platypus Brothers

On the Swamp Planet Dagobah, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Cholan the Carbuncle and Birdie the Sylveon Gene-Slammer were walking through the murky and messy swamps.

Birdie Emerson: So this is Dagobah?

Me: Yep. This is the planet Dagobah.

Nicole Chan: Wow. It's a swamp planet.

Lina: Sounds like my kind of planet. Cool place.

Kia: And it's amazing that Yoda was exiled here too.

We walked around the planet and it was a huge and big swamp.

Me: Wow this planet is a massive muddy swamp.

Kia: It's huge.

Eli: It's amazing that Yoda was banished here even after he didn't have anything to do with what happened in the Clone Wars when he fought Palpatine.

Birdie: Yeah.

Birdie concentrated and groaned as her hair fell out.

Me: Just keep your eyes peeled though. Don't want you guys to go through like what happened in that tar pit.

Kia: Thanks J.D.

We got to watching ourselves.

Birdie turned into SYLVEON!

Ellie Singh: Awesome!

Erica: But this is amazing.

Simone: It sure is. But why would Yoda exile himself to such a swampy planet?

Me: Because of his failure to defeat Palpatine.

Nicole Chan: I remember that.

Eli: That was crazy.

Me: Yeah it sure was.

Miranda: Yoda would have been given a great home on Earth instead of on a swampy planet like Dagobah.

Me: Yeah being here all by himself must've been REALLY Lonesome.

Maria: Shrek would love it here.

Me: Maybe. But this swamp is loaded with dangerous creatures that no one would even come close to comprehending.

Eli: Yep. Dangerous place.

We walked around and then a figure came out and it was EINON!

---

In the year 984, Prince Einon is being educated by his mentor Bowen, who teaches him about the Old Code, in an attempt to prevent Einon from becoming like his tyrannical father King Freyne. The King leads his army during a peasant rebellion. Einon attends the battle and finds his father mortally wounded. Believing that his father is already dead, Einon takes his crown, but Freyne comes round and attempts to stop Einon with the last of his strength, but Einon struggles free shouting "It's mine!". The noise alerts a peasant girl named Kara, who accidentally knocks Einon onto a spike and impaling his heart, mortally wounding him. Bowen arrives and removes Einon from the battlefield and takes him home.

When his royal physicians are unable to heal him, Einon's mother Queen Aislinn takes him to a dragon, Draco, who agrees to give Einon a piece of his own heart, if he promises to rule with justice and virtue. However, Einon becomes just as evil as his father by forcing the rebels to rebuild the castle and orders the leader of the rebels (Kara's father) to be blinded. When confronted by Bowen about not following The Old Code, Einon replies that the King is above the code. Bowen replies that no one is above the code, especially the King. Bowen fights Einon's soldiers to get the point to the young King before returning to the dragon's cave, believing that his heart corrupted Einon and swears vengeance.

Twelve years later, King Einon has successfully rebuilt the castle and, while pursuing Kara after she unsuccessfully attempts to assassinate him for murdering her father, reveals to Bowen that he has been evil all along and lied about his oaths. He then fights Bowen and nearly kills him, but Draco intervenes and takes both him and Kara away.

When the rebelling peasants become more influential and formidable after Bowen, Kara, Brother Gilbert, and Draco join them, Einon is presented by his mother with dragon-slayers to kill Draco, secretly knowing it will kill him, as well. When Einon learns of this, he realizes his mother's intentions and kills her for intending to "correct a mistake made years ago, when she saved a creature not worth saving." The rebels then invade the castle and Einon fights Bowen again, ending with Einon falling off a tower into a pool.

Einon survives the fall and takes Kara hostage, but Draco forces him to release her by biting himself. Fuming, Einon tries one last time to kill Bowen by charging at him with a dagger. Draco begs Bowen to kill him, as it is the only way to truly put an end to Einon's evil. Reluctantly, Bowen does so, killing both Draco and Einon.

---

Me: Einon! You just sure as hell don't know when to quit!

Einon: As long as my hatred towards you burns, I will make you pay!

My aura flared up.

Me: You just never will learn.

Maria: Guys, swamps are full of methane, right?

Nicole Chan: I guess. Chemistry is not my strongsuit.

Me: Lets see how he likes this!

I pointed my butt in Einon's face and then…

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRTT

I fired a blast of blue fire from my butt and it burned him in his face bad! It blew him back and sent him into the mud.

Then an Ice Queen and an Element Valkyrie came and so did an Ido the Supreme Magical Force!

Element Valkyrie: Looks like we got here just in time.

Ice Queen: We sure did.

Ido: (Russian Accent) Yeah no kidding.

Me: Whoa you're an Ido the Supreme Magical Force Gene-Slammer.

Ido: That's right. I'm Anna Rentgenoelektrokardiograficheskii.

Maria: J.D., aim directly at a part of the swamp!

Me: You got it!

Maria: Right.

Maria picked me up and held me like a bazooka!

Me: Here we go! (STRAINING)

FFFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRTTTTTTTT

I fired a blast of blue fire from my butt and it hit the swamp and then….

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of blue fire exploded out around us and burned everything around us and then burned Einon.

Cholan: I've had it with this creep!

Suddenly, Cholan's red eyes turned neon red, and she was surrounded by a green energy aura with beautiful crystals and jewels, and as she approached Einon, she left green energy, beautiful crystals, crystal clusters, and jewels with every step. Then, Cholan was surrounded by a massive vortex of green energy with beautiful crystals and jewels surrounding it, there was the Rainbow Dragon flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Cholan emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Cholan the Carbuncle grew to 6'0" in height, she had the body of a goddess, she had beautiful rainbow highlights on the bangs of her long green hair, she has neon red eyes and a green energy aura with beautiful crystals and jewels surrounding her, she has the Rainbow Dragon around the red jewel on her forehead emblazoned on her forehead, she has on Carbuncle earrings with the Crystal Kanji in its paws and a necklace with a Rainbow Dragon holding a crystal cluster in its claws for the necklace, she has on a sleeveless white shirt with a rainbow phoenix on it, black pants with crystals on it, black leather ankle-high combat boots, she has large green angel wings with shimmering rainbow tips on the large green feathers, and a sleeveless brown trenchcoat with crystal clusters and jewels on the coattails, and on the back is a carbuncle and Rainbow Dragon with jewels surrounding it. The massive, wide, double-edged blade of Cholan's Sword of The Crystal Beasts grew to 6'5" in length and the long black handle grew a little longer, Cholan has on her new Bracelets of The Champions of The Universe with rainbow gems on her wrists, Belt of Elemental Bravery with large rainbow gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a rainbow kanji below the carbuncle and the Rainbow Dragon that said, "Cholan the Carbuncle, Legendary Carbuncle of South American Folklore, Loving Future Wife of James Dean Knudson, Dear Friend of Miia and the Monster Girls, Master of Crystals and the Crystal Beasts, and Emissary of The Rainbow Dragon."

カーバンクルのチョラン、南米の民間伝承の伝説的なカーバンクル、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、ミイアとモンスターの女の子の親愛なる友人、クリスタルとクリスタルの獣のマスター、そしてレインボードラゴンの使者

Cholan the Carbuncle has transformed into SUPER ANGEL 750,000,000,000 RAINBOW CRYSTAL DRAGON CARBUNCLE ANGEL OF LOVE AND HOPE!

We were amazed by Cholan's Super Angel 750,000,000,000 transformation, and when I saw her, I had an atomic red blush on her face. But, when Einon saw it, he fell into a rage.

Me: Whoa!

Cholan: (Divine Echoing Voice of Crystal Hope) **Hope you have your will written Einon.**

Cholan went at Einon and kneed him in the face and kicked him in the stomach and punched him in the face and then she kicked him in the face and smashed him down and then she slashed him in half down the middle and split him in two and then a creature came and ate his remains.

YUCK!

Me: AWESOME!

Cholan reverted back and her clothes, jewelry and weapons were permanent. I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Birdie and Anna were reverting back.

Birdie: (regains her hair) Sorry if the swamp is too gross for you.

Anna Rentgenoelektrokardiograficheskii: I'll be all right. At least I came out all right.

They both were back to normal and Maria gave them new clothes.

Anna Rentgenoelektrokardiograficheskii: These clothes are amazing!

Maria: Thanks Anna. They are for the Gene-Slammers that don't have clothes.

Warrior Lady of The Wasteland: They sure are something though.

Me: And cue Anna in pain in 3… 2… 1…

Anna Rentgenoelektrokardiograficheskii: (holds head in pain) Is if things couldn't get even more gross around here!

Simone: Reign in the power with the strength of your will Anna.

Miranda: That's right. We did so and so can you.

Anna concentrated and then a purple aura with stars flared up and she was fully engrafted.

Anna Rentgenoelektrokardiograficheskii: Wow! That was intense!

Me: Lets head home.

Ice Queen: Good idea.

We went back home to Earth. We told everyone what happened on Dagobah and it was awesome.

After getting rid of Einon this time for good, Lincoln, Me, Nico, Eli, Nicole, May, Yugi, Pharaoh Atem, Tea, Joey, Tristan, Mai, Duke, Serenity, Seto Kaiba, Mokuba, Pegasus, Marik, Ishizu, Kisara, Rebecca, Jaden, Syrus, Chumley, Tyranno, Bastian, Chazz, Zane, Atticus, Alexis, Jasmine, Mindy, Blair, Princess Rose, Jesse, Axel, Jim Crocodile Cook, Adrien Gekko, Yusei, Jack Atlas, Akiza, Leo, Luna, Crow, Sherry, Yuma, Reginald, Tori, Reginald, Noriko, Rio, Rafael, Alister, Valon, Tania, Misty, Carly, and Hannah Fairchild were heading to the planet Geonosis, and not only is Lincoln going to rescue the fourteen girls there, but we're also going to kill Paradox, the enemy of Yugi, Jaden, and Yusei, who's returned from the dead to get revenge on them.

Lincoln: Wow, we're on the planet Geonosis, and I think I know what we're going to do here, not only am I going to do here, not only am I going to rescue the fourteen girls there, but we're also going to kill Paradox, the enemy of Yugi, Jaden, and Yusei, who's returned from the dead to get revenge on them.

Me: That's right, big guy.

Yugi: I can't believe Paradox has returned from the dead.

Jaden Yuki: I thought we got rid of him long ago. But, it looks like he's returned from the dead to get revenge on us.

Eli: But, this time, he's going to die this time for good.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fourteen girls, but they've been cornered by Paradox, and he's going to kill them.

Lincoln: Guys, I found the fourteen girls, but they've been cornered by Paradox, and he's going to kill them. Come on, let's go.

We transformed and we rushed on over, and Lincoln punched Paradox hard in the face shattering his mask, and sending him crashing into the ground. When Paradox got up, he was indeed enraged.

---

**Paradox** is the main antagonist of *Yu-Gi-Oh! 3D Bonds Beyond*

*Time* . He is a time traveler aiming change his destroyed future by killing Maximilian Pegasus.

The Paradox seen in the movie was an android replica given the memories of the real Paradox, who had died of old age before the events of the film. He is the only one of Z-one's comrades to not guard a Planetary Particle as he was defeated before then. Sherry LeBlanc replaces him as the third guard of a Planetary Particle.

He was voiced by Atsushi Tamura in Japanese and Sean Schemmel in English.

Paradox was one of mankind's last four survivors in an apocalyptic future, along with Z-one, Aporia and Antinomy. Unlike his fellow survivors, not much of his backstory prior to meeting the other survivors is shown.

At one point Paradox died of old age, followed soon by the other survivors except for Z-one. Z-one then built androids with the appearance and memories of the deceased survivors and sent them to the past with the goal of changing the apocalyptic future.

The android based after Paradox was given the mission to kill Maximillion Pegasus, as his death would cause Duel Monsters to be eliminated therefore the future would never be destroyed by it. Paradox traveled to the New Domino City, during Yusei Fudo's time. He interrupted a Turbo Duel between Yusei, Crow Hogan and Jack Atlas. Yusei has just Summoned "Stardust Dragon", but Paradox absorbed it into a blank card. He showed Yusei the corrupt card, when confronted, before vanishing through time again.

He traveled further back in time to Venice, during Jaden Yuki's time. Once there he started stealing cards from various classmates of Jaden, including Jesse Anderson's Rainbow Dragon. Causing massive destruction, Paradox attacked Jaden with "Cyber End Dragon" and "Rainbow Dragon". "Elemental Hero Neos" protected Jaden, so Paradox Summons "Stardust Dragon" to fight off "Neos". However, Yusei who has traveled back in time with help from the Crimson Dragon arrived and saved Jaden. Paradox left and jumped back in time again.

This time, Paradox visited an event where Pegasus is giving cards to young children, in Yugi Muto's time. Paradox used "Cyber End Dragon," "Rainbow Dragon" and "Stardust Dragon" to attack the area, killing many people, including Pegasus and Solomon Muto. Yusei and Jaden arrived in this time and recruit Yugi, who survived Paradox's attack to fight Paradox.

Yusei, Jaden and Yugi traveled back in time to exactly thirty minutes before Pegasus' event and confronted Paradox before he could attack the crowd again. He faced them in a 3-on-1 Duel. Paradox used "Malefic World" and his corrupt "Malefic" counterparts of existing monsters. Yusei, Jaden and Yugi managed to retrieve "Stardust Dragon" from him, and by combining it with their cards, they destroyed Paradox's "Malefic Truth Dragon" and won the Duel, which destroyed Paradox in the process.

---

Lincoln: (Divine Echoing Cosmic Elemental Thundersnow Voice of Justice) Paradox, your vile crimes against the world of Duel Monsters and mankind can never be forgiven.

Paradox (Yu-Gi-Oh): I was trying to prevent the destruction of my world in the future!

Lincoln: (Divine Echoing Cosmic Elemental Thundersnow Voice of Justice) **That's a load of crap, and you know it! You failed to realize that by messing with time, you'll bring about nothing but calamity and chaos, and for your crimes, you will pay the ultimate price for your extremist ways!**

We fired powerful rainbow energy blasts and elemental blasts at Paradox, and then, Lincoln stabbed Paradox in his black heart with his massive Sword of Taranis, and Paradox exploded in a purple flame and his evil spirit was Super Hakaied forever. We holstered our massive swords on our backs and we powered down. Then, Lincoln and Nicole went up to the fourteen girls, and when Lincoln saw them, he recognized them immediately. The fourteen girls were Ueno, Yamashita, Kitanaga, Unogawa, Nishihara, and Minamine from How Clumsy You Are, Miss Ueno, Kimi Aoi, Tomo Asama, Adele Balfette, Flores Valdes, Futayo Honda, Mary, Juana, and

Nate Mitotsudaira from Horizon In The Middle of Nowhere.

Lincoln: Oh wow, Ueno, Yamashita, Kitanaga, Unogawa, Nishihara, Minamine, Kimi Aoi, Tomo Asama, Adele Balfette, Flores Valdes, Futayo Honda, Mary, Juana, and Nate Mitotsudaira.

Nicole: From How Clumsy You Are, Miss Ueno and Horizon In The Middle of Nowhere, awesome.

Lincoln: Are you girls okay?

Ueno: Yeah, we're okay, thanks to you.

Then, when Ueno and the other thirteen girls saw who it was that saved them from Paradox, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ueno: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ueno: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We then returned home to the Estate, and when we showed everyone what Lincoln did to Paradox, they cheered for him and hugged him, and they also liked how Lincoln told Paradox off.

* * *

After getting rid of Paradox this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Ueno, Yamashita, Kimi Aoi, Tomo Asama, Futayo Honda, Juana, Nate Mitotsudaira, Angela Balzac, Najica Hiiragi, Nakuru Narumi, Petralka Anne Eldant III, Ritsuko Akagi, Yuya Shiina, Isuzu Sento, Hsien-Ko, Felicia, Morrigan Aensland, Ulala, Super Sonico, Ajna, Asuka Kazama, and Lili De Rochefort were getting ready for their beach date, and this time, it's at Sirena Beach in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a pair of large orange swim shorts with a Thunderbird and Buffalo with elemental forces on them, he still had on his jewelry and weapons holstered, in case of trouble.

Ueno was dressed in a two-piece orange bikini with the Science Club logo on it, Yamashita was dressed in a two-piece white bikini with the Science Club logo on it, Kimi Aoi was dressed in a two-piece white bikini with Ame-no-Uzume-no-Mikoto on it, Tomo Asama was dressed in a two-piece black and red bikini with a Shinto Gate on it, Futayo Honda was dressed in a two-piece blue bikini with a spear on it, Juana was dressed in a two-piece white bikini with an elven on it, Nate Mitotsudaira was dressed in a two-piece white bikini with a werewolf on it, Angela Balzac was dressed in a two-piece green bikini with a space station on it, Najica Hiiragi was dressed in a two-piece black bikini with a perfume bottle on it, Nakuru Narumi was dressed in a two-piece white bikini with a cat on it, Petralka Anne Eldant III was dressed in a two-piece blue bikini with an elf on it, Ritsuko Akagi was dressed in a two-piece purple bikini with the Evangelion logo on it, Yuya Shiina was dressed in a two-piece light purple bikini with flowers on it, Isuzu Sento was dressed in a two-piece red bikini with angels on it, Hsien-Ko was dressed in a two-piece purple bikini with bats on it, Felicia was dressed in a two-piece white bikini with cats on it, Morrigan Aensland was dressed in a two-piece dark purple bikini with bats on it, Ulala was dressed in a two-piece white bikini with saucers on them, Super Sonico was dressed in a two-piece white bikini with a guitar on it, Ajna was dressed in a two-piece white bikini with Inca glyphs on it, Asuka Kazama was dressed in a two-piece blue bikini with the Tekken logo on it, and Lili De Rochefort was dressed in a two-piece white bikini with the Tekken logo on it.

Lincoln: Alright, ladies, shall we get going?

Ajna: Of course, Linky. Let's get going.

Lincoln and the girls left the Estate, and they were heading for their destination. When they arrived at Sirena Beach in the world of Mario, it was a beautiful place, and it was home to the famous four-star hotel and seaside resort Hotel Delfino.

Asuka Kazama: Wow, what is this place?

Lincoln: This, Asuka, is Sirena Beach. It's a beautiful place to go, and it's also home to the famous four-star hotel and seaside resort Hotel Delfino.

Lili De Rochefort: Amazing. One day, we should check into the Hotel Delfino and check out the facilities there.

Lincoln: That's a good idea, Lili. Well then, shall we?

Lincoln and the girls dived right into the water, and they began swimming in the clear waters, then they rested on towels they placed on the sand and got a tan, and they also had a picnic lunch that Lynn Sr. packed for them. Then, as the sun was setting on Sirena Beach, Lincoln made clones of himself, and he and the clones went up to the girls, and they shared a romantic and passionate kiss as the sun turned orange as it set. Then, Lincoln and the girls returned home.

Nico: Hey, Linc, how was your beach date?

Lincoln: It was awesome, Nico, we went to Sirena Beach in the world of Mario.

Nico: Sirena Beach? Whoa, and I heard that it's also home to the Hotel Delfino, the famous four-star seaside resort and hotel. That's awesome.

Lincoln: We also took pictures of the place.

Lincoln showed us the pictures of Sirena Beach and Hotel Delfino, and it was awesome.

Me: Wow.

Lincoln: And next time when we go on vacation, we'll definitely check into Hotel Delfino, and we'll also check out the facilities there.

We continued listening to how much fun Lincoln and the girls had on Sirena Beach.

---

Later Twilight Sparkle and Lincoln were getting ready for Twilight Sparkle's ambassador mission and Lincoln was gonna go with her to meet Nate and Whisper.

Twilight Sparkle: Next time, Kaos is coming with me.

Me: Good idea Twilight. Nate and Katie will love meeting him.

Nico: They sure will. I think it's awesome.

Twilight Sparkle: Well see you guys shortly.

Lincoln: We'll be back soon.

She and Lincoln were off to St. Peanutsburg.

They arrived and Nate saw them.

Twilight Sparkle: Hey Nate.

Nate: Twilight Sparkle! Awesome to see you here!

Twilight: Nate, I'd like you to meet my boyfriend.

Lincoln: Lincoln Loud. Nice to meet you.

Nate: Awesome to meet you Lincoln! I heard so much about you.

Lincoln: Awesome to meet you too.

Nate: You're a very powerful force in all of Team Loud Phoenix Storm.

Lincoln: Yeah I get that a lot.

Nate: I hope you and Twilight eventually have a big wedding with all of your many friends present.

Lincoln: We sure as heck will Nate. But that's not for a long time.

Twilight Sparkle: But it will be awesome.

Twilight Sparkle: Has anything big been happening since my last visit?

Nate: Well thanks to you I got the courage to tell Katie how I felt. I told her I love her.

Twilight Sparkle: (Squeal)

Lincoln: That is awesome!

Twilight Sparkle: What about any Yokai?

Nate: Been busy.

Whisper: We caught a Yokai called Cheeksqueak.

---

Cheeksqueek has a pink, peach-shaped head with rosy cheek marks and a single swirl of hair on top. His eyes are squinted and he has two tiny nostrils. He wears a light brown bib with the he (へ) character on it, and a pair of baggy green pants with darker vertical stripes. His limbs are proportionally thick to the rest of his body.

Cheeksqueek is a mischievous Yo-kai whose uncouth pranks and habits garner him the dislike of others.

Cheeksqueek can make people gassy by spraying an orange mist from his mouth. He can even propel himself by means of his own flatulences.

Cheeksqueek first appears in Yo-kai Cheeksqueek, in which he uses his power on Katie, much to her embarrassment. Upon being confronted by Nate, Cheeksqueek switches target to him, making him fart multiple times despite his earnest attempts to dissimulate it. Chasing him to the school's roof, Nate first summons Jibanyan, but Cheeksqueek is quick to inflict him with the same misery. He then summons Robonyan, who first tries silencing the sound, then changes the smell to roses, sending it Cheeksqueek's way. He finally stuffs a roasted sweet potato in his mouth (a food known to give gas when eaten in excess) to cause him the same embarrassment he's been inflicting on others. Having been put to shame, Cheeksqueek gives Nate his Yo-kai Medal.

---

Twilight Sparkle: Boy that is crazy.

Lincoln: A farts Yokai? Funny.

It was a funny adventure.

Later Twilight and Lincoln came back.

May: How was it?

Twilight Sparkle: It was great!

Twilight told us all about it and it was great.

Lincoln: We had an awesome time and meeting Nate was great.

Me: Awesome!

Ashi: Has anyone seen Samson?

Nico: I think he is at the Camp Kidney Mess Hall.

Laney: Wonder why he is there.

Samson came back.

Laney: Hey Samson. Where did you run off to?

Samson: Oh just went and got this.

He had a chocolate bar in his hands!

Edward: Where'd you get that!?

Samson: Oh this old thing? Got it from the Junk Food Vault.

The campers gasped!

Dave: That's impossible!

Pingpong: No one can get passed that security system!

Me: Sounds like junk food is one of the things that Chef McMuesli hogs.

Edward: Yeah.

Hinata: Can you show us how you did it?

Samson: Sure.

We went to Camp Kidney and Samson was at the cellar door.

Edward: Good luck getting passed the trap door.

Samson opened the cellar door and the trap door didn't open.

Lazlo: Look! His orthopedic shoes didn't trigger the sensors! Go Samson!

He went in.

Edward: He'll never get passed the useless security cameras!

He went and got passed them.

Then he made it to the cellar!

Lazlo: No one has ever made it to the cellar before!

Samson pressed his inhaler and revealed a laser grid!

Me: Whoa! McMuesli has a REALLY Tight security network!

Nico: No kidding! Wow!

Eli: That is overkill.

He went through the lasers and they bounced off his glasses and he got to the safe and opened it by spraying his foot spray and it melted the lock off and he opened it and he went in and got a bunch of candy out!

Hellbat: Not a single laser touched him!

Me: No they didn't.

Everyone: CHEF MCMUESLI!

McMuesli: NOT SO FAST!

Samson: Uh oh!

I busted in!

Me: Let him go turnip head!

McMuesli: Or you'll what!?

I pointed my butt at him and then…

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRR

I fired a massive blast of blue fire from my butt and burned him to a crisp and Samson came out with a lot of candy and we cheered for him and I came out with him!

Chromia: Look at all this candy!

Samson: Yep. Enough for everyone in camp 100 fold.

Edward: That was amazing Samson!

Nico: Boy it sure was.

Eli: McMuesli better think twice about messing with you bro.

Me: Yep. I hope he likes the smell of blue apocalyptic chili.

We laughed.

We were having Candy.

Skullcruncher: J.D., I like candy as much as the next person. But I should remind you that it's your turn to lead today.

Me: I know Skullcruncher. Thanks.

Poromon, Manaphy and Poliwag were playing with Edward's Veronica Doll.

Me: Hey is that Edward's Veronica Doll?

Manaphy: Yeah we found it.

Selma & Patty, Wiggum, Springfield Mafia, Springfield Bullies, Snake, Russ Cargill, Krusty, Chalmers, Skinner and Rich Texan then appeared.

Selma: Can me, Patty, Wiggum, Springfield Mafia, Springfield Bullies, Snake, Russ Cargill, Krusty, Chalmers, Skinner and Rich Texan go with you guys?

Patty: (sees the candy) WHOA! Look at all the candy!

Me: Samson got it and to answer your question yes you all can come with.

Edward came in and he was frantic!

Edward: GUYS!

Me: What's wrong Edward?

Edward: My brothers sent me this!

He gave me a note.

Me: (Reading) "Dear Little Edward, We have your precious little doll Veronica. If you want to see your precious little doll again you will give us $10,000,000.00 in cash and give us full control of Camp Kidney. Leave the money in your cabin by 4:40 this afternoon. No funny stuff or else Veronica gets it."

There was a picture of Veronica being put on a fire with marshmallows.

Me: Signed Cheesly, Alpine, Fancypants and Phillip the Platypus Brothers.

Edward the Platypus: Cheesly, Alpine, Fancypants, and Phillip, my so-called older brothers.

Nico: Linc, your tracers definitely worked, and those four came slithering back here for more. Looks like Twilight's reprimand went in one ear and out the other. Boy, they sure are that stupid.

Me: Well, now, we're going to make those jerks wish they were never born.

Lincoln: If those jerks want to cause havoc in Gotham Royal York and do whatever they want, they've got another thing coming.

Me: You said it, Lincoln. Come on, gang, we're going to pummel those jerks and give them what they deserve for their crimes.

Apeface: I was wondering when those jerks would make another move!

Me: Those duckbilled freaks will pay for this! But is that your Veronica doll right there Edward?

Edward saw Veronica.

Edward: That's her! Poromon, how did you get her?

Poromon: We found her in your cabin.

Edward: But if you guys have had Veronica then what do my brothers have?

Me: Well we're not going to find out by sitting here. Lets go.

Manaphy: Sorry, Edward. Me and Horsea wanted to play with her.

Fat Tony: Don't worry about it, Manaphy.

Kearney: At least she's safe with us.

Me: Smart thinking though. At least Edward's so-called brothers are really stupid.

Nico: That's right.

Me: Lets get going to Camp Kidney!

Dolph: Wait. Weren't you guys just at Camp Kidney earlier?

Heckyl: I know. It's very tiring to go back there twice in one day.

Me: Well this time is different!

Nico: Yeah Edward's jerky brothers are causing problems!

Jimbo: Alright, is everyone ready to go?

Legs: If you need to do anything else, do so before we leave.

Me: I think we're all right. Lets roll!

We were off to Camp Kidney.

We arrived in Prickly Pines.

Heat Man: Hey, guys. Remember when this place was mistakenly called Camp Dinkey?

Patsy Smiles: That was amazing.

Me: Interesting. Now it's time to find those overgrown stuffed chickens and tear them apart!

Nico: What they do to Edward is awful and we're gonna pulverize them to pulp.

Skinner: Wait. Chip, were you and Skip in Edward's cabin when Manaphy and Horsea borrowed Veronica?

Louie: Usually, you two usually hang out there.

Chip: Yeah we gave Veronica to them.

Skip: It was all right with us.

Edward: Boy you two picklebrains did a smart thing for once.

We saw them roll around in garbage.

Junk Man: Ew! Chip, that better not be garbage that you and Skip left laying around!

Edward: They are Dung Beetles Junk Man. They live in filth and muck.

Junk Man: Oh. Right.

Me: Lets focus everyone.

Cargill: Manaphy, after you and Horsea borrowed Veronica, you must've left some sort of decoy for Edward's brothers to snatch.

Manaphy: We sure did. We put a pickle with a Marshmallow for a head in Veronica's in its place.

Laney: Very smart thinking.

Lola: It sure was.

Eli: Looks like Edward's putrid brothers didn't even know what a doll looks like.

Nico: Being the big brainless idiots they are I would say not.

Frenzy: Wait. Lazlo, didn't you use that kind of doll before?

Lazlo: I sure did and Edward blew it up and it rained pickles and marshmallows.

Nico: That's funny.

Me: Cool.

Slinkman: I think we need some backup for this.

Snake: Dude, where are you going?

Slinkman: I'm calling Hoo Ha. It's what I should've done the first time Edward's brothers caused trouble.

Me: Good idea Slinkman.

Nico: Lets get ready.

Eartha: (to McMuesli) Look, we just want to say how sorry we are about earlier.

McMuesli: I am sorry myself. But J.D. where did you learn how to use lethal farts like those?

Me: I had Chief Wiggum's chili.

Wiggum: I make really amazing chili and J.D. loves it.

Laney: He eats it every day.

Me: Yep.

McMuesli: Wow. But I shouldn't have hogged all that candy like that. I was following Lumpus's rules.

Me: Lumpus is in the nuthouse so it should be Heffer's rules now and he says that all food is welcome.

Hoo Ha answered.

Hoo Ha: Hello?

Chalmers: Hoo Ha, it's Chalmers.

Hoo Ha: Hello Chalmers what can I do for you?

Chalmers told him everything and then…

Hoo Ha: THE PLATYPUS BROTHERS DID WHAT!?

HE CAME BACK LIKE A RABID BUFFALO!

Edward: How about we get my parents involved too?

Demona: I'm already calling them.

Me: Awesome.

Demona called in Mr. & Mrs. Platypus.

Edward's parents came and they were told everything.

Mrs. Platypus: When I get my hands on those boys-

Krusty: Let it out, Edward's Mom. No one will blame you if you do.

Mrs. Platypus: Okay.

She then ranted up a massive storm and did a lot of swearing and more.

She was done 45 minutes later.

Me: You better?

Mrs. Platypus: Yeah. I'm done. But I'm still gonna punish those clods! Edward I'm so sorry about everything.

Edward: It's all right mom.

Scratch: Let's go after them!

Grounder: Really, genius? Even though we don't know where they are?

Me: Is that them over there?

We saw the Platypus brothers lounging in lawn chairs in the middle of Camp Kidney.

Me: Good thing we're in the middle of the forest.

Rich Texan: After we let those idiots kill the decoy, we'll do our entrance and enjoy pickles and marshmallows before the beatdown!

Me: Okay.

I pulled out my binoculars and saw that they were lounging and having a relaxing time.

Me: Look at those dumbhead morons.

Nico: They make me sick just looking at them. What a bunch of ugly freaks. I got something to say to them.

Nico threw a note tied to a brick and it hit Cheesly on his head.

BONK!

Cheesly: OUCH!

He saw the brick and read the note.

Cheesly: "YOU SUCK YOU JACKASS! LOVE EDWARD." WHY THAT ROTTEN LITTLE!

Edward came.

Cheesly: We knew you'd see it our way, Edward. Got our $10,000,000.00 and the deed to Camp Kidney or do we have to prove our point here?

Edward: Go ahead and kill that doll. I couldn't care less.

Wolfgang: (whispers) (Australian Accent) Wait for it.

Cheesly: Oh so you don't want your doll? Okay.

He ripped it apart!

Me: Now!

We went at the brothers!

Then the spirits of the Springfield citizens swirled around the brothers and then spun around and converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then we came out.

Me: You jerkwads are in really big trouble!

Nico: Yeah!

Me: And another thing, that doll you have? It was actually a pickle with a marshmallow for a head!

They saw that I was right!

Cheesly: Wait. That was the wrong doll?!

Fancypants: You tricked us!

Me: Yep.

Wiggum: Hey, we didn't intend to set off that plan! But now, we'll make sure it gets its' results!

Me: And now we're going to pulverize you into pulp! But first your mom has something to say to you.

The Platypus Brothers mom was livid. NO! She was Beyond Livid! SHE WAS FURIOUS AND INFURIATED! IF THERE WAS A 15TH LEVEL OF RAGE SHE WOULD BE RIGHT AT IT!

Cheesly: Hey mom.

Mrs. Platypus: (INFURIATED) DON'T YOU "HEY MOM" ME CHEESLY! YOU GUYS ARE IN A LOT OF TROUBLE! YOU MADE EDWARD'S LIFE A LIVING NIGHTMARE BECAUSE YOU THOUGHT HE WAS A DISGRACE TO OUR FAMILY!? AND THAT

GAVE YOU THE RIGHT TO BULLY HIM BECAUSE HE WAS WEAKER THAN YOU!?

Alpine: But mom! He IS Weaker than us! He lost the Lemonade Drinking Contest and he is a pitiful excuse for a brother!

Philip: He has brought nothing but shame to all of us!

Nico: Keep on talking.

Me: All you're doing is just digging yourselves further and further into the ground.

Mrs. Platypus: YOU ARE ACTUALLY THE DISGRACES TO OUR FAMILY! YOU HAVE NO LOVE FOR ANYONE! NOT EVEN EDWARD! HE IS YOUR LITTLE BROTHER AND YOU SHOULD LOVE HIM!

Me: But you are actually nothing but a bunch of heartless bullies! You would rather make enemies than have friends! You made everyone in Camp Kidney miserable and tormented everyone with fear! You threatened to kill them by turning everyone into tetherballs and kicking them into a swamp! Just like you did with Skipper, Warren and the Rotten Bean Cabin!

Laney: Now we're going to make sure you suffer the same fate!

Me: It's payback time!

Nico: But first this.

Nico teleported and grabbed all 4 of their underwear and then…

HHHHHHOOOOOOOOOOOOOOOIIIIIIIIIIINNNNNNNNNGGGGGGGGGG

He pulled their underwear up and over the flagpole and tied them to it and then they screamed like sissy girls!

Lana, Lola, Laney and Lily were bashing them with piñata sticks.

BASH BLAM BIFF SMACK BAM BONK BLANG BANG!

We were laughing at them.

Then Tar Pit, Kitty, Man Ray, P'andor, Moonstone, Avalanche, Kyd Wykkyd, Webstor, Dayu and Bonz appeared.

Me: Tar Pit, Kitty, Man Ray, P'andor, Moonstone, Avalanche, Kyd Wykkyd, Webstor, Dayu and Bonz.

Tar Pit: That was a nice plan you guys pulled off.

William: Well, like Wiggum said, we didn't mean to set off that plan.

Kitty: I get it. It was set off by Manaphy and Horsea when they borrowed Veronica.

May: Let's just call that an accidental plan.

Ed: Pickle?

Eddy: You know what, Ed? For once, I'll have a pickle. With marshmallows.

P'andor: (Russian Accent) I'll roast said marshmallows.

Man Ray: (to me) We heard you went to Dagobah.

Me: Yep we sure did.

Moonstone: Was it really that messy?

Me: You have no idea. It was gross and swampy.

?: No kidding!

A figure came out and it was SUMOTRON From episode 33 of Zyuohger!

---

**Sumotron** is the main antagonist in episode 33 of the 2016 TV series *Doubutsu Sentai Zyuohger* . He is one of the Players from Team Azald. His Blood Game involves challenging people to sumo matches.

He was voiced by Masuo Amada, who has been known to voiced as Gula in *Doki Doki! Pretty Cure* .

Sumotron made his first appearance on the Sagittari Ark where Azald said that it was his turn to bring mayhem on planet earth.

A while later he appeared on Planet Earth where he used his combo to create a ring to challenge anyone in sumo wrestling which got him promoted to Komusubi. However this kind of action brought the attention of the Zyuohgers, so he used his combo and challenge them to a game of Sumo Wrestling including the unwilling Moeba where he used it as a demonstration. Also if no one beats him in a Sumo match they have to do some sumo training moves.

Sumotron managed to beat Tusk and Sela in the first match promoting him to Sekiwake then he beat Misao and Yamato in a second match promoting him to Ozeki after that he tossed an injured Moeba away and thanking the other Zyuohgers for promoting him and left the scene.

A while later he was at another section of Japan finding if anyone will help him reach Yokozuna, so Leo (after doing some Sumo training) challenged Sumotron to a Sumo match and he agrees to it as he used his combo to create an arena for him and Leo to wrestle in. Which Leo wins in the first match. However Azald challenge Sumotron to another match of Sumo Wrestling to which he succeeds by using a technique called *shitate-nage* promoting Sumotron to Yokozuna earning him the Deathgalien Yokozuna Mawashi. So Amu challenged Sumotron to a third and final match of Sumo Wrestling to which she succeeds by using the *White Tiger Swing* . Also due to Sumotron losing the match everyone that lost to him stop doing sumo training moves.

After that he battles the group outside the ring using his Cheating Spear. But he was then defeat by these three finishers: Zyuoh Final, Zyuoh Shoot and Zyuoh the Burst.

However thanks to Naria she inserts a continue medal right at Sumotron's bellybutton enlarging him as he battles Wild Tousai King and Dodekai-Oh. After that he was then destroyed by this finisher called Zyuoh Direct Shot.

Post-mortem

Sumotron was recounted by Amu when Mario Mori boasted that he could use his sumo skills to fight as "Zyuoh Human"; while the Zyuohgers noted that more than that was needed to fight the Deathgalien, one of their Players being a sumo himself was acknowledged.

---

Amu: Sumotron!

Sumotron: Been a while rangers.

Me: I remember you! You were sent to challenge many people to sumo matches.

Sumotron: That's right J.D. Good memory.

Me: Never missed an episode.

Ben: You'd make millions if you worked for the Sumo Slammer franchise.

Sumotron: Dark told me about that. And I agree with you.

Me: Same here. You would make a great sumo coach for Jimmy. Jimmy remember how the Ed's turned you into a Sumo Wrestler?

Jimmy: I sure do. That was cool!

Me: Awesome! Lets do it!

We got the battles underway.

Fluttershy: My stare is gonna be perfect for them. I just hope they will be all right after my stare is used on them.

Tornado Bolt: The one thing no animal should EVER have to see is Fluttershy's Stare. This is what you see from it.

Starlight Glimmer: What's the Malevolent Insanity World?

It's a pocket dimension beyond the reach of time and space and it's a world where your worst nightmares come to life and it's a place where the very physical laws of nature do not apply. Cloud Strife: Great, I was hoping I'd never hear that voice again. You can come out now, Scarlet.

A figure came out, and it was none other than Scarlet, the ruthless, sadistic, and cruel Head of Weapons Division in The Shinra Electric Power Company.

Nicole: Oh great, I should've known we'd be facing one of the executives of the Shinra Company.

Me: Cloud, what can you tell us about Scarlet?

Cloud Strife: You won't like her one bit, J.D.

Cloud Strife proceeded to tell us about Scarlet, and we weren't going to like her one bit.

---

Scarlet

Scarlet is a supporting antagonist in Final Fantasy VII, who also appears in the prequel Before Crisis Final Fantasy VII. She is the Head of Weapons Development in the Shinra Electric Power Company. She also appears as a major antagonist FFVII Remake, as well the main antagonist of the Episode Intermission DLC and is voiced by Erin Cortell.

Appearance

Scarlet is a middle-aged enchanting woman in a long red dress revealing her cleavage, and has blonde hair tied into a bun. She wears stockings with black heels, around her chest she wears a necklace with a sparkling green pendant.

History

Years before the start of the game, Scarlet ordered for the Shinra soldiers to attack the town of Corel due to sabotage at the newly built Corel Reactor, which she blamed on the residents. She shot both Barret and Dyne in their arms, rendering the arms of both men useless.

When Cloud Strife and his friends storm the Shinra Building to save Aeris, Scarlet participates the executives' meeting on Sector 7's state and the plans for Neo Midgar. She is unsympathetic toward Reeve who would like to see Sector 7 rebuilt, a futile endeavor. Scarlet is the only one to act suspicious, gazing at the vent at the ceiling where Cloud and his friends are eavesdropping on the meeting.

Later, Scarlet embarks to Gongaga where she searches for a Huge Materia to build an ultimate weapon, but considers the ruined Gongaga Reactor a dud.

After Shinra deduces Sephiroth is heading towards North Crater, the new president of the company, Rufus Shinra, arranges an expedition to the area on the Highwind with Scarlet, Heidegger and Professor Hojo accompanying him. After the Meteor has been summoned, she tries to publicly execute Tifa in a gas chamber at Junon, but this scheme fails when Sapphire Weapon attacks and gives Tifa a chance to escape. Scarlet ends up in a slap fight with Tifa on the Mako Cannon but Tifa escapes onto the Highwind.

After Sephiroth erects a barrier around the North Crater Scarlet plans to move the Mako Cannon from Junon to Midgar, hook it up to the Mako Reactors, and unleash its Mako-powered energy at the crater to destroy the barrier. She dubs the new cannon the Sister Ray (even if the name was previously seen written on the cannon in Junon). After Diamond Weapon is destroyed and Rufus presumed dead, Scarlet and Heidegger take over the company and have Reeve arrested.

When Cloud and the others return to Midgar to stop Professor Hojo from overloading the Mako Reactors, Scarlet and Heidegger reveal the ultimate in weapons technology; a robot called the Proud Clod. Scarlet's plan fails as the Proud Clod is defeated and explodes. It is unknown if Scarlet and Heidegger died in the blast, but as she is neither seen nor heard from again, it is a likely conclusion.

---

When Cloud Strife was finished, we were indeed disgusted by Scarlet's sadistic actions.

Me: I can't believe her, she did all that all for power. She's nothing but a power-hungry sadist.

Nico: What a bitch.

Tyris Flare: I've had it up to hear with her to last an eternity.

Suddenly, Tyris Flare's green eyes turned neon green, and she was surrounded by a red and white energy aura with flames and dragons, she unholstered her Axirian Blade, and as she approached Scarlet, she'd left red and white energy, flames, and dragons with every step.

Tyris Flare: Scarlet, your cruel and remorseless crimes against mankind can never be forgiven, and for your crimes, I shall put an end to your miserable life here and now.

Then, Tyris Flare was surrounded by a massive vortex of red energy with flames and dragons surrounding it, there was the Great Dragon flying around the vortex, and inside the vortex was a white phoenix. Then, as the vortex faded, Tyris Flare emerged, but she was changed forever.

Tyris Flare grew to 6'0" in height, she had the body of a goddess, she has white highlights in the bangs of her red hair, she has neon green eyes and a red and white energy aura with flames and dragons surrounding her, she has the Great Dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with the Fire Kanji in its claws and a necklace with a dragon holding the Fire Kanji in its claws for the pendant, Tyris Flare has massive red angel wings with white tips on the large red feathers, she has on a white sleeveless top with red phoenix, white blouse with red flames and dragons, red high heels with flames, and a long white sleeveless trenchcoat with red flames and dragons on the coattails and on the back is the Great Dragon. Tyris Flare's Arixian Blade has changed dramatically in a kaleidoscope of flames, and as the flames faded, Tyris Flare now has a new large sword called Fang of The Great Dragon, it's a new large sword with a 6'5" massive, wide, double-edged blade, it had a larger version of the Arixian Blade's hilt with a large red gem, longer black handle, and a large faceted silver sphere pommel with surrounding red gems. Tyris Flare has on her new Bracelets of The Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a red kanji below the Great Dragon that said, "Tyris Flare, Brave Amazon Warrior and Last Surviving Member of The Axirian Sisterhood, Loving Future Wife of Lincoln Loud, Master of Fire and Dragons, Slayer of the Evil Death Adder, and Protector of The Great Dragon."

タイリス・フレア、勇敢なアマゾンの戦士、そしてアクシリアン・シスターフッドの最後の生き残ったメンバー、リンカーン・ラウドの愛する未来の妻、火とドラゴンのマスター、邪悪な死の追加者の

殺し屋、そして偉大なドラゴンの守護者

Tyris Flare has transformed into SUPER ANGEL 750,000,000,000 DRAGON FIRESTORM PHOENIX ANGEL OF HOPE AND LOVE!

We were amazed by Tyris Flare's Super Angel 750,000,000,000 transformation, and when Lincoln saw her, he had an atomic red blush on his face. But when Scarlet saw her, she flew into a rage.

Me: Whoa, Tyris Flare's transformed.

Nico: You said it, J.D. And not only did it get Lincoln blushing like crazy, but it sent that sadistic and power-hungry bitch Scarlet flying into a rage. (Smirks) She's toast if she tries to attack.

Lincoln: Wow, Tyris, you look beautiful, how do you feel?

Tyris Flare: (Divine Echoing Cosmic Voice of Fire and Draconic Love) **I feel incredible, Lincoln, and now, to take care of that sadistic, power-hungry bitch.** (To Lincoln) **Would you like to join in?**

Lincoln: (Smiles) Of course.

Lincoln unholstered his massive Sword of Taranis from his wider and muscular back and transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he joined Tyris Flare.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's rip her to shreds!**

Tyris Flare and Lincoln went after Scarlet, and they fired powerful blasts of red energy and rainbow energy, fire and rainbow fire, dragons of pure fire and Thunderbirds and Buffalo, and elemental forces at Scarlet, and they explode with incredible power. Then, Tyris and Lincoln slashed off Scarlet's arms as she screamed in excruciating pain. Then, Lincoln tossed Scarlet into the air with his immense brute superhuman strength.

Tyris Flare: **Shall we put an end to her for good, Lincoln?**

Lincoln: **Let's deliver the final blow, Tyris.**

Tyris Flare and Lincoln: **AXIRIAN DRACONIC FIRESTORM MEGABLAST!**

Tyris Flare and Lincoln fired powerful blasts of fire, and as they hit Scarlet, they exploded with such incredible power, and reduced her to ashes, and her spirit was Super Hakaied forever. We cheered wildly for what Tyris Flare and Lincoln did to Scarlet, as they holster their massive swords on their backs and power down, and Tyris Flare's new body, clothes, weapons, and jewelry were permanent. Then, Lincoln leaned down and he wrapped his abnormally massive and powerful muscular arms around Tyris Flare, and as they lock eyes, they shared a passionate kiss, and behind them was a dragon and Thunderbird flying together in the skies and fire was raging behind them.

Me: (Smiles) Now, that's what I call a fiery display of love.

Nico: You said it, bro.

Ed Cowart: Yeah. But, you know what this mean. It means that we're now in conflict with the most sadistic and power-hungry members of The Shinra Company. But, we're going to make sure that they pay for all their crimes in full.

Nico: (Smirks) You said it, Ed.

Me: (Smirks) So, we're now taking the fight to The Shinra Company, as some of their members come out into the open to fight us, huh? Well, this should be quite an interesting adventure.

We then turned our sights on Cheesly, Alpine, Fancypants, and Phillip.

Jake Holling: Time for you jerks to take your beatings like men!

The Megaforce Rangers turned into the SPD Rangers!

It was funny and we laughed at them. Then the Platypus Brothers were taken away by the cops.

Mr. Platypus: We're very sorry about what our sons did here.

Avalanche: It's okay, Mr. Platypus.

Kyd Wykkyd: You and your wife shouldn't be held accountable for your sons' actions.

Webstor: But at least they're dealt with now.

Me: And put in jail where they belong.

Dayu: And Veronica is safe and sound.

Bonz: Even before those jerks made their move!

Me: Yep. The Mascots had Veronica with them the entire time.

Nico: Very crafty on there part.

Me: Now lets go get some dinner. Lets go to Beef Lumberjacks.

Everyone cheered wildly.

Fat Tony: (To the viewers) Just remember this folks, if you are a bully, we will find you and hunt you down like a mad dog.

We went to Beef Lumberjacks and got really good steaks and then we went back home and enjoyed the rest of the day and went to

sleep.

The Platypus Brothers were found guilty of their crimes and sentenced to spend life in prison without parole in the Jupiter Prison and were also ordered to pay Edward and all of Camp Kidney $727,000,000,000,000.00 in cash.

THE END

Another fanfic done.

The Platypus Brothers from Camp Lazlo were 4 of the most stupidest jerks in all of the show and they were the worst bullies ever and they made the campers lives miserable. # The Heart in My Stomach

On the beautiful planet Alderaan, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Dina the Undine and Olivia Pensagammon the Palkia Gene-Slammer were there to see what Leia's home planet was like.

Olivia Pensagammon: So this is Alderaan?

Me: Yeah it sure is. Wow! Leia's home planet is really beautiful.

Maria: Boy it sure is. And it's amazing that Alderaan has so much beautiful landscapes.

Missy: I just can't believe that this whole planet was completely destroyed.

Qin: And all it took was a massive superlaser blast that blew the entire planet to space dust from The Death Star.

Me: Boy no kidding. That was amazing. And not only that but when news about Alderaan's destruction spread across the galaxy it pissed off many people of Alderaan descent and they sided with the Rebellion to destroy the Emperor.

Nicole Chan: Boy that must've been really amazing for all those people to join up with the Rebel Alliance.

Simone: It sure was.

Miranda: Yeah no kidding.

Olivia Pensagammon: It must've really got them really mad.

Olivia concentrated and groaned as her hair fell out.

Me: "Mad" is a total understatement. They were all infuriated.

Olivia turned into PALKIA!

Allie Wilde: But man that must've really got them angry with that.

Eli: It sure did.

Me: Lets check out this place.

We got to walking around. We saw beautiful mountains, forests and sceneries and even saw a bunch of beautiful castles.

Maria: Now with Palpatine gone, Alderaan has nothing to worry about.

Me: So does the rest of the galaxy. But there will ALWAYS be other threats out there and we'll be there to stop them.

Nicole Chan: That's true.

Erica: I still can't believe that Palpatine did all that to so many planets all over the galaxy.

Nora Venice: At least Earth wasn't one of them.

Me: Thank goodness.

Lillian: Did it ever tell us what year Star Wars took place in?

Me: Believe it or not I looked it up and found out that it was not during the year 1812. I found out that on Earth Standard Times it actually took place during the year 1593 AD.

Eli: WHOA!

Dina the Undine: Over 400 years ago!? That's amazing!

Warrior Lady of The Wasteland: Boy it sure is. I didn't know all about that.

Nicole Chan: That is amazing.

Maria: Also, J.D., Yumi should show her Hammerhead Shark form to Hari and Doori while wearing her leotard.

Me: Not a bad idea. I'll have to tell Brittney about that.

We got to walking around some more and then we saw a NEMESIS T-TYPE!

---

Nemesis T-Type, also simply called Nemesis (nicknamed the "Pursuer") is a major antagonist in the Resident Evil video game series.

He is the titular main antagonist of the 1999 survival horror video game Resident Evil 3: Nemesis and its 2020 remake, one of the main antagonists of Resident Evil: The Umbrella Chronicles, a supporting antagonist in the non-canon spin-off Resident Evil: Operation Raccoon City and the secondary antagonist of the movie Resident Evil: Apocalypse.

Nemesis is one of the two (the other being T-A.L.O.S.) greatest of not only the Tyrants, but all bio-weapons created by the Umbrella Corporation, being far smarter, stronger and able to take orders. His purpose is to seek out and kill remaining members of S.T.A.R.S. In the movies, Nemesis was deployed to not only kill S.T.A.R.S members as in the games, but to combat Alice (who had also been turned into a bio-weapon) to see which of them was superior.

In the Resistance game mode, Nemesis became a playable character available if the player chooses Nicholai Ginovaef as the mastermind. He is also a playable character in the multiplayer horror game in Dead by Daylight.

He was voiced by the late Tony Rosato in Resident Evil 3: Nemesis and Under The Skin, Gregg Berger in Resident Evil: Operation Raccoon City, Damon Dayoub in Ultimate Marvel vs. Capcom 3, and Marvel vs. Capcom: Infinite, and David Cockman in the remake for Resident Evil 3: Nemesis.

Nemesis, also known as Matt Addison, is a major character in the Resident Evil film series. The character's design was left relatively unchanged, brandishing a rocket launcher and similar attire, but with the addition of a forearm-mounted rail gun, modeled after a heavily modified minigun. Although in the first movie he is still simply Addison, the Nemesis character later emerges as the secondary antagonist turned anti-hero in Resident Evil: Apocalypse.

Matt and Janus are captured by Umbrella just outside the hive entrance Matt began experiencing mutations to his left arm caused by the injury he sustained from the Advanced Licker which scratched him. Dr Sam Isaacs an umbrella researcher notices Matt's mutations and orders he be placed in the Nemesis Program. During the first stage of Mutation Matt's cells began to breakdown, whilst the T-virus fused with Matt's DNA his body began to mutate at an incredible rate. This caused his body to experience extreme increases of growth in height, muscle span and bone structure. Because of this Matt's entire body became extremely disfigured and unrecognizable. The researchers cut away most of Matt's face either to make the Nemesis look more menacing or simply because it was unnecessary to keep parts of its anatomy which were not needed.

During the mutation process Matt was alive and was still capable of independent thought despite the effects that the T-virus had on his body. Once the last stages of mutation were completed Dr Isaacs and his researchers injected Matt with the NE a parasite which takes control of the Hosts brain and prevents it from thinking for itself. This was to ensure that the Nemesis would follow orders and perform specific tasks programed into its brain by Umbrella; the parasite was injected it took over Matt's brain preventing him from having any independent thought or awareness. Once this was complete the Umbrella researchers needed to surgically install an inhibitor that would allow them to give the Nemesis specific tasks as well as monitor its activities.

It would also act as a fail-safe if the Nemesis became uncontrollable. In order to do this they had to open up Matt's skull and place the inhibitor inside his brain, this is why he has surgical staples holding his scalp together. Now that the Nemesis program was complete the researchers decided to cover its body with a protective coat resembling leather and most likely containing kevlar to protect its body from high caliber weapons, explosions and extreme amounts of heat. Nemesis was also programmed to use two specific weapons that were custom designed for him, an M134 Mini-gun and a custom built rocket launcher. Due to the size of Nemesis it is easily capable of breaking a fully grown man in two without even putting half its strength into it for this reason it was also programed to use physical attacks to eliminate targets.

As the Nemesis, Matt was programmed by Umbrella to target and kill the surviving S.T.A.R.S. and combat "Project Alice". He presumably could not remember his life prior to the mutation until he squared off against Janus in a fight orchestrated by Cain. After being impaled by the jagged piece of metal by Janus, his actions afterward imply that he remembered her from the Hive incident. Before the nuclear strike on Raccoon City, he helps Janus, Jill Valentine and the others fight against the Umbrella commandos. Nemesis was killed during the battle when a helicopter he shot down crash-landed onto him. His remains were destroyed along with the Raccoon City by the nuclear strike.

In the novelization of the film, he is only incapacitated under the weight of the helicopter. He doesn't actually die until the nuclear strike occurs. The novel also suggests that the Nemesis functioned like another form of consciousness in Matt's body, one that had more control over himself than he did. However, he regained control of the dominant personality in the end and helped Janus.

Me: WHOA! A Nemesis T-Type!

Nemesis T-Type: STARS!

Nicole Chan: Geez! I remember these disgusting freaks!

Then a Maiden of The Aqua and a 9-HEADED DRAGON APPEARED!

Me: WHOA!

Syrus: Maiden of The Aqua!

Maiden of The Aqua: Been a long time Syrus. Good to see you again.

Syrus: Wow you too.

Dark Magician Girl: Nice to meet you.

Maiden of The Aqua: Same to you Dark Magician Girl. I'm happy that you and Syrus are together.

9-Headed Dragon: And it looks like we are gonna have a good time with this clod.

Me: Whoa! You're a 9-Headed Dragon Gene-Slammer!

9-Headed Dragon: That's right. I'm Natalie Griffin.

Me: Pleasure to meet you.

Nemesis T-Type: STARS!

Maria: Geez, that's all he can say?!

Nicole Chan: I have played the Resident Evil Games myself and watched the movies too and that's all he says.

Maria: Oh. That is weird. Thank goodness we didn't encounter any of these when we destroyed all those zombies last year in the world of Resident Evil.

Erica: Whoa! Nico told us all about that. That is crazy!

Ellie Singh: Boy that must've been a horrible nightmare.

Me: It was.

Dina: I'll face this monster.

Suddenly, Dina's blue eyes turned neon blue, and she was surrounded by a blue energy aura with water and undines, and as she approached Nemesis T-Type, she left blue energy, water, and undines with every step. Then, Dina the Undine was surrounded by a massive vortex of blue energy with water surrounding it, there were undines swimming around the vortex, and in the vortex is an aqua blue phoenix. Then, as the vortex faded, Dina emerged, but

she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Dina grew to 6'0" in height, she had the body of a goddess, she had aqua blue highlights on the bangs of her long blue hair, she has neon blue eyes and a blue energy aura with water and undines surrounding her, she has an undine with the Water Kanji in her hands emblazoned on her forehead, she has on Undine earrings with the Water Kanji in its hands and a necklace with a Undine holding the Water Kanji for the necklace, she has on a sleeveless black shirt with an aqua blue phoenix on it, black skirt with ocean waves on it, black leather ankle-high heels, she has large aqua blue angel wings with blue tips on the large aqua blue feathers, and a sleeveless blue trenchcoat with ocean waves on the coattails, and on the back is an Undine with ocean waves surrounding it. Dina had her massive Defender of the Monster Realm sword in her hands, Dina has on her new Bracelets of The Champions of The Universe with aqua blue gems on her wrists, Belt of Elemental Bravery with large aqua blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a blue kanji below the Undine that said, "Dina the Undine, Legendary Undine of European Mythology, Best Friend of Miia and The Monster Girls, Loving Future Wife of James Dean Knudson, Great Swimmer, Slayer of Evil, and Master of Undines and Water."

ウンディーネ、ヨーロッパ神話の伝説的なウンディーネ、ミアとモンスターの女の子の親友、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、偉大な水泳選手、悪の殺し屋、そしてウンディーネと水のマスター

Dina has transformed into SUPER ANGEL 750,000,000,000 MAELSTROM UNDINE ANGEL OF LOVE AND JUSTICE!

We were amazed by Dina's Super Angel 750,000,000,000 transformation, and when I saw her, I had an atomic red blush on her face. But, when Nemesis T-Type saw it, he roared angrily in rage.

Me: WOW!

Dina: (Divine Echoing Cosmic Voice of Water and Hope) **Time to destroy this monster once and for all.**

Dina then went at the Nemesis T-Type and slashed it into a million pieces and even super hakaied it forever.

We cheered wildly and I kissed her and it was awesome. She powered down and her jewelry, clothes and weapons were permanent. Then I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Olivia and Natalie were reverting back.

Olivia: (regains her hair) Natalie, what are your special talents?

Natalie Griffin: (Bones Crunching) OW! I'm a Jeweler. I make Jewelry.

Olivia: We'll have to see some of your work.

They were back to normal and Maria gave them new clothes and they were beautiful.

Natalie Griffin: Wow! These clothes are beautiful.

Maria: I help make them for all the gene-slammers.

Eli: But you looked so cool as a 9-Headed Dragon.

Me: That's one of my most powerful signature monsters.

Allie Wilde: Wow that is amazing.

Natalie Griffin: That is amazing.

Maiden of The Aqua: It sure is something.

Me: And cue Natalie in pain in 3… 2… 1…

Natalie Griffin: (holds head in pain) Gaining more heads was painful enough the first time!

Simone: Reign in the power with the strength of your will Natalie. We did it and so can you.

Natalie concentrated and then she was enveloped in a vortex of the 9 elemental forces of nature: Earth, Darkness, Fire, Water, Wind, Light, Magic, Stone and Ice. When the vortex faded Natalie had a rainbow aura and she had rainbow angel wings with rainbow feathers and she had incredible power!

Natalie Griffin: WHOA! That was intense! But why does my back feel so heavy?

Me: You have angel wings. Look.

I held up a mirror and she gasped.

Natalie Griffin: WHOA! This is amazing!

Eli: Wow! That is awesome! You have the powers of 9-Headed Dragon now.

Maiden of The Aqua: That is amazing!

Dina: Wow!

Me: This is gonna be so cool to tell everyone.

We went back home.

After getting rid of Nemesis T-Type for good, Lincoln, Me, Nico, Eli, Nicole, Miia the Lamia, and Mizore Shirayuki were heading to the planet Kamino, and not only is Lincoln going to rescue the nine girls there, but we're also going to face Jango Fett, the ruthless Mandalorian Bounty Hunter.

Lincoln: Wow, we're on the planet Kamino.

Me: Wow! So this is the planet Kamino. It's an ocean planet.

Lincoln: Yep and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to face Jango Fett, the ruthless Mandalorian Bounty Hunter.

Me: That's right, big guy. I've heard of him from Anakin, and he's a ruthless Mandalorian Bounty Hunter.

Nico: He's going to die for his crimes, if he's proven to be a dangerous threat.

**Jango Fett** is a recurring antagonist in the *Star Wars* franchise. He is the secondary antagonist of the 2002 film *Star Wars: Episode II - Attack of the Clones*, the titular main protagonist of *Star Wars: Bounty Hunter*, and a posthumous antagonist in the 2008 animated series *Star Wars: The Clone Wars* .

He is one of the *Star Wars* galaxy's most formidable bounty hunters, and the original genetic source in the creation of clone troopers. All these soldiers were made by cloning his genes. This process was made possible by the Prime Minister of Kamino, Lama Su. He is also the father of classic *Star Wars* villain Boba Fett.

He was portrayed by Temuera Morrison, who also portrayed his son Boba Fett in multiple video games and *The Mandalorian* and Azazello in *The Island Of Dr. Moreau* .

Jango Fett's family were farmers and grew up on the agriculture planet Concord Dawn. When he was but a boy, a civil war occurred between the True Mandalorians led by the Mand'alor, Jaster Mereel, and the violent Death Watch, led by Tor Vizsla. The war finally found its way to Jango's world and his father allowed Mereel rest at their home. Jango asked about the visitors and was told they were just beggars he was feeding. However, the Death Watch and Vizsla caught up with them, capturing Jango and using him to try and draw out Mereel and his men.

Vizsla beat Jango's father to make him tell them where the True Mandalorians were and threatened to kill him in front of the boy. Jango's mother suddenly shot one of the Death Watch and in the chaos, Jango was told to run. Merell saved the boy, though his parents were killed and his sister was captured. The Death Watch then burned the fields and Jango managed to guide the True Mandalorians to an irrigation tunnel to safety. They then took him in and they went to a nearby town to ambush the Death Watch, who thought they were dead. The Death Watch moved in to raid the town only for the True Mandalorians to attack them from various surprise points.

Jango aided them by planting an explosive on the Death Watch's tank. However, he was then attacked by the Death Watch soldier that killed his parents. Jango managed to seize a blaster and kill him and Mereel came to raise him like a son. He trained to become a true Mandalorian, fighting alongside his mentor and his first great responsibility came at the Battle of Korda Six.

Jango served as a squad commander for the first time with the Mandalorians hired to extract a rookie security team under fire by a supposedly unorganized group of hostiles. Jango and his team were assigned to cover the extraction point, but found that the reports were inaccurate, finding themselves pitted against a dangerous enemy force. Mereel's second-in-command, Montross, wouldn't retreat and Mereel was forced to save him when he was injured by a grenade.

Jango took the opportunity to move towards the security team, only to be ambushed by the Death Watch. Montross and Mereel were attacked by Vizsla and Montross abandoned his leader to Vizsla. Jango hurried to his aid, but failed to arrive in time and could only watch as his mentor died in his arms. Montross tried to claim to the others that Mereel and Jango were dead, only for the latter to return carrying the former's body. Montross tried to take command only for Jango to tell the group he'd abandoned their leader and the others angrily cast him aside, declaring Jango their new Mand'alor.

Jango led the Mandalorians as Mereel had done previously, eventually being hired to deal with an insurrection on Galidraan. They succeeded and Jango ordered his men to go back to camp while he went to collect their pay from the planet's governor. Jango also demanded to know where Tor Vizsla was, knowing the governor was harbouring and financing the Death Watch. Vizsla and his men suddenly attacked Jango and he managed to retreat, but Vizla and the governor were murdering political activists and blaming it on Jango and his men, asking for interference from the Jedi Council. The Mand'alor desperately tried to tell his men to evacuate but his comlink was damaged.

He arrived seconds before the Jedi, led by Count Dooku, did and they demanded Jango and his men surrender or resist and be killed. Angered, Jango ordered them to fire on the Jedi and a full fledged fight ensued with Jango's second in command, Myles, being killed by a Jedi.

In his grief fueled rage, Jango performed the most infamous act of his life, killing six Jedi with his bare hands. However, this failed to save the True Mandalorians, who were wiped out and Jango was captured by the Jedi. He wound up sold as a slave by the governor aboard a spice transport, eventually escaping during a pirate attack. Jango returned to Galidraan to take back his armor and have revenge on the governor. After getting back his armor, he told the governor he could die or give him the location of the Death Watch. Jango intercepted Vizsla's starship and engaged his enemy in a fearsome fight that spilled into an escape pod and onto the planet Corellia. Vizsla finally stabbed him with a poisoned blade and taunted him that Mereel would be disappointed in him. However, Jango managed to cut Vizsla across the chest, attracting a pack of dire-cats that killed Vizsla, but left Jango alone because of the poison in him. Some time later, Jango lost his armor and met a woman named Sheeka Tull, who helped him get it back.

The two began a romantic relationship that lasted a year, but when their ship was attacked by pirates, they escaped in separate pods, never seeing one other again. With the Mandalorian Civil War ended now that Vizsla was dead, Jango felt alone with no cause to fight or comrades to battle alongside. He used his skills to pursue a new career as a bounty hunter, residing in the Outland Transit Station.

Some time later, Jango was tracking Meeko Ghintee, who was wanted for numerous crimes and tracked him to Outland Station. He found Meeko pit fighting with help of his controlled borhek and offered him the chance to come in alive. However, Meeko retreated and made his borhek attack Jango, only for him to take it down and pursued the criminal, successfully taking him captive.

The Mandalorian met with his associate, Rozatta, or Roz as he called her, to get his bounty and she gave him a message. A man known as Tyrannus offered him the chance to hunt down Komari Vosa, leader of the Bando Gora cult, with a bounty of five million credits. However, he had offered the same chance to various other bounty hunters, including Fett's former comrade, Montross. Jango decided to take part with Roz telling him of a death stick dealer, Jervis Gloom, who may have had ties to the cult. He managed to capture Gloom and used the information he got from him to a nerf processing plant used as a front for death sticks. However, Jango found Montross was a step ahead, having already interrogated and killed the plant owner, Groff Haugg. The two had a brief fight before Montross withdrew, heading to the Gazzari system, while Jango searched Haugg's database, realizing Montross had been lied to.

He found a transmission from Connus Trell a senator from Ryloth and broke into his apartment, forcefully interrogating him. Jango learned that Trell had been working with a crime lord named Sebolto, who was making the death sticks. The Mandalorian then killed the senator and destroyed a police gunship that came after him. On Roz's advice, Jango decided to capture Bendix Fust, who was wanted by Sebolto in order to win his trust.

He headed to the asteroid prison where Fust was held and managed to get in, only to find a novice bounty hunter, Zam Wesell, had captured him first. Ultimately, Fett decided to work with her to escape the prison, despite her costing him his mentor's former ship, Jaster's Legacy. They ended up stealing a Firespray-class starship, destroying the hangar as they left. Fett scolded Wesell for her recklessness, as it had cost him his ship though she pointed out the new one was an improvement over his old one. Jango decided to make the ship his own, dubbing it, Slave I, and agreed to split the bounty for Fust with Wesell.

Jango infiltrated Sebolto's palace while Wesell brought their mark to the crimelord, managing to help the Mandalorian storm the palace. Sebolto desperately tried to run from Fett, only to fall in a smelting pit, leaving the bounty hunter to fight his way through the Bando Gora into the death stick factory, fighting Montross again. Fett discovered Huttese markings on Sebolto's transport ship, heading to Tatooine to investigate the two Hutts controlling the planet, Jabba the Hutt and Gardulla the Elder. Jango took down Longo Two-Guns and his gang of outlaws, who were wanted by Jabba, hoping to get an audience with him. The Mandalorian went to collect his reward and asked Jabba about the Bando Gora, who told Jango that it was Gardulla who was allied with the cult. However, Wesell was caught trying to sneak into Gardulla's palace and Jango stormed the Hutt's palace alone. The Mandalorian decided to leave Wesell in her cell to keep her safe and she believed he was trying to cut her out of their 50-50 split. She called for the guards and Jango was caught and brought before Gardulla.

She ordered the Mandalorian be fed to her pet krayt dragon, but he broke free of his guards and managed to make Gardulla tell him what he wanted, before letting the krayt dragon devour her. Leaving Wesell behind for her "betrayal", Jango went back to the Outland Station only to find Montross had attacked Rozatta, the other bounty hunter having been tracking Jango's ship. She told the Mandalorian the location he was looking for was Kohlma, the fourth moon of Bogden, and told him to find something to care and live for other than money.

Jango headed to the Bogden system and fought hard against the Bando Gora, before engaging Montross for one last time. He managed to defeat him and refused to grant him a warrior's death, instead letting the Bando Goro kill him. However, Jango was ambushed and disarmed, with the cult planning to turn him into a mindless servant. Vosa approached him to demand to know who sent him, but Wesell showed up and freed him. Jango engaged Vosa, finally defeating her and the fallen Jedi asked if he was going to keep her alive. Fett stopped, seeing she was on the verge of death, and Vosa was force choked to death by Tyranus. The Sith Lord was impressed by the Mandalorian's skills and had organized the hunt for Vosa to test him. Thus, Fett was perfect for the clone army that he had planned to make and eventually have kill the Jedi.

Tyranus offered him a large amount of money to be his template, but Jango instead asked for a clone without genetic alterations, who could serve as his apprentice and son. The Mandalorian wished Wesell goodbye and worked out the details of the deal with Tyrannus, receiving what he requested, a clone to raise as a son that he dubbed Boba Fett. Jango was also aware that Tyrannus was

Dooku, the former Jedi and now Sith Lord.

Jango didn't just give the clone troopers his DNA, he helped design the armor they wore and create the flash training program they would use. Jango also helped hire the Cuv'val Dar, "Those Who No Longer Exist", a hundred man group of various skills, mostly consisting of Mandalorians, who trained the special forces. Fett personally helped train a hundred Alpha-class Advanced Recon Commandos, that were considered the best of the best of the army. At one point, Jango had to intervene when he learned that a Cuy'val Dar sergeant was organizing illegal underground fights between the clones in his charge. Enraged, Jango beat the sergeant up and put an end to the fights.

Jango continued to perform missions for Dooku, though with some jobs, he began subcontracting them out to Wesell, who remained a close ally of the Mandalorian. Jango was at one point hired to retrieve a statue called the Infant of Shaa by Ashaar Khorda, who hoped to use it to destroy Coruscant. However, Wesell convinced him to get it back in order to keep Coruscant safe and together, they succeeded in stopping Khorda's plans. Jango then brought it back to Seylott to ensure it was not misused again. A mission for Dooku had the Mandalorian hunt down an escaped clone that threatened their plans, having Boba shoot him when he tracked him down. Jango found out that the clone had been married with a son, but he left the family alone since they hadn't known about the clone's nature. The Mandalorian even arranged an inheritance for the boy, Connor, pretending to be his father. Jango was later employed to take out Larbo, the leader of a rebellion on Kuat, and he used Boba to lure his target out. He then attacked the camp with Boba throwing a thermal detonator into the fray before allowing himself to be caught by Larbo.

Having killed all the others, Jango moved in on Larbo, who asked what kind of man used his son as bait. The Mandalorian replied that only a son knew his father's heart, before killing Larbo and leaving with Boba aboard Slave I. Dooku later assigned Jango the task of capturing Groodo the Hutt, Fondor's Senator Rodd, and Hurlo Holowan, a droid engineer who were terrorizing Fondor. Jango allowed Boba, now old enough to begin training according to

Mandalorian tradition, to come along, but learned that bounty hunters, Cradossk and Bossk, were also hunting his marks. Jango captured Senator Rodd, but at the cost of Boba being caught by Bossk and brought to Cradossk. The Mandalorian saved Boba and subcontracted Wesell to go after Hollowan while he returned his "son" to Kamino. She succeeded in catching Holowan and Jango went after Groodo, who was hiding out in a castle belonging to his brother, Rigorra, the warlord controlling the planet. However, Jango came across Aurra Sing, who was after Rigorra and they worked together to enter the castle. However, they and two other bounty hunters, Bossk and Skorr, were caught. Jango and Sing broke free and took down their marks, before he delivered his captives to Dooku.

Much of Jango Fett's origin remains in mystery, but according to himself, he was born on Concord Dawn, a planet owned by the Mandalorians. He was a Mandalorian foundling that took part in the Mandalorian Civil War. During this, Jango had came into possession of Mandalorian armor that was made with beskar alloy. Despite this, his background was put in doubt as Prime Minister Almec of Mandalore claimed he stole the armor and had no connections to the Mandalorian (though it's entirely possible Almec was not telling the truth, especially given his connections to criminal activity). Around this time, Jango began his career as a bounty hunter and rose his way into the galaxy as the greatest bounty hunter. His fame drew attention to other bounty hunters, as well as the sith, who sought him out to use him as the genetic template for the Clone Trooper army.

Some time after the events of the invasion of Naboo, Jango Fett was approached by Count Dooku (who was also the Sith Lord known as Darth Tyranus). Dooku offered Jango the opportunity to be used as the genetic template for a clone army that he would be allowed to train and lead. Jango agreed on the condition that he would receive his fee of twenty million credits, as well as his own clone that had no alterations done to him. Dooku agreed to the conditions and as a result, Jango received his own clone that he would raise as his own son known as Boba Fett.

After ten years, the clone army had come along greatly, with two hundred thousand ready and a million more about to be finished. Jango was then hired by Nute Gunray, Viceroy of the Trade Federation, to assassinate Senator Padmé Amidala.

Jango once again subcontracted Wesell for the task while he oversaw her efforts. However, her attempts failed and eventually she was chased down by two Jedi, Obi-Wan Kenobi and Anakin Skywalker. Much to his regret, Jango was forced to kill Wesell from a distance with a painless toxic dart in order to keep her from revealing his identity when she was caught. This, however, became his undoing, for Obi-Wan used the dart to track Jango to Kamino, eventually discovering the clone army's existence. The Mandalorian met with Kenobi and, to his credit, did his best to act like an innocent civilian, claiming it was a pleasure to meet a Jedi and that he'd been elsewhere during the assassination attempt. However, Jango knew Obi-Wan meant that trouble was coming and ordered Boba to pack his things onto Slave I.

Sure enough, Obi-Wan caught up to him on the ship's landing platform to try and apprehend him and Jango was forced to fight him off, before escaping aboard Slave I with Boba. Unknown to Jango, a homing device planted on his ship allowed Obi-Wan to follow him to Geonosis, starting a dogfight. He believed that he managed to destroy the Jedi's ship, though he'd deceived the Mandalorian. Jango landed on Geonosis and met up with Dooku and the leaders of the Confederacy of Independent Systems. Obi-Wan was captured spying on them and Jango managed to subdue Anakin and Padmé when they tried to save Obi-Wan. Jango and Boba watched as the three captives were to be executed, but the three escaped and avoided the animals sent in to kill them. Things deteriorated when a huge number of Jedi suddenly entered the arena to rescue the captives and Jango drove off Mace Windu, who'd infiltrated the box, as a huge battle erupted between the Jedi and the droid army built by the Geonosians.

Another Jedi attempted to attack Dooku but Jango gunned him down before entering the fray, engaging Windu again. He was trampled by a reek that was still loose in the arena and while he killed the beast with his blaster pistol, a wild charge from the animal sabotaged his jetpack. As the Mandalorian tried to get away from

Windu, who closed in on him, the device malfunctioned. This gave Windu the opening he needed to slice off Jango's blaster hand and then decapitate his rival.

Eli: And I sense that Miia is also going to transform and face Jango Fett, this should be good.

Me: Yeah, Dina transformed when we faced Nemesis T-Type, and now, Miia's going to transform.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by Jango Fett, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Jango Fett, and he's going to kill them. Let's rip him to shreds.

We rushed on over, and Lincoln fired a rainbow energy blast at Jango Fett, which caused him to back off. When he saw us, he was enraged that we ruined his chance to kill the girls for pure sport.

Me: Pick on someone your own size Jango!

I ignited my lightsaber and he fired his blasters at me and I deflected his blasts back and they hit his jet pack and then Eli deflected more of his blasts back with his lightsaber.

Miia: I've had enough of this guy to last an eternity.

Suddenly, Miia's amber eyes turned neon amber, and she was surrounded by a red energy aura with fire and lamias surrounding her, she unholstered her massive Defender of The Monster Realm sword from her back, and as she slithered towards Jango Fett, she left red energy, red fire, and lamias with every step. Then, Miia was surrounded by a massive vortex of red energy with red fire surrounding it, there was a lamia slithering around the phoenix, and in the vortex is a yellow phoenix. Then, as the vortex faded, Miia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Miia grew to 6'0" in height, she had the body of a goddess, she had yellow highlights on the bangs of her long red hair, she has massive red angel wings with yellow tips on the large red feathers, Miia now has neon amber eyes and a red energy aura with red fire and lamias surrounding her, she has a lamia with the Fire Kanji in her hands emblazoned on her forehead, she has on Lamia earrings with the Fire Kanji in her hands and a necklace with a Lamia holding the Fire Kanji in her hands for the necklace, she has on a sleeveless yellow shirt with a red phoenix on it and a long red sleeveless trenchcoat with red flames and lamia on the coattails and on the back is a Lamia. Miia has on her new Bracelets of The Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a yellow kanji below the Lamia that said, "Miia, Legendary Lamia of Greek Mythology, Friend of Many Monster Girls, Loving Future Wife of James Dean Knudson, Slayer of Evil, and Master of Lamias and Fire."

ミイア、ギリシャ神話の伝説的なラミア、多くのモンスターの女の子の友人、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、悪の殺し屋、そしてラミアと火のマスター

Miia the Lamia has transformed into SUPER ANGEL 750,000,000,000 RED FIRESTORM LAMIA ANGEL OF LOVE AND JUSTICE!

We were amazed by Miia's Super Angel 750,000,000,000 transformation, and when I saw her, I had an atomic red blush on her face. But, when Jango Fett saw it, he fell into a rage.

Nico: Whoa, Miia's transformed.

Lincoln: You said it, Nico, and J.D.'s blushing like crazy when he saw what happened to her.

Me: (Babbles) Whoa, Miia, you look beautiful. How do you feel?

Miia: (Divine Echoing Cosmic Voice of Fire and Love) **I feel incredible, J.D., and now, I think it's time we took care of this bounty hunter for good.**

We unholstered our massive swords from our backs and we went at Jango Fett, and Miia had fired powerful blasts of red energy, red flames, and lamias made of red flame at him. We fired powerful rainbow energy blasts at Jango Fett, and they exploded with incredible power, burning him badly. Then, Lincoln fired a powerful rainbow energy ball from his massive Sword of Taranis, and it exploded with incredible power, killing Jango Fett and Super Hakaied him. Miia holstered her massive sword on her back and powered down, and her new body, clothes, weapons, and jewelry were permanent, and I went up to her and kissed her. Then, Lincoln and Nicole went up to the nine girls, and when Lincoln saw them, he immediately recognized them. The nine girls were Abigail Jones from Great Pretender, Kyouko Hori, Yuki Yoshikawa, Honoka Sawada, Remi Ayasaki, Sakura Kouno, Chika Ichijou, Kayo Yashiro, and Motoko Iura from Horimiya.

Lincoln: Oh wow, it's Abigail Jones, Kyouko Hori, Yuki Yoshikawa, Honoka Sawada, Remi Ayasaki, Sakura Kouno, Chika Ichijou, Kayo Yashiro, and Motoko Iura.

Nicole: From Great Pretender and Horimiya, awesome.

Lincoln: Are you girls okay?

Abigail Jones: Yes, we're okay, thanks to you.

Then, when Abigail Jones and the other eight girls saw who it was that saved them from Jango Fett, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Abigail Jones: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular

arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Abigail Jones: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We then returned home to the Estate, and when we showed everyone what we did to Jango Fett and Miia's transformation, everyone cheered wildly for what we did to that ruthless Mandalorian Bounty Hunter, and he will never return to terrorize the galaxy again.

* * *

After getting rid of Jango Fett this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Solange Blanchefleur de Lux, Hilda, Toph Bei Fong, Sari Sumdac, Jessica Shannon, Julie Makimoto, Shantae, Akko, Tatsumaki, Yuna Kamihara, Nanami Simpson, R. Mika, Menat, Ibuki, Makoto (Street Fighter), Frosta, Perfuma, Entrapta, Super Sonico, Jolyne Kujo, Colette Brunel, Ryuko Matoi (TLPS Universe), Mai Shiranui, Tyris Flare, Blaze Fielding, Shizuka Marikawa, Ajna, Kyoko, Misako, Mine (TLPS Universe), Hana Uzaki, Makoto Nanaya, Litchi Faye Ling, Gluko, Batch, Minerva Mink, Sam Simpson, Clover, Alex, and Megan Clark were getting ready for their date, this time, it's at a fancy French Restaurant in Gotham Royal York.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large black tuxedo, he still had on his jewelry and weapons holstered, in case of trouble, and the eight large orange orbs orbiting around his legs will also warn in case of trouble, and he also had on his Juniper Thunderbird perfume.

Solange Blanchefleur de Lux, Hilda, Toph Bei Fong, Sari Sumdac, Jessica Shannon, Julie Makimoto, Shantae, Akko, Tatsumaki, Yuna Kamihara, Nanami Simpson, R. The girls also had on some perfume for their date, and the girls had their nails done by Lori and Leni.

Lincoln: Wow, girls, you look amazing.

Sam Simpson: Thanks, Linky, and we have Lori and Leni to thank for that.

Lincoln went up to Lori and Leni, and he hugged them both, and they returned the hug.

Lincoln: Thanks, Lori and Leni.

Lori: (Smiles) You're welcome, bro. Now, go, you guys are going to be late.

Lincoln and the girls left the Estate, and they arrived at the French Restaurant, which was located in the south of Gotham Royal York, and it was truly amazing.

Lincoln: Wow, so this is the French restaurant J.D. told me about. This is amazing.

Ajna: (Spanish Accent) You said it, Lincoln. I can't wait to try out the food here.

Lincoln and the girls sat at the table, and they ordered their entrees. Once their entrees arrived on the table, Lincoln took the first bite, and his taste buds went into overdrive.

Lincoln: Wow, this is amazing.

The girls did the same thing, and their taste buds also went into overdrive. Then, after they ate, Lincoln paid for the food, and they returned home to the Estate.

Me: Hey, Linc, how was your date?

Lincoln: It was awesome, J.D., we went to that fancy restaurant in the south of Gotham Royal York.

Me: Wow, that's awesome.

Toph Bei Fong: The food there was indeed amazing, it was like we were in France again.

Nico: That's true, Toph. I tasted the food there at that restaurant, and it was like they brought a taste of France here to America.

Marinette: I was just thinking the same thing, Nico, and it's amazing that this French restaurant here has brought a little bit of home here for everyone to enjoy.

Me: Awesome.

Next was Brittney's Ambassador Mission.

Brittney: Me and Yumi are heading out to see Hari and Doori.

Me: Okay you two. Have fun and tell them I said hello.

Yumi: We will J.D.

They were off.

They arrived in Tokyo and went to the Apartment Building of Hari and Doori.

Brittney: Here we are.

Yumi: This is gonna be awesome.

They went to Hari and Doori's door and knocked and Hari answered it and she saw Brittney and Yumi.

Hari: Brittney!

Brittney: Hey Hari.

Hari: This must be Yumi Ishikawa.

Yumi: That's right and it's awesome to meet you Hari.

They went in and got to more talking about their adventures and more.

Yumi: Guys I have something cool to show you.

Doori: What is it?

Yumi: I'm going to transform into my shark Gene-Slammer form for you all.

Hari: Whoa! That is gonna be cool! I saw all those transformations on TV in your adventures and they were so awesome!

Yumi: Yep.

Yumi got down to her Black Leotard.

Hari: Nice Leotard.

Yumi: Thanks. Now watch this.

She concentrated and then her skin turned brown and her eyes stretched and got on stalks and then she got shark teeth and and her back grew a shark fin and her muscles grew and she turned into her Hammerhead Shark Gene-Slammer form!

Hari: WHOA! That is so awesome!

Yumi: What do you think?

Doori: That is awesome! I think it's so cool that you can be a shark too!

Yumi: It sure is awesome huh?

Yumi then reverted back.

Yumi: It took me a while to get used to the pain from it but I made it.

Brittney: That's right. It was so cool for many of us.

They had a really nice talk and more and then Brittney and Yumi came back and told us how it went.

---

At the park we were there to relax.

Diamond Tiara: Who's that boy over there?

We saw a blond hair boy sitting in the park and it was Joseph William Wilson A.K.A. Jericho!

Me: Whoa that's Joseph William Wilson A.K.A. Jericho.

Nico: Isn't he Slade Wilson's illegitimate son?

Robin: Yes he is but thank goodness he is not like Slade.

Tara: Well that's a relief. I was afraid I was going to have to kill him.

Me: Well at least he is not like Slade thank goodness.

We went over to him.

Robin: Jericho its been a while.

Jericho waved at him.

Shaggy: Like, that's right. You can't talk.

Robin: Right he can't speak at all.

Me: Oh man. I have a solution.

I reached into my backpack and pulled out a chalkboard and some chalk and gave it to him.

Me: Just write down what you want to say to us on this.

Jericho took the chalkboard and wrote what he said.

Jericho: Hello and thank you all.

Me: You're welcome. I also like your superhero name Jericho. It's based on the Battle of Jericho during the Conquest of Canaan in the Book of Joshua in the bible.

Jericho wrote.

Jericho: That's right.

Me: Yep. Joe uh may I call you just Joe?

Jericho wrote.

Jericho: Sure.

Me: Good. Joe I don't think you know about this but Tara here? She absolutely HATES your so-called father with an absolute vengeance. She did all kinds of terrible things under him against her will and she hates him. Because of him she sacrificed herself to save the city from a massive volcanic eruption.

Jericho wrote.

Jericho: That's awful. Tara I'm sorry about what Slade did to you.

Tara: It's all right Jericho but thank you.

Bugly: Also, your father's dead.

Jericho spit at the ground after hearing this.

Lola: Did you really have to do that?

Lynn: I think that's his way of saying that he's glad his so called father is dead.

Jericho wrote.

Jericho: He is really dead!?

Me: Yep he is dead. And you are looking at his killers: Us.

Shanan: Mostly me and Tara.

Jericho wrote.

Jericho: Thank you. I hated my father and I never want to see that monster again.

Me: No one does. Robin was obsessed with him for as long as anyone can remember. Not only that but he caused the Titans a tremendous number of problems in the past.

Laney: Yeah and to us too.

Lola: Especially with how he came back from the dead to serve Raven's father Trigon.

Me: Yeah that was terrifying.

G1 Firestar: You remember Private HIVE? He's actually one of our frenemies.

Robin: I know that's a surprise. But over the last few years, we've come to realize that villains that aren't like Slade aren't actually that bad.

Me: Yeah it's a weird story. But not only that but you will be happy to know that 3 of the main members of the Brotherhood of Evil are all dead. We killed Brain, Monsieur Mallah and Madame Rouge. General Immortus is still at large but we'll find him one day and kill him.

Jericho wrote.

Jericho: That is amazing. I'm glad you guys got rid of much of the Brotherhood of Evil. I know you guys will get rid of Immortus.

Me: We'll keep our eyes pealed for him.

Jericho wrote.

Jericho: That's amazing that you guys all have so many of our former enemies as your frenemies in the Masters of Evil now. Rose found me and told me so earlier.

Me: I'm glad she was keeping you up to date.

Rose Wilson: I was Slade Wilson's daughter remember?

Me: Right! I forgot about that. Sorry. (Stomach grumbles) Uh oh!

I went to a trash can and hurled my guts out into it!

Maria and Carol pat my back.

Nico: That can't be good.

We went back to the estate.

---

We were getting ready for our next mission.

Clayface: Nico, you know it's your turn to lead today, right?

Nico: Yep I know and I think it's obvious what our mission is.

Me: Guys I keep telling you it's just a little case of food poisoning.

Lisa Loud: I am having my doubts J.D.

Ratchet: Yeah same with me.

They looked inside me with an X-Ray machine.

Lisa Loud: Our scans show that there is a foreign invader located inside your gastrointestinal region that is making it seem like you are suffering from a foodborne illness.

Nico: Yep and we're going to go inside and destroy it.

Me: Go inside me? Wow this is a first.

Nico: It sure is. Kirby, Maria, Carol, Varie and the Mascots Will watch over you while we're inside you.

Rainbow Dash: Pickle and Barley Barrel front and center!

They stood in attention!

Pickle & Barley Barrel: REPORTING FOR DUTY CAPTAIN RAINBOW DASH!

Rainbow Dash: We're gonna be going inside J.D. to fight this strange bug in him whatever it is. So I need you two to help Maria, Carol and everyone watching over him. Do you understand?

Pickle Barrel: Crystal clear ma'am!

Barley Barrel: You can count on us captain!

Rainbow Dash: Awesome!

I threw up in a bucket as Tar Pit, Kitty, Man Ray, P'andor, Moonstone, Avalanche, Kyd Wykkyd, Webstor, Dayu and Bonz appeared

Man Ray: Can me, Tar Pit, Kitty, P'andor, Moonstone, Avalanche, Kyd Wykkyd, Webstor, Dayu and Bonz go wtih you guys? (I throw up again) Man, J.D. You don't look so good.

Me: (Groans) Something is causing this to me.

Nico: That's why we're going inside you to get it out and destroy it. And to answer Man Ray's question yes you all can come with.

Me: Okay.

Nico gave me a visual communication device.

Nico: This will have you see what we're doing and stay in contact with us.

Me: Okay. This is gonna be weird seeing what is on the inside of

me.

Eli: It sure will. But how will we get inside you bro?

Me: Like this.

I snapped my fingers and shrunk Nico and the team down to the size of Osmosis Jones.

Maria: Now for the awesome part.

Maria put them in a bubble and put the team all in a glass of water.

Me: Here we go. Good luck guys.

I guzzled down the glass of water and then everyone went down my throat and down the esophagus!

Everyone screamed as they were going down my esophagus!

Pinkie Pie: WWWWWEEEEEEEEEEEEEEEEEEEEEEE!

Eli: THIS IS SO AWESOME!

Lana: YEAH!

The valve that lead to the stomach opened and everyone crash landed onto the beach of the stomach and it turns out the inside of my body was very much like Lori's, Hector's and Frank's!

Brawl: You okay, boss?

Nico: I'm fine. Just really caught off guard that J.D. could be hurt easily like this.

Eli: Me neither.

Me: You guys all right?

Nico: We sure are. That was a fun slide. Are you seeing this?

Me: Wow is that the inside of my stomach? How weird is that.

Maria: That is so cool. It's like what Lori had on the inside.

Me: It sure is cool.

Nico: I'll say.

Kyd Wykkyd: (to Jericho) I hope there are no hard feelings.

Jericho wrote.

Jericho: All is forgiven.

Kyd Wykkyd: Awesome.

Nico: But J.D. your stomach and body look like a massively advanced city. Wow! Your powers have made you evolve into an incredibly powerful and advanced being.

Me: Boy no kidding. I didn't know that this is what I would look like on the inside as well on the outside.

Eli: This is amazing.

Lori: Boy it literally is amazing.

Maiden of The Aqua: I think this is really something.

Natalie Griffin: It sure is.

Me: Incredible.

Top Man: (to Jericho) You know what the funny thing is? Originally, Kyd was mute just like you.

Lisa Loud: And it was thanks to my voice box device that I made that gave him the ability to speak.

Jericho wrote.

Jericho: That is amazing and very genius.

Lisa Loud: Indeed it is.

Nico: Lets go find out what is making J.D. sick and get out of here.

Moonstone: J.D.'s insides are just as powerful as what's outside.

Nico: No kidding.

They saw my heart and it was a powerful pump.

Me: Wow.

Nico: Your heart looks amazing J.D.

Me: I have pulled it out of my chest before to give to Penny and to Misty.

Sky: I remember that.

Laney: Yeah.

Suddenly there was an explosion and a massive jet of acid and vomit exploded up and I threw up in the bucket.

Me: (VOMITS)

Pickle Barrel and Carol pat my back.

Pickle Barrel: I saw what caused that vomit.

Carol: It looked like some kind of explosion in your stomach.

Me: That is weird. Someone is setting off bombs inside me?

Nico: Who would be stupid to do that?

Eli: Someone dumb that's for sure.

Iguanus: You know, Maria, it's very weird not having you here with us.

Maria: I know but it's best that I stay back to watch out for J.D. It's the least I can do to help him out.

Iguanus: That's thoughtful of you.

Nico: Are we getting close?

Lisa Loud: The source of the explosions is about 500 meters ahead.

Tar Pit: In case we have the usual battles, we should make sure J.D.'s inside have some protection.

Ben: Good idea. I can turn into Alien X and have his insides protected with my powers.

Nico: I have a feeling we're going to have them inside J.D.

Eli: Wait look there.

They got onto a building and they saw what looked like a living heart. It was RICARDIO THE HEART GUY!

---

Ricardio is a recurring antagonist in Adventure Time. He is the Ice King's heart that the Ice King accidentally brought to life.

He was voiced by George Takei, who also played Hikaru Sulu in Star Trek, Warlord Shank in Space Cases, Mr. Fixx in Batman Beyond, Emperor Yoshiro in Command & Conquer: Red Alert 3, Lok Durd in Star Wars: The Clone Wars and Mr. Moto in Archer.

After Ice King accidentally brought his heart, named Ricardio to life, the heart wanted to seduce Princess Bubblegum with science so he could rip out her heart and make it his wife. He is defeated by Finn and Jake, and Ice King puts him back in his chest, with Ricardio vowing vengeance.

Three seasons later, he returns again, escaping from Ice King's body and using Ice King's internal parts to build a larger body for himself. This time, he defeats Finn and Jake by poisoning them with Zanoits (the subject he was discussing with Princess Bubblegum in his first appearance). He explains that he was thinking too small last time, and now wants to marry Princess Bubblegum entirely, not just her heart. She challenges him to hand-to-hand combat that if he won, she would marry him. She quickly hit the exposed tendons of his newly built "body" and defeated him, telling him to get out of her sight. Princess Bubblegum later builds Ice King a new heart, which means Ricardio is still a separate entity.

Ricardio appears in "Gumbaldia" as one of the members of Uncle Gumbald's Legion of Candy Kingdom Haters. In "Come Along With Me", he witnesses the arrival of GOLB then runs away with the rest of Gumbald's army after Aunt Lolly asks for help to fight GOLB.

---

Finn: That's Ricardio!

Jake the Dog: Oh my grod! What's he doing here?

Nico: I think he is the one that is making J.D. sick.

Ricardio had a remote control device and he pressed a button and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He set off a bomb and the acid and vomit went up and I threw up!

Me: (VOMITS INTO THE BUCKET)

Carol and Maria pat my back!

Carol: That little heart is behind this!

Me: You got to be kidding me!

Sheep Creep baaed, scared and feeling that we should find a place to come up with a plan.

Nico: I agree Sheep Creep. Lets hide and come up with a plan.

They went and hit in an ally.

Nico: J.D. did you see all that?

Me: I sure did Nico. Now we know the culprit behind how I got sick. But Finn who is Ricardio?

Finn: He is the Ice King's Heart. He tried to seduce Princess Bubblegum.

He told us all about his history.

When he was done we were shocked!

Me: Oh man!

Eli: That is weird and awful!

Nico: Boy no kidding.

Maria: I think I heard from Lumpy Space Princess that Ricardio gives one amazing massage.

Horsea: Does he really?

Maria: Oh yeah. She felt really awesome.

Kitty: Why, Horsea? You interested in a massage?

Horsea: No I just wanted to see if that is true.

Kitty: Oh.

Nico: That is cool that he can massage people like that. Finn, how did you guys face him before?

Finn: It's a weird story.

He told us how he defeated Ricardio before and all that and it was wicked.

Nico: Whoa! That was clever.

Eli: Very clever.

Rose the Huntsgirl: First, we need to distract him.

Nico: Hmm. If Ricardio is as dangerous as Finn and Jake describe then we need to think this through carefully.

Laney: And not only that but he's the Ice King's heart.

Aylene C.: We can trap him in a cage and then do the entrance on him.

Nico: Hmm. Let me see.

Nico got to thinking.

(JEOPARDY THINK THEME PLAYS)

Nico: I got it! Here's what we'll do.

He whispered and the plan was to have Yakumo make a genjutsu that will make Ricardio be surrounded by food monsters that can give him a heart attack and it will make him drop the remote control and Eli will get it and when he has the remote it'll be time for the entrance.

P'andor: (Russian Accent) You know what? Ricardio could also make a new addition to the Masters of Evil.

Nico: I agree. And he does give a good massage. We'll have to decide on who will be perfect for him later on.

Eli: Yep. This is gonna be awesome to face him though.

Me: And on the inside of my body too.

Nico: Yep. Lets get to work.

Scavenger: Why don't you have me and my fellow Constructicons first work on structures that will keep J.D.'s insides safe?

Nico: That won't be necessary. Ben can turn into Alien X and have his powers protect J.D. that way.

Ben: It's true. I've done it many times before.

Eli: That works.

Webstor: You should get to it then. If the explosions keep up, J.D. might actually be killed! And by something other then the contingency plans!

Me: Guys don't worry. I've lived through worse than this and it'll take more than vomiting to kill me.

Nico: J.D. is right. He can get through this. Lets get to work guys.

Webstor: Okay.

They went to the docks.

Masker Mind: Yakumo, you're up.

Yakumo: Here we go.

She went through signs.

Ricardio: Time for another explosion.

Me: Wow his voice sounds so much like Captain Sulu's.

Maria: Very sexy.

Suddenly Ricardio was surrounded by mist of sugar and it formed into monsters of burgers, pizza, hot dogs and all kinds of high fat junk food! He was scared! Then he dropped the remote in fright!

Eli used the Force and grabbed it!

Eli: (Whispers) Got it.

Me: Good work bro.

William: Babe, you do know that you and I are already a couple, right?

Avalanche: William's got a point.

Maria: I know. But his voice was really irresistible.

William: (Laughs) Well that's all right.

Finn: Ricardio always did have a voice that can charm people.

Jake the Dog: It's true.

Lady Rainicorn: (Speaking Korean) 그의 목소리는 정말 섹시했고 그의 아름다운 외모와 매력을 사용하여 거의 공주님을 얻었습니다. (His voice is one that was really sexy and he used his good looks and charms to nearly get the Princess.)

Jake the Dog: She said that Ricardio did have an amazing and sexy voice like that and he always used his good looks and charms to get the princess.

Me: Wow that is very crafty.

Slobber Trap: The sight of that illusion's making me hungry!

Nico: Same with me. But I think he is scared enough. Lets get him.

Everyone went at him.

The monsters surrounding Ricardio then vanished.

Ricardio: Whew. That was weird.

Then the elements of The Toa and the forces of Darkness appeared and they swirled around and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard!

Me: (BURPS)

I burped and smoke from the explosion came out of my mouth.

Me: Sorry.

Carol: Smoke from the explosion of the entrance.

Everyone came out and Ben turned into ALIEN X and used his powers to protect my insides.

Nico: Ricardio the Heart Guy!

Princess Bubblegum: Weird seeing you here!

Ricardio: Team Loud Phoenix Storm. What a pleasant surprise. Did you find my explosions inside J.D. very stimulating?

Nico: You do know how to put on a show inside J.D.

Dayu: How and when did you get inside J.D.?

Ricardio: It was a very genius plan. I snuck in while I was in his in sandwich. I was hiding in a tomato slice.

Me: That was genius! I didn't suspect a thing!

Nico: Very crafty if I do say so myself.

May: Okay. I can't lie. Your voice is sexy like Captain Sulu's!

Ricardio: (laughs) I know, right? But you guys are still fighting me regardless, aren't you?

Brimstone: Sorry. It's nothing personal. We're just doing our jobs.

Ricardio: That is understandable.

Nico: I heard that you gave a really good massage to Lumpy Space Princess right?

Ricardio: Yes I do have magical fingers.

Me: I will say this though Ricardio, you are a really amazing organ.

Ricardio: Why thank you J.D. Did you like how I gave you food poisoning?

Me: It's a very genius plan. You shrinking yourself to the size of a white blood cell and hiding in my lunch and using bombs to make it look like I got food poisoning. Very well planned out.

Nico: It sure was. J.D. is watching the whole thing go on outside.

Ricardio: That's good.

Bonz: Ricardio, this little scheme of yours made J.D. sick for possibly the first time and put him out of action. And for that… we're impressed.

Ricardio: Really? You know J.D. could've died today, right?

Bonz: This isn't like what happened with Talon when he was poisoned and lost his powers. J.D. might be sick right now but his powers are still keeping him strong. After we fight you, how would you like to join the Masters of Evil?

Ricardio: I would like that and maybe I can give Vypra a relaxing massage.

Nico: Nice.

Me: And technically I'm not really sick. This adventure is an awesome mission.

Shiv, Mammoth, Pyro, Firebrand, Selene, Atomic Skull, Steam Smythe, Shendu, Hsi Wu and Po Kong then appeared.

Nico: Shiv, Mammoth, Pyro, Firebrand, Selene, Atomic Skull, Steam Smythe, Shendu, Hsi Wu and Po Kong.

Shiv: Kind of weird being in J.D.'s insides.

Mammoth: This is officially the most weird thing we've ever done!

Nico: Trust me we've seen much weirder things than this.

Pyro: (to me) J.D., if you can hear us, we're sorry for any damage we're about to cause to you.

Me: Don't worry I'll be alright guys. I've handled much weirder and crazier things than this.

Pyro: That's true.

Firebrand: We also heard that you went to Alderaan earlier.

Me: We sure did.

Selene: How was it?

Me: It was incredible! Leia's home planet was amazing and the scenery was breathtakingly beautiful.

Selene: Wow.

Me: Also we've been inside people before. We went into Lori remember.

Nico: Right! I remember that.

?: That is amazing.

A figure came out and it was WUNJET from episode 36 of Kyuranger!

---

**Wunjet** is the main antagonist in episode 36 of 2017 TV series called *Uchu Sentai Kyuranger* . He's a Quimbaya artifacts-themed monster who is a Karō of Space Shogunate Jark Matter who ruled the Leo Minor Constellation system.

Wunjet is voiced by Motoki Takagi.

History

Wunjet made his first appearance on Planet Luth as he and an army of Indavers were terrorizing the citizen of the said planet as he asked the terrified citizens on where they're hiding the Kojishi Voyager named Caesar. Thankfully the mecha itself made a sneak attack on Wunjet as the Kyurangers arrived to save planet Luth from this Karo's tyranny. Now during the fight Lucky found his childhood friend/mecha as he told his teammate around the same time Wunjet has already figured out the Caesar was the mecha that he was looking for. However as soon as Lucky told Caesar to hide Wunjet used his Play Robot as he flew over the Kyurangers and fired the net as he captured Caesar and with that he open fired around him as he make his leave with Caesar in tow.

A while later in the ruins Wunjet has Caesar trapped in a cage as he tries to force this mecha to call out his "parents". As Caesar continued to plead for help both Luck and Garu along with Stinger, Champ, Hammie and Spada arrived to save the lion as they plowed through the Indavers and then transformed as they battle Wunjet. However during the fight Wunjet ran for his life as Lucky chased after him as Lucky's teammate battle against the Indavers. Once Lucky manages to catch up to Wunjet he manages to grab hold of him, but Wunjet ejects himself from his mecha as he used his own tentacle arms and smack Lucky on the head. Before Lucky gets any closer to Wunjet he does a cowardly way out if Lucky takes a step closer then Wunjet will make this robotic lion scrap and this give Wunjet the advantage as he used his mecha's sword arm as he sent out yellow lashes at Lucky followed by a round of shots that were fired from the Mecha's Gatling gun de-morphing Lucky, but before Wunjet could finish Lucky off his Grandpa came to save the day as he knocked Wunjet to the side making this alien to miss the target.

Awhile later both Lucky and his Gramps take cover as Wunjet opens fire at them while Lucky retaliates as he fired back at the alien once after that Lucky has gone Orion mode and the real battle was on as Wunjet once again open fires at Lucky, but this time however all of the bullets that Wunjet fired has miraculously missed, he then flown toward the mountain as he taunts Lucky with the trapped Caesar, but Lucky creates a portal and snatches his lion friend from the aliens grasp he then tried to fly away, but Lucky's cape manages to snatch onto the mecha's foot causing Wunjet to flown back toward Lucky as he smacks the alien and then Lucky summons the team arsenal as he sent them toward Wunjet causing the alien to deal an even more damage and after that Wunjet was down for the count by this finisher which is "All Star Crash" and "In-Finish Blast!" techniques.

However thanks to his Inro (that manage to survive the destruction) he was then enlarged prompting the team to bring out this time the Super Shishi Voyager as they battle Wunjet in the air and then they transformed the voyager into a mecha known as Super KyurenOh as they opened fire Wunjet from the ground. However Wunjet summons a squadron of Moaiders to attack the mecha, but Super KyurenOh manages to shoot every last flying saucer down from the sky. Now Wunjet want the legendary mecha for his own as he ditched the Play Robot and landed onto Super KyurenOh, but Hammie manages to knock the alien off of the mecha and after that he and his mecha were both destroyed by this finisher which is Super KyurenOh Final Break.

---

Lucky: Wunjet!

Wunjet: Been a while Rangers.

Me: I remember you! You were on the planet Luth in the Leo Minor system and you were terrorizing the planet to get the Kojishi Voyager named Caesar.

Wunjet: That's right J.D. Good memory and also sorry you got sick like this.

Me: No worries but thanks. And I never missed an episode.

Leonardo: You actually remind us of an Utrom.

Wunjet: (laughs) I do, don't I?

Me: That is really awesome!

Raphael: And you actually look like that Krang guy from that dimension with the other versions of us.

Wunjut: I sure do! That is interesting.

Me: It sure is.

Nico: Yep. Lets get the battles underway!

They did so.

Me: Uh oh.

Cloud Strife: Great, I was hoping never to hear that voice again. You can come out now, Heidegger.

A figure came out, and it was none other than Heidegger, a high ranking member of the Shinra Organization and the head of Public Safety.

Nicole: So, the next Shinra minion to come out is a high ranking member of the Shinra Organization and the head of Public Safety.

Nico: Cloud, what can you tell us about Heidegger?

Cloud Strife: You won't like what I'm going to tell you, Commander.

Cloud Strife proceeded to tell us about Heidegger, and we weren't going to like it one bit.

Heidegger

Heidegger is an antagonist in the Final Fantasy VII series and a Shinra Electric Power Company executive. He appears in Final Fantasy VII, Final Fantasy VII Remake (in an expanded role) and Before Crisis -Final Fantasy VII-. As a high ranking member of the Shinra organization, he is the head of Public Safety (a euphemism for the military).

Profile

Appearance

Heidegger is a large man who dresses in a green suit with red and gold details. His hair and bushy beard are black and his eyes are brown. He has a large scar on the right side of his face. In his original concept artwork he has badges pinned on his suit front Original artwork by Tetsuya Nomura., possibly denoting his rank as a military leader. In his remake artwork, he has what appears to be a katana. Concept art for Final Fantasy VII Remake.

## Personality

Heidegger is a cruel man uncaring of both the lives of the ordinary people who become oppressed by Shinra, as well as the people who work for the Shinra military, treating his underlings as disposable pawns. He enjoys his position of authority within Shinra and the power it grants him, Barret Wallace referring to him as the "chief warmonger". Heidegger's trademark is his "horse laugh", gya haa haa haa!, much to Rufus Shinra's annoyance. When things don't go his way, Heidegger is quick to deteriorate into temper tantrums, slapping or punching anyone within an arm's reach he considers lower ranking than himself after being scolded by President Rufus, or after being given strict orders after Heidegger having failed at something.

Scarlet, the head of Weapons Development, believes him to be an idiot, but still often works with him. Like most of the Shinra staff, Heidegger is arrogant and pig-headed, often refusing to believe that he can make mistakes despite the clear evidence in front of him.

## Story

### Avalanche Insurgency and Genesis War

In Before Crisis -Final Fantasy VII-, during Shinra's war against the eco-terrorist group Avalanche, Heidegger is briefly given control over the Turks from their former leader, Verdot. President Shinra distrusted Veld following Avalanche's series of successful attacks using suspiciously well-coordinated intelligence.

Heidegger attempts to command the Turks in an operation in Junon, but his incompetence and over-reliance on the military almost allows Avalanche to take the city's airfield, and the airships. Veld blackmails the President to take back control of his Turks, talking of releasing information on a mysterious "top secret directive". With Veld back in command, the Turks defeat the Avalanche forces. When Veld is revealed to be a traitor, Heidegger retakes the command of the Turks.

Heidegger does not appear in Crisis Core -Final Fantasy VII-, is the one who takes command of SOLDIER following another traitor to

Shinra, Lazard Deusericus, the former head of the organization's departure.

Original continuity

Heidegger works under President Shinra, and agrees to the plan to drop the plate upon Sector 7 to destroy this second incarnation of Avalanche organization led by Barret Wallace. He is at the meeting with the Shinra executives that decides the plans for Neo Midgar, but leaves the Shinra Building before Sephiroth appears.

Heidegger works closely with President Shinra's successor, the President's son, Rufus Shinra. He puts together Rufus's inauguration celebration in Junon, and accompanies him during Shinra's hunt for Sephiroth. Heidegger is onboard the cargo ship heading to Costa del Sol, but unbeknown to them, both Sephiroth and Cloud's party are also on board as stowaways. After Rufus discovers it he tells Heidegger he messed up big time. The embarrassed executive responds by throwing locals into the sea in frustration. Heidegger is not seen with Rufus again until the executives arrive at North Crater on the Highwind in search of the promised land.

Heidegger survives the Diamond Weapon's attack upon Midgar, and joins forces with Scarlet in the ensuing chaos. When Rufus Shinra is presumed dead, Heidegger and Scarlet plan to take over the company and strip Reeve Tuesti, another Shinra executive, from power. Together they fight Cloud's party on a giant robot called the Proud Clod, but when the machine is destroyed, it explodes, presumably killing both Heidegger and Scarlet.

In Dirge of Cerberus -Final Fantasy VII- Heidegger is mentioned briefly when Reeve notes he was one of the only Shinra executives privy to the secrets of Deepground.

Remake continuity

Heidegger observes Avalanche operations in Shinra facilities via security cameras unknown to the terrorists. Shinra deliberately allows the acts of terrorism to build Avalanche up as a public enemy, and even detonates the mako reactors the group was going to blow up themselves to inflate civilian casualties. Heidegger addresses the group himself via hologram and antagonizes them, gleefully observing their battle against the Airbuster Shinra deploys upon them live on TV.

After Shinra drops the Sector 7 plate, they draw a false narrative implicating Avalanche. Heidegger goes on TV to declare that Shinra will catch the terrorists and bring them to justice. The Shinra directors gather to a meeting after the fall of Sector 7 plate. Heidegger, as well as the other directors, are uninterested in any rebuilding efforts much to Reeve Tuesti's frustration, and he dismisses Palmer's claim that Sephiroth has returned from the dead and appeared at the Shinra Building. After Cloud and his friends break their friend Aerith and Red XIII out of Professor Hojo's lab, Heidegger tries to catch Barret, Aerith and Red XIII when they look for a way out of the Shinra Building, but Cloud and Tifa come to their aid in stolen Shinra vehicles and they bust out of the building.

When Rufus first arrives in the wake of the old president's death, Heidegger refers to him as "VP" and Rufus ignores him unless being referred to as "president", much to Heidegger's annoyance.

---

When Cloud was finished, we were indeed disgusted by Heidegger's actions.

Me: Sheesh, this guy sure is arrogant and pig-headed.

Nico: You said it, Colonel. But, that arrogance and pigheadedness is going to be his downfall.

Timon: And I've had it up to hear with that Shinra mook to last an eternity.

Suddenly, we felt something in Timon's mind snap, as his black eyes turned neon brown, and he was surrounded by an emerald green energy aura with meerkats and leaves, he unholstered his Defender of The Circle of Life Keyblade from his back, and as he approached Heidegger, he left emerald green energy, meerkats, and leaves with every step.

Timon: Heidegger, your crimes against mankind can never be forgiven. You Shinra mooks really make me sick, (Getting Angry) and this time, I'll make sure that you pay for your crimes infinite-fold, YOU PIG-HEADED, ARROGANT, GREEDY, COLD-HEARTED BASTARD!

We gasped in shock at Timon's fury being unleashed.

Pumbaa: Uh oh.

Simba: You said it, Pumbaa. Timon's fury has been unleashed, and he's going to make Heidegger pay for all of his crimes.

Then, Timon screamed like a madman, and he was surrounded by a massive vortex of emerald green energy with leaves and green fire surrounding it, there were a pack of meerkats running around the vortex, and in the vortex was a red coral phoenix. Then, as the vortex faded, Timon emerged, but the meerkat was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Timon grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has beautiful brown eyes and an emerald green energy aura with leaves and meerkats surrounding him, his red coral hair grew longer and it reached the bottom of his neck, he has emerald green highlights in the bangs, he has a meerkat and lion with the Nature Kanji held up by their paws emblazoned on his forehead, he has on meerkat earrings with the Nature Kanji in its paws and a necklace with a meerkat holding the Nature Kanji in its paws for the pendant across his bare chest. Timon has massive tan angel wings with green tips on the large tan feathers and his tail grew longer for his new body.

Timon has on his new large cuff Bracelets of the Champions of The Universe with emerald gems on his wrists, and he also has on the same clothes as Me, Lincoln, Lynn Sr., Liam, Duke Lincoln, Loki, Loni, Luke, Lane, Larry, Leif, Lexx, Levi, Leon, Bobby Santiago, and Lynn Jr., but his version of He Man 2002's loincloth is coral red, he has on long coral red trenchcoat flaps with green leaves and meerkats on the coattails held up by his new Belt of Elemental

Bravery with large emerald gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his right hip, he has large emerald green weighted bands on his large biceps and thighs, large black jeans with green leaves on the legs, large black leather ankle-high combat boots with silver armor on the toes, and he has eight large coral red orbs orbiting around his legs. The massive, wide, double-edged blade of Timon's Defender of The Circle of Life Keyblade grew to 6'5" in length and turned coral red and the long black handle grew a little longer.

Timon had a meerkat, a lion, and phoenix with leaves tattooed on his wider and more muscular back. There's an emerald green kanji right below the three animals that said, "Timon Berkowitz, Defender of The Pride Lands, Adoptive Father of Simba and Adoptive Uncle of Bunga, Friend to Many, Slayer of Evil, Eater of Bugs, Protector of The Circle of Life, and Master of Leaves, Green Fire, and Meerkats."

ティモン・バーコウィッツ、プライド・ランドの擁護者、シンバの養父、ブンガの養父、多くの友、悪の殺し屋、虫を食べる人、生命の輪の守護者、葉、緑の火、ミーアキャットの達人

Timon has transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS NATURE MEERKAT ANGEL OF JUSTICE AND HOPE!

We were amazed by Timon's Super Angel 750,000,000,000 transformation, including all of our friends from the Pride Lands. But, when Heidegger saw it, he fell into a rage.

Pumbaa: (Stunned) Whoa.

Simba: Timon's transformed?! Oh, that is so awesome!

Shenzi: That Heidegger better say his prayers.

Banzai: He's done now, and I hope those Shinra bastards are watching.

Sora: Whoa, Timon, you look awesome. How do you feel?

Timon: (Divine Echoing Cosmic Voice of Jungle Justice and Hope) **I feel incredible, Sora, and now, I'm going to rip this bastard limb**

**from limb. Plus, the training you and the other Keyblade Masters gave me is about to prove itself.**

Me: Give that Mook what for!

Timon: **With pleasure!**

Timon went after Heidegger, and he fired powerful blasts of emerald green energy, emerald green fire, leaves, and meerkats made of emerald green flame at Heidegger, and they exploded with such incredible power. Then, Timon slashed at Heidegger with his massive Defender of The Circle of Life Keyblade, and he fired blasts of elemental forces and magic. Then, he also used Prism Rain, and he fired colorful blasts of energy which found their target and hit Heidegger.

Kairi (Kingdom Hearts): Whoa, that was…

Aqua: One of my Shotlock techniques, Prism Rain. Nice one, Timon.

Lincoln: That's so cool.

Then, Timon slashed off Heidegger's arms and he screamed in total agony, and Timon prepared for a final attack.

Timon: **Alright, you mook, this is the end for you. THIRTEEN BLADES OF LIGHT AND ELEMENTAL JUSTICE!**

Timon summoned thirteen massive swords of light and they had the thirteen elemental forces of the fake Organization XIII covering the blades, and he fired them at Heidegger, and they slashed at him, and when the blades impaled him, they exploded with incredible power, killing Heidegger, and Super Hakaied his spirit forever. We cheered wildly for Timon as he holstered his massive Defender of The Circle of Life Keyblade on his wider and more muscular back and powered down, and his new clothes, weapons, jewelry, angel wings, and eight large coral red orbs orbiting around his legs are permanent.

Pumbaa: Whoa, Timon, now that was so awesome!

Timon: Thank you, Pumbaa. But, I've got a feeling those Shinra mooks aren't done yet. There's still a lot more of them out there.

Lincoln: Well, we already know the fate that awaits them.

Simba: And that's death and banishment into Oblivion forever.

Everyone then set their sights on Ricardio.

Orion: J.D., we're sorry if what happens next really hurts you.

Nico: Awesome! Now lets get out of here.

Me: Leave that to me. Maria I'm gonna need a bottle of really fizzy soda.

Maria: You got it.

Maria went to the kitchen and came back with a bottle of Strawberry Soda extra fizzy.

Me: Hang on to something guys.

I guzzled the soda and gulped it all down and in my stomach gas bubbles were building up.

Nico: Lets go!

They went in a gas bubble and plugged their noses and then floated up my esophagus.

Me: Here it comes!

Then…

Me: BBBBBBBBBBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUU

I released a massive loud belch and Nico and the rest of the group flew out of my mouth and then they all reverted back to normal.

Me: Whoa! That was awesome!

Nico: Boy it sure was. Smart thinking with the soda.

Me: Thanks man. Pardon me.

Nico: At least we didn't go out through the southern exit.

Me: No ending up in the toilet would be the worst form of humiliation.

Laney: That's true.

Ricardio: That is true.

Me: I don't even want to imagine that. Thank goodness I didn't eat hot peppers too.

Nico: Yeah I don't think we would like that.

Atomic Skull: You okay now, J.D.?

Me: I am. Thank you.

Steam Smythe: That's good.

Shendu: I think that's the last time we'll battle in your body.

Hsi Wu: Oh, I agree with you on that, brother.

Po Kong: Now, let's celebrate with a victory meal. I'm starving!

Me: You guys go on without me. I'm gonna rest here.

Nico: Okay. I would say after a huge battle inside you, you earned it.

Me: Yeah. Have fun guys.

P'andor: We will. (To the viewers) Hoped you all liked this adventure into the world of the Inside Story. This was really amazing.

Nico: Boy it sure was.

They went to Lynn's Table and Twilight had a great meal with 10 Ulti-Meatum burgers and fries and she was full and Po Kong was stuffed too. We later went to bed after enjoying the rest of the day. But thankfully that was the last of Ricardio's bombs after he used that last one.

THE END

---

Another awesome fanfic done.

Ricardio was one of the neatest villains in all of the show Adventure Time. George Takei who played as Captain Hikaru Sulu in Star Trek voiced him and he did a really great job playing him. This was really cool having to fight inside me this time. Also it was really cool seeing the inside of my body and lets hope this will be the last time we do something like this. Other people it won't be the last but me yes. The first part was for going to the planet Alderaan and that was really awesome seeing what Leia's home planet was like and it was beautiful. The second part was for going to the planet Kamino from Star Was II and that was freaky seeing the ocean planet as well as battling Jango Fett. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna take place on the ocean planet Mon Cala and we're going to see the what the ocean planet is like as well. We're going to also face Praxina who will come back from the dead to get revenge on me for killing her and she is gonna be mondo pissed when she sees me. Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Mero the Mermaid and the Celesteela Gene-Slammer are gonna go on that one and we're also going to meet a Guzzlord Gene-Slammer from Japan named Kira Tashikawa and we're going to also meet the 7 Crystal Beasts: Ruby Carbuncle, Amber Mammoth, Topaz Tiger, Emerald Tortoise, Sapphire Pegasus, Cobalt Eagle and Amethyst Cat. Mero is going to transform in that one so I'm going to need the Transformation Sequence for that please. Lincoln's rescue is gonna be on the planet Mandalore and we're going to destroy all the Mandalorians. Also Yuki the Yuki-Onna is gonna transform in that rescue too. So get ready for a cold one with that one. Also The next chapter for tomorrow is gonna be a race around Coruscant and that is gonna be awesome!

See you all tomorrow

# RACE AROUND CORUSCANT

Over the waters of the ocean planet Mon Cala, Me, Eli, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Mero the Mermaid and Celene the Celesteela Gene-Slammer were flying over the waters of the planet.

Celine Szczepanski: So this is Mon Cala?

Me: Yep this is the very home of the Mon Calamari.

Mero: Wow it's perfect for me. It's an ocean planet.

Nicole Chan: This is amazing. I didn't know a planet like this was possible.

Me: Crazy huh. But there are lots of different planets that have amazing environments.

Lina: I think this is amazing.

Eli: It sure is. This is the home of Rebel Admiral Ackbar.

Me: Yep. This is gonna be awesome to see.

We flew across the endless oceans and we got to Mon Calamari City.

Missy: Wow! Mon Calamari City.

Simone: This is beautiful!

Mero: Boy it sure is and the ocean goes on forever.

Celine: It sure is something.

Celine concentrated and groaned as her hair fell out.

Miranda: I think this is amazing that the people of Mon Cala live.

Celine turned into CELESTEELA!

Gina Pele: All right!

Me: Lets walk around first.

We did so and walked around the city.

Maria: Wasn't there a civil war here?

Eli: Yes there was and it ended with the repelling of the Separatist Droid Army and it was also a schism between the Mon Calamari of Mon Cala and the Quarren who also live on the planet.

Eli told us all about it.

---

The Battle of Mon Cala, also known as the Battle of Mon Calamari or the Attack on Mon Cala, was fought during the Clone Wars on the aquatic world of Mon Cala. The battle was a result of a schism between the Mon Calamari and Quarren species who lived on the planet, as the Quarrens rebelled against the Mon Calamari with the support of the Confederacy of Independent Systems. The Grand Army of the Republic, Jedi Order, and the Gungan Grand Army came to the defense of the Mon Calamari to fight the invading Separatist Droid Army. The Mon Calamari and the Quarren reunified by the battle's end, and the Separatists were repelled.

As the battle approached, Skywalker urged Ackbar to take the prince out of the war zone. However, the prince refused to leave his people and joined the troops on the front line, awaiting the Quarren assault. Tamson then led charge of the Quarren and the Aqua droids against the Mon Calamari at the city. The two native armies clashed in the middle of city.

Republic reinforcements then arrived. Clone Captain Rex, Kit Fisto and Ahsoka Tano then deployed the SCUBA troopers from the gunships along with several OMS Devilfish subs to reinforce the Mon Calamari forces. Tamson tore his through the clones and Mon

Calamari. Skywalker then briefly lost his helmet to a pair of Quarren soldiers. Tano then gave him his helmet back. Tano led Prince Lee-Char to safety, only for Aqua Droids to follow them into the tunnels. Tano let go of her sub, allowing it to crash into the Droids. Tamson then smashed through the tunnels attempting to get to the Prince before he was distracted by a group of Mon Calamari soldiers, which he killed shortly after. Amidala called for Skywalker to assist her in helping Senator Tills away from the battle, and told them of their location in the palace.

Fisto then reported that the Separatist and Quarren forces were returning to their ships, a sign that the Mon Calamari and Republic had won that round. Fisto then noticed the Droids were amassing in the coral, and were most likely preparing for another assault. Unknown to them, Tamson was delivering reinforcements from his home planet in the form of secret weapons that were half-machine and half-monster, the seemingly invincible hydroid Medusas. These hydroids operated similarly to large jellyfish, with tentacles that shocked and killed anyone they touched. Ackbar reminded all forces to not fire until Prince Lee-Char gave the command. Upon firing, they noticed the true invincibility of the hydroids. Separatist and Quarren forces then attacked from the sides, essentially cornering the Mon Calamari forces.

When asked where they could retreat, Prince Lee-Char said they should not. Ackbar then told the Prince that there was a time to attack and a time to retreat, and this was not a time to be brave. They then decided to retreat to the caves while Fisto held off the enemy. Fisto then allowed his sub to crash into one of the hydroids, causing it to explode. Tamson and Nossor Ri then searched the battle ground for survivors, but had a slight altercation due to Ri's inability to provide backup during the phase of the battle, so Tamson told him that if it was to happen again he would kill him where he stood.

The Prince decided the best course of action was to attempt to escape in Senator Amidala's ship. While Fisto crates a diversion, the rest of the group stole a few subs to get to the surface faster. Tamson, however, has already set a trap and blew up the Senator's ship. While holding onto the ship's debris to take them to the bottom of the water, the group decided to split up to protect the Prince's whereabouts. Tano and Fisto took Clone Commander Monnk, another Clone, and the Prince while Skywalker took Captain Ackbar and Senators Amidala and Tills.

After realizing that clone forces would take too long to be sent as reinforcements for the troubled army on Mon Cala, Jedi Mace Windu, Obi-Wan Kenobi, Yoda, and Saesee Tiin decided they should contact the Gungans of Naboo for assistance. Master Yoda personally contacted them, to which Jar-Jar Binks argued that their longtime ally of Senator Amidala would need their help, which persuaded the Gungan Grand Army to join the fight.

Skywalker's group then tore down the building which housed the sonar and tracking devices, leading Tamson to order his forces to prepare for an attack. Gungan forces then arrived on a Venator-Class Star Destroyer, turning the tide of the battle in favor of the Republic and Mon Calamari. Tamson ordered all reinforcements to the area where the Prince was, and had the Trident-Class ships create a vortex to disable many of the soldiers. Tamson himself then entered a fight with the Prince, while Tano and Fisto fought off Aqua Droids. Skywalker then worked with Ackbar to sever one of the legs of the Trident ship, causing the vortex to stop. All forces other than Tano and the Prince were captured by Droids and taken prisoner and interrogated to discover the location of the Prince.

Although Senator Ri believed the battle had been won, Count Dooku reminded him that he had entered the war on the side of the Separatists, and Tamson's Karkarodon soldiers arrived, to which Dooku said to proceed as planned. As Skywalker, Fisto, Amidala, and Binks were interrogated under the threat of electrocution by Mon Calamari eels, Lee-Char and Tano snuck into a prison camp to tell the prisoners of the Prince's plan to unite all of the prisoners to revolt against the Separatists. Tamson then revealed to Ri his original plan to become the ruler of Mon Cala. After being captured, Lee-Char plead with Ri to join them against the Separatists, to which he had no response. Tamson announced he had ordered Lee-Char's public execution to take place. During the execution, a Quarren secretly told Captain Ackbar that the Quarren and Ri were with them, and handed him a weapon. The imprisoned Gungans, Mon Calamari, and clones then assembled and revolted, fighting back against their Separatist captors. Prince Lee-Char and Tamson entered single combat, where Tamson revealed he had assassinated the former King. The Prince was able to kill him with one of Tamson's own exploding knives.

When Eli was done we were shocked!

Nicole Chan: Whoa that is brutal!

Me: Boy no kidding and that was during the Clone Wars. Brutal.

Maria: I honestly didn't expect Dooku to have a Seperatist capable of breathing underwater.

Me: Me neither. That is really well thought up. But lets not forget that Palpatine was behind the whole war from the VERY beginning. He even had the very audacity to kill the entirety of the Jedi.

Erica: How did he do that?

Me: He called it Order 66 - Total Jedi Elimination.

Eli: That was terrible.

Me: It viewed all Jedi as traitors and it told all the clones to kill the Jedi.

Missy: Palpatine was pure evil.

Nicole Chan: No kidding.

Maria: Tamson actually had the nerve to kill the previous king?!

Me: Yeah. What a monster. But he is dead now thank goodness.

Lola Namiko: That is a good thing.

?: And you will soon be joining him when I kill you all!

Me: You just don't know how to take a hint do you Praxina!?

---

Praxina is the older twin sister of Mephisto. Like her brother, she has pale skin and burgundy hair, but has navy blue eyes. She also wears a black and white dress with red tints and a symbol of a butterfly, black boots and a cape.

She is more intelligent than her brother and a very cold-hearted, ruthless and determined person. She is older than Mephisto by several minutes and it is typically her who comes up with the plans against the princesses. Though she is harsh and mean towards others, she truly does care for her brother. But Praxina dislikes Earthly things, especially human romance.

---

Maria: I thought you were dead!

Praxina: I came back.

Vypra then appeared.

Vypra: You just never learn do you "Sister."

Praxina: VYPRA!

Praxina: It doesn't matter how many of you there are. I'm getting my revenge one way or- (Maria laughs) What the fuck's so funny?

Maria: (smirks) You seem to forget we're on a planet of water. Which is what I control.

Praxina: (realizes her mistake) Oh, fuck me.

Maria: You got it!

Maria fired a massive wave of water and it smashed Praxina into the metal with the force of a megatsunami and smashed her up really good.

Suddenly, Mero the Mermaid's blue eyes turned neon blue, and she was surrounded by a blue energy aura with mermaids and ocean waves surrounding her, and as she approached Praxina, she left blue energy, ocean waves, and mermaids with every step. Then, Mero the Mermaid was surrounded by a massive vortex of blue energy with water surrounding it, there were mermaids swimming around the vortex, and in the vortex is an aqua blue phoenix. Then, as the vortex faded, Mero the Mermaid had emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Mero the Mermaid grew to 6'0" in height, she had the body of a goddess, she had aqua blue highlights on the bangs of her long blue hair, she has neon blue eyes and a blue energy aura with water and undines surrounding her, she has a mermaid with the Water Kanji in her hands emblazoned on her forehead, she has on mermaid earrings with the Water Kanji in its hands and a necklace with a Mermaid holding the Water Kanji for the necklace, she has on a sleeveless blue shirt with an aqua blue phoenix on it, blue skirt with ocean waves on it, black leather ankle-high heels, she has large aqua blue angel wings with blue tips on the large aqua blue feathers, and a sleeveless blue trenchcoat with ocean waves and mermaids on the coattails, and right on the back is a mermaid with ocean waves surrounding it. Mero the Mermaid had her massive Defender of the Monster Realm sword in her hands, Mero has on her new Bracelets of The Champions of The Universe with aqua blue gems on her wrists, Belt of Elemental Bravery with large aqua blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a blue kanji below the mermaid that said, "Mero the Mermaid, Legendary Mermaid of European Mythology, Best Friend of Miia and The Monster Girls, Loving Future Wife of James Dean Knudson, Great Swimmer, Slayer of Evil, Protector of The Secrets of The Mermaids, and Master of Mermaids and Water."

人魚のメロ、ヨーロッパ神話の伝説的な人魚、ミアとモンスターの女の子の親友、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、偉大なスイマー、悪の殺し屋、人魚の秘密の守護者、そして人魚と水のマスター

Mero the Mermaid has has transformed into SUPER ANGEL 750,000,000,000 MAELSTROM MERMAID ANGEL OF LOVE AND

JUSTICE!

We were amazed by Mero the Mermaid's Super Angel 750,000,000,000 transformation, and when I saw her, I had an atomic red blush on her face. But, when Praxina saw it, she was even more mondo pissed off and she flew into an even more darker and demonic rage and tried to attack Mero in a fit of murderous rage, but Mero fires a powerful blue energy blast and hits Praxina in her left eye, blinding her and she screamed in excruciating pain with blood dripping from the eye socket.

Me: (Laughs) Hah, serves you right, bitch!

Vypra: (Laughs) Hope you like being blind in one eye, Praxina!

Then 8 figures came out and they were the 7 Crystal Beasts and a Guzzlord!

Me: The 7 Crystal Beasts and a Guzzlord!

Maria: (to the Crystal Beasts) Which one of you is the leader among you guys?

Sapphire Pegasus: We don't really have a leader.

Emerald Tortoise: Rainbow Dragon is really our true leader.

Ruby Carbuncle: (Chittering)

Maria: Wow that is amazing.

Amber Mammoth: But thank goodness we got here just in time.

Topaz Tiger: We're going to make this witch pay for her crimes.

Cobalt Eagle: Yes we are and it won't be pretty.

Amethyst Cat: We heard about your battles from Jesse and he is a lucky guy to have you all and Jaden as his friends.

Me: We are honored to hear that.

Guzzlord: (In a girl's voice) (Japanese Accent) Thank goodness.

Sorry I'm Kira Tashikawa. It's an honor to meet you all.

Me: Same here Kira and you are a Guzzlord Gene-Slammer.

Celeste Celesteela: That makes you one of the Ultra Beast Pokemon Gene-Slammers.

Missy: Yep. But Maria how did you understand what Ruby Carbuncle was saying?

Maria: Jesse taught me how to understand her.

Nicole Chan: Neat.

Me: Vypra I think you need your so-called sister locked up forever. But first.

I fired an energy blast and blasted Praxina's other eye out and then she was blinded for good. Vypra then beamed her to the Masters of Evil Prison. I then put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Celine and Kira were reverting back.

Celine: (regains her hair) Iris is gonna feel bad about missing out on that fight!

Kira: (Grunts) But we'll have her come with next time.

They were back to normal and Maria gave them new clothes and they put them on.

Kira: Wow these are amazing clothes.

Maria: They sure are huh?

Vypra: But thank goodness my wretched so-called sister is where she belongs and that is in our prison.

Me: Yep. And without her powers too. You and Praxina must have a lot of questions going through your minds right now.

Vypra: Yeah.

Me: And Kira going into pain in 3… 2… 1…

Kira: (holds head in pain) Fuck no! Not on an underwater world like this one!

Simone: Concentrate and reign in the power with the strength of your will.

Miranda: Yeah we did it and so can you.

Kira: Okay.

Kira concentrated and a brown and black aura flared up and she was fully engrafted.

Kira: Wow! That was amazing! But do we have anything to eat? I'm hungry.

Eli: Lets get back home and get you some grub.

Allie Wilde: Good idea. What are you hungry for?

Kira: Ramen.

We went back to Earth and went to Ichiraku Ramen and boy was Kira hungry! She ate 40 bowls of ramen. WHOA!

---

After finally getting rid of Praxina this time forever, Lincoln, Me, Nico, Eli, Nicole, Volcana, The Z-Fighters, and Yuki the Yuki-Onna were heading to the planet Mandalore, and not only is Lincoln going to rescue the five girls there, but we're also going to destroy all of the Mandalorians forever.

Lincoln: Whoa, we're on the planet Mandalore.

Me: Wow! So this is the planet Mandalore. I always wondered what it was like.

Nico: Me too.

Lincoln: and I think I know what we're going to do here, not only am I going to rescue the five girls there, but we're also going to destroy all of the Mandalorians forever.

Me: That's right, big guy.

Nico: We got rid of Janga Fett yesterday on the planet Kamino, and now, we're going to destroy the entire Mandalorian race forever, and make sure they never terrorize the galaxy again.

Eli: That's right.

Lincoln: The Mandalorians are the most feared warriors in the galaxy, and like the Saiyans, they are known as prideful warriors, who've held combat as the cornerstone to their culture, their individual identity, and spirit, and shared a strong code of honor that could be invoked to settle disputes with one-on-one combat that would conclude with the death of one opponent.

Vegeta: That's true, Lincoln, but this doesn't excuse the crimes the Mandalorians have committed against the galaxy.

Me: That's right, Master Vegeta. The Saiyans were redeemed but the Mandalorians and the Thalionians are a different matter.

?: HELP!

Suddenly, Lincoln heard the sound of five girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the five girls, but they've been cornered by the Mandalorians, and they're going to kill them.

Lincoln: Guys, I've found the five girls, but they've been cornered by the Mandalorians, and they're going to kill them.

We rushed on over, and Lincoln fired a powerful rainbow energy blast, which had killed one group of Mandalorian warriors and Super Hakaied their spirits. When the rest of the Mandalorian warriors saw us, they were enraged, and they found out about Janga Fett's death by our hands, and they wanted revenge on us.

Yuki the Yuki-Onna: I've had it with the Mandalorians to last an

eternity.

Suddenly, Yuki the Yuki-Onna's purple eyes turned neon purple, and she was surrounded by a blue energy aura with snowflakes and ice surrounding her and the air had become quite cold, and as she approached the massive armies of Mandalorian warriors, she left blue energy, snowflakes, and ice with every step. Then, Yuki the Yuki-Onna was surrounded by a massive vortex of blue energy with ice and snowflakes surrounding it, there was a Yuki-Onna flying around the vortex, and in the vortex is an ice blue phoenix. Then, as the vortex faded, Yuki the Yuki-Onna emerged, but she was changed forever.

Yuki the Yuki-Onna grew to 6'0" in height, she had the body of a goddess, she had aqua blue highlights on the bangs of her long white hair, she has neon purple eyes and a blue energy aura with ice and snowflakes surrounding her, she has a Yuki-Onna with the Ice Kanji in her hands emblazoned on her forehead, she has on Yuki-Onna earrings with the Ice Kanji in its hands and a necklace with a Yuki-Onna holding the Ice Kanji for the necklace, she has on a long-sleeved ice blue shirt with an ice blue phoenix on it and decorated with snowflakes, blue skirt with snowflakes on it, blue leather ankle-high heels, she has large ice blue angel wings with blue tips on the large ice blue feathers, and a long marine blue sleeveless trenchcoat with snowflakes on the coattails, and right on the back is a Yuki-Onna with snowflakes surrounding it. Yuki the Yuki-Onna had her massive Defender of the Monster Realm sword in her hands, Yuki has on her new Bracelets of The Champions of The Universe with ice blue gems on her wrists, Belt of Elemental Bravery with large ice blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There's a ice blue kanji below the Yuki-Onna that said, "Yuki the Yuki-Onna, Legendary Yuki-Onna of Japanese Mythology, Best Friend of Miia and The Monster Girls, Loving Future Wife of James Dean Knudson, Slayer of Evil, and Master of Ice, Snowflakes, and Cold."

雪女雪女、日本神話の伝説的な雪女、ミイアとモンスターの女の子の親友、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、悪の殺し屋、そして氷、雪片、寒さのマスター

Yuki the Yuki-Onna has transformed into SUPER ANGEL

750,000,000,000 ARCTIC ICESTORM YUKI-ONNA ANGEL OF LOVE AND JUSTICE!

We were amazed by Yuki the Yuki-Onna's Super Angel 750,000,000,000 transformation, and when I saw her, I had an atomic red blush on her face. But, when one group of the Mandalorian warriors saw it, they flew into a rage and tried to attack, but Yuki fired a powerful blast of ice, which froze them and it shattered, killing them and they were Super Hakaied forever.

Nico: Whoa, Yuki's transformed.

Lincoln: You said it, Nico, and she killed another group of Mandalorians who tried to attack her.

Me: Whoa, Yuki, you look beautiful, how do you feel?

Yuki the Yuki-Onna: (Divine Echoing Cosmic Voice of Ice and Love) **I feel incredible, J.D. Now, then, I believe it's time to end the Mandalorians once and for all.**

Me: And we eat people like them for breakfast and we're REALLY hungry now!

We unholstered our massive blades from our backs, and we went after the Mandalorians, and we cut them all down and blasted them, killing every last one of them, and their spirits were Super Hakaied once and for all. We holstered our massive swords on our backs and Yuki powered down, and her new body, clothes, weapons, and jewelry were permanent. I went up to Yuki and we kissed, then, Lincoln and Nicole went up to the five girls, and when Lincoln saw them, he recognized them. The five girls were Luna Gusuku, Mizuki Tachibana, and Leele Zeravire from Gravion, Junko Asagiri and Natsuko Kawaguchi from Desert Punk.

Lincoln: Oh wow, it's Luna Gusuku, Mizuki Tachibana, Leele Zeravire, Junko Asagiri, and Natsuko Kawaguchi.

Nicole: From Gravion and Desert Punk, awesome.

Lincoln: Are you girls okay?

Luna Gusuku: Yes, we're okay, thanks to you.

Then, when Luna Gusuku and the other four girls saw who it was that saved them from the Mandalorians, their faces turn atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his

neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Luna Gusuku: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Luna Gusuku: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

We return home to the Estate, and when we showed everyone what we did to the entire Mandalorian race, everyone cheered wildly for us. Now, the Mandalorians have been silenced forever, and they'll never terrorize the galaxy again.

---

After destroying the Mandalorians forever, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light engulfed the Estate, and we covered our eyes from the bright lights. Then, as the lights faded, we uncovered our eyes. But, to our surprise, we saw that the world of Gravion that Luna Gusuku, Mizuki Tachibana, and Leele Zeravire came from has now merged with ours.

Lincoln: Whoa, Luna, Mizuki, Leele, take a look.

Luna Gusuku: What the? No way, our world… it's merged with yours.

Lincoln: That's right, Luna.

Mizuki Tachibana: Oh man, I can't wait for you to meet our friends, Lincoln.

Suddenly, we heard the elevator and we went up to the elevator. Then, we saw a group of people had come out of the elevator, and the girls have recognized who they were. They were their friends, Eiji Shigure, Touga Tenkuuji, Eina, Ayaka Shigure, Klein Sandman, and Faye Xin Lu.

Luna Gusuku: Eiji, Touga, Eina, Ayaka, Klein, Faye.

Eiji Shigure: Luna, Mizuki, Teele, is that you?

The girls went up to their friends and hugged them. Then, as soon as they saw us, they were stunned to see us.

Eiji Shigure: Oh, no way, Team Loud Phoenix Storm.

Me: That's right, Eiji, and it's a pleasure to meet you all.

Eiji Shigure: You too, J.D. So, how did the girls wind up here?

Lincoln: I can explain, Eiji.

Lincoln explained to Eiji and the others about what happened, and when he also told them that the girls were now part of his harem and are now his future wives, they cheered for them and offered their congratulations, and they know Lincoln would take care of them, and he has a massive golden heart and loves his future wives and family with all his heart.

Eiji Shigure: So, this is Gotham Royal York?

Lincoln: Yep, it's our home, and it's also your new home as well, now that your world has merged with ours after I rescued Luna, Mizuki, and Teele, Eiji.

Touga Tenkuuji: We'll have to get a tour of the place, so we can get used to living here.

Me: That's a good idea. Whenever we have newcomers here in Gotham Royal York, we offer them a tour of Gotham Royal York, that way, they can get used to it.

We then offered Eiji Shigure and his friends the tour of Gotham Royal York, and they were amazed by the place.

Eiji Shigure: Whoa, this place sure is incredible.

We returned home to the Estate, and we were going to like having Eiji Shigure and his friends with us.

Later Twilight was getting ready for her next ambassador mission.

Twilight Sparkle: I can't wait to see what Nate and Katie have done next.

Me: I have a feeling this is gonna be interesting to hear.

Kaos appeared.

Kaos: Can I, Kaos, come with you, Twilight?

Twilight Sparkle: I actually intended for you to come with me anyway Kaos. You are gonna love meeting Nate, Whisper and Katie.

Kaos: This is gonna be amazing to see.

Me: Have fun you two.

Twilight Sparkle: We will.

They were off to St. Peanutsburg.

They arrived and saw Nate, Katie and Whisper.

Twilight: I like you guys to meet my archenemy.

Kaos: Behold! It is I, Kaos!

Nate: Wow! Awesome to meet you Kaos.

Katie: Awesome! You are an amazing sorcerer from what I remember.

Twilight Sparkle: He's more than just a sorcerer. He's a powerful Portal Master and he has done all sorts of amazing things.

Kaos: I've always been pretty awesome.

Kaos told them all about his history and it was cool.

Nate: You know something? For someone who the Skylanders always fought in the early days, you're actually a pretty cool guy.

Kaos: Why thank you very much.

Twilight Sparkle: He sure is a very amazing archenemy.

Katie: Wow.

Kaos: Now, did you guys meet any new Yokai since Twilight's last visit?

Twilight Sparkle: As a matter of fact, we were just about to catch one.

Twilight Sparkle activated her Yokai Watch and then she saw a shadow and it formed into a new Yokai! And it was a pink ghost like Yokai and it had a dumb look on its face. It was DAIZ!

---

A pink ghost-like Yo-kai with three ovaline holes for a face, resembling eyes and a mouth. Two pink circles where its cheeks are give it the appearance of a blush.

True to his name, Daiz typically acts spaced out, not showing any reaction or making any sounds. The one thing that seems to get his attention is the mention of the word sausage, which he takes offense to. When this happens, he develops a nasty frown and begins speaking in a deep, angry tone of voice.

Anyone inspirited by Daiz ends up spacing out and gaining the same facial expression.

Daiz is apparently capable of detecting when the word sausage is mentioned, no matter how far away he is.

---

Whisper: Oh no! (Checks the Computer) That is Daiz! He acts completely spaced out all the time and anyone inspirited by it ends up getting spaced out.

Kaos: He sure looks stupid!

Twilight Sparkle: He reminds me of Patrick but in Yokai form.

Twilight used her magic and knocked him down all over. She then got his medal.

Kaos: If there are any villains causing trouble, just let us know.

Nate: We will.

Katie: And you caught another Yokai. That is awesome.

Twilight Sparkle: Yeah it sure is. Daiz is what's called a Shiro Ukari or White Floater from Japanese Folklore.

Kaos: Scary.

They had another awesome Ambassador Mission and went back home.

Me: How did it go guys?

Twilight Sparkle: It was amazing.

Kaos: It was amazing meeting Nate and Katie and Whisper.

May: Who should come with you next time?

Twilight Sparkle: I was thinking maybe all of the Mane 10.

Nico: Not a bad idea.

Rainbow Dash: It would be really awesome to meet Nate and his friends.

Me: It sure would. Can I go too?

Twilight Sparkle: Sure.

Me: Awesome! I do have the Sword of Harmony after all.

Another great Ambassador Mission in the books.

---

Later we were at the mall for another awesome shopping spree.

Shadow the Hedgehog: Another fine day at the mall. And with no terrorists blowing shit up.

Me: One can only hope. I think they are leaving us alone because they know we have the power to use the GoldenEye on them.

Nico: That's true.

Eli: I'm ready to go shopping.

Me: Lets go!

We got to shopping! We went to the music stores, book stores, electronics stores, toy stores, jewelry stores and more.

Gearshift: What should I get?

Gearshift decided to go to the Book store.

She got books on mechanics.

Demolishor: Maria, you did an awesome job looking after J.D. the other day.

Maria: Thanks Demolishor. But it wasn't just me. It was Carol, Pickle & Barley Barrel, Kirby and the Mascots too. They helped out greatly.

Demolishor: That's true.

Me: Lets head to the food court everyone.

We went to the food court and we got burgers, pizzas, sushi and smoothies. The smoothies were made by Applejack as part of her job at the juice bar.

Moonracer: Horsea, were you and the others behaved while we were inside J.D.?

Horsea: We sure were.

Manaphy: We did our best to help him out.

Tentacool: It was fun to help him out.

Kirby: It was great.

Me: (Slurps a smoothie) Ahh. And I thank you all for helping me out. That was so awesome though.

Nico: We're not gonna be going into your body again anytime soon.

Me: That's all right Nico. Besides it was really amazing seeing what the inside of my stomach looked like.

Scootaloo: Boy it sure was. And we got A+'s on our reports.

Rarity: That's wonderful news!

Volcana: J.D., now that you're feeling better, it's your turn to lead.

Me: Yep. I know and I got just the mission for us. Bobbie Fletcher has an amazing race for all of us.

Eli: Ooh where is it at this time?

Me: Believe it or not it's on the planet Coruscant.

Everyone: Whoa!

Varie: Wow! A race on Coruscant!? That is gonna be so cool to see what the home planet of the Jedi Republic is like as we race around it.

Nico: It sure is. And Coruscant is one massive city.

Me: That covers the whole planet. It's what's called an Ecumenopolis. That means it's a city that covers an entire planet.

Naruto: Incredible!

Applejack: Wow this is gonna be amazing to see.

Sunset Shimmer: I'm looking forward to this one.

Rainbow Dash: How big is the planet Coruscant?

Me: 12,240 kilometers and it has one of the largest populations we've seen in any planet. It has over 3,000,000,000,000 people that live there.

Rarity: My word!

Fluttershy: Goodness. That is one huge planet.

Nico: Boy no kidding.

Shiv, Mammoth, Pyro, Firebrand, Selene, Atomic Skull, Steam Smythe, Shendu, Hsi Wu and Po Kong Then appeared.

Shiv: Can me, Mammoth, Pyro, Firebrand, Selene, Atomic Skull, Steam Smythe, Shendu, Hsi Wu and Po Kong go with you guys? (to me) And J.D.? It's good to have you back.

Me: Thanks Shiv and yes you all can come with. Our next mission is a race on the planet Coruscant.

Pyro: A Race on Coruscant!? That is gonna be awesome to see.

Natalie Griffin: It sure will be awesome to see.

Lola Namiko: Yeah it will be awesome.

Me: Yep. I can't wait to fly through the city of the Capital Planet of the Jedi Order.

Anakin: You're all in for a wild ride J.D.

Me: Lets finish up our lunch and head back to the Estate and get ready.

Nico: Okay.

We got to eating our lunch and then we went back home.

Lugnutz: I don't need a car. Because I can turn into a motorcycle.

Armada Starscream: Not all of us can turn into cars you know.

Me: There aren't very many roads on Coruscant. The reason is because the cars all mostly fly.

Lugnutz: That's cool.

Hot Shot: All hovercars. Really interesting.

Me: You'll see when we get there. Lets load up our cars onto the ship and head on out.

Nico: Right!

We got the cars onto the ship and then we got the ship ready and then we were off. Off to Coruscant!

* * *

The U.S.S. Valorous Phoenix was flying through space.

Hsi Wu: Well, at least I can fly by myself in the race.

Me: That's true. But the ship is not gonna be able to land on the planet because it's all REALLY tall buildings.

Nico: Wow.

Lisa: We have arrived at our destination.

Me: On screen.

The screen came on and we saw that we were at the planet Coruscant!

Pyro: WHOA!

Nico: Wow! From space Coruscant looks amazingly advanced.

Laney: It's incredible. Many of us were never here before. This is gonna be so amazing.

Me: Lets get into our cars and fly down to the planet. Good thing I installed Atmospheric Entry Heat Shields on our cars.

We got into our cars and we drove down to the planet and we all landed at the Jedi Temple.

Me: Here we are guys! Welcome to the planet Coruscant!

Laney: Whoa! So this is Coruscant. The city is incredible!

Nico: Wow! It just goes on forever!

Eli: It sure does.

Helga Sinclair: How long do we have before the race?

Me: We got here early so about 1 hour and 45 minutes. In the meantime I'll show you all around. We're gonna check out the Jedi Temple first.

Nico: Awesome! I've always wanted to see the Jedi Temple.

We went into the Jedi Temple.

Me: This is the Jedi Temple. All of the history of the Jedi and the Greatest Jedi Knights come from here.

Eli: And this is where I learned all about the secrets of the Force and how the powers of the Force have been helping people all over the Galaxy both good and bad.

Ellie Singh: That is really cool.

Nico: It sure is.

We went to an elevator and Eli pressed a button.

Steam Smythe: Isn't this the meeting place of the Jedi?

Me: Yes it is. All the great Jedi Masters come here.

We took the elevator and went into the Jedi Council Room.

Mace Windu: Team Loud Phoenix Storm, welcome to Coruscant.

Me: Glad to be here Master Windu.

Aayla Secura: (French Accent) We heard you are here for a big race that is going to take place here.

Nico: That's right Master Secura. We're looking forward to this.

Me: It's gonna be amazing to see.

Plo Koon: I'm afraid we have bad news for you all and you have to be aware of.

Me: What seems to be the problem Master Plo Koon?

Plo Koon: Boba Fett is lurking around the planet.

We gasped!

Reflector: Didn't we just take out his dad the other day?

Me: Yes we did. Lincoln and his group that did his rescue on the planet Kamino. Blew him to dust and Super Hakaied him. And from what I recall Master Windu you killed him the first time in the Battle of Geonosis. Slashed his head off.

Mace Windu: That is correct.

Me: But its been a long time since the war ended and we destroyed Palpatine.

Luke Skywalker: That's right. I sent him into the Sarlaac on Tatooine.

Fluttershy: That's right I heard about that.

Rarity: But who is Boba Fett?

Me: Right some of you don't know the full details about him. But you do know that he is the son of Jango Fett.

I went over Boba Fett's History.

---

Boba Fett is a major antagonist in the Star Wars franchise. Originally codenamed Alpha, he is a clone of Jango Fett specifically made to be raised as Jango's own son. As a result, he remains heavily unaltered in contrast to the Clone Troopers and instead retains Jango's original genetic DNA.

Ever since the death of his father, Boba Fett continued on his legacy as a bounty hunter, working alongside various bounty hunters, as well taking on other bounties made available to him. By the time of the Galactic Civil War, Boba Fett became one of the galaxy's most infamous bounty hunters across the outer region.

Following the Invasion of Naboo, an army of clones was secretly commissioned on Kamino by Jedi Master Sifo-Dyas, who he believed would be necessary to protect the Galactic Republic. The army however, was part of a Sith plot to overthrow the Republic and destroy the Jedi Order. Prior to his creation process, the bounty hunter Jango Fett was recruited by the Sith Lord Darth Tyrannus. Jango was to be the genetic blueprint for the clone army. Jango agreed to be the model for the clone troopers in exchange for a significant payment, as well as another request: the creation of a clone that had not been genetically modified to alter its behavior or growth time. Kaminoan scientists created this clone, whom Jango raised as his son and named Boba Fett.

As a child, Boba was raised on Kamino by his father, who taught Boba many of the skills he had learned as a bounty hunter. Boba learned combat and survival skills, and mastered the use of the blaster. He also learned how to operate the weapon systems of his father's ship, the *Slave I*, and became familiar with members of the Kaminoan government.

In the days of the Old Republic, 10-year-old Boba Fett and his father, Jango Fett, were approached by Obi-Wan Kenobi on the planet Kamino. Boba was an unaltered clone of his father. During the battle at the landing platform, Jango told him to get on board the *Slave I* while his father engaged Obi-Wan in combat.

Later on in the Asteroid Field, the Fetts make advanced maneuvers against Obi-Wan and escape to the planet Geonosis. Later, the first battle of the Clone Wars erupted in the arena and Boba took cover. During the battle, Jedi Master Mace Windu fought and killed Jango by decapitating him, horrifying Boba. After the battle was over, Boba emerged from his hiding place and picked up his father's helmet and put it against his forehead, swearing revenge.

After his father's death, and the defeat of the Separatists on Geonosis, Boba somehow escaped from Geonosis and began plotting revenge against Mace Windu for killing his father. At some point during the Clone Wars, Boba teamed up with three other bounty hunters named Aurra Sing, Bossk, and Castas, to get revenge.

Later, Boba infiltrated the *Venator* -class Star Destroyer *Endurance* as a member of the clone youth brigade under the alias "Lucky". Upon arrival, the Brigade participated in a shooting drill, which Boba passed with flying colors. Afterwards, Boba slipped away from the group and lied to two clones that Windu, who was stationed onboard the ship, had called him to his quarters, and the clones took him there and left.

After the clones left, Boba placed a laser tripwire bomb outside of Windu's quarters, but a clone trooper inadvertently triggered the explosive and was killed instead of Windu. After the Endurance was placed on high alert, Sing contacted Boba and ordered him to destroy the ship's reactor core, which he reluctantly agreed.

Boba then snuck into the reactor room, where he coaxed a clone into handing him his blaster. Using the blaster, Boba destroyed the reactor and severely damaged it. Boba then regrouped with the clone youth brigade and they escaped in an escape pod.

Upon ejection, Boba disabled the pod, allowing Sing and the other bounty hunters to pick him up in the *Slave I* . After discovering Windu was still alive, Boba and the other bounty hunters flew the *Slave I* down to the *Endurance* 's crash site on planet Vanquor. Sing and Boba went to the crash site where Boba placed his father's helmet in the *Endurance* 's bridge rigged with an explosive to trap Windu while Sing killed every clone who survived the crash except Admiral Killian, Commander Ponds, and a naval officer, who she took hostage.

By the time they had returned to the Slave I with the hostages, Windu had arrived with Anakin Skywalker to investigate the crash site. Windu and Anakin triggered the helmet trap but survived and the resulting explosion incinerated half of Jango Fett's helmet and pinned the two Jedi under the rubble.

Sing and Boba wanted to check if Mace was dead so they returned to the crash site with Castas, leaving Bossk behind to guard the hostages. The trio attempted to reach the bridge but were foiled by R2-D2, Anakin's astromech droid, who pushed debris in the way of the hunters. Boba, Sing, and Castas returned to the *Slave I* and noticed R2 fleeing in Windu's starfighter, who was attempting to send a distress signal to planet Coruscant exposing Boba's actions. Boba and the other bounty hunters pursued R2 in the *Slave I* .

R2 lured the hunters into space where it attempted to use the hyperdrive rings to escape. Boba destroyed one of the hyperdrive rings, but R2 used the second ring to escape to Coruscant. Boba was reassured by Aurra that she would lure Windu to them using the hostages and the *Slave I* blasted off into space. Later, on board the *Slave I*, Boba saw that the hostages had nothing to do with his quest for vengeance against Mace and showed Killian compassion by giving him water.

Later, Sing and Boba sent a message to Windu and told him to find them or they would kill the hostages and Sing handed Boba his blaster and ordered him to kill Ponds, but when Boba refused, Sing killed the commander herself. Boba and the fugitives arrived on planet Florrum in hopes of enlisting the help of a gang of pirates who lived there led by Hondo Ohnaka against Windu. Hondo refused but also promised not to stand in their way. Later, Sing overheard a conversation between Castas and a fellow hunter and referred to Sing as an old hag, who then killed Castas in front of a horrified Fett.

Later, Boba and Sing came across Jedi Plo Koon and discussed about the hostages. Boba emerged from the shadows and held Koon at gunpoint while Anakin's Padawan, Ahsoka Tano held her lightsaber at Sing's throat. After a brief standoff, Koon captured Boba and Sing, stole a speeder bike and escaped, but was pursued by Ahsoka. Meanwhile, Koon interrogated Fett into revealing the location of the hostages, to which Boba refused. Eventually, Hondo helped Koon by convincing Boba to reveal the hostages' location, telling him what his father would have done. Meanwhile, Ahsoka defeated Sing and Bossk before rescuing the hostages. After rescuing the hostages and seemingly killing Sing, Boba and Bossk were arrested by Koon and Ahsoka and brought to Coruscant, where Boba and Bossk met Windu. Boba vowed that he would never forgive Windu for what he had done and was taken to prison with Bossk.

Later, Boba was paid by Cad Bane to start a fight with fellow inmate Rako Hardeen, who was actually Obi-Wan Kenobi in disguise. When Boba was quickly overpowered by Obi-Wan, Bossk joined in the fight. The clone trooper guards arrived and a riot broke out in the prison. Rako and Bane escaped amidst the chaos.

After being released from prison, Boba started a bounty hunter syndicate with Bossk.

Lucasfilm was planning on making two more seasons of the show. Featuring Boba teaming up with Cad Bane, donning his trademark armor and assisting a group of bounty hunters, trying to kill or capture Count Dooku. Unfortunately, due to Disney's purchase of the Star Wars rights, these plans for the show were canceled. However, those stories were implemented into a series of canon novels.

In the 1997 director's cut, Boba Fett is briefly seen in Docking Bay 94 along with the rest of Jabba the Hutt's cronies. He is last seen standing there before Jabba himself tells him to get moving. In this movie, he has no speaking lines. This scene was only seen in the Special Edition version.

Shortly after the Battle of Yavin, Boba was present in Jabba's palace when the Dark Lord of the Sith Darth Vader showed up to negotiate a deal with the Hutt Clan on behalf of Emperor Palpatine. However, the Sith came a day ahead of schedule for personal reasons. Although wary of Vader, Jabba ordered his court to leave them alone. The Sith Lord revealed that he needed the services of two of Jabba's best bounty hunters. After testing Vader, they struck a deal and Jabba instructed Boba and the Wookiee Black Krrsantan to go meet Darth Vader.

Later that day, Boba and Krrsantan found Vader in the desert. The Sith asked them if they were the best bounty hunters of the Hutt and had to settle for verbal confirmation from Fett. Darth Vader gave them each a mission. Boba was to capture a Rebel Alliance pilot seen with Obi-Wan Kenobi and having left Tatooine aboard the *Millennium Falcon* . Krrsantan was tasked with tracking down an Imperial who had won the favor of the Emperor. Both targets were to be brought back alive. Boba promised that the work would be done (specifying that Krrsantan's prey might be delivered with a few limbs amputated). The Dark Lord left as soon as the conversation was over and through a camp of Tusken Raiders he had slaughtered earlier.

Boba immediately began to seek information on the young pilot. Knowing that Solo was dating Mos Eisley, he went there first and quickly found a group of four Rodians. The bounty hunter asked them if they knew an individual named Kenobi. The leader of the little gang replied that there was a Kenobi living away in the Sea of Dunes and that it was only a deranged old wizard. When he asked Boba why he was looking for him, Boba pointed his blaster rifle, replied that Kenobi was dead and that he was the only one asking questions.

When the Rodians had proved their worthlessness, Boba killed them and began to scour Tatooine in search of people who could help him in his mission. His quest led him to interrogate and kill several Jawas and a damp farming family. While he still had not obtained any information worthy of the name, Boba arrived at the cantina of Chalmun.

Boba managed to get the customers' attention and warned them that he would not leave the establishment without the pilot's name. Faced with the silence of the assembly, he threatened an Ithorien. A voice came from behind the room calling the bounty hunter a child. Boba asked to know the individual who had insulted him and could discover a humanoid with six arms and a head taller than the bounty hunter. Boba quickly took over the individual. He tore off one arm and broke two others. He threatened to break a third if he still didn't get answers. Wuher, the bartender in the cantina told him that they did not know the boy. They only knew that he had come with Kenobi some time before. A damp young farmer in the cantina panicked and tried to flee the establishment. However, Boba captured him using his rope launcher. He then proceeded to his interrogation and the young man revealed to him that the pilot's name was Luke Skywalker sometimes hanging out at Tosche station with Biggs Darklighter. Knowing that he had just heard the truth, Boba released the boy who "only wanted a drink" before shooting him in the chest.

Boba left the cantina and headed for Ben Kenobi's house which was in the Jundland Desert and waited for Skywalker to show up. A group of Tusken Raiders attacked the deceased Kenobi's belongings, but Skywalker and his astromech droid routed them. Boba approached the house when the Jedi and his droid stepped inside. He threw a flash grenade which bypassed R2 and blinded Skywalker.

The bounty hunter then struck Skywalker in the head with the butt, who responded with a punch. However, his blow hit the plates of Boba's Mandalorian armor and the young Jedi suffered more than his opponent. Realizing that the bounty hunter was trying to capture him alive, Skywalker armed himself with his lightsaber. Boba pointed out to him that he needed him alive and that he could very well be content to carry him to his ship if the young man refused to cooperate. Using the Force, Skywalker was able to cut the lasso sent by Boba's rope launcher. The blow nearly hit the bounty hunter's helmet. The duel was of rare violence and Boba charged Skywalker after the latter managed to deflect a blaster shot with his saber. They struggled for a moment to grab the lightsaber. While Boba was gaining the upper hand, Skywalker used the Force without realizing it to throw the metal box found on his opponent's head before Boba attacked the Jedi. Still stunned by the fight, Skywalker preferred to leave without asking for his rest and asked R2 to guide him to his hunter.

Once he regained consciousness, Boba took *Slave I* to report to his employer aboard his Star Destroyer. He told Vader that the boy was lucky and managed to escape. The Sith Lord expressed his disappointment and asked Boba if he had reported anything of value. The bounty hunter told him that he had discovered his name: Skywalker. Vader remained silent and Boba came to the conclusion that they had done business. Without realizing it, the bounty hunter had just told Darth Vader that he had a son.

In Boba's official debut, during the time of the empire, Anakin, who is now the Sith Lord Darth Vader, gives Fett the mission of capturing his son, Luke Skywalker.

In order to carry out this task, Boba captures Luke's allies Han Solo, Princess Leia Organa (who is actually Luke's sister and Vader's daughter), the Wookiee Chewbacca, and C-3PO (the protocol droid Anakin built when he was a kid). After Lando Calrissian introduces them to Cloud City, Vader decides to test the carbon-freezing chamber as part of his plan to bring Luke to Emperor Palpatine.

Boba was unfamiliar with carbon-freezing, became concerned that it can cause death and kept demanding Vader to not kill Han, claiming that the smuggler is worth a great deal of money to him that Jabba will pay up for as a reward for catching and bringing him in.

Vader wanted to use Han nonetheless as practice for carbon-freezing as he needed a human test subject (and refused to use his own daughter Leia), assured Boba that the Empire will compensate him a great deal of money, should Han die. This satisfied Boba. Suddenly, Chewbacca went on a rampage trying to resist the stormtroopers, prompting Boba to aim his blaster at Chewbacca before Vader swings his weapon back down, signaling Boba to refrain from doing so.

After the carbon freeze is successful on Han, Vader then gave him to Boba to deliver to Jabba for the bounty reward.

Later, it shows Fett had stayed for parties hosted by Jabba the Hutt. He accompanied Jabba to Han, Luke and Chewbacca's execution aboard the sail barge. During the chaos of the heroes' escape, Fett briefly engaged Luke himself when he reclaimed his lightsaber and started fighting his way through Jabba's thugs. However, he eventually ends up in the sarlacc pit after Han accidentally punctures a hole in his jetpack, which causes him to crash into the side of the sail barge and subsequently tumble down into it.

Fett managed to escape the sarlacc and eventually rested in isolation on Tatooine after the Empire's fall, without his armor. At some point, Fett witnessed a Mandalorian from afar speeding off with the armor in question.

Although the final film seems to imply Boba's death in the Sarlacc Pit, he is actually saved by another bounty hunter, Dengar. Boba eventually even becomes *Manda'lor*, the title bestowed upon the leader of the Mandalorians.

As an old man, Boba and his granddaughter Mitra Gev allied with Fett's former enemy Han Solo in killing Corellian leader Thrackan Sal-Solo after Sal-Solo posted a bounty on Solo and his entire family.

Later, Boba, along with Gev and many other Mandalorians, trained Jaina Solo to bring down her brother Darth Caedus, the Sith who murdered Fett's daughter Ailyn Vel. During this time, Boba allied with his former enemies Luke Skywalker and Han Solo, as well as a former Imperial admiral, Natasi Daala, who succeeds Caedus as leader of the Galactic Alliance.

Despite being defeated, Caedus's agents ensure that Boba, Gev, and the few remaining clone troopers can never return to their adopted homeworld of Mandalore after he creates a nanovirus to target the Fett genome.

When I was done everyone was shocked!

Nico: Oh man!

Eli: But he does have honor and he spared Han Solo from death.

Me: But his hatred towards all the Jedi is burning hot.

Mace Windu: Because I was the one that killed his father.

Me: I remember that Master Windu.

Atomic Skull: Why don't you come with us then? That way, he'll have a hard time deciding who to go after.

Me: That's a good idea. He'll be after you first Master Windu since you are the one that killed his dad.

Mace Windu: Smart thinking. Understood.

Aayla Secura: We also heard that you destroyed all of Mandalore.

Me: Yeah we sure did. The Mandalorians have been causing a lot of problems all over the galaxy.

Eli: They sure have.

Aayla Secura: That is good you did.

Me: Now Boba Fett has another reason to try and kill us. Because we blew up his home planet and killed all his people.

Aylene C.: Whoa. Yeah that's true.

Me: Lets get ready for the race everyone.

We got ready and then some of us saw Qin thinking.

Hak Foo: Is something wrong, Qin?

Qin: (sighs) Well, it turns out that I realized I have feelings for Chris Taylor.

Lori: Wait. You're literally talking about the same Chris Taylor from the Disk Wars earth?

Qin: Yes.

Lynn: The Chris Taylor who has Disk Wars Captain America as a partner?

Qin: Yes.

Lola: The Chris Taylor who has a tough guy demeanor but is actually a nice guy?

Qin: Yes!

Lori: I think she gets the idea.

Qin: Yes that's right. I do have feelings for him. But what if he doesn't like me?

Lori: I'm sure he will Qin.

Hak Foo: Yeah love is an amazing mistress.

Qin: But if he doesn't like me I do have a back up and that's with J.D.

Lynn: Aww.

Chris Taylor was feeling the same way.

Disk Wars Captain America: Is something wrong, Chris?

Chris Taylor: (sighs) Nothing. Except that I think I might be falling for Qin.

Selene: There's nothing wrong with that. It's natural for boys to feel that way in a certain part of their lives.

Me: Yeah Chris you and Qin would be perfect for each other. And I actually know about her feelings for me.

Nico: How could you tell?

Me: I sensed it and I've been overhearing her talk with you as I was eating. Sorry I can't help it. I have hearing that's as good as Master Piccolo's hearing.

Nico: Oh that makes sense.

Chris Taylor: Well I'm really nervous about all this.

Me: You just have butterflies in your tummy.

Leni: He does? Won't they suffocate in there?

Lisa: Leni it's just a figure of speech.

Me: It's a way of saying you're nervous.

Leni: Oh.

We got to the starting line.

Ken Ichijouji: Here we are at the starting line.

Wormmon: I hope we didn't miss anything.

Me: Nope we made it just in time.

Nico: Good. This is gonna be so awesome!

Laney: I can't wait to see what this is like.

Me: It's gonna be a wild ride.

Allie Wilde: I'm looking forward to this one.

Eclair: Me too. This is gonna be awesome.

Anakin: We'll be ready when Boba Fett makes his move.

Me: Yep.

Firebrand: Let's get ready!

We got ready.

Billy Natson then came.

Billy Natson: AND Welcome to another fantastic event in racing history. Hello I'm Billy Natson and we have an amazing race for you all as we are going to have a race around the very capital planet of the Jedi Order, Coruscant! Lina: Wow nice shooting!

Impact Man: Didn't Lincoln and the others kill all the Mandalorians earlier?

Lincoln: Yes we did. He must've had reinforcements hidden somewhere even before we blew up Mandalore.

Nico: That could be the case.

Me: More coming in!

We saw more Mandalorians.

Me: Lets see how they like this. MEGAVOLT MISSILE FIRE!

I pressed a button and fired a Megavolt Missile and it hit one of the Mandalorians and electrocuted him.

Laney: Awesome! How about this one. FALCONFLY HARPOON MISSILE! FIRE!

Laney fired a missile and it opened and formed into a razor sharp spear and then it skewered a Mandalorian and pinned him to a building and killed him.

Nico: NICE!

Eli: Awesome Laney.

Shendu: Get off of our racetrack!

Shendu fired a blast of fire from his mouth and burned a bunch of Mandalorians all over the place.

Lola: Here's a good one. FIRE ANT MISSILES! FIRE!

Lola pressed 4 buttons and fired 4 Fire Ant Missiles and then they opened and fired flamethrowers and incinerated a bunch of Mandalorians.

Lana: Nice shooting Lola!

Me: Now for this. PIRANHA MISSILES! FIRE!

I fired 3 Piranha Missiles and they shredded a bunch of Mandalorians and ripped them apart.

Skull Man: Hey, Boba! Come down and face us yourself!

Me: Yeah where are you Coward!?

Eli: He's over there at those buildings.

Me: Entrance time!

We went at him.

Then the spirits of the strongest of the elements of nature swirled around Boba Fett and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and we came out in our cars.

I put my car on Autopilot.

Boba Fett: You will pay for killing my father!

Me: He brought all that on himself!

He fired his blasters at me and I deflected the blasts back with my lightsaber.

Mammoth: Buddy, either stand down or I'll tear your jetpack clean off!

Boba Fett: Come and try it!

He fired a missile at Mammoth and then Eli used the force and sent the missile back at him and he dodged it and the missile hit a building.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mace Windu: You are full of hatred Boba Fett.

Boba Fett: You killed my father Mace Windu and now I will kill you!

He fired a flamethrower blast and Lola used her fire powers and fired a wave of fire and the blasts collided and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew him back and Allie fired waves of fire and the blasts hit him and knocked him around.

Cloud Strife: I was hoping never to hear that voice. You can come out now, Hollander.

A figure came out, and it was none other than Dr. Hollander, the ruthless and inhumane scientist and former member of the Shinra Organization and rival to Professor Hojo, the Shinra Organization's mad scientist.

Nicole: Hollander, the former member of the Shinra Organization. I should've guessed you'd show up here.

Me: Cloud, what can you tell us about Hollander?

Cloud Strife: You won't like him one bit, J.D.

Cloud Strife proceeded to tell us about Hollander, and we weren't going to like him one bit.

Hollander

Dr. Hollander is a scientist formally employed by the Shinra Electric Power Company who appears in Crisis Core -Final Fantasy VII. He was the chief scientist in the Project G branch of the Jenova Project. He holds a grudge against Professor Hojo due to the power struggle for the leadership of the science department that cost Hollander his job. Hollander appears as a minor antagonist and boss in Crisis Core, but is not mentioned in the wider Final Fantasy VII canon.

Profile

Appearance

Hollander is a middle-aged man sporting graying black hair with a widow's peak and beard of the same color. He wears a lab coat over a yellow shirt emblazoned with the word "Banora" (a logo of an apple juice label), brown trousers and open-toed sandals.

Personality

Being Hojo's rival, Hollander is as ruthless and inhumane in his use of human experiments for glory. He is proud of his creations, and is confused and annoyed by Genesis and Angeal's disgust and rejection of their origins, proudly telling Angeal he is a perfect specimen. Because Project S was chosen over Project G to be funded further and formed the foundation of SOLDIER, Hollander desires revenge on Shinra for snubbing him and wishes to prove his creations superior to SOLDIER, particularly the superiority of Genesis and Angeal to Sephiroth.

Beyond using them for vengeance Hollander cares nothing for Genesis or Angeal, lying to Genesis about being able to cure his degradation as he uses his cells and influence to create an army to fight Shinra. He is cowardly, fleeing from danger when confronted by Zack.

Abilities

Though considered a hack scientist by many, Hollander did rise to a high enough position within Shinra to be allotted funding for conducting personal experiments. When his creations begin to deteriorate, he is at a loss at how to fix it.

As a Genesis Copy, Hollander displays limited combat ability: He uses his bag for weak swinging attacks, can release a poisonous gas, summon Land Worms, and cast some protective magic. He can fire a giant missile from his bag.

## Story

### Project G

While Hojo worked on Project S, Dr. Hollander worked on the rival "Project Gillian" in Banora village. His main test subject was Gillian Hewley, who was injected with Jenova's genetic material. Gillian's son, Angeal Hewley, was born permeated in Jenova's cells, and would become what Hollander considers his "perfect creation". Genesis Rhapsodos was also a test subject, being injected with Gillian's cells, but Hollander considered him a failure. Both Angeal and Genesis were eclipsed by the success of Sephiroth, the subject of Project S, gaining Hojo control over the science department. Hollander was disgraced but remained an employee while his resentment at Hojo and Shinra grew.

### Working for Genesis

Hollander eventually found an opportunity for revenge when Genesis (who was by now a First Class SOLDIER at Shinra) suffered a shoulder wound that was caused by a piece of Angeal's sword, broken by Genesis's attempt to use magic, causing mako to seep into the wound. Genesis began to suffer from degradation-a result of his failed creation. Hollander treated Genesis, but the wound would not heal. Hollander had Angeal donate his blood while Sephiroth was barred, being told that his was incompatible. Hollander promised to cure Genesis in exchange for his service, and together they revolted against Shinra, creating countless new Genesis Copies from the soldiers that would defect the company with them.

The First Class SOLDIERs, Zack and Sephiroth, join work under Shinra to defeat the Genesis Army. They head to the Sector 5 Reactor on a hunch that Hollander might be hiding there and make their way through legions of Angeal Copies, and find Hollander's secret laboratory. Hollander runs into Zack and Sephiroth in his study, and Genesis floats down and explains he will not hand over Hollander. Hollander runs out, but Zack is hot on his tail. They reach the top of a building, and before Zack can take a hold of him, Angeal's Buster Sword blocks his path, granting Hollander the chance to escape.

Hollander and Genesis head to Modeoheim where they have a secret base, but Genesis is growing impatient with Hollander's lack of results. Zack follows them and breaks into the underground level. He finds Genesis confronting Hollander, ready to kill the scientist. Hollander claims that without him, nobody can stop Genesis's deterioration, but the latter believes that "Jenova Cells" are the key.

Zack keeps Genesis from harming Hollander, but he makes a dash for the exit and is stopped by the Shinra Infantryman Cloud Strife whom he knocks down. Hollander explains to Genesis that going to Hojo may not give him any clues as to where the Jenova Cells are stored, but Genesis does not care, and duels Zack, giving Hollander the chance to run out of the warehouse.

Hollander hides in a Hot Bath Inn. When Angeal confronts Zack, he steps out, wanting his greatest creation to triumph in the duel. Angeal shouts at Hollander that his father is dead. Hollander, still confident, accepts this, and tells him to do it on his mother's behalf. When Angeal explains his mother was so ashamed by her past she ended her own life, Hollander divulges the sordid details of Project G. After Zack kills Angeal after the latter willingly mutates into a mindless monster, Shinra takes Dr. Hollander into custody.

Hollander is held in custody in Junon when the Genesis Army attacks the town. During the commotion Hollander escapes, but Zack chases after him to the Junon airstrip where two Genesis copies fly

Genesis clone

Four years later, at Gongaga, Zack tries to return home after being imprisoned and used as a part of Hojo's newest experiment in Nibelheim. He is surrounded by Genesis Copies, and after defeating two of them, hears a familiar voice. Hollander floats down from the sky with a small black wing sprouting from his back, accompanied by Genesis. His hair has turned white and his clothes are tattered, he's become a Genesis Copy and is thus deteriorating.

Hollander explains to the copies that Zack's cells are useless to them due to already having mutated. Hollander had injected himself with Genesis's cells to survive, since Genesis was trying to kill him, and is now dying along with Genesis due to cell degradation. Hollander explains that Cloud, the regular infantryman who escaped Nibelheim with Zack, is the one who holds the last pure sample of the Jenova S-Cells in the world with Sephiroth's absence. As such, Hollander's goal is to abduct Cloud.

When Zack finds Cloud, who is suffering from mako poisoning, Dr. Hollander is fast approaching. Lazard Deusericus, now performing Angeal's will as his Copy, appears and attempts to wrestle Hollander away from Cloud, but is knocked down. Hollander chooses to fight, but is cut down by Zack and killed.

---

When Cloud Strife was finished, we were disgusted by Hollander's actions.

Me: This guy is sick, he's used innocent people in his sick experiments for his pursuit of glory.

Nico: He's an inhuman monster who needs to be destroyed for good.

Shenzi: And I'm going to be the one who rips him to shreds.

Suddenly, Shenzi's eyes turned dark purple, and she was surrounded by a dark purple energy aura with shadows and hyenas, she unholstered her Defender of The Circle of Life Keyblade from her back, and as she approached Hollander, she left purple energy, shadows, and hyenas with every step.

Shenzi: You really make me sick, Hollander. You've used innocent people in your sick experiments for your pursuit of glory, in every way, it still reminded me and the others of what Scar did, and now, it's your turn to pay the price for your actions.

Then, Shenzi was surrounded by a massive vortex of dark purple energy with shadows surrounding it, there were hyenas running around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex, Shenzi emerged, but she was changed forever.

Shenzi gained an anthropomorphic form and grew to 6'0" in height, she had the body of a goddess, she has a full head of black hair going down to the bottom of her neck and she has purple highlights in the bangs of her hair, she has purple eyes and a dark purple energy aura with shadows and hyenas surrounding her, she has massive black angel wings with dark purple tips on the large black feathers, she has a hyena and a lion with the Dark Kanji held in their paws emblazoned on her forehead, she has on hyena earrings with the Dark Kanji in its paws and a necklace with a hyena holding the Dark Kanji in its paws for the pendant, she has on a sleeveless black shirt with purple phoenix, black pants with purple flames on the legs, black leather ankle-length combat boots, and a long black sleeveless trenchcoat with dark purple shadows with hyenas on the coattails and a hyena and lion with shadows on the back. The massive, wide, double-edged blade of Shenzi's Defender of The Circle of Life Keyblade grew to 6'5" in length and turned black and the long black handle grew a little longer. Shenzi has on her Bracelets of the Champions of The Universe with dark purple gems on her wrists, Belt of Elemental Bravery with large dark purple gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the hyena and lion that said, "Shenzi Marie Predatora Veldetta Jacquelina Hyena, Leader of The Hyenas, Dear Friend of Banzai and Ed, Destroyer of Scar's Dark Ambitions and the Outlanders, Friend to Many, Slayer of Evil, and Master of Darkness and Hyenas."

Shenzi has transformed into SUPER ANGEL 750,000,000,000 PRIDELANDS DARKNESS HYENA ANGEL OF JUSTICE AND HOPE!

We were amazed by Shenzi's Super Angel 750,000,000,000 transformation, including all of our friends from the Pride Lands. But, when Hollander saw it, he tried to run. But, Shenzi made a barrier of dark flames, which prevented him from escaping.

Me: Whoa, Shenzi's transformed.

Nico: You said it, J.D., and she prevented Hollander from escaping like the coward he is.

Banzai: (Wolf Whistles) Whoa, Shenzi, you look stunning. How do you feel?

Shenzi: (Divine Echoing Cosmic Voice of Darkness and Jungle Justice) **I feel incredible, Banzai, and now, it's time for me to get rid of this coward.**

Shenzi went after Hollander, and she fired powerful blasts of dark purple energy, shadows, dark fire, and hyenas made of dark fire, and as they hit Hollander, they exploded with incredible power. Then, Shenzi slashed off Hollander's arms and he screamed in excruciating pain.

Shenzi: **Alright, Hollander, it's time for you to say goodbye forever. DARKNESS FIRESTORM HYENA RAMPAGE!**

Shenzi fired massive blasts of dark fire, which transformed into a pack of hyenas, and they tore apart Hollander, and his body was reduced to ashes, and his spirit was Super Hakaied forever. We cheered for Shenzi as she holstered her massive Defender of The Circle of Life Keyblade on her back and she powered down, and her new body, clothes, weapons, and jewelry were permanent.

Lynn Loud: Dang, Shenzi really let that lunatic have it.

Lori: You said it, Lynn. Shenzi, that was literally incredible.

Shenzi: Thanks, Lori, and that means, another Shinra mook has been brought down.

Me: And it's sure to piss off the others still out there.

Banzai: If I see another one of them, I'll gouge their eyes out.

Nico: With the fact that none of them will ever learn their lesson, I think that chance for you is about to come, Banzai.

Banzai: Sweet.

We got back in our cars to finish the race.

Billy Natson: And here comes the first racer to cross the finish line! It's FLUTTERSHY AND LANEY LOUD!

Everyone cheered! We parked and got out.

Po Kong: We won! This calls for a victory feast!

Fluttershy and Laney went to the Winner Circle and they were given amazing and beautiful trophies. The trophy looked like the planet Coruscant and it had city lines made of glitter and crystal and the planet was sparkling and there was the symbol of the Jedi Republic on top and there was a race car going around the trophy.

Fluttershy: This was a really amazing race.

Laney: Boy it sure was Fluttershy. This is my second race that I won.

Nico: That's right you won that Solar System Race and that is cool.

Me: It sure was awesome. This was a really cool race. Lets head to Lynn's Table for some grub and dinner.

We cheered. We went back to the ship and went back to Earth.

---

We were at Lynn's Table and then Captain Cold, LaGrange, Sportsmaster, Cad Bane, Lythos, Hydros, Stratos, Koragg, Ranamon amd Grumblemon appeared.

Me: Captain Cold, LaGrange, Sportsmaster, Cad Bane, Lythos, Hydros, Stratos, Koragg, Ranamon amd Grumblemon.

LaGrange: I would've participated in the race but there were no roads.

William: It's okay. You can participate in the next race.

Captain Cold: Fine by us.

Sportsmaster: But the race was still good.

Me: It sure was and Fluttershy and Laney won the race. It was cool.

Cad Bane: (to me) I heard you went to Mon Cala. I've never actually been there.

Me: It was an ocean planet and it was really amazing to see.

Lythos: What was it like?

Me: It was awesome and we all thought it was incredible.

?: That is something.

A figure came out and it was JARNAKE SAUCER from episode 38 of LupinRanger VS PatRanger!

---

**Jarnake Saucer** is a snake-themed Gangler Monster and is the main antagonist in episode 38 of the 2018 TV series *Kaitou Sentai Lupinranger VS Keisatsu Sentai Patranger* . Also he is equipped with a RC Controller-like treasure called *Elle me rend fou* .

He was voiced by Takashi Matsuyama.

Jarnake Saucer made his first appearance alongside with his childhood friend named Iselob Starfryed terrorize the people of Japan until the cops showed up to stop them. He used the treasure's ability to make the van to attack the police, but they managed to dodge out of the way. So the police transformed as they dodge the incoming vehicles that were being controlled by the treasure's ability. However before the battle commence between the two Zamigo Delma shows up and freezes Iselob because he needs Jarnake assistance into getting the VictoryStriker by using the treasure's ability.

A while later he appears at the exact location where he took control of the VictoryStriker in order to attack the flying Lupinrangers. However Noel saw him using the treasure's ability to do his bidding, so Noel transformed and is about to battle Jarnake however thanks to the arrival of Destra Majjowell Noel battles him instead as Jarnake continues his job controlling the VictoryStriker. As this goes on Destra was about to finish Noel off, but he was saved by the arrival of the police. So they transformed and battles Destra with Noel.

As this goes on Lupin Red notice that there's a second vehicle called the SirenStriker stash within the controlled VictoryStriker, so he used this advantage to send Jarnake right in front of Noel, so that way he can gain access to Jarnake's safe (which his password is 1-0-6) and got *Elle me rend fou* (which translate as "She drives Me Crazy") RC Controller because with that out of his safe the VictoryStriker is now in the capable hands of the Lupinrangers. After that Jarnake was then taken out by the police.

However thanks to Goche Ru Medou he's then enlarged and is now being assisted by a pink Goram as they battle Siren Lupin Kaiser (which is odd because Goram hasn't been shown during the giant battle) after that he was then finished off by this finisher called Good Striker: Blow em to Smithereens Cannon.

---

Kairi Yano: Jarnake Saucer!

Jarnake Saucer: Been a while rangers.

Me: I remember you! You terrorized the people of Japan by turning cars into weapons and smash people down and it was because of the Elle me Rend Fou trease that allowed you to do that.

Jarnake Saucer: Good memory on you J.D.

Me: Never missed an episode.

Jarnake Saucer: It's too bad I don't have that Lupin Collection Piece that lets me control vehicles anymore.

William: I know! Those powers were actually similar to Gearhead's and Overdrive's.

Me: They sure were awesome though.

Nico: I thought so myself.

Me: Yeah. That was awesome.

We got the usual battles underway.

---

Qin, Nico, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Alan Albright, Lola, Sam S.L., Suzi, Frosta, Torch Man and Volcana VS Captain Cold - Mon Cala must've been beautiful

---

Captain Cold was first.

Captain Cold: (to Qin) Mon Cala must've been beautiful. Hard to believe a Civil War happened there.

Qin: No kidding. That was terrible that all that happened there during the Clone Wars.

Nico: That was really bad.

Sunset Shimmer: It sure was. I can't imagine the kinds of horrible things that happen during long period wars like that.

Pip-Squeak: (British Accent) But it must not be very good.

Sunburn: War is not good and all it only brings is nothing but destruction and death.

Alan Albright: Yeah it is horrible.

Lola: It sure is and we've been through many wars ourselves.

Sam S.L.: But thank goodness it's not those long period wars like World War II or anything.

Suzi: That's true. That would not be good.

Frosta: No it wouldn't.

Captain Cold: Boy I agree with you there. Lets get it on!

They fired waves of fire and ice and smashed him down.

Qin: OH YEAH!

Sunset Shimmer: That was amazing!

## Vert, Rainbow Dash, Scootaloo, Air Skylanders, Ben 10, Gwen, Kevin, Yang, Ghost Rider, Kid Flash, Thunderblast and Lugnutz VS LaGrange - Vypra's sister Praxina coming back

LaGrange was next.

LaGrange: (to Vert) I can't believe Vypra's sister Praxina came back! But thankfully, she'll be in one of our prisons for a long time.

Vert: You got that right and that still shocks me that Vypra and Praxina are related by blood and they absolutely hate each other.

Rainbow Dash: That is some REALLY BAD Blood between them. It's hard to imagine it is that bad between them.

Scootaloo: You're not kidding. That is terrible that they have all that bad history.

Whirlwind: And look what happened to them. One ended up working for Gramorr and the other working for Queen Bansheera.

Ben 10: That is awful. But now that both Gramorr and Bansheera are both dead, I'm sure they can try to mend their relationship.

Gwen: It's not gonna be that simple Ben. This is a kind of relationship that is broken beyond repair.

Kevin: Yeah this will take a long time to heal.

Yang: Yeah no kidding. Thank goodness me and Ruby aren't like that.

Ghost Rider: That is a good thing.

Kid Flash: Boy you aren't kidding there.

LaGrange: You're not kidding. What do you think could be the cause of them hating each other for so long?

Vert: It could be a number of reasons. Jealousy, hatred, them being better than the other, neglect, anything.

LaGrange: Wow. I wonder what has them pissed off at each other. We'll have to find that out later. Lets do it!

They fired waves of lightning, fire, rainbows and wind and energy and smashed him down.

Vert: OH YEAH! TAKE THAT!

Rainbow Dash: That was AWESOME!

---

Lightning, Lynn, Lightning Dust, Applejack, Apple Bloom, Earth Skylanders, Batman, Flash, Helga Sinclair and Marie Kanker Loud VS Sportsmaster - Lincoln destroying Mandalore

---

Sportsmaster was next.

Sportsmaster: (to Lightning) Lincoln did a good job destroying Mandalore. That's one less hostile species the Jedi have to worry about.

Lightning: Yeah the Mandalorians have caused nothing but trouble and they deserved to be wiped out.

Lynn: You got that right. What they did to the galaxy all over the place is absolutely despicable.

Lightning Dust: They have no honor unlike the Saiyans.

Applejack: The Saiyans have more honor than the Mandalorians and Thalionians do.

Apple Bloom: That's right! They needed to be destroyed.

Flashwing: No sense of redemption on the Mandalorians.

Flash: Yeah those guys were bad.

Batman: Worse than that actually.

Sportsmaster: You got that right. Lets do it!

They fired waves of lightning, fire, earth, crystal, apples and rock and smashed him down.

Z: And no terrorists were around to blow it all up.

Sydney Drew: Thank goodness for that. That's the last thing we would want to deal with right now.

Rarity: I agree with you there darling. What those terrorists have done to the mall is just awful!

Sweetie Belle: But I think they won't come anywhere near us all again now that we have the GoldenEye. We can use it to destroy their bases without any problems.

Gill Grunt: And Lincoln has to get info out of a terrorist and then their days are numbered.

Anakin: That's right.

Obi Wan: Maybe now those terrorists will think twice about messing with us.

Samus: One can only hope.

Cad Bane: That is true. Lets do this thing!

Baihumon: You're not kidding there. We killed over 4 million Mandalorians in one day. This will be remembered as The Great Mandalorian Genocide.

Pinkie Pie: Yeah they were nothing but a bunch of party poopers!

Featherweight: They sure were and they caused nothing but destruction.

Hercules: Boy that is a really good question.

Toph: I'm wondering that myself too.

Wind Socks: Same with me.

Stratos: That is a good question. Lets do it!

They fired waves of gears, metal, lightning and energy and smashed him down.

Hydros: (to Azulongmon) I hope Boba Fett likes being in a Jedi Prison. But we'll make sure he eats some healthy prison food.

Azulongmon: That's good and I have a feeling he won't like it. He is now cursed to be the last of the Mandalorians.

Starlight Glimmer: That's gonna be a massive hardship for him especially after everything he and his father did.

Cozy Glow: You're not kidding there.

Hex: Yeah he brought all that on himself.

Hercules: But he did put up a really great fight.

Lana: And he does have a sense of honor unlike his dad.

Sarah Gunnerson: At least he didn't suffer the same fate as his father. He does have a sense of honor after all.

Princess Celestia: That is true and he is as honorable as you Koragg.

Koragg: That is really true.

Nick Russell: At least he is in prison and his father is dead.

---

Ranamon: (to Stacy) (Valley Girl Accent) It's awesome how Laney and Fluttershy won. This is must be Laney's second race that she won.

Twilight Sparkle: I remember seeing that one on a video. That was really cool seeing it.

---

We regrouped and cheered wildly!

Me: That was so awesome!

Stratos: You and Laney did a good job winning the race, Fluttershy!

Fluttershy: Thanks, guys,

Hydros: It might've been the second race Laney won. But it was your first too.

Koragg: But you both did an excellent job.

Mace Windu: And as a bonus, Boba Fett is now in prison.

Ranamon: Where he belongs!

Grumblemon: I really hope that's the last of the Mandalorians.

Me: Don't worry we made sure there are no more Mandalorians left after today. Boba Fett is now the last of his kind.

Nico: Good riddance.

Me: Yep. And we got to see all of Coruscant too.

Applejack: It's amazing that Coruscant is that big of a city.

Starlight Glimmer: That is amazing! A city that covers an entire planet.

Me: Yep. There's bound to be more planets like that if we know where to look.

Eli: That's true. But this was awesome.

Me: It sure was. Great job today everyone. Great job.

Mammoth: Thanks J.D. (To the viewers) Hope you like this race everyone. It was awesome to see Coruscant.

Me: It sure was.

We went back home and enjoyed the rest of the day and went to sleep.

Vypra: Hey Praxina, got you new cellmates.

Vypra then led Boba Fett and J (Murder Drones) into their new cell and locked the door.

J (Murder Drones): All I see are weaklings, and if Vypra didn't take away my weapons, I would straight up kill you myself!

Praxina: Ugh, This is so not fair!

Boba Fett: You wanna know what's not fair?! Car accidents! Natural disasters! Terrorist attacks! Learning that your species died and then HAVING TO WATCH AS THE LAST OF THEM GET PICKED OFF ONE BY FUCKING ONE AND THEN BEING FORCED TO LIVE WITH THE FACT THAT YOU'RE THE LAST OF YOUR KIND! If you think… for one FUCKING second… that you have it rough… you're dead wrong. And believe me, I'm not doing this to be mean. I am doing this for your own good. Welcome to jail. Welcome to hell.

They were gonna be there for a long time.

THE END

---

Another awesome race chapter done.

Coruscant is one of the most amazing planets I've seen in the Star Wars Universe and it's so cool how it has a huge city that covers the entire planet. It must've taken an incredibly long time to build a massive city like that to cover an entire planet like that. It was in every way like Earth long ago before it had become a massive planet encompassing city. I think that was amazing! And now it has become one of the most densely populated and technologically advanced planets in the universe with technology that was thousands of years ahead of anything we have on Earth. The first part was for the planet Mon Cala and that was the home planet of Admiral Ackbar of the Mon Calamari and that is really cool. The second part was for the planet Mandalore and let me tell you I don't like the Mandalorians. They are dangerous and terrible. Also now Boba Fett is in prison. But let me tell you, he escaping the Sarlacc

Pit is a feat all on its own. But in the future he will be joining the Masters of Evil later on. I just have to figure out who he will have in the usual battles. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be on the planet Sullust and we're going to see what that volcanic world is like and also battle Gozaburo Kaiba as well as Rex Raptor. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Noriko Kaiba, Cerea the Centaur and the Kartana Gene-Slammer are gonna go with me on this one and Noriko Kaiba is going to transform against her so called father and Cerea will transform against Rex Raptor and we're going to throw Rex in jail. So I'll need the transformation sequences for them. Also we're going to meet a Mega Magcargo Gene-Slammer named Lorelai Halia from Hawaii as well as a Rainbow Dragon and Rainbow Dark Dragon! The next rescue for Lincoln is gonna be on the forest planet Vendaxa and that is gonna be interesting to see as we battle Lysandre the Leader of Team Flare and also Fii the Phoenix will transform in that one too. The next chapter is gonna be for the movie Hoodwinked. Get ready as we take down the evil Boingo and make him pay for causing bad crimes against our favorite fairy tales.

See you all tomorrow

# FAIRY TALES HOODWINKED!

On the planet Sullest, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Noriko Kaiba, Cerea the Centaur and Kyoko Yamaguchi the Kartana Gene-Slammer were there to see what that world was like.

Simone: It's my kind of planet next to Mustafar.

Nicole Chan: This is awesome to me too.

Maria: Well, if we get into trouble, I can always put out any fires.

Me: That's true. But we'll be ready for anything while we're here. Lets walk around.

We got to walking around planet Sullust. And we also learned all about the history of Sullust.

---

Sullust was a planet located in the Sullust system of the Outer Rim Territories that was home to the Sullustan species.

its earliest days, Sullust was a proud and influential member of the Galactic Republic. By the High Republic Era, Sullust had formed a joint task force with the Mid Rim world Malastare. With officers like Hedda Casset among the membership of their joint fleet, they kept order in their small portion of the Mid Rim, fighting threats like pirates. By the later Republic Era, Sullust was also host to the Sullust Sector Spacefarers Academy that young Wilhuff Tarkin attended. In the years following the Invasion of Naboo, the rogue Jedi Count Dooku spread political turmoil on worlds such as Kashyyyk, Onderon, and Sullust, and Sullust would secede. During the Clone Wars, it hosted a battle between the Republic and the Confederacy of Independent Systems.

After the Battle of Naboo, Dooku, on the orders of his Sith Master, came to Sullust on a secret mission and met with Kap Klyp. Meanwhile, on a secret mission, Jak'Zin, the Jedi Knight, recognized Dooku and came to his side. After Dooku fused with Jak'Zin, the two revealed to each other their secret mission. Later, they were surrounded by armed men, but the duo killed them all. However, Dooku also killed Jak'Zin.

The planet eventually came under the jurisdiction of the nascent Galactic Empire following the proclamation of the New Order, and was reduced to vassal status and a source of fuel for the Imperial Military, becoming an essential mining and manufacturing center for the Empire. By 18 BBY, the Empire already had an established presence on Sullust. For years, Sullust remained relatively peaceful as workers accepted the stability offered under the Empire's reign. However, the Cobalt Laborers' Reformation Front steadily began to increase in numbers, sending letters to the Imperial governor demanding better working conditions and increased local autonomy. In response, the Empire detained roughly eighty percent of those in the organization and those it deemed most radical.

During the early rebellion against the Galactic Empire, the Alliance to Restore the Republic listed Sullust as a safe world. Sullust was included in a map of the galaxy with a legend listing the various Alliance safe worlds, starfighter hubs at level five or higher, rebel operations sectors and regional headquarters, and shadow planets with deep space caches. The map would be incorporated into The Rebel Files.

In 0 BBY, shortly after the Disaster, an enclave of Alderaanian refugees took up shelter on Sullust, hoping to escape Imperial reprisals against the remaining population of Alderaan.

After the Battle of Hoth in 3 ABY, the Imperial Security Bureau began to suspect the Cobalt Laborers' Reformation Front of harboring rebel sympathizers and material for a possible resistance movement. The group claimed to have no connection to the local Sullustan resistance on the planet, but that did not stop the Empire from locking down the city of Pinyumb following a pipe bomb explosion in a nearby manufacturing facility.

Weeks later and shortly following the Battle of Hoth, the Rebel Alliance initiated Operation Ringbreaker, which sought to force Imperial redeployments from the shipbuilding world of Kuat by assaulting worlds such as Obumubo, Naator, Xagobah and the asteroid mines of the Kuliquo belt, thus allowing for the Alliance to assault its ultimate goal. When the Alliance 61st Mobile Infantry jumped out of hyperspace a mere half million kilometers from the planet in an effort to rapidly deploy drop ships to assault the Inyusu Tor mineral processing facility, the attack ultimately went awry the following day when the Imperial Vixus Squadron ambushed their troop transports, stranding the company on the planet. The next three days would result in the bloody Siege of Inyusu Tor, initially being in the Empire's favor as the Imperial-class Star Destroyer

Herald arrived in the system and the Imperial Army utilized overwhelming force to surround the rebels on the mountainside facility. However, after receiving aid from the local resistance as well as finally convincing the Cobalt Front to rise up in Pinyumb, the Imperials were overwhelmed, while subsequent uprisings across the planet ultimately liberated it from Imperial rule.

In the following days, an interim government was installed in Pinyumb, while heavy losses sustained by the Sixty-First ultimately canceled Operation Ringbreaker, allowing the company to act as a temporary police force for the Sullustan people. Subsequent pirate broadcasts and intercepted Imperial signals indicated further insurrections across the planet, delaying the inevitable Imperial counterattack.

Nicole Chan: Wow this planet has a lot of amazing history.

Me: It sure does.

Eli: I think it's all amazing that each planet has a lot of history.

Me: It is all amazing!

Maria: Nothing so far.

Eli: Wait! I sense two evil forces here. They are about 500 meters ahead.

We saw two figures and they were GOZABURO KAIBA AND REX RAPTOR!

---

Gozaburo Kaiba

Gozaburo Kaiba is a major antagonist in the Yu-Gi-Oh! franchise, as well as the overarching antagonist for Seto Kaiba's entire story arc.

He appears as a very minor but important antagonist in the manga while also serving as the overarching antagonist of Season 3 of the anime, more specifically acting as the main antagonist in the Virtual World filler story arc.

He is the original CEO of Kaiba Corp, the biological father of Noah Kaiba, and the adoptive father of Seto and Mokuba Kaiba.

In Gozaburo's childhood, it is possible that he was abused by his own father in the exact same way that he would treat Seto in the future.

He was voiced by Unshō Ishizuka in Japanese and David Wills and later Ted Lewis in English.

## Manga

Gozaburo was the original founder and CEO of KaibaCorp and a chess grandmaster. He visited an orphanage, hoping to adopt an heir. Here he met Seto, who challenged him to a game of chess, with the stipulation that he and his brother Mokuba would be adopted by Gozabura if Seto won. Gozaburo laughed at first, but said that Seto was an interesting kid and accepted the challenge, which Seto won through cheating.

Gozaburo forced Seto into an accelerated school program, using corporal punishment as persuasion. He had Seto spend hours every day studying foreign languages, social studies, economics and game strategy.

Gozaburo's abuse of Seto was what motivated Seto to overthrow him. Six years after the adoption, Gozaburo, Seto and ten others attended a KaibaCorp meeting. By the end of the meeting, the ten agreed that starting that day, Seto would be the new president of KaibaCorp. Seto smirked and asked "Have I learned what you wanted… 'father'?". Gozaburo replied that he has lost his game with Seto and asked him to burn it into his brain that this is what happens to a loser, before jumping out the window, committing suicide. Kaiba remarked that to lose means to die and thanked Gozaburo for teaching him that.

## Anime

His son, Noah, was nearly killed in a car accident, so he uploaded his mind into the virtual world to save him, and adopted Seto Kaiba and his brother Mokuba so Noah could enter Kaiba's body, but soon became more interested in teaching Seto and making him his new heir. They never go into detail about this, but it is implied that he mentally, emotionally and maybe even physically abused Seto during his time with him. There is a possibility that he gave Noa and Mokuba similar, but less severe treatment as well. He gave Kaiba a large amount of money and told him to pay him back in order to truly become a member of Kaiba Corp, with Kogoro Daimon of the Big Five as the only one allowed to help him. He was able to do this, and eventually with the help of Mokuba, took over Kaiba Corp. Gozaburo vanished without a trace after this, uploading his own mind into the virtual world. What happened to him depends on the material. In the original manga, he was so upset about Seto beating him that he committed suicide. However, the original dub of the anime has him commit suicide and upload his mind like he did with Noah and the 4Kids dub has him run away and upload his mind to the virtual world.

## Revealing Himself

There, he and Noah attempted revenge on Seto, teaming up with the Big Five once they became trapped in the virtual world. The Big Five were defeated by Yugi and Katsuya Jonouchi and trapped by Noah, and Noah was defeated by Yugi. Gozaburo revealed to Seto that he was the one behind the whole thing, and all his true intentions. His plan is to use the satellite missiles to destroy every major city on Earth before hacking into the world's computer networks, and rule over humanity from within the Virtual World.

## Dueling Seto

Gozaburo dueled Seto and, at first, he seemed invincible due to his even more powerful version of Exodia, Exodia Necross, who was invincible, until Seto removed the Exodia cards from the graveyard (where they needed to be for Exodia Necross to be invincible) and defeated Gozaburo. He transformed into a beast of flame and attacked Seto, but Noah, who had previously set the virtual world's fortress to self-destruct, held him in place, and he was deleted along with the virtual world. However, he survived long enough to reappear in the real world as a real beast of flame and attempted to take Seto with him by eating the blimp that Seto and the others were escaping in, but the blimp escaped from Gozaburo's flaming jaws and he vanished for good as the flames died down to regular fire.

## Later Appearances

While Gozaburo in person was dead, Gozaburo did appear in Waking the dragons thought to have kidnapped/murdered Alister's brother. However Alister stopped hating Kaiba upon learning Dartz was the true criminal.

## Rex Raptor

Dinosaur Ryuzaki (Rex Raptor in the 4Kids dub) is a minor recurring antagonist in the Yu-Gi-Oh! anime series.

In the Japanese version, he was formerly voiced by Hiroyuki Fujii and currently by Yuichi Nakamura. In the English version, he was formerly voiced by Christian J Lee, Anthony Salerno, Sebastian Arcelus and Brian Zimmerman and currently by Sam Riegel in the English version.

Rex Raptor plays a deck focusing on dinosaur type monsters, though his mightiest monsters are dragon type. He is the runner-up in the regional championship, losing the final round to Insector Haga. He is not a cheater like Weevil but is a j*** all the same.

However, the last seasons of the anime adaptation portray him as a joke easily dispatched by the villains and willing to sell his soul to get revenge on Joey Wheeler. They also portray him as Weevil's best friend and partner in crime, something much less apparent in the manga.

After being eliminated in the first round in Dueling Kingdom, He and Weevil became unpopular and people are making fun of them. They were beaten up by three bullies who helped a kid of getting his card back.

## Waking the Dragons

In Season 4, Waking the Dragons, Rex and Weevil attempted to steal Yugi and Joey's rare cards, but were challenged to a duel by Gurimo, who beat them and took their souls. They were released after Yugi defeated Gurimo. Rex and Weevil snuck aboard during Yugi's trip over to Pegasus' castle in the hopes of finding rare cards and tried to get an Orichalcos card from Rafael, becoming two of Dartz's henchmen after hitchhiking aboard Rafael's helicopter. Rex dueled Joey in a train station as revenge for taking his Red-Eyes and was defeated. His soul was taken by the Orichalcos and was released when Dartz and the Orichalcos God were defeated.

Grand Championship

In the first half of Season 5, Grand Championship, Rex and Weevil entered Kaiba's tournament as one duelist and dueled Zigfried von Schroeder, who easily defeated them with his Valkyries.

Dawn of the Duel

In the second half of Season 5, Dawn of the Duel, Rex and Weevil stole Yugi's Millennium Items and Egyptian God Cards (only going after the latter) but ran into Dark Bakura, who knocked them out (temporarily trapped their souls in the Shadow Realm in the 4Kids dub) and returned the cards and items to Yugi. They suffered a lot of the consequences of Zorc ravaging the past but survived it all.

Me: It's Gozaburo Kaiba and Rex Raptor!

Cerea: Oh man! I wondered when they were gonna show up!

Eli: I had a feeling they were gonna appear. Just like when Weevil did bro.

We went up to them.

Me: Hello Rex Raptor.

Maria: Gozaburo Kaiba. We neet at last.

Gozaburo Kaiba: For the last time!

Me: Hello Gozaburo. Remember me?

Gozaburo looked at me and he saw how much I have changed and then he saw a memory of me from 7 years ago and then he knew it was me!

Gozaburo Kaiba: YOU ARE THAT RUNT THAT BANISHED ME TO THAT HORRIBLE PLACE!

Me: That's right! James Dean Knudson, your worst nightmare come to life and the very man that killed you. Because you brought all that on yourself.

Noriko Kaiba: Hello "dad."

Gozaburo Kaiba: Noriko!? You're alive!

Noriko Kaiba: That's right! Before we fight I have a bunch of questions I want to ask.

Me: Uh oh. Looks like she wants to get some answers.

Maria: Rex! Why are you helping Gozaburo? Don't you realize that as soon as he gets what he wants, he's going to betray you?!

Me: Not only that but it was like what happened with Dartz. You were a pawn to him too.

Rex Raptor: Because I wanted revenge on Joey for ruining my reputation.

Me: Rex you have to let that go. What happened in the past should stay in the past.

Cerea: That's right Rex. What you need to realize is that not everything can go your way.

Nicole Chan: That's right.

Noriko was confronting her father.

Noriko Kaiba: Father way did you do all the stuff you did!? I want to know the truth from you!

Gozaburo: Oh sweetie. It's because I hate everything and I hated you because I thought you were going to hurt me. Like I did to so many others including my stepson.

Noriko Kaiba: But you had everything you could have ever wanted! Money, Power, A Great Company and a great daughter that would do anything for you! But all you did was throw me away and got me turned into my half brother's signature monster: The Blue-Eyes White Dragon! Was I not enough for you!? (Crying) Did it matter that you didn't love me!? That I was hurting inside because of your own lust for power and abuse towards me!? I loved you dad! And you destroyed that love!

We couldn't help but feel bad for her.

Rex Raptor: Oh man. Poor girl.

Me: Yeah.

Rex Raptor: After hearing that, I don't think I want to fight you guys.

Me: Wise choice.

We went up to Gozaburo.

Maria: Gozaburo, as soon as backup gets here, you're gonna get it!

Me: How could you be so despicable not only to your own daughter but to everyone around you!?

Nicole Chan: All you do is treat life like it's nothing but a disposable commodity!

Me: And that's why I had to kill you! Unlike you, your son Seto is a much better businessman and duelist than you EVER WILL BE!

Gozaburo was enraged!

Gozaburo: HOW DARE YOU SAY THAT!?

He went at threw a punch at me and it hit me in the face!

But the impact from the punch didn't even make me flinch and it shattered his hand and he screamed in pain as bones were sticking out of his hand!

?: I've had it with this monster!

Rainbow Dragon and a Rainbow Dark Dragon and a Mega Magcargo came out!

Eli: Wow! Rainbow Dragon, Rainbow Dark Dragon and a Mega Magcargo!

Mega Magcargo: (In a girls voice) (Hawaiian Accent) That's right. My name is Lorelai Halia.

Nicole Chan: Wow you're a Mega Magcargo Gene-Slammer.

Maria: We met your Crystal Beast buddies the other day.

Rainbow Dragon: That's what I saw and I'm honored that they are now in good hands with you all and Jesse. He is a true friend to us.

Eli: We can tell.

Rainbow Dark Dragon: Indeed sister. I can't believe that I was made when Yubel poisoned Jesse like that.

Me: Did that really happen to you?

Rainbow Dash Dragon: Yeah it's a really ugly story. But I'll tell you all later.

Noriko Kaiba: You make me sick "Dad"!

Suddenly, Noriko Kaiba's blue eyes turned neon blue and she was surrounded by a blue and white energy aura with white and blue lightning and dragons, and Cerea's blue eyes turned neon blue, and she was surrounded by a green energy aura with Earth and centaurs, and as they approach Gozaburo Kaiba and Rex Raptor, Noriko Kaiba and Cerea the Centaur left green, blue and white energy, white and blue lightning, Earth, centaurs, and dragons with every step.

Then, Noriko Kaiba was surrounded by a massive vortex of blue energy with white and blue lightning surrounding it, there was a Blue-Eyes White Dragon flying around the vortex, and in the vortex is a white dragon, and Cerea the Centaur was surrounded by a massive vortex of green energy with Earth and rocks surrounding it, there was a centaur running around the vortex, and in the vortex is a blue phoenix. Cerea the Centaur has transformed into SUPER ANGEL 750,000,000,000 EARTHQUAKE CENTAUR ANGEL OF LOVE AND HOPE!

We were amazed by the Super Angel 750,000,000,000 transformations of Noriko Kaiba and Cerea the Centaur, and when I saw Cerea, I had an atomic red blush on my face. But, when Gozaburo Kaiba saw it, he fell into a rage.

Me: WHOA!

They went and pulverized Gozaburo all over and smashed him down all over.

Me: TAKE THAT!

I went over and kissed Cerea and we then tied up Gozaburo and then Allie slapped the cuffs on Rex and they powered down and Noriko's angel wings, weapons, jewelry and clothes were permanent and Cerea's body, Jewelry, Weapons and clothes were the same. Noriko then hugged Allie and cried hard. Then I put on my blind man glasses and snapped my fingers and then Kyoko and Lorelai were reverting back.

Kyoko: (regains her hair) Do you have any special talents?

Lorelai Halia: I'm a hula dancer. I dance at Luaus and events like that.

Me: Do you know Hunter's friend Kanaloa?

Lorelai Halia: Yes I do! I went to school with her years ago.

She and Kyoko were back to normal and they were given new clothes and they put them on.

Lorelai Halia: Wow this is amazing.

Maria: I actually love the tropical dresses of Hawaii. They are some of my favorites.

Eli: Those are beautiful dresses.

Cerea: I like those too.

Me: And cue Lorelai being in pain in 3… 2… 1…

Lorelai Halia: (holds head in pain) I can feel my bones stretching!

Rex Raptor: This must have happened to many of you guys on a daily basis.

Gina Pele: You have no idea.

Simone: But Lorelai concentrate and reign in the power with the strength of your will. We did it and so can you.

She concentrated and then she had a massive volcanic lava and fire aura flare up and it was hot.

Me: WHEW! That was burning hot!

Eli: Yeah!

Lorelai Halia: But that was amazing! I feel amazing.

Me: Awesome. But lets get back to Earth.

Noriko was hugging Allie and crying hard.

Allie Wilde: It's all right Noriko.

Nicole Chan: Poor Noriko.

Me: Gozaburo is going to prison for good. I have a feeling he is not going to like it there. Seto is not going to be happy seeing him but it'll be good that his so-called stepfather is gonna be in prison.

We went back to Earth and told everyone about what happened and we put Gozaburo into the Neptune Prison for eternity with a terrible curse: Eternal Life Without Eternal Youth.

Noriko, Seto and Mokuba are gonna have a lot of questions for him.

---

After throwing Rex Raptor and Gozaburo Kaiba in prison for good, Lincoln, Me, Nico, May, Eli, Nicole, Fluttershy, Maria Rockell, and Fii the Phoenix were heading to the forest planet of Vendaxa, and not only is Lincoln going to rescue the eight girls there, but we got word that Lysandre, the Leader of Team Flare has returned from the dead, and he's on Vendaxa and he wants revenge on us for killing him and all of Team Flare.

Lincoln: Wow, we're on the forest planet of Vendaxa. This place is so beautiful.

Fluttershy: You said it, Linky, and the animals here are amazing.

Lincoln: And I think I know what we're going to do here, not only am I going to rescue the eight girls there, but we got word that Lysander, the Leader of Team Flare has returned from the dead, and he's on Vendaxa and he wants revenge on us for killing him and all of Team Flare.

Me: That's right, big guy.

Nico: I can't believe that Lysandre has come back even after all those years that we killed him. Well, at least, we'll finally get rid of him and all of Team Flare for good.

May: That's right, honey. Lysandre's nothing more than a genocidal monster who deserves to die for all his crimes.

?: HELP!

Suddenly, Lincoln heard the sound of eight girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eight girls, but they've been cornered by Lysandre, and he's going to kill them.

Lincoln: Guys, I found the girls, but they've been cornered by Lysandre, and he's going to kill them. Let's get him.

We rushed on over, and Lincoln fired a rainbow energy blast, which caused Lysandre to back away. When he saw us, he was pissed off big time.

Fii the Phoenix: I've had it with this guy to last an eternity.

Suddenly, Fii the Phoenix's green eyes turned neon green, and she was surrounded by a red energy aura with flames and phoenixes and as she approached Lysandre, she left red energy, flames, and phoenixes with every step. Then, Fii the Phoenix was surrounded by a massive vortex of red energy with flames surrounding it, there was a phoenix flying around the vortex, and in the vortex was a green phoenix. Then, as the vortex faded, Fii the Phoenix emerged, but she was changed forever.

There's a green kanji below the phoenix that said, "Fii the Phoenix, Legendary Phoenix of Greek Mythology, Best Friend of Miia and The Monster Girls, Loving Future Wife of James Dean Knudson, Slayer of Evil, and Master of Flames and Phoenixes."

ギリシャ神話のフェニックス伝説のフェニックス、ミアとモンスターの女の子の親友、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、悪の殺し屋、炎とフェニックスのマスター

Fii the Phoenix has transformed into SUPER ANGEL 750,000,000,000 FIRESTORM PHOENIX ANGEL OF LOVE AND JUSTICE!

We were amazed by Fii the Phoenix's Super Angel 750,000,000,000 transformation, and when I saw Fii, I had an atomic red blush on my face. But, when Lysandre saw it, he flew into a demonic rage.

Nico: Whoa, Fii's transformed into a Phoenix Angel of Love and Justice.

Lincoln: That's right, Nico, and her transformation's got J.D. blushing like crazy.

Me: (Babbles) Whoa, Fii, you look beautiful. How do you feel?

Fii the Phoenix: (Divine Echoing Cosmic Voice of The Phoenix and Fiery Love) **I feel incredible, J.D., and now, it's time we got rid of Lysandre for good.**

We unholstered our massive swords from our backs, and we went after Lysandre, and we fired powerful rainbow and colored energy blasts at the Team Flare soldiers who also returned from the dead, and we destroyed them and Super Hakaied them. Then, Fii fired powerful blasts of red and orange energy, flames, and phoenixes at Lysandre, and they exploded and burned him badly. Then, she also scratched him with her talons, drawing blood, and he screamed in pain. Then, Lincoln had plunged his large hand into Lysandre's chest and ripped out his heart, as Lysandre explodes in purple flame and his spirit was Super Hakaied.

Lincoln: (Tosses Lysandre's heart to Nico) Hey, Nico.

Nico catches Lysandre's heart and devours it. Fii powered down and holstered her massive sword on her back, and her new body, clothes, weapons, and jewelry were permanent. Then, I went up to Fii and we kissed. Then, Lincoln and Nicole went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls were Kuro from Kurokami, Eiko Teruya, Junko Hattori, Fujiko Eto, Kanna Kamiyama, Keena Soga, and Mitsuko Tori from Demon King Daimao, and Birdy Cephon Altera from Birdy the Mighty.
